PRINCE RUPERT, B.C., SATURDAY, OCTOBER 28, 1933

PRICE: FIVE CENTS

With Victory Assured All Over Province, Mr. Pattullo Asks For Support of North

Editor,
Daily News:—

Having covered all of British Columbia, I predict a sweeping Liberal victory. I appreciate the confidence of Prince Rupert for so many years. I feel sure the north will stand solidly behind me and I ask the support of everybody. Best wishes to all.

T. D. PATTULLO,
Cranbrook,
October 28, 1933.

Pattullo Predicts C. C. F. Will Not
Elect Single Member in
British Columbia

REVELSTOKE, Oct. 28: (CP)—Before a well attended meeting Thursday night, T. D. Pattullo, provincial Liberal leader, closed the Liberal election campaign in Columbia-Revelstoke riding. The meeting opened with a few seconds silence in honor of the memory of the late W. J. Bowser. Mr. Pattullo predicted that the Co-operative Commonwealth Federation would elect no candidates in the province and its course in federal affairs would suffer considerably as a result of its attempt to foist its principles on the people of the province who had benefited in the past by the paternal legislation of the Liberal party.

Dr. W. H. Sutherland, Liberal candidate for re-election, also addressed the meeting.

UNION IS FAILURE

Difficulties In Way of Mending
Political Fences Appear To
Insurmountable, 'Tis
Stated

VANCOUVER, Oct. 28 (Canadian Press)—Negotiators have encountered obstacles which seem to be almost insurmountable. Dr. Alfred Thompson stated last night in regard to negotiations for union of the various forces favoring union government in British Columbia.

Dugald Donaghy, who, with the late W. J. Bowser K.C., was one of the leaders of the Independent Non-Partisan movement, denied Friday that they (the Independent Non-Partisans) had taken any part in such negotiations.

Enthusiasm Displayed At Large Meeting for United Front Aspirant

Defenders of C. C. F., "Party of Hypocrisy and Opportunism," Howled Down at Gathering Last Night—Mistrust of Older Parties Expressed and Overthrow of Capitalistic System Urged

Size of audience and display of enthusiasm which marked last night's public meeting in the Moose Hall might be taken as an indication that United Front is going to make a stronger bid for Prince Rupert seat in the forthcoming provincial election than many might have anticipated. A capacity crowd greeted the candidate, Charles Chapman,

Liberals, the Independents or the C. C. F. is a vote for continuation of the slave camps but a vote for the United Front is a vote in the interests of the class conscious worker.

Respects to Other Parties

Dealing with the political parties which were offered in the provincial election, Mr. Chapman declared that Premier Toimie, despite the huge majority he had had in the Legislature, was now dead politically. Mr. Bowser had passed away so was out of the picture. Mr. Pattullo was pretty suave and was good at making promises but not so good in fulfilling them. He was too close to the lumber industry. The C. C. F. candidate, Mr. Rudderham, had "reneged." He had either had no political ambitions then or had been too cowardly to accept the workers' program in mass meeting but it was only a short time later that he had adopted the program of the C. C. F. "brain trust" and become a candidate in opposition to him (Mr. Chapman).

"The C. C. F. doesn't know where it's going but it's on its way," declared Mr. Chapman. "It won't make good in this provincial election and it's going to go flop like a sour pan cake. Why, the workers are getting next even to Angus McInnis and he is going to have a hard time to get re-elected in Vancouver."

The United Front candidate, Mr. Chapman said, stood for an investigation into dangerous working conditions in the industries and the institution of safety methods. Company towns and their methods were

Treatment

Divisional headquarters of provincial police here have been advised of the committal trial at Prince George of John Albert Beacham on a charge of assaulting his daughter by beating her with a stick of cordwood, inflicting injuries which necessitated hospital treatment. Beacham will take speedy trial before Judge H. A. Robertson in County Court.

JUDGMENT IN HAZING CASE

EDMONTON, Oct. 28: (CP)—Mr. Justice Ives today awarded a judgment of \$56,000 to C. H. A. Powlett of Calgary in his damage action against the University of Alberta. Mr. Powlett sought \$200,000, claiming that his son went insane as a result of 1932 initiations at the University. The case had been before the courts for considerable time.

