MOSCOW TRIAL IS STILL SENSATIONAL
CANADA'S WHEAT CARRYOVER MUCH HEAVIER THIS YEAR

British Engineer Who Pleaded Guilty Now Denies His Actual Guilt of Charges of Espionage

TO SPEED UP VISIT

Herriot to be in Washington Next Week at Same Time as Premier Ramsay MacDonald

PARIS, April 13.—Former Premier Edouard Herriot, France's delegate to the forthcoming conversations in Washington with President Franklin D. Roosevelt, Premier J. Ramsay MacDonald of Great Britain and leaders of other nations on economic matters, is speeding up his schedule by two days in order to make his visit to the United States capital next week coincide with that of Premier MacDonald.

HIS DEATH IS SUDDEN

Alexander Jappy Collapses and Dies of Heart Failure at His Home on Fifth Avenue East

Alexander Jappy, aged 59, well known resident of twenty-one years standing in Prince Rupert, passed away suddenly late yesterday afternoon at his home, 661 Fifth Avenue East. After having been downtown earlier in the afternoon, he suddenly collapsed and had expired before medical aid could reach him.

Deceased, who was a native of Scotland, is survived, besides his widow, by two daughters, one of whom is Mrs. Margaret Clark of this city. The other daughter, Mrs. George Flett, lives in Buchie, Scotland. There are six grandchildren.

PASSING OF CONTRACTOR

Supervisor of P. G. E. Construction Dies in Vancouver

VANCOUVER, April 13: (CP)—John M. Mercer, vice-president of the Northern Construction Co. Ltd. and president of the Vancouver Motus Ltd., is dead here at the age of fifty-six years. He supervised the construction of the Pacific Great Eastern Railway.

Municipal Salary Cuts in Frisco Given Approval

SAN FRANCISCO, April 13:—Municipal voters on Tuesday approved by a majority of ten thousand a referendum providing for all around salary cuts in the civic service. A special election was held in which to present the referendum.

YOUTHFUL ENGINEER TURNS TABLES AT TRIAL AND TEMPORARILY CONFOUNDS PROSECUTION—DENOUNCES METHODS EMPLOYED AGAINST HIM DURING SOLITARY CONFINEMENT.

LONDON, April 13: (CP)—Referring to the trial of six British subjects in Moscow on charges of espionage and sabotage, Sir John Simon, Secretary for Foreign Affairs, declared in the House of Commons today that "none of these men have ever been employed directly or indirectly in any connection with any branch of our intelligence service."

MOSCOW, April 13: (CP)—"I am actually not guilty," declared W. H. Macdonald, one of six Englishmen on trial here on charges of espionage, sabotage and bribery, as the trial proceeded today. Macdonald was the only one of the six electrical engineers in the service of the Metropolitan Vickers Corporation to plead guilty yesterday at the opening of the trial. A most profound sensation was caused by Macdonald's testimony which suddenly turned the tables in the hearing. An interpreter was frequently called in order to get the exact shades of meaning in testimony which momentarily confounded the prosecution.

Standing upright despite his lame left leg, the tall 26-year old engineer denounced in cool and calculated tones statements concerning him in the indictment as well as his own statement written while he was held in a Russian police prison in solitary confinement for five weeks. Macdonald declared that he had made incriminating statements at the time of his arrest because of the methods of the Russian secret police.

Macdonald, who had been imprisoned in Lubianka Prison since his arrest, does not himself understand the whole situation. He was evidently amazed at the pleas of "not guilty" given by the other Britons.

In his alleged confession, Macdonald was yesterday declared to have informed the Soviet authorities that he paid out money which he received from L. C. Thornton, one of his colleagues, to Russian subordinates for collecting military, economic and political information in regard to Russia.

Macdonald's admissions were alleged to have been substantiated by confessions of eleven Russian employees of the company.

DERELICT IS FOUND

Dead Man Believed to be on Board Small Open Boat in Mid-Pacific

SAN DIEGO, April 13:—Naval vessels are searching in the Pacific Ocean eight hundred miles off San Diego following the report of the steamer Antiqua that she had sighted a 25-foot open boat presumably with a dead man on board. There was no explanation as to why the Antiqua had not made a further investigation after sighting the derelict.

For some time fears have been entertained as to the safety of Robert T. Vall who left months ago in an open boat on an attempt to sail around Cape Horn.

CHAPMAN IS NOMINATED

Named as Candidate for Prince Rupert in Provincial Election

Others Decline

Additional Planks in Platform Discussed at Meeting Last Night

Charles Chapman, who has been active for some time in affairs of the National Unemployed Workers Association here, was last night nominated as candidate of the local Unemployed Councils for Prince Rupert riding in the forthcoming provincial election. He will oppose T. D. Pattullo, Leader of the Opposition, and such candidate as the Conservatives may nominate. Seven other men prominent in labor affairs including Aid. G. W. Rutherford and Ex-Ald. W. H. Montgomery declined the nomination.

Mr. Chapman's nomination took place at a special meeting of the unemployed councils held in the C. L. D. Hall for the purpose of selecting a candidate to champion the cause of employed and unemployed labor in the forthcoming election. W. H. Montgomery was appointed chairman.

The suggested platform was again discussed and the following additional planks, submitted by the Fishermen's Industrial Union, were submitted:

Removal of all government taxes, embargoes and restrictions that place the Canadian fisherman at a disadvantage with the American fisherman in the marketing of fish and in the purchasing of supplies and equipment required in the fishing industry.

