Pasadena Society Girl is Linked Up With Killing of Well Known Dentist of That City

PASADENA, Cal., Dec. 14:—An unnamed Pasadena society girl was being associated yesterday with the slaying on Tuesday night of Dr. Leonard Seiger, 44-year old Pasadena dentist, whose body was found several hours after he had been shot to death. Police revealed yesterday that a note had been found near the body, the signature on which is being withheld for the present. Seiger is believed to have been murdered shortly after 7 o'clock Tuesday evening as he was entering his car which he had parked in a cathedral driveway about a block away from his office which he is believed to have left a few minutes earlier. He was shot twice, once behind the ear through the head and also through the chest.

Skipper Charles B. Smith, Well Known Coast Pilot, Passes in Vancouver at Age of 45

VANCOUVER, Dec. 14: (CP)—Capt. Charles B. Smith, aged 45, well known coast pilot, died here yesterday.

The late Capt. Smith was well known in Prince Rupert as well as elsewhere along the coast. For many years before being appointed to the pilotage he was master of both passenger and freight vessels of the Union Steamship Co. and he had many friends locally who will regret to hear of his demise.

AGREEMENT DIFFICULT

Breach Between France and England Over German Disarmament Demands Reported

PARIS, Dec. 14:—A serious breach between France and England over formula for meeting demands of Germany in connection with the disarmament problem was reported in official quarters yesterday with France, apparently, continuing its isolated stand on the question. There was reticence in all quarters to comment upon the matter.

MONTREAL TONG WAR

Six Chinamen Are Injured and Sixteen Under Arrest

MONTREAL, Dec. 14: (CP)—As a result of a battle among warring gangs, three Chinese are in a critical condition from hatchet wounds. Three others are less seriously injured and sixteen were arrested here this morning.

New York Stock Trading Day Is Irregular Again

NEW YORK, Dec. 14:—Security values again closed irregular on the New York Stock Exchange yesterday after a dull day of trading during which 1,330,000 shares changed hands. The industrial average at closing was 100.69, off .95; rails, 41.99, off .48; utilities, 24.45, up .08, and bonds, 83.59, off .01.

UNITED STATES GOLD

WASHINGTON, D.C., Dec. 14: (CP)—The United States Treasury price of gold remained unchanged today at \$34.01. The Montreal price was \$31.86.

Dr. J. H. Carson left on last evening's train for Smithers where he will spend the week-end.

Will Santa Claus Come to Them?

There are in Prince Rupert today a number of little folks who are wondering if Santa Claus will come to them this Christmas. There seems to be little hope unless some organization such as the Salvation Army makes it possible. While there are a number of organizations and groups in the city who are looking after special people, it remains for the Salvation Army with its wide appeal, to attend to all not otherwise looked after.

The Army has no funds but such as are contributed and just now they are asking for help to bring cheer to a good many families and to entertain a great many youngsters on Christmas Day. They make a dollar go a long way. If you can't afford more, send them a dollar.

Maybe Hitler Is Not Teetotaler After All

If you look closely at the above picture you will see on the table near Chancellor Hitler a wine, or liqueur glass. Hitler has always held himself proudly as a teetotaler. The snapshot was taken on one of the busy days of the chancellor. It shows the German dictator in conference with his minister of labor, Dr. Franz Seidler, in the reich chancellery. In this room are laid out most of the plans by which the country is governed.

Veterans Hold Regular Meet

Canadian Legion In Session Last Night—Progress On Building

The regular monthly meeting of the Canadian Legion, Prince Rupert Branch, was held last evening in the clubrooms with a good attendance of members. President J. Preece was in the chair.

Reports of the proceeds from the Poppy Day sales showed a large increase over last year and the thanks of the Legion were given to the Women's Auxiliary for its activities in the matter and to the general public for generous support.

Congratulations were also extended to the Women's Auxiliary for its very successful bazaar. The returns will enable the Legion to carry on even more relief among the needy returned men and their dependents than last year and fewer requests will have to be refused owing to lack of funds.

Owing to the building alterations it was decided to hold the Christmas Tree in the Eagles' Hall.

The list of members was again increased, as it has been steadily during the last year by the applications for regular membership from Hubert Ward and C. W. Dawson which were accepted.

Progress on the building is very evident now that the forms have been removed and, while it will be some weeks before the interior can be finished, the work can now proceed without depending on weather.

Former Rupert Man Sued For Alimony in New York

The wife of Tommy Burns, the pugilist, who for a year or so ran a cabaret in Prince Rupert on Third Avenue, is suing him for \$250 a week alimony and \$2,500 counsel's fees pending trial of her divorce suit. She said her husband was commodore of a boat club in New York. Burns says he makes only \$35 a week.

BRIDGE IS APPROVED

Vancouver Voters In Favor of Span Across First Narrows—Aldermen Re-Elected

VANCOUVER, December 14 (Canadian Press)—Civic voters yesterday approved plans for the construction of a bridge across the First Narrows of Burrard Inlet and site on Main Street for a proposed City Hall and empowered the city council to make tentative arrangements for building such a structure. The proposal to grant a central heating franchise to H. A. Flood of Tacoma, Washington, was rejected.

Ald. A. C. Cowan, I. D. McDonald (acclamation), A. G. Harvey, J. J. McRae and Warner Loat were re-elected while Ald. R. N. Fraser lost by twenty-seven votes to Thomas Wilkinson, former police commissioner.

Alaska City Nearly Wiped Out By Grass Fire Raging Nearby

Special Fire Guards Saved Cannery and Patrolled Streets Throughout Night—Community is Showered By Sparks

SEWARD, Alaska, Dec. 14: (CP)—Fire sweeping through grass which was as dry as tinder threatened to destroy Seward last night. Fanned by a cold gale, sparks spread over the town. Special fire guards saved the salmon cannery and patrolled the streets throughout the night. There has been no rain or snow here in weeks although there has been freezing weather.

