GERMANY WARDS OFF AIR ATTACKS GREAT LAKE SHIPPING SERIOUSLY HIT BY OTTAWA ORDER

Special Steps Taken To Protect Country From Aerial Assault

All Moneys Expended by Private Individuals or Firms For This Purpose Can be Deducted 100 Percent From Income Tax Under Degree

BERLIN, Oct. 19: (CP)—An unusual decree by Finance Minister von Schwerin Krosick indicated today that Germany was preparing in earnest to ward off any attacks from the air. All money expended by private individuals or firms for advancing Germany's protection from air attacks can under the decree be deducted one hundred percent from income in making income and corporation tax returns. The Treaty of Versailles forbids Germany from maintaining military planes.

Mount Oldfield Project Officially
Gazetted—Committee in
Session

The Mount Oldfield trail committee representing the Prince Rupert Chamber of Commerce and the Rotary and Gyro Clubs was in session in the city council chamber last night with Dr. L. W. Kergin in the chair and City Commissioner W. J. Alder and J. C. Brady, district engineer for the provincial department of public works, also in attendance.

The meeting was notified that the project had been officially gazetted as a public highway sixty-six feet in width. It is hoped that an early start may be made on actual construction so that the trail may be in use at as early a date as possible.

RADIO LICENCE IS UPSET BY LOW COURT

WINDSOR, Ont., Oct. 19: (CP)—For the second time Archie F. Gignac, solicitor of West Sandwich, was acquitted in police court here on a charge of operating a radio without a licence in his home. The decision will likely be appealed. If sustained, it would release everyone from paying radio licences.

CAMPAIGN ECHOES

THE C. C. F. AUTOCRACY

The last paragraph of the "Province" report of the recent convention of the C. C. F. party held in Victoria, reads as follows:

"The principle of preventing the provincial executive from falling into the hands of elected representatives of the party, was approved." (Vancouver Province, Oct. 2nd, page 13).

Have you ever stopped to think just what is contained in this apparently harmless plank of the C. C. F. platform. What does it mean? Simply this. The C. C. F. is to be a copy of the Russian system with a self-appointed junta at its head, known in British Columbia as the mysterious Council of Nine.

This self-favored and self-appointed junta of nine is known as the provincial executive and it, as in Russia, is to have supreme power and would rule B. C. if the Socialists were to win the election. As the resolution says, it is not "to fall into the hands of the elected representatives." Mr. Rudderham had to secure permission from this junta before he was allowed to run as the C. C. F. candidate in this riding.

This is socialism in action; the most undemocratic system in the world today.

It behooves the electors therefore to know something of this mysterious council composed of nine men in the south of the province, who, in case of the Socialists winning, would be our dictators and hold supreme power.

Who are these men? Where do they live? What is their record? What their character?

If our candidate has to bow the knee to them before he can run, just what limitation will they place upon him if he were, by any chance, elected?

Should not this give us pause and like Hamlet "Have us rather bear those ills we have, than fly to others that we know not of?"

Had Almost Given Up Ambition at
Singapore But Made Rapid
Time on Final Lap

DERBY, West Australia, Oct. 19: (CP)—For the second time within a fortnight the London-Australia air flight record was bettered with the arrival here this afternoon of Flight Lieutenant Charles Uim and three companions, breaking the recent record of Sir Charles Kingsford-Smith.

Uim left England late on the night of October 12 and beat Kingsford-Smith's time of seven days and four and three-quarter hours by eleven hours.

Singapore to Sourabaya SINGAPORE, Straits Settlements, Oct. 19: (CP)—Flight Lieutenant Charles Uim took off last night for Sourabaya, Java, in continuation of his flight from England to Australia, almost giving up hope of being able to beat the record set last week by Sir Charles Kingsford-Smith.

Improvement in Grain Prices is Seen by Minister

OSLO, Norway, Oct. 19: (CP)—The Labor Party made large gains over Conservatives, Liberals and Agrarians in the Norwegian national elections which were held on Tuesday. The latest standing of parties as a result of the voting is as follows:
Labor, 69.
Conservatives, 31.
Liberals, 34.
Agrarians, 22.

LINDBERGH KIDNAPPING

Interest of Authorities on Other
Side is Revived in Twenty-
Month Old Case

WASHINGTON, D.C., Oct. 19: (CP)—Recent success in rounding up kidnapers throughout the country has prompted the Department of Justice to undertake a fuller co-ordinated investigation of the twenty-month old kidnaping of Charles Augustus Lindbergh Jr., infant son of Col. and Mrs. Charles A. Lindbergh.

