LAW REPEAL VOTED DOWN

Motion of Woodsworth Lost in Commons and Criminal Code Remains Intact

OTTAWA, Feb. 24.—Section 98 of the Criminal Code will not be removed but will remain the law of the land as a bulwark against Communism, the House of Commons decided yesterday.

With every Conservative and six French speaking Liberals against it, the Woodsworth repeal resolution was given the six months hoist on a vote of 89 to 45.

Orange Lodge Had Enjoyable Social Oddfellows' Hall

The Orange Lodge held a very enjoyable social in the Oddfellows' Hall last night. There was a good crowd present to enjoy a variety program which was very successful. Canada's Advisory Delegate Sees Grave Danger to Peace of World in Action of Japanese—Faith is Shaken

GENEVA, Feb. 24.—The Japanese delegation walked out of the assembly of the League of Nations today after the adoption of a report condemning the Japanese policy in Manchuria. The delegation announced that it can no longer co-operate with the League in the Sino-Japanese question. Yosuke Matsuoka, the head of the Japanese delegation, told the Assembly, however, that Japan would co-operate with the League as far as circumstances permitted. While the situation left everything somewhat confused, it was quite clear that for the present Japan has not withdrawn from the League of Nations.

"It is unnecessary to emphasize the gravity of the decision that the members of the League must make today," declared Dr. W. A. Riddell, Canada's permanent advisory delegate to the League, when he supported on the behalf of the Dominion the report of the committee of nineteen. "Faith of the world in the possibility of a peaceful settlement is shaken," declared Dr. Riddell. "If this faith is destroyed the structure of security that has slowly been built up on the foundations of scrupulous respect for international covenants will be undermined." He stressed that Canada had painstakingly followed the policy which she considered most helpful in the crisis.

Railwaymen Numbering 30,000 Turn Down Proposal to 20 Per Cent. Reduction in Pay

MONTREAL, Feb. 24.—The running trades of the railways of Canada numbering 30,000 persons, have voted against substitution of 20 per cent. reduction in pay for the present ten per cent. cut. The result of the referendum was made known today to four representatives of the companies at a conference with the general chairmen of the unions.

Terrace Lodge Held Debate on National Bank

TERRACE, Feb. 24.—On Thursday evening a spirited debate was staged in the Oddfellows' Hall, under the auspices of the local Lodge of the Native Sons of Canada.

The resolution under debate was: "That a System of Public or National Banking is Preferable to the Existing One."

The affirmative was taken by Will Robinson, Fred Hall and H. M. Wilson, while the negative was dealt with by Dr. S. G. Mills, D. Little and J. D. Jones.

The affirmative stressed the importance of banking in national life and urged that this, touching every phase of life should be in the hands of the people and not in the control of private interests.

The negative dwelt largely on the fears of the results of political influence if banks came under public ownership.

At the conclusion of the presentation of the arguments the judges, H. L. Frank, A. McLeod and N. S. Sherwood, gave their decision that the affirmative had won with 47 points against 30 made by the negative.

The meeting was presided over by H. L. McKenney, president of the Native Sons.

Economic Questions Dealt With By Rotary Club Speaker at the Mid-Week Luncheon Yesterday

That mass production can be continued only if there is a maximum number of consumers for the mass products, was one of the interesting statements made by Rev. Hugh Dobson, secretary of social service for the United Church at the luncheon of the Prince Rupert Rotary Club yesterday. There was a good attendance of members and a number of visitors.

Mr. Dobson spoke of the desirability of putting the purchasing power in the hands of the masses. This was more effective than to have large wealth, in the hands of the few. One of two things must be done. Either the country must discover methods of sharing the burden of welfare work or maintain the present trend to reduce production.

The speaker strongly advocated the method of sharing. They must find an orderly process by applied intelligence. Smashing things did not do any good. It was always people who were smashed. An economic system could not be overthrown and replaced immediately. No such example could be pointed to in history.

Mr. Dobson said some people pointed to Russia as a country where the economic system had suddenly changed, but that was not correct. For three hundred years there had been communism in Russia. What had happened there was the smashing of the czarist regime. Any sudden substitution could not take place at once. There must instead be orderly adjustments.

