B. C. Prime Minister Being Requested To Seek Federal Help

Chamber of Commerce Decides to Concentrate on Highway Undertaking Here—Will Deliver Representations To Ottawa Through Provincial Government Head

Meeting yesterday afternoon after receiving formal advice that Premier T. D. Pattullo would be here on New Year's Day on his way to Ottawa to attend the conference of western premiers with Prime Minister R. B. Bennett of Canada, the council of the Prince Rupert Chamber of Commerce decided to present to Mr. Pattullo for submission to the federal government a memorandum urging immediate resumption of the construction of the Skeena River Highway and the pushing of the project to completion for practical use within a reasonable space of time. It was decided to adopt the policy of concentrating upon a campaign for the resumption of highway work here in the meantime as being the most desirable local undertaking for the present. The memorandum will set forth various reasons why the highway should be pushed through to completion including its revenue producing possibilities through gasoline tax, etc. The memorandum will be drawn up by a special committee consisting of W. O. Fulton, S. E. Parker and Arthur Brooksbank. This committee, together with other members of the executive of the Chamber, will meet Premier Pattullo. It will be Mr. Pattullo's first visit to the city since becoming Premier. He will arrive New Year's Eve or board the steamer Catala from Victoria and proceed to Ottawa the next afternoon by train. A message received by the Chamber from Mr. Pattullo said that he would be pleased to take up any local matters while in Ottawa and suggested that such matters be drawn up in a memorandum which should be presented to him here.

DECREE PROCLAIMED IN UNITED STATES PROVIDES FOR COINAGE ON FIFTY-FIFTY BASIS WITH PRODUCERS, RATIFYING AGREEMENT REACHED IN LONDON RECENTLY.

WASHINGTON, D.C., Dec. 22: (CP)—President Franklin D. Roosevelt last night ordered United States government mints to coin silver on a fifty-fifty basis with the producers. This proclamation, formally ratifying the London silver agreement, provides that half the annual production of 21,000,000 ounces of silver shall be returned in dollars to the producers and the other half kept by the Treasury in reserve. This will give a price estimated at the White House of 64c per ounce for silver as compared with the present price which has been ranging around 43c.

CANADA TO ACT LIKEWISE OTTAWA, Dec. 22: (CP)—The Canadian Parliament is expected to act on the London silver agreement at the approaching session. Meantime, it is stated that President Roosevelt's order remonetizing silver in the United States will have no direct effect upon Canada.

O'DUFFY IS RELEASED

DUBLIN, Dec. 22: (CP)—General O'Duffy, leader of the Irish Blue Shirts, who was arrested when he attempted to speak at Westfort and was being held at Westfort Barracks and charged with conspiracy against the de Valera government, obtained his freedom yesterday on a writ of habeas corpus. There has been considerable rioting in the city recently.

ANOTHER WOMAN SENATOR LIKELY

OTTAWA, Dec. 22: It is understood that Premier R. B. Bennett will appoint Mrs. Plumtree, whom he named two years ago as one of Canada's delegates to the League of Nations, as a new senator.

Giant Forts Guard France's Borders

"Somewhere in France"—specifically between the Vosges and Luxembourg, a line of unique fortifications, known as the "Mag. of Line", has been constructed at a cost of approximately \$150,000,000, to guard the eastern frontier of France. Here is a unit of the line, a camouflaged double casement, nesting in a wood. M. Andre Magint, who was minister of war and director of construction of the line, gave his name to this line of defensive fortifications, which offer a strong argument against any attempt to invade the soil of La Belle France. A long line of such casements as pictured: each one a separate unit, and each flanked on either side by a neighbor that could protect it. The whole system is connected by a labyrinth of underground corridors and galleries, which, if the occasion should require, should make of the entire line a single synchronized fortress. Details of construction and armaments are guarded with jealous secrecy, but it is pointed out that the willingness of France to expend so much of its military budget for purely defensive fortification that would be useless in a war of aggression against a neighbor proves the country's pacific outlook.

