World Economic Parley Swings Into Stride Today When Trade Proposal Is Offered By France

BACK FROM OVERSEAS

"I do believe that business conditions are somewhat improved in the Old Country," declared T. H. Johnson, general manager of the Canadian Fish & Cold Storage Co., who returned to the city this morning on the Princess Louise, accompanied by Mrs. Johnson, following a trip to England. "A somewhat better tone in conditions generally is evident. Like in this country, however, there is keen competition in all lines of business."

Of course, a good deal of good is being hoped for as a result of the world economic conference now in progress in London, states Mr. Johnson.

Mr. and Mrs. Johnson have been away for three and a half months. They spent most of the time in the British Isles as well as visiting in Germany and France. Mr. Johnson made a flight from Paris to London in a commercial airplane having capacity for forty-two passengers.

The well known local industrial leader and President of the Prince Rupert Chamber of Commerce was away from England before the unfortunate take-off of his niece, Mrs. Amy Johnson Mollison, with her husband, Capt. James Mollison, on their projected flight from Croydon to New York and thence to Baghdad and London. "However, I saw Amy and Jim while I was over," he said.

J. H. Parks, engineer for the Board of Railway Commissioners from Calgary, who has been in the city over the week-end in the course of a trip to the coast on official duties, leaves by tonight's train for Edmonton enroute to Calgary.

Would Increase Production of Wheat, Wine, Cotton, Wool, Coal and Copper—Further Word From Washington Regarding Currency Stabilization is Being Awaited

LONDON, June 19: (Canadian Press)—With the outlook for ultimate success of the gathering a good deal more hopeful than it was when the parley opened last week, the world economic conference started its second week of deliberations today and swung into stride with a concrete proposal from France of intergovernmental agreements to link production with consumption of wheat, wine, cotton, wool, coal and copper.

Pending further word from Washington official negotiations for controlled stabilization of major currencies were understood to have come to a complete standstill. However, definite progress was made in

RELIEF PROBLEM NOT SO SERIOUS IN ATLIN

Unemployment relief is not proving as great a problem in Atlin district as in some other parts of the province, it is indicated by John A. Anderson, road superintendent for that district, who was a week-end visitor to the city, arriving Saturday evening on the Prince Rupert from Stewart and sailing last night on the Catala for his headquarters at Anxox. "There is not a person on relief north of Stewart," declared Mr. Anderson, this boast applying for such fortunate points as Premier, Atlin and Telegraph Creek. Of course, there are men on relief at Stewart and Alice Arm.

Everything in Readiness For Opening of Sockeye Fishing And Salmon Canning Tonight

"There is not a hitch anywhere and everything is ready to start with the opening gun tonight," stated R. G. Johnston, veteran manager of Inverness cannery on the Skeena River, this morning in regard to the opening of the season for fishing with sockeye gill nets this evening. The fishermen seem to be well satisfied and are particularly well pleased with the price, said Mr. Johnston. The canneries are all ready to start packing once the fish start to move in.

Mr. Johnston came into town on business bright and early this morning on the cannery tender Florence. "You are not in Spokeshute," he jocularly commented as a well known Japanese fisherman from the Skeena River came along and tried to get into a local hardware store to spend a little money in purchases before 8 a.m. "They don't get up that early here." Mr. Johnston was chatting at the time with a Daily News representative of early matutinal habits.

"I suppose they came up to watch me," humorously remarked the popular cannery operator as he told of the presence since last evening of the fisheries patrol steamer Malaspina off the Skeena Slough near Inverness. He was in very high spirits. He will be back on the river for the opening of fishing tonight.

From other sources, it was learned that the "strike meeting" called by the "United Front" fishermen at Port Essington on Saturday afternoon had not amounted to very much, the attendance being negligible. Any possibility of there being a strike on the Skeena or Naas Rivers was pretty well obviated when the native fishermen came to terms with the cannery operators a few days ago.

KEEP UP GOOD WORK

A good many people are enthusiastic over gardening during the spring but as the season progresses they lose interest. The urge to dig which comes every year gives place to a feeling of lassitude and the garden suffers.

This year there has been greater interest shown in gardens than ever before in the history of Prince Rupert. The people who are absolutely careless in this regard may be almost counted on the fingers of the two hands. The wet period at the end of last summer made it difficult to enthruse people into fall planting but by spring they had forgotten the failure and decided to try again.

