TRAGEDY ON TRAIL

Peace River Man Dies as Result of Using His Rifle as Walking Stick

Advice has been received at divisional headquarters of the provincial police here of Dan Shpikula, Polish resident of three years in the Peace River Block, having been found shot dead recently on the trail alongside the South Pine River sixteen miles from Fort St. John.

The unfortunate man is believed to have been using his rifle as a walking stick and it is thought that the weapon exploded when the hair trigger caught in a twig, the safety catch being defective. There were powder burns on two fingers of the left hand, the last bullet in the chamber having passed into the chest.

A coroner's jury returned a verdict of accidental death.

A brother of deceased lives in Alberta.

Leo Diegel Is California Golf Title Winner

LONG BEACH, Dec. 20.—Leo Diegel came up from behind to capture the California golf championship.

Production of Lumber, Agriculture, Mining, Fisheries Ahead of Last Year by Over Five Million Dollars—Growth and Settlement Along P.G.E. Notable

VICTORIA, Dec. 20: (CP)—A year-end survey by provincial government departments shows that British Columbia industry in 1933 increased the value of its production over 1932 by \$5,250,000 and industrial payrolls jumped \$7,000,000. Estimated production for the year about to end per industries with increases is placed as follows:

Lumber, \$38,500,000, up \$3,350,000.
Agriculture, \$34,500,000, up \$100,000.
Mining, \$30,000,000, up \$1,750,000.
Fisheries, \$10,500,000, up \$500,000.
Industrial payrolls, \$110,000,000, up \$7,000,000.

The upward turn in gold mining has resulted in growth and settlement along the Pacific Great Eastern Railway with new towns rising there.

The computations are based on figures from January to November with estimates for December added.

IS KILLED ON RANGE

Young Soldier Met With Tragic Death at North Vancouver Turkey Shoot

NORTH VANCOUVER, Dec. 20: Private Allan Derbyshire, aged 20, of the Sixth Field Company, Canadian Engineers, died in hospital this morning as a result of bullet wounds received in the unit's turkey shoot at the drill hall rifle range last night.

The youth was acting as marker for the shoot and, apparently, ran out to score one round before the "all clear" signal was given.

He walked the length of the range, saluted the commanding officer and reported that "a man has been hit."

"Who?" the officer asked.

Before Derbyshire answered he collapsed, never regaining consciousness.

A bullet penetrated the right side of his head.

TWO MEN MISSING

Franz Hopka Found at Oliver—Harry Reith Lost at Cumberland

OLIVER, B.C., Dec. 20: (CP)—Franz Hopke, local hunter, who had been missing in this district since a week ago last Sunday, was found a day or so ago. He is suffering from the effects of exposure. There have been blizzard conditions here during the past week.

Island Man Too

COURTENAY, Vancouver Island, Dec. 20: (CP)—Harry Reith, local trapper has been missing since November 30 in the mountains near here. Search has been instituted for him. He was an expert woodsman and may have taken refuge in a deserted cabin. Snow is waist deep in this district.

Miss Joyce Molitor arrived in the city this morning from Lockport for a brief visit.

HANSON IN CONFERENCE

Board of Trade Takes up Number of Subjects With Federal Member During Recent Visit

During his recent visit to Stewart, Olof Hanson, member for Skeena, met the Board of Trade of that town, E. T. Applewhite presiding, and discussed with it a number of questions of mutual interest.

Chairman W. R. Tooth of the municipal council introduced the member for the district.

Mr. Hanson explained that while he had been a Liberal candidate, he aimed to represent all parties after he was elected. For that reason he believed in all important matters being taken up with a responsible body like the Board of Trade. He urged that, before approaching him or the various governmental departments in regard to any public question, it should first be thrashed out (Continued on Page Four)

Shortage Of Groceries For Xmas Hampers

Salvation Army Needs More in Order To Do Its Work of Making Everybody Happy

The Salvation Army captain reported this morning that they were in need of more groceries in order to fill the Christmas hampers that are being sent out. Anyone preferring to give groceries instead of money may do so.