Right of recall of representative. Abolition of requisite of ownership of private property for voting at municipal elections and that no voter otherwise qualified shall be deprived of his municipal vote through inability to meet tax requirements.

After discussion it was decided to proceed with nomination of a candidate. Charles Chapman, J. M. Dunn, W. H. Montgomery, Oscar Larson, T. J. Shenton, Mike Anderson. Continued on Page 2.

Germany's Nazi Attend Church

Germany's Nazi complex has extended to religion. Here is a detachment of Fascist forces carrying swastika flags into a church on the Hohe-zollerndam, Berlin, for opening ceremonies.

INSANITY HEARING MATSUOKA TO JAPAN

Warden of Arizona State Penitentiary Moves to Save Mrs. Judd From Death on Gallows

PHOENIX, Ariz., April 13:—The warden of Arizona State Penitentiary yesterday took the necessary proceedings towards giving an insanity hearing to Mrs. Winnie Ruth Judd, who stands condemned to execution on April 23 for the murder of her former friends, Agnes Lerol and Hedvig Samuelson.

The only hope of saving Mrs. Judd's life now rests with the possibility of her being declared insane, all other avenues of escaping the gallows having been, apparently, closed against her. A jury would hear the proceeding looking to a declaration of insanity.

GEHRING IS APPOINTED

Succeeds Vice-Chancellor von Papen and Also Becomes Premier of Prussia

BERLIN, April 13.—Chancellor Adolph Hitler has accepted the resignation of Vice-Chancellor von Papen and appointed Herr Gehrting to succeed him. Gehrting also becomes Premier of Prussia.

NO PAPER TOMORROW

Tomorrow being Good Friday and a public holiday there will be no edition of the Daily News. The next regular issue will appear Saturday afternoon.

Late Representative at Geneva Sails For Home in Tokyo From San Francisco

SAN FRANCISCO, April 13.—Yosuke Matsuoka, late representative of Japan at the League of Nations in Geneva, sailed from here today for his home in Japan after a two-day visit to the city.

Matsuoka, who was closely guarded from possible attack by Chinese, was given an official reception by Mayor Angelo Rossi.

CASE SETTLED

The County Court case of Dr. H. O. Johnson vs. Cora E. Black, in which plaintiff claimed the sum of \$75 for professional services, has been settled with defendant consenting to judgment against her for the full amount without costs.

ROOSEVELT IN FAVOR OF THIRTY-HOUR WEEK

WASHINGTON, D.C., April 13:—Appearance yesterday of Miss Frances Perkins, Secretary of Labor, before the House committee to support the Black thirty-hour week bill was taken to mean that President Franklin D. Roosevelt was in favor of such legislation. The measure is believed to be sure of passage by Congress if it is supported by President Roosevelt.

Dominion Wheat Stock This Spring Over Three Hundred Million Bush.

Increase of 66,668,671 Bushels is, However, Much Less Than Crop Production of 1932 Compared With Year Previous

OTTAWA, April 13: (CP)—Stocks of wheat in Canada on March 31 are estimated by the Dominion Bureau of Statistics at 312,819,244 bushels as compared with 246,150,573 bushels at the end of March, 1932, an increase of 66,668,671. The increase over the 1932 figures is, however, much less than the increase in crop production of 1932 as compared with that of 1931.

ENROLMENT IN SCHOOL

Total of 1122 Pupils in Attendance at Public Schools Here in March

Enrolment at the schools of the city for the month of March this year totalled 1122, consisting of 567 boys and 555 girls, a summary of principals' reports, presented at Tuesday night's regular monthly meeting of the board of school trustees, revealed. Per schools, the enrolment was as follows:

Table with 3 columns: School Name, Boys, Girls, Total. Rows include High School, Borden Street, Booth School, Seal Cove, Westview, and Totals.

The attendance percentage for each school was as follows: High School, 95.11; Borden Street, 98.6; Booth School, 95.58; Seal Cove, 98.53; Westview, 97.09.

Bank savings were reported as follows: Booth School, \$23.23; Borden Street, \$19; Seal Cove, 96c; Westview, \$7.69.

Examinations had been held at the end of March in Booth and Borden Street Schools, satisfactory progress in all grades being revealed as a result. The school inspector had paid a visit during the month to certain grades at Booth School. The fire marshal and fire chief had visited Booth, Borden Street and Seal Cove schools and conducted fire drills.

NEW BASIS OF TARIFF

United States Considering Making Concessions to Canada on Cattle, Fish and Lumber

NEW YORK, April 13: (CP)—A dispatch to the New York Herald from Washington says that a survey suggesting a possible basis of agreement to lower trade barriers between United States and Canada has been completed at the United States capital.

The dispatch says that an exhaustive examination of the present commerce over the Canadian border has brought Washington officials to the conclusion that the United States could lower its tariffs on Canadian cattle, fish and lumber in return for Dominion concessions.

TAXES ON FISHERMEN

Alaska Legislature Moves to Exclude Outsiders From Industry—Bill Before Governor

JUNEAU, April 13: (CP)—Taxes on non-resident fishermen in Alaska would be more than doubled by the Taylor Bill which is now before Governor John M. Troy after passing both branches of the territorial legislature.

A fee is set up for non-resident seiners, gill-netters and trollers of \$25. In addition, licences would be limited to American citizens and aliens who declared their intention of becoming citizens.

MAKE USE OF WASTE

How Garbage Might be Employed on Mount Oldfield Road is Explained

No Nuisance

Example of City of Seattle in This Regard Referred to—Is Economical

In connection with the proposed trail or roadway up Mount Oldfield, a plan whereby municipal waste products such as garbage and ashes might be put to good use as filling material for the city end of the project. Continued on page 5.

