POLITICAL ANNOUNCEMENTS

SILVER LEGISLATION TO BE PRESSED FOR BY PITTMAN

Premier Tolmie Renounces the Right To Leadership and Makes New Appointment to His Cabinet

William Savage of Vancouver Chosen as Minister of Public Works and Appeals For Union of Political Effort

VANCOUVER, Sept. 12: (CP)—Two very important announcements were made by Premier Tolmie last night. One was that the matter of leadership of the union political party would remain open until after the election when a leader would be chosen by the elected members. The other was that he had appointed to the cabinet William Savage of Vancouver, barrister, and former head of the B. C. Prohibition Association, as minister of public works.

The Premier took occasion to repeat his appeal for a union of political effort in the best interests of the province.

Options Taken On Alaska Mines By A. D. McRae

Work Will Commence Immediately on Famous Cliff Mine At Valdez Recently

VALDEZ, Sept. 12—The famous Cliff mine, which a number of years ago produced more than a million dollars of gold, was optioned by Senator McRae of Canada.

Operations on it will start immediately. Senator McRae also announced that he has taken options on the Easter Dome mines near Fairbanks, the Quigley group in Kantishana district and a number of claims in the Chisana area.

James Fraser is Seriously Hurt

Former Local Railwayman Has Both Legs Broken, Necessitating Amputation of One

Many friends in the city will regret to learn of a serious accident which befel James M. Fraser, formerly a locomotive engineer here for the Canadian National Railways, on the Jasper Park-Kamloops division on which he has been employed recently as a fireman. In the derailment of an engine, Mr. Fraser had the misfortune to have both his legs fractured, the injury to one being so serious as to necessitate amputation.

COMMANDED SUBMARINE

Capt. Koenig, Who Pierced Blockade Of Allies in 1916, is Dead

BERLIN, Sept. 12:—Capt. Paul Koenig, aged 66, who commanded the German submarine *Deutschland*, when it pierced the Allied blockade and visited the United States in 1916, is dead here.

Growing Opium On Vancouver Island

Opium poppies under cultivation near Victoria. Inset shows poppy heads enlarged. The seed pods are brewed into a tea, which contains eight per cent. morphine, and which when drunk has a stimulating effect on those who drink it. There is no law against growing opium poppies but it is illegal to harvest them.

LEADERSHIP UNDECIDED

Two Outstanding Aspirants on Independent Tory Side—Liberals Have 43 Candidates

VICTORIA, Sept. 12:—The nomination of Mrs. Paul Smith and G. G. McGeer of Vancouver as candidates for Burrard brings the total number of nominations for that party to 43 and two more will be made in Vancouver this week. That will complete the Liberal list. Cowichan-Newcastle and Fernie where there are C. C. F. Labor candidates it is understood will not be contested. The number of candidates now in the field is very close to 120.

The question of party leadership is now a subject of political speculation. R. W. Bruhn, who has been recently nominated at Salmon Arm as an independent, is making a strong bid for independent party leadership. Since both W. J. Bowser and Premier Tolmie have announced that the question of leadership is to be held over until after the election it is possible there will be keen rivalry for the position of leader of the opposition, in the event of the Liberals being elected, or of premier if they should be defeated. Col. W. W. Foster, president of the B. C. Conservative Association, is quite likely to get the leadership. He is a candidate in the Islands constituency.

COUNTY COURT HAS SESSION

Three Civil Cases and One Appeal For September Hearing

Owing to the absence from the city of Judge W. E. Fisher, cases for September on the County Court calendar were formally adjourned at the regular monthly session yesterday. The list is as follows:

Canadian Lumber Yards Limited vs. H. R. Frost, \$99.78, R. L. McLennan for plaintiff, Patmore & Fulton for defendant.
Grace Olsen vs. Ole Olsen, \$45, R. L. McLennan for plaintiff, Patmore & Fulton for defendant.
G. P. Tinker vs. G. J. Dawes, \$77.50, Williams, Manson, Brown & Harvey for plaintiff, R. L. McLennan for defendant.
Appeal—Rex vs. W. H. Malkin Co., R. L. McLennan for petitioner, (Magistrate's dismissal under Game Act).
A number of naturalization applications were presented to the registrar, Andrew Thompson.

