PRIVY COUNCIL GIVES JUDGMENT IN COMPENSATION CASE

Vancouver Company Loser In Its Appeal To Court In London

Action Was Based on Dispute Over Rates at Which Employees May be Assessed For Medical and Other Services

LONDON, July 28: (Canadian Press)—The judicial committee of the Privy Council today dismissed an appeal by Merrill, Ring, Wilson Limited of Vancouver based on a dispute over rates at which employees may be assessed by the Workmen's Compensation Board. Merrill, Ring and a group of operators had endeavored to obtain a mandamus to enjoin the board from assessing operators as it was doing for medical and other services. They lost in the British Columbia courts and appealed to the Privy Council which has now also found against them.

Cannot Explain

AIMEE MCPHERSON HUTTON

BALTIMORE, Md., July 28:—"I can't understand it," declared Mrs. Aimee Semple McPherson Hutton here on her arrival from a trip to Europe when asked regarding the divorce suit which has been announced by her husband, David Hutton. "It must be because I have not been able to pay him as large an allowance as previously," said the famous Foursquare Gospel evangelist from Los Angeles who admitted that recently she had been paying Hutton but \$90 per week in addition to his living expenses and providing him with an automobile and a chauffeur. Mrs. Hutton looked well although she was reported to have been ill during most of the Atlantic voyage. (The picture shows Mrs. Hutton with a daughter by a former marriage.)

IS GIVING UP FLIGHT

Capt. Jim Mollison Announces He and Amy Will Not Make Trip to Bagdad

NEW YORK, July 28 (Canadian Press)—Capt. James A. Mollison, while declaring that he was not through flying, said, as he lay in bed here yesterday recovering from injuries sustained in the forced landing which followed his successful crossing of the Atlantic Ocean on Sunday with his wife, Amy Johnson Mollison, that their present projected flight, which had included a hop from New York to Bagdad and thence back to England, was definitely off.

Although he made it clear that their flying plans for the immediate future had not been made, Mollison intimated that he had in mind obtaining, on his return to England, a new plane similar to the "seafarer" which was wrecked on Sunday at Bridgeport, England, in the forced landing.

WAITING SALVAGE

Northwestern Passengers Near Seattle on Aleutian as Stranded Vessel Remains Beached In Lynn Canal

SEATTLE, July 28 (Canadian Press)—While the steamer Aleutian was nearing this port today from Juneau with 131 passengers and crew of the steamer Northwestern, who were removed from the latter vessel by the destroyer Trevor following the stranding on Sentinel Island in Lynn Canal on Tuesday morning and transferred to the Aleutian at Juneau, the Northwestern still remained beached at Eagle River into the mouth of which she was run after the stranding.

Capt. John Livingstone and twenty other members of the crew were remaining on the Northwestern which has several small holes and sprung plates which will have to be patched temporarily in the north before the vessel can be brought here for permanent repairs.

The freighter Depere is standing by the scene of the wreck pending salvage.

OVERNIGHT; CONTINUES

GOTHAM FLIGHT TODAY

EDMONTON, July 28: (CP)

James J. Mattern, round the world flyer, accompanied by members of the Alexander expedition in their Bellanca relief plane, landed here at 5:22 yesterday afternoon after a flight of over five hours from Prince George. Mattern left here this morning for New York via Chicago, flying solo again in a new Lockheed-Vega airplane which has been supplied by his backers for completion of the world flight.

Capt. W. H. Alexander, Fred Fetterman, Thomas Abbey and Harold Person also left here for New York today in their own Bellanca plane.

The whole of the Peace River territory reports weather has been warm and dry. Grain is in good condition and crops are doing well. Prices for cattle showed a lower tendency except for well finished dry fed butchers.

The stocker and feeder market has been very slow and draggy all week. At present prices those with grass and feed in sight should buy. Hog prices are unsettled with a weak undertone.

PLANS ARE APPROVED

United States Endorses President's Program For National Business Recovery

SAN FRANCISCO, July 28:—Practically every industrial executive of this city attended a mass meeting called by J. W. Holter Jr., president of the San Francisco Chamber of Commerce, at which blanket acceptance was made of President Franklin D. Roosevelt's national recovery aid program calling for cutting of industrial working hours and increasing of wages.

From points throughout the west come reports of endorsement of the chief executive's plan.

Stock Issues Up After Irregular Day in New York

NEW YORK, July 28:—After an erratic day's trading, the most of issues closed irregularly higher on the New York Stock Exchange on Wednesday. The industrial average was up 2.22, rails up 27, utilities up .65, and bonds up .29.

