### MEMBER FOR CARIBOO SEES GREAT FUTURE FOR P. G. E.

#### Budget of Resolutions Passed at Smithers and Addresses Delivered

J. A. Fraser, M.P., is Optimistic—Commissioner Alder Offers Use of Market Building to Farmers—Hanson and Wrinch Speak

SMITHERS, Aug. 4.—Declaring that there was a pronounced improvement in general conditions in Canada as indicated by a marked increase recently in the prices of wheat and other major commodities such as other grains, copper and other metals, furs, vegetables, livestock, etc., low level of which has been the chief cause of the depression, John A. Fraser, M.P. for Cariboo, urged members of the Associated Boards of Trade of Central B.C. in annual convention here yesterday to carry on individual affairs without going further into debt and to modify requests made to governments and public authorities which of necessity must carry on more economically.

#### GREAT HEAT HURTS CROP

Grain Ripening Too Fast—Threshing Commenced in Manitoba—Frost in North

WINNIPEG, Aug. 4.—The early part of the week saw a continuation of extreme heat with wind and considerable damage has resulted in crops ripening too fast for normal filling. In many districts rain would now be too late to materially affect the wheat output but would improve some of the later sown coarse grains and the feed situation. Grasshoppers damage has in some districts reduced the prospective coarse grain yield considerably. In southern districts harvesting has commenced and yields will be variable. A frost in northerly districts did damage but the extent of this will be unknown until threshing, according to the weekly crop report of the department of agriculture, Canadian National Railways.

Manitoba harvesting has commenced. The output is uncertain as hot weather and insufficient moisture in many localities caused too rapid maturity. Along some subdivisions a few threshing are working in barley and rye fields but active threshing will not get under way for another week or so.

