### HEAR TALK ON LONDON

Incidents and Impressions of Visit To British metropolis Described to Gyro Club

### Interesting Talk

Delivered by Col. S. D. Johnston Before Service Organization Yesterday

Members of the Prince Rupert a pleasing talk in happy, conversational style, relating some interesting incidents and impressions of a recent visit to London during the course of a trip to the British Isles and France from which he returned a few days ago, Col. Johnston took his listeners to a number of well known places in the great metropolis as well as to many less prominent by-points which were possibly even more interesting. The informal discourse was much enjoyed by all.

In opening, Col Johnston told briefly of the trip from Prince Rupert to Montreal and thence across the Atlantic Ocean in March. Most of the people living here have adopted Canada as refund our bonded debt or in other words asks the boys and girls now their country. There are plenty of the wise and near-wise who will be glad to make public opinions to the effect that Barney Ross did not earn his decision over Canzoneri in Chicago the other night. The speaker told of attending the annual \*Cambridge-Oxford rowing classic and the Derby. He had been possibly more interested in the nature of the cowds than in the acutal contests. In the Derby was a horse owned by O. Besner. He had also taken an intense interest in hearing the "soap box" speeches on varieties of subjects and without restriction of a Sun-

day afternoon in Hyde Park. The old inns of England were losing much of their former charm, the speaker said. Controlled today by the big brewing concerns, they were rapidly becoming mere commercial enterprises. Graduation exercises for the lads at Eton and Harrow had been seen. The headwear of the boys for the occasion seemed very strange to a visitor.

The trooping of the colors on June , the King's Birthday, and the Aldershot Tattoo had been very impressive and the speaker described incidents and impressions of both.

Col. Johnston told of attending a Canadian Club banquet in London at which the speaker had been Rt. Hon. Austin Chamberlain who had talked of the Imperial Conference in Ottawa. A Fish Mongers' banquet