It will be a sad thing if there is anyone this year unable to properly enjoy the Christmas season while others are celebrating. Following are the donations:

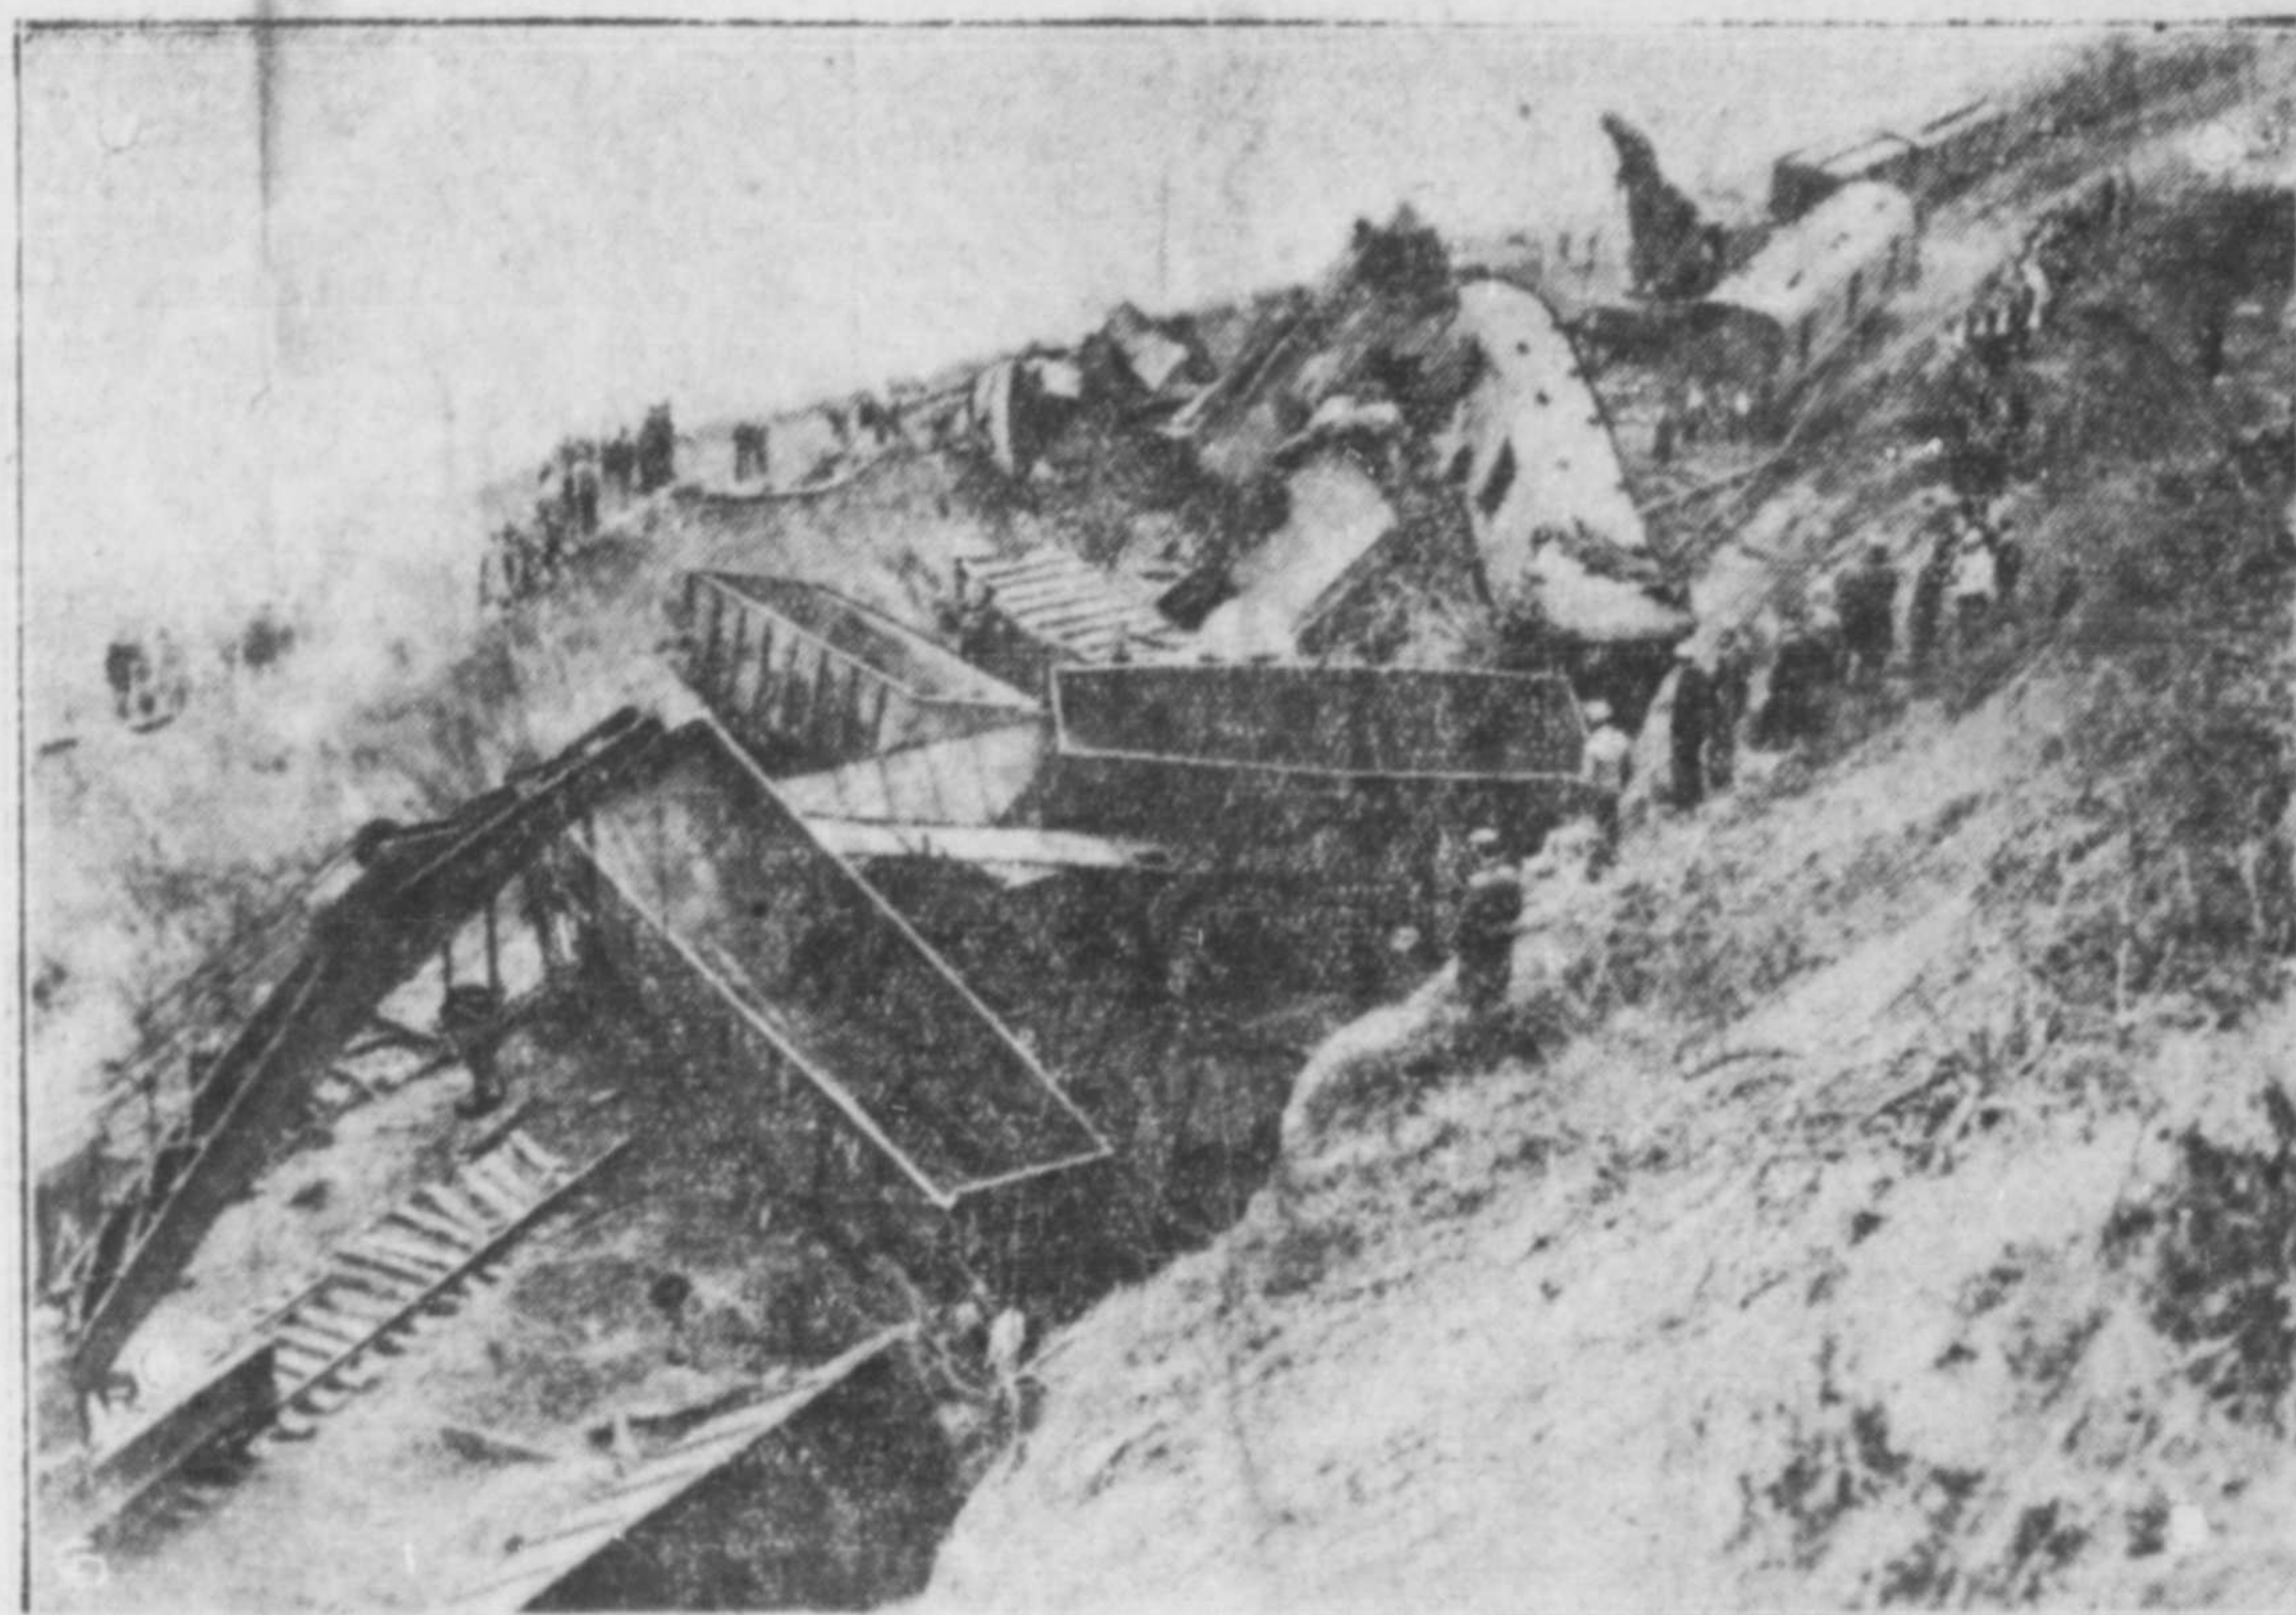

Previously acknowledged \$155.80
T. H. J. 5.00

Terrace Home Is Destroyed

Residence of Simon W. Dobbie Consumed by Flames—Damage \$3500 With \$1000 Insurance

Word has been received at divisional headquarters of the provincial police here of the destruction of the home of Simon W. Dobbie by fire at Terrace on December 10. The blaze started in the roof as a result of a pipe chimney becoming overheated. Building and contents were entirely destroyed, the damage being placed at \$3500 with \$1000 insurance.

Two Killed As Landslide Wrecks Train

Two trainmen were killed at Cherry Hill, Virginia, when a passenger train plowed head-on into an overturned freight engine. A landslide near a trestle caused the engine to overturn, injuring its engineer and fireman, and the train, northbound, plowed into it before it could be notified. Four empty passenger cars followed the passenger train locomotive on to the pile of debris, but the car carrying the passengers remained upright. No passengers were injured.

Stewart Has Another Mine Promising To Make Region Famous

Power Cable Being Laid and Tramway to Follow—One Shipping to Commence Early Next Fall It is Expected

STEWART, Dec. 20:—Stewart has one big bet just now and that is the development and operation of the mining property of the United Empire Gold and Silver Mining Co. Ltd. on the mountain on the west side of Bear River only two and a half miles from the city. At present thirty men are employed at the property, seventeen of them building a power line up the mountain slope and thirteen working at the mine. William Dann is in charge of operations.

