CUBA HAS BLOODLESS REVOLUTION

Babcock Warns That Skeena River Salmon Must Be Conserved

Deputy Commissioner Says There Will be no Recovery Unless Large Escapements of Fish Are Allowed

VICTORIA, Aug. 12.—A warning to conserve the salmon resources on the Pacific Coast is given in the annual report of the B. C. Fisheries Department issued by John P. Babcock, deputy fisheries commissioner. Mr. Babcock's report contains the results of investigations of Dr. S. W. A. Clemens and Lucy S. Clemens, whose predictions in the

past have made a reputation for accuracy. These authorities state that the salmon supply on this coast is tending to decline. In Rivers Inlet the salmon run is showing three significant tendencies, a general reduction in the average size of the fish, a steady decrease in the numbers of five-year old fish and a decrease in the number of males and an increase in the relative number of females which may augment future runs, it is stated.

"There is little reason, the reports say, for expecting a return greater in 1933 than those of the brood years of 1928, 1929 when the packs were 60,044 and 70,260 cases respectively. Another mediocre run is forecast for the great Skeena River system. The Skeena, it is stated, is in a cycle of comparatively low production and careful provision should be made to provide for large escapements, otherwise there can be no recovery.

A diagram in the report shows a definite downward trend in the Skeena fish supply from 1902 to 1932 and it is declared that even the present fishing restrictions have not increased the escapement of the fish to spawn. At the same time there has been an increase in the number of fishing licenses issued and a decrease in the catch per license.

STRONG FOR PARTIES IN POLITICS

"There are no Conservative candidates in the field in this provincial election so I am not interested in it. You can tell the people that if you like," stated General A. D. McRae, Canadian senator and mining man, who has been in the city today awaiting abatement of weather conditions before leaving for Juneau by airplane. The General was quite definitely in favor of party government and made himself clear in regard to it.

Yesterday the General and his engineer, B. Jonalemon, visited the Lucky Luke mining property at Usk but was non-committal as to his interest in it. He is also going to look at mining properties near Juneau.

The Senator expressed the view that Prince Rupert looked much better than when he was here ten years ago. He was glad to hear that there had been an improvement in the fishing prices.

Speaking of the mining situation again, General McRae said he was interested only in gold properties. He did not think silver was a sufficiently stable commodity to put money into. He doubted if the price would go up very much. His engineer, however, did not quite agree with that. He said there had been a reduction in output of silver and even if the price went up there were not many silver mines that would operate. Most of the silver was produced along with other metals. Apparently he was more hopeful for silver than his principal.

How State Troopers Waged War on Milk Pickets

Charges of brutality on the part of New York state police in breaking up groups of farmers gathered on the highway near Boonville, N.Y., to stop passage of milk trucks during the producers' holiday are being investigated by Major John A. Warner, head of the state troops. This picture shows state troopers in action as they cleared the Alder Creek road leading into Boonville. Eight farmers were knocked unconscious in this encounter.

Machado Resigns Presidency Only After Military Forces Unite to Get Rid of Him and Administration

NEW PRESIDENT OF CUBA TO BE CHOSEN, WILL PROBABLY BE CARLOS MANUEL DE CESPEDES WHO WAS FORMERLY AMBASSADOR TO U. S.

HAVANA, Aug. 12.—The Cuban state department today formally advised the diplomatic corps that President Machado will take leave of absence and that it is the president's purpose later to resign.

The President's decision followed closely on a bloodless coup d'etat by the army last night in which the military united, seized fortresses and other strategic points and demanded that Machado get out.

Colonel Antonio Jimenez, chief of the dreaded secret police of the outgoing Machado regime, was shot and killed by soldiers today after he had wounded an unidentified man who was celebrating the end of the Machado regime.

All political factions this afternoon are agreed that Carlos Manuel de Cespedes, former ambassador to the United States, should be the new president.