To maintain production there must be a raise in the standard of living. They must find out how to produce lasting good times. Canada was fortunate in having the mass of the people looking for higher standards of living. The difficulty was that the capacity to produce had exceeded the capacity to distribute. That was what was the matter with the halibut, lumber and fruit business. Autos had come quickly and balled up the railroads. Changes had come in education, religion and family life and the people had not yet adapted themselves to the changes. The world was like a growing boy. It was out of proportion. Education and social services were lagging behind.

Dealing with the question of debts, the minister urged that the first debt was human need.

At the close President George Woodland thanked the speaker for his splendid address.

CAPETOWN, South Africa, Feb. 24.—South Africa will have a national government, the Hertzog and Smuts parties joining forces with the idea of presenting a united front to the world and endeavoring to bring about a better condition of affairs in the country.

Agreements were signed today for an equal distribution of cabinet positions by the national party head, Prime Minister J. B. M. Hertzog, and the leader of the South African party, General Jan Christian Smuts, until now leader of the opposition in the South African Parliament.

It is understood that Hertzog will retain the Premiership.

PRESBYTERY CONCLUDING

Great Deal of Work Done Yesterday By United Church Delegates in City—Final Sessions Today

With the arrival on last night's train from the east of Rev. G. A. Wilson, superintendent of United Church Missions in B. C. the Presbytery enters on its concluding sessions today. It is anticipated that the meetings will conclude sometime this afternoon. Today's discussions will deal with United Church Home Missions within the bounds of the Presbytery, the passing of grants and appropriations for the year's work.

Prince Rupert Presbytery is one of the largest home missionary presbyteries in the whole church.

The sessions yesterday were opened with devotional services conducted by Rev. H. Feir B.A. of Ocean Falls, following which reports of committees were presented, those on colleges, pensions and church property largely matters of routine. Rev. S. V. H. Redman of Hazelton, chairman of committee on religious education, presented a review of progress made in religious education in the presbytery this past year with special mention of the very successful pioneer vacation schools conducted in connection with the canneries of the lower Skeena last summer. Reference was made to district boys' and girls' camps at Lakelse Lake near Terrace. The Foreign Mission work was reviewed by Rev. C. D. Clarke.

Rev. W. E. Dovey, missionary at Port Essington, conducted the devotional at the commencement of the afternoon session which was followed by publication report presented by Rev. F. Bushfield. A desire was expressed that more of United Church homes should be acquainted with the church's work through its publication. Improved methods of circulation were recommended.

Rev. (Capt.) Scott of the "Thos. Crosby" introduced Dr. Eric Austin, medical doctor on the "Thos. Crosby" who addressed the gathering on his work up and down the coast among settlers and native people.

Discussion which occupied most of the afternoon centred around the introduction of the social service and evangelism report by Rev. H. T. Allen of Terrace. His report covered a wide range of subjects in which the Christian church is interested, the economic order, unemployment, industry and commerce, world peace, and disarmament, sweepstakes, etc. The gathering went on record as opposed to any amendment of the criminal code legalizing sweepstakes.

The evening sessions received a further address from Dr. H. Dobson who led the devotions. The business

VOTED FOR CONSTRUCTION

It is pleasant to see several Conservative members of Parliament for British Columbia seats joining with the Liberals in voting for construction of the Peace River outlet as a means of giving employment to a great many men and at the same time of carrying out a pledge made to the settlers who have gone into the country. Also the building of the road would at once revive industrial activity in the west and increase the earning and spending power of many hundreds of people.

There is today a great tendency among politicians to become more independent than formerly and it is a good tendency. We want men who will think for themselves as well as follow the party lead. The welfare of the country depends upon men who have independent minds and are not afraid to speak out.