Already this year power houses have been built and 260 feet of tunneling driven, seven tent camps erected and a new two-storey bunk-house, and stables for packhorses built. An emergency camp has also been built and an assay plant established on the top of the mountain.

The next move will be to build an aerial tramline from the highway a mile and a quarter in length and this will be completed before next fall when it is expected the mine will be shipping high grade ore. A mill will also be installed to handle the lower grades of ore.

The company is backed by Vancouver and New York interests and is the most promising the camp has seen since the opening of the Premier.

The work being done on the property is the driving of a work tunnel 900 feet from the highest outcropping. All tests indicate that there is a huge body of high grade and good milling ore to that depth and probably lower. Just now there are 1400 sacks of high grade ore at the mine which have been taken out since August 4 last when operations by the present interests commenced. Only sufficient has been shipped to enable good smelter tests to be made.

At the present time compressors and other mining material are here in town awaiting transportation up the hill and winter supplies have already been taken up. It is planned

FLOODS AT PR. GEORGE

Provincial Police Called Upon to Rescue Homeless Residents

The lower section of the city of Prince George known as "The Cache" is reported to be flooded for a depth of two feet with some residents being forced to leave their homes temporarily, according to word reaching here from the interior. With water in the Nechako River still rising on account of being backed up by ice jams, it was reported last night that the provincial police had been called upon to rescue some of the residents.

For several days there has been sub-zero weather at Prince George.

According to a message received at divisional headquarters of the provincial police at noon today some twelve or fourteen people had been safely rescued from their inundated homes in "The Cache" region, the last being a woman who was found this morning to be so badly frozen that it was necessary to place her in hospital. Blizzard conditions and fifteen below temperature hampered the rescue operations.

TALKS OF GOODWILL

Is Needed Today More Than Ever Before, Mrs. McLeod Tells I.O.D.E. Chapter

"If there ever was a time in the world's history when goodwill should be exercised, both in private and public life, it is now," declared Mrs. D. Orchard McLeod, in addressing a meeting of Hill Sixty Chapter, Imperial Order, Daughters of the Empire, Monday night on the subject of "Goodwill at Christmas" or "Thinking for Results." "Peace and harmony should prevail in our homes and in the councils of the nation."

Mrs. McLeod referred to the irony of immense bomb and munition manufacturing concerns being es-

ACE BAILEY IMPROVING

Condition of Injured Hockey Player More Hopeful—Benefit Game Played—Other Results

BOSTON, Dec. 20: (CP)—Boston Bruins defeated Montreal Maroons by a score of one to nil here last night in a regularly scheduled National Hockey League game, the total gate of which, amounting to only \$6,600 has been turned over to Irvin "Ace" Bailey, who suffered severe injuries in an unfortunate incident a week ago last night, his wife and daughter. As a result of the victory, the Bruins moved into exclusive possession of fourth place in the American Division, leaving the idle New York Rangers in the cellar. One of the smallest crowds of the season turned out to see the game.

The condition of Bailey, which had been extremely critical throughout the night previous following a relapse on Monday, was reported yesterday afternoon to be somewhat more hopeful although it was stated last night by doctors to be still a case of touch and go. He is putting up a game fight for life and today at noon he was reported to be "quite a bit better." Dr. Munro, brain specialist, conceding him a chance of recovery.

Ottawa Senators and Chicago Black Hawks played to a draw at Ottawa last night, the Senators, as a result, moving into exclusive possession of third place in the International Division after having been tied with the Maroons.

Last night's National League scores:

Detroit 1, New York Americans 0.
Montreal 0, Boston 1.
Chicago 2, Ottawa 2.

XMAS OF ROYALTY

King and Queen, Surrounded by Children and Grandchildren, Will Have All-British Yule

LONDON, Dec. 20: (CP)—Plans have been completed for the Royal Family to spend an all-British Christmas next Monday at Sandringham Palace. As usual, all gifts and food will be exclusively of British production, coming either from the Homeland or the Dominions. Turkey and roast beef will come from the King's own farm and the Christmas tree from the Sandringham woods.

The King and Queen will spend the day surrounded by most of their children and grandchildren as they celebrate Yuletide in the customary style of quiet comfort.

The Queen will don an apron and spend part of the morning supervising operations in the royal kitchen. The Christmas pudding will be entirely of Empire ingredients.

At 3 p.m. (7 a.m. Pacific Standard Time) the King will give a radio message over an Empire broadcast.