Ernest Torrence, Actor, Taken From Ship to Hospital

SAN FRANCISCO, April 13:—Two hours before the sailing of the steamer Empress of Britain on which he was to have taken passage for a trip around the world, Ernest Torrence, the well known Scottish moving picture actor, was removed to hospital yesterday afternoon. The nature of his illness had not been disclosed up to last night.

FUNERAL NOTICE

The funeral of the late Alexander Jappy will take place on Saturday at 2:30 p.m. from the Chapel of the B. C. Undertakers. No flowers by special request.

THE DAILY NEWS. PRINCE RUPERT - BRITISH COLUMBIA

Published Every Afternoon, Except Sunday, by Prince Rupert Daily News, Limited, Third Avenue H. F. PULLEN - - - Managing-Editor

Member of Audit Bureau of Circulations

DAILY EDITION Thursday, April 13, 1933

MOUNT OLDFIELD ROAD

Much public interest is developing locally in the proposed trail and road up Mount Oldfield, possibilities of which have been investigated by a joint committee of the Gyro and Rotary Clubs and the Chamber of Commerce which, having satisfied itself that such a trail or road can be built on an easy gradient, has now asked the provincial department of public works to carry out the necessary surveys, with a view to having an early start made on the undertaking.

An article published in the Daily News yesterday summarized the investigation and plans which have already been made in connection with the project.

Here seems to be an undertaking upon which relief labor could be used to excellent advantage, providing at a minimum cost a veritable scenic highway for the city. In winter it would be largely used for ascent to the skiing grounds near the top of the mountain while, in summer, it would be a popular climb or drive which would be rewarded, on reaching the top, with a wonderful ocean view for many miles around. There would also be the possibility of some sort of resort being established such as that on Grouse Mountain at Vancouver.

It is a very interesting project upon which it is to be hoped something may be accomplished in the very near future.

TRIAL OF BRITISH ENGINEERS

The plea of guilty entered by W. L. Macdonald, British electrical engineer, whose trial, together with that of five colleagues, opened yesterday in Moscow, was a sensational denouement which may be expected to have an important bearing upon the hearing as concerns the remainder of the accused who have pleaded not guilty to the allegations of sabotage and espionage. It had not been expected that there would be any such development as that involving Macdonald but the suggestion made in official quarters at London that the plea of guilt might have been "the result of five weeks of solitary confinement and the methods of questioning which had been used" may be significant. Serious protest, it is expected, may be made by Great Britain if any methods favoring of the "third degree" were employed in coercing Macdonald to make the admissions which have seriously implicated his colleagues.

EUROPEAN SITUATION

With the four great powers—Great Britain, France, Germany and Italy—reported to be in virtual agreement on the general principles of the MacDonald-Mussolini peace plan for Europe, happy results bid fair to develop from the warlike crisis which was agitating Europe and, indeed, the world a month ago at this time.

If these four nations, with their varied and, in many ways, conflicting interests, can come to common ground on which to rest their differences, a great day's work as far as world peace is concerned will have been accomplished. For this great credit would necessarily go to Great Britain's peace-loving Prime Minister in winning the co-operation in his plan of such statesmen as Benito Mussolini of Italy and Adolf Hitler of Germany.

A SUPREME DUTY

Every man has a primary duty to protect his home, as far as he is able, and to avoid speculative excesses which may end in disaster. A Savings Account is an investment which gives security, regular income and a cash reserve to meet emergencies.

THE ROYAL BANK OF CANADA

Be Optimistic!

(Contributed)

Be optimistic! Get the fear out of your hearts, fear of the unknown. When business is dull, don't stand around looking at the hole in the doughnut. Think some fun into your daily events.

Don't be over-serious, it breeds disease germs just as anger and hate induce cancer, tumor and liver troubles.

Start a hurricane of jollity. Break loose in a thunder storm of mirth. It will clear the atmosphere under the roof.

Light the candle of a new thought and diligently sweep every corner of your mind and you shall find the real happiness.

Put fun into your thinking. Do not take yourself so seriously. Put the red blood of mirth into your daily thinking and take a run down to Rupert where you will inhale the pure air of heaven and see the magnetic and entrancing harbor and superb sunset such as you read about in the Arabian Nights.

Business is picking up and I am holding on to it like a sick nigger holding on to a Methodist church.

The Letter Box

RE LABOR NOMINATION

Editor, Daily News:—

Re your news item that a committee of the Socialist Party of Canada interviewed the unemployed regarding the nomination of a candidate for the provincial election.

The committee was elected at an organized labor mass meeting called under the auspices of the Central Council of Employed and Unemployed held on Sunday, April 9, to discuss the nomination of a labor candidate. It was decided at that meeting to elect a committee to interview the committee of the unemployed and recommend the advisability of giving organized labor more time. The committee only gave a few recommendations to present to their mass meeting.

We, the undersigned, protest against being called a committee representing the Socialist Party of Canada, Prince Rupert Branch.

D. MacPhee, G. Murray, George Lawson, George Howe, Oscar Larsen, Sidney V. Cox (committee).

CHAPMAN IS NOMINATED

(Continued from Page 1)

son, G. W. Rudderham and D. MacPhee were nominated, all except Mr. Chapman declining.

Mr. Chapman thanked those present for their confidence and pledged himself to do his utmost to further the cause of labor, stating that in the past it had been erroneously accepted that labor had no chance of competing in the electoral field but that this was entirely the fault of the workers not being heart and soul behind their candidate.

A finance committee and a campaign committee were appointed.