TERRACE READY FOR VISITORS

Special Arrangements Made to Accommodate All Who May Visit Interior Next Week

Word has been received from Terrace that special arrangements have been made to take care of all guests who may visit Terrace next week on the C. N. R. cheap rate excursion. Special low rates are being made by the hotels and very low rates are being made by Swain's and Burnett's and other taxi concerns to Lakelse Lake and back. This will be a special inducement to take advantage of the excursion.

The Terrace people are very much enthused over the project as they see in it the possible beginning of a new era of closer communication with Prince Rupert by means of the railway company. They are doing their best to co-operate and see that the people get proper accommodation.

Dr. Lewis Hall of Victoria Passes

Was Twice Mayor of City and Took Prominent Part in Liberal Organization

VICTORIA, Aug. 12.—Dr. Lewis Hall, dentist, twice mayor of Victoria, aged 73 years, died here today. Dr. Hall was always a strong temperance advocate and took a keen interest in all public affairs in the city. After being mayor for two terms he was defeated by Mayor Morley. As a leading Liberal he for many years was a member of the executive and took a prominent part in the party organization.

SILVER AND COPPER ON NEW YORK MART

NEW YORK, Aug. 12.—Bar silver was quoted here today at 35 3/4c and copper at 9c.

MR. BOWSER IS SUED BY VICTORIAN

Writ Issued Against Leader of Non-Partisan Group For Libel

VICTORIA, Aug. 12.—Frank R. Carlow, through his solicitors, today issued a writ for one hundred thousand dollars damages against W. J. Bowser K.C., for alleged remarks made at a meeting Thursday night at Esquimalt, when Mr. Bowser was supporting Ex-Reeve Elrick, non-partisan candidate.

Mr. Bowser said his defence would be made public through the courts.

The hospital board at its meeting last night decided to purchase \$750 worth of needy supplies.

T. D. Pattullo Declares Liberals Should Not Run As Independents

Party Proposes to Adequately Meet Present Economic Conditions, Leader of Liberals Declares in Statement Issued Today at Victoria

VICTORIA, Aug. 12.—Liberals seeking seats in the Legislature will run as Liberals officially nominated at conventions, T. D. Pattullo, leader of the party, stated. "I have noted that it has been stated that amongst the great variety of candidates likely to run in the approaching provincial election there are some 'independent Liberals,'" Mr. Pattullo commented. "Let me

RAILMEN UNITING TO FIGHT CUT

Expected 200,000 Employees of Canadian Roads Will Join Huge Organization For Mutual Benefit

MONTREAL, Aug. 12.—By far the most impressive organization ever to have been effected in the ranks of Canadian labor will come into existence during the next two weeks when 200,000 representatives of standard railroad labor organizations band together in a co-operative association which it is announced is being organized "for industrial, economic and legislative purposes in general and in particular to oppose the present unjust and unwarranted wage cuts proposed on the Canadian railways."

say that the Liberal party is putting official Liberal candidates in the field and if anyone presumes to run styling himself an 'Independent Liberal' he has no standing whatever so far as the Liberal party is concerned.

"The Liberal party exists as an official organization for the purpose of furthering policies in the public welfare. It passed definite and specific resolutions at a convention held last October and within the ambit of these resolutions there is the widest possible scope to deal with provincial problems in the light of our complex economic conditions and we propose to adequately meet these conditions," he concluded.

AIRPLANE WAS FORCED BACK

Bad Weather Made it Impossible to Land at Ketchikan This Morning

The plane carrying General McRae and his engineer, P. Jonalemon, left this morning for Ketchikan but owing to a storm that was raging and the poor visibility it had to return. It was planning to get away later in the day as soon as conditions improved sufficiently as General McRae is anxious to reach Juneau today.

Alaska Salmon Pack Nears Four Million Cases For Season

JUNEAU, Alaska, Aug. 12.—The Alaska salmon pack for all districts on August 5 aggregated 3,894,951 cases with the red variety predominating with 2,133,177 cases.

