## ELECTION CAMPAIGN GAINING FORCE

### PATTULLO ADDRESSES LARGE MEETING IN VANCOUVER

#### Prince Rupert Field Will Number Three It Now Appears Evident

No Move Towards Nominating Either Bowser-Donaghy Independent or Tolmie Unionist Although "Dark Horse" Possibility Still Exists

Barring the possibility which will exist up to nomination day on October 12 of some sort of independent entering the field, present indications are that the provincial election contest in Prince Rupert riding will be limited to the three already announced candidates—T. D. Pattullo, Liberal; G. W. Rudderham, Co-operative Commonwealth

#### Dennies to Run For Burrard Seat

Minister of Labor to Enter Provincial Election Contest as Labor-Unionist

VICTORIA, Sept. 27. (CP)—Hon. William Dennies, minister of labor in the Tolmie government, will run as a Labor-Unionist candidate in Burrard riding in the forthcoming election, it is announced.

#### SENTENCED TO DEATH

David A. Lamson to Hang on December 15 For Murder of His Wife

SAN JOSE, Cal., Sept. 27. (CP)—David A. Lamson, Stanford University publishing house executive and former resident of Red Deer, Alta., has been sentenced to hang at San Quentin Penitentiary on December 15 for the murder of his wife last June. He had been convicted a few days ago by a jury here of killing Mrs. Lamson by bludgeoning her with a piece of pipe as she bathed. Sentence followed motion of defence for a new trial.

#### FIFTY DEAD IN TAMPICO

Only Three Days Food Available in Mexican City—Damage Widespread

TAMPICO, Mex., Sept. 27.—It was estimated last night that at least fifty persons were killed as a result of the tornado and flood disaster which visited this city on Monday, injuring thousands, rendering many more thousands homeless and causing millions of dollars damage. Such parts of the western end of the city which were not destroyed were submerged under from ten to fifteen feet of water.

It is believed that there are only enough foodstuffs to last the stricken people of the city for three days.

Other communities along the Mexican coast are reported to have been destroyed and severely damaged.

Reports of the casualties and property loss are still incomplete. Seventeen convicts made their escape when a jail was levelled.

#### MERGER OF PULP FIRMS

Three Big Washington Concerns With Assets of Ten Million Dollars to Consolidate

SEATTLE, Sept. 27.—The merger of three important northwest Washington pulp and paper companies with assets of over \$10,000,000 was announced yesterday. The firms are the Rainier Pulp & Paper Co. of Shelton, the Sound View Pulp Co. of Everett and the Olympia Forest Products Co. of Port Angeles. The consolidation is to become effective March 1.

#### JESSIE IS FINANCED

Development Work to be Continued Throughout Winter on Well Known Smithers Property

Reporting that he had concluded negotiations with Vancouver and Seattle interests for the financing of development work throughout the coming winter on the promising Jessie mine on Hudson Bay Mountain, L. S. McGill, well known Smithers barrister and mining man, arrived in the city on the Prince George this morning from the south and will proceed to Smithers on this evening's train. Mr. McGill has been in the south for the past month on mining business.

#### New Sport in Germany, Playing With Machine Guns

Here is ample proof that Germany is preparing for war—or something. Forbidden by terms of the Versailles treaty to carry out anything that would suggest armed military display, Germans take her military training work into athletics, and here soldiers are seen in a new sport. The object is to place the machine gun on a raft. It must have been a hot day by the way they are dressed, or maybe those are gym trunks. Nice pleasant sport, playing with machine guns!

### Liberal Leader Again Advocates Program of Work and Wages Here

Predicts That Premier Bennett Will Not Dare to Come Before Parliament Without Plan For Big Public Works Undertakings

VANCOUVER, Sept. 27. (CP)—"I'll venture to say that Mr. Bennett will not dare to come before Parliament without a plan which will include a big public works program," declared T. D. Pattullo, leader of the Liberal party, in addressing a large meeting in the Auditorium here last night. Mr. Pattullo was advocating an expansion of credit

#### President Having Family Reunion

Roosevelts are Gathered in Hyde Park Today, Chief Executive Coming From Washington

NEW YORK, Sept. 27.—President Franklin D. Roosevelt arrived here overnight from Washington to attend a family reunion at the Hyde Park home of the chief executive.

