CANDIDATE

Joseph B. McKee, Who Followed Jimmy Walker, Entering New York Field as Independent

NEW YORK, Sept. 30:-- Joseph B. McKee, who was acting mayor o New York following the resignation ist year of James J. Walker, announced yesterday that he would be an independent candidate for the mayoralty at the next election. He is entering the field, he explained, in protest at Tammany control of

After acting as mayor, McKee was Democratic candidate, the latter tion of funds which would be hanbeing chosen as mayor at the spe-, dled more profitably as one large cial election. Although he was not unit. an official candidate, O'Brien received a large complimentary vote at the special election through thousands of people writing in his name on the ballot papers.

FIRST DANCE THIS WINTER

Affair Staged Last Night By Elks Lodge Very Enjoyable

The local Elks' Lodge held its opening dance of the winter season last night in the Elks' Home, the affair proving to be one of much enjoyment for the forty or so couples who were present. Excellent music was provided by Charlie Balagno's Orchestra from 10 p.m. until 2 a.m. and Joe Scott was a genial master of ceremonies. At midnight delightful refreshments were served.

The committee in charge consisted of Joe Scott, Sam Joy. Alex Mitchell, Bill Lambie, Walter Johnson and Jack Cobb with "Nifty" Lambert presiding at the door.

TO DELAY

Court Order Means That David Lamson Will Not Go to Gallows Before Next Year

SAN JOSE, Sept. 30:-When Daid A. Lamson, former Stanford | contest the four Victoria seats University publishing house, execu- | in the Legislature. tive, left San Jose at noon Friday for San Quentin Penitentiary, where he has been sentenced to be hanged on December 15 for the murder of his wife by bludgeoning her to death in the bathroom of their FIVE DIE home in June, it was assured that the execution would be deferred until next year. Application had been granted by the courts for a review of the transcript which will automatically mean that the execution cannot be effected by the date set. Meantime, a coroner's jury inquiring into the death of Mrs. Lamson returned an open verdict, findng that the young woman had come to her death as a result of violent force due to a blow on the ormer City Clerk of Prince George back of the head but failing to name an assailant.

VANCOUVER, Sept. 30: (CP)- Young Indian Girl mission on municipal taxation. V. Is Lost Off Boat R. Clerihue, former city clerk at

that a provincial board of trustees While returning with her parents | administer sinking funds of the home at Kitkatla following a visit Is Exonerated to the city, Emily Temple, 9-year old Indian girl, became missing in the vicinity of Lewis Island yesterday afternoon and is believed to have been lost overboard. The boat John Huston Found Free of Blame turned back and made a search but there was no sign of the child. The supposed tragedy has been reported to the provincial police.

Dr. Will Kergin And Bride Here

Will Take Over Practice of Father For Two Months Before Going to Premier

Dr. William S. Kergin, son of Dr. and Mrs. W. T. Kergin, arrived in the city on the Prince Rupert this, morning, accompanied by his bride, who was formerly Miss Helen Mac-Donald of St. Thomas, Ont. Their marriage took place recently in St. Thomas.

Dr. Kergin jr. is to remain here until the middle of November taking care of the practice of his father, who has gone east to take up post-graduate work, and will then proceed to Premier to take over the practice of Dr. Robinson there.

The younger Dr. Kergin is one of Prince Rupert's best known pioneer boys and he and his bride are receiving the hearty congratulations of numerous friends.

Automobile and Motor Bus in Terrifie Collision Near Seattle Last Night

SEATTLE, Sept. 30: (CP)-Five persons, three men and two women, all of Tacoma, were killed last night in a terrific collision between an automobile and stage coach in Snoquamie Pass, seven miles west of Summit.

The dead include: Rev. Ralph C. Sergeant, Baptist Church minister; Dr. George Diehlman, chiropractor, and Mrs. Katherine Diehlman, Dr. Diehlman's wife, all of whom were passengers in the automobile.

Two small boys and several others were injured in the bus.

