# PREMIER TOLMIE ANNOUNCES POLICY

## REPORTS OF CABINET CHANGES ARE DENIED BY TOLMIE

### Earnest Appeal For Support of Unionist Party Made by Chief

Strictest Economy, Continued Care of Unemployed, Encouragement of Industries and Capital and Adjustment of Freight Rates Are Among Planks

VICTORIA, May 20: (Canadian Press)—Addressing the Sidney and North Saanich Conservative Association last night, Premier S. F. Tolmie made an earnest appeal for support of the Unionist Party which he stated was the name that had been adopted for the political group he leads. Some of the matters which would receive the attention of his government, the Premier said, included strictest economy, continued care of deserving unemployed in conjunction with the federal government and the municipalities and, if possible, work instead of direct relief, development of markets, encouragement to industries, continued efforts with a view to adjustment of freight rates, encouragement of the investment of capital, reduction of taxes as rapidly as possible and encouragement of mining.

### Fastest Human

The world's fastest human is now Warrant Officer Francisco Agello, Italian ace, who flew 428 m.p.h. to better Britain's record by 35 kilometres per hour.

### NORTHERNER IS VISITOR

An interesting visitor in Prince Rupert is Nap Verville, author and explorer of Baillie Island, in the Arctic Ocean who is here for a week on his way back to the Far North after having spent the past winter outside receiving treatment at Edmonton and Vancouver for frozen feet which he suffered last year on Banks Island in the Arctic while engaged in exploration work.

Mr. Verville arrived in the city on the Princess Adelaide yesterday afternoon from Vancouver and will be here until next Thursday when he will continue to Skagway on the Princess Norah.

From Skagway Mr. Verville will proceed to Dawson whence he intends to travel down the Yukon River to the Bell River which he will follow up by canoe, crossing the divide to the Rat River and thence down the Peel to Aklavik and the Huskie River to the Arctic Ocean and Baillie Island.

Coming out last year Mr. Verville travelled up the Mackenzie River by plane. He had his feet frozen on February 22, 1932, but it was some time later before he was able to get out.

The son of a fur trader, Mr. Verville has lived in the north since 1907. He was with Lord Dardie's expedition to Aklavik and Great Slave Lake in 1912 and is a personal friend of Vladimir Stefansson, the famous Arctic explorer. He himself has been engaged in exploration work in the Arctic for the past four years and is now going in for another three years.

Just before being forced to leave the Arctic country last year, Mr. Verville discovered people on Melville and Banks Islands whom he believes to be descended from members of the ill-fated Franklin expedition of 1856. He will check up further on these people after he gets back in the north again.

Mr. Verville, who served overseas during the Great War, now has a book "Quok," descriptive of life in the north, in the hands of the publishers. It will make its appearance in November.

### PROSPECTS ARE GOOD

Crop Outlook on Prairies Reported to Be Quite Good With Seeding Well Advanced

WEATHER FAVORABLE

In Peace River Thirty to Fifty Per Cent Wheat is Now in Ground

WINNIPEG, May 20:—Seeding operations in Western Canada have progressed satisfactorily during the past week with weather conditions generally favorable although, in some districts, thunder storms and heavy rains delayed work slightly, according to the weekly crop report of the agricultural department Canadian National Railways. Grasshoppers are in evidence in some localities but control measures are well in hand and the authorities expect to be able to cope satisfactorily with the situation.

Wheat seeding is generally completed in Manitoba and more than 90% of course grains are in the ground. Scattered showers have occurred throughout the province and more moisture would be beneficial.

In the Gladstone and Carman subdivisions reports of grasshoppers starting to hatch have been received but it is too early to apply bait. The municipalities however are ready to distribute poison as soon as required.

Generally speaking crop conditions in this province are fair to good. Farm work is progressing satisfactorily throughout Saskatchewan. Wheat sown on light and high lands is now above ground and no damage is reported from any source. Prospects throughout this province are very promising as seeding is being done under ideal conditions. Pastures are showing rapid improvement.

In Alberta

In Southern Alberta early sown wheat is now showing and is looking good. Seeding of coarse grains is 50% completed in some districts but it has not started in others. Ample moisture is generally reported.

In Central Alberta weather conditions have been generally fair but a little warmer weather would be very beneficial. Soil is in excellent condition and no damage is reported from any source.

The Peace River territory reports seeding now general and from 30% to 50% completed. Weather has been cool and showery, delaying work to some extent, but no damage is reported.

Stock Situation

Cattle receipts have been diminishing but the week is closing with prices well in line with last week's close.

Hog section prospects show a weak undertone.

