PROTEST AT LOSS OF C. N. R. SHIP JOB HERE CONTINUED

Indignation Expressed
At Canadian National
Policy on Dry Dock

Joint Telegram of Various Bodies Declares That it is in
Railway Interest to Overhaul Prince Rupert Here—
Still Not Too Late to Remedy

Mayor M. M. Stephens, the city council, the Prince Rupert
Chamber of Commerce, the Prince Rupert Retail
Merchants' Association and Prince Rupert Trades and Labor
Council, as a result of a meeting yesterday afternoon,
decided to join in sending by wire another vigorous protest
to S. J. Hungerford, acting president of the Canadian National

Railways, Montreal, at the
action of Canadian National Steam-
ships in taking the annual overhaul
job on the steamer Prince Rupert
from the company's own dry dock
and shipyard here to a competing
yard in Vancouver. A similar wire
has also been sent to Olof Hanson,
M. P. for Skeena.

This latest telegram declares that
it is decidedly in the interest of the
Canadian National that the steamer
should be overhauled in its own
government-subsidized dry dock
and points out that local citizens
are indignant that the dry dock
patronized locally should not be
patronized by its owner. It is recalled
that company employees here
had recently asked for and received
co-operation of local citizens in
freight and passenger business and
now the latter were being rewarded
with discrimination against the
city. Even yet, it is not too late to
remedy the matter, it is stated. The
circumstances of the eleventh hour
change of plans whereby the work
is being removed to Vancouver
demand investigation, concludes the
message.

Legislature
May Prorogue
On Thursday

Conservatives Still Not in Agreement as to Course of Action to Be Adopted

VICTORIA, April 7.—It is expected here that the legislature will be prorogued on or about Thursday next.

Conservatives have been holding caucus meetings for the past two days but so far have failed to agree on any course of action on which they can unite.

MACDONALD
TAKES BID

WASHINGTON, D.C., April 7: (CP)—Prompt acceptance was received last night by President Roosevelt to his invitation to Prime Minister Ramsay MacDonald of Great Britain to visit him this month. The British Premier expects to sail on Saturday week.

Active Trading
In Gold Stocks

Premier Down in Vancouver Yesterday at 58c

VANCOUVER, April 7.—Gold stocks were generally higher yesterday and trading was very brisk. Pioneer closed at 6.20 and Reno went up to 80 and closed at 79. Premier closed at 58.

Address on B. C. Products by William Dey
District Superintendent of Home Oil Distributors
Friday at 8:30 p.m. in Boston Cafe

Damage From Tennessee Tornado

Tornado kills twenty-six as it sweeps Tennessee. A view of the damage caused at Nashville, the largest city hit, where property damage was high and where over 170 persons suffered injury. Monetary loss was placed at \$1,000,000.

Application is Made Today in
Supreme Court For Appointment
Of Commissioner For This City

VANCOUVER, April 27: (CP)—Invoking the Municipal Act, Amendment Act of 1932, Frederick Gordon Sweet, broker of Vancouver, has petitioned the Supreme Court of British Columbia for an order authorizing the appointment of a commissioner for the City of Prince Rupert. The petition is fixed for hearing on April 19.

Sweet alleges default in payment of a Prince Rupert \$25 bond coupon and he further alleges that the city has failed to provide for payment of interest due on its debentures.

Messrs. Walsh, Bull, Housser, Tupper and Ray are solicitors for the petitioner.

JUDD IN
COLLAPSE

Six-Day Postponement of "Trunk Murderers'" Execution Was Refused Yesterday

PHOENIX, Arizona, April 7.—Winnie Ruth Judd, "trunk murderer" of her former friends, Agnes Leroi and Hilda Samuelson, who is condemned to execution at the state penitentiary on April 23, was reported last night to be in a state of complete collapse following denial of a six-day postponement of execution in order that she may take her appeal to the Supreme Court of the United States.

The condemned woman must now go to the gallows on the appointed date unless she is granted a sanity hearing which appears improbable.

AMUSEMENT
TAX IS CUT

Impost of Government on Amateur Sports and Community Dances Reduced By Bill

VICTORIA, April 7: (CP)—The amusement tax on amateur sports and community dances has been cut from ten to five percent of the admission price in a bill introduced in the Legislature.

BENNETT TO
WASHINGTON

Canadian Prime Minister May Meet Premier J. Ramsay MacDonald

OTTAWA, April 7.—Prime Minister R. B. Bennett may visit Washington during Easter at the time of the visit to the United States capital of Prime Minister J. Ramsay MacDonald of Great Britain to discuss the forthcoming world economic conference with Mr. MacDonald and President Franklin D. Roosevelt.

VANCOUVER
ROBBERY

Bandits Take \$7200 From Office of Capt. Groves, Formerly of This City

VANCOUVER, April 7: (CP)—Two armed bandits held up the office of the Empire Stevedoring Co. on Howe Street this forenoon and escaped with \$7200.

Capt. P. G. Groves, formerly of Prince Rupert, is manager of the Pacific Stevedoring Co. in Vancouver and it was the office he occupies which was robbed.

VANCOUVER WHEAT

VANCOUVER, April 7: (CP)—Wheat was quoted at 49 3/4c on the local exchange today.

FAVORED BY
PHYSICIANS

Proposal to Sterilize Insane is Approved by Prominent Doctors of Vancouver

Criminals Too?

