# RELIEF ADMINISTRATION IS EFFICIENT

## POLICE ANNOUNCEMENT IN CONNECTION WITH BUSH CASE

### Workless Insurance is Now Being Dealt With by Ottawa Conference

Attempt to Introduce System of Soviet Government in Canada Will Not be Tolerated by Federal Government, Bennett Asserts

OTTAWA, Jan. 18: (Canadian Press)—Unemployment relief administration throughout Canada is "reasonably efficient," the conference of Dominion and provincial governments has decided after a thorough review. The conference today turned to the question of unemployment insurance.

Yesterday Prime Minister Bennett told a delegation from the National Committee of Unemployed Councils that no attempt to introduce a system of Soviet government in this country would be tolerated and that a system of non-contributory unemployment insurance would not be introduced by the present government.

Constitution and unemployment relief sub-committees were set up today in connection with the conference, the first to be under the chairmanship of Hon. W. H. Price, Attorney General of Ontario, and the second under Premier J. E. Brownlee of Alberta.

### WORKLESS INSURANCE

Bennett Opposed to Non-Contributory Principle and Submits Alternative Plan

OTTAWA, Jan. 18:—A delegation of unemployed waited upon Premier R. B. Bennett yesterday and presented a scheme of non-contributory unemployment insurance. The Premier declared flatly that he was opposed to the principle of non-contributory unemployment insurance and later in the day he submitted a plan of contributory unemployment insurance for the consideration today of the conference of Dominion and provincial premiers which is in session here.

### KEEP JAPAN IN LEAGUE

Desperate Efforts With That End in View Being Made by British Government

LONDON, Jan. 18:—The British government is making desperate efforts to retain Japan in the League of Nations.

Japan continues to hold out against United States taking part in any settlement of the latest Sino-Japanese crisis.

Given 18 Hours  
GENEVA, January 18.—The League of Nations yesterday gave Japan forty-eight hours within which to submit acceptable proposals for the settlement of the dispute in Manchuria with China.

### BILL IS NOW LAW

Philippine Independence Re-Approved Yesterday by United States Senate

WASHINGTON, D.C., Jan. 18:—The Philippine Independence bill became law yesterday when the Senate re-approved the measure following the over-riding last week by the House of Representatives of President Hoover's veto.

### TO SHIP WHEAT TO VLADIVOSTOK

WINNIPEG, Jan. 18:—Wheat strengthened up a quarter of a cent on the local market yesterday on the strength of reports that Russia was in the market for Canadian wheat to be delivered through Vladivostok.

### TAXES ARE BEING PAID

Calgary Receives Nearly Half a Million in 1933 Prepayments

CALGARY, Jan. 18:—So far this year the City of Calgary has received \$436,000 in 1933 taxes from taxpayers as a gesture of assistance for the city council in the difficulties following refusal to meet \$300,000 in United States on bonds maturing January 1 in New York.

### British Aviatrix Still Unreported

No Word of Lady Bailey Since Leaving on Flight to Capetown

ORAN, Algeria, Jan. 18: (Canadian Press)—Lady Bailey, British aviatrix and wife of the South African diamond magnate, is still unreported in the Sahara Desert, after having left here Sunday on the second lap of a flight from London to Capetown.

Capt. J. A. Mollison has announced that he is ready to start at a moment's notice in search of the aviatrix.

### JUSTICE IS DEAD

Hon. W. E. Purdue Passed Away Yesterday in Winnipeg at Age of Eighty-Three

WINNIPEG, Jan. 18: (Canadian Press)—Hon. W. E. Purdue, former Chief Justice of the Manitoba Court of Appeal, died here yesterday at the age of 83 years.

Mr. and Mrs. J. A. Mollison

Air birds as snow birds. More at home in an aeroplane cockpit are Mr. and Mrs. J. A. Mollison seen here as they take it slow and easy at St. Moritz, Switzerland.

### TWO GIRLS IN CRASH

John Page and Audrey Sale-Barker Sustain Injuries in Jungle Plane Smash

NAIROBI, Kenya Colony, Africa, Jan. 18: (Canadian Press)—John Page and Audrey Sale-Barker, British society girls, who crashed their airplane in a wild animal infested jungle forty miles south of here, were both injured but were brought to Nairobi safely yesterday.