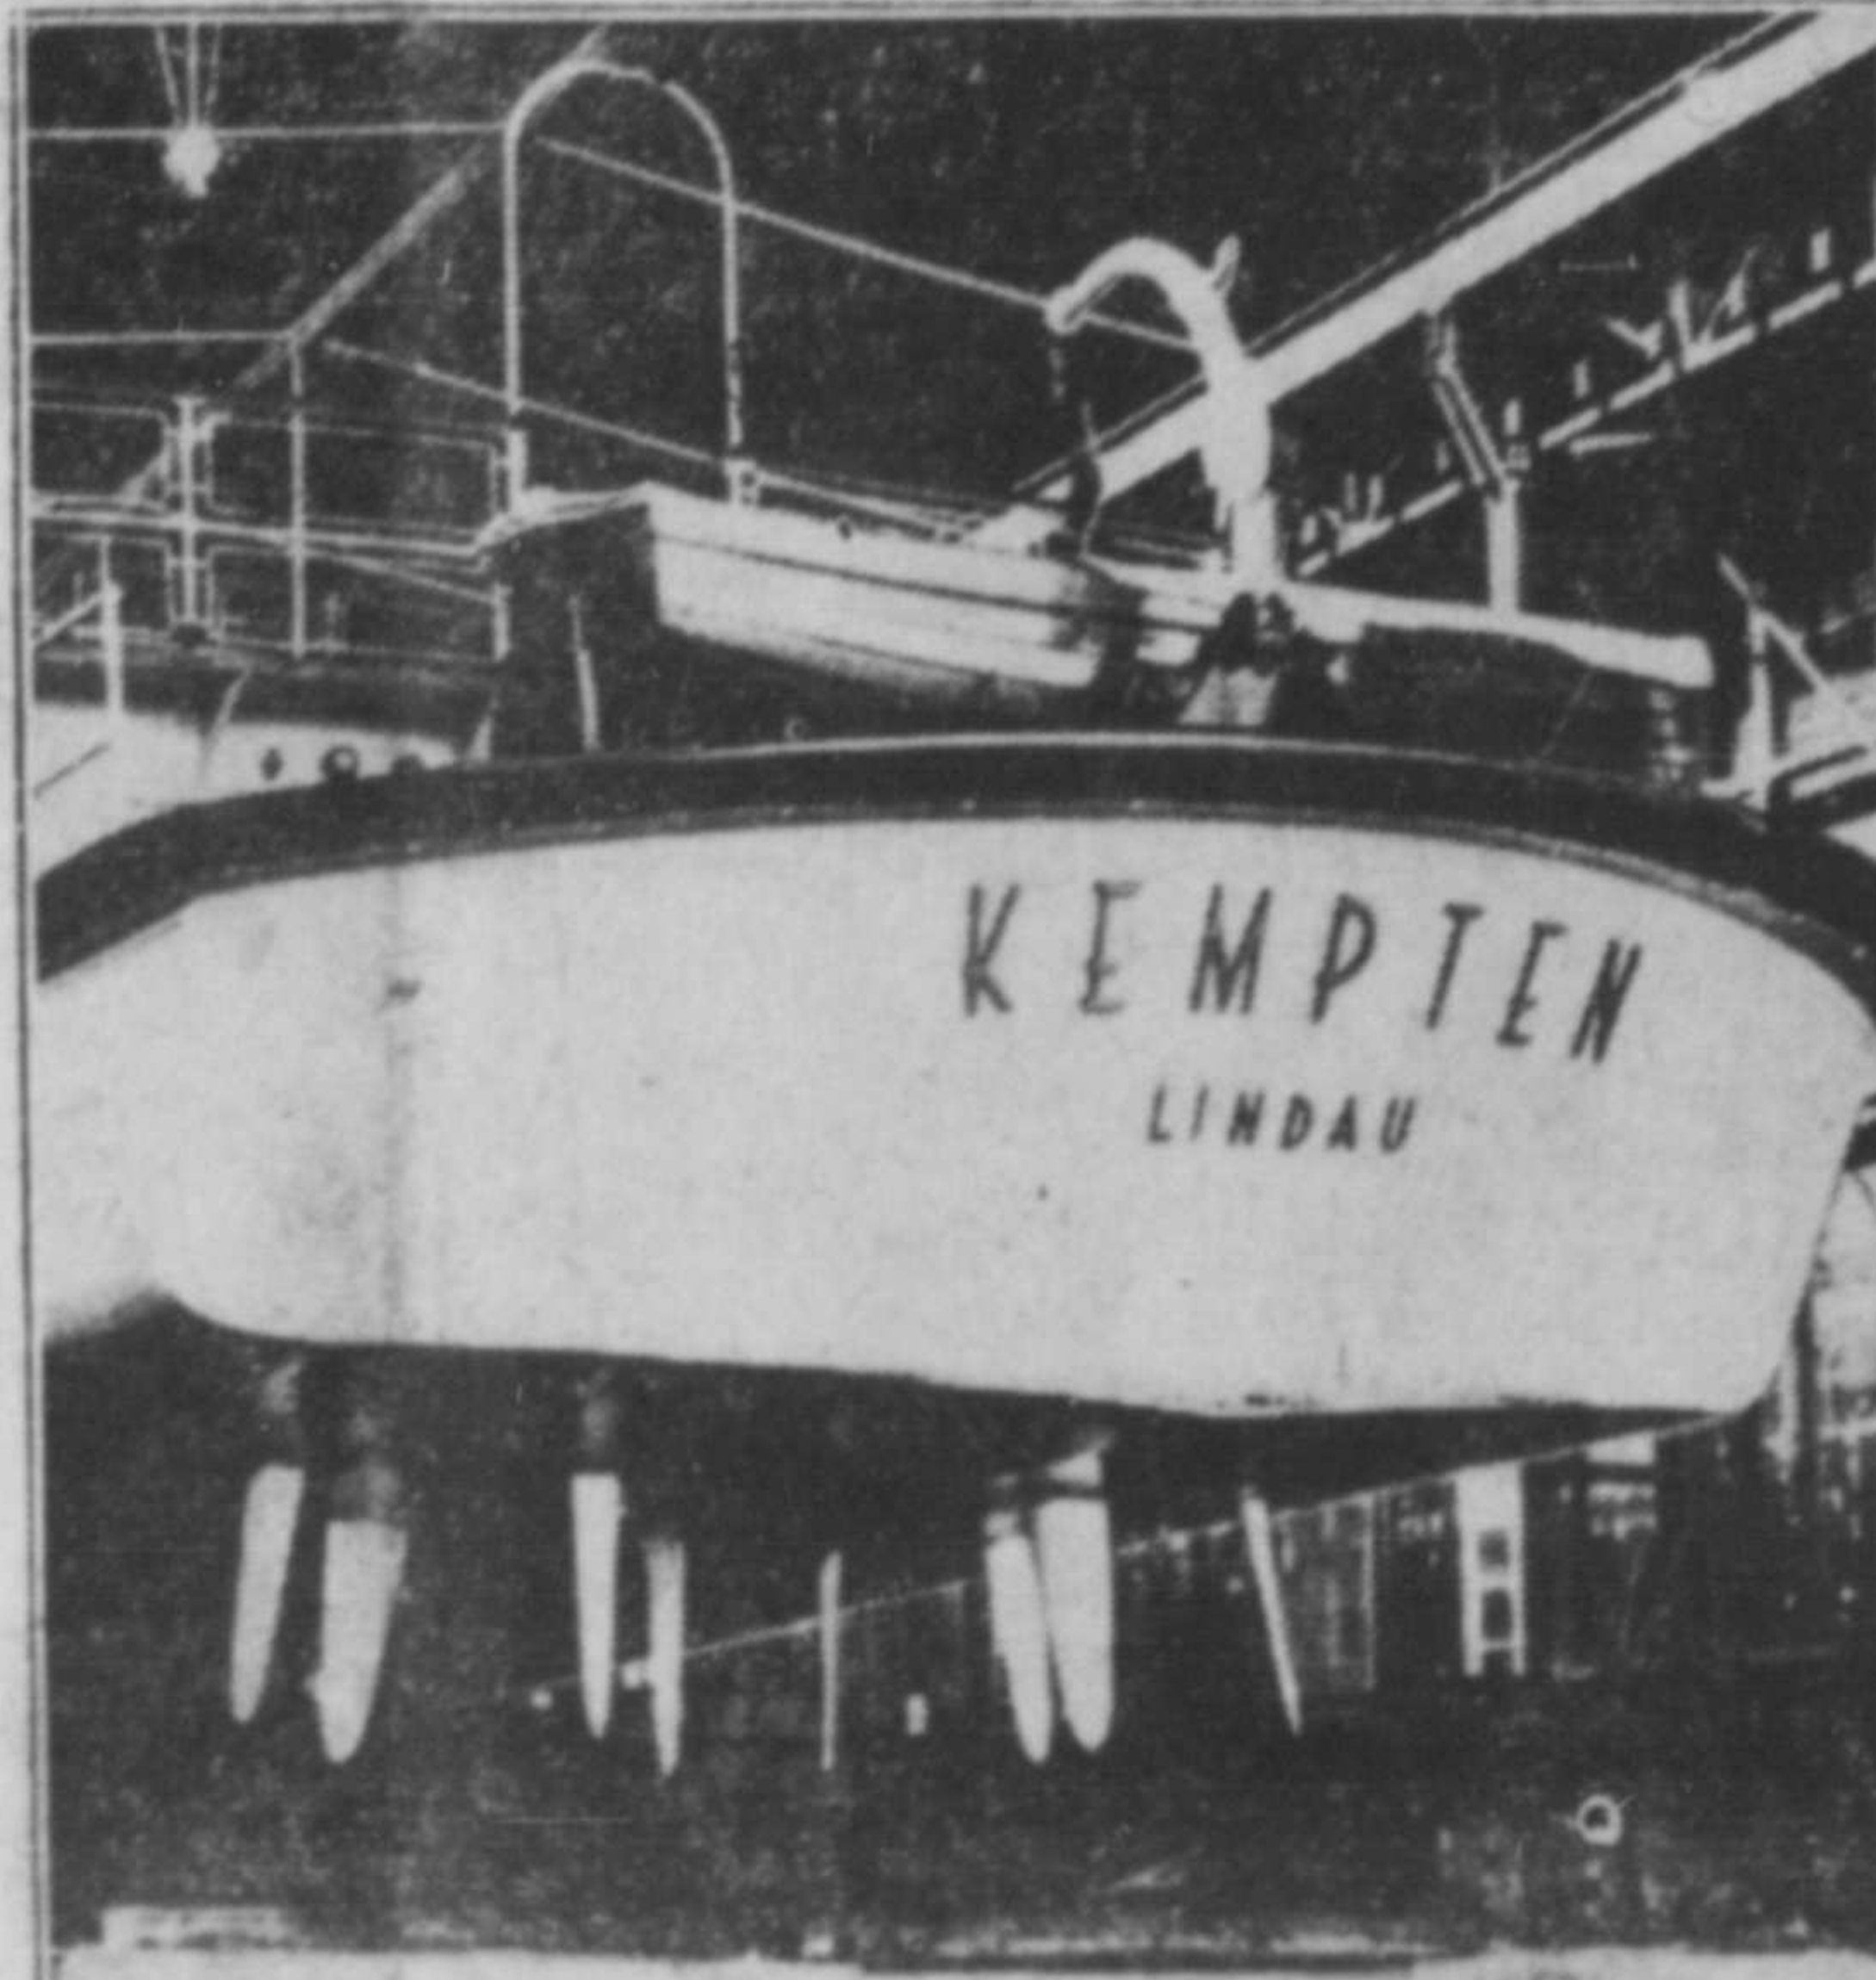

### SILVER AND COPPER ON NEW YORK MART

NEW YORK, May 20: (Canadian Press)—The price of silver closed at 33 3/8¢ on the local metal market today, being up substantially from yesterday's close of 33 1/8¢. Copper closed at 7c, the same as yesterday.

### Today's Weather

Terrace—	Cloudy, calm, 48.

Burns Lake—	Rainy, calm, 44.

### A Strange Device

Combination propeller and rudder. This strange device is used by a German firm for traffic on Lake Constance. It consists of a runner rotating around a vertical axis equipped with four mobile blades which also steer the craft.

### NOTICE TO EMPLOYEES FIRE TRUCK PURCHASED

All Persons in Service of City Are Asked For Resignations Effective June 30

City Commissioner W. J. Alder has sent out notices to all civic employees, numbering some seventy-five persons in all and including members of the school teaching, City Hall, Fire Hall, engineering and utilities staffs, asking for their resignations