Vancouver Wheat

VANCOUVER, Oct. 19: (CP)—Wheat was quoted at 55½¢ on the local exchange yesterday and dropped to 54½¢ today.

Threats Spur Kidnapping Trial

Undaunted by the receipt of death threats by principals at the hearing, the federal government is driving straight ahead with the prosecution of 12 persons charged with the kidnaping of Charles F. Urschel (3), millionaire Oklahoma oil operator, at Oklahoma City. The threats, supposedly sent by George (Machine Gun) Kelly (2), fugitive gangster who has received a life sentence, have been received by Urschel and District Attorney Herbert K. Hyde (4), Special Assistant Attorney General Joseph B. Keenan (1), who is attending the trial in the interests of the government, admitted he had been mentioned in one of the threat letters. The trial is being held under heavy guard in the pretentious federal building shown (5).

Graf Zeppelin on Flight From Rio
De Janeiro to World's
Fair City

RIO DE JANEIRO, Oct. 19: (CP)—The giant German dirigible Graf Zeppelin arrived here this morning from Germany and within half an hour departed for Chicago with 17 passengers bound for the World's Fair.

In connection with the opening of the new talking entertainment season here, the main entrance and foyer of the Capitol Theatre here have been specially and attractively decorated, considerable favorable comment having been heard in regard thereto. Colored streamers and pennants are the principal motif of the decorations.

Reduction Is Ordered In Draft of Vessels Plying St. Lawrence

Recent Steady Drop Throughout Watershed is Reason
For Action—Commission of Engineers May
Investigate Situation

MONTREAL, Oct. 19: (CP)—Craft drawing more than thirteen feet, three inches cannot be handled in various canal systems between Montreal and the St. Lawrence at and above Prescott, Ont., states an announcement made here by the Department of Marine. The ruling clips three inches from the permissible draft of vessels in St. Lawrence canals following a recent steady drop throughout the St. Lawrence watershed. Lake steamship traffic will, as a result, be seriously affected. The situation in the harbor of Montreal and the river as far as Quebec is similar to that of the canal system.

The Marine Department at Ottawa has recommended that the Dominion government appoint a commission of engineers to investigate the situation.

PIONEER OF ISLES DIES

Albert James Wilds Passed Away
Last Evening in Local Hospital.
At Age of Sixty-Five

One of the best known pioneer citizens of the Queen Charlotte Islands was removed in the passing at 6 o'clock last night in the Prince Rupert General Hospital of Albert James Wilds of Queen Charlotte City and formerly of Jedway. Having been in failing health for the past year or so, Mr. Wilds arrived in the city two weeks ago from the Islands and, after having suffered a stroke, was admitted to the hospital a week ago Monday. His condition gradually became worse and it was evident for the last few days that death was not far removed.

The late Mr. Wilds had resided on the Queen Charlotte Islands for twenty-five years. For twenty years he was at Jedway and during the last five years or so at Queen Charlotte City.

Deceased, who was a prospector, was born in Ontario and came west to Vancouver some thirty-five or forty years ago. He had followed mining in the Okanagan and Kootenay districts before coming north.

Predeceased by his wife many years ago, Mr. Wilds had had no immediate relatives since the death of his sister, Mrs. Ike Thompson, a well known pioneer Queen Charlotte Island woman, about a year ago.

Arrangements for the funeral, which will take place Saturday afternoon, are in the hands of the B. C. Undertakers.

JUST THE DIFFERENCE

A number of residents of the Prince Rupert riding have been somewhat puzzled as to how they should vote. Formerly they had supported a Conservative, preferring the Conservative policy rather than that of the Liberals. But as there is no Conservative candidate they feel at a loss just what to do.

To these people it is desirable to point out that Pattullo, if elected, will make an honest effort to bring about a better condition for labor and industry by putting the idle men to work at reasonable wages as soon as possible after he is elected. He will follow out the Liberal policy as laid down at the Vancouver convention. He speaks with authority because he is the head of a strong party that is likely to be returned to power.

Rudderham is in a different position. Anything he says is simply his own opinion and he has to be guided by his leaders, if he should be elected. He has no authority to commit himself to anything except the platform of his party. His party stands for the taking over of all banks and financial institutions and industries and operating them by the state. Private property is to be virtually abolished, the state becoming the owners of everything. If carried out it means revolution but, in order to evade the law, it is sugar coated with the words "by constitutional means."

Should by any possible chance the C. C. F. party be returned to power it would mean the immediate formation of a Fascist party in opposition to them and the province would be embroiled in a conflict which would not end until a dictatorship was established supported by armed force. That has been the outcome in Russia, Italy and Germany and there is no reason to believe it would be any different in Canada.

