Prime Minister Postpones Indefinitely Formation of Union Government and Fails to Say When General Election May Be Held

VANCOUVER, April 22: (Canadian Press)—While postponing indefinitely formation of a union government, Premier S. F. Tolmie announced to the British Columbia Conservative Association executive today that his cabinet was being cut down by the retirement on May 31 of Hon. Nelson S. Lougheed, minister of lands, Hon. William Atkinson, minister of agriculture, and Hon. W. C. Shelly, president of the council.

DEMAND IS PRESENTED

Great Britain Negotiating For Release of Engineers—Moscow Rejects Threat

LONDON, April 22:—At an extraordinary meeting of the Privy Council, King George signed the decree proclaiming an eighty percent embargo on all Soviet goods in swift retaliation following the sentencing of two British engineers to prison terms by the Moscow court on sabotage charges.

"I am planning other changes before the next election and I intend to leave the door open so that, if opportunity offers, I may be able to secure the very best material available in forming a government," said the Premier.

The provincial executive, on hearing the Premier's statement, commenced to deliberate on two possible courses—a general convention of the party and, alternatively, adoption of a resolution freeing Conservatives to act as they see fit in the election.

IS LAID AT REST

Large Attendance at Final Rites for Late J. A. Morris This Afternoon

The chapel of the B. C. Undertakers was crowded this afternoon by those desirous of paying their final tributes of respect to the memory of John A. Morris, well known broker and insurance agent, whose death occurred suddenly on Wednesday night.

Rites at the funeral chapel were conducted by the Christian Science Society and were in charge of George Eckerman, the reader. Mrs. H. B. Rochester presided at the organ to accompany the hymns which were "Abide With Me" and "O Gentle Presence."

Following this service, a long cortège followed the cortege to Fairview Cemetery where burial was made with committal service by the Elks' Lodge with Frank Dibb, chaplain, in charge.

Pallbearers were G. C. Woodward, Ald. F. W. Wesch, H. B. Stiles, Thomas Kelsey, A. M. Davies and William McLeod.

Many floral tributes testified to the general esteem in which deceased was held by numerous friends and acquaintances.

Train Held Up By Slide in Interior

Owing to a mudslide between Loos and Erling stations in the Prince George-McBride division, tonight's train due from the east at 10:15 was tentatively reported this afternoon to be fifteen hours late which would bring it in at 1:15 tomorrow afternoon.

New Provincial Assessor Here

George W. Cripps of Vancouver, who has been appointed provincial assessor here succeeding C. W. Homer, who is retiring, arrived in the city yesterday afternoon on the Princess Adelaide from the south to assume his new duties. His wife will join him here shortly.

Mr. Cripps served in France during the Great War under Lieut. Col. S. P. McMordie D.S.O. of this city as a lieutenant in the Thirteenth Battalion, Canadian Railway Troops, and was decorated after the war with the Order of the British Empire for valorous work in a railway yard in which ammunition was burning.

WHEAT SHOWS SMASHING GAIN IN WINNIPEG MART
WINNIPEG, April 22: (Canadian Press)—Smashing gains in the prices of grains of nearly four cents were marked up at the close of the Winnipeg grain market today as a finish to a bull drive such as had not been seen on the local market for years.

CADETS ARE INSPECTED

Capt. MacBrayne of Victoria, District Cadet Officer, is Well Pleased

The annual inspection of the local Sea Cadets Corps of the Navy League of Canada was conducted last night at Royal Canadian Naval Volunteer Reserves headquarters by Capt. Eilon M. MacBrayne of Victoria, district cadet officer for Military District No. 11.

Everything went off very satisfactorily and the boys and their instructors were complimented on their appearance and efficiency by Capt. MacBrayne.

Capt. MacBrayne arrived in the city on the Princess Adelaide yesterday afternoon from Alert Bay, sailing last night by the same steamer on his return to Victoria.

