Chancellor of Exchequer Presents His Country's Remedies For International Ills—United States Urges Removal Of Trade Barriers and Universal Money Standard

LONDON, June 14: (Canadian Press)—Final settlement of reparations and war debts was placed in the forefront of a comprehensive British program for economic recovery by Rt. Hon. Neville Chamberlain, Chancellor of the Exchequer, in addressing the world economic conference today. Action, he said, must be taken simultaneously

PAYMENT IN PART

Great Britain to Pay 10% of War Debt Instalment Tomorrow, It Is Reported

LONDON, June 14: (Canadian Press)—Great Britain has decided to make a 10% "token" payment on the \$79,950,000 war debt payment due tomorrow to the United States on President Franklin D. Roosevelt's assurance that he will accept for himself although he cannot pledge acceptance by the United States Congress, it was learned last night on high authority.

IS SPEAKER AT STEWART

Representative Joseph Green of Hyder Urges Action on Silver

Very Important

Northern Board of Trade is in Favor of Re-monetization

STEWART, June 14.—At the regular meeting of the Stewart Board of Trade last week Joseph Green of Hyder, Alaska, Representative from the First Division in the Territorial Legislature at Juneau, was the speaker of the evening. Mr. Green's subject was Bi-Metallism and he explained at some length the steps being taken in American territory to support the "Wheeler Bill", a non-partisan measure looking towards the re-monetization of silver. He urged upon the Stewart Board that similar action be taken in British Columbia and Canada, namely that every effort be made to urge upon Dominion members and ministers the advantages to the country and to the world at large to be derived from the free coinage of silver.

Taking the United States as a typical example of the financial and monetary situation of the world, Mr. Green pointed out that there was not enough actual gold money in the States today to pay the annual interest on the combined funded indebtedness of the United States, its states, municipalities and corporations. The demand for new money to keep up with the credit system under which the world was living was accentuated by the fact that, in most cases, credit was now cut off and money was at a premium. Silver offered

Continued on Page 2

in financial, monetary and economic spheres. Recovery of world wholesale prices to a level which would give economic return to the primary producer was essential. Any attempt to secure equilibrium by such reduction of costs as wage cutting would be attended by intolerable suffering.

Action by the conference, declared Mr. Chamberlain, should include abrogation of controls on exchange movements and resumption of international lending, co-ordination of production and marketing, removal of prohibitions and similar trade barriers and reduction of excessive tariffs.

In the monetary field there should be two objectives—approachment of stability between currencies of a number of countries and restoration of a satisfactory international trade standard. For the latter gold seemed to be the most generally acceptable.

Great Britain, the chancellor said, would be justified in returning to the gold standard under a rise in the level of wholesale prices and adjustment of factors which had caused the gold standard to break down.

United States Case
Ignoring war debts completely, Cordell Hull, United States Secretary of State and head of his country's delegation to the conference, called for removal of "all excesses in the structure of trade barriers." He urged that the conference face the vexed problem of a permanent international monetary standard and lay down the proper functions of gold and silver in the operations of such a standard.

DOUKHOBORS BEING SUED

Million Dollar Action Launched in Regina Against Christian Brotherhood Over Land Deal

REGINA, June 14: (Canadian Press)—Peter Verigin and the Christian Community of Universal Brotherhood Limited were named defendants in an action commenced here to recover \$1,000,000 as alleged damages and commissions due for services in getting options on land for settlement in Mexico. The action was filed by Gordon and Gordon, solicitors for Joseph M. Hackney of St. Paul, Minn.

Going-To-The-Sun Highway

A portal in Heaven's Peak. The new Going-to-the-Sun highway soon to be opened, is one of the most scenic in America. Sky-high tunnels are lighted and ventilated by portals like this.

BROTHERS KYM, ON WAY AROUND WORLD IN 26-FOOT YAWL, READY TO LEAVE PRINCE RUPERT TODAY

Their Destination is Belgium But They Intend to Continue Westward to Canada After Paying Visit to Native Land

G. A. Kym and J. W. Kym, brothers from Vancouver, who are essaying a trip around the world in a 26-foot sea bird type yawl equipped with sail and auxiliary gas engine, were but awaiting an improvement in weather conditions today before embarking from Prince Rupert in continuation of their great adventure. They have been here since last Friday afternoon when they arrived from the south and their vessel has been attracting a deal of attention at the new fishermen's floats just east of the dry dock where it has been moored.