To avoid the possibility of a condition which every person would deplore it is far better to vote for the only party that can possibly bring about orderly sane government in British Columbia and Pattullo is the leader of that party.

CAMPS ARE DISCUSSED

Unemployed Council in Weekly Session Last Night

The meeting of the Unemployed Councils held last night in the "Dugout" of the Exchange Building was well attended. Practically the only business was a discussion of the action of the government in cutting some 100 unemployed off relief within the last ten days and ordering them to the camp at Pender Harbor, near Vancouver. First-hand information as to the nature of these camps was furnished by several speakers. The work at Pender Harbor, it was alleged, far from being a public utility, was in reality the improvement of private property held by speculators. The camp was administered, it was declared, by ex-army officers. More than once the inmates had walked out en masse on account of the conditions prevailing.

After lively and heated argument the decision of the meeting was that those who have been cut off relief demand reinstatement on relief and refuse to leave the court house building until satisfied. The general contention was that jail was preferable to existence working eight hours a day for twenty cents.

Aircraft Used to Enable Northern People to Vote

VICTORIA, Oct. 19.—Modern aviation is aiding P. D. Walker, deputy provincial secretary, in the big problem of getting ballots and other election papers into the vast and sparsely populated region of the province lying north of the Canadian National Railways and south of the Yukon border. Atlin, Skeena, Omineca, Fort George and Peace River are the ridings in which aircraft may have to be used in transportation of documents which formerly had to be taken by pack horse in the summer and dog team in the winter. Few British Columbians, even in those vast fastnesses of the north, will be deprived of the franchise this election even though the season is getting late.

IMPROVE SOUPS AND SAUCES this delicious way..

What is more appetizing than a rich, creamy, hot soup? Indeed, quite often soup is a "meal in itself" when prepared with Nestlé's Evaporated Milk for doubly concentrated richness and nourishment. Soups prepared with Nestlé's Evaporated Milk are superior in "creaminess," finer in flavour, richer in color and less in cost than those made with any other form of milk. All these advantages are greatly to be desired in the preparation of both soups and sauces—and when convenience is added to these, you will want to try the recipe for Potato-Spinach Soup, given below—a meal in itself.

Potato Spinach Soup

1/2 cup butter, or lard or chicken fat
1 1/2 cup chopped onion 1 quart water
1 quart diced potatoes 1 1/2 teaspoons salt
1 quart chopped raw spinach (1 1/2 lbs.)
2 cups Nestlé's Evaporated Milk
Pepper, to desired

Cook onion slowly in the fat until yellow. Add water, potatoes, spinach and seasonings. Cook slowly until potatoes are tender. Add Nestlé's Evaporated Milk and heat thoroughly before serving. Yield: 6 to 8 servings.

Capitalists From East to Inspect Mining Interests

VANCOUVER, Oct. 19.—Percy Rockefeller, official of the Standard Oil Co.; Gene Turney, retired world's heavyweight boxing champion, Carl Conway, head of the Continental Can Co., and Ben Smith, millionaire New York mining man, arrived in Vancouver last week and, in a Boeing totem flying boat piloted by W. S. Holland, will make a tour of mining interests in British Columbia. It is understood they may visit Prince Rupert district but whether or not they will actually go to that city is not known.

Twenty Years Ago

October 19, 1913

Liquor was responsible for the recent tragedy at Kimsquit, an Indian fishing village on Dean Channel, where four Indians were shot dead by another member of the tribe in a drunken fury. It is announced by the provincial police following investigation of the affair.

Following authorization of the service by the Board of Railway Commissioners, freight and passenger trains will probably start running between Prince Rupert and Smithers very soon. It is announced by General Superintendent W. C. C. Mehan.

IT'S WONDERFUL HOW BUCKLEY'S CAN FIX A COLD SO QUICKLY

That's what surprises everybody who takes BUCKLEY'S for the first time. Accustomed to ordinary cough remedies they don't expect any benefit for several days, and often don't get relief then, and are astounded to find that the very first dose of BUCKLEY'S MIXTURE gives unmistakable relief. Take Miss Mary Rysary, Glenside, Sask., for instance—She writes: "Last Winter I caught a very severe cold. I tried several remedies without deriving any benefit. At a friend's suggestion I tried BUCKLEY'S MIXTURE. It is wonderful how it can help a cold so quickly." Whether your cold is merely in the sneezing, sniffing stage, or away deep down, Buckley's will bring you prompt, sure, safe relief. It acts like a flash—A single sip proves it.