'STRIKE' IS OVER NOW

Mine Workers' Union, by Two to One Vote, Calls it Off

Finis was written to the Anyox "strike" situation at a meeting of the Mine Workers' Union of Canada here Friday afternoon which, by a vote of 78 to 39 decided to call off the strike.

Following the meeting, the secretary of the Mine Workers' Union issued a statement that the majority of the meeting had been unable to see any advantage in holding out longer and that the men had realized it was better for them to return to work for the Granby Co., if possible, than to permit the movement of "strike breakers" into Anyox to continue.

It was further stated that a good many of the demands which had been made in regard to conditions at Anyox had already been met and that a number of the men who had gone on strike had already returned to work there.

Japanese Decide to Cease Campaign South of Chinese Wall, War Office Announces

TOKIO, April 22: (Canadian Press)—The Japanese War Office issued the important announcement today that Japanese troops had been ordered to cease their attacks upon the Chinese south of the Great Wall of China. Troops, which have been active in that area for the past several months, will halt their pursuit of the Chinese defenders.

Government Decides To Increase School Assistance To City

Prince Rupert to Receive \$455 For Public and \$325 For High School Teachers—Prince George is Also to Get More

VICTORIA, April 22: (Canadian Press)—Grants to aid municipalities in the payment of teachers' salaries for the period from April 1 to December 31 have been set by the provincial government at an annual rate slightly higher than individual centres would have received on the new statutory basis, it was officially announced today.

Grants per teacher in the elementary schools include the following: Prince Rupert, \$455; Prince George, \$355. Grants in respect to High School teachers in Prince Rupert are \$325 and in Prince George \$375.

CONFERENCE CONTINUING

Agreement Between Roosevelt and MacDonald on Economic Issues

WASHINGTON, D.C., April 22: (Canadian Press)—From a talk between President Franklin D. Roosevelt and Prime Minister J. Ramsay MacDonald of Great Britain which stretched far into last night there emerged with increasing clarity the willingness of Great Britain to discuss stabilization of world currencies on a revised international standard, agreement that the question of war debt revision is only one phase of the broad economic picture in which currency stabilization and reduction of trade barriers bulk and the refusal of Premier MacDonald to entertain enmity or any thought of retaliation because of President Roosevelt's action in taking United States off the gold standard.

A. P. Allison Will Continue Logging Queen Charlottes

A. P. Allison, Queen Charlotte Islands logging operator, arrived in the city yesterday afternoon from Vancouver and proceeded in the evening to Queen Charlotte City.

Mr. Allison states that he is not leaving the Islands but plans to continue operating there indefinitely. He has another operation at Bute Inlet but if does not in any way interfere with the work on the Islands.

CARDENA IS DELAYED

Delayed almost a day by having had heavy cannery freights to discharge in Rivers Inlet in addition to having to make a run into Kitimaat, Union steamer Cardena, Capt. Ernest Georgeson, was in the Skeena River on this morning's tide and was due to arrive here about 3 o'clock this afternoon from the south. The vessel will sail soon thereafter on her return to Vancouver and waypoints.

OFFICIAL IS NAMED

Sidney Burton Appointed Commissioner for Merritt—Prince Rupert Order Has Not Yet Arrived

VICTORIA, April 22: (Canadian Press)—The court order authorizing the appointment of a commissioner to take over the municipal affairs of the City of Prince Rupert is not yet in the hands of the government but, when it arrives, fiscal affairs of the northern city will be reviewed before the appointment of a commissioner is made. Hon. R. H. Pooley, attorney general, stated yesterday.

The city council of Prince Rupert has appealed to the government to be permitted to carry on its own affairs despite the authorization for the appointment of a commissioner.

Sidney C. Burton of Kamloops was yesterday appointed commissioner for the city of Merritt which, recently defaulted upon the bonds of a power company which it had guaranteed.

