Independent. In Province d'ed: Tory Feud Is Ended?

Dr. Alfred Thompson Takes Over Task of Mending Conservative Fences Following Death of Mr. Bowser-Appeals to Those Favoring Union

VANCOUVER, Oct. 27: (CP)-Union of more import. ant independent groups in the provincial election with a view to forming a union government is again being attempted in certain political quarters here. A conference of independent candidates is expected to be held here within the next day or so. Meantime Dr. Alfred Thompson, for-

free to decide their affiliation after

"The tragedy of Mr. Bowser's

ations on Thursday, that he could

Visitor Tells of Prairie Conditions

Was Pursued Like Jonah By the Elements All Across Canada Even on Coast

Conditions in the dried out sec-EXPLAINED tions of the prairies were described under way, much of the electrical wiring has been finished and the afternoon by Mrs. R. B. McElheran of Toronto in an interesting address. The visitor is a former president of the Women's Canadian C. Club of Winnipeg and a worker the interests of young people in that city. She is here this week atdonia which has just concluded in

he children had been without milk coast. or fruit owing to crop failure.

The speaker also told of the rekkers who had gone north to find new lands and to build themselves new homes, many of them without money and with little else. these districts and learn about their lives and problems.

In opening Mrs. McElheran spoke humorously of the way bad weather i had followed her throughout Canada. When she left Prince Edward Island the sea was frozen and it was week, took place privately this afternoon from the home of his way through, cutting the ice as went. At Halifax there was such deluge as she had seldom seen. She had never before experienced such rain. At Saint John the worst storm in fifty years visited the city. Quebec she was snowed up for hours and on the prairies winter Fairview Cemetery, J. H. McLeod, set in a month earlier than usual Then on this coast she arrived just in time to experience a big storm on Millbank Sound.

... in Soups and Creamed Sauces

TASTE the fresh sweet flavor of pure country cream! Blending so well in savory soups, giving rich velvety body to saucesthere's nothing like St. Charles Evaporated Milk to make good meals better.

St. Charles Milk is evaporated to creamy richness. All herds are rigidly inspected—plants are spotless and shining. Sixty per cent. of the natural water is removed and nothing is added. No wonder St. Charles is the safest, finest flavored milk you can buy.

Our new cook book "The Good Provider" will give you cooking secrets any French Chef might envy. 80 pages—186 recipes—full color illustrations of tempting dishes. Just mail the couson and it's yours.

A Brief Synopsis of Liberal Policy

EREWITH is a brief synopsis of policy as laid down by the Liberal Party of British Columbia, in convention held in October, 1932.

Many matters of interest, not specifically set out, will require consideration. The principles enunciated are indicative of the Liberal viewpoint, and are broad enough to meet every question within provincial jurisdiction.

The Liberal Party exists as an official organization for the purpose of formulating and furthering measures that will make for the wellbeing of each individual member of society, and the welfare of society as a whole.

Innumerable questions, both of public and personal character, can be properly treated only through the agency of government.

Government is not an ordinary business, but carries responsibility to meet every problem arising from our complex social and economic conditions, in order that not merely a few, but all

of our people may live in reasonable comfort. The Liberal Party pledges immediate action under the best available advice and closest study.

T. D. PATTULLO.

August, 1933.

1 .- Profitable and permanent Employment is the most important question facing our people. There should be co-operation between the national, provincial and municipal authorities and the Canadian banking system to establish the necessary credit to carry out a broad programme of constructive and useful wage-distributing public enterprise, and to further the health, education and well-being of all our people.

An Economic Council should be established, the membership of which shall consist of representatives of the various avenues of endeavour, such as health, education, agriculture, labour and the industries. This council will be appointed by the government on recommendation of the interests involved, and will act in an advisory capacity to the government.

Amongst other things the council will study industrial and social effort in the province and suggest means to correlate these efforts. It will familiarize itself with intra, inter-provincial and foreign trade, and will co-operate with the other provinces and the Dominion. It will also study such questions as production and consumption, and the marketing of our products, the number of hours of work per day and days of work per week, the standard of wages and commodity prices. These questions are of national as well as provincial concern, and British Columbia can take the lead in urging co-operation with the other provinces and the Dominion as a whole.

National Unemployment Insurance should be established upon a contributory basis.

2.—Our Financial position must be reviewed. Current expenditure must be kept within current revenue. While maintaining the credit of the province, effort must be made to reduce capital charges. We cannot continue to pay exorbitant rates of interest for money.

3.-The Taxation Structure must be revised with a view to reduction wherever possible, including exemption in the lower scale of wages and salaries.

4.—The health of each of us is important to the whole community, and a measure of State Health Insurance should be made effective, not only to preserve health, but to reduce costs both to the average citizen and to industry.

5.-A general and effective review must be made of the Educational problem, rejecting any proposed organization that involves a caste system. We must facilitate the intellectual growth of each individual member of society in order to equip him for his daily tasks, and for the enjoyment of such cultural pursuits as may be in keeping with our social customs.

Triangular disagreements between the school boards, municipal councils and the department of education must be adjusted, and our whole system placed upon a sound financial basis.

6.—The financial position of our Municipalities is of increasing concern. An equitable adjustment must be made as between the province and the municipalities, and the municipalities placed in a sound financial position.

7.—An effort should be made to settle our Agricultural Lands in order that more of our citizens may be self-supporting. Agriculture as a whole must be put upon a sound and profitable basis, and made capable of sustaining and directing itself, in line with all other national, basic industries.

8 .- Continuous effort should be put forth to assist industry in Marketing its products, in timber, agriculture, fishing, mining and, in fact, every operation where it appears that useful service can be rendered.

9.—Our highways must be kept in good condition, both for the benefit of settlers and the tourist traffic, and expanded as circumstances warrant. In this connection a Highway Board should be established to make for continuity of policy and to inspire confidence in impartial treatment. 10 .- A Public Utilities Commission should be

established. 11 .- A National Central Bank should be estab-

12.—Social Services, such as Mothers' Pensions, Old Age Pensions, etc., must be maintained. Abuses of administration should not be allowed, and injustice through mere technicalities should

not be permitted. 13 .- The Peace River must be given access to

the Coast. 14 .- In order that the utmost Freedom of Action by Members of the Legislature may be assured in respect of questions before the House, it is Liberal policy that a government shall be considered to be defeated only upon a straight want-of-confidence motion.

15.—The Dominion Government will be asked to place the Province of British Columbia upon a basis of equality with the other provinces, and to this end request will be made for a Royal Commission to ascertain the extent to which the Province of British Columbia has not been given Equality of Treatment with the Other Provinces of the Dominion.

16 .- There shall be a permanent Voters' List to ensure that all eligible voters are enrolled.

17.—The Leader of the Liberal Party is given a free mandate to choose for his associates in government, men of character, ability and standing, having regard solely to the public interest.

Fine Old Irish Play Being Screened At Capitol Theatre Here This Week-End With Marion Davies Starring

delightful "Peg o' My Heart" which is the week-end feature at the Capitol Theatre here. Never before it is declared, has the vivacious star clothed a character with such sincerity and sympathy. In Miss Davies' deft hands. Peg seems to have a new personality, yet losing none of the crystal romance and hoyden charm of the Irish gamin so well known on the stage.

A delightful Hallowe'en tea and According to those who have alsale of home cooking was held yes- ready seen it, the talking picture terday afternoon by the Ladies' Aid version of the play that has been of First United Church in the acclaimed in the theatre for more Church Parlors.