Funeral of Carl Johnson is Held

Large Turn-Out at B. C. Undertakers
Chapel This Afternoon to
Pay Final Respects

Many friends of pioneer days in this city were present at the chapel of the B. C. Undertakers this afternoon to pay their final tributes of respect to the memory of the late Carl J. Johnson, whose death occurred earlier in the week. Rev. W. D. Grant Hollingworth, pastor of First Presbyterian Church, officiated and Peter Lien presided at the organ for the hymns. Following the service, interment was made in Fairview.

Palbearers, all friends of deceased of many years' standing, were O. A. Johnson, A. Halvarson, C. E. Johnson, Oscar Larsen, A. O. Morse and John Dybhavn.

There were many floral offerings.

Threatened Railway Strike Is Averted With Agreement On Five Percent Wage Cut

MONTREAL, Oct. 28: (CP)—The threatened strike of the running trades of the Canadian Pacific and Canadian National Railways was averted when it was announced today that a compromise of five percent wage reduction had been agreed upon instead of ten percent. This will make a fifteen percent reduction from the high point of a few years ago.

The new agreement is effective from November 1 and will continue for one year.

"Blow to Bennettism" and C. C. F. Says Guardian of Manchester of By-Elections

MANCHESTER, Eng., Oct. 28: (CP)—Under the caption "A Blow to Bennettism," The Manchester Guardian, Liberal, yesterday commented upon the three Canadian federal by-elections this week, finding them heartening on several accounts.

The Guardian pointed out that the Liberals had been successful despite the fact that a "new and vigorous party" in the C. C. F. had come into being to bid for the Progressive vote.

CAMPAIGN ECHOES

SOME REASONS WHY WOMEN SHOULD SUPPORT PATTULLO

- It was the Liberal Party which gave the women of British Columbia the franchise.
- It returned the first woman member in Canada and the first woman minister—the late Mary Ellen Smith.
- It gave the right to women to be elected to the Municipalities as Mayor, Reeve, Alderman and Councillor.
- It established Juvenile Courts and gave women the right to be appointed magistrates of such courts.
- It enacted the Mothers' Pension Act.
- It was the first to recognize the duty of the state to the widowed mother, and provided generous provision for indigent mothers during the time they were rearing their children at home.
- It established the Minimum Wage Act for women and girls.
- It passed the Testators' Family Maintenance Act providing that a wife who has been unfairly dealt with under her husband's will shall receive justice.
- It was the first government in Canada to pass an Old Age Pension law.
- It gave the mother equal guardianship rights with the father over the children. Prior to this a mother in B. C. had no right to be the guardian of her own child. Her husband, if he so desired, could take the child from her by law.
- It is pledged to State Health Insurance so that when illness comes the earnings of the breadwinner shall not cease.

SHOT BIG BLACK BEAR Anniversay of Wedding Observed

C. V. Evitt Killed Big Game With Bird Shot on Campagna Island This Week

A fine black bear was shot on Campagna Island this week by C. V. Evitt, who returned last night with S. D. Johnston, Frank Dibb and Stan Parker from a week's cruise to Pitt Campagna and other islands to the south in Red Pierce's boat Eric Roy.

It seems that Mr. Evitt was after birds with a shotgun loaded with number 4 shot. He came upon the bear suddenly and fired, striking it in a vital spot in the temple and killing it instantly.

The party found game very scarce. Most of the deer seen were does or fawns. Ducks and geese were also few in number.

Chief Petty Officer and Mrs. J. Anslow Entertain at Delightful Dancing Party

Chief Petty Officer Instructor and Mrs. J. Anslow celebrated their twenty-first wedding anniversary last night by entertaining some seventy friends at a delightful dancing party at headquarters of the Royal Canadian Naval Volunteer Reserve. Those present included a number of the officers of the wardroom mess as well as other friends. Dancing was enjoyed and delicious refreshments were served. Ted Anslow entertained with illuminated club swinging. General congratulations and best wishes were extended to the bride and groom of twenty-one years ago.