Official Tells Of Huge Slide at Mile 42 on Line

B. T. Chappell Says Snow Travelled Down Mountain Nearly Three-Quarters of Mile and Smashed Shed To Splinters

B. T. Chappell, general superintendent of the Canadian National Railways, Vancouver, who accompanied by George McNicholl, general passenger agent, left last night on his return to Vancouver by train after a brief visit here, described the huge snow slide last night which had held up traffic for over a week a little over forty miles from Prince Rupert. He says the slide travelled down the mountain side from half to three-quarters of a mile, striking the south shed and smashing the timbers to splinters. Three hundred feet of shed was broken in and having to dig out the timbers as well as the snow made the task more difficult.

The snow was mixed with ice indicating that some of it was the previous year's snow. No slide came down last year and it was two years accumulation that came down all at once. Fortunately, they were able to bring an outfit from Vancouver to dig out the centre, thus making it possible to reopen for traffic earlier than would otherwise have been the case.

WILL GOLD DO IT?

Many people are beginning to wonder if gold will be the means of bringing back prosperity to Canada. In almost every part of the country there is mining activity and this is gradually increasing.

Even in this district gold is king at the present time. Gold mines are being operated in a small way and there is every indication that there will be extensions of these operations.

USING SMALL MILLS

The use of small mills for thoroughly testing ores in mining prospects in this part of the country has been mentioned by mining men but never adopted as a general plan of procedure.

While the price of \$600 given in the article is probably too low, it is possible that for something less than \$2,000 an individual mill could be secured that could be operated by the small prospector or miner.

A SATURDAY SERMON

Ashamed of a Friend?

(By Capt. K. A. Loewen, Salvation Army)

Jesus, descendant of a royal family, born at Bethlehem, when forty days old, was taken to the Temple in Jerusalem as was the custom in that day.

It was natural that some might be ashamed of Jesus when He was on earth for He was of humble birth, lived in obscurity and suddenly was proclaimed the Messiah.

But today there is no such excuse. We know of His power. We know He is the King of Kings and, more than that, we know that He gave His life for our redemption.

PIRATES MOVE UP

New York Giants Lose For First Time This Year—Yankees Are Still on Top

NEW YORK, April 22: (Canadian Press)—Pittsburg Pirates, by scoring a decisive victory over the much touted Cincinnati Reds at Pittsburg yesterday, resumed exclusive possession of first place in the National League, displacing the New York Giants who were defeated at the Polo Grounds for the first time this season by the Boston Braves.

In the American League, the New York Yankees made it six straight wins without a single loss so far this year by winning over the lowly Boston Red Sox at Boston. By virtue of a shut-out victory over the Detroit Tigers, the Cleveland Indians moved up to second place ahead of the Chicago White Sox who dropped a decision to the St. Louis Browns.

APPRECIATE HOSPITALITY

Editor, Daily News:— I should like to take advantage of this opportunity to thank the staff and students of the Prince Rupert High School and also the people of Prince Rupert for the splendid hospitality extended to the Smithers' High School basketball teams on their recent visit to your city.

Their inter-school games have very considerable value in developing school spirit, and should be fostered to the fullest extent.

While the visiting players did not carry out their plans to the letter yet they are delighted with the result and return to Smithers with nothing but pleasant memories.

Yours sincerely,

VERNON CROCKETT,

Principal, Smithers' High School

Face The Future Unafraid

DURING THIS WEEK, APRIL 17th to 22nd, Life Insurance Week, I have placed before you facts about what the Life Insurance Companies have done and what the Sun Life has done during the depression. But what these companies have done and what they will do WILL NOT DO YOU ANY GOOD unless YOU DO SOMETHING about it today.

- Do you want independent income after 60?
- Do you want to pay off a mortgage?
- Do you want to have funds available during the next depression?
- Do you want to know that your family will be able to pay the grocery bill, the rent and the coal bill?

Then invest in Life Insurance, the only investment that did not depreciate in the last three years and the only one guaranteed for the next twenty.

