HUGE SMUGGLING CONSPIRACY BARED
SALVAGE JOB ON LIVINGSTONE REWARDED WITH SUCCESS

Local Halibut Boat is Recovered From Thirty-One Fathoms of Water

Difficult Job is Accomplished Under Adverse Conditions On West Coast of Banks Island—Outfit With Tow Due in Port This Afternoon

Successfully culminating a salvage job that was fraught with many difficulties which made the attempt appear for some time to be impossible of accomplishment, the Armour Salvage Co., under the personal direction of Capt. W. P. Armour, yesterday was able to raise the Livingstone II, one of the largest vessels of the Prince Rupert halibut

Train Passengers, Mail, Etc. Are Due About Midnight

A stub train bringing in passengers, express, baggage and mail from Mile 43 (from Prince Rupert) where the line of the Canadian National Railways is blocked by the collapse of a rock tunnel is expected to arrive here about midnight (roughly) or later. The regular train from the east is due to arrive thirty minutes at the point of inference where transfer of the passengers, express, etc., is to be made to the stub train and brought on here. Work of clearing the line is continuing but it will probably be about ten days before normal traffic can be resumed.

New City Gas Tank is Now Being Put In

At the meeting of the city council last night, the utilities committee recommended that all the city trucks be sent to the Union Oil Co. for gas and oil until a new city gasoline tank could be installed and that the chairman of the utilities committee be authorized to purchase a tank if it can be obtained at a price satisfactory to him.

In explanation to the council, Ald. Wesch, chairman of the utilities committee, stated that the present tank was leaking and it was found that lately 140 gallons of gas had been missing within a few days and so the committee had deemed it advisable to take the necessary immediate action. A tank had been purchased at a price of \$30 from the Union Oil Company.

Ald. Casey made a motion, seconded by Ald. Rochester, that Ald. Wesch be complimented on the action that he had taken in probing the matter in the manner that he had.

fleet, from a depth of thirty-one fathoms of water into which she sank over three weeks ago following a stranding on the west coast of Dundas Island, and this afternoon the vessel, lashed to the wrecking scow, is being towed into Prince Rupert on the high tide for repairs. It was one of the most difficult salvage jobs which he had ever encountered, Capt. Armour reports. In addition to the great depth, the vessel was lying on the bottom amid pinnacle rocks which made work on her very difficult. Consistently bad weather also hampered the salvage operations and caused considerable gear to be lost.

The hull of the Livingstone II which belongs to Capt. Tony Martinussen and was uninsured, has not been badly damaged but engine and equipment have, of course, suffered from the long immersion. The vessel is being towed into port by the work boats Jedway and C. N. Capt. Armour returned to port early this morning on the C. N. which immediately went back to Dundas Island to assist in towing the Livingstone II in.

RECEIVER IS DISCUSSED

Council Defers Action in Regard to Commissioner Until Special Meeting Thursday

Various Views

Mayor and Ald. Wesch Unable to See How Council Can Carry on—Ald. Basso-Bert Differs

There was considerable discussion at last night's council meeting on the advisability of a commissionership for the city following the filing in Vancouver of a petition asking the Supreme Court for an order authorizing the appointment of a commissioner for the City of Prince Rupert because of the default in payment of a \$25 interest coupon.

Alderman H. B. Rochester asked the council to give the finance committee time to consider the matter for it had not yet been able to strike a mill rate but expected to be able to do so within the next few days. After considerable discussion Ald. Rochester stated that something had transpired late yesterday afternoon and he would like to have time for the finance committee to look into the matter. In this light, the council expressed willingness to give Ald. Rochester and his committee more time and it was decided that a meeting of the finance committee be held on Wednesday night with a view to reporting to the council at a special meeting to be held on Thursday night.

During the discussion, Ald. Rudderham expressed belief that the bond should be paid meantime. Mayor Stephens favored Ald. Wesch's opinion that immediate action must be taken. He could not see where the council could make ends meet. If the city did strike a mill rate it would be so high that the people would be unable to pay it. The revenue would not be collected due to the high mill rate and the city would be as bad off as ever if a commissioner came in, he would be in a better way to talk to the bondholders.