Well Known Freighter Caught in Pack and Is A leak Near Barrow

United States Coastguard Cutter Northland is Rushing To Aid of Canadian Trading Vessel—Captain Johnston Hopes to Save His Ship

VANCOUVER, July 28: (Canadian Press)—The United States coastguard cutter Northland was enroute today from Shismarof Island to aid the Canadian trading vessel Anyox which was reported last night as having sprung a leak in an Arctic ice pack two hundred miles south of Point Barrow. The Northland has from four to five hundred miles to go in order to reach the Anyox. The latter vessel reported to the Northland that a patch had been placed, the pumps were holding out the water and it was hoped to save the ship.

The Anyox which for years was in the service of the Coastwise Steamship & Barge Co. in the ore carrying trade between Anyox and Stewart and Tacoma, is now owned by the Pacific Salvage Co. of Vancouver. She was under charter to the Hudson Bay Co. for an Arctic voyage. The vessel is commanded by Capt. D. H. Johnston and carries a crew of twenty-one men.

WHEAT NOW BEING CUT

Hot Weather With Scattered Rain Experienced in West During Past Week

WINNIPEG, July 28:—Hot weather with only scattered showers during the past week has been experienced throughout the west, according to the weekly crop report of the department of agriculture. Canadian National Railways. Cutting has commenced in Manitoba and is expected to be general next week. Average yields in the northern areas with less than average in the central and southern districts seem probable.

In the Portage-Brandon division of Manitoba cutting will be general within the next ten days. All grains are filling out but require more moisture or the crop will be light and very short. The Dauphin division reports wheat in head and filling with coarse grain in head. A good hay crop has been harvested and prospects are good with respect to the grain crop. Cutting is expected to commence in a week's time.

Southern and Central Saskatchewan report hot and dry weather and crops have been going back for lack of moisture. Grasshoppers are still damaging crops in some districts. Unless rain is received soon the yield and sample will be greatly reduced.

In the Prince Albert division weather has been hot with occasional showers. Wheat is showing good stand but more rain is required in order that grains may fill properly. Cutting is expected to commence about the second week in August. No damage from any source except drought is reported.

Southern Alberta reports grain stubble land badly burned. Summer-fallow wheat is filling but more moisture is essential.

In Central Alberta crops are progressing as well as may be expected in view of the warm weather. Light frosts are reported in some districts but only slight damage to grain is noted. More moisture is urgently needed.

The whole of the Peace River territory reports weather has been warm and dry. Grain is in good condition and crops are doing well. Prices for cattle showed a lower tendency except for well finished dry fed butchers.

The stocker and feeder market has been very slow and draggy all week. At present prices those with grass and feed in sight should buy. Hog prices are unsettled with a weak undertone.

PLANT LIFE OF RUPERT

Members of the Rotary Club listened with great interest yesterday to an all too brief talk on a few of the plants of Prince Rupert district by Richard Pillsbury, a graduate of the University of British Columbia who is now taking a post-graduate course in biology at the University of Illinois. Dr. W. T. Kergin presided.

On each table at the luncheon was a small centrepiece of plants including local orchids and specimens of the crow-berry, sundew sphagnum peat moss and butterwort. Two of these, Mr. Pillsbury explained, were insect-eating plants—the sundew and the butterwort. These plants were all common to all sub-Arctic climates such as that obtaining at Prince Rupert but with slight variations.

The crow-bERRIES are little black berries on a tiny low-growing plant which form the chief vegetable food for the Eskimos of Labrador. Six years ago, when the lemmings swept through the north country like a plague and destroyed all the berries, a disease followed among the Eskimos. This disease seemed to result from a lack of vegetable food.

The sundew was found in all bogs everywhere in the world. It secretes a kind of glue to which insects adhered. Long hairs curled around the victims which were digested by means of secreted juices. The butterwort also secretes a kind of mucilage and the edges of the fleshy leaf curled around over the insect when it was trapped.

Mr. Pillsbury dealt with the matter of climate, showing that the damp summer weather was due to a low pressure area forming in this neighborhood. At times this was replaced by a high pressure area when dry weather followed.

At the conclusion, the thanks of the club were conveyed to the speaker by the chairman.

Vancouver Show Troupe Had Good Stand in Rupert

There were good sized audiences both Tuesday and Wednesday of this week when "The Strollers," an itinerant Vancouver entertainment troupe staged the revue "School Days" in the Moose Hall. The program of music and novelties was very acceptable and on each evening there was a dance featuring the peppy "Rhythm Vendors," popular radio orchestra.