#### Opium Found In a Sack at Port Alberni

Boys Sold Five Tins Valued at \$200 Each For Ten Cents Each to Chinaman

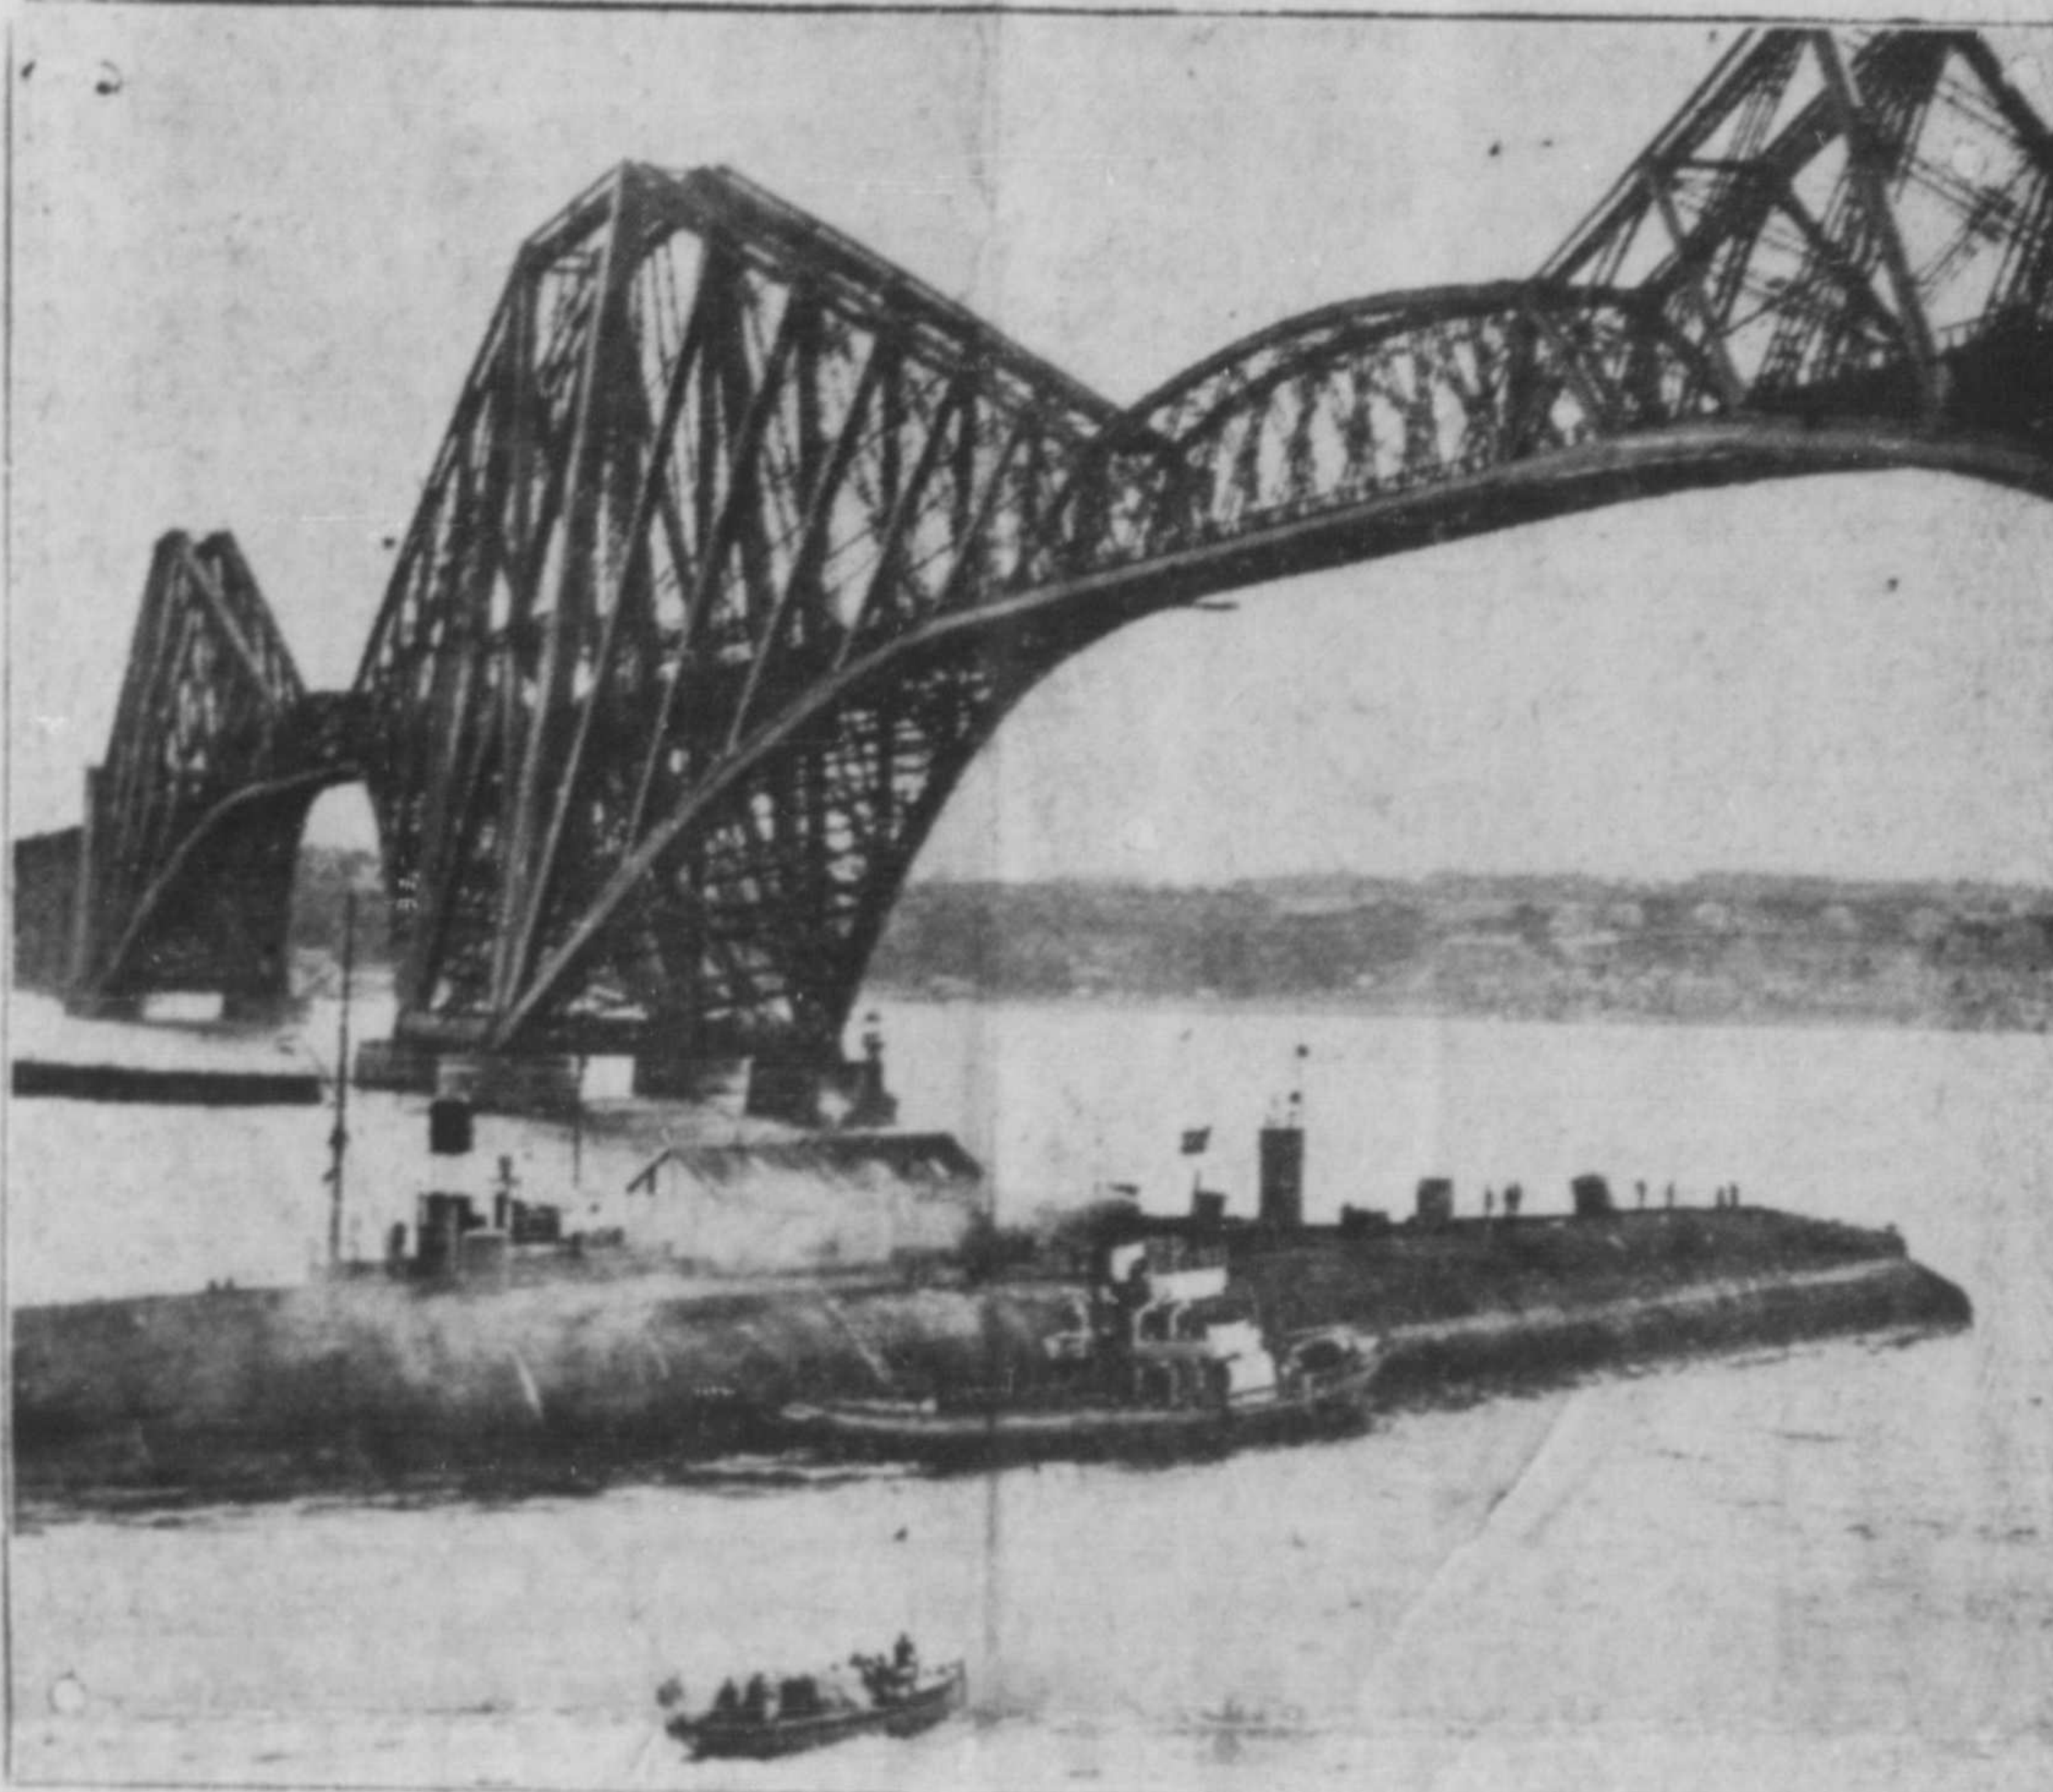

PORT ALBERNI, Aug. 4.—Four boys walking along the waterfront found twelve tins of opium in a sack, five of which they sold to a Chinese who came along for ten cents each and five to another Chinese for 50c each before they knew what the tins contained.

Police found that the tins contained opium valued at \$200 a tin.

#### CARNIVAL WILL BE HELD AUG. 25 AND 26

The Fair Board at its meeting last night decided to hold a carnival on August 25 and 26. The sports and attractions committee will meet and decide on a program for the occasion.

#### LAST OF SCUTTLED FLEET GOES TO SCRAP YARD

Last of scuttled fleet is towed to scrap yard. It has taken nine years to salvage most of the 32 treaty fighting ships sunk by their German crews at Scapa Flow at the close of the war. The Von der Tann finishes the job.