DIPLOMAS PRESENTED

T. W. Brown Speaker at Meeting of Parent Teachers' Association

There was a very large attendance of members, friends, and pupils of the schools at the regular monthly meeting of the Prince Rupert Parent-Teachers' Association which was held last evening in the Booth Memorial School. The occasion was the annual presentation of High School entrance diplomas to the graduating classes of the Borden St. and Booth Memorial Schools. Mrs. H. B. Eastman presided and T. W. Brown presented the diplomas and the Governor-General's medal.

Prior to the presentation, Mr. Brown spoke briefly on the duty of the state towards education. While the state had a moral duty to perform, as far as it was able, a complete primary and secondary education to all who are capable of profiting by it yet it must be remembered the state has other important duties to perform. The state must pay its just debts. It must perform its humanitarian duty to the poor and the aged and the infirm. The duty of administering the government of the country must likewise be performed. It was the duty of Parent-Teachers' Associations and other organizations interested in the welfare of the youth to use all fair means to keep educational facilities up to the level of recent years but they must keep in mind at the same time that the state had also these other important functions to maintain.

Mr. Brown then addressed the young graduates, and told them of the importance of their new studies in acquiring new concepts. He emphasized the importance of general principles and advised the students to develop an inquiring mind. When they heard facts and opinions of facts they should learn to form their own opinions.

In presenting the Governor-General's medal to Miss Marcelle Jabour, who received the highest marks in this inspectorate at her recent High School entrance examinations, Mr. Brown remarked that the honor of winning this medal was all the greater because this inspectorate was the largest in the province and always had many bright and keen pupils. It was a coincidence that seven years ago he also had been presented with the Governor-General's medal, but he did not believe that he had to face such keen competition as Miss Jabour.

The diplomas were then presented, each pupil receiving words of congratulation from Mr. Brown.

During the evening there was a brief musical program. Mrs. C. E. Collin, accompanied by Mrs. Robert Bartlett, sang two solos and Miss Norma Archie, a talented young pianist, rendered a piano-forte solo. Heartily votes of thanks were accorded the speaker and those contributing to the musical program.

The meeting closed by the singing of the National Anthem.

How Acid Stomach Makes Itself Known to You

HERE ARE THE SIGNS:
Nervousness
Neuralgia
Indigestion
Loss of Appetite
Nausea
Frequent Headaches
Feeling of Weakness
Sleeplessness
Mouth Acidity
Sour Stomach
Auto-intoxication

WHAT TO DO FOR IT:

TAKE—2 teaspoonfuls of Phillips' Milk of Magnesia in a glass of water every morning when you get up. Take another teaspoonful 30 minutes after eating. And another before you go to bed.
OR—Take the new Phillips' Milk of Magnesia Tablets—one tablet to each teaspoonful as directed above.

If you have Acid Stomach, don't worry about it. Follow the simple directions given above. This small dosage of Phillips' Milk of Magnesia acts at once to neutralize the acids that cause headache, stomach pain and other distress. Try it. You'll feel like a new person.
But—be careful you get REAL milk of magnesia when you buy—genuine PHILLIPS' Milk of Magnesia. See that the name "PHILLIPS'" is on the label.

ALSO IN TABLET FORM
Each tiny tablet is the equivalent of a teaspoonful of Genuine Phillips' Milk of Magnesia.

"Honest John Oliver," which appeared some time ago in serial form in the Vancouver Sun, has now made its appearance as a book and, undoubtedly, will be popular with persons interested in current history of the province, political matters and biographical works. The author is James Morton, an old personal friend of the former Premier of British Columbia, and the publishers J. M. Dent & Sons of London, Toronto and Vancouver.

Meeting of St. Andrew's Society tonight at Carpenter's Hall, 8 p.m. Members requested to attend.

U. Suga and Mrs. Sadao Suga, with the latter's child, sailed Tuesday afternoon on the Ohtala for Vancouver whence they will proceed on a trip to Japan.

Mrs. George Little of Terrace will arrive in the city on tonight's train from the interior and sail on the steamer Prince George for a trip to Vancouver and elsewhere in the south.

W. A. Hogg, secretary of the local unemployed councils, has returned to the city after having spent the past few weeks in the interior. He was as far up the line as Savory.

For theft of lumber at Cow Bay belonging to Eddie Clapp, John Anderson was sentenced to one month's imprisonment by Magistrate McClymont in city police court yesterday. He pleaded guilty to the charge.

Mr. and Mrs. George Cripps returned to the city on the Prince George yesterday from a trip to the Ocean Falls and Bella Coola district. Mr. Cripps having been down the coast on business in connection with his duties as provincial assessor.

