Peace With Honor and Equality Is All His Country Asks--Hitler

Will be No Disarmament Dealings Unless This is Given,
Says Nazi Chieftain--Advises Other Nations to
"Mind Own Business"

BERLIN, Nov. 14:—"Peace with honor and equality" was demanded by Chancellor Adolf Hitler in an address before a large audience of factory workers at the outskirts of Berlin. "Germany must have equal rights with other nations or else there will be no disarmament conference as far as this country is concerned," declared the fiery Nazi chieftain in denouncing the tactics of the former Allied nations in insisting on arming themselves while refusing Germany the right to do likewise. Germany was as much menaced as any other country by lack of equality, he declared. "There are some statesmen in Europe who would be well-advised to mind their own business," shouted Hitler.

Germany was ready to "bury the hatchet" with all its enemies, declared Hitler, but there was nothing he could do about it if the other nations refused to believe him when he said this. The fact of the matter was that he had said nothing against other nations except insofar as Germany's rights were concerned. It would be sheer folly for Germany to want war now.

CURRIE IS IMPROVING

Able to Take Nourishment on Saturday—King George Inquires on Armistice Day

MONTREAL, Nov. 14:—General Sir Arthur Currie was able to take nourishment on Saturday for the first time since his admission to hospital last Tuesday suffering from blockade of a small blood vessel in the brain. Attending physicians announce that they are encouraged by his condition. On Armistice Day King George sent a message to the Governor General instructing him to "inquire in my name" as to the condition of the commander-in-chief of the Canadian Expeditionary Force during the latter part of the Great War.

Deadly Air Weapon Defeats British Navy

The British Admiralty has just released this rare illustration of an incident of the recent British fleet manoeuvres in the North Sea. One of John Bull's new battle cruisers of the air, a Blackburn Ripon torpedo carrier, was snapped as it rose into the air, bound on its mission of "destruction." It was commissioned to "attack" a hostile fleet, that was steaming one hundred miles away. In the foreground is seen the cruiser Leander, and in the background, the home fleet with its flanking destroyers, following up the first attack of the fleet's right arm.

Opposition to British Government Gets Very Small Support in House Of Commons on Vote of Censure

Long Debate on Arms Policy and Arthur Henderson
Threatens to Resign From Chairmanship
Unless Change Made

LONDON, Nov. 14:—The Labor party motion of censure against the government on its disarmament policy was defeated last night in the House of Commons 409 to 54. The vote came after a long debate and found Lloyd George's little group of Independent Liberals lined up with Labor. Sir Herbert Samuel's Liberal group abstained from voting.

Prime Minister MacDonald declared that the British Government would not desert the Arms Conference or the League of Nations but neither would she increase her international commitments nor make any undue sacrifices for the sake of meeting the demands of other nations.

Sir Stafford Cripps, labor colleague of Arthur Henderson, read a personal note in which Mr. Henderson threatened to resign from the presidency of the Arms Conference unless there was a change in the attitude of the delegations of the various nations regarding arms.

Princess Alice Twisted Stem and
Yukon Has Dented Plates as
Result of Collision

VANCOUVER, Nov. 14:—In a dense fog this morning the steamer Princess Alice, bound from Seattle to Vancouver, and the steamer Yukon of the Alaska Steamship Line, from Juneau, crashed in the first narrows. None of the passengers were injured and there was no panic.

The Princess Alice sustained a twisted stem and the Yukon had several dented plates above the water line but was able to proceed to Seattle. The Alice is being surveyed.

CHICAGO AND LEAF'S LEAD

Black Hawks at Head of American
Hockey Division and Toronto
On Top in International

CHICAGO, Nov. 14: (CP)—Requiring but one lone tally to defeat the New York Rangers, Chicago Black Hawks took the early season lead in the American Division of the National Hockey League on Sunday night. Detroit Red Wings are in second position by virtue of a 5 to 2 victory over New York Americans at Detroit.

Toronto Maple Leafs, who won a tight contest with the New York Rangers at Toronto Saturday night, are in first place in the International Division.