### Tear Gas Bombs Exploded Today In Stock Exchange Building At New York Filling It With Fumes

#### MOLLISONS MAY CROSS CONTINENT

VANCOUVER, Aug. 4.—The prospect that Captain James and Amy Mollison may make a flight across Canada, possibly non-stop, is envisioned in communications exchanged between the couple and Mayor Taylor.

Replying to an invitation to visit Vancouver, the Mollisons wired: "Many thanks for your kind wishes. We shall certainly bear in mind the possibility of such a flight as you suggest. Unfortunately our new machine will not be available for some time."

#### BETTER PRICE FOR HALIBUT

Fish sales this morning totalled 95,100 pounds, 79,100 American all at 6.5c and 4c, and Canadian, 16,000 at 6c and 4c which was the high price for the week. The Gulvik, 18,000 and Pair of Jacks, 25,000 went to Claxton at 5c and 4c. Edmonds and Walker were the buyers.

American	Canadian
Resolute, 37,000, 6.5c and 4c, Cold Storage.	Toodie, 16,000, 6c and 4c, Atlin.
Yukon, 22,000, 6.5c and 4c, Royal.	
Thor, 6,500, 6.5c and 4c, Cold Storage.	
Frisco, 11,000, 6.5c and 4c, Booth.	
T1088, 2,600, 6.5c and 4c, Cold Storage.	

Exchange Had to be Closed to Business and Police Reserves Got All People Out Without Any Being Overcome

NEW YORK, Aug. 4.—The stock exchange was forced to close early this afternoon when fumes, which the exchange said had apparently come from the explosion of two tear gas bombs, flooded the lower floors of the building. Police reserves emergency squads rushed into the district and held back the milling thousands while the affected floors were cleared.

The fumes were very dense but none of the people in the building were overcome.