Interviewed by the Daily News yesterday, the brothers Kym reported that they had been a month and a half in making the trip from Vancouver to Prince Rupert, having jogged easily along. "Trees and rain and more trees and rain" was the terse way in which one of the brothers summed up his impressions of the British Columbia coast. Indeed, the prospect of encountering even more rain if they continued up the Alaskan coast, it was suggested, had actuated the brothers in changing their original plan of travelling across the Pacific Ocean via Alaska, the Aleutian Islands and the Orient and, indeed, heading south from here to continue their voyaging via the California coast, the South Sea Islands and Australasia.

The brothers are really destined, they explain, for a visit to their native home in Belgium where G. A. Kym wishes to see the grave of his wife. As they both intend to eventually return to Canada, they decided to make a world trip of it.

From Prince Rupert, the globe sailors are proceeding to the Queen Charlotte Islands whence they will shape their course via the West Coast of Vancouver Island and down the Washington, Oregon and California coasts to San Francisco. The

Narcotics Valued At \$9,000 Seized Aboard Ship at Fraser Mills

Clever Ruse Was Employed in Attempt to Get Opium and Heroin Ashore—Was Concealed in Box of Apples Marked "Too Green"

VANCOUVER, June 14: (Canadian Press)—Royal Canadian Mounted Police officers today seized opium and heroin valued at \$9,000 aboard the steamship Benreoch at Fraser Mills after watching the ship since June 9. A Chinese steward was arrested and charged with trafficking in narcotics, being remanded for one week. The Chinaman had ordered several boxes of apples which had been delivered to the ship returned, three of which were marked "too green." The drugs were found in one of these boxes.

INTERESTED IN RUPERT ELEVATOR

Gillespie Grain Company Said to be Investigating Leasing of House

VANDERHOOF, June 14:—It is rumored here that the Gillespie Grain Company of Edmonton, which owns the local country elevator, has been investigating the possibility of leasing the Prince Rupert terminal elevator and operating it in connection with its export business.

The company does a large business in Alberta and, if it took over the coast house, it is understood it would be with the idea of building up a permanent export business through Prince Rupert.

George Phillips, manager of the naval dockyard at Esquimalt, is paying a brief visit to the city, having arrived on the Prince George this morning from Victoria.

Miner at Hidden Creek Lost Life There Last Week

Inspector of Mines Charles Graham returned to the city on the Catala yesterday afternoon from Anyox where he investigated the circumstances of an accident in the Hidden Creek mine which resulted in the death last week of John Stalzer, 33-year old Austrian. The accident occurred in the morning and Stalzer succumbed at 11 o'clock the same evening in the Anyox General Hospital to the injuries.

SILVER AND COPPER ON NEW YORK MART

NEW YORK, June 14: (Canadian Press)—Bar silver closed at 36 1/2¢ on the local metal market today and copper at 8c.

Local Member Made Study Of U. S. Legislation While On Recent Visit to South

One of the most revolutionary measures introduced at Washington at the instance of President Roosevelt is the one for the control of all private industries; according to Olof Hanson, who recently returned from that country and who has been making a study of the new legislative proposals. The new bill is based somewhat on the Italian measure which takes the view that all private business is of public interest and, therefore, should be regulated by the state in the public interest.

The scheme seems to be for the state to deal with each industry collectively and for each unit in that industry to conform to certain regulations for the benefit of the industry and of the public. Price cutting may be entirely eliminated and also the fixing of prices at such a high rate that the public is being held must end. Inefficient units will disappear and efficient units will conform to the general standard. Prices are to be based on cost of production and labor will be paid on the basis of the cost of living. One of the aims of the legislation is to raise the prices of commodities and the rate of wages paid to employees and so stimulate business that the unemployed problem will be solved.

With the abolition of cut-throat competition, credit will be restored and the government will co-operate

Vancouver Wheat

VANCOUVER, June 14 (Canadian Press)—Wheat was quoted at 62 1/2¢ on the local exchange yesterday. Today's price was 62 1/2¢.