Weekend scores were as follows:
Sunday Games
New York Rangers 0, Chicago 1.
New York Americans 2, Detroit 3.
Saturday Games
New York Rangers 3, Toronto 4.
Canadiens 0, Ottawa 2.
Boston 2, Montreal 3.

Little Change Today In Water Conditions Lower Skeena Valley

No Trains Moving in Either Direction on Prince Rupert-
Smithers Division—Trouble With Wires Also
Develops During Night

Train traffic on the Prince Rupert-Smithers division of the Canadian National Railways is still paralyzed today on account of slides and washouts in the Lower Skeena Valley between Woodcock and Kwinita. There will be no trains either in or out of Prince Rupert today, it was announced this morning. The train from the east, regularly due to arrive here at 10 o'clock tonight, has been turned back from Smithers and there will, therefore, be no train coming in now before Thursday night. The train which was to have left for the east last evening was cancelled. If the line is cleared by that time, the regular train for the east will leave tomorrow afternoon.

LOG SCALE IS HIGHER

Gain Again Shown in October Although
Production For Year Still Down

Log scaling in Prince Rupert forestry district during the month of October this year totalled 15,709,636 board feet as compared with 12,052,925 board feet in the same month last year. For 1933 to date the aggregate scale for the district now stands at 50,064,658 board feet as against 78,775,737 board feet in the first ten months of 1932.

Scaling per species this October were as follows, figures for the same month last year also being shown for comparison:

	Oct. 1933	Oct. 1932
B. F.	B. F.	
Douglas Fir	307,996	63,664
Cedar	979,461	426,990
Spruce	7,708,500	5,245,735
Hemlock	4,590,108	4,307,217
Balsam	2,021,681	1,959,969
Jackpine	101,890	42,737
Miscellaneous		6,613
Totals	15,709,636	12,052,925

Forest Products
Production of poles and piling in the interior this October amounted to 162,914 lineal feet, all in cedar, as compared with 55,800 lineal feet in the same month last year.

Cordwood for this October totalled 152 cords as against 162 cords last October while 11,049 jackpine ties were accounted for this October as compared with only 720 ties in October, 1932. As previously reported on several occasions, there is considerable activity in the production in the interior this fall on account of new orders given some time ago to the settlers by the Canadian National Railways.

Pat D'Orio, who has been paying a visit with friends at Anyox, returned to the city from the smelter town on the Catala this morning.

Mining Classes To Be Given Here Resident Engineer

Dr. Joseph T. Mandy, resident mining engineer for the north-western mineral survey district, has agreed to conduct a series of weekly classes in geology, mineralogy and kindred subjects on Tuesday evenings of each week in the city council chamber following his return trip to Vancouver and Victoria on official duties. Announcement to this effect was made this morning by City Commissioner W. J. Alder. It is expected the lectures will prove of much interest, particularly to younger men who may be considering going prospecting.

Mike Zaja Loses His Life in Workings of Granby Co. at
Smelter Town

District headquarters of the provincial police here have been advised that Mike Zaja, an employee of the Granby Co., was killed in the mine at Anyox on Saturday morning. No details were given. An inquest is being held today at Anyox.

To the Electors of Atlin

I wish to express to you all my sincere appreciation of the honor you have done me by electing me as your representative in the Legislature.

It will be my aim to justify your confidence by serving you in the best way I know. Let me suggest that party differences be forgotten and that we work together as a unit for the advancement of the interests of the riding and the general good of the province of British Columbia.