Miss Page, who is the daughter of Sir Arthur Page, Chief Justice of Burma, suffered a broken leg and Miss Sale-Barker sustained head injuries. They were making a leisurely return flight from Capetown to London when they crashed.

### New Social Era in Which Science Rather Than Business Will Play Great Part Predicted by Speaker

"A new social system is coming, and I hope it will come gradually, in which business will not be indicative of good times but in which the fruits of scientific research will be distributed in a scientific way by persons who will be especially trained to carry out that distribution," declared H. N. Brocklesby, assistant director of the Prince Rupert Fisheries Experimental Station, in an address on the subject of "Science in Relation to the Depression" before the Prince Rupert Gyro Club at luncheon yesterday. Mr. Brocklesby questioned the wisdom of proposals that had been advanced by some leaders that the depression might be alleviated by a moratorium on scientific research.

In opening, Mr. Brocklesby stated that it now appeared to be generally accepted that there had been two principal causes for the depression, first, the war, and second and probably most important, the machine age. Ever since the spinning jenny had been invented men had been put out of work through the development of machines which took their places. Technocracy said that, where forty men had been employed seventy-five years ago, only one was today required to do the work. Mr. Brocklesby went on to deal with demands which had been heard from time to time that there should be a holiday or moratorium

### FOR SINGLE MEN LIVING IN HOMES OF PARENTS

VICTORIA, Jan. 18: (Canadian Press)—As a temporary arrangement, Hon. R. W. Bruhn, minister of public works, has announced that single men resident at the homes of parents who are also on relief will receive 20c per day pending some final decision after discussion with federal authorities.

### POUND AND DOLLAR

NEW YORK, Jan. 18:—The British pound sterling closed at \$3.35½ down 5-16c, on the local foreign exchange market yesterday. The Canadian dollar closed at 87½c.

### COSGRAVE FAVORED

General Opinion is That Former President Will Return to Power in Free State

DUBLIN, Irish Free State, Jan. 18: (Canadian Press)—There is a growing expectation here that the Sumann na Ngaedheal of Former President William Cosgrave will win the general election in the Irish Free State on January 24. It is considered probable, however, that Cosgrave may find his party in the Dail with such a small majority that his position would be most precarious unless he enlisted the co-operation of independent members of the Central Party, representative of the Farmers' and Ratepayers' League.

Opinion of the Dublin Stock Exchange is definitely turning toward the prospect of a change in government.

### OPINION OF MACKENZIE

Vancouver Member of Parliament Does Not Look For Unification of Two Railway Systems

VANCOUVER, Jan. 18.—Commenting yesterday upon the pronouncement of President E. W. Beatty of the Canadian Pacific Railway in Toronto in favor of the unification under one management of the Canadian Pacific National Railways, Hon. Ian MacKenzie, federal member for Vancouver Centre, expressed the opinion that Parliament would not accept a plan of outright consolidation. He believed, however, that the offending tribunal clause in the report of the Duff Commission would be removed and the two railways left themselves to work out voluntary economies by elimination of duplications in lines and services.

### Vancouver Wheat

VANCOUVER, Jan. 18: (Canadian Press)—Wheat was quoted at 44½¢ on the local exchange yesterday. VANCOUR, Jan. 18: (Canadian Press)—Wheat was quoted at 44½¢ on the local exchange today.

### Uncertainty Exists Whether Well Known Grocer Killed Self

Two Bullets Found in Head and One in Body—Tragedy Believed to Have Occurred Late Monday Night or Early Tuesday Morning

#### BULLET ENTERED HEART

The revolver bullet which entered the right side of the body of F. E. Bush, local merchant, who was found dead in the basement of his store on Sixth Street yesterday morning, penetrated deceased's heart, it was revealed today. Police neither confirmed nor denied a report which was current that one of the two bullets entering the head pierced the brain.

