Presentation Made to Miss Jessie

Rothwell by Former Associates

Calling at the home of Miss E. A.

Mercer on Friday evening last to

pay a quiet visit Miss Jessie Roth-

well was indeed surprised when she

found all of the present teaching

staff of the Booth Memorial School

assembled there. A very pleasant,

evening was spent in playing bridge

with Miss Rothwell herself the win-

ner of the first prize and J. S. Wil-

son the winner of the consolation.

was revealed when the presentation

of a fine leather bag was made to

Miss Rothwell, Miss Rothwell has

given a life time of service in the

teaching profession. The daughter

of a teacher who was for many years

the first inspector on the prairies,

she has always been very closely in

Rothwell spared no efforts or time

teaching and added to her store of

knowledge by extensively travelling.

knowing Europe well and also hav-

ing visited Asia. There are hundreds

of her former pupils who look back

with deep appreciation to her in-

terested instruction and count it a

rare privilege to have come under

her influence. The teachers of the

Booth School staff miss her pres-

ence in their daily duties but al-

In making the presentation

School Inspector T. W. Hall stated

a room big enough in the city to

contain them all. The presentation

was made as a concrete evidence of

ment free from the worries and

strain of teaching. Miss Rothwell

Tanker Safe

replied feelingly.

panionship.

The real reason for the gathering

not be seriously affected. Snow Also in Toronto TORONTO, Sept. 25:-While of-

fice workers in upper storeys of skyscrapers marvelled at the appearance of the first snow of the coming winter at the week-end, persons on the streets below turned up their collars against what looked like a cold rain.

### CHANGE IN TRAIN RUN

DAILY EDITION

#### AID THIS GYRO EFFORT

The Gyro Club of Prince Rupert is sponsoring a collection of used clothes for those who through circumstances over which they have no control, are in need. The scheme is explained in a letter published in this paper today.

While we all regret the conditions which make such an to direct a (C.F.U.C.) Campaign For effort necessary and all are glad to know that the matter is being discussed by statesmen and politicians as well as those who seek to render temporary aid, all must realize that immediate aid is needed just as winter is coming on.

Possibly some people will wish to donate new clothes or money instead of used clothes. These will be used by the Gyros to cope with the present situation.

We particularly commend this campaign to the people of Prince Rupert as one worthy of the fullest possible support.

#### VANCOUVER OPINION

The Vancouver morning paper in a recent number says of the present political situation:

"There is only one issue before the electorate in the provincial poll which is to take place November 2. The sole ed in the press from day to day issue is that men and women shall have gainful work which will provide adequate clothing, food, shelter and allow the intelligent use of leisure; that little children shall go dryshod and warm, to schools in which their teachers shall be adequately paid for the high service of training young to those that need them. Therefore minds.

"There exists at present no other worth while objective speedy and successful support." before our provincial representatives and it is one to tax their abilities to the utmost.

"Perhaps the most lamentable spectacle in the whole sorry mess is the recent attempt of a group of Independent candidates to win public favor by seeming to adopt a policy of public welfare by renouncing parties to which they have formerly sworn allegiance.

"They have nothing to offer and if they had, there is no! cohesive element uniting them in a fight for common good. I The only loose bond holding them is the common desire to gain election. They are not pledged to any principle other than the abolition of party, and as the group (if it is to be a group) will constitute a new party, their protestations seem rather feeble.'

# SALMON GOLD MINES LTD.

## One Chance in a Lifetime

Strikes are FOLLOWING IN RAPID SUCCESSION AT THE SALMON GOLD MINES. Stewart and Premier people are all excited over the latest find just announced. Samples are running very high in free gold and D. Campbell, superintendent of the Big Missouri, went over to see it and was much impressed.

In the first discovery of the Salmon Gold main zone general average values covering a length of 300 feet, width 10.96 feet, at present prices of gold is \$22.00 a ton, which means that for every root of depth there is ore of a value of \$5,918.00. With the main ore body just uncovered at 200 feet lower elevation than the present workings, if the ore body continues with the same values, the ore will have a value of \$1,173,300.00. The vein at the 200 foot level has a width of 35 feet, well mineralized.