Ground is Broken on Building of New Ice Plant on Waterfront For Firm of Albert and McCaffery

The first sign of life in the way of new construction since the depression wave passed over the country is the commencement yesterday of a new ice plant on the waterfront for Albert & McCaffery. Work on it commenced yesterday. When asked in regard to the new building, M. P. McCaffery said this morning that it was a small plant to be devoted solely to the manufacture of ice. It was not a cold storage plant in competition with the plant now here. At the present time ice was being brought in from Lake Kathlyn and was also being manufactured at Butedale and on the Skeena River. Owing to the increased use of substitutes the coal business had dropped off and his firm was going into this as a side line. They had the space on the dock and wanted to utilize it.

The great feature about the new plant is that it is the first sign of aggression in the city in several years, insofar as the waterfront is concerned. It is an indication that one of the businessmen who has been in the city since the beginning still has sufficient faith in the place to invest more money here.

W. L. Armstrong, ticket agent at Prince George for the C.N.R., leaves for Vancouver on the company boat this evening.

Wheat Price Goes Down

VANCOUVER, Aug. 12.—There was a big drop in the price of wheat today from yesterday's quotations. Yesterday No. 1 Northern was selling for spot cash here at 74 1/4c but today it is down to 68 1/4c.

Funeral Notice

The funeral of the late Alastair McRae will be held tomorrow afternoon at 2:30 from the B. C. Undertakers, Rev. W. D. Grant Hollingworth officiating.

DIED IN VICTORIA
VICTORIA, Aug. 12.—Mrs. Emma Ure, widow of James Ure and resident of Victoria for 65 years, died Friday at the age of 89.

Jane Threw Eggs

Jane Thomas was fined \$25 in Los Angeles court for heaving eggs at David Hutton when he appeared on the stage, recently.

POLITICS IN B. C. TODAY

Sniping Efforts Are Being Made to Pierce Liberal Ranks in South; Nominations Increase

Parties Confident

President of Conservative Association May Run as Independent in The Islands Riding

VICTORIA, Aug. 12.—The latest political move is to get a large number of the Conservative candidates to run as independents. With approximately 93 candidates in all in the field those opposed to a Liberal administration are saying: "Pattullo cannot get a majority of the next House." Encouragement is given the C. C. F. in the hope that they will divide the Liberal forces and thus break up those who are liberally minded.

The Liberals are to nominate nine candidates the week after next in the Vancouver area, thus filling out their quota of 45 for 47 constituencies. In both Fernie and Cowichan-Newcastle there are strong labor candidates and these will not be opposed by Liberals.

Present Nominations
With the passing out of the picture of Conservatives as a party there remain independents, mostly with Conservative leanings, 15; Bowserites, 9; Tolmie Unionists, 2; making a total of illegitimate Conservatives on page 2

OPPOSING VIEWS

There are and always will be differences of opinion in regard to immigration. In Ottawa the Native Sons of Canada voice a very general protest against assisting immigration into this country until people already here have found employment. We are inclined to agree with them that Canada should spend no money bringing people into the country. Let them come if they wish as long as they are desirable citizens but they should pay their own way.

The other side of the picture is given by a writer in the Victoria Times who says in part:

"No small group of people can permanently hold a vast and rich territory without using it. Sooner or later the more numerous races, who need it, and are prepared to use it, come and take it. That has always been our own practice. That has always happened from the days when the desert tribes took Babylon and its rich river valley to the Japanese conquest of Manchuria. The only way to avoid such an arrangement ultimately is to use and populate the rich land instead of holding it empty and unused.

"But we have made such a mess of a rich country here, a country rich enough to give us all a fat living, that we can't afford to let anyone else in, lest he take our job. If we had even a primitive sense of organization and government, every able-bodied man coming in would be another producer of wealth, to raise the living standard and the prosperity of all.

"At this particular time in the world's history, the best type of men and women from all acceptable places in the world should be pouring into Canada to better their own condition and ours, but we can't take them. We can't even keep ourselves properly and a full million of us are on the dole. If the Dean of Canterbury wants to see a place where the people are insulting the benefactions of Providence by the misuse of its gifts, he might look over in this direction."