This being a special meeting, the regular business of the Unemployed Councils was held over with the exception that a committee was appointed to interview the committee from the city council to make joint enquiry into living expenses in this district as compared with other parts of the province.

Billion People Attend Cinemas United Kingdom

LONDON, April 13: (CP)—About 363,000,000 admissions to the moving picture theatres in the United Kingdom last year at a total expenditure of \$215,000,000 is taken as a good indication that the modern commercial cinema is a vastly more important enterprise than many critics thereof may credit. The sum of \$215,000,000 spent on cinemas includes \$35,000,000 in taxes. The average price per admission was about nine pence.

The figures quoted were given at a meeting of the Royal Empire Society by Simon Rowson, a director in one of the big British picture corporations. In the course of his address Mr. Rowson said:

"There were signs of the beginnings of an export trade in British films to the markets of the Empire and to other English-speaking countries. London was again becoming the film market of the world. Reports of every new picture screened in London were communicated to expectant buyers wherever the English language was spoken."

Dr. J. H. Carson, who has been (left) on post-graduate work in Vienna for several months, is expected home from overseas within the course of the next two or three weeks. He intends to resume practice here as a specialist in eye, ear, nose and throat diseases.

MUSHER AT FT. FRASER

Dog Musher Leaves Interior Town Today For Prince George

FT. FRASER, April 13—Slim Williams, grizzled and lean dog musher from Copper Centre, Alaska, who is on his way to the World's Fair at Chicago with an Alaskan joboggan and outfit weighing 300 pounds, after having travelled 1800 miles since he started his long sled trip on November 20, having broken trail most of the way through uninhabited country via Dawson, Alton, Telegraph Creek and Hazelton, arrived here on Monday night from Smithers and, after a day's rest, left yesterday for Prince George which city he expects to reach by Saturday night. He is in plenty of time to reach the Windy City by the time the World's Fair opens.

Williams still has eight of his original nine dogs, all huskies with wolf strain. The other dog was killed when the party was attacked by a large pack of famished wolves near Forty Mile, Yukon. Williams shot several of the wolves before driving them off.

The dog team is one of the finest seen by many old dog mushers here.

Williams, a former California man, was all over the southwest states and in Alaska since 1901, chiefly prospecting. He renewed acquaintanceship with several former Alaskans hereabouts. He states that the route travelled can be made an excellent highway for automobiles and he is a strong supporter of the Alaska Highway scheme.

POULTRY RAISER CONQUERS "ROUP"

Raises Miner's Lintiment As Remedy for Roup or Bronchial Flu

Read this letter from G. Minivelle, Fort Garry, how he checked Roup (Bronchial Flu) which he broke out among his young hens. "After trying other remedies and obtaining no results whatever," writes Mr. Minivelle, "I tried Miner's Lintiment. Five to six drops on the tongue and sometimes more, depending on the birds. I am positive that it helped me out a lot." Miner's Lintiment is a tried and proven remedy for sprains, burns, bruises and skin diseases, as well as for Bronchial and Rheumatic trouble. For sale by all druggists.

PREECE IS RE-ELECTED

Again Leads Canadian Legion—Semi-Annual Meeting Last Night

The half-yearly meeting of the Prince Rupert branch of the Canadian Legion, B. E. S. L., took place last evening with a good attendance of members. President Jack Preece in the chair.

Election of officers for the ensuing six months resulted as follows: President—J. Preece, (re-elected). First Vice-President—W. J. Rance (re-elected).

Second Vice-President—R. T. Anderson (re-elected).

Executive—S. A. Bird, S. B. Marshall, C. L. Youngman, H. Killin, R. E. James and D. C. Schubert.

Trustees—T. Silversides, S. A. Bird and J. S. Wilson (re-elected). It was decided to run a football team in the city tournaments and C. L. Barker was appointed delegate to the Football Association.

Zone Representative D. C. Schubert reported on the activities of other branches in the zone. It is possible that a conference of these representatives may take place in the near future with Prince Rupert as the meeting place.

The Women's Auxiliary has been meeting and, with twenty members already taking part, an active program has been planned.

Application from George J. Dawes for regular membership was approved.

• TESTED RECIPES OF TEMPTING INTEREST •

SIMPLE SAVORY

Start with sausages...

Sausages, sliced onions, canned tomato soup. Place in baking dish the required number of sausages, previously browned with onions and a cup (or less) of tomato soup. Season and put on to cook while you mix the following: 1 cup flour, 1 teaspoon baking powder, 1/2 teaspoon salt, 1/4 teaspoon Colman's Mustard, 1 egg, 1 cup milk. Beat this mixture well and pour over the partially cooked sausages. Bake until nicely browned—and there you are.

A really delicious and nourishing luncheon for four people—at reasonable cost. Simple Savory makes possible a real economy in the family food budget. And its flavour, so subtly appealing, will be the cause of much favourable comment—provided you have not overlooked that 1/4 teaspoon of Colman's Mustard in the recipe.

Visit EUROPE THIS YEAR!

... for Europe does such wonderful things for you! It gives you a whole new vocabulary, a new style, a new outlook on life!

This year Europe is closer to you than for years past. Fares are low—exchange rates are all in your favour—holiday or travel dollars go much farther in Europe than anywhere else in the world today! Think of it—a whole month in England for as low as \$30 at the present rate of exchange. Small wonder so many holiday-seekers are going to Europe this year.

Cross by Canadian Pacific—famous White "Empresses," Regal "Duchesses"—popular "Mont" Ships—unsurpassed comfort in every class. Special All Expense Tours will save you still more! Frequent sailings from Montreal and Quebec.