Pains Around Her Heart Tired Out After Doing Housework

Mrs. Henry Ranch, Muriel Lake, Alta., writes:—"Last fall I had bad pains around my heart, and each morning, after doing a little housework, I seemed to get dizzy and feel all tired out. Seeing that Milburn's Heart and Nerve Pills were good for these troubles I sent for a box, and after taking the Pills for a few days I felt a whole lot better. Since then I have had no return of the dizzy spells and pains around the heart."

Scottish Dance Enjoyable Event

Fifty Couples in Attendance at Affair Last Night in Oddfellows' Hall

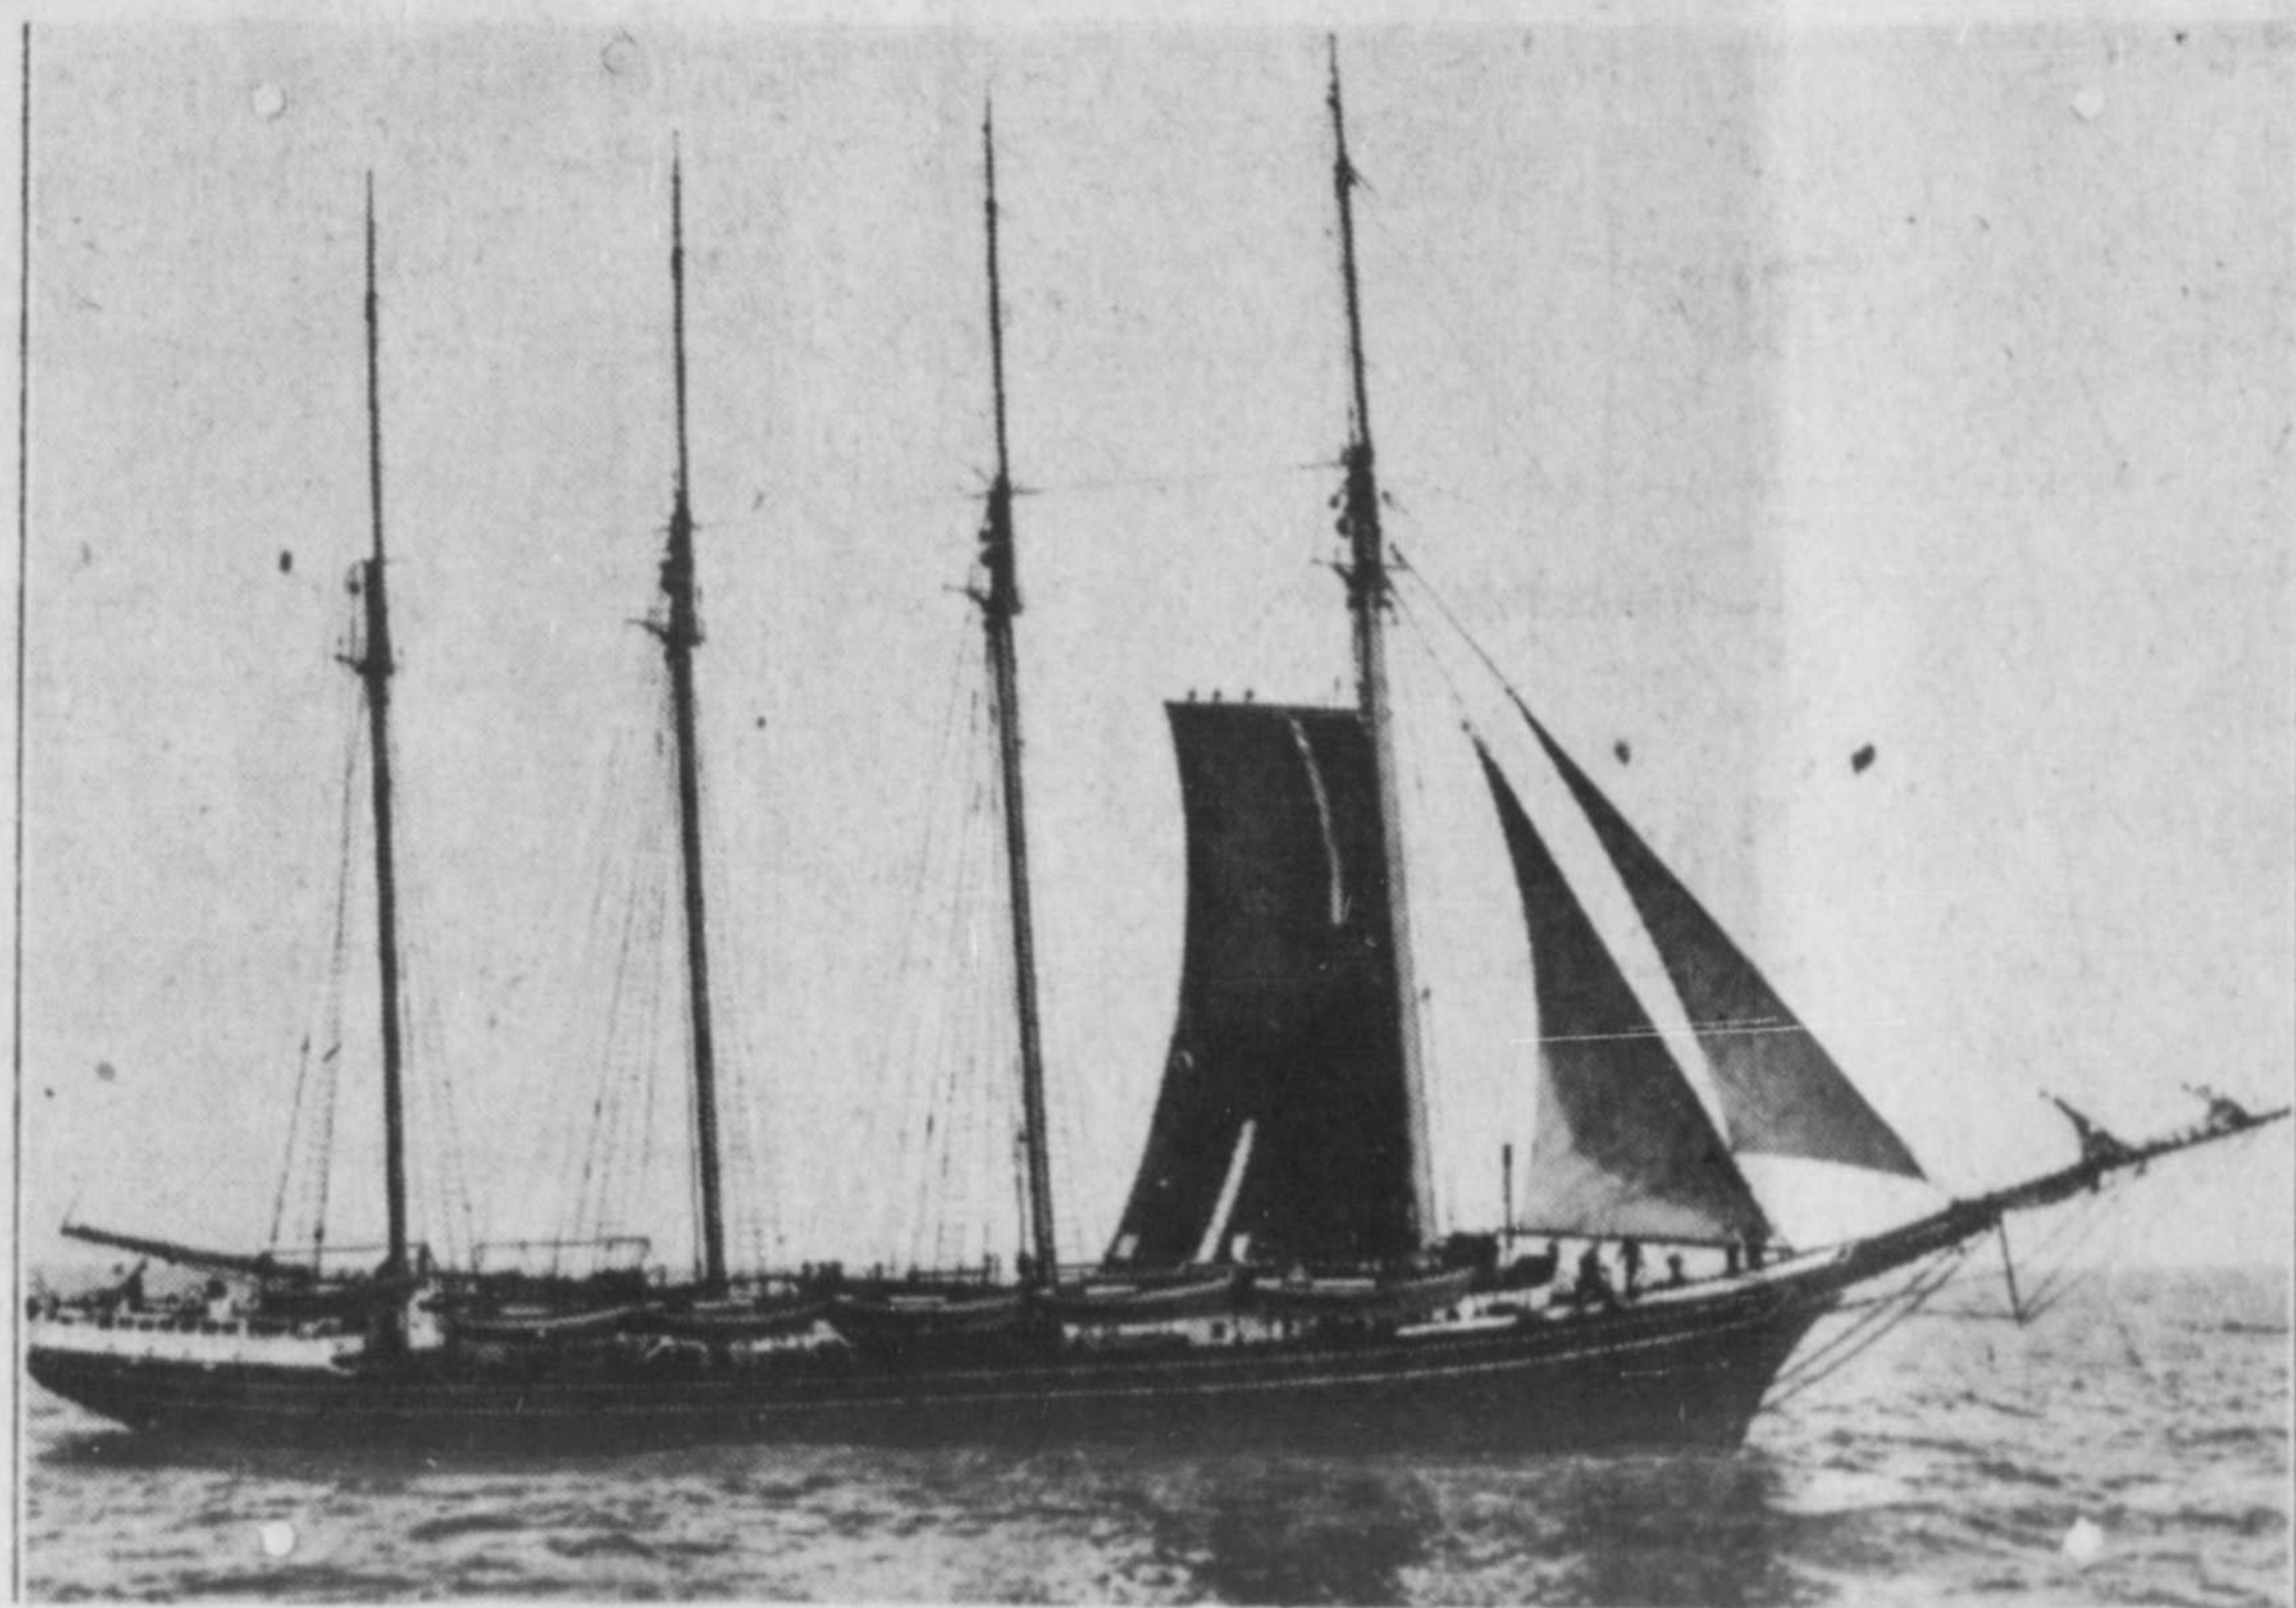

Another very enjoyable Scottish dance was held last night by the Recreation Club in the Oddfellows' Hall, about fifty couples being present at the affair which was in full swing from 9 p.m. until 2 a.m. Excellent music for the Old Country dancing was furnished by an orchestra consisting of James L. Lee, James Watt, John Brenner and J. B. MacKay and James Simpson was a genial master of ceremonies.

At midnight, delicious refreshments were served.