WHEN SCULLING CHAMPIONS MEET

LOCAL NEWS

Mrs. J. Farquhar arrived in town this afternoon on the train from Terrace.

T. Ballenger and youngest son came in on this afternoon's train after spending a holiday in the interior.

Miss Agnes McQuillin of the Post Office staff is sailing on the ss. Prince George this evening to spend a holiday in Vancouver.

W. Lambie is leaving this evening for Vancouver to secure stock for the opening of the new store of Lambie & Stone next month.

Including the passengers that left on the Prince John last evening for Port Clements were: Mrs. E. Moore, E. Shannon and John Mello.

Mrs. F. E. Mayol, Misses Watterton and Nicholls left for Vancouver by way of the Queen Charlotte Islands on the Prince John last evening.

Miss G. A. Hood, who has been a guest of Miss Irene Mitchell, will, for several weeks, sail for her home in the south on the Prince George this evening.

Mrs. F. Appleyard who has been visiting her son Mr. Appleyard, employed with the C.N.R. here, is leaving for her home in Vancouver on the Prince George this evening.

The Princess Louise, Capt. A. Slater, arrived in port at 9 o'clock this morning from the south with a full passenger list of 250 most of whom are round-trippers and sailed again at 11:30 for Alaska.

Strawberries At Stewart Are Of Fine Quality

People of Mining Town Grow Delphiniums 13 Feet High and Splendid Vegetables

Terrace developed its Skeena Wonder strawberry but Stewart has now developed its "Stewart Wonder" strawberry, one of the finest grown. It has been developed by Mrs. Fred Young of that town who, for a number of years has been cross-fertilizing until she has obtained a berry that suits her.

George Woodland, who returned from the mining camp yesterday, brought with him a sample of these berries from Mrs. Young's garden. They are large, luscious and evenly colored, of smooth shape and one of the best samples of berries ever brought to the city.

Mr. Woodland says that not only do they grow good berries at Stewart but flowers and vegetables of the finest quality and there is plenty of land for the people to cultivate. Many of the unemployed have cultivated gardens and are living well on their allowance.

Among the flowers particularly noticed by Mr. Woodland were delphiniums which were 13 feet high. Of course weeds grow too but they can be pulled out. There are no pests to annoy the gardener.

WHEN CHAMPIONS MEET

It was old home week crowded into a few hours when the Phelps got together with Bobby Pearce and talked about everything except who was going to win the \$5,000 for the winner in the single sculls race of the world at the Canadian National Exhibition for the professional championship of the world, and who will have to be satisfied with the \$2,500 for the short end. Ted Phelps, professional sculling champion of the world, his brother Eric and George von Oppel, famous German oarsman, arrived to train for the C. N. E. events, Eric to train the German for amateur races, and were greeted by the Hamilton challenger, his trainer, Jim Rice, Johnny Durman and Elwood Hughes, C. N. E. sports director. Pearce has known the Phelps brothers for years, having trained with them at two successive Olympics and at the 1921 Diamond Sculls. The photographs show: (1) Eric Phelps, who this year won the historic Doggett on the Thames; (2) Ted Phelps and Bob Pearce, champion and challenger, and (3) George von Oppel, who rowed the fastest heat in the Diamonds preliminaries this year, to wear himself out so badly that he lost the next race.

Joint Services Are Successful

Presbyterian and Baptist Congregations Continue Arrangement For Another Month

During the summer months joint church services between the Baptist Church and the Presbyterian Church have been proceeding very successfully.

During the month of July Rev. Dr. F. W. Dafee has been in charge of the services which have been held in the morning in the Presbyterian Church and in the evening in the Baptist Church.

For the month of August Rev. W. D. Grant Hollingworth is in full charge of the services and these will be held in the morning in the Baptist Church and in the evening in the Presbyterian Church.