#### NEW YORK STOCK EXCHANGE NOT TO MOVE AFTER ALL

NEW YORK, Sept. 27.—The proposal to move the New York Stock Exchange from here to Newark, N.J., on October 2, was abandoned yesterday following the vetoing by Mayor John P. O'Brien of the proposed new brokers' profits and stock transfer taxes.

#### Pound Sterling and Canadian Dollar on New York Exchange

NEW YORK, Sept. 27.—The British pound sterling closed at \$4.74 on the local foreign exchange yesterday. The Canadian dollar closed at 97 9/16c.

#### Educational Situation in City Is Reviewed at Public Meeting; To be Looked Into by Committee

Following a general discussion of the educational situation in Prince Rupert, with particular reference to the action of the city commissioner in imposing a fee of \$50 upon pupils sixteen years of age and over and restricting educational facilities to children seven years of age and over, a large and representative gathering of citizens, meeting

#### Eleven Convicts Escape From Pen

Deputy Sheriff Kidnapped and Forced by Jail Birds to Drive Them Away

GARY, Ind., Sept. 27.—Eleven convicts shot their way out of Indiana State Penitentiary yesterday afternoon, a number of them making their getaway by kidnapping Deputy Sheriff Charles Hill whom they forced to drive them away in his own car.

#### Selling Flurry Forces Security Values to Drop

NEW YORK, Sept. 27.—A late flurry of selling yesterday forced down the prices of a number of leading stocks in trading on the New York Stock Exchange. The industrial average at closing was 97.42, off .52. Rails closed at an average of 42.11, off .4; utilities, at 29.48, off .37, and bonds at 84.44, off .11.

#### Colorado Records Official Wetness

Delegates Get Together and Vote Unanimously For Repeal of Prohibition Law

DENVER, Colo., Sept. 27.—The state of Colorado formally recorded itself in favor of repeal yesterday when fifteen wet delegates, following the recent referendum, gathered and cast a unanimous vote in favor of ratification of the new Twenty-First Amendment.

#### Vancouver Wheat

Wheat was quoted at 61½c on the local exchange yesterday and was down to 61¼c today.

#### CHICAGO WHEAT DOWN

CHICAGO, Sept. 27.—Wheat futures were down from 2c to 23ac at the close of trading on the Chicago grain market yesterday.

#### UNITED STATES REFUSES TO STOP NAVY BUILDING

WASHINGTON, D.C., Sept. 27.—United States formally advised Great Britain yesterday that it would be unable to suspend any part of the naval building program which is now under way in this country. This was in answer to a suggestion along these lines made by Great Britain last week.

#### Policy Criticized

At this point the commissioner was criticized for his policy regarding beginners. It was stated that pupils who would not be seven until June were admitted to the Borden Street School, while no such beginners' class was started in the Booth Memorial School. This, it was held, was discriminating against children in the east end of the city who were too far distant to attend Borden Street. The commissioner replied to this criticism, although pointing out that he was not present to reply to criticism or questions. The commissioner then retired. D. A. MacPhee quoted amended Section 140 of the Public Schools Act and emphasized the fact that this section required that provision be made by school boards so that pupils of Grades 9 and 10, whose parents are unable to pay tuition fees, may have the advantage of the school either without fee or at some

DAILY EDITION Wednesday, Sept. 27, 1933

WHO BUILT THE HIGHWAY?

There are people in this city who see nothing good in the work that T. D. Pattullo has done for Prince Rupert. They have never admitted that he has accomplished anything. They have jeered at him, sniped at him, maligned him in the good old way told about by Charles Dickens but that he ever did one good thing they deny.

Such men weaken the cause which they support. In fact, they are a menace to any community.