WALKER IN GOOD SHAPE

Former Local Man Little Worse For Being Lost on Hunting Trip Near Nanaimo

"Harry is home safe and in good shape" read a wire received yesterday by local relatives of Harry Walker, formerly of this city, who was rescued after having been lost for three days while hunting in the Vancouver Island woods on Mount Benson near Nanaimo. A Canadian Press dispatch received by the Daily News after going to press yesterday stated that a pair of sore feet and slight discomfort from hunger was all that Walker had suffered as a result of his experience.

Walker returned to Nanaimo yesterday afternoon with William Calverley, member of the search party who found him, and Ronald Baldwin whom he had met Tuesday morning while following a blazed trail that led to a cabin. They stayed there over Tuesday night owing to Walker's bad feet.

During his two nights in the bush Walker was forced to go without fire owing to his matches having become wet.

The young man showed amazing fortitude while seeking his way out from Crystal Lake. He had three sandwiches when he went into the bush on Sunday and, when he met his rescuers on Tuesday, he still had one in reserve.

Walker left Prince Rupert about four years ago and has since made his home in Nanaimo. He has a wife and small son. H. Walker of Prince Rupert is his father and Mrs. H. V. Tattersall, also of Prince Rupert, his sister.

Remains of Jap Woman Cremated

Last Rites Performed Yesterday Afternoon For Mrs. Kani Takata Of Oceanic

There was a large attendance of members of the local Japanese colony at Haynor Bros. chapel yesterday afternoon when the funeral took place of Mrs. Kani Takata, wife of G. Takata, who died at Oceanic cannery earlier in the week. Rev. T. Matsumoto, local Japanese missionary, officiated and Miss E. G. Lenox presided at the organ. Following the service, the remains were taken to Fairview Cemetery where they were cremated. Countrymen of deceased acted as pallbearers.

VANCOUVER, Dec. 14: (CP)—Sentence of six years with ten lashes was imposed today on John Gwynn, aged 24, who pleaded guilty to an attempted armed hold-up of a drug store early Sunday, December 3.

William Scranton, Gwynn's companion, who was severely wounded by the police at the time, will be tried later.

LINDBERGH AT PORTO RICO ENROUTE HOME

SAN JUAN, Porto Rico, Dec. 14: (CP)—Col. and Mrs. Charles A. Lindbergh arrived here this afternoon from Port of Spain, Trinidad, and will leave tomorrow for Miami enroute to New York following their return flight across the Atlantic Ocean and aerial tour of Europe. The famous flying couple took off from Port of Spain at dawn today and had an uneventful flight here. They had spent a quiet day at Port of Spain yesterday following a long flight from Manaus, Brazil, the day previous. They refused all social invitations at the Trinidad city. Col. Lindbergh spending the day supervising overhaul and refueling of the Lockheed-Vega plane which has now done well over 25,000 miles on the entire trip.

ENJOYING WINTER

Many people have been enjoying the touch of winter that has come at last. Skating has been in full swing for several days and doubtless many will be taking to the mountain for the skiing this week-end.

While the old time Prince Rupert resident usually prefers the open weather, there are a large number who like the frosty days and delight to see snow falling. The children especially prefer snow.

FINING COMPANIES FOOLISH

Canada is still fining combines while in the United States the administration is forcing business people to combine their efforts under a code for the benefit of their own industries and of the people generally.

Combines are all right as long as they are properly controlled. There are or have been combines in most industries in Canada but little notice has been taken of them. The new idea is for the government to be given a reasonable control of industries to prevent their making more than a reasonable profit at the expense of their employees or of the public whom they serve. Also control will prevent undue price cutting. Canada may be able to learn a great deal from the Roosevelt policy in the United States.

INTENSE SHOPPING DAYS

Next week and probably this week-end will see much Christmas shopping done. Local merchants have laid in large stocks awaiting the annual rush of buying. May we once more suggest that people shop now instead of waiting until the day before Christmas. There is a chance now to get good service and to be able to examine the goods in a leisurely manner. In that way much disappointment may be prevented. There is much better choice of goods today than there will be at the end of next week.

GREAT OPPORTUNITY

Once more and for the last time we draw attention to the excellent opportunity people now have to learn something about mining by attending the free lectures of Dr. J. T. Mandy in the city hall each Tuesday evening. His preliminaries are over and he now gets down to the meat of his subject, commencing next Tuesday. Already much interest has been aroused but from now on this interest should be even greater. The only objection to the lectures is that they are free. If people paid for them they would appreciate them much more.

Pattullo, Hart And Tupper Are P.G.E. Directors

VICTORIA, Dec. 14. (CP)—Premier T. D. Pattullo, Hon. John Hart, minister of finance, and C. H. Tupper, M.L.A. for Similkameen, are the new directors of the Pacific Great Eastern Railway, replacing Dr. S. F. Tolmie, Col. Nelson Spencer and Willard Kitchin. W. J. Blake Wilson and Chris Spencer remain on the directorate.

Trade The World Over Better Than A Year Ago

BANK OF MONTREAL ANNUAL MEETING

Sir Charles Gordon, President, Reviews Outstanding Events in Year of Unusual Happenings — Great Many Businesses in Canada Showing Marked Improvement — Canada's External Commerce Has Grown In Volume and Value

Jackson Dodds, Joint General Manager, Draws Attention to Strong Liquid Position Maintained by Bank — Of Total Assets of \$768,500,000 the Liquid Assets Amount to \$192,500,000 Equal to 71.15 Per Cent of Liabilities to the Public

Declaring that the past seven consecutive months had been months of recovery in general business in Canada, and that there were some sound reasons to believe this recovery would continue, leading executives of the Bank of Montreal had messages of cheer to deliver at the Annual Meeting of the Bank held at the Head Office in Montreal.

Sir Charles Gordon, the president, in his address to shareholders, stated that practically the world over trade was better than a year ago, and that in Canada, for the better part of the year, definite improvement in business had been going on. From personal observation he was able to say that a number of businesses showed marked improvement. Canada's external commerce had also grown in volume.

Sir Charles also had a cheerful word regarding improved conditions in Great Britain when he stated that one of the most encouraging features of the European situation was provided by the manner in which the steady improvement continues in Great Britain.

The country's faith in simple, well proved methods had once more been justified, with the result that Britain's credit stood as high as ever, and London had regained her position as the financial centre of the world.

Royal Commission On Banking.