CLOSE GAMES BASKETBALL

Senior and Intermediate Teams Have Keen Tussles For Leadership

The C. N. R. A. are now tied with the Grotto for league leadership in the second half as a result of the basketball game last night against the Kaiens which the Railway Boys won 44-41. The game was fast and rough but it was quite close and it was necessary to play a five-minute overtime period to decide the victors. In the first ten minutes of play the game was see-sawing back and forth with a slim one-point margin. The Kaiens then changed their defense line-up, which let the C. N. boys through time after time so at half-time the score stood 23-13 in favor of the Railway quintet. After the rest the Kaiens got together again and with Cross and Wingham playing a whirlwind game soon managed to overcome the 15-point lead and tie with the C. N. A. From that point on the match became fast and rough was kept well in check by Referee B. Skinner. With but a few minutes to play, the game became very fast, both teams trying to break the deadlock but the last whistle blew with the teams standing 40-40. In the five minutes overtime the Railway Boys got the lead and managed to keep it until the last whistle blew.

Girls' Game

In the second half of the girls' game the Cardinals ran loose scoring a number of baskets to take the game away from the Amazons 17-8. The Amazons played a good passing game all the way through and in the first half were leading by three points. In the second half the Cardinals went on a heavy defense game and kept the Amazons from scoring a point with their own forwards scoring at will to cinch the game for them.

The Warriors again strengthened their lead by taking the Tuxis into camp by the close margin of two points in the intermediate fixture last night. The game was close from start to finish with a two-point lead separating them the most of the time. This game was also rough but the boys were playing plenty fast and a lot of it was excusable. In the last five minutes of play it was impossible to decide which team was going to win. However, the Warriors had the lead as the full-time whistle blew.

In the junior tussle the Scouts

had a hard time defeating the Metoors and won only by a slim margin.

Sherlock Holmes Showing Tonight Capitol Theatre

Famous Detective Play Based on Conan Doyle's Later Stories

Sherlock Holmes, the world renowned detective, was perhaps the foremost exponent of disguises that fiction has ever known. But is it doubtful, if adept as he was, he could compete with Clive Brook in the art of make-up.

The uncanny sleuth continually fooled his enemies with his many impenetrable disguises and even his close friend and faithful ally, Dr. Watson, frequently was unable to identify him.

Brook portrays the title role in "Sherlock Holmes," the new Fox picture, the plot of which is based on one of Conan Doyle's later stories. He comes to the Capitol tonight and tomorrow and in one scene appears disguised as a woman past middle age. It required more than four hours to make up for this characterization in which his identity is completely hidden.

In this disguise, after the master criminal, Moriarty, believes the great detective is safely locked in jail, Sherlock Holmes visits the father of his sweetheart to warn him against the American racketeers who plan to tunnel under his bank and rob it.

In his role of the super man hunter, Brook presents a series of new activities, yet preserves the character of Sherlock Holmes as created by Doyle. He solves baffling problems and matches wits with Moriarty and a gang of American and European racketeers who inaugurate a reign of terror in London.

IDEAS OF GOVERNMENT

Editor, Daily News:—Will you kindly allow me space in your valuable paper to compliment the local Women's Canadian Club who, to quote from their resolution, "Wish to go on record as protesting ideas of government that are abhorrent to all loyal citizens of Canada and the Empire." The ideas to which they refer have been given much publicity in the local press.

I am glad that such a representative body has seen fit to publicly go on record as being opposed to the Fascist ideas which for too long were given a prominent position in the press.

This is Canada, not Italy and the abhorrent ideas of military dictatorship will never be tolerated by free-born Anglo-Saxons and it is matter for gratification that these loyal women should publicly express their disapproval. The more so as in these trying times many who apparently lack the poise and sanity of loyal Anglo-Saxons are openly and covertly advocating such abhorrent and repressive dictatorial Fascist mis-called governments.

Hats off to the Prince Rupert Women's Canadian Club!

Sincerely yours,
J. D. MARSCHAL.

Dr. Wood's Loosens The Phlegm And Stops The Cough

Mrs. E. A. Jones, Moose Jaw, Sask., writes:—"I have seven children, and have used Dr. Wood's Norway Pine Syrup for the past three years, as I find it the only reliable remedy when the children have a cold. It helps them to get to sleep by loosening the phlegm and stopping the cough. I always keep a bottle handy in the medicine chest. Price 35c. a bottle; large family size 65c; at all drug and general stores; put up only by The T. Milburn Co., Ltd., Toronto, Ont.