We feel it is a privilege to have the opportunity of listening to him. During the day the Commissioner will be ably assisted by Staff-Captain Acton, the Divisional Commander for Northern B.C. and Alaska. The Commissioner and Staff-Captain Acton are on their way to Alaska to conduct the annual congress at Petersburg having just come from the great territorial Congress gatherings in Toronto. Young people are specially urged to attend the afternoon meeting! Everyone is welcome to all of these services. Do not miss this opportunity!

Enthusiasm Displayed at Large Meeting For United Front Aspirant

(Continued from page one)

condemned. Every worker should get behind the United Front in its fight for repeal of Section 98 of the Criminal Code of Canada. As soon as the provincial election was over, the United Front would prepare to have a candidate in the federal field so as to hit anti-worker legislation in the head. The financial policy of Canada today was controlled by the heads of the Bank of Montreal, the Sun Life Assurance Co. and the Canadian Pacific Railway. It was the intention of the United Front to go after that junta of high finance. The United Front was also pledged to the policy of non-contributory unemployment insurance which, if put in effect, would do away with necessity for mothers' pensions, old age pensions and such like.

"The capitalistic system is already in decay and you cannot revive something that is decayed," said Mr. Chapman. "We would replace it with a system of production for use. A big vote for the United Front at this election would help to solidify our demands. If elected on November 2, I shall work in the interests of the workers in general and the unemployed in particular."

J. M. Dunn

J. M. Dunn, who said that scientific socialism was his creed, described the gulf that lay between the United Front and the C. C. F. movements. If he thought that C. C. F. would advance socialism, he would most certainly support but, on the contrary, he believed the return of C. C. F. could but result in an even worse debacle of discord and opportunism. The speaker engaged in a discussion of some of the academic phases of scientific socialism and Marxian philosophy which he declared Woodsworth and his C. C. F. followers had repudiated.

"I believe," declared Mr. Dunn, "that Pattullo will be the next Premier of British Columbia with a strong Liberal following but his government of necessity must be reactionary or it will doubtless fall swiftly."

The present condition of affairs would continue as long as the people submitted to the imposition of lower standards of living. The United Front platform was one of protest. There was no reason why the people of Canada should live in a state of semi-starvation in the face of plenty. He proposed a direct attack upon the owning or parasite class to whom the present governments paid tribute in the way of interest. Why should the promise of interest to the bondholders be considered inviolate while the promises made to soldiers who had given their lives and limbs were repudiated?

Though one would have to draw upon his imagination to conceive of such a thing happening, there could be no more effective means of protesting at such policies as those employed by Bennett in federal affairs than for Pattullo to be defeated in his own riding by a United Front.

The C. C. F. movement had its basis in the discontent of the western farmer at low prices of wheat and it was bound to fail in its objective of bringing together the worker and the farmer. "If wheat went up to \$1.50 tomorrow, the western farmer would quit reading the Commonwealth," declared the speaker amid laughter, "and would start reading the stock market."

W. H. Montgomery

W. H. Montgomery wondered where Mr. Pattullo intended to get the \$400,000,000 with which he UNITED FRONT GAL THREE 3 3 would institute his "work for wages" program. Mr. Bennett had already made it be known that there could be no further large commitments for relief.

As for the C. C. F., commented Mr. Montgomery, they were trying to use an anaesthetic upon the people to lead them up a dark alley. They said "nothing can be done until we get into power and then we will see what can be done." In the meantime what were the starving and homeless unemployed going to do?

If an advocate of schools for the children, hospitals for the sick, food for the hungry and clothes for the naked was a Red, then he was glad to be classed as a Red, declared Mr. Montgomery.

To give the devil his due, Mr. Pattullo at least recognized the situation which existed although he

CLUB DANCE IS SUCCESS

Elks' Home Thronged For Halloween Frolic of Prince Rupert Tennis Club

The Halloween Frolic of the Prince Rupert Tennis Club in the Elks' Home last night proved to be one of the most delightful and successful functions of the fall social season in Prince Rupert. Some two hundred persons thronged the hall and had a very happy time from 9:30 p.m. until 1:45 a.m.