effective June 30. With each notice has been enclosed a form for re-application which, among other questions, asks if the applicants are married or single, if the latter are they supporting dependents, and whether or not they are rate-payers.

### PROGRESS ON TRAIL

Committee Meets City Commissioner—Considerable Work Expected to be Done This Year

A sub-committee of the Gyro and Rotary Clubs and Chamber of Commerce Mount Oldfield trail committee met City Commissioner W. J. Alder yesterday and discussed certain details of the trail project as affects city property, particularly in regard to the Hays Creek watershed. The commissioner received the committee sympathetically and stated that City Engineer F. N. Good would be instructed to make the necessary report as regards the watershed.

Within the coming week it is expected that the provincial public works department will commence the surveying of the route of a 66-foot right-of-way on which the trail will at first be built with the possibility later of a road. The grade, it is computed, will average seven percent and the route will be about two and a quarter miles in length. Considerable work is expected to be carried out this year on the trail project.

The sub-committee which met City Commissioner Alder consisted of Dr. L. W. Kergin, W. E. Drake and G. H. Munro.

City Commissioner Gives Order to Kaien Motors For Chassis at Cost of \$1650

Having satisfied himself that replacement and repair of equipment of the department is an immediate necessity, City Commissioner W. J. Alder yesterday placed an order with the Kaien Motors for a new La France standard fire truck chassis at a price of \$1650. The vendors will look after transfer of body and equipment from the old chassis to the new one. The new chassis is expected to reach the city within a week's time. An allowance of \$100 is being made for the old chassis. The new equipment, it is expected, will be good for some fifteen year's service.