SOME FIXED "STARS" AND A COMING LUMINARY

Players may come and players may go, but there are some old-timers in the major leagues which opened the season yesterday who keep up or around the top year in and year out. Frankie Frisch grizzled veteran (1), in the above layout, is one of these. He is found again on the St. Louis Cards' infield. Incidentally, Frankie took his good time about signing his contract this season. (2) Billy Jurges, shortstop of the Chicago Cubs, and formerly of Reading. He is a newcomer to the National League compared to (3) Jim Bottomley, first baseman, formerly of St. Louis, but now with the Reds. (4) Burleigh Grimes, spitball expert, who is being counted upon to again pitch the Chicago Cubs into the world series. He is a real ancient.

TEAMS ON WAY HOME

Moncton Hawks and Saskatoon Quakers on Same Train

VANCOUVER, April 13.—Bound for their home city in the Maritimes, Moncton Hawks, newly crowned champions of Canadian amateur ice hockey and winners of the much-travelled Allan Cup, emblematic of this honor, left Vancouver yesterday aboard the "Continental Limited" of the Canadian National Railways. The Hawks carry the added distinction of being the first team from the Maritime provinces to lift the Canadian amateur hockey championship.

Aboard the same train were the Saskatoon Quakers, western champions, who battled their way to the Allan Cup finals after overcoming much stiff opposition.

During their visit to the Pacific Coast the players of both teams made several friends, many of whom were present at the station to give them a hearty send-off.

I think we should count that nation happiest and most prosperous which has in it the greatest number of individuals who are happy and prosperous.—John Erskine.

SPORT NOTES

Under the Basketball Association auspices the C. N. R. A. basketball team is leaving at 2 o'clock Friday morning to play games in Anyox on Friday and Saturday nights. Owing to the limited accommodation on the Phippen only the team will be taken. The party will consist of W. Lambie, B. Stalker, C. Nelson, A. Cross, D. Morrison, W. Johnson, A. Stiles, T. Kelsey, J. Campbell and R. Irvine. Capt. (Handsome) Jim Morrison will skipper the Phippen for the voyage.

The Grotto senior basketball team is also travelling at Easter and leaves for Stewart at 8 o'clock tonight on the pleasure boat Rhonda to play a series of games at Stewart and Premier. The party will consist of: Vic Menzies, Ratchford, Currie, Gillis, Gurrich, McNulty, Bud Barrie, Don Brown, Gunnar Anderson, J. Ross, G. Coverdale, B. Bury and H. Morgan.

On Friday the first football game of the season here will be played with an exhibition game between the Regiment and the Legion. Both these teams have promising material for this season's games and a bang-up game is expected as a starter.

The visiting Kincolth basketball team left yesterday for home where it will enter into a series of

games with Grenville and Aiyansh for the championship of the Naas River.

Bobby Cruickshank, the professional golfer, once sank a twenty foot putt while playing in a tournament, but the ball popped out when a bullfrog, on which it had landed, popped up.

Thrifty Scotsmen of St. Andrew's, Scotland, will be asked to plank down as many as twenty-five six-penny bits if they wish to see all the play in the British open golf championship this July. Hitherto St. Andrew's, the home of golf the world over, has been free to spectators but, following the happenings in the amateur championship in 1930 when the crowds following Bobby Jones were so large that they impeded the other players, the championship committee decided that a gate must be charged for the 1933 open.

Major league baseball clubs resumed business for 1933 yesterday but they hardly looked the same. Only five of the sixteen clubs started the season with the same infields that they had in the closing days of the 1932 series. The five teams are the New York Yankees, Washington Senators and the St. Louis Browns of the American League and the Pittsburgh Pirates and the Chicago Cubs of the National League.

BIG SCORES ON DIAMOND

Pacific Coast Leaguers Clout Hard With 20 to 3 and 17 to Nil Scores on Tuesday

Mission Reds made ten runs in the first inning of Tuesday's Pacific Coast League baseball game to defeat San Francisco Seals by a score of 20 to 3.

Sacramento Senators overwhelmed the Seattle Indians with a 17 to nil shut-out.

Los Angeles defeated Hollywood 9 to 3 while Oakland Indians nosed out Portland Beavers 5 to 4 in the only close game of the day.

The teams settled down somewhat yesterday when results were as follows:

Sacramento, 9; Seattle, 6. Hollywood, 11; Los Angeles, 4. Missions, 6; San Francisco, 5. Portland, 8; Oakland, 3.

BASEBALL IS OPENED

Big League Baseball War Gets Under Way on Other Side With Splashing Old Time Start

Roosevelt Hurls

Five Out of Eight Games are Played, Remaining Three Being Rained Out

NEW YORK, April 13.—(CP)—With beer splashing under most of the stands and fifteen other clubs in the two circuits intent from the start on wresting the world's baseball championship from the New York Yankees, Big League baseball got under way for the 1933 season yesterday with real old time enthusiasm. Five of the eight scheduled games were played, the remaining three being rained out. All fixtures on the western sector were played.

The Yankees are picked by experts to again capture the American League pennant but prognosticators are not so sure about the outcome of the National League. Pittsburgh Pirates, Chicago Cubs, Brooklyn Dodgers and the Phillies all being expected to wage a merry war for the senior circuit flag.

At Washington, President Franklin D. Roosevelt pitched the opening ball which was received by Vice-President John M. Garner. The Senators then proceeded to inflict a four to one trouncing upon the Philadelphia Athletics. Yesterday's scores:

AMERICAN LEAGUE
Philadelphia, 1; Washington, 4. Cleveland, 4; Detroit, 1. Chicago, 4; St. Louis, 2. Boston at New York, rained out.