The seasonal decorations, which were one of the features of the occasion, were arranged under the direction of Miss Laura Frizzell and inspired much comment. A ghost, for which Mrs. F. E. Robertson and Mrs. W. S. Kergin were responsible, proved novel. Special lighting effects were ingeniously arranged by Alex Mitchell.

There were fine refreshments at midnight, Mrs. F. E. Robertson being in charge of this important feature.

Following supper, W. H. Tobey presented the season's trophies to their winners as follows:

Ladies' singles, Miss Caroline Mitchell.
 Men's singles, William Tobey Jr.
 Ladies' doubles, Miss Laura Frizzell and Miss Joyce Edgcombe.
 Mixed doubles, W. L. Stamford and Mrs. S. P. McMorde.
 Men's doubles, J. H. Horton and R. D. Gregor.

Novelties and noisemakers were distributed and the party continued merrily. Novelty dances and community singing were also introduced.

Alex Mitchell was master of ceremonies and chairman of the committee in charge. Excellent music was furnished by Charlie Balagno's Orchestra. Other members of the committee were Mr. and Mrs. F. E. Robertson and Miss Laura Frizzell.

Work of Church Is Described By Word and Films

An interesting magic lantern illustrated lecture depicting work of the Presbyterian Church throughout Canada from Prince Edward Island on the east to British Columbia on the west was given by Rev. W. D. Grant Hollingsworth in the hall of First Presbyterian Church on Tuesday night under the auspices of the Women's Missionary Society. There was a fair attendance. The scenes were chiefly of buildings and institutions of the church and were appropriately described by Mr. Hollingsworth.

The Letter Box

ANSWER TO ECHOES

Editor, Daily News:
 I hope that you will allow me a little space to reply to the vitriolic attack in yesterday's "Campaign Echoes." Not that I seek to defend myself for it is my constant endeavour to follow the Man of Nazareth who never once raised his hand or voice in his own defence but championed the cause of others and shielded them from the attacks of their enemies. When a charge was laid against a certain woman and he was asked his opinion, he answered "He that is without sin among you, let him first cast a stone at her." Read also Matthew 25: 31-46.

I do not know that Mr. Pritchard needs me to defend him in any way. Since reading the letter written by his saintly mother in "The Province" of October 24 I am glad that I raised my voice in defence of his character. There must be a great deal of good in a man who has a mother like Priscilla Pritchard. I am glad for her sake that I wrote the letter in your paper the other day.

So far as the political campaign is concerned, discuss policies most certainly, having of course regard for the truth, but as to religious beliefs "No." That is a man's own business entirely.

As to religion, Jesus is in no danger of crucifixion at the hands of professed opponents but is in danger of being left to perish by crass indifference. Christianity is not a creed to be defended but a life to be lived, a quality of life greatly needed in political life.

For what I said the other day about "the standard of liberal ethics," I apologize to Liberals in general for I have learned that they do not approve of Campaign Echoes: Again I appeal to the Echoer—please be clean.

A Brief Synopsis of Liberal Policy

HEREWITH is a brief synopsis of policy as laid down by the Liberal Party of British Columbia, in convention held in October, 1932.

Many matters of interest, not specifically set out, will require consideration. The principles enunciated are indicative of the Liberal viewpoint, and are broad enough to meet every question within provincial jurisdiction.

The Liberal Party exists as an official organization for the purpose of formulating and furthering measures that will make for the well-being of each individual member of society, and the welfare of society as a whole.

Innumerable questions, both of public and personal character, can be properly treated only through the agency of government.

Government is not an ordinary business, but carries responsibility to meet every problem arising from our complex social and economic conditions, in order that not merely a few, but all of our people may live in reasonable comfort.

The Liberal Party pledges immediate action under the best available advice and closest study.

T. D. PATULLO.

August, 1933.