In addition to replacing the original truck of the department, the commissioner has decided that the second large fire truck must be given an immediate and complete overhaul in the interests of city fire protection.

Tenders for the new fire chassis were called some time ago by the retiring city council and were used by the commissioner in the placing of the order.

### NO FISH ARRIVALS

No boats being in with catches, there was no auction of halibut at the local fish exchange this morning.

### FISHERY LICENCE FEES ARE ADOPTED

VICTORIA, May 20: (Canadian Press)—The provincial government has ratified a new scale of fishery licences for all phases of the salmon, herring and pilchard operations. The fees range from \$100 for pilchard and herring reduction plants combined to \$2300 for salmon canneries, salmon dry salteries, herring dry salteries and tierced salmon plants combined.

### No Foundation In Fact For "Announcement" of Ministerial Shuffle

Howe and Hinchliffe Are Remaining With Government, States Premier—No Further Realignment Are Made, He Declares

VICTORIA, June 20: (Canadian Press)—Emphatic denial was made by Premier S. F. Tolmie last night that either Hon. S. L. Howe, provincial secretary, or Hon. Joshua Hinchliffe, minister of education, would be dropped from the cabinet and a further realignment of portfolios made. Such reports were "absolutely unauthorized and without foundation," declared the Premier. Hon. William Shelly, president of the council, Hon. William Atkinson, minister of agriculture, and Hon. N. S. Loughheed, minister of lands, will resign at the end of the month as previously announced.

Granby Co. On Islands  
SKIDEGATE, May 20—Mr. Nelson, consulting engineer for the Consolidated Mining, Smelting & Power Co., made a trip to the Queen Charlotte Islands recently on the company's service boat Granby and examined the Skidegate Sunrise mine at Skidegate, the Early Bird group on the west coast and the Prince Rupert group. He was accompanied on his visits to Island properties by W. G. McMorris, managing director of the Skidegate Sunrise mine.

### HANNA IS CANDIDATE

Member for Present Alberni Seat To Run in Comox in Coming Provincial Election

VICTORIA, May 20 (Canadian Press)—L. A. Hanna of Port Alberni has received the Liberal nomination for Comox riding in the forthcoming provincial election. Mr. Hanna is member of the present Legislature for Alberni, which seat has now been merged with Nanaimo and in which Geo. S. Pearson, present member for Nanaimo, will be candidate for reelection, having been unanimously renominated last night.

### PREMIER AND B. C. SILVER

Reference Made to Impasse Between Two Companies in Recent Report of Selukwe Company

The report of the Selukwe Gold Mining and Finance Co. Ltd., parent company of British Canadian Silver Corporations, which owns a valuable mining property immediately adjoining the Premier near Stewart, shows that the company has advanced the B.C. Silver Mines 188,833 pounds during the year or a total of 289,047 pounds sterling. Replying to a statement made in the Premier Co.'s recent report, the Selukwe report says they are quite ready to entertain any scheme of amalgamation that would "deal equitably" with the interests of Premier and Selukwe shareholders.

Charles A. Banks estimates that the B. C. Silver has developed ore valued at from six to ten million dollars. Premier owns a 38 per cent interest in this property and that is one good reason why Premier shares continue to sell at a good figure. The Premier has the plant to raise and mill the ore and carry the concentrates to tidewater. The B. C. Silver workings already open into the Premier workings so once a working arrangement is made between the two companies there should be no delay in commencing operations. In the meantime the two companies are playing a waiting game.

### POWERS OF COMMISSION

VICTORIA, May 20: (Canadian Press)—Wide open powers to investigate all matters affecting municipalities, particularly their financial relations with the province, are to be given the Royal Commission which has been created by the government, it is announced. Terms of reference have been approved by the government and commissions will be issued at once to the commissioners who are Judge A. M. Harper, A. D. Paterson and Herbert Anscob.

Tonight's train, due from the east at 10:15, was reported this afternoon to be on time.

Cup and Saucer Shower For Miss Muriel Lindsay

A surprise cup and saucer shower was held last evening at the home of Mr. and Mrs. H. M. Foote, 350 Biggar Place, in honor of Miss Muriel Lindsay, daughter of Mr. and Mrs. J. A. Lindsay of Park Avenue, who is to become the bride of John McKay, son of Robert McKay, Eleventh Avenue, early in June.

A very enjoyable evening was spent in playing bridge, there being five tables. First prize was won by Mrs. Curzon and consolation by Mrs. Wm. Cook.

Following the bridge, delicious refreshments were served.

