Currency Inflation in States Is Promised by Speaker Rainey Today

Form of Bill Not Yet Decided on-British Currency Rises Result of Talk and Canadian Dollar Stiffens

WASHINGTON, April 18:-The passage of a currency inflation bill at this session was predicted today by Speaker Rainey at the Press Conference. "We are going to have some kind of inflation," the Illinois Democratic leader said. "The White House is studying it. What form it will take I do not know."

NEW YORK, April 18:-Talk of

currency inflation for the United

States hoisted British currencies to

higher prices today. At noon the

pound sterling reached \$3.491/4 in

higher than the previous close. The

Canadian dollar gained three-six-

COPPER IS PILING UP

Granby Co. Now Has 25,000,000 Pounds Lying on Dock at

ANYOX, April 18:-The Granby Company now has here 25,000,000 pounds of copper valued at about \$1,250,000 piled in a heap near the dock ready for shipment as soon as the price reaches a point where it can be shipped without causing the company loss. The difficulty is that the interest on the money is eating up prospective profits.

Company officials say they have between fifty and sixty million pounds stored in the east.

Asked as to the progress being made, officials of the company stated that they had now practically all the men they wanted but so far the efficiency is only about eighty percent. However, the new men are gradually improving and every day sees the production increased.

WINNIPEG JUNEAU, Alaska, April 18: 4

Sir Daniel McMillan, Former Lieuterant of Manitoba is Dead

WINNIPEG, April 18-Sir Daniel McMillan, K.C.M.G., LL.D., + + + + + + + tinguished political military, business and social leader in Winnipeg for almost sixty years and Lieutenant-Governor of Manitoba from 1900 to 1911, passed away here at the week-end at the age of eightyseven years. He was one of the most noteworthy of those pioneer figures which the Riel Rebellion gave to the prairies and the Canadian west has produced few who could be regarded as his equal in versatility and leadership.

Born in Whitby, Ont., January 14, 1846, Sir Daniel was impressed with the possibilities of the great prairie country after the Reil Rebellion and he decided to remain. Winnipeg had about two hundred inhabitants when he first weight of snow and ice so that tobecame one of its citizens.

Daniel McMillan established the first grist mill in Winnipeg. For come through. This train, regularly virtually the remainder of his life due at 10:15, was reported this he continued to be associated in some way with the grain business.

Japanese Planes Overcome Difficulties Scientist Foresees Day When All Fish Will be Sent in Frozen State

D. B. Finn Forecasts That Eventually No Fresh Halibut Will be consigned From Here to Eastern Markets-Tells of Experimental Work in Refrigeration

"I think the day is coming when no fresh halibut will be shipped to the eastern markets from Prince Rupert. I think it will all be frozen by improved methods and shipped in a less costly way than is at present done to the eastern markets where it will arrive in a better condition than supposedly fresh halibut has ever arrived. I am not alone

in possessing these thoughts. Some# of the most thoughtful men in Canada are inclined to agree with me
BRITISHER will bring with it many vexing problems, I am sure that they are all soluble."

Such was an interesting prediction which was made at today's luncheon of the Prince Rupert Gyro Club by D. B. Finn, director of the Prince Rupert Fisheries Experimental Station, in an address on the subject of "Refrigeration" in the course of which he described interesting experiments in this field of the fishing industry which are be-

ing carried on at the local station. "The one cry of nearly every great industrialist that I have ever heard of is 'Look to the Future.' The Henry Fords, the Monds, the Carnegies and the Rockefellers have all been men who, while they took advantage of present conditions, at the same time so handled their businesses that they could take advantage of what they felt must happen in the future. Prince Rupert must do this KARACHI, Irdia, April 18-Miss also if it is to become an important

AN ENVIABLE POSITION

The town of Stewart is in an enviable position in that it owes no money and therefore has no interest to pay on bonds issued for public improvements. Besides that it has a good balance in the bank and taxes for this year are already coming in well.

While things are quiet in Stewart, as they are in most towns and cities the world over, interviews with the bank manager and others indicate that the outlook there today is much better than it was a year ago. Very little rise in the price of silver will start things going at the camp as there are good prospects ready to work once there is a market for the output. Efforts are being made to increase the number of individual mining leases and good co-operation is being received from the mining company, particularly from the Dunwell Company controlled by the Stewart Land Company and allied interests.

Only last week two parties started for the interior on prospecting trips and a good many people who believe the Portland Canala district has better prospects than the much boosted Cariboo, are still pinning their faith to the part of the country that has already produced the Premier, the B. C. Silver, the Big Missouri and the Prosperity

WITH COMMON CONSTIPATION

Kellogg's ALL-BRAN Brings Relief

Constipation gets its grip on a person almost unawares. It often starts with such little things. Headaches. Listlessness. Bad complexion. Unpleasant breath. If unchecked, it may seriously impair your health.

Fortunately, you can avoid this danger by eating a delicious cereal. Laboratory tests show that Kellogg's ALL-BRAN provides two things needed to overcome common constipation: "bulk" and vitamin B. ALL-BRAN is also a rich source of iron for the blood.

Biological tests demonstrate that the "bulk" in bran is similar to that in leafy vegetables. Inside the body, it forms a soft mass, which gently clears out the intestinal wastes.

How much better than taking unpleasant patent medicines. Two tablespoonfuls of ALL-BRAN daily are usually sufficient. Serious cases, with every meal. If not relieved this way, see your doctor.

Get the red-and-green package at your grocer's. Made by Kellogg in London, Ontario.