1.—Profitable and permanent **Employment** is the most important question facing our people. There should be co-operation between the national, provincial and municipal authorities and the Canadian banking system to establish the necessary credit to carry out a broad programme of constructive and useful wage-distributing public enterprise, and to further the health, education and well-being of all our people.

An **Economic Council** should be established, the membership of which shall consist of representatives of the various avenues of endeavour, such as health, education, agriculture, labour and the industries. This council will be appointed by the government on recommendation of the interests involved, and will act in an advisory capacity to the government.

Amongst other things the council will study industrial and social effort in the province and suggest means to correlate these efforts. It will familiarize itself with intra, inter-provincial and foreign trade, and will co-operate with the other provinces and the Dominion. It will also study such questions as production and consumption, and the marketing of our products, the number of hours of work per day and days of work per week, the standard of wages and commodity prices. These questions are of national as well as provincial concern, and British Columbia can take the lead in urging co-operation with the other provinces and the Dominion as a whole.

National Unemployment Insurance should be established upon a contributory basis.

2.—Our **Financial** position must be reviewed. Current expenditure must be kept within current revenue. While maintaining the credit of the province, effort must be made to reduce capital charges. We cannot continue to pay exorbitant rates of interest for money.

3.—The **Taxation Structure** must be revised with a view to reduction wherever possible, including exemption in the lower scale of wages and salaries.

4.—The health of each of us is important to the whole community, and a measure of **State Health Insurance** should be made effective, not only to preserve health, but to reduce costs both to the average citizen and to industry.

5.—A general and effective review must be made of the **Educational** problem, rejecting any proposed organization that involves a caste system. We must facilitate the intellectual growth of each individual member of society in order to equip him for his daily tasks, and for the enjoyment of such cultural pursuits as may be in keeping with our social customs.

Triangular disagreements between the school boards, municipal councils and the department of education must be adjusted, and our whole system placed upon a sound financial basis.

6.—The financial position of our **Municipalities** is of increasing concern. An equitable adjustment must be made as between the province and the municipalities, and the municipalities placed in a sound financial position.

7.—An effort should be made to settle our **Agricultural Lands** in order that more of our citizens may be self-supporting. Agriculture as a whole must be put upon a sound and profitable basis, and made capable of sustaining and directing itself, in line with all other national, basic industries.

8.—Continuous effort should be put forth to assist industry in **Marketing** its products, in timber, agriculture, fishing, mining and, in fact, every operation where it appears that useful service can be rendered.

9.—Our highways must be kept in good condition, both for the benefit of settlers and the tourist traffic, and expanded as circumstances warrant. In this connection a **Highway Board** should be established to make for continuity of policy and to inspire confidence in impartial treatment.

10.—A **Public Utilities Commission** should be established.

11.—A **National Central Bank** should be established.

12.—**Social Services**, such as Mothers' Pensions, Old Age Pensions, etc., must be maintained. Abuses of administration should not be allowed, and injustice through mere technicalities should not be permitted.

13.—The **Peace River** must be given access to the Coast.

14.—In order that the utmost **Freedom of Action by Members of the Legislature** may be assured in respect of questions before the House, it is Liberal policy that a government shall be considered to be defeated only upon a straight want-of-confidence motion.

15.—The Dominion Government will be asked to place the Province of British Columbia upon a basis of equality with the other provinces, and to this end request will be made for a Royal Commission to ascertain the extent to which the Province of British Columbia has not been given **Equality of Treatment with the Other Provinces** of the Dominion.

16.—There shall be a permanent **Voters' List** to ensure that all eligible voters are enrolled.

17.—The Leader of the Liberal Party is given a free mandate to choose for his associates in government, men of character, ability and standing, having regard solely to the public interest.

WATERFRONT WHIFFS

Halibut Fishing Season Closes—Namu Cannery Finally Closes Down—Whaling Season Successful

While midnight this Thursday marked the closing of legal fishing for halibut in North Pacific treaty waters, it is expected that it will be a week or ten days yet before the final catches of the year will have been landed by all the larger vessels of the fleet operating in the distant banks of Area No. 3. Not a great many more catches are expected at Prince Rupert, however, the relief being that the most of the large Seattle boats will run direct to the home port with their catches without stopping in the north to offer them for sale.