In an official statement made last night by the police in connection with the case of Frank E. Bush, well known Prince Rupert grocer, who was found yesterday morning shot to death in his store, it was announced that it was undetermined as yet whether it was a case of suicide. The investigation is proceeding under direction of Staff Sergeant Alex McNeill and an inquest was formally opened yesterday afternoon before Deputy Coroner A. J. Lancaster, the hearing being adjourned for one week after the body had been viewed at the point where it was found. A post-mortem examination was performed Tuesday night by Dr. C. H. Hankinson.

The body was found between 8 and 8:30 yesterday morning by Henry Smith jr., Bush's delivery man, after opening the store for the day's business. The body was lying on a small cot in the basement of the store. It was fully dressed with two bullet holes in the head and a third in the body on the right side. Lying beside the body on the cot was found a 32 Winchester six-chamber revolver. There were three discharged shells in the weapon and three of the chambers still contain loaded shells.

Everything seemed to be in order in the place with nothing disturbed to any extent. It was not usual for Bush to stay in the basement of the store for he had an apartment in the Meeker Block.

From general observations, it is believed Bush had been dead since late Monday night or early yesterday morning. It appeared that the bullets had been fired from close range.

The coroner's jury consists of Theo Collart, foreman, Thomas Ballinger, George Frizzell, Max Heilbronner, Horace Duhamel and Stephen King.

After it had been viewed in the store by the coroner's jury, the body was removed to the parlors of the B. C. Undertakers where it will be prepared for burial.

### NOTE TO CONGRESS

President Hoover Urges Solons to Get Along With Job of Balancing Budget

WASHINGTON, D.C., Jan. 18:—In a sharp note to Congress yesterday, President Herbert Hoover urged that the job of balancing the budget be got along with. He declared that the budget now was \$1,000,000,000 behind and that the present session, instead of exercising economy, had passed five bills which would mean a huge increase in governmental expenditure.

### LOANS HAVE NO STRINGS

Little Likelihood of Confederation of Newfoundland and Canada, Says Premier Alderdice

ST. JOHN'S, Nfld., Jan. 18: (Canadian Press)—Loans extended to Newfoundland by the United Kingdom and Canada have not added to the likelihood of confederation with Canada, Prime Minister Alderdice stated yesterday. He said that the loans had no "strings" attached to them.

### BANK SHOWS BIG PROFIT

Canadian Bank of Commerce on Right Side of Ledger Last Year By \$4,279,000

MONTREAL, Jan. 18.—Sir John Aird, president of the Canadian Bank of Commerce, at the annual meeting yesterday, announced that profits for the year 1932 had amounted to \$4,279,000 which was slightly less than for the preceding year.

### Son is Born to Aga Khan's Wife

White Consort of Hindu Potentate and Sportsman Gives Birth To Heir

PARIS, Jan. 18.—A son was born yesterday to the wife of the Aga Khan, Hindu potentate and sportsman.

### TEN GOVERNMENTS ARE IN CONFERENCE

OTTAWA, Jan. 18: (Canadian Press)—The Dominion-provincial conference opened here yesterday with ten governments represented. Prime Minister R. B. Bennett presided in the railway committee room of the House of Commons.

## DETROIT IN LEAD

Boston Bruins John New York Rangers For Second Place in Hockey Standing

DETROIT, Jan. 18.—Detroit Red Wings blanked the New York Rangers in a crucial game here last night and moved into the leadership of the American Division of the National Hockey League. At Boston, the Bruins routed the Montreal Maroons and advanced to a tie with New York Rangers for second place in the American Division.

## Making Fast Time in Switzerland

"Berneing" up the trails, we might say. At all events, these skiers are making fast time down the mountainside near Berne, Switzerland, whipping up clouds of snow as they whizz by.

DAILY EDITION Wednesday, Jan. 18, 1933

## New Social Era in which Science Rather Than Business Will Play Great Part Predicted by Speaker

(Continued from Page 1)

had been made by the scientists. A noted banker, in a much-heralded statement, had declared that "all research is good for is to make banking hazardous." A financier of equal eminence had said that "science is a peril." What no one had said was where scientific research should be stopped.