### Predicts P. G. E. Will Yet Pay People of Province Many Times The Cost of Its Construction

SMITHERS, Aug. 4.—Speaking at the banquet to delegates of the Associated Boards of Trade of Central B.C. convention John A. Fraser, M.P. for Cariboo, declared that, as a result of the operation of two mines alone, the Pioneer and Cariboo Gold, the Pacific Great Eastern Railway during the past three months for the first time in its history had paid its operating expenses. Mr. Fraser did not consider it out of the way to predict that the P. G. E. may yet, as a result of its potential and exclusive resources, pay the people of the province many times over for its construction.

### Smithers to Have Power Plant That Will Give 24 Hour Service Operated by Two Diesel Engines

SMITHERS, Aug. 4.—To complete arrangements for the installation of a new electric light and power plant in Smithers, F. J. Bartholemew and Leith Murray of Vancouver, directors of the Columbia Power Company Ltd., which entered into an agreement last September for the purchase of the Smithers Electric Ltd. lighting system, arrived in Smithers Wednesday night by car from the south. They are here to conclude final details with a view to starting the putting in within the next month or so of a 200 h.p. two-engine diesel-driven plant of their own.

#### SHUTOUT YANKEES

First Time New York Americans Have Played Without Scoring In About Two Years

NEW YORK, Aug. 4.—Philadelphia Athletics shut out the New York Yankees yesterday, winning the game seven runs to nil. Jimmy Foxx hit his thirtieth homer of the season.

This is the first shutout the Yankees have experienced in about two years. They played over fifty games at the latter part of the 1931 season without being shutout, 154 games last season and all this season up to yesterday.

The Washington Senators are now three full games ahead of the Yankees.

#### PICNIC OF TOC GROUP

About 150 People at Enjoyable Event at Digby Island Yesterday

Yesterday the Prince Rupert group Toc H held their annual picnic, and it was a splendid success. The committee in charge of the picnic claim they sent a special message to the Weather Man to be sure and be on his best behavior—however that may be there is no doubt he made a wonderfully good job of it.

Digby Island was the chosen spot this year, and there were over 150 members and friends, who took the opportunity to throw dull care aside and thoroughly enjoy themselves. Everything went off without a hitch, Phil Linzey proved a capable organizer of sports in which all those who were energetic enough took part.

The following were the winners of the children's events: Ruth King, Walter Bird, Jean Cameron, Margaret Fowler, Ronald Claverling, Louise Bird, Roy Judge, Charlotte Phillipson, Winnie Cameron, C. Phillipson, Kitty Cameron, Pat Phillipson, Kay Fortune, Phyllis Hamblin.

The winners of the single ladies' race was Winnie Cameron and Eddy Kane pulled off the first in the single men, the latter thus upholding the reputation of the Post Office staff for speed. There were some very swift runners among the married ladies. Mrs. Dafoe was first to break the tape. The same keenness was shown by the married men and a valiant effort to emulate his wife was made by Dr. Dafoe but Steve King managed to get in first. After the inner man had been replenished there was a big bonfire built and everyone joined in community singing and so finished a very happy day.

The committee in charge consisted of Ian Fraser, Arthur Evans, W. Lamb and H. Hampton. Dr. J. P. Cade and James Thomas loaned their boats.

The Columbia Power Co. already has plants at Golden and Williams Lake.

Under the arrangement with the new company, it is intended to provide the town of Smithers with a continuous twenty-four hour service, the need for which has long been felt. It is expected the new plant will be completed and ready to deliver power by the end of October.

Smithers Electric Ltd., a totally controlled company, has provided the local utility for eleven years, owning its own lines but getting its power supply from the Canadian National Railways shops. Before the Smithers Electric Ltd. was formed, power was supplied locally by W. J. O'Neill.

Local citizens are, naturally enough, gratified at the entry of the new company into the local field.

#### CONVENTION UNDER WAY

Festivities at Smithers and Telkwa Under Auspices Associated Boards of Trade

SMITHERS, Aug. 4.—With delegates in attendance from all points of importance between Prince Rupert and Prince George including Terrace, the Hazeltons, Telkwa, Burns Lake, Vanderhoof and Fort Fraser, the annual convention of the Associated Boards of Trade of Central British Columbia got under way here yesterday afternoon. Sessions are being held in the Municipal Hall and H. W. Snales of Fort Fraser, president, is in the chair with J. Falkin, also of Fort Fraser, functioning in his capacity as secretary. The agenda includes many matters of local interest to the various communities represented as well as of national importance.