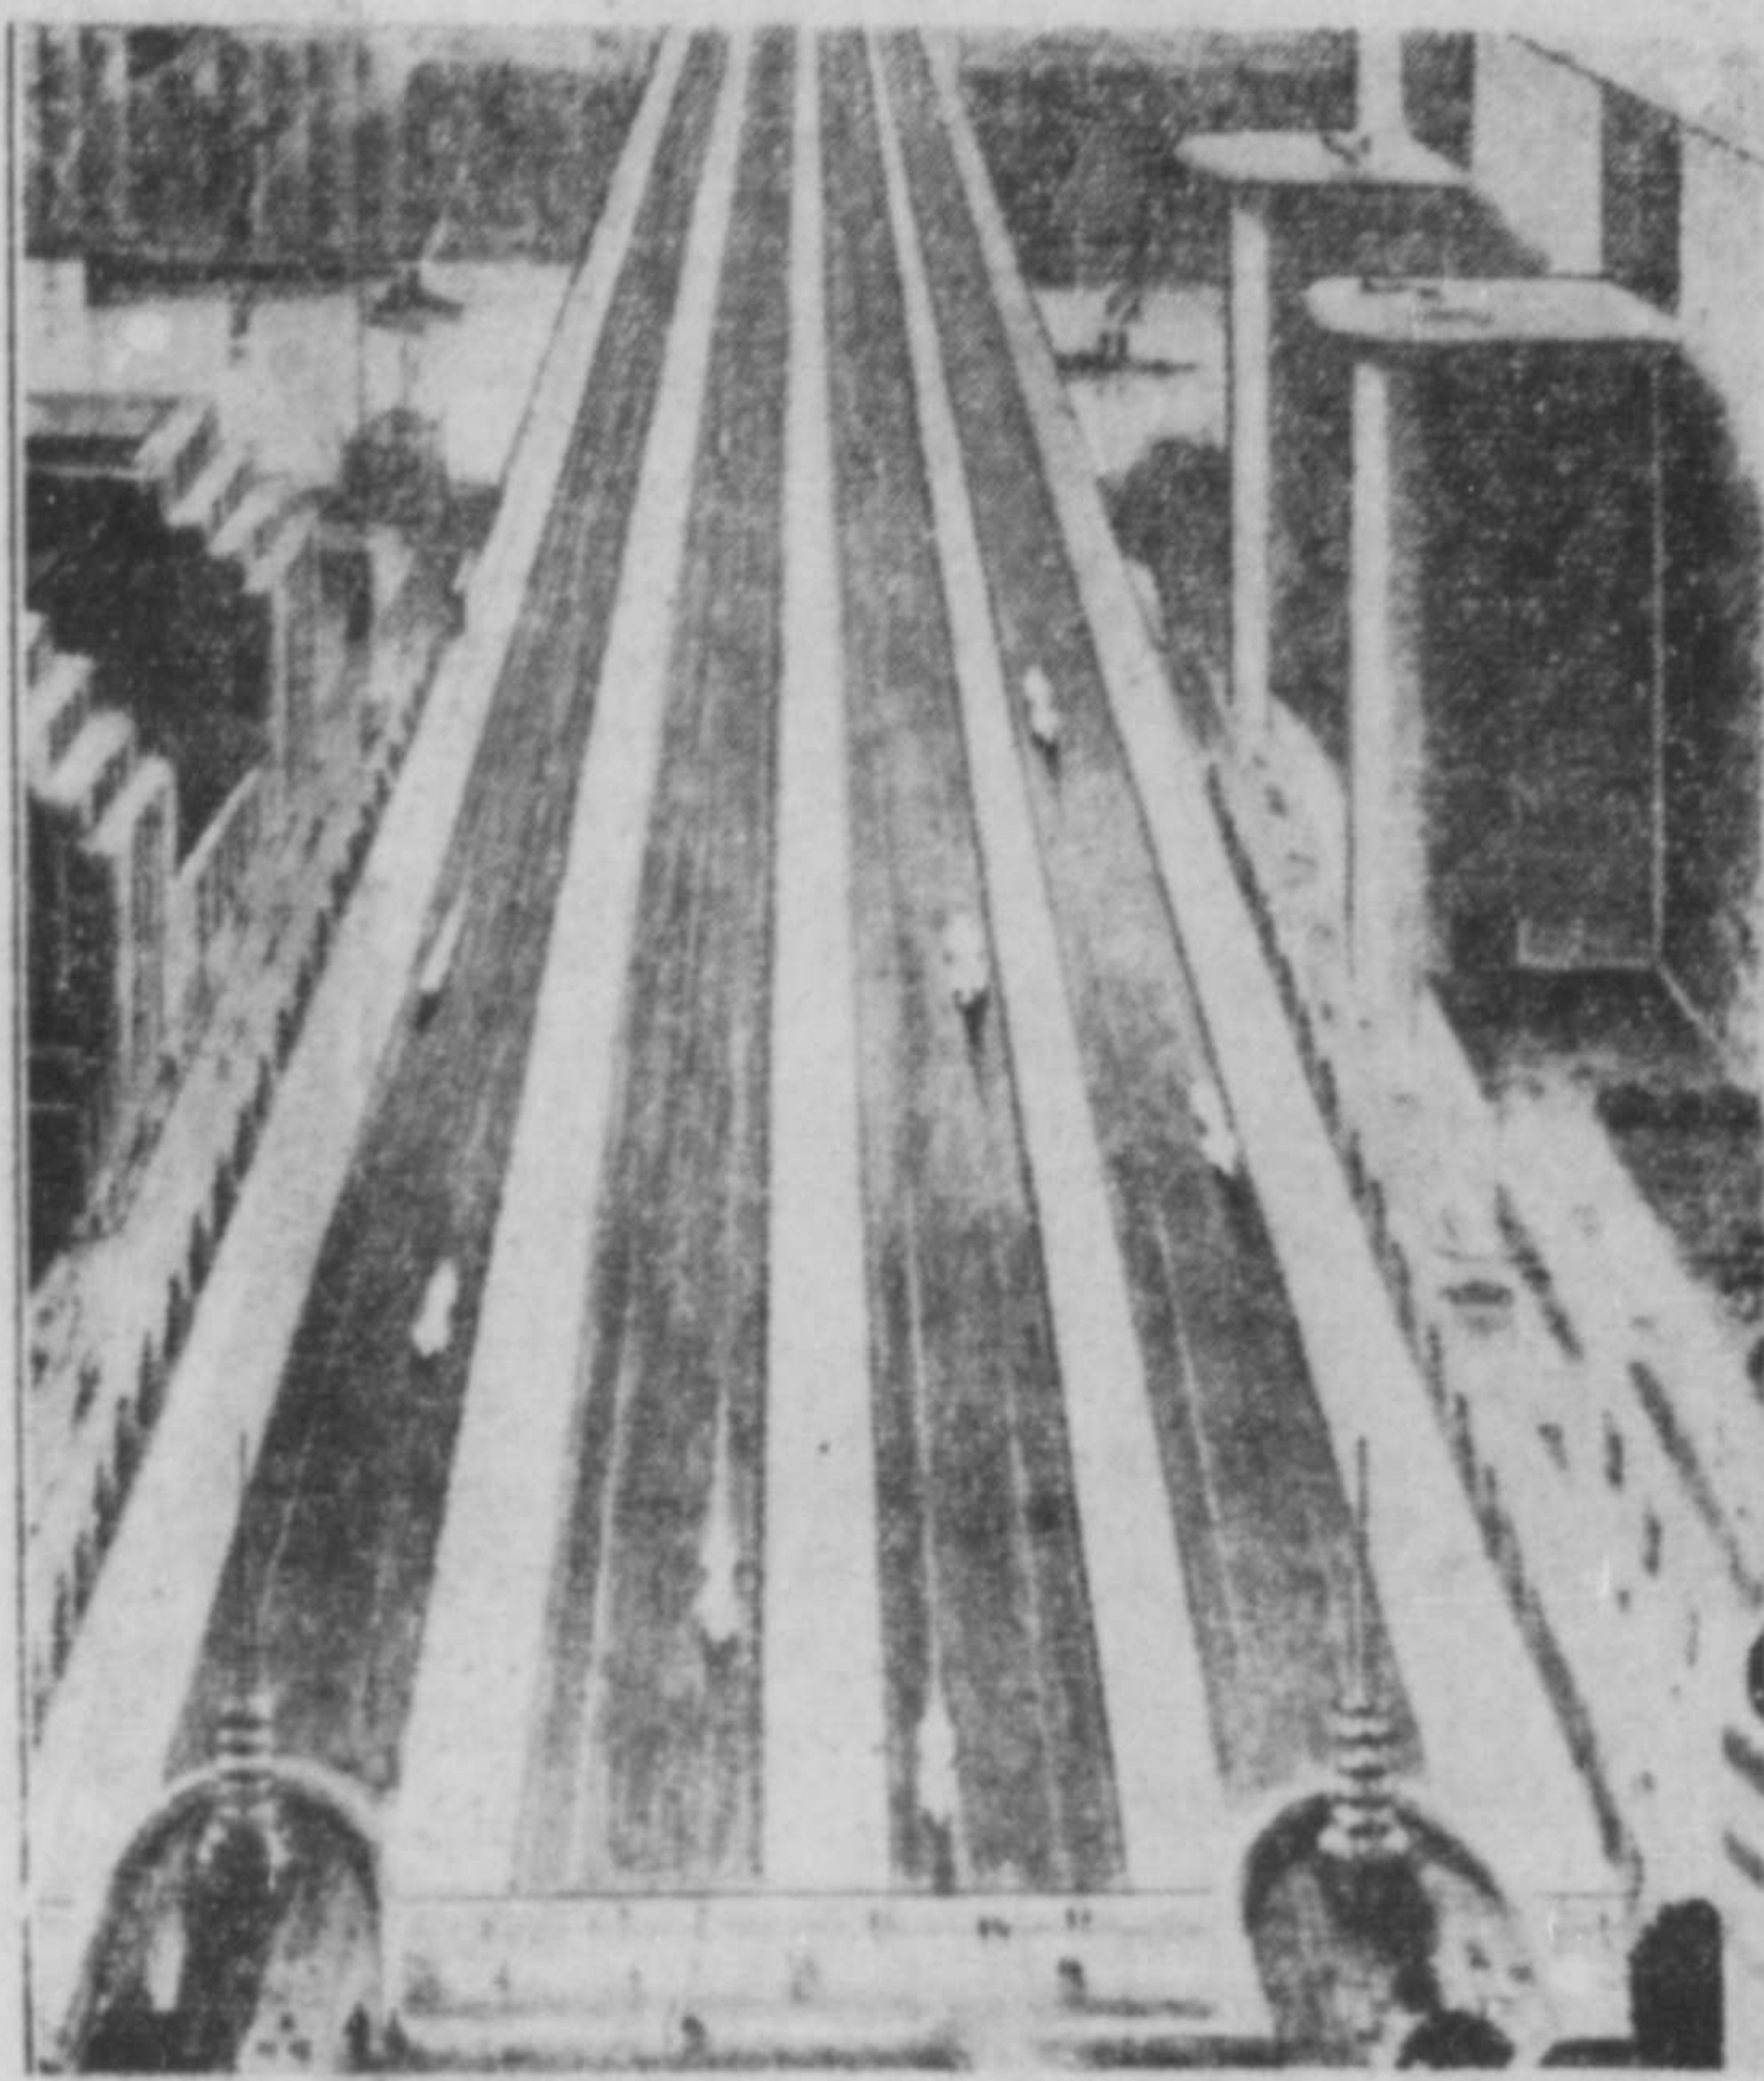

Several others spoke in this regard. Ald. Basso-Bert brought forward a motion to the effect that they fight the said commissionership. As there was Ald. Rochester's motion for delaying till Thursday was before the house this was not considered.

It was unanimously agreed by members of the council when they heard Ald. Rochester's remarks that he had found something that needed looking into and that the finance committee should be given more time to look into the matter and bring it before the council in a special meeting on Thursday night.

SEATTLE BEER SUPPLY IS DECIDEDLY LIMITED

SEATTLE, April 11.—As production throughout the country continues to fall behind the demand for beer following the commencement of sale of the amber fluid on Friday last, supplies of the beverage in Seattle, like many other cities, are decidedly limited. It was stated yesterday that it would probably be thirty days before sufficient quantities of beer would be available to meet all orders.

New Speedway Proposed

If prosperity ever rounds the corner this elevated straightaway between Boston and New York may be built paved with a resilient non-skid asphalt, speeds up to 100 miles an hour will be possible, it is claimed.

DAUNTED WEATHER

Akron Took Off in Spite of Unfavorable Meteorological Reports—Admiral's Body Found