Take the case of the building of the highway. We all know that when Mr. Pattullo was elected in 1916 there were very few cars in Prince Rupert and very few who expected to use a highway. It was looked upon as a needless expense. But Mr. Pattullo did not think so. He set about persuading his colleagues to lay out the highway and to commence work on it. It was several years before this was done but eventually the Oliver government agreed to the general principle of a highway through Northern British Columbia and committed themselves to its construction. Work was started in a small way and as public opinion was brought in line the work was speeded up with the result that five miles of road was completed and plans prepared for the bridge across the narrows.

Then the government was defeated and the Conservatives started out well and carried on the work, completing about two miles and doing considerable work on another mile, and building the bridge. Then the equipment was moved away or allowed to be stolen, the camp dismantled and the work stopped. There it is today with not the least sign of activity. At a time when the need for the work and the demand for the facility is increasing everything is shut down.

Mr. Pattullo has publicly stated that if the Liberals are elected the work will proceed and he has hopes that it will be completed within a very few years. He is not a man who makes wild promises but he pledges himself to the highway. If elected he will have the power to do the work, something that can be said of no other candidate. From past experience we know that when Mr. Pattullo sets his hand to do something he is likely to carry it through. He is the best bet for Prince Rupert just now.

EDUCATIONAL SITUATION IN CITY IS REVIEWED AT PUBLIC MEETING; TO BE LOOKED INTO BY COMMITTEE.

(Continued from page one)

smaller fee within the means of the parent or guardian. Fifty dollars was too much to expect people who were unemployed or almost unemployed to pay. If the older people who had managed civic affairs had received the kind of education which parents of today desired to give their children, they would not have driven the city into the hands of the bondholders. He thought the commissioner was going beyond his powers, at least from a moral point of view. A high fee meant discrimination against the children of workers and in a democratic society there should be equal opportunities for all children.

No Reason For Tax

J. S. Black pointed out that the commissioner, on taking office, had accepted the mill rate set by the outgoing council. This included the estimate set by the school board for the current year. This estimate was accepted and was sufficient for educational expenditures. Moreover the school board had had a surplus of between \$2000 and \$3000. No by-law had been passed to allow of this money being spent for other than educational purposes. Hence for this year at least he could not see why there should be any reason for levying a tax upon school children.

City Treasurer D. J. Matheson gave a concise statement of school finance. The school rate of 16 mills was to bring in \$66,000. Of this \$44,000 had been collected to date. The government grant of \$15,000 added to this made a total revenue of \$59,000 for schools. On the other side, salaries and administration cost approximately \$57,000. On top of this debentures on schools amounted to \$17,000, making a total of \$74,000. This left a deficit of \$15,000 which must be raised somehow—by taxation, or contributions, or fees or by some other plan.

Replying to a question from the chairman, Mr. Matheson stated that there could be no reduction of interest on bonds except by consent of the bondholders and an act of Parliament to ratify same. The city had in mind the refunding of part of the obligations so that only interest would have to be met for some years. In the meantime the schools could not operate without sufficient money. He suggested that an effort be made to help those pupils who were unable to pay.

T. Ross Mackay thought it humiliating to have to go around collecting money to pay for the education of children. Prince Rupert was really in a better condition than most municipalities and the commissioner's task was really not so difficult. Yet the whole economy plane appeared to be to cut down the schools. The outgoing council, when it set the mill rate and accepted the school board's estimate, had obligated itself to raise the money. This obligation was still the first charge on the commissioner's collections. The bondholders should accept their losses just as business men were doing every day and as other people are doing.

He demanded an immediate sale of all property held in Prince Rupert by the provincial government. One block alone would have brought in enough taxes to pay the deficiency in the sinking fund and current indebtedness to the bondholders.

Would Pledge Candidates

Ex-Ald. Oscar Larsen advised that the citizens should concentrate in demanding from all candidates at the forthcoming election a pledge to amend the School Act so that there should be equal educational opportunities for all children from six years upwards. The commissioner considered that Prince Rupert was an outlying district engaged in fishing and mining and their children did not require a high school education.