Business Section Of Nevada Town Visited by Fire

ELI, Nev., Dec. 20:—Half a block of the business section of this town was destroyed by fire early Sunday morning as the thermometer registered below zero temperature. The damage is estimated at \$30,000.

MAKING EVERYBODY HAPPY

Most people are today engaged in trying to make everybody happy by the distribution of gifts and goodwill messages. Shopping is going on steadily and the strain on the storekeepers will be heavier each day with a climax on Saturday.

The great thing at a time like this is to try not to forget anyone and to give preference to the claims of those who can ill afford to get things for themselves rather than to curry favor with the well to do.

LOOKS LIKE BIG MINE

Today on the front page we are publishing an article about the development of what looks like a big mine at Stewart. Judging from reports it is an outstanding prospect, and if it proves to be as successful as anticipated will make the town of Stewart very prosperous. Its progress will be carefully watched throughout the coming year.

In this mine there is no stock for sale. It is said to be backed by the same interests that are behind the Pioneer Mine which has proved a great success.

At one time it was thought that all the good mining properties in the Portland Canal region were up the Salmon River. This United Empire mine is on the Bear River, not far from the highway and close to the town of Stewart. It is so close to town that wages paid at the mine will be expended in the town. The company's office is in town but it is within walking distance of the mine.

TALKS OF GOODWILL

(Continued from Page 1)

Established in the United States and the whole world spending of hundreds of millions of dollars yearly on arms for war purposes despite the activities of the League of Nations and the disarmament conference. "Something would seem to be sadly out of joint," observed the speaker.

"If in every land those who are fearful, revengeful, unscrupulous and also those controlled by pre-

judices and passions would heed the reverend saying 'Peace of Earth, Goodwill towards Men,' we would have a better world—one that would bring into effect the preservation and not the destruction of life.

"I would leave with you tonight, ladies, the thought that your message of goodwill end not at the departing hour of December 25 but that it should prevail for the remaining 264 days of the year, thus helping to build up a better city, a better Dominion and a better Empire."

TWO NOTED NOVELISTS

Robert W. Chambers and Louis Joseph Vance Removed by Death In Coincident Manner

It was an odd coincidence of Fate that two such well known novelists as Robert William Chambers and Louis Joseph Vance should be removed by death in New York City within twelve hours of each other at the end of the week, the former succumbing to natural causes while the latter was burned to death after falling to sleep while smoking a cigarette in bed. Chambers and Vance lived almost within a stone's throw of each other in the great American metropolis, the former at the Century Club, 7 West Forty-Third Street, and the latter at 55 West Forty-Fourth Street.

Equally famous as author and artist, Chambers was 60 years of age, having been born at Brooklyn May 26, 1865. He studied art in Julien Academy, Paris, after receiving his elementary education in the United States. Spending seven years in France, he first exhibited in the Salon in 1889 and became, after returning to the United States, an illustrator for such magazines as Life, Truth, Vogue, etc. Since 1893 he had been a prolific author of novels and produced numerous best sellers. He also wrote some dramas and a musical comedy "Tote." He was a member of the National Institute of Arts and Learning. In 1898 he was married to Elsa Vaughn Moller.

Vance, who devoted his literary career to novels, short stories, serials and some verse, was fifty-four years of age, having been born in Washington, D.C., September 19, 1879. He was educated at Brooklyn Polytechnic Institute and since 1901 was a popular contributor to magazines, also producing numerous best seller novels. He was a member of the Society of Authors of London and of the Authors' League of America. He was married in 1896 to Nance Elizabeth Hodges of New York and made his summer home at Westport, Conn., living during the winters in New York.

W. J. Crawford arrived in the city on this morning's train from Barkerville in the Cariboo gold district, where he is now engaged in the transportation business, and sails this afternoon on the Prince George for Stewart where he will spend the Christmas and New Year holiday season at his home.

LOCAL NEWS

Col. J. W. Nicholls and daughter, Miss Patricia Nicholls, returned to the city on the Prince George this afternoon from a two weeks' trip to Vancouver and elsewhere in the south.

Miss Eleanor Moxley, who is attending Provincial Normal School in Victoria, arrived home on the Prince George this afternoon to spend the Christmas and New Year holiday season visiting with her parents, Mr. and Mrs. W. D. Moxley.

Thomas Loudon, superintendent of Canadian National Steamships with headquarters in Vancouver, is a passenger aboard the steamer Prince George which arrived in port this afternoon from the south. He is making the round trip north on official duties.