WASHINGTON, D.C., April 11.—At the naval inquiry yesterday into the disaster which overtook the giant United States dirigible Akron last week, it was revealed that the great airship left Lakehurst air station on Monday night in spite of adverse weather forecasts.

Some ten miles distant from the scene of the crash, the body of Admiral William A. Moffett, chief of the naval Bureau of Aeronautics, one of the victims, was recovered from the ocean yesterday. The search for bodies, which has been rewarded with considerable success during the last few days, is continuing.

REPEAL IS APPROVED

Michigan Approves Elimination of Eighteenth Amendment by 99 to One Vote

LANSING, Mich., April 11.—The State of Michigan yesterday approved repeal of the national prohibition law by a vote of 99 to one. This is the first state in the union to formally vote approval of repeal.

ADDING TO PLATFORM

Socialist Party and Unemployed Committees Get Together

Joint committees from the Socialist Party of Canada and the Unemployed Councils and affiliations met last night. The following additions to the platform for the proposed labor candidate for Prince Rupert riding in the forthcoming provincial election will be submitted to the meeting on Wednesday night for approval:

- 1. Candidate must pledge himself to the abolition of the capitalist system.
2. Establishment of clinics where medical and dental attention can be obtained; advice re. child welfare, and other matters now beyond the reach of the mass of the people.

After a lengthy discussion, it was agreed to leave the question to the mass meeting on Wednesday night whether or not the selection of a candidate should be proceeded with as previously arranged or be delayed further in order to give organized labor time to consider the matter at its own meetings.

The action of the unemployed in regard to running a candidate was heartily endorsed by the committee from the Socialist Party and the wish was further expressed that they would be pleased to see representatives from every unit of organized labor at Wednesday night's meeting.

Man Charged With Muleting Customs Department of Half Million Dollars—Bribery of Officials Also Charged In Connection With Prosecution

MONTREAL, April 11: (CP)—A huge smuggling conspiracy with ramifications stretching into France and United States has been uncovered here, Royal Canadian Mounted Police announced yesterday when Harvey Davis, aged 32, appeared in arraignment court charged with muleting the Canadian customs department of \$500,000 in import duties on drugs, bribery of customs officials and entry into the country from Paris of morphine, cocaine, heroin and opium to the amount of thirty thousand ounces valued at \$1,000,000 is involved.