Dr. R. E. McKechnie, Dr. W. B. Burnett and Others Give Views—Ministers Endorse

VANCOUVER, April 7.—Sterilization of the mentally unfit, as proposed in a measure now before the Legislature at Victoria, can not come any too soon, in the opinion of leading medical men of the lower mainland.

"Provided the subject is properly guarded, I would go farther, to include habitual criminals," said Dr. R. E. McKechnie, noted surgical specialist, in mentioning his complete approval of the proposal. "I am certainly very much in favor of it, provided it is always kept under proper control."

"Sterilization of this sort is long overdue, in my opinion," stated Dr. W. B. Burnett, maternity and gynaecological specialist. "There is no objection in the world, that I know of, I am sure every medical man in this province is in favor of it. The expense at the Essondale Mental Hospital is now so great that everybody is beginning to feel the necessity for it. There has been considerable education on the subject and its value, both physically and economically, is now becoming better understood."

Is Long Overdue
The belief that sterilization of this sort should have been put into effect years ago was strongly expressed.

FISHERMEN'S DEATH
LIST PUT AT TWENTY
ABERDEEN, Wash., April 7: (CP)—Toll of the squall which scattered, sank or wrecked at least a dozen boats of the Hoquiam salmon fishing fleet on Gray's Harbor bar late Wednesday has amounted to twenty deaths and thirteen boats lost. No bodies have yet been recovered.

BIG DAY ON OTHER SIDE
AS SALE AND DELIVERIES
OF BEER ARE LEGALIZED

New York and Many Other Major Cities of Union Report
Thriving Business in Dispensing of Amber
Fluid—5c and 10c Per Glass

NEW YORK, April 7: (CP)—The thump of bungstarters on countless kegs drummed the long lost beverage back to the American scene today. Lawful 3.2 percent beer gushed into territory populated by about seventy million people as nineteen states and the District of Columbia lifted the ban of more than thirteen years. Jubilee and jollity were widespread among friends of the beverage. Its foes voiced criticism and warning.

NEW YORK, April 7.—With sale and deliveries of beer of 3 2-10 alcoholic content by weight becoming legal in nineteen states of the Union, this is a great day in the United States and is being made the occasion for much celebration. In many cities arrangements had been made for the beer business to get actually under way immediately the zero hour arrived, sales and deliveries starting in many places as early as midnight last night.

In New York the business became legal at 7 o'clock this morning. Other major cities of the country in which a rushing opening day's business in dispensing of the beverage is being recorded include Chicago, St. Louis, St. Paul, Minneapolis, Milwaukee, Cleveland, Denver, San Francisco, Los Angeles, Seattle and many others. Honolulu in the Hawaiian Islands also goes wet today so far as beer is concerned. According to the size of the container, the price is 5c and 10c per glass while pint bottles are being sold at 15c.

California to
Have Beer Tax

Lower House Approves Impost and Senate Expected to Follow Suit

SACRAMENTO, April 7.—The lower house of the California Legislature yesterday passed a bill providing a tax of 62c per barrel of 31 gallons. The measure was sent to the State Senate where it was expected to receive immediate approval.

SENTENCED FOR THEFT

Vernon Frederick Stolz has been fined \$10, with option of one month's imprisonment, by Justices of the Peace Foote and Bunting at Fort Fraser for theft of a handbag from B. Teed, according to information received at divisional headquarters of the provincial police here.

PASS WORK
TIME BILL

U. S. Senate Favors Six-Hour Day and Five-Day Week

WASHINGTON, D.C., April 7.—The United States Senate yesterday approved a bill sponsored by Senator Hugo Black of Alabama providing for a six-hour day and five-day week in the industries of the country. It is a two-year emergency measure which would go into effect thirty days after its final passage. Co-operation of the Interstate Commerce Commission in its enforcement is provided. An amendment for a 36-hour week was defeated by a narrow margin before the main vote was passed, 53 to 36. The bill now goes to the House of Representatives where there is no guarantee of its passage unless President Franklin D. Roosevelt should signify his support of the legislation.

DAILY EDITION Friday, April 7, 1933

THE THREE GROUPS

In his address to the Rotary Club yesterday Weldon McAfee spoke of the three main groups into which people are divided today. There are the people who wish to go on as we have been going. Then there are the communists and socialists usually known as "reds" who want a complete overthrow of the present system. The third, which he intimated was by far the largest, was the large body of people who would preserve the present institutions and system but would so modify them as to make them suit present needs. These he thought would carry the day. They are the people who believe in gradual changes, taking a step at a time in the matter of reform. They realize the failure of the present system as at present constituted but would have such changes made as will bring it up to date and enable it to deal with present day conditions. The constitution of every British country is an elastic organization capable of growth. It can be made to fit every possible condition. The work of such reorganization must be the work of great statesmen backed by a strong body of public opinion.

PREMONITIONS

One of the things most of us are unable to understand is the premonition. It is said that one of the members of the Winnipeg Toilers basketball team had a premonition that they would be injured in an airplane accident. He even went so far as to write newspaper headlines of the event such as "Toilers' Plane Crashes; Players Killed." He also disposed of some of his goods that he expected he would not need. He was later one of those severely injured.