WINNER OF SINGLES IN TOURNEY

Miss Caroline Mitchell Beat Miss Betty Edgcombe This Morning

The result of the tennis games played yesterday afternoon were as follows:
Laura Frizzell and Alex Mitchell beat Bett Edgcombe and Bill Tobey 6-4, 6-4.

Horton and Greggor beat Hinton and Bartlett 6-3, 6-3.

Miss Caroline Mitchell won the final in the ladies' singles this morning against Miss Betty Edgcombe 6-4, 6-3.

Other good matches will be played this afternoon including the final for the ladies' doubles. Other finals will be played tomorrow.

Ted LePage, manager of the Home Oil Co. here arrived home on today's train from a business trip east as far as Prince George.

Man in the Moon

Good afternoon. Are you going to Terrace?

Jake says he's going to borrow two bucks to pay his fare to the strawberry town to get a feed of raspberries.

I should like to go but alas and alack my wife she's going and no man thinks of taking his wife when he goes on a holiday.

Strawberries are cheap enough this year in Prince Rupert. Probably at Terrace they pay people to take them away.

The pink salmon run is on but the sockeyes are a vanishing quantity.

I am still in the pink of condition Pink salmon provide the nutrition I get in the red I shall soon be half dead And lose my perpetual ambition.

Jake says he doesn't know how to tell a pink from a hump or a sockeye or a chum or a dog. They're all salmon to him except when he takes them to the cannery and they say fifty cents for this one and two cents for that one.

I see by the press that the Salt Lakes swimming pool is being neglected. That hits me hard. I go over there every second year to get a bath and now it seems as if I shall have to wait till the swimming club comes to life next year to take my biennial.

POLITICS IN B. C. TODAY

(Continued from page one)

servatives approximately 26 with Vancouver, Victoria and other centres to hear from.

The Vancouver Province is sticking to its guns in favor of the independents and urges that after the election they may be strong enough to form an administration absolutely independent of the old parties.

Bowsrites are still claiming that they will have a full list of men in the field or pretty nearly a full list and that their non-partisan group will be top dog when the ballots are counted.

The Commonwealth Federation has been enthused by its leaders into believing that it has a chance to win but many C. C. F. supporters declare that the only hope in B. C. today is to support Pattullo.

Captain M. F. Macintosh whose candidature as an independent Conservative had been announced through the Conservative executive in The Islands has withdrawn in favor of Col. W. W. Foster, president of the B. C. Conservative Association, who prefers to call himself an independent.

Word From Omineca

Word comes from Omineca that with L. D. Taylor in the field and the possibility of a C. C. F. candidate also running, the Conservatives expect to hoist Sam Cocker into the Legislature as a Bowsrite. He has now been nominated three times, first as a Conservative, then as a Bowsrite and now at an open convention in Burns Lake as a full-fledged above-board, Merryfield-made supporter of the old Conservative war horse and labelled "non-partisan."

BOYS' BAND DRAWING

Whist, Bridge and Dance Held Last Night When Results Were Announced

The Boys' Band event last night proved a great success. Bridge and whist were played and delicious refreshments were served. Mrs. J. Iverson was convener of the committee which consisted of Mrs. Eastman, Mrs. Larson, Mrs. Carlisle, Mrs. O'Neill, Mrs. Veirick and Mrs. MacPhee. Music for the dancing was by Mrs. Black's orchestra. Frank Derry was at the door.

Winners of prizes were: Bridge—Ladies' first, Mrs. W. Rothwell; second, Mrs. Hudson; gents' first, Joe Jack; second, W. McLean.

Whist—Ladies' first, Miss Sarah Campbell; second, Mrs. Hale; gents' first, Mrs. Frebourg; second, Mrs. O. Smith, both playing as men.