WORKING AS CARPENTERS

Carrying Out of McIntyre Block Repairs Discussed by Council

A letter from the secretary of the Carpenter's and Joiners' Union protesting against the using of relief labor on McIntyre Block repairs when so many of the carpenters by trade needed this work to keep them off relief came up at the City Council meeting last night and was discussed at length.

The meeting was informed by members of the Board of Works that relief men to be used in connection with the renovating of the block were to be paid the standard wage of \$6.80 per day but it would not be on a cash bases for the men would only be working off their relief. If the council hired carpenters that were not on relief they would have to pay them cash. Ald. Black, Rudderham and Casey took the stand with the carpenters that, if these tradesmen did not get some work, they would be soon on relief themselves and be another burden to the city. It was explained to these aldermen that, if the work was not done on the basis of using relief labor, it would not be done at all.

A motion of Ald. Rochester's that the question be referred back to the Board of Works was put before the meeting and carried with Ald. Black, Casey and Rudderham dissenting.

To Look Into Living Costs

Special Committee Appointed by City Council Last Night

Mayor Stephens, at last night's council meeting, denied having made any statement to the effect that the cost of living was lower in Prince Rupert than in Victoria. What he had said, he explained, was that, on prices of some staple articles, it was found that Prince Rupert was 1/2% below Victoria.

Ald. Pillsbury said that he could not possibly believe that this was a fact and that some mistake had been made somewhere.

It was decided by the council that a committee of three be appointed to look into the matter with a delegation from the Unemployed Association. The Mayor appointed Ald. Pillsbury, Casey and Rudderham to act on the said committee.

THE TWO CIVILIZATIONS

There are about 1,900,000,000 people in the world, says a Victoria Times editorial. Of these nearly two-thirds are generally designated as non-Christians, consisting mainly of Taoists, Buddhists, Mohammedans, Animists and Hindus, which means that they are mostly Asiatics. The non-Christian world is growing more rapidly than the Christian world, first, because it comprises the bulk of the world's population, and, secondly, because the Christian world in the last century has presented to the non-Christian world the worst possible advertisement of its attractions and advantages.

The Great War was the product of the Christian world. The rampant imperialism which wages wars for material ends and which exploits backward peoples for material purposes, is a Western, not an Eastern, commonplace. In the last two thousand years most of the suffering and sacrifice which have been demanded by the Moloch of greed and ambition have arisen in that relatively small fringe of humanity which has been designated the Christian world. Saving the military ebullitions of Japan—which developed on a large scale only after it had adopted Western ways—the pagan East generally has kept itself within bounds, and even where it departed from this condition the germs of its departure were born in the capitals of the West.

The chief trouble with the so-called Christian world lies in the fact that it is not Christian, except in name. If it were, it would present a much more respectable comparison with the world which is not Christian. It would be a peaceful world, for the Founder of Christianity preached the gospel of "peace on earth, good-will to men." It would not now be spending five billions a year on the implements of war. It would not have to worry about embargoes on the traffic of lethal weapons for international conflict. It would not be trying to give a moral sanction to tricky, subterfuge and deception in national policy. The League of Nations would be unnecessary. Its charter would be the Sermon on the Mount. In short, it would not be following false gods. If the civilizations of the East and West were left to an impartial jury, what, with the evidence before it, would be its verdict as between the two?

Squadron Leader Shearer of Vancouver Paying Official Visit—On Way to Islands

Squadron Leader A. B. Shearer, officer commanding, Jericho Beach station of the Royal Canadian Air Force at Vancouver, is paying a visit to the city and district on official duties, the exact nature of his mission not being disclosed at this time. He arrived here at 4:25 yesterday afternoon from Vancouver in a Fairchild seaplane piloted by himself, being accompanied by Flight Sergeant Harold Winnie. He will leave today or tomorrow for the Queen Charlotte Islands in another Fairchild seaplane piloted by Flying Officer C. R. Dunlop who arrived this morning at 11 o'clock from Queen Charlotte City where he has been engaged in photographic work for the past ten days.

Squadron Leader Shearer's flight from Vancouver yesterday was made under adverse weather conditions with constant rain and a ceiling that rarely was higher than 200 to 250 feet. A stop was made at Ocean Falls for lunch and the entire flight from Vancouver was accomplished in a little under five hours. The plane hopped off at 12:25 noon today on its return to Vancouver with Flight Sergeant Winnie at the controls.

Both the machine in which Squadron Leader Shearer came north and that of which Flying Officer Dunlop is in charge were here two and a half years ago participating in the search for the late Pilot R. A. Renahan of the Alaska-Washington Airways and his companions. Flying Officer Dunlop having been the pilot of one of the machines at that time.