Vein No. 3 in eight open cuts gives an average value of \$17.10 for a length of 320 feet and a width of 5.37 feet.

Four more parallel veins have been discovered, making the total of veins 12.

Capitalization, 3.000,000 shares of 50c par value.

Only 1,450,000 shares outstanding including this offering. Shares selling now at 20c each, prices will be advanced to probably 50c by the end of the month.

RE CAMPAIGN FOR USED CLOTHES (C.F.U.C.)

Editor, Daily News:-

Once again the Gyro Club of Prince Rupert appeals to your gen-.10 valuable space; but it is not books that we are after this time. We want clothes for those who cannot Monday, Sept. 25. 1933 buy them, the needy of Prince Ru-

With winter approaching and knowing that there are so many in need of clothes and shoes, the Gyro Club in line with its service program for this winter, appointed the undersigned, a committee of three Used Clothes.

It is the intention of the committee to distribute the collection of i (suits, dresses, shoes, hats, sock, stockings and children's necessities) among all the local churches and the Salvation Army. This is a non denominational campaign and we appeal to every citizen in Prince Rupert to do his part.

Mr. Orme has kindly donated the use of his store (Ormes Drug Store) also Q & S Grecery and Gordon" Hardware are willing to act as collecting agencies. All parcels are to be left with any of these three during the campaign.

All donations will be acknowledg Those donating are requested to leave their names and the number

of articles on the parcel. The sooner we receive the clothes the sooner we shall distribute them we trust this appeal will have a Thanking you, Mr. Editor, for

this valuable space, we are Yours very truly, COMMITTEE FOR C.F.U.C

S. J. Jabour, W. D. Grant Hollingworth C. W. Dawson.

#### POLITICAL CHANGES

Editor, Daily News:-

Unfortunately for our country. the democratic system of politica. representation is fast degenerating into confusion, the consequence of which we see in the various European countries.

We are face to face with the very same situation. Four distinct political thoughts are out to capture the reins of political power and very likely no one will have authority to form the strong government that the country needs.

It should be clear to every observer of the trend of political thought and practice that the way out of the present morass is the establishment of a strong government and the intervention of the state in private economy so as to compel all the factors of production -labor, capital and industry-to co-operate and operate industry in he-er-jury," he stammered. "My accordance with social needs in or- unfortunate-er-my very unfortuder to adjust production to con- nate client-er-er-"

The law of supply and demand is proceed. The court is undoubtedly no longer working. Freedom, as a with you so far." panacea to cure all social ills is dead for ever. The theory of the greatest good for the greatest number is an empty phrase. The world is going PRIN it is on the way for a general revision of the Liberal-democratic principles of the last 150 years.

Just think of what occurred in the world in the last 15 years—the revolution in Russia, in Italy and in Germany, the defeat of Socialism in Britain and now right near us the establishment of the National Recovery Industrial Act (N. I. R. A.) which is also a great institutional revolution the consequence of COAL! COAL which will affect our national eco-

In all these cases, with the exception of the expediency of the National government in Britain, the revision has been in the same direction although the mode of procedure has been at variance. It has been the intervention of the state in regulating all the factors of production to make them serve socia

## A Brief Synopsis of Liberal Policy

LEREWITH is a brief synopsis of policy as laid down by the Liberal Party of British Co-

lumbia, in convention held in October, 1932. Many matters of interest, not specifically set out, will require consideration. The principles enunciated are indicative of the Liberal viewpoint, and are broad enough to meet every question within provincial jurisdiction.

The Liberal Party exists as an official organization for the purpose of formulating and furthering measures that will make for the wellbeing of each individual member of society, and the welfare of society as a whole.

Innumerable questions, both of public and personal character, can be properly treated only through the agency of government.