It is possible to explain thought transmission or mental impressions which might even picture things happening at a distance, but to explain mental impressions of events about to happen is more difficult. Practical westerners are not used to dabbling much with the occult but people of the east with their dark, dreamy eyes seem better adapted to studies of the psychic world of which we know little. They have been studying these powers for many centuries and many seem to have achieved great success in that realm.

Need of Putting Purchasing Power Back Into Hands of Consumers is Emphasized by Rotary Club Speaker

"The ultimate aim of all economic endeavor is to fill human needs and to promote happiness," according to Weldon McAfee, manager of the Big Bay Lumber Company, who gave an unusually interesting address to the Rotary Club yesterday on economic questions. He stated that people were divided into three main groups—those who consoled themselves with the thought that the present slump was simply one of recurring crises and would pass away; those who were awed and honestly out to upset the present social system and replace it with a new one based on socialistic or communistic principles, and the third, the great body of people who are essentially conservative and attached to national institutions and who would ultimately decide what the future social structure of the world would be. The last mentioned group felt that something was wrong and needed leadership to show them the way out of the difficulty.

In opening his address Mr. McAfee said he did not think real understanding had made much progress in the last two thousand years. Tremendous advances had been made in technology but, so far as real wisdom was concerned, if people went back to Plato, Aristotle or Jesus, they would find most of the ideas which were floating around today. He quoted: "They rise again from their depression by recurring to first principles."

The world had got itself into a bad mess, a little more difficult than on any previous occasion. There were depressions, in 1837, 1848, 1857, 1864, 1873, 1893, 1897, 1903, 1907, 1913, 1921 and 1929. Capitalism seemed to consist of prosperity, panic and liquidation. The present concern should be as to whether remedies should continue to be mere panaceas and palliatives.

The speaker told of the tremendous interest taken today in economic problems. The present situation would be ludicrous were it not so tragic. On the one hand were found unemployment, distress, want, men unable to find jobs; on the other unparalleled powers of production capable of indefinite expansion, the result of the industrial revolution which commenced in the middle of the nineteenth century. Even during the boom times of 1929 there were said to be two million men idle in the United States. Today the great problem was how to restore the demand for consumers goods—how to get the purchasing power back into the hands of the people.

Faith in System

Mr. McAfee said he had every faith in the present system but, to maintain the right division of wages, interest rent and profit, industry must be on a different basis. The solution might prove difficult. It was an international question and as such must be discussed and settled internationally. It would involve a reduction in the hours of labor with present wage scales maintained or increased. It would also involve heavy taxation on unearned increment including profits. While recognizing the need of advancing and not retrogressing and the necessity of maintaining a surplus and the supply of capital goods, yet "I do say that there should be a better balance between the function of production and consumption, that the slack should be taken up, something that can be achieved, by having purchasing power where it is needed."

Concluding, Mr. McAfee said: "In the present stage of world development no nation can live into itself. Measures which are taken to relieve present distress should be international in scope. Rotary, as an international institution, should find it possible to assist in placing the world back on its feet."

All nations now have come to a realization of the futility of war as an instrument of settlement—Sir Frederick Whyte.

MINARD'S "KING OF PAIN" LINIMENT

Appeal of Local Men is Set For P. George Court

George Maskulak, Timothy O'Rourke, James Walker and Richard Downie, all of Prince Rupert, who were recently sentenced to two months' imprisonment each at Prince George on charges of "riding the rods" have appealed the convictions to County Court and have been released on bail pending hearing of the appeals on May 2 by Judge H. A. Robertson at Prince George, according to advice received at divisional headquarters of the provincial police here.

Pete Cravetto, well known local tailor, sailed last night on the Prince Rupert for a business trip to Vancouver.

The Letter Box

ANSWER TO W. GOLDBLOOM AND FRED GURNER

Editor, Daily News:—
 My brief comment on the German election was purely historical—to pick up details of a revolution such as the one that took place in Germany is answering no purpose. For the student of historical events facts only count.

The ten years struggle between Fascism and Communism is over. Fascism rules supreme in Germany as Communism rules in Russia. The distinguished scholar and philosopher Lincoln Steffens in his epoch-making speech in Hotel Vancouver last Friday said: "European Fascism is our last hope. Fascism will sweep the world. France and Britain will follow next." Of course he stated further, "There is a choice, one can go the Communist way, we Americans will go the Fascistic way." Questioned again he reiterated, "What occurred in Germany and Italy are mere chapters of our future history."

These statements from such a distinguished and true American as Lincoln Steffens are of great importance and deserve our thoughtful consideration.

A revolution of our social system is in action, a thing that no people can avoid. The old social system that was born of the French Revolution of 1789 and has dominated the civilization of every nation since that date is crumbling like a worn-out piece of machinery before our very eyes. It has failed to work, it does not function, it needs readjustment, hence the cure: Communism on one hand, Fascism on the other.

Some people take exception to new ideas because they do not like them, others ignore them and do not want to hear anything about them. A people like the Canadians should not be afraid of mere ideas.

We must realize that thought precedes all human actions. In my judgment these new ideas must be studied and discussed. I consider it an elementary duty for all good citizens to study them, particularly the thinking people, so as to face the impending problems and direct them according to our wisdom and taste. We may be compelled to face some unpleasant facts in the future, due to our passive present action.