INDICTMENT OF BISHOP

Rev. James Cannon and Secretary To Go To Trial For Failing to Account For Funds

Opposed Al Smith

Aftermath in Courts of Bitter Fight Waged by Virginia Churchman Against 1928 Democratic Nominee

WASHINGTON, D.C., April 11—Rev. James E. Cannon, jr., Methodist Episcopal Bishop of Virginia, and his secretary, Miss Ada L. Burns, were indicted by a grand jury yesterday on charges of failing to account for campaign funds used in the 1928 campaign in which Bishop Cannon became a national figure through his sensational efforts to defeat Alfred E. Smith, Democratic presidential nominee.

The charges arose out of the disposition of a sum of \$65,300 which Bishop Cannon received from E. C. Jamieson, New York capitalist, to be used against Smith in Virginia in 1928. The Bishop's personal record came under scrutiny because of the fact that he had bought stocks through a New York brokerage house which later became bankrupt. His bitter political foes charged him with "gambling."

Bishop Cannon, who had been accused during the campaign of opposing Smith because he was a Roman Catholic and was dubbed by Senator Carter Glass of Virginia as the "Methodist Pope," became recalled not only from without but from within his church. He contended that his long fight on liquor was the real cause of his opposition to Smith.

Exonerated by Church

Racked with bad health and attacks of neuritis, the Bishop was called before a general conference of his church in 1930 to answer accusations centering about his political activity and stock market dealings. He was exonerated after he had faced the conference and, with tears in his eyes, confessed he had made a mistake in his stock market venture and promised not to do it again.

In addition to this church hearing, he was called to Washington before the Senate lobby committee and questioned about the money he had spent in Virginia. He defied the committee, the questioning continued and his reply was to bubble from the room.

In 1930 Cannon, resenting news articles about personal matters, launched a \$5,000,000 libel suit against William Randolph Hearst, the publisher.

Meantime, the Senate campaign funds committee found that Bishop Cannon's report of campaign expenditures was grossly accounted for only \$17,000 of the \$65,000 sent him by Jamieson. The churchman challenged the authority of the committee.

Miss Burroughs, Cannon's secretary, was drawn into the case when she refused to answer questions of the Senate committee.

The charges against the Bishop of Virginia were kept alive in the courts and had been pressed with renewed vigor since the 1932 election.

BOYS' CLUB HAS FEAST

Kay Hirano and Kazi Nishio Given Cups For Proficiency at St. Peter's Church

The Boys' Club, intermediate and junior classes, of St. Peter's Anglican Church wound up a highly successful winter season's activities with a banquet last night in the church hall which was attended by between forty and fifty boys, a feast being the feature of the festive board.

During the evening, Canon W. F. Rushbrook, who presided, presented cups to the best all-around boys in each class for moral and physical development, general behavior and athletic ability. Kay Hirano, for the second time, won the intermediate cup while Kazi Nishio was awarded the junior trophy after a close competition with Tom Dalzell.

Enthusiasm and fine discipline marked the conduct of the classes during the season and great credit is due Tom Barton, the instructor, for his excellent work among the fine classes of boys ranging in age from eight to fifteen years.

Was Late John Galt Who Died in Victoria on Sunday

The late John Galt, whose death in Victoria on Sunday was announced yesterday, was for almost half a century a leader in the business and financial life of Western Canada. He had resided in Winnipeg for most of his active life as manager of the wholesale grocery firm of G. G. and J. Galt and of the Blue Ribbon Co. Ltd. In addition to being formerly president of the Union Bank of Canada, he was a director of the Canadian Fire Insurance Co. and a member of the advisory board of the Royal Trust Co.

Born in Montreal March 6, 1856, the son of the late Sir Alexander and Lady Galt, deceased, was educated in the Montreal High Schools at Montreal and Lennoxville, Barron's School at Rice Lake, and in Gotha, Germany. He became private secretary to his father in 1876 and joined the service of the Bank of Montreal in 1877, remaining with that bank until 1882 when he came west and established the G. F. and J. Galt business at Winnipeg. Mr. Galt married Elizabeth Atkinson of Chicago in 1885 but she lived only a few years and he was married again to Mabel Patton Henderson in 1890. He is survived by a son and three daughters.

The late Mr. Galt was a member of the Manitoba and Mount Royal Clubs and a Conservative and Anglican.

At a gathering yesterday afternoon in St. Andrew's Anglican Cathedral Hall, plans were formulated whereby Anglican women of this city will do their part in furthering the cause of Restoration of the Loss of Endowments belonging to the Church of England in the ecclesiastical province of Rupert's Land.

It is hoped that by the week of the canvass late this month over 250,000 Anglicans in Canada will, by purchase and wearing of buttons, be enlisted in the army of supporters of the effort which is to be made to restore dollar for dollar the loss sustained.