Ex-Ald. S. D. Macdonald agreed with Mr. Larsen and believed that such a plan would carry more weight and do more good than many people thought. The situation should be weighed thoroughly, discriminatory legislation removed from the statute book and the School Act amended so that the children of the workers should not be excluded from high school education.

The Letter Box

GET ALIVE TO FACTS

Editor, Daily News:—

The remarkable fact that the changes in the social system in Russia, in Italy, in Germany, in the U. S. A. is centralized first in strengthening the authority of the state, thence its intervention in private economy to regulate the economic factors.

In the U. S. A. the Industrial Recovery Act now endorsed by the Trades and Labor Councils of Canada, was the outcome of an orderly election. The U. S. A. had no extremists, no Communists, no Socialists; there was no display of force, no Mussolinism or Hitlerism. The Democratic way has been sufficient, and will be sufficient.

We must get alive to the fact that the social and economic factors are dependent on the political factors. It is within the power of man to shape its destiny. By changing the institutional organs of the state, the state can change social relations and social conditions. Just see how fast Roosevelt with the power of his codes is changing social relations and social conditions in the U. S. A.

The unflinching action of a true democratic hand is doing the work, not by recurring to old principles and old theories, but by just exercising a genuine human will-power inclined to serve the nation and the masses. What is most urgently needed is work at decent wages, and not new confusatory experiments of the C. C. F. style. We must admit that the Nineteenth Century individualism crumbles down, but the N.R.A. is the correction, not the C.C.F. True democracy can do the same in Canada.

SALMON GOLD MINES LTD. One Chance in a Lifetime. Strikes are FOLLOWING IN RAPID SUCCESSION AT THE SALMON GOLD MINES. Stewart and Premier people are all excited over the latest find just announced. Samples are running very high in free gold and D. Campbell, superintendent of the Big Missouri, went over to see it and was much impressed. In the first discovery of the Salmon Gold main zone general average values covering a length of 300 feet, width 10.96 feet, at present prices of gold is \$22.00 a ton, which means that for every foot of depth there is ore of a value of \$5,918.00. With the main ore body just uncovered at 200 feet lower elevation than the present workings, if the ore body continues with the same values, the ore will have a value of \$1,173,300.00. The vein at the 200 foot level has a width of 35 feet, well mineralized. Vein No. 3 in eight open cuts gives an average value of \$17.10 for a length of 320 feet and a width of 5.37 feet. Four more parallel veins have been discovered, making the total of veins 12. Capitalization, 3,000,000 shares of 50c par value. Only 1,450,000 shares outstanding including this offering. Shares selling now at 20c each, prices will be advanced to probably 50c by the end of the month. COLLART & McCAFFERY LTD. Sole Agents Prince Rupert, B.C.

## LOCAL NEWS NOTES

Wood and Coal—One Load of Wood and One Ton of Coal \$14.00  
Albert & McCaffery.

Mr. and Mrs. Fred Brown and son are passengers on the Prince George today returning to Anyox after spending a holiday in the south.

W. H. Tobey, C.N.R. divisional superintendent, returned to the city this morning on the Prince George after a brief visit to Vancouver.

Mrs. L. W. Patmore and two daughters returned this morning on the Prince George after having spent two weeks visiting in Vancouver.

Frank Jenkins, for his third offence on a charge of drunkenness, was sentenced to twenty days' imprisonment without option of fine in city police court this morning.

Union steamer Catala, Capt. A. R. Dickson, arrived in port at 12:30 noon yesterday from Anyox, Stewart and other northern points and sailed at 1:30 p.m. for Vancouver and waypoints.

William Dann, who has been spending some time at Stewart in connection with the United Empire Mine, was a passenger aboard the Catala yesterday afternoon going through to Vancouver.