The committee in charge consisted of Mrs. Robert Cameron, Mrs. W. L. Sandison, James Simpson, James Hadden, W. L. Sandison and H. M. Foote, the last-mentioned presiding at the door.

had the misfortune last week to break her shaft, is now at the local dry dock for repairs. At the same time, the vessel will be given her annual overhaul. It is expected she will be ready to go back into commission about the end of next week.

The Kyuquot Trollers' Co-operative Association officially denies published reports that it has established a fish buying station on the West Coast of Queen Charlotte Islands or that it has any intention of doing so. It is further stated that Nelson Bros' fish buying camp at North Island has no connection whatever with the association. In the opinion of the association, this information, which emanated from the south, was given "with intent to divert fishermen from coming to the Kyuquot district and draw them to the Queen Charlotte Islands."

SPEED!

Time counts when you're in pain! Insist on Aspirin, not only for its safety but for its speed.

Aspirin tablets dissolve at once. They are many minutes faster than remedies that are offered in their stead.

If you saw Aspirin made, you would know why it has such uniform, dependable action. If you have ever timed it, you know that it dissolves and gets to work before a slower tablet has any effect.

Stick to Aspirin. You know what you are taking. You know it is harmless; nothing in these tablets to depress the heart. You know you will get results. For headaches, colds, neuralgia, rheumatism, the safe and certain relief is—Aspirin.

Klemtu Cannery to Operate This Year—Canadian Fishing Co. Crews Due Soon—Keel Laid For New Boat

While official confirmation is lacking, it is reported in Prince Rupert that Klemtu cannery, which did not run last year, will can salmon again this season although possibly on a limited scale. If so, it will be the third additional cannery operating in District No. 2 in 1933 as compared with last year. The other two which were idle last year and will run this year are Lowe Inlet, like Klemtu in the central area, and Oceanic on the Skeena River. New Massett on the Queen Charlotte Islands is the only cannery in the district which operated last year but will not be running this season.

After having undergone annual overhaul at the local dry dock, the snagboat, Essington, with Capt. J. D. Watson in command, is back on the Skeena and Naas Rivers clearing those streams of snags and other obstructions. The Essington was not operated last summer but such a protest went up from fishermen and other river navigators that she has been put early to work this spring.

The lighthouse tender Birnie has been hauled onto the pontoons at the local dry dock for annual overhaul which will be considerably more extensive than usual this year. A new crankshaft is being installed while other work includes considerable renewal of interior woodwork as well as general cleaning and painting.

The Canadian Fish & Cold Storage Co. has its big packer Chief Le-gaic on the pontoons at the local dry dock for annual overhaul in preparation for the season's salmon packing operations in which she will soon be commissioned.