The following local women will sell buttons: Mrs. R. L. McIntosh, Mrs. J. G. Johns, Mrs. F. McLeod, Mrs. W. C. Aspinall, Mrs. W. J. Greer, Mrs. George Grosvenor, Mrs. F. S. Walton, Miss Beagley, Mrs. A. L. Holby, Mrs. C. W. Homer, Mrs. C. H. Orme, Mrs. W. A. McLean, Mrs. A. T. Parkin, Mrs. H. L. Landry, Mrs. James Farquhar, Mrs. A. G. Rix, Mrs. Ernest Anderson, Mrs. J. Cook, Mrs. Thomas Andrew, Miss E. G. Lenox, Mrs. G. J. Dawes, Mrs. G. Grimson, Mrs. A. E. Parlow, Mrs. F. A. MacCallum, Mrs. E. W. Tucker, Miss Alice Pillsbury and Mrs. J. B. Gibson.

CONDIMENTS IMPORTANT

Authority States Salt and Lemon Juice Used to Advantage in Preparing Fish Dishes

By Mrs. Eveline Spencer)
OTTAWA, April 11: (CP)—Salt and lemon juice are the two greatest miracle workers in the seasoning of fish dishes.

Worcester and anchovy sauce and tomato or mushroom catsup are also good condiments with fish. For a fish salad, finely minced parsley, dill pickle, raw onions and capers, with plenty of lemon juice add flavor and relish and a titillation to one's sense of taste. In the case of a fish entree or sauce, good butter, eggs and cream, of course, add richness.

The line of demarcation between skilled and unskilled cooks often lies in their use of seasoning alone. The unskilled cook may produce a dish very attractive to the eye, either with a nicely browned surface or an artistic garnish, and if it were only a matter of appearance it might pass muster. Food, however, is cooked to be eaten, not as a show object, and I know of no other meat stuff which can be made or marred in the cooking and seasoning as fish can be. Fish prepared without salt in the cooking will be flat and insipid. When it comes to fish salads or entree dishes made from leftover fish, they are made or ruined by the seasoning alone.

But there is no royal road to right seasoning. It takes experience and judgment to get the right amount—no more, no less. If the dish is a mixture like a salad or an entree, the seasonings must be carefully added and blended with frequent tastings. Every skilled cook tastes until judgment declares the flavor to be just right. To add further condiments at this point is simply to ruin the dish.

On recommendation of the finance committee, the city council last night appointed George L. Rorie auditor for the year at a salary of \$750 per year.

Seasoned Box-ends, \$4.00 per load, Albert & McCaffery, U.

Frank Condel was fined \$5 this morning in the city police court for driving without a chauffeur's license.

Mr. and Mrs. A. J. Webber are removing residence from McBride Street to one of the Johns' houses on Sixth Avenue East.

At the meeting of the city council last night reports from the fire chief and city hall janitor for March were read and ordered filed.

Mr. and Mrs. E. W. Tucker have removed residence to the house in Westview formerly occupied by Mrs. Dan Murray who have moved to Calgary.

The fire department had a call yesterday morning at 11:30 to the home of W. E. Williscroft, 604 Thompson Street, where sparks from the chimney had burned a hole in the roof. There was about \$10 damage.

Mr. and Mrs. Reg Kelsey have moved residence to the house on Fifth Avenue East formerly occupied by Constable and Mrs. G. S. Blaney, who have left for Anyox. Mr. and Mrs. R. G. Macaulay are taking the house vacated by Mr. and Mrs. Kelsey.

Mayor Stephens, at the city council meeting last night, reported that he had taken the "best" of sending telegrams in connection with the steamer Prince Rupert being taken south for repairs and that he would like the council to pass a motion that the bills in connection with same be paid on presentation. A motion was to that effect put to the council and passed.

Letters were read at the city council meeting last night from Reiko McLennan and Dr. R. G. Large in connection with the refusal of the relief committee to grant Mr. and Mrs. Florin relief for a child they had recently adopted. According to the letters it was doctor's orders that the child was adopted. It was the opinion of some members of the council that if relief was to be granted to these people for the child, they would be falling away from the principles of the relief committee. On motion of A.C. Basso-Bert it was decided to refer the matter back to the committee.

When you're HEALTHY you're HAPPY

HAPPY days are usually healthy days. Why not add to these sunny days!

Poor health and constipation go hand in hand. Get rid of common constipation by eating a delicious cereal.

Tests show that Kellogg's ALL-BRAN provides "bulk" to exercise the intestines, and vitamin B to tone the intestinal tract. ALL-BRAN is also twice as rich in iron as an equal weight of beef liver.

The "bulk" in ALL-BRAN is much like that in leafy vegetables. How much better than taking pills and drugs—so often harmful.

