## PILOTS HAVE RIGHT OF WAY OVER FISHERMEN, DECIDED

### Halibut Boats Released; Were Fishing For Cod and Not For Halibut on Twin Peaks Banks

Following investigation, the fisheries department announced here this morning that it had accepted the explanation of the owners of the four local halibut boats Rose Spit, Kaien, Toodie and Morris H. that they were fishing for black cod and not for halibut on the Twin Peaks banks in Hecate Straits on Saturday afternoon last following the close of the halibut fishing season and that the four vessels had been accordingly released. The boats had been ordered into port by the fisheries patrol steamer Malaspina on the allegation that they had halibut gear spread.

The Rose Spit and Kaien voluntarily turned over to the department some three pounds of halibut each which they had caught while fishing for black cod.

The Malaspina left here at 3 o'clock this morning to continue patrol of the halibut grounds in the vicinity of the Queen Charlotte Islands.

Raymond Moley Quits as Assistant Secretary of State, Making First Break in Government

HYDE PARK, N.Y., Aug. 29: (CP)—Raymond I. Moley, intimate advisor to President Franklin D. Roosevelt, on Sunday presented his resignation as Assistant Secretary of State. It was the first break in the official family of the president and was presaged by the under-surface split in regard to State Department policy between Moley and Secretary Cordell Hull which developed as a result of the recent world economic conference. Some weeks ago Moley was transferred from the State Department and appointed to conduct an investigation into the kidnaping racket in the United States.

Both in Moley's letter of resignation and President Roosevelt's reply accepting same, continuation of their close personal friendship and esteem was mutually assured. The president acknowledged the invaluable services and advice that had been given him by Moley both before and since the election last fall.

Moley announced that he would become associated with Vincent Astor in a new national weekly which is to make its first appearance about October 1.

## Canadian Premier Unequivocally Urges Great Britain To Curtail Imports of Timber From Russia

Threatens That Operation of Whole Ottawa Agreement May be in Jeopardy if Old Country Fails to Honor Article 21 of Last Year's Pact

LONDON, Aug. 29: (CP)—The Morning Post today declared that Prime Minister R. B. Bennett, just before his departure for Canada at the end of last week, had sent to Rt. Hon. Walter Runciman, President of the British Board of Trade, a memorandum urging "in the most unequivocal language" that Article 21 of the Ottawa agreements be put into operation without delay.

This article provided for the drastic restriction of imports of Russian timber to the British market to enable Canadian softwoods to obtain a share of the British market.

"It is understood," the Morning Post said, "that Premier Bennett made it clear that, unless action is taken to honor Article 21, the operation of the whole Ottawa agreement might be in jeopardy."

VANCOUVER, Aug. 29: (CP)—The approach of much cooler weather and occasional rain here and there with prospects of more has lightened the burdens of thousands of fire fighters at Port Haney and Harrison Mills, on the lower mainland and Vancouver Island and in other parts of the province.

Much Damage in Oregon  
PORTLAND, Ore., Aug. 29:—Although the flames were continuing to spread unchecked and efforts of five thousand fire fighters were being concentrated upon the saving of lives, a change to cloudy skies yesterday gave rise to hopes for early relief in the Wilson River forest fire situation which during the past week had done estimated \$18,000,000 to \$20,000,000 damage to hundreds of square miles of growing and merchantable timber and property in three counties of Oregon. A change of wind saved the town of Tilamook from destruction but in Portland, a distance of forty miles from the fire area, dense smoke obstructed visibility to within a few blocks.

THE POLITICAL SITUATION

The present political situation is a curious one. Never before has there been anything like it. The party in power has so far nominated only three candidates.

It has been semi-officially announced that the C. C. F. is making a demonstration of its strength rather than expecting to win a majority of the seats.

HEALTH OF THE PEOPLE

Dr. H. E. Young, in his annual report to the Hon. S. L. Howe, provincial secretary, intimates that the relief system is bound to have a deleterious effect on the health of the people of the province.

This is only one phase of the relief situation. The other is the mental and moral effect of the long period of idleness with a lowered standard of living.

CONGRESS IS ENDED

Successful Salvation Army Meetings In Progress For Several Days Come to Close

The triennial native congress of the Salvation Army, which has been in progress in the city for the past four days, came to a close last night. The congress, which brought delegates to the city from all parts of Northern British Columbia, was a great success.

Major Albert Dalziel of Vancouver, chief of Army work in British Columbia, arrived Friday and was warmly welcomed by the officers and friends of the Army. That evening there gathered around a very beautifully prepared tea table some sixteen young people of the Prince Rupert Corps, who were there to bid welcome to the leader.

Saturday was a great day. Officers and soldiers from many distant points arrived by train and boat for the great welcome meeting which took place in the evening. The citadel was well filled for this service.

All day Sunday marches and open air services were held on the streets. Crowds flocked to the Citadel, the Prince Rupert Boys' Band leading the march in the afternoon and also being the chief players for the afternoon lecture by Major Dalziel. This lecture entitled "For Sinners Only" was enjoyed by all. The Major telling of the Army's great work of turning men and women from wrong to right and helping to make them citizens.

At the Sunday evening service the Citadel was filled to capacity, the meeting being filled with music and song with a deep spiritual atmosphere prevailing throughout the whole gathering. A most inspiring address was given by the major.