In referring to the question of establishing a Central Bank in Canada, Sir Charles said in part:

"I would say that in considering the advantages or disadvantages it is of first importance that the banking system in operation should be taken into account, and in this connection it is well to remember that two of the members of the Royal Commission were Canadians thoroughly versed in the banking and economic conditions of this country. These two members are not in accord with the rest of the Commission in their findings.

Their intimate knowledge of the affairs of the country and of the present system no doubt influenced them in their conclusions.

"Two matters which must be taken into consideration are—first, the cost of setting up and operating such an institution, which cost could not but be passed on to the public; and second, the probability that the bank would always be under control of a political party and that its cost of operation and the control of credit would therefore be subject to political influences.

We have before us the example of the Canadian National Railways, the cost and operation of which have got out of control largely because of political influences. In the United States they have a Central Bank, the Federal Reserve. It was expected when this was established that it would be operated without political influence being exercised upon it, but one has only to look at the huge expenditures which have been sanctioned by Washington and which must be carried out by the Central Bank and the Reconstruction Finance Corporation, which is virtually a subsidiary of the Central Bank, to see how little the elimination of political influence is to be relied upon."

Canada's Railway Problem.

Sir Charles also dealt at some length with the seriousness of the railway situation in Canada, and the urgent necessity of finding a solution for it.

"Our railways continue to struggle against adverse conditions. The National line has been from its inception a drain upon the public treasury. Its debt is upwards of two and a quarter billion dollars. Interest on the National Railways bonds in the hands of the public, plus interest on moneys representing outlays by the Dominion Government on behalf of the National Railways, together with the operating deficit of the railway, amount to approximately the sum of \$100,000,000 annually. The plunger, transcontinental line, the Canadian Pacific, an enterprise in which Canadians have pride by reason of the sagacity, ef-

ficiency and ability of the management since its inception, an enterprise which has contributed more to the development and progress of Canada than any other agency, has been confronted with the unfair competition of the State-owned road to the disadvantage of both without compensating public benefit. In this circumstance amalgamation would seem to be the course of common sense. Parliament has deemed otherwise. The legislation of last Session sought a compromise between competition and amalgamation by means of enforced co-operation, and some measure of economy has thereby been effected. The entire of each system, however, remains, with dual services, dual executives, dual operating staffs, where one would suffice, and the opportunity to cut cost to bedrock has not been availed of. One may hope that co-operation will be firmly pressed to its extreme limit in the interest of the taxpayers.

"In considering the problem of our railways we should bear continually in mind that they are the largest single employer of labor in Canada, that many allied trades flourish when our railways flourish, and that, therefore, if only for selfish reasons, each of us should consider this his individual problem and assist to the extent that he can in its solution."

Bank in Strong Position. Jackson Dodds, Joint General Manager, reviewing the annual statement of the bank pointed out that of the total assets of \$768,500,000 the liquid assets aggregated \$192,500,000, or 71.15% of the liabilities to the public.

Of special interest was the announcement that the bank now has over one million deposit accounts in Canada, which bears testimony to the bank's long established policy of maintaining a strong position and to the quality of the service rendered.

In dealing with conditions in Canada, Mr. Dodds said in part:

"When we met twelve months ago we looked back upon a year about which the best that could be said was that it was past; there was little to encourage hope for the year which is now under review. Notwithstanding the apprehensive outlook, it can now be said that the improvement has taken place. It would be a greater satisfaction to be able to say that it was shared in by all alike. Unfortunately this is not the case, but if conditions elsewhere do not interfere, we may look forward to more general improvement."

Central Bank. "The postponed decennial revision of the Bank Act, which was due in 1933, will come before the next session of Parliament. In the meantime, Banking and Currency in Canada have been overhauled by a Royal Commission which visited every province of the Dominion and listened to the representations of any and all who wished to appear before them, including the banks.

"The banks in Canada are owned by 48,271 shareholders and have had entrusted to them the uninvested funds of over four million depositors. It is not unlikely that the views of depositors and shareholders as to the need for drastic changes in our system will be taken into consideration. So far as the institutions themselves are concerned, there are only ten of them, they are national in scope, and it is safe to say that they will accept in a spirit of co-operation and goodwill, whatever decision may be reached in the general interest.

Conclusion. "It is a wholesome and a healthy exercise to think optimistically, and the annuals of this Bank, the history of former depressions and present indications fully support the confident hope that normal times will return. But we must not be unmindful that Canada's prosperity is dependent upon keeping her own house in order and on the ability and the willingness of other

Joke on Vegetarian—Grizzlies Are Skinny—Sourdough Must Be Ripe

(By Anna Ullman)

They say that one of the linemen still laughs when he tells about the "fast one" that he pulled on a traveller—supposedly a strict vegetarian—who went up the line one summer. The lineman had opened a tin of pork sausage. He told his guest that the sausage were "purely vegetable, and no animal had been killed to make them." The traveller ate nearly the entire contents of the tin of sausage for one meal.

A few skinny grizzlies have been out this year along the line. One of the linemen heard a commotion outside so he picked up his gun and went forth to investigate. He found a grizzly trying to break into his cache. The bear was on the war-path, pawing up the earth and ready to fight. The lineman ended the bear's career with a well-aimed shot.

He later phoned a friend, "Do you want some bear steaks?"