DON'T PUT UP WITH an UGLY SKIN

Fruit-a-tives give new beauty

"I was run down and listless. I felt irritable all the time. My face was a sight, due to pimples and rash. I was ashamed to meet people. 'Fruit-a-tives' proved just what I needed. In less than two months my skin cleared up, I got rid of severe constipation and felt full of pep."

Mr. Editor, it is a duty of the public press to discuss these questions, our approval or disapproval has no bearing on such events. They must be approached in an atmosphere of tolerance without any personal feelings in an unbiased way, like all public questions. They are vital social questions, probably more important than many people think at the present time. They should never be mixed with personal squabbles.

HASSO-BERT.

SAYS CONDITIONS GOOD

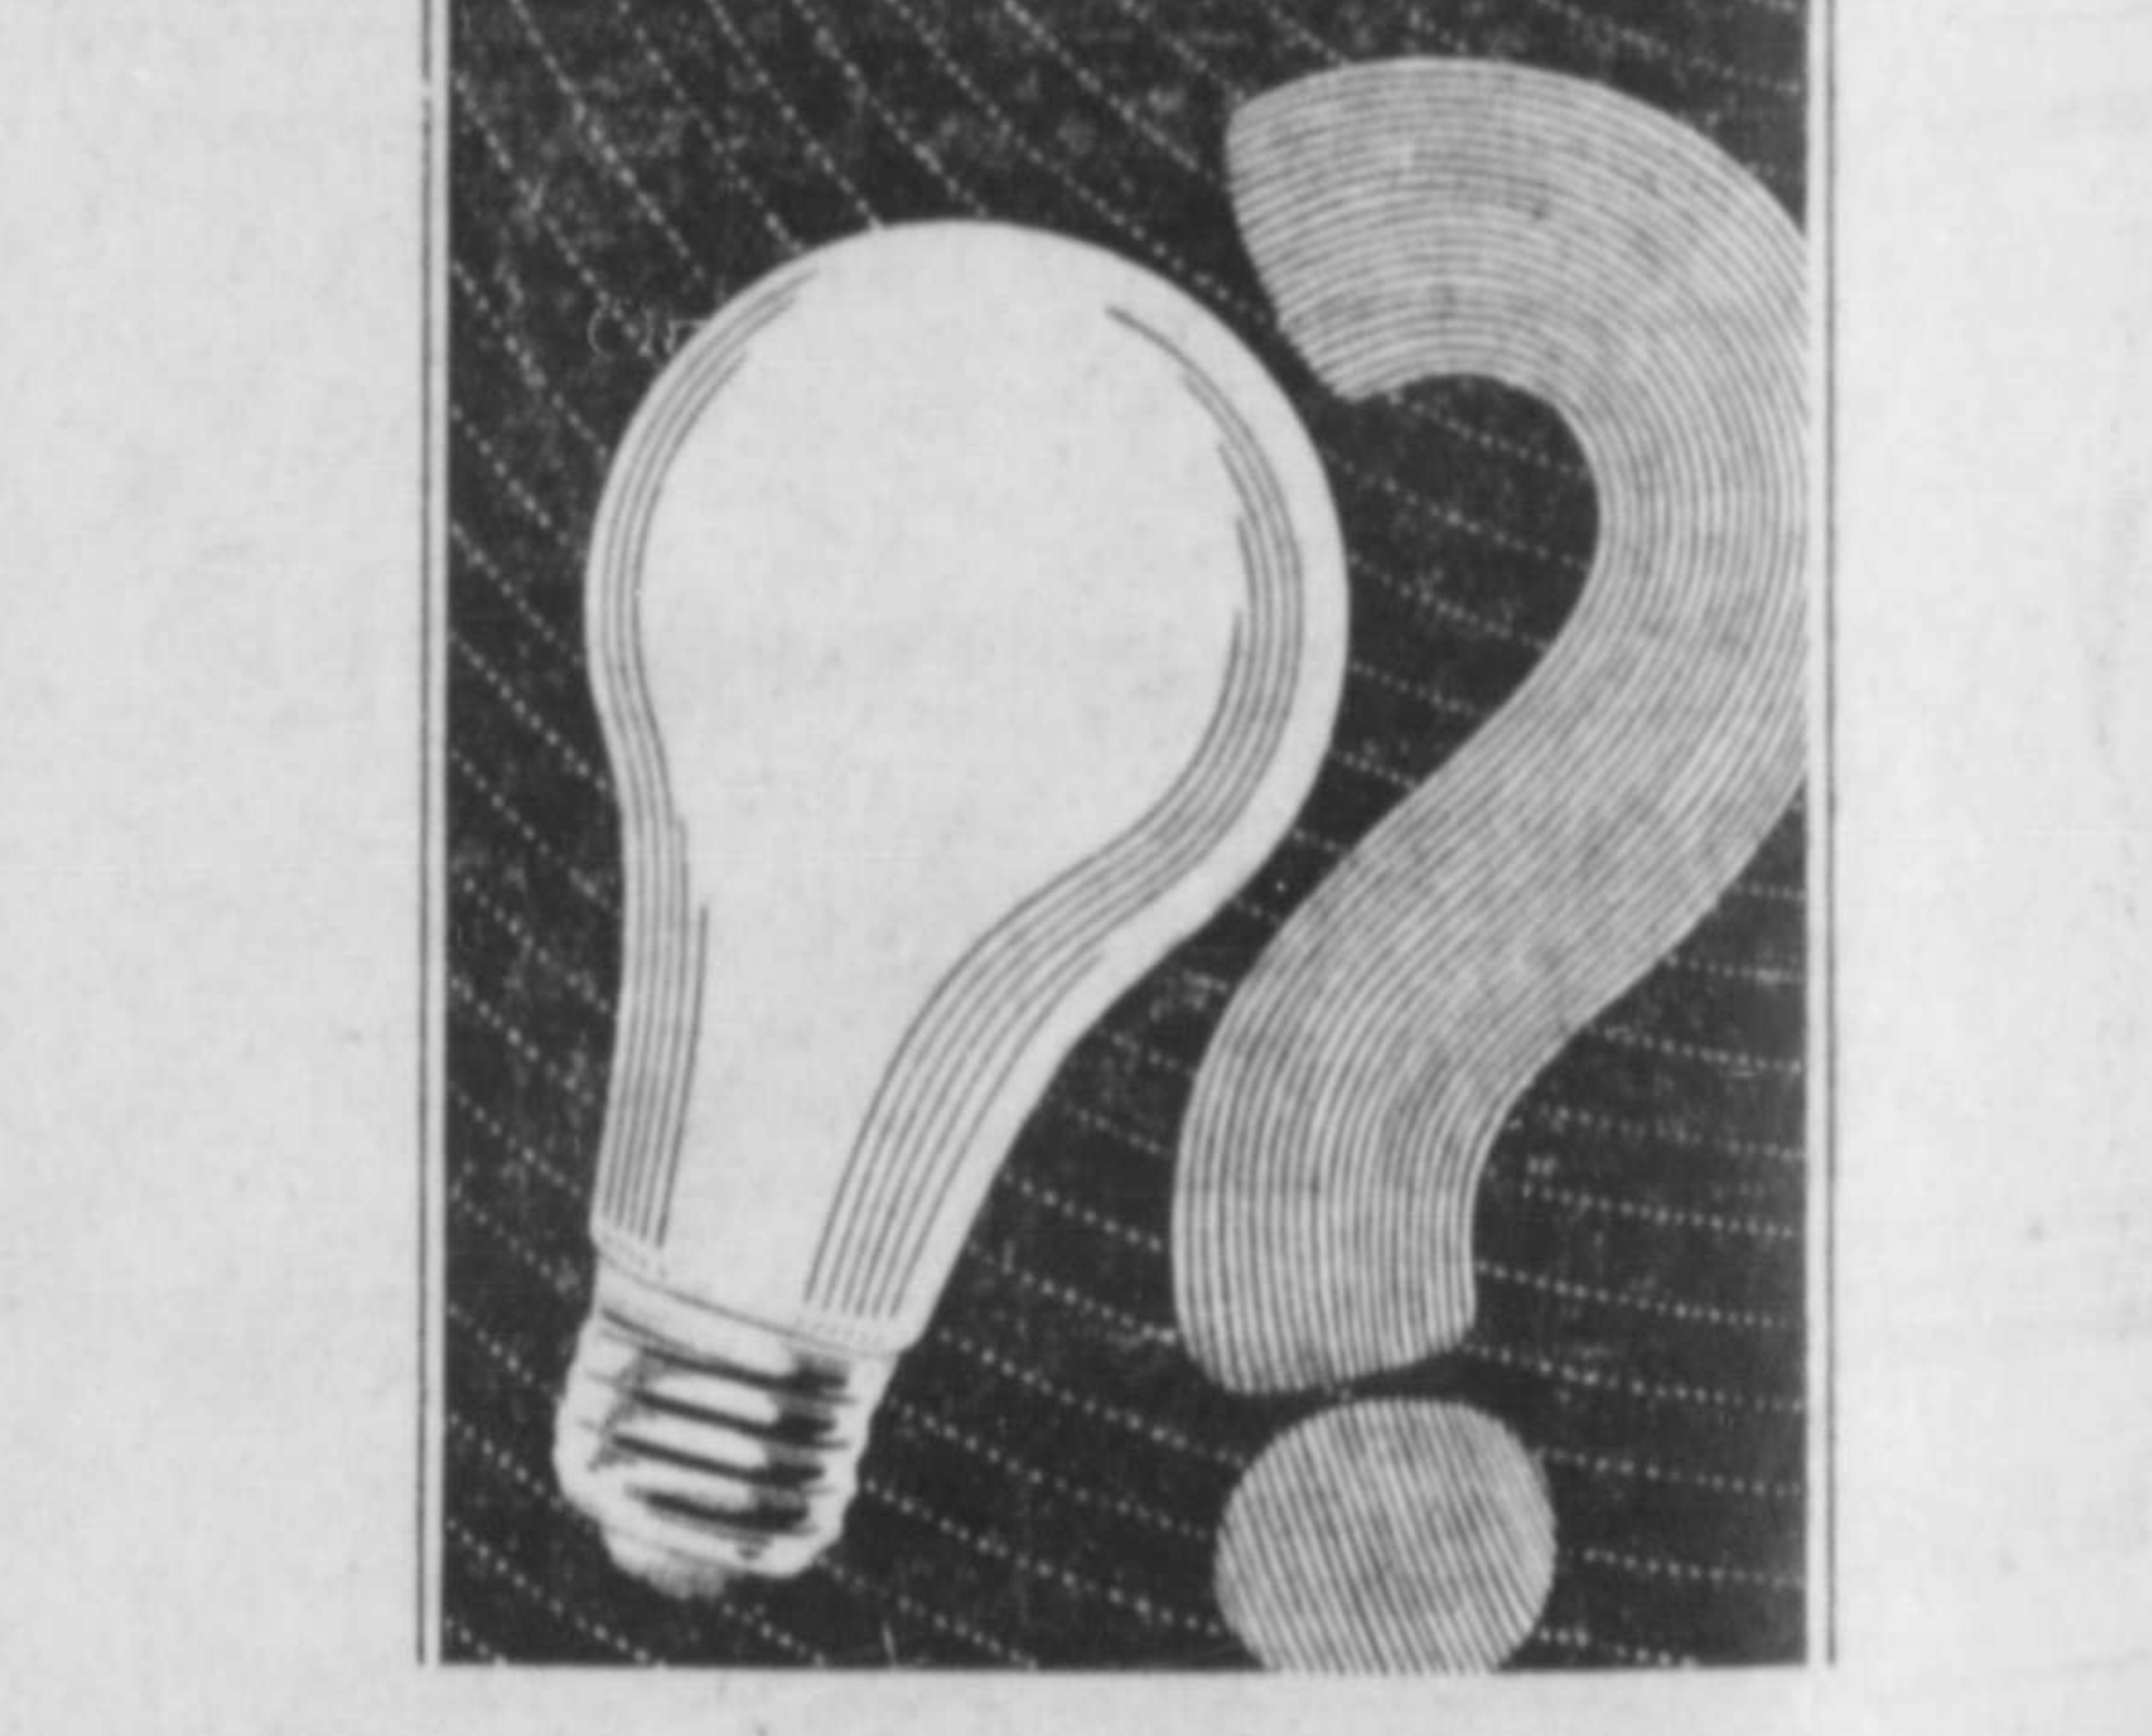

Editor, Daily News:—
 Will you kindly allow me a short space in your valued paper to say a few words about the present conditions in Anyox. First of all I don't want any of your readers to think that this letter is put in your paper for the purpose of propaganda as it is not. My intentions are to let the citizens of this province know how things are up here at the present time, as there has been lots said about Anyox people and Granby Co. since February 1. In short, I say that every sensible person of Anyox is very glad to be back to work again, and things are going full speed at the mine and beach plants. Board and rooms and other accommodations can not be better.

News and Views of Sport

HITS WERE NUMEROUS

Thirty-Seven Safeties in Pacific Coast Baseball Game Yesterday