Mrs. D. B. Harrington and daughter, Mrs. P. E. Perks, and son, L. H. McKay, of Anyox are passengers aboard the ss. Prince George today returning north after having spent a month holidaying in the south.

E. H. Mortimer returned to the city on the Prince George this morning after accompanying his son Richmond as far as Vancouver, Richmond, who had been here for some time intending spending the winter in Victorville, California, with his sister, Mrs. Yelton.

Following the change in train service next week which will bring trains into Prince Rupert at 10 o'clock Tuesday, Thursday and Saturday evenings from the East, the sailing of the ss. Prince George from here to Vancouver on Thursday nights will be delayed from 10 until 10:15 p.m. As previously announced, trains will leave for the East under the new time table at 5:30 Monday, Wednesday and Friday afternoons.

Joseph Bennett, Pacific Coast superintendent of Alberta Wheat Pool's elevators, arrived in the city on the Prince George this morning from Vancouver for a brief visit to the local elevator which is now being filled with grain from the prairies. Mr. Bennett, who will sail tomorrow night on his return to Vancouver, has no statement to make as to when exports of wheat from the local house may be expected to commence.

For three trips commencing this week, the steamer Cardena will sail from Vancouver at 2 o'clock Tuesday afternoons instead of at 8 o'clock in the evenings. It is announced by Union Steamships Limited. The earlier departure from Vancouver is being made in view of the fact that the vessel is to make some extra calls on her way up the coast. There will be no change in the time of arrival and departure of the vessel at this port on Fridays.

## Diamond Colors!

—no others so rich so true and lasting

Women often ask why it is that they are so much surer of success with Diamond Dyes than with others.

The reason is just this: Diamond Dyes contain a greater amount of the finest aniline coloring matter obtainable. That's the beauty secret of Diamond Dyes. That's why Diamond colors are so even, so live and rich! No streaks, no dullness.

Have the full beauty of these colors in your wardrobe, your home furnishings. Diamond Dyes, you know, give permanent dark colors by boiling.

If you want dainty light shades without boiling, as for lingerie, dresses and blouses, use the lovely Diamond Tints. At all drug stores.

## Diamond Dyes

Highest Quality for 50 Years

Silversides Bros. for Wallpaper, Glass, Paint and Mureoco.

United Church W.M.S. tea at Parsonage tomorrow from 3 to 6.

A charge of supplying liquor to Indians against Ernest Lewis was dismissed in city police court this morning for lack of prosecution.

Miss Eileen Stewart, who has been holidaying in the south for the past month, returned to the city on the Prince George this morning.

Elvin Johnson of the staff of Burns Co. Ltd. was a passenger returning on the Prince George this morning after a two-weeks' holiday in Vancouver and Seattle.

Northland Transportation Co.'s motorship Northland, Capt. Len Williams, arrived in port at 8:30 this morning from Ketchikan and, after discharging three carloads of frozen halibut for transshipment East over the Canadian National Railways, sailed shortly before noon for Seattle.

Miss C. M. Irvine of the Daily News business office staff, who has been on a two weeks' holiday visit to Vancouver and Victoria, returned to the city from the south on the Prince George this morning. While in Victoria she met Mrs. H. E. Tremayne, Misses Dorothy and Frances Tremayne, Miss Eleanor Moxley, Miss Eleanor Patmore and other former Prince Rupert folk.

R. M. Bagshaw, travelling auditor for the provincial government, who has been spending the past weeks in the city and district on official business, arrived on the Catala yesterday after a visit to Stewart. Accompanied by Mrs. Bagshaw, who was formerly Miss Catherine Jones of this city, he will be returning in a few days to Victoria. They were married in Vancouver just before coming north and will make their home in the Capital.

## A Brief Synopsis of Liberal Policy

HERewith is a brief synopsis of policy as laid down by the Liberal Party of British Columbia, in convention held in October, 1932.

Many matters of interest, not specifically set out, will require consideration. The principles enunciated are indicative of the Liberal viewpoint, and are broad enough to meet every question within provincial jurisdiction.