Ford More Concerned With Giving Living Wage Than With N.I.R.A.; Outspoken

DETROIT, Sept. 30:-Issuing a statement yesterday, Henry Ford declared that he was more concerned with providing a living wage for the employees in his automobile manufacturing plants than with strict adherence to the code of the National Industrial Recovery Act which he has refused to sign up under. He announced that a five-day, forty-hour week would be adopted in his plants and that disciplinary measures would be applied in the event of strike attempts. Already five hundred employees in one of the company's plants had been discharged for this reason and, if strike agitators forced him to do so, he would be prepared to close down his plants altogether, Mr. Ford made it clear.

Soviet Balloonists Go Up Nearly Twelve. Miles Into Thin Air

4 morning, a total of \$1317.68 was If This Checks Up to be Correct, Mark Set Last Year by Prof. August Piccard Will Have Been Exceeded

> MOSCOW, Russia, Sept. 30: (CP)-Three Russian balloonists who took off into the stratosphere early this morning later landed safely eighty miles from Moscow, reporting that they had reached an altitude of eleven and four-fifths miles. If the claim checks up to be correct it will mean that a new record has been made, breaking the mark set last year by Prof. August Piccard in his ascent.

LET US DO OUR BIT

There are in and around Prince Rupert a number of people who are unable through stress of circumstances to properly clothe themselves, their wives and their children. This is very unfortunate both for the people who are suffering and for the good name of the city. It is a condition that should not be tolerated.

One way of helping to right the condition temporarily is for those who have used clothes which they do not require to send them to one of the Gyro collecting depots-Ormes Drug Store, Gordon's Hardware or Q. & S. Grocery. These will be distributed to those who need them as occasion requires.

The clothes to be collected are for men, women and children and include boots and shoes and any article which can contribute to the comfort of the people at a time like the present. The name of the donor should be written on each bundle and the donation will be acknowledged through this paper.

A NEIGHBORLY GESTURE

An excursion to Ketchikan is being arranged by the railway company for next week providing a sufficient number declare their intention of going. They have set the rate so low that it is almost as cheap to make the trip as to stay at home.

A visit of this kind to the neighboring territory will be a friendly gesture which will help draw the two cities closer together. It is worth the favorable consideration of all those who feel they can afford it. More than that it should prove to be a splendid holiday.

A Brief Synopsis of Liberal Policy

LEREWITH is a brief synopsis of policy as laid down by the Liberal Party of British Columbia, in convention held in October, 1932.

Many matters of interest, not specifically set out, will require consideration. The principles enunciated are indicative of the Liberal viewpoint, and are broad enough to meet every question within provincial jurisdiction.

The Liberal Party exists as an official organization for the purpose of formulating and furthering measures that will make for the wellbeing of each individual member of society, and the welfare of society as a whole.

Innumerable questions, both of public and personal character, can be properly treated only through the agency of government.

Government is not an ordinary business, but carries responsibility to meet every problem arising from our complex social and economic conditions, in order that not merely a few, but all of our people may live in reasonable comfort.

The Liberal Party pledges immediate action under the best available advice and closest study.

T. D. PATTULLO.

August, 1933.

1.—Profitable and permanent Employment is the most important question facing our people. There should be co-operation between the national, provincial and municipal authorities and the Canadian banking system to establish the necessary credit to carry out a broad programme of constructive and useful wage-distributing public enterprise, and to further the health, education and well-being of all our people.

An Economic Council should be established, the membership of which shall consist of representatives of the various avenues of endeavour, such as health, education, agriculture, labour and the industries. This council will be appointed by the government on recommendation of the interests involved, and will act in an advisory capacity to the government.

Amongst other things the council will study industrial and social effort in the province and suggest means to correlate these efforts. It will familiarize itself with intra, inter-provincial and foreign trade, and will co-operate with the other provinces and the Dominion. It will also study such questions as production and consumption, and the marketing of our products, the number ' of hours of work per day and days of work per week, the standard of wages and commodity prices. These questions are of national as well as provincial concern, and British Columbia can take the lead in urging co-operation with the other provinces and the Dominion as a whole. National Unempleyment Insurance should be

established upon a contributory basis. 2.—Our Financial position must be reviewed. Current expenditure must be kept within current revenue. While maintaining the credit of the province, effort must be made to reduce capital charges. We cannot continue to pay exorbitant

rates of interest for money. 3.—The Taxation Structure must be revised with a view to reduction wherever possible, including exemption in the lower scale of wages and salaries.