Monday Busy Day

On Monday special services were held for the officers and soldiers and the day closed with a final program for the public. Musical selections were rendered by the Major and visiting Salvationists. Two plays entitled "Tom Jones' Brighter Sunday" and "The Voice Divine" were put on by the Army Young People of Prince Rupert after which many of the latest Army pictures were shown by the Major. The chairman for the evening was Staff-Captain Joseph Acton of Wrangell, the divisional commander for Alaska and Northern B. C. His humorous sayings caused much laughter and helped to make the program a great success.

The Major will spend a few days in the city and will visit some of the native villages after which he will return to his work at Vancouver.

FOUND DEAD IN HIS BED

Thorleif Johnson, Aged 48, Expired During Night at Knox Hotel Where He Was Employed

Thorleif Johnson, aged 48, an employee of the New Knox Hotel and a resident of Prince Rupert for many years, passed away during the night in his room at the hotel, his death being discovered this morning when members of the hotel staff went to arouse him.

The late Mr. Johnson had complained last evening of not feeling well and went to his room to lie down. Frank Stevens, manager of the hotel, went to the room later in the evening and believed deceased to be asleep. This morning Carl Johnson discovered the death and immediately called Dr. C. H. Hankinson who found that deceased had been dead for some hours, having apparently passed away in his sleep.

Death being due to natural causes, Coroner Norman A. Watt decided that an inquest was unnecessary.

A Scandinavian by birth, deceased is survived by a widow and four children, the family residing on Fraser Street. The late Thor Johnson, who was drowned some years ago while hunting at Hartley Bay, was a brother of deceased. There are also brothers here. Funeral arrangements are in the hands of the B. C. Undertakers.

## Joe Merryfield Is Visitor Here

Organizer of "Non-Partizan" Party  
In City Enroute to Atlin After  
Tour of Interior

J. E. Merryfield, who is on a tour of the northern part of the province for the purpose of organizing the Bowser-Donaghy "non-partizan" party for the forthcoming provincial election contest, arrived in the city from the interior on yesterday afternoon's train and from here will proceed to Anyox and Stewart, the principal points in Atlin riding. While here, Mr. Merryfield is considering the possibility of entering a candidate in Prince Rupert riding to oppose T. D. Pattullo, leader of the Opposition and sitting Liberal member.

Rt. Rev. E. M. Bunoz O.M.I., Roman Catholic Church Bishop for Northern British Columbia and the Yukon, returned to the city on the Prince Rupert yesterday from Dawson where he recently installed Father E. M. Leray O.M.I., formerly stationed at Stewart, in his new duties as parish priest.

## PASSES IN PR. GEORGE

Charles A. Pyne, Aged 80, Well Known Insurance Man, Succumbs to Stroke on Sunday

Many friends in this city will learn with feelings of deep regret of the death of Charles A. Pyne, Northern British Columbia manager of the Sovereign Life Assurance Co., which took place suddenly in Prince George on Sunday. Mr. Pyne, who was approaching his eightieth birthday, was seized with a stroke and rushed to hospital, passing away while being admitted to the institution.

A noted horseman in his younger days, the late Mr. Pyne was at one time prominent throughout Canada and the United States as a judge of horse races as well as of stock, his services as such having been for many years in great demand as far south as Mexico.

Mr. Pyne had been a resident of Prince George for some twenty years and, before going there, was located for a time in Vancouver where he was manager for British Columbia of the Sovereign Life Assurance Co. Always active in community affairs, he organized the Cariboo Automobile Association some years ago and for a considerable time served as its president. He was also a past-president of the Prince George Board of Trade. Despite his advanced age, he was quite active right up to the end and had known little illness prior to the final seizure.

Born in Woodstock, Ont., Mr. Pyne was at one time interested in the hotel business in that city and also had mining interests in the Cobalt area before coming to British Columbia. At one time he was closely in touch with the Ontario provincial government but never entered politics actively. He was a great admirer of Premier R. B. Bennett of Canada and T. D. Pattullo, Liberal leader for British Columbia, who also hails from Woodstock, Ont.

A member of the Masonic craft, the late Mr. Pyne is survived by a widow in Vancouver and a daughter, Mrs. John O. Wilson of Prince George.

The funeral, it is understood, will take place in Prince George.

## ACTIVITIES REVIEWED

Biological Executive Unable to Make Plans For Future Owing to Uncertain Appropriations

Business at the meeting of the Pacific sub-executive of the Biological Board of Canada which was held at Vancouver last week consisted largely of reviewing the present season's activities of the board and its workers on this coast, it is reported by John Dybhavn, local member of the Biological Board of Canada, who returned to the city on Sunday after attending the sessions. Due to the uncertainty as to appropriations which will be available, it was difficult to formulate concrete plans for the future but all these will be taken up at the annual meeting of the board to be held in Ottawa during the coming winter.

Among those in attendance at the meetings in Vancouver were J. J. Cowie of Ottawa, secretary-treasurer of the Biological Board of Canada, and Dr. A. T. Cameron of the University of Manitoba at Winnipeg, another member of the board.

D. B. Finn, director of the Prince Rupert Fisheries Experimental Station, who was also in attendance, will be returning to the city on the Prince George tomorrow morning.

L. B. Jones, general agent for the Canadian National Railways and Steamships at Skagway, was a passenger aboard the Prince Rupert yesterday on his way to Vancouver where he will spend the winter.