At the conclusion of the first business session yesterday, a banquet was held last night in the Hotel Bulkley by the Smithers and District Board of Trade in honor of the delegates. The business sessions of the convention are continuing today and tonight the proceedings will come to a conclusion with a dance at Telkwa.

Weather was highly auspicious with bright skies and hot sunshine. The opportunity has not been overlooked to drive the delegates around the country to witness the growth and development as well as some of the scenic attractions of the famous Bulkley Valley of which Smithers is the railway centre.

Bill Harold, up to about a year ago identified here with the C.N.R. in the ticket office, is back in town from Vancouver and is a guest of J. Lorne McLaren, Borden Street.

### SMITHERS CONVENTION

Smithers, the most important trading centre between Prince George and Prince Rupert is having a convention. Delegates from the boards of trade and chambers of commerce are gathered there and are discussing subjects of common interest to people of northern and central parts of the province. Better still, the delegates are meeting each other and getting acquainted. The only regret is that more delegates cannot attend such gatherings. If there were a highway all the way from Prince Rupert to McBride the attendance would be at least double what it is today because people would be willing to take a leisurely trip to see the country and meet the people.

### SMITHERS AS A CENTRE

When the town of Smithers was laid out it was looked upon as the worst possible site for a town that could have been chosen. It was flat and damp and the drainage was very poor. Since that a dyke has been dug which has much improved the drainage and if the dyke is deepened the drainage should be perfect. The town has been steadily improved until today it is assuming the appearance and importance of a real trading centre. As the farming country and the mines develop, Smithers will continue to grow until it is built from the Hudson Bay Mountain to the Bulkley River. It has great prospects.

### MINING A BRIGHT SPOT

The recent report of mining in the province for the six months ending June 30, recently issued by the provincial government, has the following: "Mining is one of the bright spots in industry of the province at the present time." The report includes some remarks by Dr. Joseph T. Mandy in regard to a few local operations such as those of the Surf Point mine on Porcher Island and the adjoining property at Eddy Pass operated by Frank Patterson. He says the Surf Point ore assays about \$150 a ton and the Eddy Pass ore \$60 a ton. He also comments favorably on the activities on Queen Charlotte Islands. These are bright spots for people of this territory.

Undoubtedly the most acceptable drink to serve to your guests these summer days is

### The Letter Box

#### HIGHWAY TO TERRACE

Editor, Daily News:—  
In view of the announcement that the provincial election will probably be held early in November, three months hence, I think that this is an opportune time for the electorate of the Prince Rupert riding to commence analyzing the stewardships of both the Conservative and Liberal parties during the last fifteen years and endeavor to ascertain how much the local taxpayers have benefited during those stewardships.

The one outstanding constructive work that should have been prosecuted by both parties until completed and which would have been of the greatest benefit to the largest part of the province has been, more or less, given practically no consideration at all. I am referring to the proposed highway connecting Prince Rupert with Terrace and the rest of the interior country. I can confidently state without fear of contradiction, that every dollar spent by the provincial government on this highway (and also the dollars wasted) has been contributed by the citizens of Prince Rupert in automobile licences and the iniquitous road tax on gasoline during the last ten years. Why local automobile owners should have to contribute the same amount in licences and gasoline tax as our more fortunate brethren in Southern B.C. is a question demanding our most serious attention, especially when it is taken into consideration that the government has only seven miles of road to maintain that we are privileged to use and for which some privilege each automobile owner has to pay about \$60 per annum. And still we keep on contributing every year and for what?

I would suggest, Mr. Editor, that everybody who has the interest of the city at heart, and we all must have or else we would not be here, should make this highway question their strongest talking point, not only during pre-election days, but until we have reached our objective, viz.—the completion of the road from here to Terrace.