SACRAMENTO, Calif., April 7:—No less than thirty-seven hits were made in yesterday's Pacific Coast League baseball game in which Hollywood Stars defeated Sacramento Senators 14 to 11. Hollywood made twenty hits and Sacramento seventeen.

Other Pacific Coast League scores: Los Angeles, 2; Seattle, 0. Portland, 6; San Francisco, 4. Oakland, 5; Missions, 1. Oakland is now in exclusive possession of the league leadership.

SPORT CHAT

Under the auspices of the Prince Rupert High School, high school girls' and boys' basketball teams will come down from Smithers during Easter week and will play a series of games with the local high school on April 19 and 20. The local boys will consist of a picked team from the boys of the school while the Comets, local city league champions, will take on the visiting girls' team.

In the nineteen-year period since the first basketball play-offs in Alberta the Edmonton Commercial Grads have been returned winners on no less than eighteen occasions, a record probably without parallel in the history of Canadian sport. The Grads will meet a Vancouver team on April 14 and 15 for the championship of Western Canada.

Max Baer, heavyweight title aspirant, who is training at Denver, has been telling the people of that city what he is going to do to Max Schmeling of Germany, former world's heavyweight champion, when they meet in the summer. It seems that other fighters have talked that way prior to meeting better men than themselves. Will Baer do any better than they? That is the question.