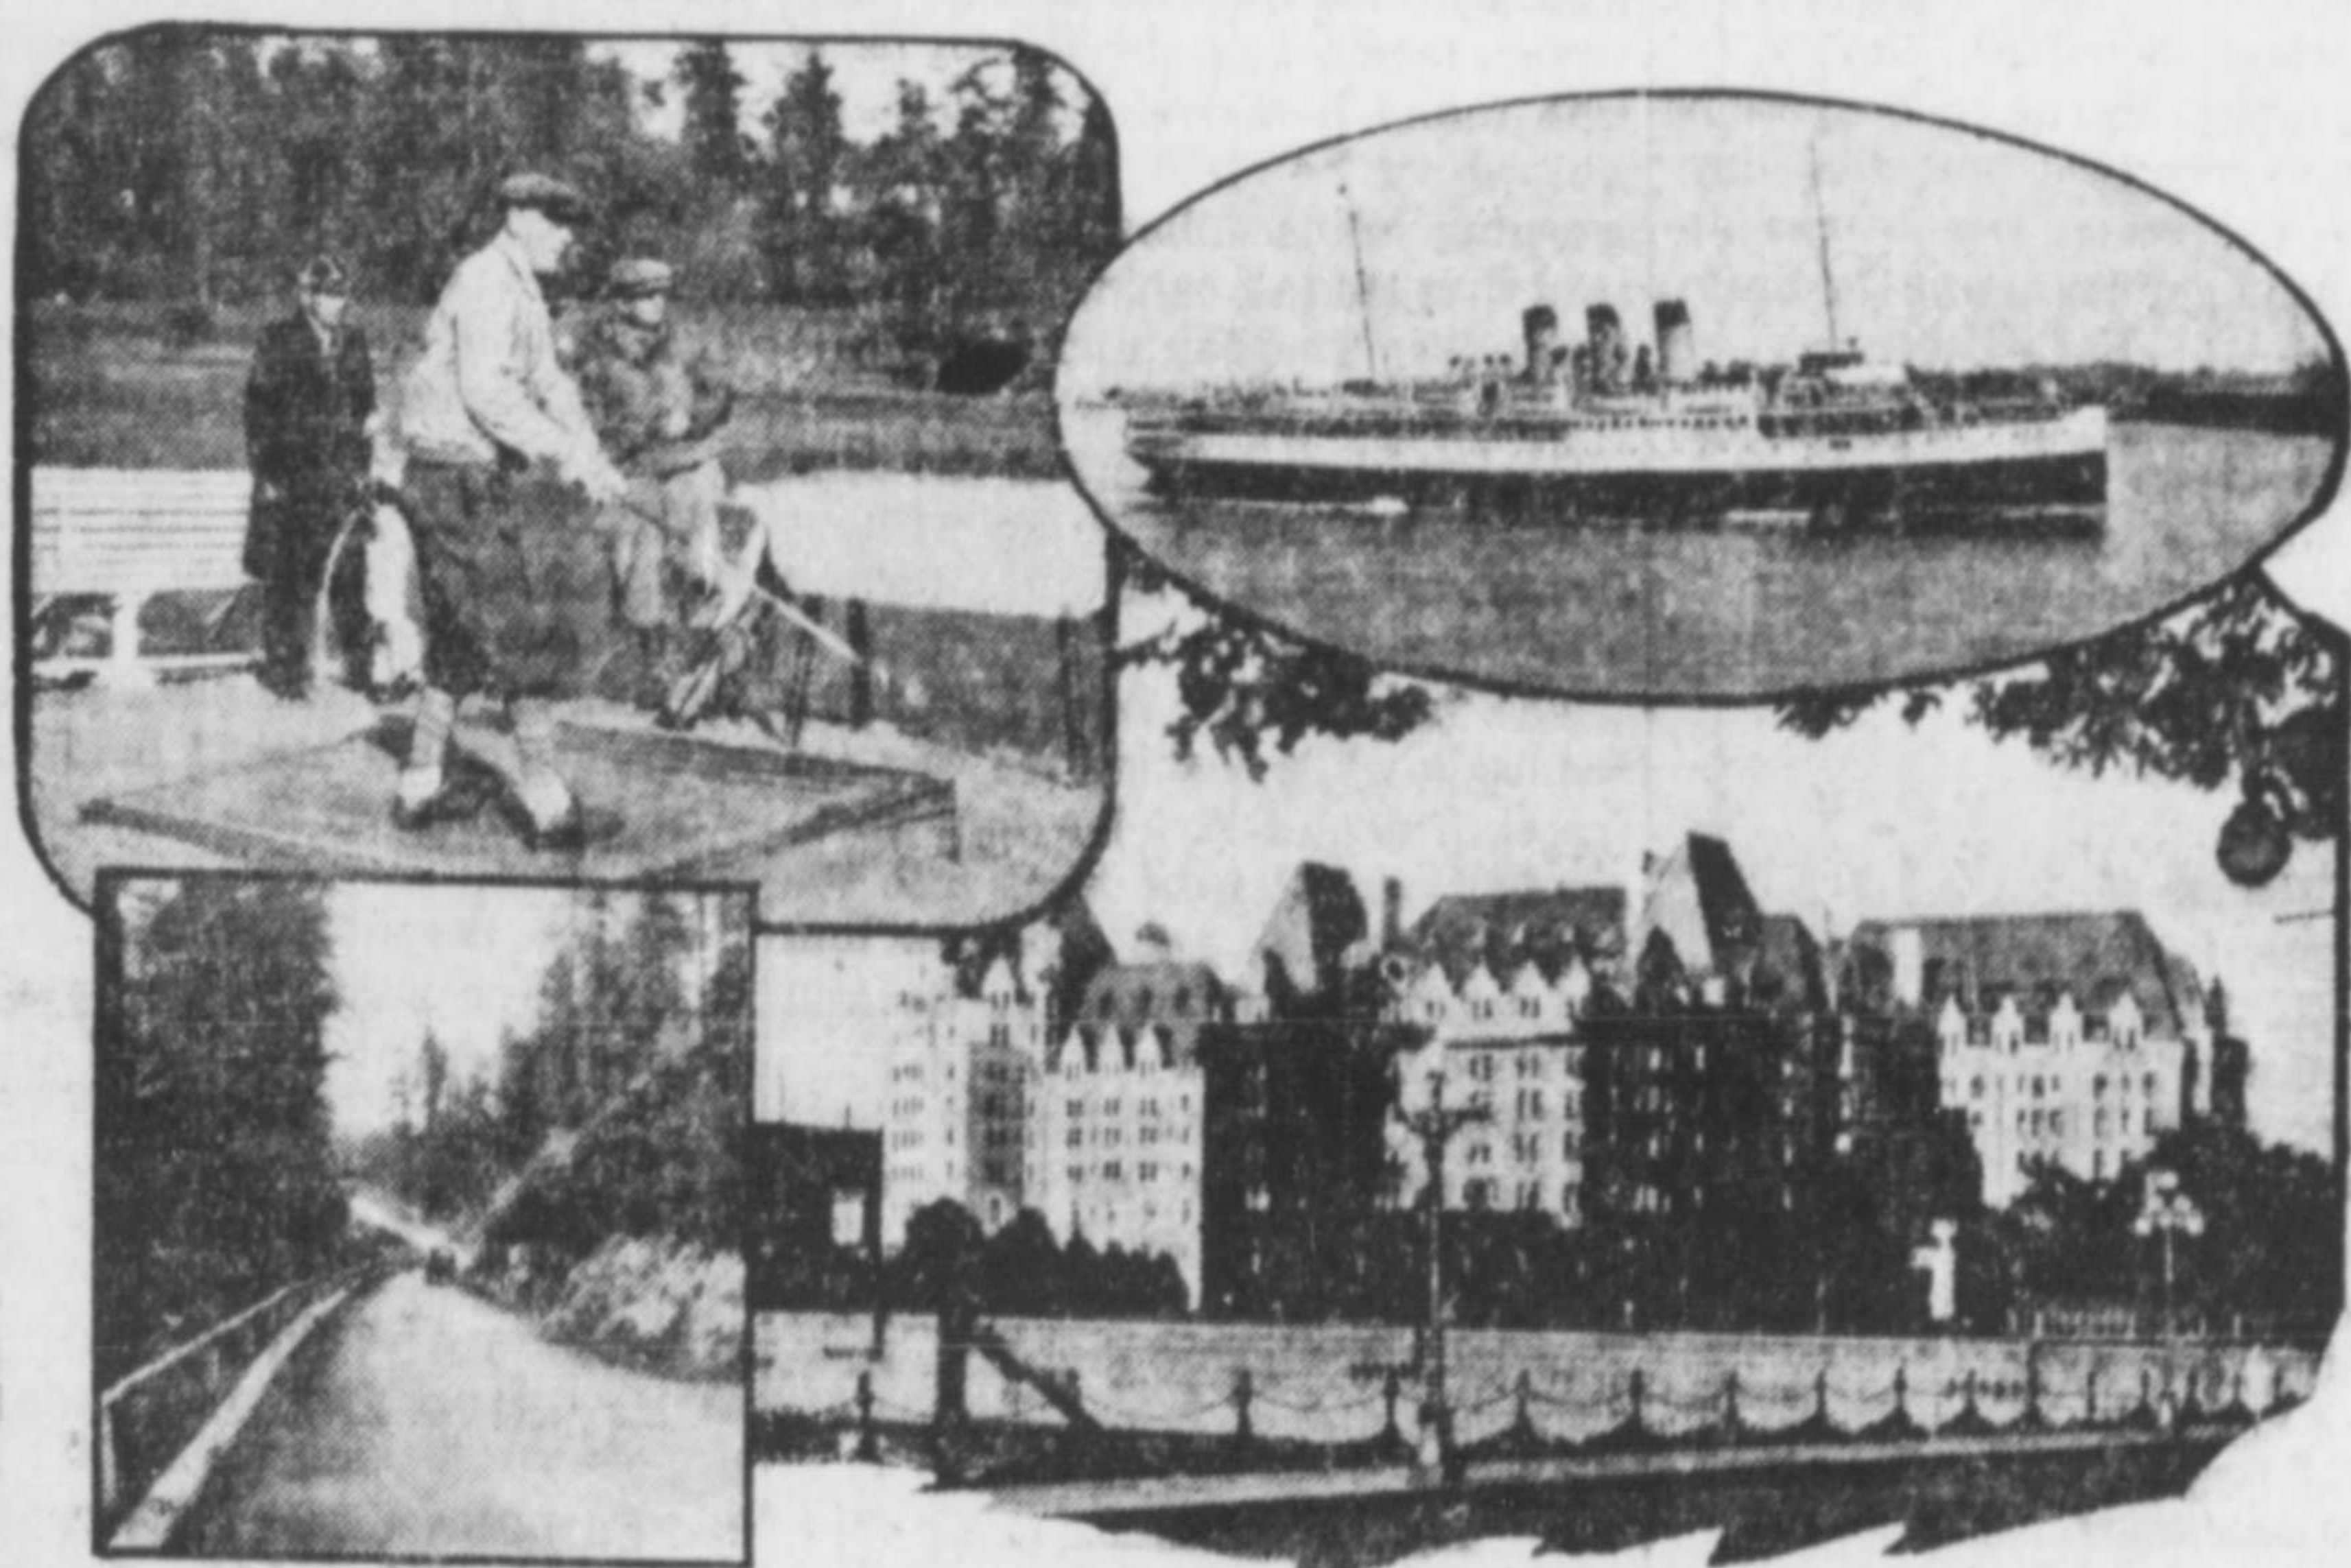

"You know," he said, "I carried a gun on my beat for ten years and all the bears I saw during that time were near my home station."

According to some men, sourdough has to be frozen and thawed out a few times and must sprout at least one set of green whiskers before it is considered "good."

One of the "hoss wranglers" says that the best sourdough hotcakes he ever tasted came out of a sourdough pot that hadn't been changed for twenty years.

Victoria, City of All-Year Summer

This leisurely and lovely city, more typical of Old-World restfulness than Canadian bustle, located in the heart of Canada's evergreen playground, is becoming more and more the Mecca of Canadians who, flying from the austere climes of the northern winter, have discovered that the Dominion offers climatic amenities for which in other years it was thought that Florida or California were the only solutions.

West of the Rockies and warmed by the Japan current, Vancouver Island presents some amazing contrasts with the rest of the Dominion. Winter climatic conditions are such that there are hundreds of hours of warm sunshine with ideal temperature, minimum rainfall and conditions at once restful and health-giving.

Canadian enterprise has been quick to see the advantages offered by Victoria for those who seek summer facilities and sports during the regular winter months. The city boasts one of the finest hostels of the Dominion, the Empress Hotel, overlooking the inner harbor and tree-shaded lawns; social centre and head-

quarters for varied sporting activities. These include golf on superb full length courses, tennis and swimming in the great salt water pool at the Crystal Gardens. At Christmas the pageantry of an "Old English Yuletide" is observed every year at the Empress with "Bringing in the Yule Log," "Boar's Head Carol" and a ball on Christmas Night following dinner. There is specially selected music every evening during Christmas week and the New Year's Eve Ball is a famous institution at the Empress. From November 1 to the following April there are special low rates in force.