The Liberal Party exists as an official organization for the purpose of formulating and furthering measures that will make for the well-being of each individual member of society, and the welfare of society as a whole.

Innumerable questions, both of public and personal character, can be properly treated only through the agency of government.

Government is not an ordinary business, but carries responsibility to meet every problem arising from our complex social and economic conditions, in order that not merely a few, but all of our people may live in reasonable comfort.

The Liberal Party pledges immediate action under the best available advice and closest study.

T. D. PATTULLO.

August, 1933.

1.—Profitable and permanent Employment is the most important question facing our people. There should be co-operation between the national, provincial and municipal authorities and the Canadian banking system to establish the necessary credit to carry out a broad programme of constructive and useful wage-distributing public enterprise, and to further the health, education and well-being of all our people.

An Economic Council should be established, the membership of which shall consist of representatives of the various avenues of endeavour, such as health, education, agriculture, labour and the industries. This council will be appointed by the government on recommendation of the interests involved, and will act in an advisory capacity to the government.

Amongst other things the council will study industrial and social effort in the province and suggest means to correlate these efforts. It will familiarize itself with intra, inter-provincial and foreign trade, and will co-operate with the other provinces and the Dominion. It will also study such questions as production and consumption, and the marketing of our products, the number of hours of work per day and days of work per week, the standard of wages and commodity prices. These questions are of national as well as provincial concern, and British Columbia can take the lead in urging co-operation with the other provinces and the Dominion as a whole.

National Unemployment Insurance should be established upon a contributory basis.

2.—Our Financial position must be reviewed. Current expenditure must be kept within current revenue. While maintaining the credit of the province, effort must be made to reduce capital charges. We cannot continue to pay exorbitant rates of interest for money.

3.—The Taxation Structure must be revised with a view to reduction wherever possible, including exemption in the lower scale of wages and salaries.

4.—The health of each of us is important to the whole community, and a measure of State Health Insurance should be made effective, not only to preserve health, but to reduce costs both to the average citizen and to industry.

5.—A general and effective review must be made of the Educational problem, rejecting any proposed organization that involves a caste system. We must facilitate the intellectual growth of each individual member of society in order to equip him for his daily tasks, and for the enjoyment of such cultural pursuits as may be in keeping with our social customs.

Triangular disagreements between the school boards, municipal councils, and the department of education must be adjusted, and our whole system placed upon a sound financial basis.

6.—The financial position of our Municipalities is of increasing concern. An equitable adjustment must be made as between the province and the municipalities, and the municipalities placed in a sound financial position.

7.—An effort should be made to settle our Agricultural Lands in order that more of our citizens may be self-supporting. Agriculture as a whole must be put upon a sound and profitable basis, and made capable of sustaining and directing itself, in line with all other national, basic industries.

8.—Continuous effort should be put forth to assist industry in Marketing its products, in timber, agriculture, fishing, mining and, in fact, every operation where it appears that useful service can be rendered.

9.—Our highways must be kept in good condition, both for the benefit of settlers and the tourist traffic, and expanded as circumstances warrant. In this connection a Highway Board should be established to make for continuity of policy and to inspire confidence in impartial treatment.

10.—A Public Utilities Commission should be established.

11.—A National Central Bank should be established.

12.—Social Services, such as Mothers' Pensions, Old Age Pensions, etc., must be maintained. Abuses of administration should not be allowed, and injustice through mere technicalities should not be permitted.

13.—The Peace River must be given access to the Coast.

14.—In order that the utmost Freedom of Action by Members of the Legislature may be assured in respect of questions before the House, it is Liberal policy that a government shall be considered to be defeated only upon a straight want-of-confidence motion.

15.—The Dominion Government will be asked to place the Province of British Columbia upon a basis of equality with the other provinces, and to this end request will be made for a Royal Commission to ascertain the extent to which the Province of British Columbia has not been given Equality of Treatment with the Other Provinces of the Dominion.