FOOTBALL GAME ARRANGED

A football game has been arranged to take place this evening between Regiment of the City Senior League and an eleven representing H. M. C. S., Vancouver which is visiting port. Weather bids to be fair and a good contest is expected.

A SATURDAY SERMON

The Holy Spirit and Christian Victory

(Rev. F. W. Dafee, D.D., First Baptist Church) In the eighth chapter of the Roman letter we find a great paean of Christian victory following the description of conflict and the cry for help in the seventh chapter.

In thinking of such victory we must at once rid ourselves of the usual pomp and pride which clings to the word itself. Putting another down that we may rise higher by standing upon him cannot be called a Christian victory. In this the real Christian victory is peculiar in that the offender or "enemy" benefits by the conflict. Jesus came to seek and save that which was lost, praying forgiveness even upon the cross for those who ignorantly turned against Him. To overcome the enemy with the Holy Spirit is the best thing that can happen to the enemy. But the Christian must be filled with love not pride. "For he knows that it is God who worketh in him both to will and to do of His good pleasure."

Christian victory is peculiar also in that the Holy Spirit brings on the conflict in the first place. Jesus said: "I come not to send peace but a sword for the purity, truth and love of the Holy Spirit cannot compromise with darkness and sin and, when the spirit of truth comes into a life or group of lives, there is trouble or conflict for that person or persons until evil is overcome, until victory is won and the enemy spirit is vanquished."

Christian victory is peculiar also in that the scene of the heaviest conflict is within the soul of the Christian himself as it was with Jesus in the garden before the conflict with His enemies in the trial and death, as it was with the Apostle Paul when he withdrew into Arabia and as it is with each believer who is truly led by the Spirit. It is here the issue is settled and the victory is won before the outward conflict begins, for it is here self is put down and the Holy Spirit comes in to take control and to lead, to inspire and to comfort. To go forth in our own selfishness and weakness is to invite no Christian victory. Judas thought it best to go against His Master and was thus the master of his own undoing. Jesus preferred to pray in agony that the Father's will, not His own, should be done.

The victory of the Christian is unusual in the weapons used. When God has His way in the heart it becomes possible to love the enemies, not sin, but the sinners. Then we are willing to sacrifice that these enemies may be blessed. In other words our progress against evil is not by our own efforts, not by might nor by power, but by God's Spirit within the Christian. The victory of the Christian is sure if he depends on the Holy Spirit. The world did its worst to defeat Jesus, yet He said, "Be of good cheer, I have overcome the world." The Christian, if he allows the Holy Spirit to work for him may have the same assurance of victory in the face of defeat. He may say with Paul: "In all these things we are more than conquerors through Him that loved us."

If doing God's will means victory for the Christian, how much care he should take to pray "Thy will be done" before entering the conflict. Let us pray until the inner struggle is over and God has won. Then we may have peace and the calm assurance of victory as

we go out to overcome evil with good. "Is He near thee each hour, goes He stand at thy side? Does He give thee with strength, has He come to abide? He will give thee to know that all things may be done Through the grace and the power of the Crucified One He will witness to thee of the Glorified Son."

MILL PLAN DISCUSSED

Vancouver Paper Tells About Deal On Queen Charlotte Mining Property

Just six miles from the scene of the first gold discovery in British Columbia by the Hudson's Bay Company in 1852 has been located a promising showing of gold quartz ore on Moresby Island in the Queen Charlotte group, says the Vancouver News-Herald. The claims have been purchased by a group of local men who have formed the Haida Gold Mines, Ltd., and plan construction of a mill by August 1.

The quartz is located on tide-water and shows gold values ranging up to \$59 a ton in addition to a considerable silver content. The property was purchased from E. C. Stevens, and considerable preliminary work was done before the first payment was made. Dr. J. T. Manly, resident government engineer at Prince Rupert, in his report on the property, recommended construction of a mill after a little development work; recovery from the start assisting in development costs. Haid mining operations were

The Letter Box

WAR MATERIAL

Editor, Daily News:-

Having been south a month ago I took particular note there were tons of scrap iron being salvaged daily in Vancouver for shipment to Japan for use in her war industry. Not only is Vancouver doing this but Prince Rupert is allowing herself to follow in the same footsteps. One will notice much activity in the Prince Rupert shipyard in the form of all irons of this nature being made ready for an overseas journey. "Can the Canadians who preach against wars permit themselves to be instrumental in helping to make them a reality?"

Thanking you for this space. A. RUSHFORD.

C. C. Mills sailed last night on the Princess Adelaide for a brief business trip to Vancouver.

Carried on at the property back in 1920 and latest development indicates a large body of ore in sight. Financial arrangements have been placed in the hands of Nanson, Rothwell & Co.