VERY KEEN FOR RUPERT

People of Interior Would All Benefit if Elevator Used For Shipping

ENDAKO, June 14:—People here and at all other points throughout the interior are very anxious about the fate of the Prince Rupert elevator. They all realize that, if the elevator is operated regularly, it will mean more employment and consequent prosperity for them and less loss for the railway company. They are all looking to the government to see that the elevator is leased on such terms as will insure a constant stream of grain going through it.

KETCHIKAN AND PRINCE RUPERT HIGHWAYS

Quite often we are reminded by some one of the great ability of the American people to "get things done." Every now and then stories are told about how some community of the United States sets itself to achieving some goal or other, inevitably achieving success. Our good and esteemed neighbors, the Ketchikanites, have started a campaign to interest President Roosevelt and the other powers-that-be in Washington in the project of a highway from Ketchikan to Hazelton, primarily with the object of providing much-needed employment for the folk of Southeastern Alaska who in the past have depended upon the fisheries for work and livelihood. We would say that the order Ketchikan is making is a large enough one and it will be interesting to see how far they will be able to get in achieving their goal. The suggestion that they are making that some work might even be done this year indicates that they do not lack in enthusiasm.

The people of Prince Rupert are justified in hoping that Ketchikan will meet with better and speedier success than have we in their aspirations for highway connection with the rest of the world. Possibly, indeed, the campaign is one in which the communities of Ketchikan and Prince Rupert might join. For at least part of the way on the Hazelton end it would seem quite feasible that the same route might be used for highways reaching the coast at the two ports.

Here also might be an opportunity for opening up the fertile agricultural area of the Naas River Valley.

We in Prince Rupert have always contended that a highway to Prince Rupert was much more justified than the projected one to Central Alaska and the Yukon about which we heard so much a few years ago. Much the same argument might be advanced in favor of the Ketchikan highway in preference to the northerly one. It is certainly a fact that on both highways to the coast there would be as fine scenery for the tourists and equally, if not greater, potential opportunities for the opening up of agricultural and mineral country. Incidentally, highway connection between Ketchikan and Prince Rupert which would thus be provided might prove very important from the business and economic standpoint. More power to the Ketchikanites!

WAR DEBTS AND ECONOMIC CONFERENCE

There will be none to gainsay the argument of Prime Minister J. Ramsay MacDonald, General Jan Smuts of South Africa and Guido Jung of Italy at the world economic conference in London that war debts constitute a problem that must be grappled with before there can be any effective solution of the world's economic difficulties.

Regardless of the attempt of the United States to "taboo" the discussion of debts at the conference, it is to be expected that they will be taken up in a very serious way by the nations attending the conference. It is a great opportunity of discussing and, possibly, reaching a basis of common action on a very vexed question and one which will undoubtedly be taken advantage of.

In fact, it is to be reasonably anticipated that war debts will loom large in the informal, if not the formal, deliberations of the conference.

VANDERHOOF CROP IS LATE

Fraser Lake Mill Expected to Operate All Summer and Logging May Follow

VANDERHOOF, June 14:—The crops are backward here this season but the local people are expecting heavy yields of hay and grain as the ground is saturated with moisture. Most of the growth in the district is in July when warm weather and long days make the grain grow very rapidly.

At Fraser Lake, west of here, the sawmill is cutting lumber and Manager Connelly says they plan to operate all summer until their present supply of logs is used up. In the fall, if prices improve, logs will be taken out for next year's cut but, if the prices remain as low as at present, no log supply will be secured.

IS SPEAKER AT STEWART

(Continued from page one)

the natural solution to this problem. Mr. Green's address was attentively followed by all present and many questions were put to him upon its conclusion, to all of which he had a ready answer. The Board went on record as in favor of the principle and now has under advisement ways and means of furthering the movement.

Representative Green also briefly outlined the activities of the Territorial Legislature in connection with the International or Yukon-Alaska Highway, in which Hyder, Alaska, and Stewart were vitally interested.

Mrs. W. E. Miller of Edmonton arrived in the city on last night's train from the Alberta capital and will sail tonight on the Prince George for Anyox where she is to take up residence.