The local halibutter Gony, which was on the local dry dock recently for rudder repairs, also had some hull painting done while there.

Crews of the Canadian Fishing Co.'s canneries in the Naas and Skeena Rivers are the last to arrive from the south this spring, little renewal or preparatory work being contemplated by the company prior to the opening of the season's operations. Manager Charles E. Salter of Haysport and Manager Alex D. Matheson of Carlisle with their crews will arrive on the Skeena

River from Vancouver on Friday of next week on the steamer Cardena while George E. Windsor, manager of Wales Island cannery in the Naas River division, with his crew will arrive at the plant on the steamer Catala a week from next Tuesday.

Spring salmon are now being caught in Skidegate Inlet according to reports received in Prince Rupert from the Queen Charlotte Islands, and there is also quite a run of herring coming in.

There was a gathering of the MacArthur clan and its friends on the Prince Rupert waterfront on Thursday afternoon of this week to celebrate the laying of the keel at Cow Bay for a 35-foot trolling boat to be built by Angus MacArthur, the elder. Mr. MacArthur expects to have the new boat in operation next year. He personally hewed all the timber to be used in construction from the woods at Cloyah Bay, the logs being cut into necessary lumber by the Big Bay Lumber Co. He will also carry out the construction.

Local trollers of fame and reputation will, no doubt, be out in the harbor on Sunday to try their skill with the king salmon. It would be a feather in the cap of any sportsman to land one of these big fighters and a story about hauling one of the silvery beauties in would last for a long time. And even if it so happened that you lost him, you could always buy one at the store and a small bribe might swear them to secrecy. Anyway, we will wait till Sunday and see what happens.

Halibut Landings

Halibut landings at the port of Prince Rupert for the 1933 season up to and including yesterday had reached a total of 3,106,000 pounds as compared with 2,605,950 pounds at a similar date last year. Canadian landings up to this date had

aggregated 1,230,700 pounds as against 1,166,900 pounds last year while the American total for this season to date was 1,875,300 pounds as compared with 1,449,900 pounds for the corresponding period in 1932.

Owing to a tie-up on the Canadian National Railways which affected shipments of carload lots during the early part of the period landings for the week of April 15-21 were light at a total of 326,000 pounds of which 241,000 pounds was brought in by Canadian boats and 75,000 pounds by American. Most of the fish landed during the week went in to cold storage at an average price of 4c and 2c, the movement of halibut to the eastern markets resuming at slightly improved prices after the clearing of the line on Tuesday. The high price of the week for Canadian fish was 5.9c and 2c which the Capella received for 14,000 pounds and the low 3.5c and 2c which the Vera Beatrice was paid for 8,000 pounds. For American fish the high price of the week was 7.3c and 4c which the Oceanic received for 21,000 pounds and the low 4.2c and 2c which the Baltic and Fremont were paid for catches of 14,000 and 12,000 pounds respectively.

There are no new developments in connection with the well known Prince Rupert halibut boat Livingston 11 which was recently hauled out on the pontoons at the local dry dock this week pending adjustment between the Armour Salvage Co. and the owner, Capt. Tony Martinusen, of salvage claims following the recent raising and towing to port of the vessel which struck a rock and sank about a month ago off the west coast of Dundas Island. It is understood that the dispute may go to the courts.

The British Columbia Salmon Cannery Association, as intimated a few days ago in the Daily News, has set the prices on gillnet salmon in the Naas, Skeena, Rivers Inlet, Dean and Burke Channels, Fitzhugh Sound and Smith's Inlet districts for the 1933 season. These prices are as follows: Sockeye, 40c per fish; cohoes, 12½c; pinks, 2c; chums, 3c. These are the prices that independent fishermen owning their own gear will receive but it is stated that fishermen using company equipment will also be paid on the same basis less charges for the company gear equipment and services supplied. It is understood that these prices are satisfactory to the fishermen.