## GOOD NEWS FOR SICK PEOPLE

### A Famous Health Resort—In Your Own Home!

If you suffer from CONSTIPATION, RHEUMATISM, STOMACH TROUBLE, COLIC, NEURITIS, EXCESS ACIDITY, KIDNEY and BLADDER TROUBLES, INDIGESTION, etc., MINERAL-CRYSTALS will bring you relief.

MINERALCRYSTALS! The drugless way to health! For over fifty years thousands have journeyed to Mineral Wells, the world's most famous health resort, to drink the health restoring waters. To reproduce this famous mineral water in your own home—at a cost of about a cent a glass—simply add MINERALCRYSTALS to your drinking water.

MINERALCRYSTAL Mineral Water will cleanse the intestines promptly, clear the blood stream of poisons and neutralize acids. It will promote elimination and assist the liver and kidneys to resume their normal functions, thus keeping the system in a healthy condition and defeating the most common ills of life.

Canadians who have been ordering MINERALCRYSTALS from the Wells and paying ex-

cessive duty will be glad to know that they are now available in Canada. Standard size box making 15 gallons (approx. six weeks' treatment) costs only \$1.95. Half size box, \$1.00.

Mail orders direct to MINERALCRYSTALS CO., 572 Beatty St., Vancouver, B.C. We pay postage.

Send 10c for trial package and literature.

When many leading doctors use and prescribe MINERAL-CRYSTALS, why shouldn't you take their wise advice? MINERALCRYSTALS offer such astounding results that they are sold under a money-back-if-not-satisfied guarantee. They contain eleven body-building minerals—no drugs or medicine. Try MINERALCRYSTALS for your health's sake and give NATURE a chance.

## WATERFRONT WHIFFS

Halibut Landings Still Ahead of Last Year—Take Over Reduction Plant Next Week—Hectic Softball Game Between Steamer Crews

Halibut landings at the port of Prince Rupert continue to show a substantial increase for this season over last at the corresponding date. The effect of this increased production now will, if it is continued, be, of course, to shorten the length of the season by reaching the quota limit as set by the International Fisheries Commission sooner than was the case in 1932. There is a possibility, though, that fishing may not be so intensive this summer as last, indeed there being already indications to this effect.

Up to and including yesterday landings for the present season at Prince Rupert had reached a total of 4,621,400 pounds as compared with 4,030,550 pounds last year at a similar date. Canadian landings now stand at a total of 2,015,100 pounds in comparison with last year's 1,629,250 pounds at a similar date while the American total for this season to date is 2,606,300 pounds as against 2,401,300 pounds last year.

Landings for the week ending yesterday totalled 338,500 pounds of which Canadian boats brought in 164,500 pounds and American, 174,000 pounds. The high price of the week for American fish was 8.7c and 4c which the Condor was paid for 6,500 pounds and the low 5c and 3c which a number of boats received. For Canadian fish the high price of the week was 8.4c and 4c paid the Lumen for 8,000 pounds and the low 4.5c and 2.5c which several vessels received for catches.

and his crew of key men being due to arrive on the steamer Catala tomorrow from Vancouver to take charge. Considerable repair and improvement work is to be done on the plant which will resume operations in about a month's time producing fish oils, meals and other products by the utilization of halibut and salmon offal.

C. P. R. steamer Princess Adelaide, Capt. S. K. Gray, from Vancouver and waypoints, arrived in port at 3:30 yesterday afternoon and sailed last evening on her return south. The steamer Princess Norah of the same line arrived at 4 o'clock from Skagway enroute to Vancouver on a regular voyage. The presence of the two vessels at the same time made the government wharf a busy spot for a couple of hours and kept Wharfinger George Smith on the jump, what with his assistant, Doc Clapperton, being absent since the first of the week at Cedarvale on sick leave. The Princess Norah had on board 25 passengers, seven of whom disembarked here.

Steamboaters at Softball Spectators, who were numerous, were loud in their enthusiasm in regard to a softball game played on the grounds of the Canadian National Recreation Association last evening when a nine representing the steamer Princess Adelaide defeated another from the steamer Prince John by a score of 25 to 24. It was a ding-dong contest which was quite as heatedly fought out as the score would indicate. Excitement was rife and reached the point of fever pitch when Purser Norman McLean poled out a circuit clout which looked for a while like it might have been headed for the same place as the Prince Rupert repair job went to but which, we understand, ended up a few miles this side of the big city. Teams were:

McLean's Wild Cats SS. Prince John—D. Smith, rf.; W. Eccles, cf.; W. Blythe, lb.; N. A. McLean, c.; J. Brown, ss.; T. G. Gilliland, 3b.; B. Crowell, if.; C. Strachan, 2b.; C. Bowes, p.