PASSENGERS OF PRINCE GEORGE TOOK TO BOATS IN FREEZING WEATHER

Five Mile Row to Anyox After Stranding Was Arduous—Situation Handled by Captain and Officers in Competent Manner

ANYOX, Dec. 22:—Struck by a blinding snow squall that settled over the ship like a blanket as she was turning to change her course for Anyox, the steamer Prince George hit the reef off Askew Light about five miles from Anyox. As soon as the ship had struck the passengers were immediately mustered in the lounge. Life belts and blankets were issued and hot coffee was served and the boats were made ready for lowering.

An emergency boat, under Third Officer E. B. Caldwell, was sent to Anyox for assistance. The first boat with the women and children, amply supplied with blankets, etc., left under the command of Second Officer P. A. McIntyre.

The second boat, under Purser N. A. McLean, then left with the male passengers and the majority of the crew. Everything was carried out in a very orderly manner, the women and children being given the preference with absolutely no confusion. These boats set out for the five mile row to Anyox in zero weather. The emergency boat under Caldwell got two boats from Anyox—the launches Awake and Granby—to set out for the scene. It was very discouraging to the high freezing passengers in the life boats when the power boats passed them and proceeded to the wreck.

At about three in the morning the life boats reached Anyox where some of the passengers had to be rubbed to restore the circulation to their freezing bodies. The officials of the Granby Co. were at the dock and the passengers soon made all comfortable in the hotel.

DEATH OF EXPLORER

Dr. Knud Rasmussen Passes Away In Denmark at Age of Fifty-Four Years

COPENHAGEN, Denmark, Dec. 22: (CP)—Dr. Knud Rasmussen, famous Danish Arctic explorer, died here yesterday at the age of 54 years. He had suffered a long illness as a result of food poisoning contracted on his last expedition to Greenland.

Dr. Rasmussen was an outstanding authority on Greenland and the Eskimos and had made numerous long and daring expeditions into the North Pole regions. On one of these he was missing for fifteen months and finally turned up safely in Alaska. Several years ago he was called to Canada to advise the government of that Dominion in connection with Eskimo preservation.

Test Shipment Of Grain Overseas By Way of U.S. Ports

OTTAWA, Dec. 22:—Major Parmelee, deputy minister of trade and commerce, advises that there is no report of a test shipment of grain to the United Kingdom via the American route and adds that, while it is interested in Canadian ports, shipments are beyond the control of the department.

TARIFF IS INCREASED

President Roosevelt Boosts Duty on Fish Packed in Oil—Japan And Norway Affected

WASHINGTON, D.C., Dec. 22:—An increase of from thirty to forty per cent in the duty on fish packed in oil is announced by President Franklin D. Roosevelt. Japanese tuna fish and Norwegian sardines are principally affected by the new tariff which has been imposed at the instance of United States producers of this variety of fish.

STRIKERS IN JAIL

No Bail Allowed Six Accused in Hespeler, Ont.—Streets Cleared by Police

HESPELER, Ont., Dec. 22.—No bail will be granted to six men held in connection with the Hespeler woolen mill strike disorders, it is announced.

Provincial police forced all strikers off the main street here at day-break yesterday and allowed strike-breakers to march unhindered into the plant of the Dominion Woollens and Worsteds Limited, one youth being arrested.

PASSING OF B. C. FOLK

W. D. Butler, Formerly of Local Lighthouse Tender, Dead at Duncan—Two Victoria Pioneers Gone

VICTORIA, Dec. 22: (CP)—Thomas Stockham, aged 76, resident of Victoria since 1890, is dead here.

John William Moore, pioneer shipping man, is also dead here after a residence of 75 years in Victoria.

From Duncan comes word of the death of William Lawrence Butler, who had been a resident of the up-island town for the past year. A native of North Shields, Northumberland, England and 68 years of age, the late Mr. Butler was for many years on the lighthouse tender Newington at Prince Rupert before coming here. The funeral took place on Wednesday.

VALUE OF CLEAN SPORT

At this time of year we are again reminded of the value of clean sport to the community. In Prince Rupert sport is particularly beneficial because on account of the weather conditions, the long nights and short days, we are forced to rely upon ourselves for entertainment.