Major League baseball club owners are evenly divided on the question of selling beer in the ball parks this season which starts April 12, five days after the new 3.2 beer becomes nationally legalized. Five clubs have put themselves on record as opposed to selling beer in or under the stands but five others, concentrated in the two bigger cities of New York and Chicago, favor dispensing the new beverage to their followers. At Chicago beer will be sold at bars in the White Sox and Cub parks.

CHILDREN STRIKE

CHICAGO, April 7:—Ten thousand school children are on strike here as a protest against the non-payment of teachers.

Lacrosse in Old Country

The lacrosse senior flag final between the Oxford and Hampstead teams took place recently on waterlogged ground on the banks of the Thames. Above is shown a Hamstead man (white) just as he apparently took it into his head to sit down in the mud.

Soccer, Baseball and Softball Now Commanding Attention; Early Organization Expected

Prospects For Football Particularly Bright—Diamond Sport Will Need Some New Talent—City "Rounders" League Planned

With winter sports now dying in the distance, thoughts of local athletes and sportsmen are turning to the ever-popular outdoor games of football and baseball. As the weather will soon be getting warmer and the evenings are beginning to get longer, it will presently be time that the football and the bats and gloves were taken down from the shelf and brought into action.

Prospects for a good pigskin-chasing season look very bright. There is a lot of good material around town and a large number of the boys banned from junior football on account of their age will now be eligible to show their wares in senior company.