NATIONAL LEAGUE
Pittsburgh, 4; Cincinnati, 1. St. Louis, 0; Chicago, 3. Brooklyn at Philadelphia and New York at Boston, rained out.

The average attendance for the five games was 20,000, 600 ahead of last year, with which the team owners seemed to be pleased.

Organizing of Athletic Body Here Proposed

An athletic and gymnasium organization meeting which was to have been held in the Armory last night was postponed until next Tuesday.

Owing to the increasing demands for a senior gym class, T. Barton, instructor, is trying to organize a class of boys over the age of 18. At the Armory they have all the equipment necessary for a good gym class including parallel bars, wrestling mats and many other items necessary.

A bore is the kind of man who, when you ask him how he is, tells you.—Channing Pollock.

Basketball Buzz

Play started slow in Tuesday night's Kincolth-Grotto hoop game with either team trying to get used to the other's tactics. After three or four minutes of play Kincolth sank a basket but was soon followed by the Grotto. From then on play started to loosen up a little with both teams popping in the long shot occasionally. Neither team could seem to work it under the basket for a cinch shot. At half time the visitors were out in the lead by two points, 12-10.

In the second half the Grotto, with Ratchford as its sharpshooter, started on a basket-scoring spree and soon had a good eight-point lead. The visitors then retaliated with a few of their nice long shots and slowly crept up on the local team so that, with about six minutes to go, the score stood 28-23. Kincolth broke the tie on a penalty shot but Ratchford sank a long one to put the Grotto one point ahead. In the dying moments of the game another tally for the top-scoring gave them their three-point lead.

The local teams are not the only basketball aggregations in the north that have big centres. The Kincolth boys boast of one of these big men in the person of Johnson and he surely lives up to his reputation. He is a hard worker and a dead shot. Lincoln for Kincolth also played a sturdy game. The Grotto have Currie and Ratchford to thank for their victory.

Grotto—Ratchford (14), Menzies, Smith (4), Gurrich (6), Currie (2), Gillis (4), McNulty (2)—Total, 12.

Kincolth—Moore (2), Bolton (4), Johnson (13), Lincoln (2), Alexander, Stewart (7), Clayton, Trimble (1)—Total, 29.

In the intermediate game the Tuxis defeated the champions of the league, Warriors, in a good, peppy match by two points. The boys played their usual smart game.

NAVAL UNIT INSPECTED

Local Reservists Congratulated by Commander Hose For Efficiency

Inspection of the local Royal Naval Volunteer Reserve unit was conducted at the barracks last night by Commodore Walter Hose, chief of naval staff, Royal Canadian Navy, and Lieutenant Commander J. C. Edwards, both of Ottawa. There was a good turnout of the reservists and Commodore Hose congratulated the unit on its efficiency.

Both Commodore Hose and Lieutenant Commander Edwards are leaving on H. M. C. S. Armentieres this afternoon at 4 o'clock for Esquimalt.

Some of the members of the local unit are also leaving on the Armentieres for Esquimalt for their annual training, those making the trip including Charles Stuart, H. Harris, W. Hill, L. Freestad, A. Hardy, G. Willisroft, M. Maguire and W. Bremner.

Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism.
Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication.
Letters should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.

STORM AID TO SEARCH

Longest Yesterday Expected to Help Rather Than Hinder Akron Patrol

NEW YORK, April 13:—A violent storm yesterday prevented U. S. Coastguard from continuing her patrol of the Atlantic Ocean off the New Jersey coast in search of wreckage or further bodies from the ill-fated United States naval dirigible Akron which was destroyed in a crash on the ocean early Tuesday morning of last week.

It was expected, however, that the storm might be just as effective in the desired end and that it would be inclined to bring wreckage and bodies closer into shore rather than sweeping them further out to sea.

Defects Known

WASHINGTON, D.C., April 13:—At the naval inquiry into the Akron disaster, which is continuing here, it was revealed by officers of Lakehurst air station yesterday that structural defects in the great dirigible had been discovered prior to the last flight, it having been the intention to rectify these when the airship received annual overhaul late this month.

The Paper that has the circulation and that Brings Results

MAKE USE OF WASTE

(Continued from page one)

posed road is being advanced. This material might also be used to good advantage in connection with filling for the development of a track field or sports ground area in McClymont Park just west of the bridge, it is suggested.

At present, it is pointed out, some 2000 loads of garbage is being trucked annually a distance of nearly two miles out the Skeena River highway, involving some 5000 miles of transportation much of which might be eliminated, meaning an actual saving to the city.

By the simple plan of covering with soil available from excavation, etc., the garbage as it is dumped each day, the much-discussed odor nuisance, it is contended, would, as is actually being done in other places, be entirely eliminated.

Seattle, Wash., it is pointed out, is now disposing of all municipal waste products by such a method as this and is thus quickly transforming idle low-lying suburban lands, which have long been an eyesore of that city, into useful public property. Incidentally, this method is being found in Seattle to be far less costly and vastly more efficient and sanitary than the methods of dumping, chemical reduction and incineration in common use elsewhere.

Following are some particulars of the Seattle method:

Method

An area of low marsh or waste land is secured with a view to its development for a park or other purposes.

Long poles are set in this ground, and red paintmarks are placed on these poles, indicating the level of the desired final grade.

A sufficient quantity of soil to cover the waste products each night is reserved nearby, preferably a

high spot of ground above the level of the final grade.