Miss Juanita Falconer, daughter of Mr. and Mrs. T. W. Falconer of Alice Arm, is a passenger aboard the Prince George today going north from Vancouver, where she is engaged in studies, to spend the Christmas and New Year holiday season at her home.

Miss Barbara Lee is a passenger aboard the Prince George today going north from her studies in Vancouver to spend the Christmas and New Year holiday at her home in Anyox. She is the daughter of George Lee, smelter superintendent at Anyox, and Mrs. Lee.

Miss Joan West, daughter of Dr. and Mrs. John A. West, formerly of this city, arrived on the Prince George this afternoon from Vancouver and will spend the Christmas and New Year holiday season visiting here with Mr. and Mrs. W. E. Collison, Sixth Avenue East.

R. W. Sargent arrived on the city on the Prince George this afternoon from Vancouver, where he is attending University of British Columbia, and will proceed by train later in the afternoon to spend the Christmas and New Year holiday season at Hazelton with his parents, Mr. and Mrs. R. S. Sargent.

Having been delayed by snow in Wright Sound and elsewhere down the coast, C. N. R. steamer Prince George, Capt. Neil McLean, arrived in port at 1:15 this afternoon from Vancouver, Powell River and Ocean Falls and will sail at 4 p.m. for Anyox and Stewart whence she will return here tomorrow evening on her return voyage south-bound.

Morgan Logging Camp Curtails Work For Time

Elmer Palmer, superintendent of the John R. Morgan Logging Co.'s camp at Crescent Inlet near Lockport, arrived in the city on the Prince John this morning from the Islands and will sail tomorrow night on the Prince George for Vancouver enroute to San Francisco for a visit, Mrs. Palmer being already in the California city.

Mr. and Mrs. John R. Morgan came north from Vancouver on the Prince John this trip and will spend Christmas in camp at Crescent Inlet.

Logging operations at Crescent Inlet have been considerably curtailed during the last few weeks although there are still a few men at work with about thirty still in camp. Some of the loggers from this camp came over on the Prince John this morning. It is expected the camp will resume operations in full scale in February.

TRIP INTO MOUNTAINS

Members of Gyro Club Taken on Luncheon Expedition by Dr. Neal Carter

By descriptive word of mouth and moving picture film, members of the Prince Rupert Gyro Club and guests, at luncheon yesterday, were taken on an interesting mountaineering expedition to some of the lofty peaks within eighty or so miles of Vancouver by Dr. Neal Carter F. R. G. S., director of the Prince Rupert Fisheries Experimental Station and prominent member of the Alpine Club of British Columbia. The particular trip described by Dr. Carter in his illustrated lecture was one made last year up the Toba River to its headwaters into the ice fields and glaciers at the summit of the Cascade Range where other rivers such as the Lillooet, Squamish, Chilko and others also have their sources. Some great mountain scenery, spectacular waterfalls, thrilling adventures in navigation of swift moving rivers in virgin territory and arduous mountaineering feats were depicted by Dr. Neal Carter with his moving picture projector and elaborated upon in a brief talk. He has made a number of expeditions into this territory and, in addition to other interesting information, told his listeners that Mount Waddington, rearing its lofty peak to a height of 13,266 feet near the head of Bute Inlet, was the highest mountain in British Columbia—higher than Mount Robson, 12,972 feet.

T. W. Brown, president of the club, who occupied the chair, extended the thanks of the club to Dr. Carter for his most interesting address. Guests, in addition to Dr. Carter, were Dr. W. T. Kergin, Dr. Robert Bedford, J. J. Little and W. D. Vance.

The winner of the luncheon raffle was Dr. Bedford.

Mr. and Mrs. Robert Blance, who have been spending the past few weeks in Vancouver where the former has been receiving treatment at the hands of specialists, returned home from the south on the Prince George this afternoon.

The Letter Box

CHRISTMAS MATINEE

Editor, Daily News.—
As the Christmas season draws near, our thoughts turn more and more to our unfortunate citizens who, through causes beyond their control, may not have even the necessities of life to offer to their families while others have more than needed.

With a view of assisting in this emergency, the Capitol Theatre will again, as in the past two years, give a "Children's Food Matinee" on Friday next at 2:30, free to children bringing some article of food—a can of soup, beans, meat, pound of butter, loaf of bread, etc. As the seating accommodation is limited, adults will be charged the usual price and the food and money obtained will be turned over to the Salvation Army, who have kindly consented to distribute it.