The local football association will soon be getting together officially to look over the prospects for the year.

Most of the players are just waiting to get into action and it is talked of playing an exhibition game on Good Friday to get the soccer ball a-rolling.

It looks as though the senior league will be just as good, if not better, than last year. As far as is now known, there will be three teams—Regiment, Canadian Legion and the Merchants with a fourth

team from the Moose being talked of. If the leading organizations of the city will give the teams the backing required, football will be going in a big way this year.

Baseball Outlook

Although things do not look too bright in baseball, this sport is being actively discussed. It is not known definitely as yet but, as there has been no word given to the contrary, the senior league will presumably be composed again of Sons of Canada, Elks and Empress.

There may not be many of the old ball players in the city but there are enough to get the younger ones started and coached along. The younger baseball talent that was developed by the Sons of Canada last year under the supervision and coaching of some of the experienced ball handlers like Bill Lambie and Stan Moran is proof enough of what can be done with the younger players.

If baseball is to live it is up to the teams and older players to take the youngsters in hand and show them the tricks of the game. It can never be told what star is hiding behind the mask of raw material and it is up to the experienced players to find them.

Softball Too

The popular summer game of softball is slowly coming to the forefront and it is expected that a city league may be formed this year. Bill Reid has obtained permission from the Canadian National Recreation Association to use its grounds and, providing the players can get together and some of the organizations will sponsor teams, a good season of competitive softball can be expected.

Our basic trouble is debt and taxes—yet we try to cure it by piling on more debt and support it by more taxes.—Bernard M. Baruch.

IS CRACK RIFLE SHOT

Daughter of Consul Woodward Wins Intercollegiate Championship With Near Perfect Score

The Seattle Times of April 2 published in its rotogravure section a picture showing Miss Harriet Woodward of the University of Washington beneath a triumphal arch of rifles at the shoulders of her team mates. The occasion was to honor her as women's intercollegiate rifle champion. She won the championship with a score of 599 out of 600.

A close-up of the same young lady showed her "burning the sights" on her rifle.

Miss Woodward is the daughter of United States Consul Woodward of Prince Rupert. She is only twenty years of age and met a number of local people during a visit to the city last year.

BILL IS OPPOSED

Pattullo Urges Legislature to Drop Plan For Sterilization of Mentally Unfit

VICTORIA, April 7: (CP)—When the bill providing for the sterilization of the mentally unfit was up for second reading in the Legislature yesterday, T. D. Pattullo, Leader of the Opposition, opposed it and urged that it be allowed to die on the order paper.

Mr. Pattullo claimed that the weight of medical evidence in the House was that the bill was innocuous and futile. The measure, he declared, was also antagonistic to the religious and moral beliefs of a great section of the people and it was ill-advised to bring down a bill of such importance in the closing hours of the Legislature.

AMENDMENT IS BEATEN

Legislature Declines to Safeguard Transfer of Park Lands

VICTORIA, April 7: (CP)—The amendment proposed by T. D. Pattullo to Hon. N. S. Lougheed's bill amending the Provincial Parks Act was rejected by the legislature yesterday.

Mr. Pattullo sought to put in a safeguarding clause calling for the approval of the legislature when land was acquired for park purposes and transfer.

SCALING INTEREST

Legislature Urges Ottawa to Devise New Policy on Borrowings

VICTORIA, April 7: (CP)—The legislature, by resolution, last night, favored the Dominion government immediately devising a plan for the scaling down of interest rates on government borrowing by federal, provincial and municipal governments in line with the purchasing power of the dollar and the ability of the country to pay.

Pound Sterling and Canadian Dollar on New York Exchange

NEW YORK, April 7:—The Canadian dollar closed at 82 11-16c on the local foreign exchange market yesterday, being unchanged from the previous day. The pound sterling closed at \$3 42 1/2, off 1/4c.

IS THREAT TO SOVIET

House of Commons Finally Passes Special Executive Power Bill By 91 to 41 Division

LONDON, April 7:—The House of Commons last night by a division of 91 to 41 gave third reading to the government Russian Imports Embargo Act whereby cabinet is given authority to impose an embargo on all imports of goods from Soviet Russia if a trial now proceeding in Moscow of six British electrical engineers on espionage and sabotage

charges is deemed to be unfair. The government assured the House that the bill will be effective for a period of only three months. This is regarded as proof that its provisions would be applied only as a weapon against the Soviet.

JOINING UP ACTIVITIES

Canadian National and Pacific Discussing Co-ordinating of Express Work

MONTREAL, April 7:—It was stated at headquarters of Canadian National Railway yesterday that co-ordination of company activities is one of subjects of discussion between Canadian Pacific and Canadian National Railways.

Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism.

Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication.

Letter should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.

The Markets

Retail prices current here at present are as follows:

Vegetables	
Potatoes, up river, 13 to 15 lbs sack, \$1.20 to	1.60

FAVORED BY PHYSICIANS

(Continued from Page 1)

pressed by Dr. J. G. McKay, of New Westminster, noted psychiatrist.

"I have been working on this subject for the past 15 years," he said, "and any boost that can be given to the proposal will do a world of good."

Dr. McKay, who is noted for his work on mental diseases, is an associate director of Canadian National Mental Hygiene. "Sterilization is very much desired," he added, "but it must be properly guarded."