Results of the drawing were as follows:

- 1—Ticket No. 280, J. Haidak.
 - 2—Ticket No. 27, Yokohama.
 - 3—Ticket No. 258, G. Grotte.
 - 4—Ticket No. 1753, Wm. Anderson, Taylor Street.
 - 5—Ticket No. 226—G. Fowler.
 - 6—Ticket No. 105, J. Sheddon.
 - 7—Ticket No. 1107, J. Gurvich.
 - 8—Ticket No. 545, R. Barnhardt.
 - 9—Ticket No. 1881, J. McKenzie, Sunnyside.
 - 10—Ticket No. 1345, J. Naylor.
 - 11—Ticket No. 173, W. J. Payne, McBride.
 - 12—Ticket No. 263, Jack Joy.
 - 13—Ticket No. 493, L. O. Leroux.
 - 14—Ticket No. 335, Mrs. John Connelly.
 - 15—Ticket No. 491, Murray, Cold Storage.
- Winners claiming prizes must present ticket to G. W. Johnstone, 300 Eighth Avenue West.
- In the course of the evening the Boys' Band played selections in front of the hall.

SOFTBALL

W. L. Coates, C.P.R. agent, and wife left on the Princess Louise this morning for Dawson and the Atlin district for a month's vacation.

Mr. and Mrs. George Hill, jr. and family sailed on the Prince John last evening to spend a vacation visiting Mrs. Hill's former home at Massett.

Caught stealing a window sash owned by W. J. Alder from back of the liquor store at two o'clock this morning by Constable Wilkens, two men, Berni Thinn and Hans Ludvigsen were charged with theft in the city police court this morning and remanded until Tuesday.

Chest Clinic

Dr. A. S. Lamb, travelling provincial health officer and chest specialist, will hold a chest clinic in the Prince Rupert Hospital, Tuesday afternoon, August 22 to Friday, August 25.

Examinations at this clinic are free, anyone wishing a consultation is asked to make arrangements through the family doctor.

NO MORE SICK HEADACHES

Fruit-a-times ends years of pain
"I suffered exceedingly with indigestion and sick headaches for years. I could hardly eat anything and was badly constipated. I realize now, of course, that I was in a very run-down condition. Fortunately for me a neighbor recommended 'Fruit-a-times' and I began taking them. I am certainly glad I did. They regulated my system and toned me up generally so that now I am in the best of health. I would not hesitate to recommend them to anyone."

Fruit-a-times . . . all drug stores

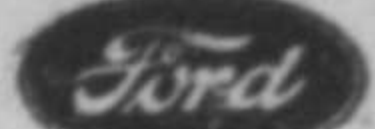

NEW FORD V-8

\$838.00

The biggest low price car is the new Ford V-8, with 112-inch wheelbase. It's big in size and big in value. Another outstanding feature is the V-type eight cylinder engine, with the all aluminum cylinder heads. It's smooth, quiet, efficient and economical and will do better than 30 miles an hour. See us for a demonstration.

Sockeye Run Ending—Pinks Running Well—Prices For Fish Advanced on Skeena—Biological Board Meeting

The sockeye run is pretty nearly at an end, the number having dropped to an average daily catch to the boat of three or four on the Skeena and Naas Rivers. Pinks are still coming in large numbers, going from 75 to 80 to the boat on the Skeena and 75 to 100 on the Naas River. A few cohoes are also being taken.

It is also announced on the river that the price for pinks has been increased from two to three cents and the canners are now paying 20c a fish for cohoes. This makes conditions better for the latter part of the season.

The Babcock report on the salmon just issued and a report which is published on another page today will be received with great interest by salmon fishermen. Doubtless longer reports will be available soon.

On Wednesday Mr. and Mrs. Griffiths entertained a number of local people to a trip on their fine yacht Suela III as far as Porcher Island and Oceanic Cannery. Those going on the trip included Mr. and Mrs. Paul Armour and Miss June Armour, Mr. and Mrs. Jarvis McLeod and daughters, Capt. and Mrs. Elfert, Mrs. G. Woodland and Mrs. J. Little.

The meeting of the Pacific sub-executive committee of the Biological Board of Canada will be held in Vancouver on August 25. It will be attended by John Dybavn and D. B. Finn and acting chairman of the board, Dr. A. T. Cameron, also by Honorary Secretary J. J. Corvie of Ottawa. This is preliminary to the general meeting that is held at Ottawa in December.