Visitors to the city all enthuse over the appearance of the local gardens and the natural beauty of Prince Rupert. To some extent this is justified but renewed efforts on the parts of householders will put the city on the map as one of the beauty spots of the country.

LET US HOPE

Numerous efforts have been made at various times to build a trail to the top of Mount Oldfield but none so far have succeeded. The introduction of skiing has given a great impetus to the movement and it is to be hoped that this time success will be attained. A route seems to have been selected and the next step will be to get the work done. The whole city is interested in the project and a reasonable amount of co-operation should bring good results.

There were the usual races and a very happy time was spent. Transportation was provided by the mission boat Northern Cross which made two trips with Canon W. F. Rushbrook in charge.

SPORT CHAT

Such exhibitions of roughness and generally questionable tactics as were witnessed in last Thursday evening's Stuart Benefit Shield football game between Canadian Legion and Canadian Labor Defence League are neither elevating to the sport or edifying to the spectators. If such conduct is permitted to continue, it will undoubtedly tend to bring the soccer sport into discredit which is a goal that players, officials and all concerned should certainly endeavor to avoid. Such practices on the part of the players are most heartily to be condemned.

Possibly, a little more strictness on the part of the referee would help in keeping the game from getting out of hand before it is too late. Warnings to the players are all very well but, when players choose to disregard these warnings as some of them have been showing the tendency to do late, it is time for the official in charge to take more decisive action. It is his privilege and duty to take drastic action if he thinks it fit to do so. Apparently, that time has now arrived as far as some of the persistently offending players are concerned.

All of which seems particularly important in view of the introduction which some of the younger lads are being given in senior company. It is very important that they should be guided along the proper lines by the older and more experienced players and by the officials in charge. If these older players are to be permitted to let their tempers flare up and give displays of ungentlemanly and unsportsmanlike conduct, certainly the younger players cannot be expected to acquit themselves creditably. It is to be hoped that there will be an early and effective cleaning up in local senior soccer play here. After all, near riots are neither seemly or appreciated on the football field.

SECOND GAME FOR ORME CUP TONIGHT

With the Elks' team strengthened somewhat since the opening game, tonight's baseball fixture between them and Sons of Canada promises to be a hard tussle. Sons of Canada won the opening game with a 10-6 score and the Lodgemen are out to even the series if possible. It is expected that Nick Chenoski will be doing mound duty for them while Stiles will probably go in again for the Canucks.

LOOKS LIKE RICH GROUND

Alex Young and Associates Have Bonded Mine to Alberta Syndicate and Tests Are Being Made

PRINCE GEORGE, June 19:—Alex Young and associates have a placer mining property south of here in the Cariboo district which is said to be rich in gold. It is bonded to an Alberta syndicate with headquarters at Calgary. Just now there is a crew making tests on the property. Coarse gold has been found there, some of the nuggets going as high in weight as from half an ounce to an ounce.

The property is on Terry Creek, 40 miles south of Prince George, and it is only four miles from the highway. It could be worked with a steam shovel or drag line, there being no large boulders to make operations difficult.

BOOTH GOES INTO FINAL

Defeats Borden Street to Earn Right to Play Off For Junior Soccer Honors

In the Junior Football League fixture on Saturday afternoon Booth Memorial School defeated Borden Street School by two goals to nil and thus won the second half of the schedule. Booth will play off with High School Wednesday evening in a sudden death game for the possession of the Rochester Shield, emblematic of Junior League championship.

The first half was mostly in favor of Booth. Postuk kept a good goal for Borden and Dybhavn defended well at back. Bertie O'Neill was a good defender but MacDonald was able to get through and put Booth a goal up.

The second half was evenly fought out. Veitch was often dangerous for Borden but Gay at back and Eby generally prevented his getting a clear shot at goal. Bremner caught and cleared a good shot from him following a free kick. Hale was prominent for Booth, kicking and tackling well, with MacDonald the best of the forwards and getting a second goal following a cross from Husoy.

Borden—Postak; Dybhavn, Mah, O'Neill, R. Houston, J. Unwin; Jones, D. Houston, Veitch, S. Currie, J. Irvine. Booth—Bremner; Ritchie, Gay, Hale, Eby, Erikson; Husoy, Cameron, MacDonald, J. Ritchie, McGreish.