**Fruits of Scientific Research**

Reviewing some of the fruits of scientific research in the course of the past century, Mr. Brocklesby inquired of his listeners in what fields it might be desirable to bring scientific research to a halt. In the field of medicine, he alluded to some accomplishments that had been achieved by biologists, chemists and medical men. Vitamins had been developed to such a point that today no one needed to suffer, through lack of knowledge although, of course through lack of distribution, from dietary diseases. Then there were the chemical regulators such as insulin, for the treatment of sugar metabolism in the dread disease of diabetes; adrenalin, for the treatment of blood pressure; and thyroxine, used for the treatment of cretinism which stunted both physical and mental development. There were such scientific developments for the alleviation of suffering as the variety of anaesthetics in surgery and dentistry, the safe hypnotics for the relief of insomnia, and digitalis for the regulation of the heart activity. In recent years particularly much had been accomplished in the perfection and safeguarding of such aids in the medical field. Through scientific research in the field of chemistry, great strides had been made in the bringing about of immunity from disease and the treatment of such diseases as malaria, dysentery, leprosy, hookworm, syphilis and tuberculosis.

Mr. Brocklesby then referred briefly to the subject of chemistry in civic life by means of which great improvements had been made pos-

sible in the purification of water supplies, the production, preservation and distribution of food, sewage sanitation and industrial poisoning.

Then chemistry had played an important part in the industrial field. Alloys of metals had insured great strength for structural undertakings such as great bridges and buildings. Stainless steels had been developed and the war against rust had been prosecuted. Then there had been the development of photography, x-ray, movies, vacuum tubes, radio, electrical current rectifiers, incandescent light bulbs (which were four times more efficient today than twenty-five years ago) and ultra-violet ray.

Would it appear to be desirable to eliminate or halt scientific research in any of these fields? Was the scientist to be blamed for the things he had accomplished? Scientists did not reap large rewards for their labors, particularly in the humanitarian fields although, of course, there were the Nobels, the Vickers and the Maxims, who had developed instruments of warfare, and Edison, whose inventions had been largely along the line of comforts for humanity, all of whom had died millionaires. On the other hand, Hertz had died a pauper, Fleming a humble college professor, and Lavoissier's reward had been the guillotine.

"Plato's Empire"

In closing, Mr. Brocklesby alluded to the economic ideas of Plato, the great philosopher of 3,000 years ago. Many of the ideas of "Plato's Republic" might well be applied to present day conditions.

At the conclusion of his address, the thanks of the club were extended to Mr. Brocklesby by the president, William Cruickshank. C. D. Morgan of Vancouver was a guest at the luncheon.

The club decided to hold the installation of 1933 officers on Monday evening of next week.

## Les Canadiens Lead Empress In Billiards

Three out of five games were played in last night's Junior Billiard League fixture between Les Canadiens and Empress, the former taking an aggregate lead of 595 to 440 as a result. Individual scores were as follows:

W. E. Hutson, Les Canadiens, 200; Doug Frizzell, Empress, 94.  
O. Antonelli, 200; Owen Fisher, 146.  
R. Pritchard, 195; J. Machelton, 200.

The third game in last Friday night's fixture between Empress and Jewellers was also played last night, Earl Batt winning for the Empress over Chris Perry by a score of 200 to 163. With two games yet to be played in this fixture, the Empress is leading 586 to 415.

## Flashes Win In Hoop Game

Defeated Racketeers in High School Basketball

The Flashes showed their superiority over the cellar-dwelling Racketeers in yesterday's basketball fixture by a one-sided score of 30-17. This was the third successive loss for the Racketeers and they have yet to win a game. Both teams played a speedy game from start to finish but the Flashes had a decided edge in the shooting. Wingham proved a valuable addition to the Flashes while Smith also played a good game. Morrison and Forbes were the pick of the losers.

The Midgets outscored the Bullets in the junior game and, as a result, are in second position in the league standing. The game was ragged in the first half but the second half showed some nice basketball. The Bullets rallied in the dying moments but the Midgets managed to stave them off until full time. The final score was 9-6.

## SPORT CHAT ENGLAND IN LEAD

The regular schedule of basketball games will be carried out tonight with the added attraction of C. N. R. A. playing in the senior game with the snappy Port Simpson basketball club. A torrid battle may be expected as both teams are determined to win this game to further prove their leadership in Northern British Columbia. Brick Skinner will referee the senior game which should insure a fast and snappy brand of play, the players knowing from experience they have to play basketball when Brick handles the whistle.