Charles C. Starr, Nelson consulting mining engineer, who has been on a trip to the Queen Charlotte Islands to make an inspection of the Prince Rupert group of claims at Kootenay Harbor with a view to advising the Hydah Gold Mines Ltd. as to the type and size of mill which should be installed on that property for treatment of its gold ore, arrived in the city on the Prince John yesterday morning from the islands and will sail tonight by the Prince George for Vancouver enroute back to the southern interior.

American Flyer Makes Flight in Cobham's Australian Plane

CROYDON, England, October 19:—Col. Charles A. Lindbergh, paid a surprise visit to the airfield here and made a test flight in the plane which Sir Allan Cobham plans using for a flight to Australia.

Col. and Mrs. Lindbergh are in London on their way back to the United States after a transatlantic flight.

Logging Camps on Queen Charlotte Islands Closing

A rather heavy passenger list brought here yesterday morning from the Queen Charlotte Islands by the steamer Prince John consisted largely of loggers from the camps of the T. A. Kelley Logging Co. at Selwyn Inlet and the A. P. Allison Co. at Queen Charlotte City which have just closed down for the winter. The camp of the J. R. Morgan Logging Co. at Crescent Inlet will continue in operation until Christmas. Mr. Morgan also came over from the Islands on the John and will return there tomorrow morning aboard the forestry boat Lillian D.

Happy Card Party Held by Pioneers

Jolly Crowd at Function Last Night in Oddfellows' Hall—Genial Spirit Pervaded

Pioneers of the city foregathered in goodly number and with their usual spirit of genial camaraderie last night in the Oddfellows' Hall where a very enjoyable bridge and whist party was held after which delicious refreshments were served and an hour or so of old time dancing followed.

Prize winners were W. A. McLean and Joe Rowatt at bridge and Mrs. C. Jensen and F. W. Wesch at whist. J. E. Jack, president of the association, was master of ceremonies. The committee in charge of the serving of refreshments consisted of Mrs. J. E. Jack, Mrs. J. G. Viercock, Mrs. H. B. Eastman, Mrs. S. V. Cox and Mrs. P. W. Anderson.

For the dancing excellent music was furnished by Mrs. J. S. Black. Eddie Hudson presided at the door.

FIGURES IN SPORT

EDWARD R. BRADLEY, SPORTSMAN

Col. Edward Riley Bradley, who made a fortune in real estate and investments as well as from an elaborate casino at Palm Beach, Fla., during recent years has concentrated on his hobby of horse racing until his horses have won almost every major stake in America. After the death of Harry Payne Whitney and since his horses have begun winning the Kentucky Derby, most prized racing stake of the United States, with regularity, he has been called the "nation's premier turfman." His famed Idle Hour farm near Lexington, Ky., is considered a model horse breeding establishment. He is also interested in race tracks in other parts of the United States.

Respected by rival turfmen for his ability to develop race horses which are dangerous in any class of competition, Col. Bradley is most revered in the blue grass section of Kentucky for his numerous philanthropies.

Col. Cooper was the first owner to send four winners to the post in

the Kentucky Derby—Behave Yourself in 1912, in which year another of his horses, Black Servant, ran second; Bubbling Over in 1926 when Bagenbaggage, another Cooper horse, again came second; Burgoon King in 1932, and Broker's Tip this year. Blue Larkspur proved to be Bradley's best money-winning horse, cleaning up \$272,000 during his racing career, although he was able to finish only fourth in the 1929 Derby.

Bradley was born at Johnstown, Pa., December 12, 1859, of poor parents and worked in steel mills until he heard the call of the west and went to Texas with only a few dollars in his pockets. In Texas he worked as gold miner, cowboy and Indian scout and, eventually, with a sizeable roll in his pocket, went to Chicago where he made a fortune in the real estate and hotel business. Later he established the Beach Club casino at Palm Beach and of recent years has devoted himself almost entirely to the horse breeding and racing hobby.

SPORT CHAT

J. H. Horton and Fred Rogers were winners in the season's horse-shoe pitching competition of the Canadian National Recreation Association here. F. M. Davis and James Simpson won second place honors after a play-off with G. Coverdale and Charles Harradine and Pete Peterson and J. H. Mair. There were seven teams in competition, Nicholls and Gammon finishing fifth, Brass and Jurmain sixth and Long and Teng seventh.

Everything they do in Hollywood may not be "cricket," but the movie centre boasts one of America's finest cricket clubs. Those interested in the game include Ronald Colman, George Arliss, Philip Merivale, P. G. Wodehouse, David Torrence, Boris Karloff, Pat Somerset, C. Aubrey Smith, Claude King and Murray Kennell. Smith and Somerset are probably the best players in the film colony. Somerset, once a soccer internationalist in England, often scores a century in the local matches.