Two tablespoonfuls daily are usually sufficient. If not relieved this way, see your doctor.

At all grocers. In the red-and-green package. Made by Kellogg in London, Ont.

Dr. Wood's After Whooping Cough Cough Hung On

Mrs. T. Upper, Willard Ave., Toronto, Ont., writes:—"Two years ago my children had whooping cough, and after that a nasty cough seemed to hang on which worried me very much. I read about Dr. Wood's Norway Pine Syrup, and thought I would give it a trial. I found that after giving it to them for a while their cough left them entirely."

Price 35c a bottle; large family size 65c; at all drug and general stores; put up only by The T. Milburn Co., Ltd., Toronto, Ont.

TERRACE

Ranger G. S. Cooper in reconditioning the telephone communications between Lakelse and town. This work is connection with protection from forest fires.

Mr. and Mrs. Henry Halliwell, who have been south for most of the winter, are back at their ranch on the bench again.

Joe Cook, who has been at his home in Prince Rupert since the beginning of the year, has returned to his ranch in Lakelse Valley.

Louis Martin, local hotel proprietor, returned home recently from Prince Rupert after undergoing an operation. He is now feeling much better.

A number of inquiries have come in recently from prospective

settlers. A full supply of information has been sent forward in each case and it is quite possible that in the near future, the farming community of the districts will be considerably augmented.

NEW HAZELTON

Angus McLean, the new general foreman of the public works department, was a visitor here during the past week. He made the trip from Smithers by car and had a look over the various places in need of repair work.

Mrs. Love has gone to Prince Rupert after having spent some time in Hazelton with her sister, Miss Lois Anderson.

Mr. and Mrs. Robert Hunter have arrived in Hazelton from Prince Rupert to spend a month's vacation. They are the guests of

Mr. and Mrs. Ed. Sweet at Two Mile. Mr. Hunter will be engaged in relieving bank managers of the Royal Bank of Canada during the spring and summer months.

Relief work started again last week on the cut-off a mile or two west of Mud Creek Hill into New Hazelton. It is hoped that the right-of-way will be finally cleaned out this year ready for road building some time in the near future.

There was road trouble near Phorphyery Creek last Tuesday and a number of men were taken out to do some work on it.

PRINCE GEORGE

T. Van Dyk of the provincial game service is receiving the congratulations of his many friends upon his promotion from the rank of sergeant to that of inspector.

At the annual meeting of the local tennis club, H. V. Littler was elected president, Miss Pearl McInnis vice-president, and Ernest

Hesse, secretary-treasurer. It was decided to reduce the membership fees to \$4.00 for gentlemen and \$3.00 for ladies.

Rev. E. Reader has been appointed to assist Rev. S. Pollinger in the Upper Anglican Fraser Mission and commenced his ministry at McBride recently.

W. A. Walker, deputy fire marshal for the province, has found that the fire which did considerable damage to the Prince George court house on March 26, was of incendiary origin, that the fire did not originate in the store room used by the officials of the district forest branch but was deliberately set by some person or persons unknown.

SMITHERS

Mrs. C. Sacre and daughter of Kamloops are visiting Mrs. Sacre's parents, Mr. and Mrs. R. E. Evans.

On the occasion of his first visit to Smithers since his elevation to the bench, Judge W. E. Fisher of Prince Rupert received the congratulatory

tulations of the bar in this district on his promotion. L. S. McGill spoke in court in this connection on Tuesday.

Members of the Smithers Curling Club spent an enjoyable evening in the Canadian Legion Club rooms to present the trophies won during the past season. Presentations were made by Ald. J. McKenzie as president of the Curling Club. There was a representation there of about twenty to see the awards made.

At the Chamber of Commerce meeting held last week there was a long discussion on the financial status of the Chamber and it has been decided to approach all the Smithers citizens to secure support in the valuable work being carried on. It was reported that the tie contracts had been completed and some inspected.

Smithers basketball teams, both High School girls and boys, won decisive victories over their Telkwa opponents in a series of games played here lately.

BURNS LAKE

Spinning wheels are getting to be all the vogue in this district. Jack Stayner of Francois Lake, who, a few weeks ago, launched into the local manufacture of spinning wheels, has been getting many enquiries for them. Now his son, Jasper, has completed a working model, measuring fifteen and one-half inches high at the wheel and eighteen and one-half inches in length. It is complete in every detail and can be used to spin first-class yarn from native wool.

Joe Johnson has returned to his home from Winnipeg. While in Winnipeg, Mr. Johnson underwent a major operation and he is now very much improved in health.

Miss E. Haines, R. N., superintendent of the Burns Lake hospital, is back on duty after a month's vacation.

Douglas Lay, resident mining engineer for the northeastern mining survey district, gave four lectures on placer and lode gold production at largely attended meetings held here lately.