The game between Canadian National Recreation Association and Port Simpson Athletic Club promises to be of the same high calibre as the game a week ago. This visiting team, although not the same as the Y. P. E. A. team of Port Simpson, which was here before, is plenty good and will make the C. N. R. A. boys play their hardest. The other league fixtures will round out the night's entertainment and a lot of thrilling basketball may be expected.

## Alaska Game Boat is Here

The motorboat Seal of the Alaska Game Commission with headquarters at Juneau, which is on a patrol of the southern end of the Alaska panhandle, arrived in port last night from the north and will make this port her base for the next few days. Homer Jewell of the Alaska Game Commission is in charge.

**Today's Play**

Faced with the task of scoring at least 532 runs to beat England in the third match, Australia went to bat today and, when the stumps were drawn, had put together 120 runs for loss of four wickets. Don Bradman was the only one to make any stand, knocking up 66 runs before being caught by Verity who was bowling.

## British Sportsman Victim of Injuries In Fall of Horse

### Four Generations In One Home Makes Almost a Record

Mayor and His Mother, His Son and His Grandson All at Present Living at Emmerson Place

The Vernon newspaper recently published a news item telling about a family in which four generations were living on the same street, Edmonton then discovered that there was a family in that city with four generations living on the same street. Prince Rupert can go one better. In this city there are four generations of the same family living in the same house and the family is that of Mayor Stephens. In the mayor's home is his mother, 85 years of age, himself, 60 years old, his son, Fred and his grandson Fred Jr. They live for the time being at the family home, 412 Emmerson Place.

## How to Guard against the FLU

Every News reader is urged to heed these precautions

The flu epidemic has reached this community. The health authorities are doing their part, but every individual must be on guard.

Keep the family medicine chest supplied with the sensible aids to health; any sickness weakens the system and lowers your resistance to germs.

Every household should have at least one hot water bag, in good condition, or an electric pad; and a fever thermometer. Sleep in airy rooms, with ample covering. Avoid an overheated house during the day; dress warmly when you go out. Beware of over-crowded cars, poorly ventilated public meeting places, stuffy telephone booths. Flu is con-

tagious! Breathe through the nose. Keep the system alkaline, the bowels in good order; Phillips' Milk of Magnesia will help you do both. If you have any symptom of a cold, take some Aspirin according to directions. Don't lose even five minutes! Genuine Aspirin tablets can't harm you, but a common cold is dangerous at a time like this.

Eat plain foods, get enough rest, and don't over-do. Take these extra precautions to keep in sound physical condition, so your system will have normal resistance against germs.

At any sign of actual flu, call a doctor at once. Do not try to treat yourself for influenza!

## WAR LOVE TALE HERE

Helen Hayes, Gary Cooper and Adolphe Menjou Starred in "Farewell to Arms"

Helen Hayes and Gary Cooper are starred in "A Farewell to Arms," screen edition of the popular novel of the same name, which is the mid-week feature offering on the screen of the Capitol Theatre here. Adolphe Menjou heads the supporting cast.

The film is the story of a love affair between an American, a lieutenant in the Italian ambulance corps during the war, and an English nurse. Under the pressure that the war has built up around them, the two build up a love that sweeps all else aside. Their affair flourishes when Cooper is wounded and sent to the hospital in which Miss Hayes is a nurse. Later, after he is sent back to the front lines, she flees to Switzerland to await the birth of their child. Menjou, Cooper's war brother, jealous of the woman who has made his friend a quiet, sober person in contrast to the roisterous, drinking, woman-chasing companion he once was, refuses to pass on the letters she has written when he acts as censor. Cooper, ignorant of this fact and the more important one that she is to bear a child, finally deserts and flees to her. The climax of the picture occurs in the hospital when the child is born.

"Charlie's Aunt," uproarious farce, is being offered as the weekly revival offering in addition to the full regular program tonight.

## MRS. CLAPP IS BURIED

Funeral of Well Known Pioneer Woman of City is Held This Afternoon

Many old friends gathered this afternoon at the chapel of Hayner Bros., undertakers, to attend the funeral of the late Mrs. Alice Clapp, relict of the late Frank Clapp, whose remains arrived this morning from Vancouver where she passed away on Sunday.