I am confident that the benefits that would accrue, not only to the people of Prince Rupert, but to the whole of the province, from the

### LEAGUE GAME OF FOOTBALL

Canadian Legion Won By Four Goals to Nil Last Night

The regular league football schedule came to a close last evening when the Canadian Legion added another win to their already long list by taking an easy 4 to 0 victory from the C. L. D. L.

The veterans kicking up hill in the first half scored twice, once through nice combination by the forwards and the other from a mis-kick by Maguire of the unemployed. After the turnover the winners tallied twice more, one of which was handed to them when Gomez for the losers put the sphere through his own goal.

Referee Anslow kept the boys in check in an efficient manner.

It is the intention of the league to have an A and B team play next week to pick out an eleven for a match against H. M. S. Dragon.

### NOSED OUT CRACK TEAM

Kaiens Winners of Softball Game Last Night, 8 to 5

The Kaiens young band of softball tossers went into a tie for second half honors with the C. N. R. A. when they nosed out that experienced squad 8 to 5 in 12 innings last night.

The C. N. boys were more consistent at bat scoring every odd inning till the ninth while the Kaiens had two good innings, the third when they scored four markers. The score in the ninth and cinched the battle in the twelfth with three tallies.

Allan for the hardware boys, although wild at times, kept the hits scattered while Pitcher, the losing hurler whiffed a good share of the batters.

### TENNIS CLUB TOURNAMENT ON

First Games of Men's Singles to Be Played This Evening

The annual Prince Rupert Tennis Club tournament, one of the feature sporting events of the summer gets away tonight at their courts on Acropolis Hill. Weather permitting through the week the tournament will be tapered down to the finals to be run off a week tomorrow and Sunday.

Draws for the opening matches in the men's singles are: Moore vs. Edgecombe, Parlow vs. Haworth, O. Young vs. Wilding, Norrington vs. R. Young, McIntosh vs. Heilbroner, Joslin vs. Thompson.

Miss Margaret Gulick left on this morning's train for a trip to Terrace.

### Baseball Scores

#### National League

Brooklyn 6, Boston 3.  
St. Louis 4, Pittsburg 1.  
Cincinnati 1, Chicago 2.

#### American League

"He picked up at once on Eagle Brand"

"I CANNOT speak too highly of your Eagle Brand milk," writes Mrs. J. W. Bulger, R.R. No. 4, Brampton, Ont. "My baby weighed 8 1/2 lbs. at birth. At seven months he weighed 9 1/2 lbs. At this age, after trying seven other foods and formulas, I started to give him Eagle Brand. In a few days we could see a difference and now at a year old he weighs 19 1/2 lbs."

If you cannot nurse your baby, try Eagle Brand Milk. You will find the directions on every label. We would like to send you the new 84 page edition of "Baby's Welfare." It gives directions for feeding and children's care and has pictures and life stories of many Eagle Brand babies.

The Borden Co. Limited, 100 St. Powell St., Vancouver, B.C. Please send me one edition of "Baby's Welfare," containing feeding schedule, pictures and stories of Eagle Brand babies.

TAKE NOTICE that J. B. Woodworth, address 3857 Point Grey Road, Vancouver, B.C., will apply for a license to take and use 200 cu. ft. per second, and store 100,000 acre feet out of Cugar Lake into Surf Inlet. This being the reconditioning of conditional water license 178-3. This water will be used for power purposes. This notice was posted on the ground on the thirteenth day of June, 1933. A copy of this notice and an application pursuant thereto and to the "Water Act" will be filed in the office of the water recorder at Prince Rupert. Objections to the application may be filed with the said water recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is July 17, 1933.

Wartime Aviation Picture is Shown

Feature For Week-End at Capitol Is Story of Flying Aces Who Are Bitter Enemies

The roar of airplane motors, the scream of wind through struts and braces, the rat-tat-tat of death-dealing machine guns and above them all, the friendship and hatred that flourishes between men engaged in flying to death—this, briefly, is "The Eagle and The Hawk" story of wartime aviation...

The story by John Monk Saunders, author of "Wings," centres around two wartime flyers who are an unbeatable combination in the air but the bitterest of enemies on the ground.