Just now Prince Rupert is turning its attention to badminton, basketball and boxing, all healthy exercises that tend to improve the physique of the community. Also some go up the mountain for the skiing, and when there is not too much snow, skating is enjoyed.

Sports keep people fit. They give an interest to life outside the routine of work that is beneficial to all and that makes everyone happy.

WORK AND WAGES PROGRAM

H. G. Perry, member for Prince George, has just returned home from a visit to Victoria, very much enthused over the prospect of the work and wages program of Premier T. D. Pattullo being carried out. He intimates that Ottawa has received well the suggestion of the western premiers that loans without interest or at a very low rate of interest be made to the western provinces for the purpose of carrying out needed public works. He is hopeful that two projects will be included in the public works program. One of these is the completion of the highway from Prince George to the Alberta boundary and the other the completion of the P. G. E. Railway as far as Prince George.

Should the highway eastward be included in the program, there is every reason to believe that the road westward to Prince Rupert would also be included. This is the project in which Prince Rupert is particularly interested.

Passengers of Prince George Took to Boats In Freezing Weather

(Continued from Page 1)
 James Anderson of Telegraph Creek, passengers aboard the Prince George, stated that they were on deck shortly before the boat struck. They said that the glow of the lights at Anyox could be seen but when the squall came down, everything was blotted out and they were forced by the severity of the wind and flying snow to retire to the lounge. Within the next few minutes they felt the vessel strike and then settle with a slight list. Much credit was due Mrs. S. M. Manning and her two children of Premier, Crawford and Anderson said, who were outstanding in their coolness during the entire ordeal and also to Master James Asselstine of Premier, son of W. J. Asselstine M.L.A. for Atlin, who took his place in one of the boats, pulled an oar and remarked that his dad had been shipwrecked and that he couldn't let the old man down.

Master of Ship Lauded
 Captain McLean remained at his post on the bridge and handled the situation with the utmost coolness and dispatch. This popular master took every precaution to provide for the safety and comfort of one and all aboard. The passengers were unanimous in their praise of the efficient manner in which the situation was handled. At high tide the vessel was floated and, with Captain McLean again at the helm, made its way into Anyox. It was no simple matter to float and navigate the Prince George with her bow barely above the water as a result of the two forward holds being filled with water but again Captain McLean was equal to the task just as he had been in the trying emergency such a short time before. Passengers are being taken care of in Anyox and will proceed to their destinations on the first boat to reach here.

Advantages of Buying In Prince Rupert

Second Prize Annunciation

(By Miss Marie Schaefer)
 In these hard times "loyalty to your home town" is a good slogan. Why should we not make it our ambition to put our town first and foremost? One of the best ways to cultivate loyalty is to buy all our goods in our own town. The more goods bought in Prince Rupert means that more merchants are required and in turn, more employment will be given. Money will be invested in the city and that will help the city to prosper. A large quantity of goods is less expensive to buy than small quantities. Therefore, if we buy in Prince Rupert, more goods will be required and we shall be able to buy them at cheaper rates. When people buy in Prince Rupert it means that the money will be circulating within the town. Another advantage of buying in

Prince Rupert is that people can see the article before buying and can choose the material to suit the price. Our grocery stores carry a full line of fresh fruits and vegetables which are fresher and sold even more cheaply than we can get them from the south. Yet a great number of our local people purchase these goods in Vancouver. Prince Rupert is still a young city but it has every advantage of becoming important with a good harbor, railway service, electrical power, newspapers and industrious people. Therefore, people should help to build it up by buying their commodities here in the city so as to keep these advantages and to enlarge and build industries. The stores would become better equipped and would carry a larger range of goods. More people would get employment and other industries would be developed. Prince Rupert would then become prosperous and famous and we would be proud of our home town.

Christmas Spirit Bishop's Subject
 Rotary Club Hears One of Its Members at Its Annual Yuletide Luncheon

The Christmas spirit is the spirit of giving but the spirit in which the giving is done is the great thing. This was part of a message given by Bishop Rix at the regular luncheon of the Rotary Club yesterday. At this luncheon John Dybhavn presided and all former members of the club were invited to be present as well as several pupils of the high school.