What has specially drawn continental-wide attention to Victoria, however, is the mid-winter golf tournament, an annual Empress affair to which many well-known amateur golfers from America and Europe are attracted. This season it will be played over the course of the picturesque Royal Colwood Golf Club from February 15 to 24, 1934. Events include the E. W. Beatty Challenge Trophy, open to all amateurs playing under club handicaps; Men's Open Amateur Event for the Victoria

Chamber of Commerce Trophy; Victoria Rotary Cup for ladies best gross; and the inter-district team match for the Matson Trophy. The E. W. Beatty Trophy event is divided into classes for both ladies and men. Dinner dances as well as other delightful entertainment are given every evening at the Empress during the competition, with the presentation of prizes at a Grand Ball on closing night.

Motoring is always a delightful form of entertainment in Victoria. The famous Malahat drive, winding for miles through some of the finest scenery in Canada, offers facilities to motorists which make it justly internationally famous. There are many other worthwhile roads stretching beyond Victoria at the choice of the motorist. If a short sea trip is desired, there is the triangle run by painted coast steamers between Vancouver, Victoria, and Seattle.

The Canadian Pacific Railway offers a schedule of new low fares from all points in Canada, east of the British Columbia-Alberta boundary, to Victoria, daily, from November 15 to February 28, with return limit April 30.

JEWELRY STORE LOW PRICES for Christmas

People sometimes say they think prices are higher at Christmas.

We do not believe any prices are raised just because it is Christmas time; but it is true that lots of articles which are left over after Christmas are offered at very low prices to avoid having to keep them in stock for another year.

A store might as well cut the prices before Christmas when the people need the goods as try to force the sales after.

We have many nice articles which we are rather afraid we might have to carry over and we will be glad to make our customers special prices from now till Christmas.

We carry the best makes we can procure in all lines.

Rogers and Community silverware; Parker and Waceman fountain pens; Waltham, Hamilton, Gruen and other well known watches.

All goods are carefully chosen with a view to the service they will give for the money.

Many new lines of gifts in stock this season.

"I got 89 stations"

... ON MY NEW 'TONA-LITE' RADIO

"I'm the man who missed years of fun waiting for the ideal radio... but I'm being repaid every day by performance that I consider perfect"

"I admit I demanded just about everything from my set... and got even more than I asked."

"What makes it all the more remarkable is that I've never been a station-hunting fan. I bought my 'Tona-lite' primarily as a musical instrument. I wasn't even looking for a lot of stations, but they just kept clicking in with every turn of the dial, clear and distinct."

"Obviously, the thing that first impressed me about Victor was 'Tona-lite'... complete visual control of every performance feature, positive assurance that you hear radio at its best at all times."

"Then there was its superb musical quality—its ability to reproduce every note, crystal pure, at highest or lowest volume. That sold me immediately—but the more I

operate it the more I am amazed at all the set's outstanding qualities... and there are plenty.

"For instance, the supreme selectivity and sensitivity that gave me all those extra stations. That was over and above what I expected. Yes, the more I listen to this radio the gladder I am that I waited for 'Tona-lite'."

Victor "Tona-lite" Radio... the most modern of all radios. Ten-tube super-heterodyne with new-type tubes, visual tuner, automatic and visual volume control, visual noise suppressor, and visual and double-acting tone control. Advantages of Buying In Prince Rupert

First Prize Borden Street (By Miss June Hankinson, Grade 8, Borden Street School)

"This city is becoming quieter and more dull every day," is the common expression heard as friends meet on the streets of Prince Rupert. Is it not the duty of every citizen to help rectify this statement and make our city a pleasant one in which to live? All we require is a little whole-hearted co-operation. Are we being honest with ourselves and Prince Rupert as a whole, when we address ourselves as citizens, and still continue to send our required orders out of town.

As we admiringly glance through the most welcome catalogues sent by some outside firm, we, true to human nature, are at once attracted by the very engaging illustrations, and reasonable prices. We then proceed, with great enthusiasm, to fill in the order blank.

Why do we not give it a second thought, and realize that by buying out of our own city, we are paying largely for the advertising columns of these firms, and their circulation of mail-order catalogues.

Thereby instead of encouraging our local dealers, who are so ambitiously striving to satisfy the public of Prince Rupert, we are discouraging them. Stop and think a moment how much more beneficial it would be to us, if we, by patronizing them and therefore giving them a greater turnover, which would soon reduce the selling price of their articles, would give them the opportunity of operating on the same basis as do the above mentioned firms!

Sending mail orders has its disadvantages, too, e.g., we may recall having received articles not as attractive in quality or style as illustrated. This often results in confusion and disappointment, and the responsibility of either returning the article or having the money refunded. Also many articles such as nationally known and standard brands of merchandise are sold at the same price throughout the country. This proves that we are not being economical by patronizing firms who have no direct interest in us or our place of residence.

By giving our local merchants our loyal support we increase their business, which in turn necessitates the employment of our sons and daughters leaving school, who would otherwise be listed among the unemployed.

The most degrading influence on a boy or girl is to have nothing worth while to occupy the mind. This often leads to radicalism, vice or crime.

Also we should consider the fact that when we buy local merchandise, none of our money is used for the advantages of strangers. Contrarily, it is largely diverted to city taxes and other sources which in turn directly benefit our city.

These benefits may be seen in the form of local improvements, such as serviceable roads, sidewalks, beautiful buildings and parks, better lighting system, etc.

Consequently an increase in the beneficial tourist trade will develop. Many of these favorably impressed visitors will desire to establish homes here. With this increase of population we will be granted more government privileges such as mail delivery.

With the increasing population transportation would develop greatly, with the result that boats and trains would provide daily service for our convenience. The prosperity of the city would encourage the entrance of manufacturers and great artists of different kinds.

A valuable export trade would result giving Prince Rupert trade from the Orient.