The funeral service was conducted by Rev. Dr. F. W. Dafoe, pastor of First Baptist Church, and Charles P. Balagno presided at the organ to accompany the hymns.

Following the service, interment was made in the Oddfellows' Plot in Fairview Cemetery, many mourners following the cortege to the final resting place. Pallbearers were Mayor M. M. Stephens, P. W. Anderson, John Murray, C. H. Orme, W. J. McCutcheon and J. E. Cobb. There were many floral offerings.

## BAND HAD GOOD YEAR

Assington Organization Did Well Despite Depression—Spalding President

PORT ESSINGTON, Jan. 18: Special to Daily News)—The Essington Concert Band held its annual meeting recently and the various departments of the band presented reports which showed that during the past year the band had made splendid progress in all of its spheres of activity. The treasurer's report on the financial condition of the band, presented by David Spalding, was quite favorable considering the depression. Receipts for the year show a slight decrease over the previous year.

The following officers for 1933 were elected: Honorary President, Mark Bolton, President and Treasurer, David Spalding, Vice-President and Secretary, L. L. Starr.

Assistant Secretary and Business Manager, Matt Wesley, Conductor, L. L. Starr, Assistant Conductors, D. Spalding and A. W. Stewart, Librarians, H. Spalding and Herbert Starr.

Propertymen—James Bolton, John Wesley, Joseph Roberts and Howard Starr, Sports Committee—Henry Reid, Titus Campbell, William Spalding and Stephen Campbell, Social Committee—Wm. Spalding, J. Bolton and Herbert Starr.

## OONA RIVER GOES AHEAD

People There Making Progress, Reports M. D. Sullivan

Oona River is going ahead rapidly and becoming a thriving community, according to M. D. Sullivan who recently moved to that district from Jap Inlet. The people are all working on their places, building improvements and erecting new buildings. Some are building new boats.

John Groop is building a fine trolling boat for Capt. John Hanson to be powered with a diesel 15 h.p. engine. Everything is looking well and all are hoping for better times.

## Demonstrations Quiet-Orderly

Four Unemployed Reported to Have Been Arrested in Nelson Yesterday

(Canadian Press) VANCOUVER, Jan. 18:—Unemployed demonstrations which were held in various parts of Canada were very quiet and orderly. In Nelson four men are reported to have been arrested, including the leader, Alexander Kinlock, when the police twice broke up attempted downtown demonstrations. One of the marchers suffered bruises.

## Lieut. Conway Of Seattle Is Killed in East

## \$15,000 Mystery

SOLVE the mystery! Twelve missing numbers will do it.

Fill in the blank spaces above with the following numbers: 2 - 3 - 6 - 7 - 8 - 10 - 14 - 18 - 19 - 20 - 23 and 24, arranging them so that each column of numbers will add up to a total of 85. Use no number more than once.

Your answer will open an opportunity for you to win \$15,000.00. You will have from one month with complete instructions covering every last detail. Send your answer to: THE MONTGOMERY CO., 214 Dundas St. West, TORONTO 2, Ont.

MORE THAN \$3,000.00 CASH TO BE PAID IN PRIZES

First Winner gets \$1,000.00. If prompt \$500.00 extra. Second Winner, \$1,000.00. Third Winner, \$500.00. If a BIG WINNER, someone is getting it too. BE PROMPT! Mail your answer NOW—don't delay—and be sure your name and address is written clearly on your answer.

C. A. MONTGOMERY, Office 4th Floor, 214 Dundas St. West, TORONTO 2, Ont.

## Palpitation of the Heart Nerves Bad - Could Not Sleep

Mrs. Fred Bingham, Swift Current, Sask., writes:—"I was bothered with palpitation of the heart, and my nerves were so bad I could not sleep.

I was getting desperate and confided my trouble to a friend who recommended me to use Milburn's Heart and Nerve Pills. I purchased a box and got such relief I would gladly recommend them to all who are troubled as I was."

For sale at all drug and general stores; put up only by The T. Milburn Co., Ltd., Toronto, Ont.