The Saskatchewan government was supplied with 100,000 caragana seedlings by the Dominion Forest Station at Sutherland last year.

BAZAAR IS BEING HELD

Annual Affair by Catholic Ladies This Afternoon—Fine Weather And Pretty Decorations

The annual Catholic bazaar is being held this afternoon at the school hall and, with bright, sunny weather to favor it, the affair gives promise of being a complete success. The hall has been tastefully decorated for the occasion under the direction of Charlie Balagno with evergreens and other seasonal adornments and is the city's social centre for the afternoon. The official opening was conducted by the parish priest, Rev. Father J. Byrne Grant O.M.I.

Mrs. M. P. McCaffery is general convener and the following are in charge of the various stalls:

Fancy work—Mrs. C. P. Balagno and Mrs. G. C. Arseneau.
Country store—Mrs. R. E. Moore, Mrs. J. F. Ritchie, Harry Astori and E. J. Fitzpatrick.
Hot dogs—Mrs. Harold McEwen.
Home cooking—Mrs. M. A. Burbank and Mrs. Hubert Ward.

Supper will be served and tonight there will be a social evening at which the drawings for the prizes will take place.

JUDGMENT RENDERED

Chief Justice Announces Finding in Long-Standing Mining Case

Judgment in the case of Woodbine Gold Mining Co. Ltd. vs. Arthur H. Edwards and Edward, Morgan & Co., which first entered the courts in 1929, was recently handed down in Supreme Court in Vancouver by Chief Justice Aulay Morrison who acceded to a motion of counsel for the defendant, J. W. deB. Farris K.C., to dismiss the suit.

In this case the plaintiff's claim was for damages and, in the alternative, judgment in the amount of \$3150 on a contract of settlement between plaintiff and defendants.

His Lordship found that there was no fraud or breach of duty by the defendant even if any duty were owing to the plaintiff and there was no damage resulting to the plaintiff by any act of the defendant. "The delay in handing down my decision," explained the chief justice, "has arisen from a desire by counsel to consider some subsidiary aspects not dealt with by Mr. Farris in his motion to dismiss to which motion I now accede."

NORTHERN B. C. NEWS

BURNS LAKE

A. E. Windle, C. C. F. candidate for Omineca in the forthcoming provincial election, has just completed a speaking tour of the riding. He was heard at Topley, Forestdale, Rose Lake, Palling, Burns Lake, Decker Lake, Tchesinkut Lake, Southbank, Uncha Valley, Ootsa Lake, Wistaria, Grassy Plains, Bickle, Danskin and Colleymount. A dance was held in Burns Lake by the C. C. F.

Sam Cocker, independent non-partisan candidate, has also been on a tour of the riding and was heard during the week at Ootsa Lake, Wistaria, Tatalrose, Uncha Valley, Colleymount and North Francois.

John Barker of Streatham has sold eight pair of silver foxes to Clyde and Burns Hunt who now have a well-equipped fox farm three miles west of Burns Lake.

At the recent Liberal convention at Endako, Alex M. Manson K.C. was unanimously nominated as the party's candidate for Omineca in the forthcoming provincial election. E. B. Smith, president of the Omineca Central Liberal Association, presided and Mr. Manson's name was placed in nomination by John S. Ross of Savory. Mr. Manson was accorded a stirring ovation and made an impressive address in accepting the nomination. Officers of the association were elected as follows: president, A. M. Ruddy, Burns Lake; first vice-president, John S. Ross, Savory; second vice-president, A. S. Mapleton, Telkwa; third vice-president, L. R. Dickinson, Fort St. James; secretary-treasurer, M. G. Hartman, Fraser Lake. Mr. Manson is now engaged in a speaking tour of the east end of the riding and later will visit the west end.

Miss Patricia Lang, daughter of Dr. and Mrs. J. W. Lang of Anyox,

has been the recent guest here of Miss Ruth Trousdell.

Mr. and Mrs. Charles Hunter and daughter of Colleymount were recent visitors in Burns Lake.

Hobart Parrott of Colleymount charges that the Conservatives are using the C. C. F. to split the Liberal vote in the provincial election.

Local public works department officials are planning certain new works, particularly of a maintenance nature, in this district.

VANDERHOOF

Robert G. C. Rodgers of Vanderhoof has been named agent for Arthur Edward Windle, C. C. F. candidate for Omineca in the provincial election. J. H. McMillan of Vanderhoof is agent for S. W. Cocker, independent candidate, and E. B. Smith, also of Vanderhoof, for A. M. Manson K.C., Liberal candidate.