Coyle's Tigers SS. Princess Adelaide—Capewell, c.; J. Gray, p.; Hamilton, lb.; Dodge, 2b.; Levings, ss.; Gill, 3b.; Winkelman, rf.; Coyle, cf.; Slater, if.

This game turned out so well that another between the Princess Adelaide and the Prince Rupert is planned for Friday evening of next week and, who knows, we may have a flourishing Mercantile Marine League here before the summer is over.

Capt. "Brandy" Newell was here yesterday with his fish packer Bruce I for ice and supplies following his initial delivery of springs for this season from the Hippo Island trolling grounds to Butedale, the load consisting of 25,000 pounds. The popular "Brandy," who left last night for another trip to the Islands, reports an improvement in the fishing at Hippo.

For drunkenness, Adolf Erhartz was fined \$25, with option of fourteen days' imprisonment, by Magistrate McClymont in city police court this morning.

## England-Denmark Linked by Train

Unique Journey Recently Made by Rolling Stock

LONDON, May 20 (Canadian Press)—A special train left Newcastle-on-Tyne last month carrying valuable electrical machinery to Harwich for shipment to Copenhagen. The machinery weighed 304 tons, comprising six units supplied by Messrs. C. A. Parsons & Co., of Newcastle, for the H. C. Orsted Power Station of Copenhagen, and the special train itself another 232 tons.

The entire plan was successfully designed for a complete journey, land and sea, without removing the machinery from the railway wagons on which it was loaded at Newcastle.

From Zeebrugge, bearing the national flags of all the countries through which it passed, the train was hauled through Belgium, Germany and Denmark on the State Railways to Fredericia where a train ferry carried it to Middlevert. Thence, it went by rail to Nyborg, train-ferried again to Korsor and finally reached Copenhagen.

The width of one of the electrical units, exceeded that permitted by the standard loading gauges of the British and continental railways and special care had to be exercised throughout in passing fixed structures, while the train had to be marshalled in such a way that German wagons were interposed between British wagons in order to allow for braking.

The machinery formed the second consignment of a large order for the Newcastle firm from the H. C. Orsted Power Station, the first consignment having been despatched last year.

## Moose Badminton Dance Enjoyable

Two Hundred Persons in Attendance at Affair Last Night

A very lively and enjoyable dance was held last night in the Moose Hall by the Moose Badminton Club, there being some two hundred persons present. Music was furnished by Mrs. Black's Orchestra and Joe Slaggard was master of ceremonies. Dancing was in progress from 10 p.m. until 2 a.m.

The large quantity of confetti and serpentine added much to the merriment of the evening. Spot waiting proved of much interest.

During the course of the dancing Miss Aileen Mair, pupil of Miss Eleanor Tite, gave an exhibition dance which was enthusiastically encored.

Mrs. Sam Haudenschild was general convener and Henry Jackson was on the door.

At midnight delicious refreshments were served with Mrs. Ole Stegavig in charge of catering. Those assisting in serving were Tom Ballinger, Miss D. Ballinger, Jack Mussalem and Sam Haudenschild.

### YANKEES IN LEAD STILL

Defeated Browns Yesterday While Cleveland and Washington Were Losing

NEW YORK, May 20: (Canadian Press)—New York Yankees defeated St. Louis Browns at the Yankee Stadium here in a series opener yesterday afternoon and retained undisputed leadership of the American League with a margin of two full games over the Washington Senators and Cleveland Indians who are still deadlocked for second place as a result of both being defeated, the former by the Chicago White Sox and the latter by the Philadelphia Athletics. The St. Louis Browns, as a result of their defeat by the Yankees, dropped back into seventh place, leaving the Detroit Tigers in sixth place by virtue of a victory over the lowly Boston Red Sox.

In the National League, the Pittsburgh Pirates retained their margin of leadership of one full game although defeated by the Braves at Pittsburgh, the second place New York Giants dropping a close game to the Cardinals at St. Louis.

Yesterday's Big League scores: National League Philadelphia 5, Cincinnati 4. Boston 5, Pittsburgh 3. New York 7, St. Louis 8.

American League Cleveland 2, Philadelphia 9. Chicago 10, Washington 1. Detroit 7, Boston 5. St. Louis 5, New York 6.

FOOTBALL! TONIGHT H.M.C.S. VANCOUVER vs. REGIMENT Acropolis, 6.30 p.m., Adm. 25c.

KID CHOCOLATE WINS OVER SEAMAN WATSON IN FEATHER DIVISION NEW YORK, May 20: (Canadian Press)—Aided by a rally in the last half of the fight, Kid Chocolate, Cuban negro, outpointed Seaman Tom Watson, British titleholder, in a 15-round featherweight championship battle to retain his title at Madison Square Garden last night.