4.—The health of each of us is important to the whole community, and a measure of State Health Insurance should be made effective, not only to preserve health, but to reduce costs both to the average citizen and to industry.

5.-A general and effective review must be made of the Educational problem, rejecting any proposed organization that involves a caste system. We must facilitate the intellectual growth of each individual member of society in order to equip him for his daily tasks, and for the enjoyment of such cultural pursuits as may be in keeping with our social customs.

Triangular disagreements between the school boards, municipal councils and the department of education must be adjusted, and our whole system placed upon a sound financial basis.

6.—The financial position of our Municipalities is of increasing concern. An equitable adjustment must be made as between the province and the municipalities, and the municipalities placed in a sound financial position.

7.-An effort should be made to settle our Agricultural Lands in order that more of our citizens may be self-supporting. Agriculture as a whole must be put upon a sound and profitable basis, and made capable of sustaining and directing itself, in line with all other national, basic industries.

8.-Continuous effort should be put forth to assist industry in Marketing its products, in timber, agriculture, fishing, mining and, in fact, every operation where it appears that useful service can be rendered.

9.—Our highways must be kept in good condition, both for the benefit of settlers and the tourist traffic, and expanded as circumstances warrant. In this connection a Highway Board should be established to make for continuity of policy and to inspire confidence in impartial treatment.

10 .- A Public Utilities Commission should be established. 11 .- A National Central Bank should be estab-

lished. 12.—Social Services, such as Mothers' Pensions, Old Age Pensions, etc., must be maintained. Abuses of administration should not be allowed, and injustice through mere technicalities should not be permitted.

13.—The Peace River must be given access to the Coast.

14.-In order that the utmost Freedom of Action by Members of the Legislature may be assured in respect of questions before the House, it is Liberal policy that a government shall be considered to be defeated only upon a straight want-of-confidence motion.

15.—The Dominion Government will be asked to place the Province of British Columbia upon a basis of equality with the other provinces, and to this end request will be made for a Royal Commission to ascertain the extent to which the Province of British Columbia has not been given Equality of Treatment with the Other Provinces of the Dominion.

16 .- There shall be a permanent Voters' List to ensure that all eligible voters are enrolled.

17.—The Leader of the Liberal Party is given a free mandate to choose for his associates in government, men of character, ability and standing, having regard solely to the public interest.

SHOE PRICES As Low as Ever

MADE BY MANUFACTURERS

Yesterday we sold a pair of logging shoes to a man who buys a good many pairs in a year and knows what he is talking about. He said they were better shoes for the money than he had ever been able to buy before anywhere.

> That is the story we are hearing continually by all kinds of buyers. It is the reason people keep coming back to us for shoes.

> We have just received a shipment of Leckie's Boots and Shoes which are being sold at the usual low prices.

> BETTER SHOES at LOWER PRICES

is our motto. Follow the crowds to-

Yet as much by reason of the limits as any other factors, prices have been better

throughout the season. "Moreover, the Canadian fleet has no reason for complaint. Those of its vessels which operated this year profited both by the existence of a limit and by the voluntary curtailment carried on by the American fleet. For example, of 37 Prince Rupert vessels that fished each of the past five years, records to date of writing show that the landings are much in excess of those of the high year 1929, as follows: 1929-4,357,000 pounds; 1930 -3,852,000 pounds; 1931-3,814,000 pounds; 1932-3,882,000 pounds and

in 1933-5,000,000 pounds. "Of these vessels, those which were not wrecked, or did not charter for salmon, landed over 30 per FRIDAY and SATURDAY SATURDAY MATINEE At 2:30—15c & 35c