Mr. and Mrs. H. R. Pick of the Mapes district have returned home after a six weeks' trip to Vancouver where Mrs. Pick recently underwent a serious operation from which she is now recovering nicely.

TERRACE

At the last monthly meeting of the commissioners of Terrace Village Corporation business was of a routine character. Some finishing touches were ordered in the case of the new fire hall.

On Thanksgiving Day there were no public celebrations here but, at the home of Mrs. J. B. Agar, a shower was given by the friends of Miss Vivian Dix who was married in Prince Rupert last week to Charles Cauthers of Anyox.

The weather has cleared, after a week of warm rains. Now the con-

Bob Gerow Returns to Burns Lake From Fox Creek

BURNS LAKE, Oct. 19.—Bob Gerow has returned to Burns Lake from a placer gold prospecting trip through Fox Creek Canyon. The trip, he states, was without success as far as the gold was concerned but he believes that one of the tributaries of the creek may bear further investigation and he plans on making another trip to the region next year. Difficulties in penetrating the canyon were very great, the walls towering up to a height of 2200 feet. It took two days to go ten miles and most of the trip was made in the stream channel, there being extremely low water at the time. The stream bottom was found to be shifting all the time. The strata in the canyon is practically horizontal and is composed of many different types of rock.

Local Lady Is Honored During Manitoba Visit

The following appears in the Western Prairie Gazette published at Glenboro, Man.:

"About fifty people gathered at the home of Mr. and Mrs. Thori Goodman on Sunday afternoon to honor Mrs. J. M. Johnson of Prince Rupert, (nee Stina Anderson, daughter of the late J. J. Anderson, of the Skaboht district), who has been visiting here for the past two or three weeks. A dainty lunch was served and enjoyed by all, after which G. J. Oleson addressed the guest of honor on behalf of the people present and presented her with a ruby ring as a token of friendship. Mrs. Johnson responded with a very appropriate address.

"Mrs. Johnson had an ambition for learning, and attained a teacher's certificate and taught school for a number of years before she went to the coast. She has been at Prince Rupert for many years. A very pleasant time was spent with her on Sunday afternoon and the friendship of other days was happily renewed. She visited on her way here with friends and relatives in Alberta, Saskatchewan and other points in Manitoba. She was accompanied by her young daughter. Mrs. Johnson left on Tuesday for Brandon enroute home."

A Brief Synopsis of Liberal Policy

HEREWITH is a brief synopsis of policy as laid down by the Liberal Party of British Columbia, in convention held in October, 1932.

Many matters of interest, not specifically set out, will require consideration. The principles enunciated are indicative of the Liberal viewpoint, and are broad enough to meet every question within provincial jurisdiction.

The Liberal Party exists as an official organization for the purpose of formulating and furthering measures that will make for the well-being of each individual member of society, and the welfare of society as a whole.

Innumerable questions, both of public and personal character, can be properly treated only through the agency of government.

Government is not an ordinary business, but carries responsibility to meet every problem arising from our complex social and economic conditions, in order that not merely a few, but all of our people may live in reasonable comfort.

The Liberal Party pledges immediate action under the best available advice and closest study.

T. D. PATTULLO.

August, 1933.

1.—Profitable and permanent Employment is the most important question facing our people. There should be co-operation between the national, provincial and municipal authorities and the Canadian banking system to establish the necessary credit to carry out a broad programme of constructive and useful wage-distributing public enterprise, and to further the health, education and well-being of all our people.

An Economic Council should be established, the membership of which shall consist of representatives of the various avenues of endeavour, such as health, education, agriculture, labour and the industries. This council will be appointed by the government on recommendation of the interests involved, and will act in an advisory capacity to the government.

Amongst other things the council will study industrial and social effort in the province and suggest means to correlate these efforts. It will familiarize itself with intra, inter-provincial and foreign trade, and will co-operate with the other provinces and the Dominion. It will also study such questions as production and consumption, and the marketing of our products, the number of hours of work per day and days of work per week, the standard of wages and commodity prices. These questions are of national as well as provincial concern, and British Columbia can take the lead in urging co-operation with the other provinces and the Dominion as a whole.

National Unemployment Insurance should be established upon a contributory basis.

2.—Our Financial position must be reviewed. Current expenditure must be kept within current revenue. While maintaining the credit of the province, effort must be made to reduce capital charges. We cannot continue to pay exorbitant rates of interest for money.

3.—The Taxation Structure must be revised with a view to reduction wherever possible, including exemption in the lower scale of wages and salaries.

4.—The health of each of us is important to the whole community, and a measure of State Health Insurance should be made effective, not only to preserve health, but to reduce costs both to the average citizen and to industry.

