MUST KEEP ORDER

Member of Audit Bureau of Circulations

Thursday, March 2, 1933

At any price there must be order in the city. No matter how just a cause may be, the first thing in any community is to see that law and order is established. Without it there would be chaos.

In any event, while the steamship is a public carrier and the public have certain rights aboard and at the approaches, the owners have the right to forbid access to her and to call upon the police to protect them in this action.

The police are well able to take care of the situation here but should they not be able to do so at any time there will be hundreds of able-bodied men ready and willing to uphold the dignity of the law if called upon.

The only way of changing present conditions is to change the law and that can be done only by political action. Mobrule is never right. Violence is not right. The constitutional method of making changes may be slow but it is the only sure way. British people will not stand for any other.

When a man has his all in a bank and he is led to believe that the institution is not safe it is quite natural that he should want to take it out. If enough people have the same idea at one time there is a run on the bank and only a very strong one can stand the strain.

In Canada conditions are different. The branch bank system under which we operate has a number of disadvantages, chief of which it is claimed by those who criticize BACON-Sliced, Cello-wrapt 16c work out at £150. it, is that the managers are not really interested in the PURE LARD place in which they live as they would be if they owned the bank. Baptist Ladies Held Tea and Sale In Church Parlors

The Ladies' Aid of the Baptist Church held an afternoon tea and sale of home cooking to celebrate St. David's Day yesterday afternoon in the church parlors. Yesterday was the anniversary of St. David's Day and was suitably celebrated in this manner by the Welsh women of the city. The tea was attended by a large crowd and proved very suc-

The parlors were very nicely decorated to suit the occasion, yellow daffodils showing the first signs of spring. The Welsh dragon and the Leek were prominent in the colorings of the room.

NEGLECT OF COMMON Day of Prayer to CONSTIPATION IS A SERIOUS MATTER

Prevent This Condition With Kellogg's ALL-BRAN

The first question your doctor asks is whether you are constipated or not. He knows that this condition may cause headaches, loss of appetite and energy, sleeplessness It is often the starting point of serious disease.

You can prevent and relieve common constipation so easily. Just eat a delicious cereal once a day. Laboratory tests show that Kellogg's ALL-BRAN provides "bulk" to exercise the intestines, and vitamin B to further aid regular habits. ALL-BRAN is also a rich source of blood-building iron.

The "bulk" in ALL-BRAN is much like that found in leafy vegetables. Within the body, it forms a soft. mass. Gently, it clears out the intestinal wastes.

Isn't this "cereal way" safer and far more pleasant than taking patent medicines-so often harmful? Two tablespoonfuls of ALL-BRAN daily are usually sufficient. With each meal in serious cases. If not relieved this way, see your doctor.

Enjoy ALL-BRAN as a cereal, or use in cooking. Get the red-andgreen package at your grocer's. Made by Kellogg in London, Ont.