The Bishop said it was not necessary to appeal to members of a Rotary Club to enter into the spirit of Christmas. The great thing was to remember those who were not as well off as ourselves. The basis of the season was religious, dedicated when the wise men brought their gifts of gold, frankincense and myrrh. Also it was at this season that God gave himself to the world.

Those who pressed forward to the high calling of God were devoted to love, sacrifice and service. It was easy to give to those who were in need but more difficult to enter into the spirit of the giving.

TRAINMEN WIN HALF

High School Lost to Warriors in Intermediate Hoop Play-Off

A fair sized crowd of hoop fans were present at the Moose Hall to see the play-off games in the Senior and Intermediate Leagues, the C. N. R. A. winning the former by the margin of a single point over the Grotto while one point also gave the Warriors victory over High School in the Intermediate.

In an exhibition game the Scouts lost to the Scythians 21-16.

The warriors-High School tussle will go down in the books as one of the best intermediate games played this season. It was anybody's game until the last four minutes when Lindsay and Christison sank two baskets to clinch the game for their team. The High School took an early lead at the start of the first half and held it all the way through but its scoring acres were not on last night, otherwise it may have been a different story. Although the Warriors played a defensive game they sneaked in the odd basket so as not to let the Students get too big a lead. Half time score was 12 to 9 for High School.

In the second half both teams went to work to try and win the game. The game became faster and exciting and was anybody's until Lindsay of the junior Trojans and Christison sank two baskets.

Senior Game

The C. N. R. A. with Lambie at the throttle, eked out a one-point win over Bud Barrie's hoop squad in a close, exciting senior game.

The game started slow but pepped up as it went along with the Grotto having the better part of the play. They took a lead and were tied once but were never behind throughout the remaining part of the first half. Arney sank two spectacular shots which brought the crowd out of their seats. The first half ended 16-12 in favor of the Tobacconists.

After the recess Mrs. Stiles' little boy sank three to wipe out the Grotto four-point lead and from then on the boys went at it hammer and tongs with each team holding the lead for the next twelve minutes of play. With three minutes to go the Iron Horses were leading 27-24. Gurvich came on for Pierce. C. N. R. made it 29-24. Gurvich sank two and was on his way for the third when the gun went, ending the game.

The boys from down the tracks were fortunate to win as they had to carry on without Lambie for most of the second half and his substitute forgot all he ever learnt about back-checking.

Brick Skinner refereed the two games and had the situation well in hand at all times although he was given lots of advice from the spectators.

Ace Bailey Now Getting Better Daily—Doctors Amazed at His Courage

BOSTON, Mass., Dec. 22: (CP)—As he entered today upon the tenth day of his fight for life following the incident of last Tuesday night in the National League hockey game between Boston and Toronto, Irvin "Ace" Bailey, 31-year old injured Maple Leafs player, continues to show satisfactory improvement. Physicians, now hopeful of ultimate recovery, expressed amazement at the courage and vitality he has displayed. He was able to take nourishment from a glass yesterday after having been fed intravenously since the accident.

WHIFFLETS From the Waterfront

The halibut boat White Hope, Capt. Pete Thompson, returned to port Tuesday night after a trip of three or four days down the coast with Capt. W. P. Armour, manager of the Armour Salvage Co. on board. The trip was made for the purpose of searching the western shores of Banks and Pitt Island for a Davis raft containing a million feet of logs which broke away from the tug St. Faith during storm in Hecla Straits two weeks ago while being towed from the near Charlotte Islands to Powell River. There was no success whatever in the quest.

Her bow, decks and housework forward sheathed in ice forming from flying spray while crossing Hecla Straits during the cold night. C. N. R. steamer Prince John, with Capt. Ken McKinnon, the regular skipper, again in command following his annual vacation spent in Vancouver, arrived in port at 8:15 Wednesday morning from Vancouver via the Queen Charlotte Islands with passengers, mail and freight. The vessel will be here until 10 o'clock tonight when she will sail on her return south over the same route.