Our natural harbor would be developed and Prince Rupert would become one of the most important ports on the coast of North America.

An enjoyable dance was held by the Scandinavian Workers' Club in the Metropolitan Hall Tuesday night with a good sized crowd in attendance. Accordion and piano music was featured and all present spent a pleasant evening.

Second Prize Booth School (By Miss Joy Green)

People can gain many advantages by buying in Prince Rupert. They may gain advantages for themselves, for the merchants from whom they buy and for the city in general.

The person who is buying the article can see it before he buys it whereas, if he sends away, he may have to send it back because it is not exactly what he wants. By seeing the article before it is bought he can tell whether it is of good material or not and can get a proper fit.

Buying in Prince Rupert gives employment to the merchants. Therefore they can employ more men and women in their stores. The merchants can make their stores look attractive and can keep them in good repair which helps to build up the city and make it a pleasant place to live in.

At Christmas people like to see cheerful window displays in well-kept stores. If the stores are shabby and old and in need of paint and repairs the city looks very dreary indeed.

More buying in Prince Rupert means more people other than merchants such as clerks and delivery men have employment. Many boys and girls when leaving school are able to get higher education and positions in the future.

Increased local buying permits buying of larger quantities and thus the price of the goods falls. If all the people bought from mail-order stores, there would be no inducement for people to have stores in Prince Rupert. This would be very inconvenient and the city would look very dreary with no attractive window displays.

Out of eighty-six thousand dollars which was sent to one of the mail order warehouses, twelve thousand dollars went for salaries of people who do not buy in Prince Rupert. The money gained by mail order warehouses does not go to help pay the city's taxes whereas if it did Prince Rupert would become more prosperous by making the public buildings such as libraries, schools, hospitals and stores look attractive.

Concentrated efforts on the part of Prince Rupert's citizens will be needed to keep the city alive and progressive. We can help greatly to do this by buying in Prince Rupert and benefitting our fellow citizens.

Ladies' Music Club Meets at Mrs. W. L. Stamford's With Mrs. H. F. Pullen in Charge

Christmas Music was the subject of the Ladies' Music Club at its regular fortnightly meeting yesterday afternoon at the home of Mrs. W. L. Stamford, Fourth Avenue West. Mrs. H. F. Pullen being in charge of the program assisted by Mrs. Ernest Anderson. Mrs. R. L. McIntosh, president, was in the chair and a very interesting paper on the subject of "The Romance of the Christmas Carol," was read by Mrs. Pullen. The program was as follows: Carol, "While Shepherds Watched Their Flocks by Night."

Guitar solo, "O Come All Ye Faithful," Miss Elizabeth Currie. Carol, "O Little Town of Bethlehem."

Violin solo, "Holy Night, Silent Night," Miss Nellie Lawrence.

Vocal Solo, "The Gift," Mrs. S. D. Johnston.

Vocal solo, "In Old Judea," (with violin obligato), Mrs. E. Anderson and Miss N. Lawrence.

Piano duet, "Mazurka," Mrs. W. L. Stamford and Mrs. R. Bartlett.

Accompanists for the afternoon were Mrs. C. E. Cullin, Mrs. E. J. Smith and Mrs. Robert Bartlett.

Following the program tea was served by Mrs. McIntosh and Miss E. G. Lenox pouring and Mrs. William Millar, Mrs. Robert Bartlett, Mrs. W. L. Stamford and Mrs. H. B. Rochester acting as serviteurs.

Mrs. P. C. Miller was welcomed as a new member.

BILLY BAGSHAW

Considerable interest is developing in the boxing card to be staged here next week at the Moose Hall when Billy Bagshaw of this city will have for his opponent in the headline event Jack McEvoy of Vancouver. Johnny McLeod will also meet Darrow Gomez in a return bout and, in addition to these bouts, Promoter Tommy Morgan says he is going to put on a couple of heavyweight events which should provide plenty of excitement.

START GYM AT STEWART

Much Needed Recreational and Exercise Facilities Provided

STEWART, Dec. 14:—Through the initiative of F. H. Hoadley, principal of the Stewart Superior School and the kindness of the Canadian North Eastern Railway Co., the young people of Stewart now have quite a well equipped gymnasium. With the company's consent, the old freight shed has been converted and equipped and the result is very satisfactory. The equipment includes rings, bars, scaling ropes and full basketball and badminton outfits.

The building is for the use of the school children of both sexes and the work necessary to fix the old shed up into a modern gymnasium was done by the bigger boys of the school under the presidency of Walter Hansen, himself a student. The hall is open nearly every night and one of the school teachers is always present in charge. It is also used for the physical drill which is a part of the school curriculum.

The Letter Box

SUGGESTS CAMPAIGN

Editor, Daily News:— Now that the Junior Chamber of Commerce are through with the "Buy at Home" campaign, I would like to suggest that their next essay should be "For or Against Employment of Married Women."

It is an insult to the educational system of Prince Rupert when the storekeepers seem to think that the single girls are incapable of filling the vacancies.

There are quite a number of very capable girls in this town who would be very glad of the work and also of the bit of money it would bring them.

If married women must be employed let the storekeepers look around and give the work to some one who is really in need of the money and not to women whose husbands are in steady employment. "Live and let live" should be everyone's motto.

I am
A PARENT.

MIX-UP IN PUCK GAME

"Ace" Bailey of Toronto Maple Leafs Suffers Fractured Skull and Concussion

Eddie Shore Cut

Hectic Melee Ensues From Incident In Game at Boston Tuesday Night

CONDITION CRITICAL

BOSTON, Dec. 14: (CP)—The condition of Irvin Bailey, Toronto hockey player, who was injured in Tuesday night's game here with the Boston Bruins, continued critical today with internal bleeding continuing from a fractured skull. Last night it was necessary to puncture his spine in order to release fluid from a primary cerebral hemorrhage.

Eddie Shore of the Boston club is recovering from a bad head gash.

Both Shore and Red Horner, Toronto defence man, have been suspended indefinitely.