Nevada Senator On Way to Washington to Place Plan Before President

Pittman Declares That If Roosevelt Has no Power to Adopt His Plan Legislation Giving Him Power Will be Passed

SALT LAKE CITY, Sept. 12:—Senator Key Pittman of Nevada told the Chamber of Commerce here that the silver agreement adopted by the London Conference paved the way for the United States to take the initiative for the remonetization of silver. He is enroute to Washington where he will press his proposal that the president authorize the acceptance of newly mined silver by United States mints and its return to the owners in the form of coins.

If the president lacks the power to authorize Senator Pittman's plan, the senator predicted that legislation for the remonetization of silver will be adopted during the first thirty days of the session of Congress convening next January.

Picking Cabinet For T. D. Pattullo Is Latest Sport

Liberal Leader to Make Visit to Constituency and Other Faithful Liberal Seats

A special despatch from Victoria to the Vancouver Province says: "The favorite indoor sport among Liberal politicians is picking cabinets for Mr. Pattullo. In these contests the names of Professor Wier, Gerry McGeer, Gordon Sloan, Alex. Manson, John Hart, George Pearson Dr. J. J. Gillis, Wells Gray, Dr. Sutherland, Frank MacPherson, E. D. Barrow and A. D. Patterson are nearly always mentioned. But very likely Mr. Pattullo has different ideas altogether. He is going North now for his final visit to his home constituency and to those other faithful Liberal seats on the edge of the wilderness, without revealing his mind to anyone. All we know from Mr. Pattullo is that many an expectant cabinet minister is going to be badly disappointed.

RATIONAL INFLATION ASKED FOR

Chairman Harrison of U. S. Finance Committee Presents an Urgent Recommendation

WASHINGTON, Sept. 12:—President Roosevelt interrupted his conferences on finance today to receive an urgent recommendation from Chairman Harrison of the United States finance committee for "rational inflation."

NEW ORE IS FOUND

Work on Jessie Property Near Smithers Proceeding Satisfactorily

SMITHERS, Sept. 12:—Recent work at the Jessie Gold Mines Ltd., near Smithers, has been successful in opening up some fine new ore in the 400-foot level tunnel of gold-bearing arsenical iron and quartz. On August 20 the tunnel reached a cross vein which is thought to be the No. 1 vein of the property and it has been the intersection of this which has been the immediate objective of the tunnel. Work is being pushed ahead as rapidly as possible with a view to ascertaining definitely if the new find is the No. 1 vein. If so, a drift will be run on it from the present tunnel.

The manager of the company, L. S. McGill, is returning from Smithers to Vancouver in connection with the financial arrangements of the company being made there.

UNITED CHURCH CELEBRATES

The United Church last night celebrated the twenty-fifth anniversary of its founding in this city. It was at that time the Methodist Church. The first church building was a wooden structure with a tent roof which later gave place to the present commodious structure with its pipe organ and modern conveniences.

For many years the church had a very hard struggle to maintain itself as a religious centre. While other churches were flourishing the Methodists were comparatively few in number and not many of them were rich in worldly goods. Then came the union of the Presbyterian, Methodist and Congregational Churches of Canada and while the local Presbyterian Church decided to continue as before, the Methodist Church gained some strength from the union and since that time has been gradually building up.

Last night the other churches of the city joined with the United Church in commemorating a quarter century of useful endeavor. It was something to which they could point with pride.

The Methodist Church, founded in England by John Wesley as an offshoot from the Established Church, brought about a religious revival that is outstanding in the religious history of the world. While its theology was crude this was made up for by religious fervour and the whole world benefitted from the movement.

In Canada the Methodist Church clergy led all others in adapting themselves to an era when scientific knowledge made it necessary to modify religious dogmas. They have been in the forefront of advancing knowledge and this has reflected itself in the attitude of their congregations. The old Methodism has been disappearing, giving place to a more reasoned view on religious subjects. While theologically the Methodist clergy were quick to adapt themselves to the new theology, the church as a whole was the most reluctant of all to adapt itself to the changing attitude toward Sunday observance and such matters as dancing and the theatre.

Today the United Church is modern in every respect. It has thrown off many of the shackles of Methodism and has lost nothing thereby. In an age when people are groping more or less in the dark in an effort to improve social and economic conditions, the United Church has taken a stand, rightly or wrongly, in favor of a change in the economic system. It realizes the need for improvement.

We congratulate the local congregation on having attained a position of influence and usefulness in the city and hope it will carry on the good work in such a manner that Prince Rupert people may all benefit. Its future will be measured not by its wealth or numerical strength but by the influence of the men and women and children who attend the religious services and social events as reflected in their daily lives.