CANADA JOINS IN WORLD RECOVERY

"Just as the momentum of world depression in 1930 carried business to new steadily lower levels, in spite of the efforts in a good many countries to prevent a further slackening in business, so, at the present time there is a momentum of world improvement that is a factor to be reckoned with," says Donald M. Marvin, economist, who in his monthly letter, written for the Royal Bank of Canada, carries a note of cheerful optimism to all people. He says in part:

"The upturn in business has become general throughout the world. The extent of the improvement in Great Britain, the United States, France and Latin America will be discussed in detail. In Japan, war activities and absolute inflation have produced extraordinary activity in business. In addition to the improvement which has taken place in the countries mentioned, a recent report of the League of Nations lists an upturn in the trade of Sweden, Italy, Austria, Belgium, Czechoslovakia and Poland. In fact, there is no country of major importance in which this new trend is not a factor. Well to the fore in this general upward movement will be found the countries constituting the British Commonwealth of Nations, and certainly there is no other group of countries which is closer to pre-depression volume of production and consumption. Throughout the world, production is increasing, prices for the principal commodities are higher and unemployment has begun to decrease."

Mr. Marvin then goes on to tell of the improvement in Great Britain and in the Eastern Maritime Provinces of Canada, showing in detail where the improvements lie. The whole letter is most inspiring and cheering to those who have feared that the slight lagging back in certain countries and localities meant a general setback.

CITY FINANCIAL STATEMENT

Elsewhere in this paper appears a statement of city receipts and expenditures under general account for the month of October. If the public indicates a desire for same, it is the intention of the city authorities to have such a statement for each month published regularly henceforth. To many the statement should prove of much interest.

When Good Smokers

Get Together

You'll find Ogden's Cut Plug an important part of the picture. Men who know their smokes will tell you that Ogden's Cut Plug is good...a mellow, fragrant tobacco that makes any pipe more friendly, more companionable.

Why not let it speak for itself in YOUR pipe? Then you'll know you've found a better and more satisfying smoke.

OGDEN'S CUT PLUG

If you "roll your own", use Ogden's fine cut cigarette tobacco and Chantecler cigarette papers.

Father John Hammond O.M.I., parish priest of the Roman Catholic Church at Anyox, arrived in the city on the Catala this morning from the smelter town for a brief visit here. Father Murie, who has been relieving at Anyox during the recent absence of Father Hammond who was receiving medical treatment in hospital at Victoria, returned to the city on the Catala today.

Man in the Moon

Good afternoon! Have you made a cabinet for Premier Pattullo?

Some of the papers in the south are persistently guessing Asselstine for minister of mines and Manson or Perry for speaker.

In the words of the old song, "Nobody knows but T.D." Tomorrow will probably tell the tale.

At last the report of the banking commission is out and the people of the country are doubtless relieved to know that they are to be allowed to purchase stock in a new central bank if the Bennett government carries out its recommendations.

All eyes seem to be on the young Adolf Hitler when they have time to shift them for a few minutes from Russia and Japan.

In Germany the people voted as they were told, the newspapers printed what they were told and the world is now trying to believe what it is told. The Germans are a versatile people, don't you think?

Jake says he was looking through his Bible the other day when he came across the text: "The Lord loveth a cheerful loser." He cut it out and pasted it in his hat so that he would not forget it.

It's easy to smile
Without any guile
When things are coming your way
But the man I like best
Is the man who with zest
When beaten says a smiling "good day."

According to the southern papers the first official act of the new premier-elect was to kick off the ball in the annual football match between the Canadian Scottish and Fifth Brigade at Victoria on Remembrance Day. It's not a bad idea to start with a kick. There may be more kicking to do before the year is much older.

A Chance to Cash in on Your Purchase of Your

Singer Sewing Machine

Whenever you bought your Singer, it was the best machine of its time. But both the times and the Singer have changed. Now we want to help you to know the ease of modern sewing. To help you have a modern Singer at once while prices are lower than they may be for many years to come.

HOW YOU MAY BENEFIT
For a limited time to Singer owners only. Your old machine may be 30, 40 even 50 years old, nevertheless we will make you an allowance of 40% of your purchase price (your machine being in tolerable condition) to apply on a new modern machine. What other article of merchandise—automobile, radio, vacuum cleaner, other article of merchandise—automobile, radio, vacuum cleaner—will make you an allowance of 40% even after one year's use? Singer Sewing Machines are made entirely in Canada and Singer factory must be kept going. The advantage is yours. Will you grasp it?