T. Bussanich made an efficient referee.

Following the game the executive met and arranged for the play-off between High School, winners of the first half and Booth, winners of the second. Game next Wednesday will start at 6:30. There will be extra time in case of a draw. This will give the lovers of clean sport a fine opportunity to see how the boys play and a keen game is assured.

The final standing for the second half:

Table with 5 columns: W, D, L, F, A, P. Booth: 5, 1, 1, 15, 9, 13. High: 4, 1, 2, 16, 6, 9. Borden: 0, 0, 7, 4, 20, 0.

Miss K. McMahon field secretary of the Girl Guides for Canada, arrived in the city last evening on the Catala in the course of a tour of the west and will inspect the Girl Guides, Brownies and Rangers here. She will go east to Prince George on Wednesday's train. While here Miss McMahon is the guest of Very Rev. and Mrs. J. B. Gibson, Fourth Avenue East.

Delayed by having had heavy freights as well as a heavy movement of passengers for cannery points along the coast, Union steamer Catala, Capt. A. E. Dickson, did not arrive in port until 11:40 last night from the south, leaving a couple of hours later for Anyox, Stewart and other northern points. The vessel is due back here tomorrow morning and is scheduled to sail at 1:30 p.m. for Vancouver and waypoints.

Vacuum Makes It Better

Vacuum gives Pacific Milk greater excellence by saving considerably more of the vitamins, and Pacific is the only vacuum packed milk in Canada. Before it was placed in vacuum tins many patrons in their letters had said Pacific was a perfect milk. Now they write of an improvement noticeable in a nicer flavor. This is due to the extra vitamins.

Fredric March And Claudette Colbert Starred

"Tonight is Ours," which goes on display the first of this week at the Capitol Theatre here, marks the first screen appearance of Fredric March since he won the 1932 award of the Academy of Motion Picture Arts and Sciences for the best performance of 1932 in "Dr. Jekyll and Mr. Hyde."

The play, in which Claudette Colbert is co-starred with March, is an amusing and romantic tale of the lives of clever, intelligent people. Miss Colbert is cast as a young woman who has cast aside the responsibilities of a kingdom for a fling at Paris and March as a young Parisian who insists on sharing the fling with her. The romance has its hectic moments as well as its deeply passionate ones. A queer trick of the fates almost wrecks it but a dramatic, breathless climax ultimately sets everything to rights.

Allison Skipworth, popular player of older parts, has an important part in the cast.

R. E. Walker of Vancouver, member of the well known fisheries firm of Edmunds and Walker, which has been active in the spring salmon market here this spring, is a business visitor to the city, having arrived last night on the Catala from the south. Edmunds and Walker have been taking considerable spring salmon from this district to New Westminster this season.

WHIFFLETS From the Waterfront

The Gypsy Moth seaplane of the Northern British Columbia Airways, which was taken south from here recently, has been purchased by Tommy Jones of Vancouver who now has the craft in readiness for the air again after a complete overhaul. The machine, which was quite active two years ago, made only one flight last year. The Northern B. C. Airways is inactive for the time being at least. The Gypsy Moth machine was never ideal for local service on account of its diminutive size and lack of capacity for either passengers or freight.

G. W. Laidler, local manager of the W. H. Malkin Co., sailed last night on the Catala to make the round trip to Anyox and Stewart on company business.

Mr. and Mrs. Louis Leroux Have Dinner

Mr. and Mrs. Louis Leroux, 1805 Seventh Avenue East, entertained at their home, on Saturday evening, the occasion being in honor of Mr. Leroux's birthday, also it being the birthday of Mrs. Gladys Elliott and Mrs. Lena V. Schaeffer. Dinner was served at 7 o'clock. In the centre of the table was a beautiful birthday cake, decorated with rose buds, pink and blue candles.

The evening was spent in music and cards.

Making her first appearance here of the season on the Alaska tourist service, C. P. R. steamer Princess Louise, Capt. Arthur Slater, arrived in port at 9 o'clock this morning from Vancouver and sailed a couple of hours later for Skagway and other northern points. The vessel brought in ninety-nine passengers, three of whom disembarked here while four took passage from here aboard her for the north.