MAINTAINING TRUNK TRAILS

Stewart Board of Trade in Regular Monthly Session

STEWART, Sept. 12:—At the regular monthly meeting last Tuesday evening, various matters of interest to the district were discussed by the Stewart Board of Trade.

Members present were pretty well agreed that, from both the point of view of public finance and the standpoint of the development of the mineral areas of the province, it was very poor business for governments to construct trunk trails and then leave them without maintenance. Several speakers pointed out that the development of the country depended largely upon the transportation available and that good trails had been built in some instances, only to be allowed to fall into disrepair and become almost impassable. A committee was appointed to get further data on the matter and bring in a report and recommendations.

A committee was also appointed to inquire into the working of the new amendments to the Criminal Code dealing with the carrying of small arms, with particular reference to its application to prospectors and trappers.

The matter of obtaining a licensed pharmacist for Stewart was left in the hands of the president for further action.

GRAIN MOVING IN GRADUALLY

Thirty-Four Carloads Have Arrived and Over 300 Are on Way

Of the 420 odd carloads containing some 500,000 bushels of grain, which the Alberta Wheat Pool is sending from the prairies to the local elevator, thirty-four carloads have already arrived while over 300 cars are on the way here. The grain is being brought in by the regular mixed trains without the running of extra trains.

TOOK PILLS FOR 30 YEARS, THEN CEREAL BROUGHT RELIEF

Mr. Forsythe Endorses ALL-BRAN for Constipation

If you suffer from headaches, loss of appetite and energy or any other of the frequent effects of constipation, read this voluntary letter:

"After taking pills and tablets for about thirty years for constipation, I started to take your ALL-BRAN three times a day according to directions. Today I can eat cheese and that is binding, and certainly feel fine."—Mr. Ed. Forsythe. (Address furnished upon request.)

Science says ALL-BRAN provides "bulk" to exercise the intestines, and vitamin B to further aid regular habits. In addition, ALL-BRAN is rich in blood-building iron.

The "bulk" in ALL-BRAN is much like that of leafy vegetables. Inside the body, it forms a soft mass which gently clears the intestines of wastes.

Isn't this pleasant "cereal way" far more healthful than using patent medicines—so often habit-forming?

Just eat two tablespoonfuls daily. In serious cases use with each meal. If not relieved this way, see your doctor.

Get the red-and-green package at your grocer's. Made by Kellogg in London, Ontario.

SPORT CHAT

A baseball team representing the City League of Prince Rupert will be leaving here on Saturday of this week for Smithers where a series of games will be played on September 17 and 18 with a select team from the Bulkley Valley League in which circuit Hazelton, New Hazelton, Smithers and the Snappy Nines had teams during the past season. The local team will return home on the evening of September 19.

With outdoor sporting activities for the season in Prince Rupert now concluded, talk of basketball prospects for the coming winter is now beginning to fill the air and it is understood that the Prince Rupert Basketball Association will make an early start in the matter of organizing the hoop sport for the season. With the Auditorium, which was the venue of the sport last winter, now destroyed by fire, a new playing place will have to be found and, if suitable arrangements can be made, it is possible the Moose Hall, which has the advantage of a central downtown location, may be chosen. It is hoped to have a trophy put up this winter as an emblem of the Northern British Columbia basketball championship which was captured last winter by the Canadian National Recreation Association of this city from Port Simpson Y. P. E. A. which had held it for four years and which is expected to make a bid to win it back during the forthcoming season.

PARTY FOR TWO GIRLS

Miss May Schubert of Prince Rupert and Miss Bessie Haan of Queen Charlotte Honored

SKIDEGATE, Sept. 12:—In honor of Miss May Schubert, who has returned to her home in Prince Rupert after a visit with friends in Skidegate and Queen Charlotte City, and Miss Bessie Haan, who has just left for Prince Rupert to go into training for a nurse at the Prince Rupert General Hospital, Mrs. Fred Atkins and Miss B. Rudge were hostesses at a farewell party held recently in Miller's Hall at Queen Charlotte City. The hall was crowded with guests from Port Clements, Tiell, Skidegate and Skidegate Mission, officers and members of the crew of the lighthouse tender Estevan also being present. Excellent music was provided by the Estevan as well as the local orchestra. The affair was the largest to be held in Queen Charlotte City since the visit of H. M. C. S. Skeena and testified to the popularity of both Miss Schubert and Miss Haan.