Landings continued to drop off at Prince Rupert during the past week, only 221,000 pounds being brought in by ten boats including the 25,000 catch of one Canadian vessel, the Lysekil for which she received 7.8c and 5c. The nine American vessels which sold 196,000 pounds received prices ranging from 8c and 6c, which was paid the Anna J. and Grant for catches of 3,900 and 40,000 pounds respectively, to 10c and 7c received by the Coolidge Sentinel and Yukon for 11,000, 23,000 and 20,000 pounds respectively.

For the season up to and including yesterday landings at Prince Rupert had reached a total of 12,324,000 pounds as compared with 14,286,350 pounds last year. This year's American landings stood at 7,163,000 pounds as against 10,149,100 pounds last year while the Canadian aggregate for 1933 was 5,163,000 pounds in comparison with 4,137,250 pounds last year.

The B. C. Packers salmon cannery at Namu in the central area, after continuing operations for several weeks after other canneries in Prince Rupert district closed down for the season, ceased packing operations during the past week. It had been running on chum salmon from the Bella Bella, Rivers Inlet and Queen Charlotte Island sealing areas. Fishing in the Rivers Inlet area was closed on October 13 and in Bella Bella on October 29. Seining is still being permitted on the Queen Charlotte Islands where salmon salteries are operating at Jedway and Houston Inlet.

The Gammon & Watt seineboat Zenardi, Capt. R. Gammon, is due to return to Prince Rupert today after having been engaged for several weeks in packing chum salmon from the Queen Charlotte Islands to Namu cannery.

Pink salmon eggs are again being

collected at Tiell River, Queen Charlotte Islands, for transfer to McClintock Creek, Massett Inlet, in continuation of the Biological Board's experiment to determine the possibility of establishing a run to Massett Inlet in the off years.

Despite the shortness of the season, the whalers of the Consolidated Whaling Corporation's fleet which recently returned to Victoria from Rose Harbor, Queen Charlotte Islands, had a successful year and all the products have been disposed of, it is reported by the management. The four whalers out this year brought in a total catch of 209 mammals.

As usual each season, Capt. Harry Anderson, aboard the White, was top man. He brought in a total of 64 whales, only two less than in 1930, the last season the whalers operated. Capt. Kanute Halvorsen, aboard the Brown, was second, with 49. Third was Capt. William Heater, aboard the W. Grant with a total of 48 and fourth was Capt. Andy Anderson, aboard the Green, with 46. The Black and the Blue did not operate this season. Of the 209 whales taken, 190 were of the sperm variety, which is very unusual and has not been known before on the coast. Usually 40 to 50 sperm whales are caught in a season. The four whalers did not leave port until early in June this year.

In 1930 there was a total catch of 319 whales, but six boats were operating and the season lasted over four months. In 1929 the total catch amounted to 406 whales. When the whalers left this year it was figured if the catch amounted to 300 whales the season would be a satisfactory one.

Ted Smith sailed last night on the Princess Adelaide for Vancouver enroute to Calgary where he will resume his engineering studies at technical school.

Ease Pain, Headache in Few Minutes

For Quick Relief Say ASPIRIN—When You Buy

Now comes amazingly quick relief from headaches, rheumatism, neuritis, neuralgia... the fastest safe relief, it is said, yet discovered.

These results are due to a scientific discovery by which an Aspirin Tablet begins to dissolve, or disintegrate, in the amazing space of two seconds after touching moisture. And hence to start "taking hold" of pain a few minutes after taking.

The illustration of the glass, here, tells the story. An Aspirin Tablet starts to disintegrate almost instantly as you swallow it. And this is ready to go to work almost instantly.

When you buy, though, be on guard against substitutes. To be sure you get ASPIRIN'S quick relief, be sure the name Bayer is in the form of a cross is on every tablet of Aspirin.