Mr. Finn states that more during the past year than any previous years the station has been kept busy helping out small industries such as crab canneries and aiding individual boat owners to meet their problems and difficulties with which they are faced.

There were only two boats offering catches at the fish exchange this morning. The American boat Letuya with 20,000 pounds of halibut sold to the Canadian Fish & Cold Storage Company at 6.5c and 4c a pound. The Southend, a Canadian boat with 20,000 pounds sold at 5c and 4c to Edmunds & Walker for delivery at Claxton.

This morning the people on the waterfront were busy speculating as to the owner of some clothes which were discovered on the waterfront without any owner. The police report that a pair of blue trousers and one black shoe were picked up on the dock of the Prince Rupert Feed Co. and they do not belong to Thomas Trotter, owner of the dock or to his able assistant both of whom are said to declare that they do not go to that kind of party.

Water Diviner Dies

VICTORIA, Aug. 12:—Joseph Wrigglesworth, 93 years of age, well known as a water diviner, died here today.

Sea Monsters Visit Halifax

Shark, White Porpoise and Swordfish Reported in Harbor; Shark Jumps At Anchor

HALIFAX, August 11 (CP)—Bathers seeking refuge from the heat in the cool waters of the North West Arm and Bedford Basin were startled to hear that monsters of the deep had been their companions.

A 15-foot shark was reported by Dr. R. A. Mackenzie, Dr. Vladikov and Charles Kearney of the Biological Station who were doing hydrographic work in the basin when the big fish jumped at an anchor they were hauling out of the water. Lacking the necessary gear, they were unable to capture it.

The first white porpoise ever sighted around Halifax (as far as can be learned) was seen off a waterfront pier by Pilot Frank Mackey as he was preparing to take the Norwegian freighter Braa to sea.

A big swordfish was captured by the schooner Naomi Ruth off Sandwich Battery, a mile and a half from the entrance to North West Arm.

Travelling Show Outwits Council

Barred From Sydney, Show Is Staged Beyond City Limits

SYDNEY, N.S., August 11 (CP)—Sydney's aldermen are smiling ruefully at the way they were cleverly out-manoeuvred in their attempt to stop a travelling carnival from separating citizens from their hard earned cash.

Though seemingly balked when the Council refused a license, the show was not to be turned away so easily from a stand that had proved profitable in years past. A few days after the Council's decision tents were pitched just a few feet outside the city limits.

The Council was helpless to interfere as special busses carried crowds daily to the fair grounds, where the carnival did its usual excellent business. Net result: the show left with the money the Council had hoped to keep in town; the city lost \$500 license fee, and the fire department, which was to have received a cut if the show played in Sydney, got nothing.

District News

TERRACE

A party of young people made the ascent of Thornhill Mountain a few days ago. The mountain is about 5000 feet in altitude and they found lots of snow above timber. They stayed at the top until the next day and reported a fine trip when they got home. They were T. E. Brooks and wife, Stan Brooks, Reggie Collison of Terrace, and Bertha Chapman and Evelyn Hudson of Smithers.

The recent heat wave reached 83 in the shade.

Otto Von Hees has arrived from Premier, and has joined Mrs. Von Hees at Lakelse Lake.

Al Brains' orchestra was due to play for the local followers of terpsichore on Monday, but they did not show up so the local players, under the baton of Sam Kirkaldy filled the bill, and everyone said the Terrace orchestra is the best anyway.

Sparkes Bros. are making structural alterations to their building on Main Street, known officially as Kitsumkalum Avenue. These alterations are a great improvement, both as regards convenience and appearance.

Bill Treston came in from his fur farm at the Lake. He reports fine progress with the minks and muskrats under his care. He is an expert with all sorts of fur bearing animals, from grizzlies downwards.

A telephone line has been established between Terrace Forestry office and the look-out on Thornhill Mountain, and between Terrace and the Dominion hatchery at Lakelse Lake.