16.—There shall be a permanent Voters' List to ensure that all eligible voters are enrolled.

17.—The Leader of the Liberal Party is given a free mandate to choose for his associates in government, men of character, ability and standing, having regard solely to the public interest.

# Why Get Colds?

## or Catch the Flu?

RUBBERS ARE CHEAP AND NO ONE CAN AFFORD TO BE WITHOUT THEM. WE HAVE:

**Children's Rubbers at 60c.**  
**Men's Rubbers at - 90c.**

Colds are becoming prevalent and flu is also reported in and around the city. To prevent these, keep the feet dry always by using rubbers. They keep the feet warm and save the shoes. The cost is trifling.

### BAMFORD IS NOMINATED

Former Conservative Will be Independent Standard Bearer in Skeena

HAZELTON, Sept. 27.—At an enthusiastic meeting held in Hazelton last night, Dr. R. C. Bamford of Smithers was unanimously selected to run as Independent in Skeena riding in the coming election. Members of all parties were present and Dr. Bamford's nomination was moved by G. D. Parent of New Hazelton, an old time Liberal.

Dr. Bamford had been previously nominated as straight Conservative candidate in Skeena riding, this having been prior to the decision of the provincial Conservative executive not to participate in the provincial campaign.

### GANGSTER CAPTURED

"Machine Gun" Kelly, Wanted For Kidnapping, Surprised and Taken by Police

MEMPHIS, Tenn., Sept. 27.—George ("Machine Gun") Kelly, notorious gangster, who is wanted in connection with the kidnapping of Charles Unshell, Oklahoma millionaire, was surprised and captured by police officers early yesterday morning in a bungalow here. As Kelly slept, the house was surrounded by the police, one patrolman entering and, armed with a sawed-off shotgun, taking up his post outside Kelly's bedroom and arousing the bandit. Kelly came to the door with a 45-calibre revolver which he dropped, on seeing that he was covered, thereupon surrendering.

With Kelly, who admitted his identity, were taken his wife and two men companions.

The police were able to capture the bandit as a result of a tip which they were given by a 12-year old girl who, evidently with a view to diverting suspicion, was being used to pose as the daughter of the Kellys.

Kelly, shortly after his arrest, boasted that no jail would be able to hold him and asserted that he would soon escape. He is believed to have been implicated in a number of murders as well as kidnapping cases.

The gangster's wife stated that she was through with Kelly and wished to return to her home in Oklahoma City.

### NEW FILM PRESENTED

"Double Harness," Starring Ann Harding and William Powell, Here This Mid-Week

Combining sophistication with comedy, "Double Harness," a new and finely acted talking picture with Ann Harding and William Powell in the leading roles, is being presented at the Capitol Theatre here the middle of this week. The play puts a new complexion on the familiar husband-wife love story plot and is said to be ripe with human interest elements.

The story tells how Joan Colby (Ann Harding), with her younger sister, Valerie (Lucille Brown), married, realizes that she had better stir herself if she is not to be relegated to the old maid class. By a ruse, she finally lands John Fletcher, a rich man play boy, interesting complications ensuing in her fight to retain his affections in which she is eventually successful.

Other prominent members of the cast include Henry Stephenson and Lillian Bond. The play is elaborately mounted.

Agriculture is virtually the sole source of Egypt's national wealth.

### Two Men Charged With Possession Of Stolen Goods

Having been brought to the city on Sunday night's train from Inverness where they were arrested by Provincial Constable Robert Gibson, John Anderson and Andrew Sorenson appeared before Stipendiary Magistrate Andrew Thompson in provincial police court here and were charged with having stolen property in their possession, namely a net belonging to a Japanese. The two men were remanded for eight days and released on \$200 bail.

The provincial police are prosecuting the case while R. L. Lennan is appearing as defence counsel.

Mrs. J. D. Fraser, who was called to Vancouver recently on account of the death of her father, returned to the city from the south on Prince George today. She was accompanied by her mother, Mrs. J. B. Hamilton, who will visit her here.