5.—A general and effective review must be made of the Educational problem, rejecting any proposed organization that involves a caste system. We must facilitate the intellectual growth of each individual member of society in order to equip him for his daily tasks, and for the enjoyment of such cultural pursuits as may be in keeping with our social customs.

Triangular disagreements between the school boards, municipal councils and the department of education must be adjusted, and our whole system placed upon a sound financial basis.

6.—The financial position of our Municipalities is of increasing concern. An equitable adjustment must be made as between the province and the municipalities, and the municipalities placed in a sound financial position.

7.—An effort should be made to settle our Agricultural Lands in order that more of our citizens may be self-supporting. Agriculture as a whole must be put upon a sound and profitable basis, and made capable of sustaining and directing itself, in line with all other national, basic industries.

8.—Continuous effort should be put forth to assist industry in Marketing its products, in timber, agriculture, fishing, mining and, in fact, every operation where it appears that useful service can be rendered.

9.—Our highways must be kept in good condition, both for the benefit of settlers and the tourist traffic, and expanded as circumstances warrant. In this connection a Highway Board should be established to make for continuity of policy and to inspire confidence in impartial treatment.

10.—A Public Utilities Commission should be established.

11.—A National Central Bank should be established.

12.—Social Services, such as Mothers' Pensions, Old Age Pensions, etc., must be maintained. Abuses of administration should not be allowed, and injustice through mere technicalities should not be permitted.

13.—The Peace River must be given access to the Coast.

14.—In order that the utmost Freedom of Action by Members of the Legislature may be assured in respect of questions before the House, it is Liberal policy that a government shall be considered to be defeated only upon a straight want-of-confidence motion.

15.—The Dominion Government will be asked to place the Province of British Columbia upon a basis of equality with the other provinces, and to this end request will be made for a Royal Commission to ascertain the extent to which the Province of British Columbia has not been given Equality of Treatment with the Other Provinces of the Dominion.

16.—There shall be a permanent Voters' List to ensure that all eligible voters are enrolled.

17.—The Leader of the Liberal Party is given a free mandate to choose for his associates in government, men of character, ability and standing, having regard solely to the public interest.

Lurline Mayol's "The Big Canoe"
Wins Honor From Literary Guild

SEATTLE, Oct. 19:—Lurline Bowles Mayol (Mrs. Frank E.) has come back to Seattle from a summer spent in New York City and in New England, with the news that the book she took east to her publishers, "The Big Canoe," is the Junior Literary Guild's choice for the children's book of the month for September.

This is the book about the Haida Indians, who built their fine plank houses and their tall totem and memorial poles lining the streets of their villages, over a hundred years ago on the Queen Charlotte Islands. True Vikings of the Pacific were these fearless sea raiders who roamed far north and south in their big, graceful canoes, pillaging the mainland villages and carrying booty and captives back to their remote islands.

Twenty-five years ago, Mrs. Mayol was teaching school near the Indian reservations at La Conner, having come here from her home in New Hampshire because she wanted to know more about Indians. Later she spent a summer in Northern British Columbia where she saw Haida Indians, different from any other Indians in their mode of living, their lack of tepees, peace-pipes, horses and feather head-dresses, gliding by in their big canoes. There she was told of the villages on the Queen Charlotte Islands and then it was she received the inspiration for the book just published.

Cruises Among Islands

On her return from New York in August, Mrs. Mayol went from Montreal to Prince Rupert, where she boarded a boat cruising among the islands. And then she visited for the first time, the scenes of the Indian villages about which she had written. The old villages were gone, only great totem poles reared their grotesque tops out of the trees that had grown up around them. . . . the fine plank houses were no more, they had deteriorated.

But others, newer villages had sprung up, wealthy Haidas who have made their money in these modern times not by plunder but by the lumber industry, Indians driving expensive motors, whose wives wear beautiful clothes. And as the boat cruised in and out of the islands, each looking like a small mountain itself, with moose and bear coming down out of the wilds to the water, Mrs. Mayol learned other legends of these people, for more books for children.

Motif of Article

Mrs. Mayol's book forms the motif for "Young Wings," a monthly magazine published by the Junior Literary Guild, with the cover design of her book reproduced on the covers of the magazine beside an Indian poem by Constance Lindsay Skinner, a review of her visits in Indian villages by Mrs. Mayol and her picture, and a short article by the illustrator of her book, W. Langdon Kihn.

A. E. Verner arrived in the city on the Prince George yesterday from Vancouver and proceeded on the train later in the day to Houston on business in connection with mining interests in that area.