Your co-operation by publishing this letter, will be much appreciated.
Yours truly,
S. P. McMORDIE,
Manager, Capitol Theatre.

Mr. and Mrs. W. E. Drake returned to the city on the Prince George today from a trip to Vancouver.

Misses Muriel and Joyce Collison, who have been visiting in Vancouver and Victoria, returned home from the south on the Prince George this afternoon.

Another Test Run

The Socony-Vacuum Corporation of New York conducted a test run of many makes of cars on a route through the Peace River Country, Alberta, touching at Edmonton, Saskatoon, Moose Jaw, Regina, North Portal and down through the United States and on into Mexico. The leading car was a Ford V-8 Fordor, owned by the Socony-Vacuum and bringing up the rear was a V-8 Cabriolet which was driven by the Secretary of the Expedition.

Included in the tour were a Chevrolet, Buick, Oldsmobile, LaSalle, Cadillac, two Pierce Arrows, G. M. C. truck, Studebaker, Pontiac, and other makes, as well as two Fords.

It is interesting to note that it was reported on the arrival of the caravan at Edmonton from the Peace River Country that the V-8's were the only units which made the round trip through mud without having to be towed. On a close check we find one of the V-8's travelled ten continuous hours in low gear, the temperature never exceeded 140 degrees and gasoline consumption was one gallon to ten miles while running in low gear. All the other cars had boiling radiators and required repeated additions of water.

Hanson in Conference

(Continued from Page 1)

in the Board of Trade and a decision arrived at.

The question of freight rates was discussed with a view to trying to get lower rates especially for the products of interior British Columbia.

Jack Scott suggested that a fog horn on the dock to aid steamers landing during a fog would be an advantage. Mr. Hanson suggested that this matter be taken up with the marine department and that a copy of the correspondence be sent him.

Bear River Road

The main subject of the evening was the question of recognition of the Bear River road and its extension. This was introduced by Mr. Applewhite. The question was elaborated upon by William Dann, H. W. M. Rolston and others. Mr. Rolston deplored the giving of the dole without work. If the money given out had been expended on roads and trails in that district it would have been very beneficial. Mr. Rolston explained that this was not a parochial matter. If the Bear River road were opened up it would benefit Prince Rupert and the whole north. It would enable miners to get to their properties and would make Mazaden Lake available as the jumping off place for airplanes in the whole northern interior. He asked Mr. Hanson to support its construction.

Mr. Hanson said the western premiers had asked that highway work be placed under a commission. He thanked the speakers for the information but suggested that any request must come through a formal resolution of the Board of Trade or some other responsible body.

A proposal was then made that a telegraph line should be built to Echo Lake and that the line south of that point should be discontinued. This would enable other sections of the line to be improved. It was also suggested that radio might replace the land wires altogether. Hugh Campbell suggested that the board first decide what it wanted and then communicate with the member.

P. S. Jack said he was sure they all appreciated Mr. Hanson's visit and the support he had given them at Ottawa.

The meeting then adjourned after a vote of thanks had been passed to the Prince Rupert Daily News for its support and several visitors had spoken.

Miss Shirley McEwen arrived in the city on the Prince George this afternoon from her studies in Vancouver to spend the Christmas and New Year holiday season visiting with her parents, Mr. and Mrs. Harold McEwen, Fifth Avenue East.

Ukrainians and Communists In Chicago Riots

CHICAGO, Dec 20: (CP)—Some fifty or one hundred persons were injured, none seriously; in rioting among Ukrainians and Communists as a result of a parade here in which thousands participated.

BRASSWARE — FLOOR LAMPS
UMBRELLAS — NOVELTIES — ETC.

Your name free in 22-K gold on all SHEAFFER and WATERMAN Pens and Pencils

SEE OUR BEAUTIFUL DISPLAY AND VISIT OUR DOWN-STAIRS STORE

IT'S QUALITY WE'RE AFTER

When a traveler shows us his samples the thing we most want to know is how good the articles are.

Of course we want our prices to be as low as anyone else's but we want to sell gifts which will never cause our customers or us any trouble in the future.

We would rather lose an odd sale than have people say our goods are not right.

People will always find us glad to do our best to make right any disappointing article as it is well known no store can help making a little mistake once in a while.

People will find our prices on the whole very reasonable this year even if silver has gone up a little for some of our goods were purchased before the raise and many of our gold articles were in before the advance.