A capable man, placed in charge of each development, confines the dumping during the day, carefully screening it from public view by a portable fence of wood sections about twelve feet long and six feet high. As a part of his wages, he is allowed to salvage scrap, which he puts in a small cabin on skids, placed there for this purpose and for his general use. Before unloading, dump trucks are backed over a movable platform directly up to a wheel-stop at the edge of the low area in order to avoid rehandling. (The movable platform is made of three by five foot, double-ply, plank sections, the planks being nailed together cross-wise.)

Each evening, the material dumped during the day is covered with one inch of soil.

When a section has thus been completed, it is immediately seeded with rapid-growing varieties of grass and rye, and the portable fence, cabin, platform and wheel-stop are moved to another spot. The whole area to be reclaimed is raised by this method six feet or less at a time until the desired final level is attained.

Sanitation and Economy
Flies and other disease-bearing insects are kept away from decom-

posing waste materials by the soil cover. Foul odors, flies and other nuisances are eliminated.

A single collection system takes all waste products from each section of the city directly to the nearest place of disposal. Long hauls and duplicate collection system for different forms of waste are avoided.

Idle land is filled and becomes valuable virtually without cost.

Property values about the area to be reclaimed are actually increased rather than diminished as is the case about ordinary open dumps.

The land may be used even during the process of reclamation right up to the fenced area as a playground, parking area, storage space, etc.

NO FISH ARRIVALS

No boats being in with catches, there was no sale of halibut on the local Fish Exchange this morning.

All Securities in Slump in New York Trading Yesterday

"TILIE THE TOILER"

Well Begun, Half Done

—By Westover.

DRAMA OF HUMANITY

"Twenty Thousand Years in Sing Sing" Opens at Capitol

The human side of prison life, with its laughter and tears, its romance, its thrills and its grim tragedies is painted in vivid and dramatic coloring in the picture "Twenty Thousand Years in Sing Sing" which is coming this week-end to the Capitol Theatre.

This screen drama was taken from the book by Lewis E. Lawes, Warden of Sing Sing prison. It is a document of facts and truth which are said to be stranger and more fascinating than fiction.

The story deals with the life of a "big shot" gunman who, when finally convicted, believes he can rule the prison as he ruled his political gang. His personal attachment for the warden becomes so strong that he voluntarily returns to the prison and the chair when on parole, rather than let the warden down. Besides the many thrills, including a prison riot, there is a glowing un-

derlying romance, made inspiring by the touching loyalty of convict's women for their misguided husbands and sweethearts.

Spencer Tracy has the leading role with Bette Davis playing opposite him. Others in the cast include Arthur Byron, Lyle Talbot, Grant Mitchell, Warren Hymer, Louis Calhern, Edward J. McNamara and Sheila Terry.

There are no uninteresting things; there are only uninteresting people.—G. K. Chesterton.

MEETING OF MUSIC CLUB

Interesting Program at Home of Mrs. G. A. Woodland

Despite inclement weather, 25 members of the Ladies' Music Club attended the regular meeting of the club which was held yesterday afternoon at the home of Mrs. G. A. Woodland, Fifth Avenue East. There was a splendid program of part songs, duets, trios and quartettes and Mrs. Robert Blance prepared a short but interesting paper, which was read by Mrs. Woodland, dealing with the origin of part songs and leading up to present day music. Mrs. R. L. McIntosh, the president, was in the chair.

Mrs. J. S. Black and Miss Swanna Olafson were accompanists for the afternoon and the remainder of the program was as follows:

"O Canada," Piano duet, selected, Mrs. Robert Bartlett and Mrs. W. L. Stamford. Vocal quartette, "Annie Laurie," Mrs. J. H. McLeod, Mrs. Ernest An-

derson, Miss Lillian Halliwell and Mrs. C. E. Cullin.

Vocal trio, "Spring Song," Mrs. F. W. Allen, Mrs. F. N. Good and Mrs. James Farquhar.

Vocal quartette, "Love's Old Sweet Song," Mrs. William Millar, Mrs. Ernest Anderson, Miss Lillian Halliwell and Mrs. C. E. Cullin.

Vocal duet, "Maybells and Flowers," Mrs. J. H. McLeod and Mrs. Ernest Anderson.

Vocal quartette, "Birds in the Night," Mrs. J. H. McLeod, Mrs. Robert Blance, Mrs. Sheldford Darton and Mrs. C. E. Cullin.

Piano duet, selected, Misses Ruth Gillies and Margaret McCaffery. "God Save the King."

Mrs. James Lamb was welcomed as a guest for the day.

Tea was served by the hostesses, Mrs. Woodland and Mrs. Blance. With Mrs. R. L. McIntosh and Mrs. James Lamb presiding over the tea tables and members of the club acting as serviteurs.

"I fear vastly more a futile, incompetent old age than I do any form of death." —William Allen White.

Tea and Sale of Hot Cross Buns Is Held Today

A tea and sale of Hot Cross Buns is being held in the parlors of the First Baptist Church this afternoon by the Ladies' Aid. The hall is tastefully decorated with Easter lilies and crocuses, giving a pleasing Easter effect.

Mrs. J. Hampton, assisted by Mrs. Norman Fraser, is general convenor for the afternoon. The sale of Hot Cross Buns is in charge of Mrs. Larkin and those assisting in the tea room are Mrs. J. Stromdahl, Mrs. V. Houston and Mrs. D. Orchard McLeod with Mrs. B. Morgan acting as cashier. A delightful program of music will be presented during the afternoon.