BOSTON, Dec. 14: (CP)—As a result of one of the most hectic games ever seen on the local ice, Irvin ("Ace") Bailey of the Toronto Maple Leafs team is suffering from concussion and fracture of the skull and Eddie Shore, bulky Boston defence man, sustained a three-inch gash in the head.

The trouble started when Shore tripped Bailey who was not near the puck. Bailey crashed to the ice and remained unconscious for ten minutes suffering from convulsions. "Red" Horner, fiery Toronto defence man, skated over to Shore and, after a few words, struck him heavily with his fist. Shore's head struck the ice with such force that it was necessary to put in seventeen stitches.

Other players and spectators flocked in the mix-up but no damage was done although Manager Smythe of the Toronto team used his fists on one fan.

Doctors announced yesterday afternoon that Bailey was suffering from a fractured skull, his condition being serious but not critical. Shore would be x-rayed later, it was said.

Grotto Increases Lead in Billiard League Fixture

Bert Morgan, Grotto, defeated C. L. Youngman, Canadian Legion, by a score of 200 to 164 last night in the fifth game of Tuesday night's Billiard League fixture in which the Grotto now has an aggregate lead of 841 to 862. One game remains to be played between Alex Murray, Legion, and Earl Batt, Grotto.

No Trace Found of Davis Log Raft in Long Aerial Hunt

Reporting having not been able to find any trace of a Davis raft of logs which broke loose last week from the tug St. Faith in a storm off Bonilla Island while being towed from the Queen Charlotte Islands to Powell River, Capt. W. P. Armour, manager of the Armour Salvage Co., returned to port at 4:45 yesterday afternoon following a three and a half hour flight in the Eastman flying boat from Anjox piloted by Jack McConnachie.

SHE ATE ALL-BRAN TWELVE YEARS WITH FINE RESULTS

Delicious Cereal Relieves Constipation

Read this very enthusiastic letter:

"Something like eleven or twelve years ago, I began eating Kellogg's All-Bran. When I started, I was called simply Kellogg's Bran, and believe it was one of the first products of the kind on the market."

"My friends often laugh at my fondness for All-Bran. It gives such a clean taste in the mouth and I do not feel satisfied until I have had my All-Bran."

"If the Kellogg Company should ever stop manufacturing All-Bran here is one who would be greatly disappointed."—Miss Amy Frost, (Address furnished upon request.)

Science says that All-Bran provides "bulk" to exercise the intestines, and vitamin B to further aid regularity. Also iron for the blood.

The "bulk" in All-Bran is made like that of leafy vegetables. Has much softer than taking patent medicines—often harmful. Just get two tablespoonfuls daily for most types of constipation. For serious cases, try it three times daily. If not relieved this way, see your doctor.

Sold in the red-and-green package. At all grocers. Made by Kellogg in London, Ontario.

"When all else failed Eagle Brand pulled her through!"

MRS. J. MOONEY, 222 East Eighth St., Hamilton, Ont., writes: "Just before my baby was three months old I found I could not satisfactorily nurse her. For almost two months I tried various milks but none agreed with her. I read different times about Eagle Brand, so I decided to use it. A week showed a difference. Barbara became contented, would go to sleep after her feeding without any fuss and no vomiting. Now at 7 months she is just average weight, bright, active, and so contented, which means so much to a busy mother of four active children."

If you are unable to nurse your own baby, follow the advice of hundreds of thousands of mothers and try Eagle Brand. The coupon below will bring you full informative literature.

Now! Ease Sore Throat Instantly!

Remember: Only Medicine Helps Sore Throat

Modern medical science now throws an entirely new light on sore throat. A way that eases the pain, rawness and irritation in as little as two or three minutes!

It requires medicine—like ASPIRIN—to do these things! That is why throat specialists throughout the world are prescribing ASPIRIN gargle in place of old-time ways.

Remember, however, that you get Aspirin Tablets for this purpose.

Aspirin is the trademark of The Bayer Company, Limited, and the name Bayer in the form of a cross is on each tablet. They dissolve completely enough to gargle without leaving irritating particles.

Aspirin Tablets are made in Canada.

Montreal Goalie For Glasgow Rangers

Here is G. L. Jenkins, former Montreal soccer star, arriving in Glasgow where he is scheduled to play goal for the famous Glasgow Rangers. Jenkins enjoyed no little fame as goalie for Montreal C.N.R.

Winter Time Under The Matterhorn

It's winter again in Switzerland, and winter sports enthusiasts are flocking to the mountain resorts to indulge their fancies amid the snow-capped Alps. In this snapshot we see three skiers sketching a fan-trail that leads to the famous Matterhorn.

Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism.

Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication.

Letter should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of etiquette.

From the Waterfront

Armour Salvage Co.'s power tug Salvage Princess, which has been in Vancouver for several weeks receiving repairs for a broken crankshaft, which mishap the vessel suffered while engaged in salmon packing to Nannu cannery from the Queen Charlotte Islands during the fall, is leaving Vancouver today for Prince Rupert and is expected to reach her home port here early next week.

A small party of business and professional men is leaving this afternoon aboard Captain George Fitz's power boat Margaret I to visit Portland Canal points over the week-end, returning home Monday morning. They will make calls at Stewart, Premier, Anyox and Alice Arm. The party will consist of Olof Hanson M.P., W. O. Fulton, Captain J. S. Wilson, A. Brooksbank, H. F. Glassey and H. F. Pullen. Capt. Wilson is going north for the special purpose of visiting Canadian Legion branches. Olof Hanson is to visit his constituents.

Being held over for a week in Vancouver, C. N. R. steamer Prince John will be here next Tuesday night or Wednesday morning from Vancouver via the Queen Charlotte Islands and will sail on Friday night on her return south over the same route. Capt. Dan McKinnon, regular master of the Prince John, is now returning to command of the vessel after having been off on annual vacation. Capt. Neil McLean, who has been relieving during his absence, is now in command of the steamer Prince George in place of Capt. Harry Neiden who is taking his annual holiday.

Maurice Hodgson, who is organizing the provincial directory on behalf of the Sun Publishing Co., is visiting the city for a few days. He was in this part of the country in 1911, 1912 and 1913 and has a sister, Mrs. A. Holland, living at Masset. The Sun recently took over the directory from Wrigley's.