The show troupe, consisting of Mr. Leone, Charles Farmer, Bud Miller, Charles Hewton, Bert Kershaw, Herbert Horner and the LaSalle Sisters, will continue a northern tour which is to include stops at Anyox, Stewart, Hyder, Ketchikan and other points and intends to stage another show and dance here on the way south.

The Moose committee which assisted the troupe here consisted of Joe Slaggard, who acted as master of ceremonies for the dances, D. C. Schubert, who presided at the door, and B. J. Bacon.

'CAVALCADE' IMPRESSIVE

Capitol Theatre Crowded Last Night and Everyone Acclaims Fine British Family Life Picture

"Cavalcade" is really a great picture. The Capitol Theatre was crowded last night for its opening showing in Prince Rupert and all who saw it acclaimed it as truly fine. No one should miss it if for no other reason than that it is going to be widely discussed for a long time. But it should be seen anyway because it is so worthwhile.

A spectacular and stirring chronicle of the march of the epochal events of the first thirty years of the fast-moving Twentieth Century in relation to the affairs of a fine English family. "Cavalcade" essentially draws a pacific moral. It is decided in the spirit of the times. The futility of war is emphasized by depicting in an impressive, yet not overdone, way something of the horrors of the Great War and its aftermath. The impression should not be taken, however, that it is essentially a war picture. As far as the war is concerned, it is incidental to a touching story of splendid family life. Many other of the events since the opening of the century up to the present date are graphically recorded. The attitude of the picture is intensely patriotic.

Diana Wynyard gives a flawless performance as Jane Marryot, the wife of a British Army officer of the Boer and Great Wars and mother of two boys—one of whom is lost on his honeymoon in the wreck of the Titanic while the other is killed on Armistice Day in the Great War. Miss Wynyard dominates the cast although Clive Brook as the soldier-husband is also splendid. Irene Browne, as Margaret Harris, a close family friend, is another notable member of the cast.

"Cavalcade" can, without hesitation, be recommended as a picture which everyone should see.

SCHEDULE FOR FALL

Services of C. N. R. Trains and
Boats Here to Change Late
Next Month

From August 28 to October 2 fall train service, giving three mixed trains a week in either direction, will be effective on the local line of the Canadian National Railways. It is announced. Under the fall timetable, trains will leave for the east Monday, Wednesday and Saturday evenings at 7:30 and arrive Tuesday, Thursday and Sunday evenings at 8 o'clock.

The fall steamer service, effective August 28, will continue to give two sailings per week between Prince Rupert and Vancouver. Under the fall steamer service, to be performed by the vessels Prince Rupert and Prince George, there will be arrivals from Vancouver via Powell River and Ocean Falls Wednesday and Saturday mornings at 10 o'clock and sailings from here for Vancouver via Ocean Falls and Powell River at 10 p.m. Thursdays and Sundays. The steamer arriving Wednesday morning from the south will sail at 10 o'clock that evening for Anyox, returning here at 8 o'clock Thursday evening while the steamer arriving from Vancouver Saturday morning will sail at 10 o'clock that evening for Stewart and return here at 8 o'clock Sunday evening.

The fortnightly service as at present between Vancouver and Prince Rupert via the Queen Charlotte Islands will be maintained during the fall by the steamer Prince John.

ACTRESS IS DEAD

Louise Cloosier Hale Passes Away at Age of Sixty-One Years

GLENDALE, Cal., July 26.—Louise Cloosier Hale, actress and veteran stage and screen actress, passed away at a local hospital on Wednesday at the age of sixty-one years following a stroke which she suffered while visiting the office of the family physician on Tuesday. Funeral plans were being delayed pending receipt of instructions from sisters in New York and Philadelphia.

Mrs. Hale, who was born in Chicago October 13, 1872, the daughter of Joseph and Louise Cloosier, was educated in the public school of Indianapolis and was married on August 17, 1896, at LaPorte, Indiana, to Walter Hale. She made her first appearance on the stage in Detroit in 1896 in George Bernard Shaw's "Candida." Numerous other stage successes followed and of late year, particularly since the advent of talking pictures, she had enjoyed great popularity on the screen in older and more dignified roles. She scored a great hit as one of the aunts in "Rebecca of Sunnybrook Farm" and also had appeared in a recent picture in a sister role to George Arliss.

Mrs. Hale's books included "A Motor Car Divorce," "The Actress," "The Married Miss Worth," "Her Soul and Body," "We Discover New England" and "We Discover the Old Dominion." She contributed to numerous magazines.