Rebekah Hard Times Dance is Enjoyable Event

The Rebekah hard time dance last night proved a very enjoyable affair despite the unfortunate weather and those present had a very jolly evening. Scotch and Canadian dances were very much enjoyed to the strains of excellent music provided by Mrs. J. S. Black's orchestra. During the evening prizes were awarded to Dan Parent and Miss Owens for the costumes most appropriate to the evening's entertainment. At midnight delicious refreshments were served and dancing was kept up until the early hours this morning.

Jack Biddle was a very capable and genial master of ceremonies. Mrs. Bert Morgan, assisted by J. S. Irvine, presided at the door. Mrs. J. W. McKinley, Mrs. West and Mrs. J. S. Irvine were hostesses for the evening.

THIS YEAR

Serve this finer ham

CLIP OUT THESE INTERESTING NEW RECIPES

Now that Swift's Premium Ham is "Ovenized" every cut gives extra satisfaction! You'll find the new "Ovenized" goodness in the butt end, the shank end, or the centre slices of the ham.

for BREAKFAST

Broil fairly thin slices of Swift's Premium Ham in hot oven or on grill until crisply brown, turning each slice once. This method brings out fully the rare new "Ovenized" flavour. Add a few drops of sauce if desired. Note—If you pan fry, don't allow Premium Ham to remain in fat after it is browned.

for EASTER DINNER

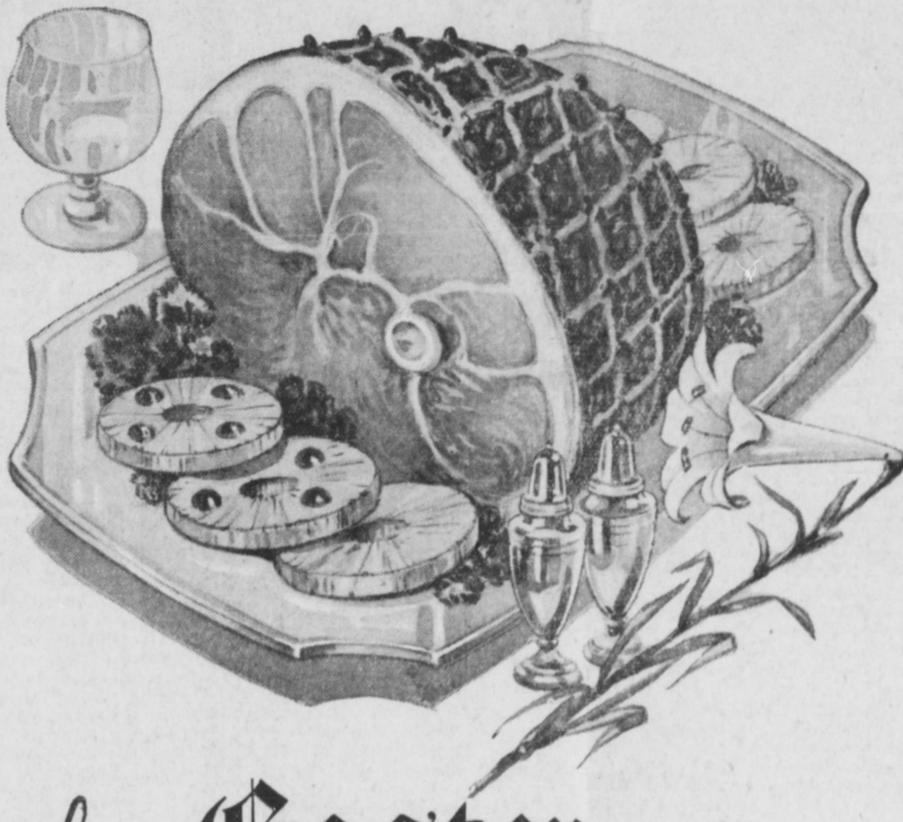

The butt half of an Ovenized Premium Ham baked, served with fried pineapple rings decorated with maraschino cherries and garnished with parsley. As an alternative dressing you can serve fried (partially ripe) bananas, topped with red currant jelly. Or you can spread a thick slice of Premium Ham with peanut butter and mustard, cover with milk and bake in oven until thoroughly done.

Buy with confidence where you see this seal

So that you may readily identify stores carrying the genuine Premium Ham and Bacon, Swift's have supplied their dealers with a display featuring the seal shown above and a replica of this advertisement.

Such stores maintain Swift's own standards of quality and cleanliness. They are reliable shops to deal with. Patronize them with confidence. Ask for today's low prices on Swift's Premium Ham and Bacon.

for Easter...

Across thousands of Easter dinner tables this week-end will pass flattering comments on the delicate new goodness of that famous old dish—Swift's Premium Ham. And it won't simply be complimenting the hostess . . . because the exclusive new Swift method called "Ovenizing" has made Premium better in four remarkable ways: The flavour is finer . . . a matchless blend of "tang" and "mildness". It is much more tender, yet firmer at the same time. Richer colour, too. Every home can enjoy Swift's Premium at today's economical prices. Order promptly from your dealer to avoid disappointment.

But be sure you get the genuine Swift's Premium . . . with the name Swift repeated down the length of the ham. Remember, only Swift's Premium Ham is "Ovenized." Ask for it by name.

DEFINITELY BETTER IN FOUR WAYS

. . . because of an exclusive Swift improvement in smoking.

FINER FLAVOUR: from end to end; you notice it instantly

MORE TENDER: In shank and butt ends as well as in centre slices

DELICATELY PINK: Even its color is a point of distinction

FIRMER: It saves loss in cooking

Swift's Premium Hams and Bacon