The BEST way to stop CONSTIPATION

Nothing like Fruit-a-lives

"I was in a very bad way with constipation. My stomach was off-color and I kept having headaches. I tried many things but nothing helped. I had severe pains in my loins and muscles. The general effect was very depressing. Indeed, I felt so wretched that I was about to give up work. Today my health is excellent and I certainly feel that 'Fruit-a-lives' played a large part in bringing this about. They loosened up my entire system."

SILVER AND COPPER ON NEW YORK MART

NEW YORK, Sept. 12.—Bar silver was quoted here today at 37 1/2c and copper at 9c.

A transformer of 220,000 volts capacity and weighing 120 tons for use on the transmission line of a new hydro-electric plant on the Svir River is under construction in Moscow, Russia. The earliest mechanical time measure was a water clock, containing water which was allowed to escape through a small hole, marks on the side indicating the lapse of time.

Teacup Readings

During the past two days Professor Roy has been entertaining visitors to the Commodore Cafe with teacup and coffee cup readings. So far he has read 316 teacups and 42 coffee cups. These have been given free of charge to any person spending 25c for afternoon or evening tea. Owing to the great interest taken in his readings it is expected that Professor Roy will continue in the city for a couple of weeks giving daily readings. He will answer questions on business, travel, social and love affairs.

WEDDED AT BURNS LAKE

Miss Avis Wall Becomes Bride of William Kerr at Interesting Ceremony

A wedding of much interest in Prince Rupert as well as throughout the central interior took place recently at the home of Mr. and Mrs. A. M. Ruddy in Burns Lake when Miss Avis Doris Wall, only daughter of Mr. and Mrs. George Herbert Wall of Smithers, became the bride of William Bruce Kenneth Kerr of Burns Lake, Rev. E. S. Fleming of Burns Lake officiating.

The ceremony took place under a canopy arch of pink and white flowers. The bride, who was given in marriage by Mr. Ruddy, was costumed in blege crepe with a hat to match and brown suede shoes. She carried a beautiful silk Paisley shawl which has been used at weddings in her family for over two hundred years and carried a bouquet of stocks, roses and ferns. The bridesmaid was Miss Rae Cassidy of Burns Lake who wore a brown costume and carried a bouquet of sweet peas. The groomsmen were Thomas Jeffery. The mother of the bride wore black georgette crepe with lace overdress.

Following the ceremony there was a reception in the Omineca Hotel where forty guests were present to tender their best wishes and congratulations to the happy couple. The toast to the bride was proposed by Mr. Ruddy and responded to by the groom. Other toasts were proposed by Mrs. Monks of Smithers, B. A. Smith, Rev. E. S. Fleming and Sidney Godwin.

Following a honeymoon trip to Saulhaven, Mr. and Mrs. Kerr will take up residence at Burns Lake.

Dr. Lang, company doctor at Anxox, was a passenger aboard the Catala today for Vancouver on a holiday.

District News

NEW HAZELTON

J. E. Merryfield, organizer of the Bowser-Donaghy "non-partizan" movement, was a recent visitor in Smithers, New Hazelton, Hazelton and Terrace but had no announcement to make in regard to the possibility of his party nominating a candidate in Skeena riding to contest the forthcoming provincial election. So far the only two candidates definitely in the field are E. T. Kenney of Terrace, Liberal, and Dr. R. C. Bamford of Smithers, Conservative.

Few grouse are to be seen along the roads of the district this summer and it is apparent that there will be a scarcity of these popular game birds hereabouts this fall. The cold and wet spring was, apparently, too much for the young birds.

Hazelton defeated New Hazelton by a score of 7 to 5 in a baseball game played on the local grounds. The same afternoon at Smithers the Snappy Nine defeated Smithers by a score of 11 to 9, thus winning the undisputed championship of the Northern Interior League.

Constable Allen of the Hollywood, Cal., police department, and Mrs. Allen were visitors in this district recently camping at Mission Point while here. They motored up from the south and made the trip into the Kispiox Valley.

Mrs. Peter Smith left recently to pay a visit with friends at Smithers and Burns Lake.

Constable Andrew Grant, provincial police, Hazelton, made a motor trip through the Kispiox Valley on patrol duties.

The Hanson Timber & Lumber Co. has started a drive of poles from the upper Skeena River to the booming grounds at Nash and Cedarvale, stocks of which are being cleaned up as a result of recent heavy shipments to the United States. At the present rate of shipments most of the stocks should be cleared out within three or four weeks.