United States Increases Its Order Following Preferential Tariff On Apples and Pears

WASHINGTON, D.C., Dec. 22: (CP)—It is announced that United

States had increased to four times the originally planned quota for importation of French wines into this country. The action has resulted, it is reported, from France's action in according a preferential tariff on United States apples and pears. Yesterday the federal alcohol control administration reported that import quotas allocated to France and Portugal had been exhausted.

IS STILL AT ANYOX

Nothing New in Prince George Situation—Prince Rupert Takes Run

Manned by a skeleton crew, C. N. R. steamer Prince George, which was damaged in running ashore on Askew Reef, Vadsö Point, some four or five miles from Anyox in a snowstorm on Wednesday night, is still lying alongside the dock at Anyox where she moored after refloating. The vessel is awaiting inspection of the damage by a diver and the arrival from Victoria of the salvage steamer Salvage King before being sufficiently patched up to permit of her coming on to the local dry dock. When the vessel may be expected to arrive here was uncertain today. She is now technically in the hands of the underwriters and undoubtedly tenders will be called for the repair job. Extent of the damage is not yet definitely known here.

The steamer Prince John returned to port at 1 o'clock this morning from Anyox, bringing in local passengers from Anyox and officers and crew of the Prince George who transferred here to the steamer Prince Rupert which picked up the Prince George's service, sailing at 7 o'clock this morning for Vancouver.

Passengers who were on board the Prince George bound for Stewart at the time of the stranding are being taken on to Stewart by power boat from Anyox. No arrangements had been made up to late this morning for transportation of some thirty passengers from Stewart who had intended going to Vancouver on the Prince George.

Thomas Loudon, superintendent of Canadian National Steamships, who was a passenger making the round trip aboard the Prince George at the time of the accident, is remaining at Anyox until the vessel is brought on to dry dock here.

Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism.

Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication.

Letters should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of journalism.

TWO WEEK- END FILMS

Wheeler and Woolsey and Zane Gray Western Thriller Featured At Capitol Theatre

An uproarious Wheeler and Woolsey comedy "So This is Africa" and a thrilling Zane Gray western, starring George O'Brien and Maureen O'Sullivan, are the features of a special double talking picture bill being presented this week-end at the Capitol Theatre.

"So This is Africa" is a sort of travesty on animal and Tarzan pictures in which there is plenty of peppy music and many bizarre dance numbers. Wheeler and Woolsey have an imposing array of supporting players with Raquel Torres in the feminine lead.

An exciting page in the vivid history of Arizona, the plundering of a vast cattle herd belonging to a wealthy British rancher, is the historical basis of the romance of "Robber's Roost." The offering gets its name from a famous retreat used by notorious outlaws of the period, in which the thrilling climax of the film is staged.

Baptist Church Christmas Tree

Fine Entertainment Was Put On Last Evening

The scholars of the Baptist Sunday School put on a very fine Christmas entertainment in the church last night much to the enjoyment of a large audience. The superintendent, P. H. Linzey, occupied the chair and the teachers constituted the general committee.

During the evening a special gift was awarded to Fletcher Hemmons who was winner of a contest for attendance, the prize being a beautiful Bible with his name engraved on the cover. Second prizes were awarded to Eileen Hamblin, Bob Houston, Harry Daggett and David Houston.

Four prizes were also presented to the following for perfect attendance at the junior church: Inez Berg, June Berg, Junior Daggett and Fletcher Hemmons.

Santa Claus arrived in due time and gave gifts to the primary children and had a bag of Christmas goodies for all present. The program was as follows:

- Hymn.
- Primary song.
- Recitations, June Berg, Richard Blake, Joy Berg, Evelyn Moore, Betty Harradine and John Moore.
- Duet, Joy and Joan Berg.
- Recitation, Buster Hale.
- Piano solo, Harry Day.
- Trio, "It Came Upon the Midnight Clear," Mrs. Berg, Miss A. Bury and Miss Armstrong.
- Solo, Sigrid Head.
- Piano solo, Junior Daggett.
- Song, "The First Noel," Delphine Lemon.
- Recitation, Fletcher Hemmons.