"My feelings on the subject are too strong to express in words," said Dr. Edwin D. Carder, prominent child's specialist, when his opinion was asked.

"I can only say that it certainly should have been done years ago as an economic procedure," he added.

That there is no question of the advisability of sterilization in all properly selected cases, was the opinion expressed by Dr. Fredric Brodie.

"Once this is done, it will be a great benefit to the community as a whole," he said.

Clergy in Favor

Definite endorsement of the proposal comes also from a number of sources outside the medical profession.

From members of the ministry and women's social organizations comes the opinion that sterilization of the mentally deficient is very much needed. The Local Council of Women, the Nation Council of that organization, and a number of other women's groups in the province have been urging legislation of this nature for some years past.

NOVEL TYPE OF PICTURE

"Crime of Century" Confessed to Before Committed—Police Baffled

Jean Hersholt, Stuart Erwin, Wynne Gibson and Frances Dee head the cast of "The Crime of the Century," mystery drama in a new style, which comes to the Capitol Theatre here this week-end. Gordon Westcott and David Landau have the principal supporting roles.

"The Crime of the Century" offers two innovations in presentation of a mystery story. First, the crime is confessed to police before it is committed, and yet is carried through while they watch. Second, halfway through, there is a 60-second intermission, during which the various clues to the solution are reviewed briefly, and the audience is invited to attempt to solve it.

The picture centres around Hersholt, an alienist, who walks into a police station, tells the assembled officers that he has planned a murder, describes how it will be carried through, and begs to be locked up so that he will be unable to commit it. Impressed by his manner as well as his reputation, officers accompany him to his home. And there, while they look on, powerless to prevent it, not only the murder he has planned, but a second one, takes place.

Erwin, as a police reporter, and Miss Dee, as the daughter of the alienist combine to solve both crimes from the few unimportant-looking clues available.

WILL TAKE JURY TRIAL

E. C. Dawson, Smithers Man, is Committed on Two Charges Of Arson

Ernest Claude Dawson of Smithers, having been committed for trial in provincial police court at Smithers on two charges of arson, has appeared before Judge W. E. Fisher in the interior town and elected for jury trial, according to information received at divisional headquarters of the provincial police here. Dawson has been released on \$3000 bail pending trial at the session of the Supreme Court Assizes here in May.

One charge surrounds the burning of a residence in Smithers in December last and the other the burning of accused's men's furnishings store in 1930.

TRANSFERRED SOUTH

Provincial Constable William Harrison, who has served for some years with the force in the city and district, sailed last night on the Prince Rupert for Vancouver, having been transferred to the southern city.

It is the privilege of pure mathematicians not to know what they are talking about—Bertrand Russell.

reported the Prince George leading by a few miles.

A cosy six-room bungalow is being erected on Fifth Avenue next to the residence of A. M. Manson for J. B. F. Melville, chief clerk in General Superintendent Mehan's office. The contractors are Mitchell and Currie.

The Borealis, the trawler owned by the Atlin Fisheries, was in port with a catch of 23,000 pounds of halibut. Owing to bad weather the catch was a comparatively small one.

Mr. and Mrs. A. D. Creer have left for a trip to Vancouver. Mr. Creer is the consulting engineer engaged by the city in connection with the proposed trunk sewers.

District News

ANYOX

At a meeting of the Beach Council of the Community League arrangements were made for the visit of the Prince Rupert Canadian National Recreation Association basketball team to Anyox and the basketball commission was authorized to arrange for a series of games at Anyox on April 14 and 15.

At the general annual meeting of the Anyox Community League Tennis Club the following officers were elected for the ensuing year: President, E. R. Oatman; vice-president, Frank Hill; secretary-treasurer, Angus Cavers; executive, Miss K. Eve, Miss M. Dresser, J. Buntain and Frank Dodsworth jr.

An interesting event took place at the United Church hall recently when the various organizations of the church combined in making a presentation to Mrs. J. MacMillan who left Anyox for Vancouver where Mr. and Mrs. MacMillan expect to reside.

About twenty-four men arrived from Vancouver and southern points on last Wednesday's boat.

Twenty Years Ago

In Prince Rupert

April 7, 1913

Splendid progress is being made on the erection of the Canadian Fish and Cold Storage Company's cannery at Tuck's Inlet. It will be enclosed within three or four weeks so that everything will be in readiness for the mild curing of spring salmon. The most modern machinery will be installed. It will be the first cannery in Northern B. C. to use the solderless cans.

The departure of the steamers Prince George and Princess Sophia at the same time coupled with the fact that the captain of the Sophia made a grandstand play by cutting a circle around the Prince George as the latter was backing away from the dock aroused considerable interest in what appeared to be a race to Vancouver. Wireless reports later

"She gained weight from the start"

MRS. A. HAGAN, 5 Moss Park Place, Toronto, Ont., writes: "We despaired of her life. She was losing weight, cried continually and slept very poorly. At the advice of a friend I tried Eagle Brand and right from the first she started to gain weight, slept well and improved generally. Now at the age of

fifteen months she is the happiest and healthiest baby that one could expect to see. She won first prize at the baby show in Montreal, at the age of six months."

If you are unable to nurse your own baby, follow the advice of hundreds of thousands of mothers, and try Eagle Brand. The coupon below will bring you full informative literature.