Government is not an ordinary business, but carries responsibility to meet every problem arising from our complex social and economic conditions, in order that not merely a few, but all of our people may live in reasonable comfort.

The Liberal Party pledges immediate action under the best available advice and closest study.

T. D. PATTULLO. August, 1933.

1.-Profitable and permanent Employment is the most important question facing our people. There should be co-operation between the national, provincial and municipal authorities and the Canadian banking system to establish the necessary credit to carry out a broad programme of constructive and useful wage-distributing public enterprise, and to further the health, education and well-being of all our people.

An Economic Council should be established, the membership of which shall consist of representatives of the various avenues of endeavour, such as health, education, agriculture, labour and the industries. This council will be appointed by the government on recommendation of the interests involved, and will act in an advisory capacity to the government.

Amongst other things the council will study industrial and social effort in the province and suggest means to correlate these efforts. It will familiarize itself with intra, inter-provincial and foreign trade, and will co-operate with the other provinces and the Dominion. It will also study such questions as production and consumption, and the marketing of our products, the number of hours of work per day and days of work per week, the standard of wages and commodity prices. These questions are of national as well as provincial concern, and British Columbia can take the lead in urging co-operation with the other provinces and the Dominion as a whole.

National Unemployment Insurance should be established upon a contributory basis.

2.—Our Financial position must be reviewed. Current expenditure must be kept within current revenue. While maintaining the credit of the province, effort must be made to reduce capital charges. We cannot continue to pay exorbitant

rates of interest for money. 3.—The Taxation Structure must be revised with a view to reduction wherever possible, including exemption in the lower scale of wages and salaries.

4.—The health of each of us is important to the whole community, and a measure of State Health Insurance should be made effective, not only to preserve health, but to reduce costs both to the average citizen and to industry.

5.-A general and effective review must be made of the Educational problem, rejecting any proposed organization that involves a caste system. We must facilitate the intellectual growth of each individual member of society in order to equip him for his daily tasks, and for the enjoyment of such cultural pursuits as may be in keeping with our social customs.

Triangular disagreements between the school boards, municipal councils and the department of education must be adjusted, and our whole system placed upon a sound financial basis.

6.—The financial position of our Municipalities is of increasing concern. An equitable adjustment must be made as between the province and the municipalities, and the municipalities placed in a sound financial position.

7.-An effort should be made to settle our Agricultural Lands in order that more of our citizens may be self-supporting. Agriculture as a whole must be put upon a sound and profitable basis, and made capable of sustaining and directing itself, in line with all other national, basic industries.

8 .- Continuous effort should be put forth to assist industry in Marketing its products, in timber, agriculture, fishing, mining and, in fact, every operation where it appears that useful service can be rendered.

9.—Our highways must be kept in good condition, both for the benefit of settlers and the tourist traffic, and expanded as circumstances warrant. In this connection a Highway Board should be established to make for continuity of policy and to inspire confidence in impartial treatment. 10.-A Public Utilities Commission should be

established. 11 .- A National Central Bank should be estab-

lished. 12.—Social Services, such as Mothers' Pensions, Old Age Pensions, etc., must be maintained. Abuses of administration should not be allowed. and injustice through mere technicalities should

not be permitted. 13.—The Peace River must be given access to the Coast.

14 .- In order that the utmost Freedom of Action by Mambers of the Legislature may be assured in respect of questions before the House, it is Liberal policy that a government shall be considered to be defeated only upon a straight

want-of-confidence motion. 15 .- The Dominion Government will be asked to place the Province of British Columbia upon a basis of equality with the other provinces, and to this end request will be made for a Royal Commission to ascertain the extent to which the Province of British Columbia has not been given Equality of Treatment with the Other Provinces

of the Dominion. 16 .- There shall be a permanent Voters' List to

ensure that all eligible voters are enrolled. 17.—The Leader of the Liberal Party is given a free mandate to choose for his associates in government, men of character, ability and standing, having regard solely to the public interest.