FROM THE NAAS VALLEY

Editor, Daily News:

Depression has touched the Naas Valley lightly. It has not interfered with the productiveness of its soils or changed its fine summer climate. The settlers are mostly located in the area around the school and the store. Mr. Gray, the genial storekeeper, and his wife welcome visitors at their comfortable home on the banks of the Naas. Wm. Stewart, an old timer in the valley, carries on cheerfully, although he is crowding the 75 year mark. John Nelson with nearly 70 cleared acres to his credit, meets you with a smile. Mr. and Mrs. Spencer extend hospitality impartially. Others too numerous to mention live here and seem contented with their lot.

We are at present guests of Mr. and Mrs. Spencer, whose spacious house, set in a lovely rustic setting, faces a beautiful lake. As I write these lines the last beams of the setting sun touch the summit of the mountains, a soft breeze ripples the crystal waters of the lake and stirs its framework of green and gold fairies clad in gossamer dance their elfin dance on the green sward while a lonely loon sends its laugh across the dimpling water.

YANKS HAVE LOST GROUND

Defeated by Red Sox Yesterday—Senators Are Creeping Up

BOSTON, June 14: (Canadian Press)—Losing a close verdict to the Red Sox here yesterday, the New York Yankees had their margin of leadership in the American League reduced to two and a half games over the Washington Senators, who had a handy victory over the Philadelphia Athletics in the National Capital. As a result of the reverse, the Athletics fell back from third to fifth place behind both the Chicago White Sox and Cleveland Indians who were winning over St. Louis Browns and Detroit Tigers respectively.

While the New York Giants were retaining their supremacy in the National League by doubling the score of the Boston Braves at the Polo Grounds, the St. Louis Cardinals moved back into second place, exchanging positions with the Pittsburgh Pirates whom they defeated in a hectic contest at Sportmen's Field. The Chicago Cubs, losing to the Reds at Cincinnati, dropped into a tie for fourth place with their conquerors.

Yesterday's Big League scores:

American League
New York 5, Boston 6.
Philadelphia 6, Washington 10.
St. Louis 1, Chicago 6.
Cleveland 1, Detroit 0.

National League
Boston 3, New York 6.
Brooklyn 4, Philadelphia 15.
Chicago 1, Cincinnati 2.
Pittsburgh 3, St. Louis 4.

BENNY HAD EASY WIN

Scored Technical Knockout Over Henry Deeth at Anyox

According to word received in the city yesterday afternoon, Benny Windle of this city scored a technical knock-out over Henry Deeth of Anyox in the sixth canto of a scheduled six round bout at the smelter town last Friday night. There was no uncertainty from the outset as to the result of the battle, the local boy outclassing his opponent from start to finish. In the fourth, Deeth took the count of nine and, again in the fifth, went to the canvas for a similar count. In the sixth, the Anyox boy's seconds threw in the towel.

A good house is reported to have witnessed the engagement.

Before the Windle-Deeth bout, a challenge was read from Nina Gurvich of Prince Rupert to meet the winner in the near future. Meantime, it was announced that Jack Watson, a Vancouver boy, who has seen considerable action, would be matched with Windle for a bout at the smelter town next month.

Steamer Prince Rupert Wins in Softball Match

Another softball game was played on the Canadian National Recreation Association grounds last Friday evening between nine representing the steamers Princess Adelaide and Prince Rupert, the latter winning by a score of 25 to 18. Undaunted by the showery condition of the weather, the steamboat men proved themselves to be at least heavy hitters and the fans in attendance derived considerable kick out of the play.

Another game in the Mercantile Marine League is planned for this Friday night and the presence of the steamer Prince John, with its fast aggregation, in port should liven up the show considerably.

Brothers Kym, on Way Around World in 26-Foot Yawl, Ready to Leave

(Continued from Page 1)

crossing of the Southern Pacific to the South Sea Islands will involve the traversing of 2,000 miles of open ocean. The long voyage will be continued via Australia, Java, Sumatra, Straits Settlements, India, the Red Sea, Persian Gulf, Suez Canal, the Mediterranean Sea, Gibraltar, Bay of Biscay and thence to Belgium.

Time Is Uncertain

"And how long do you think it will all take?" the world circum-navigators were asked.

"Who can tell?" one replied. "Much depends on wind and weather. Possibly we may do it in two years."

"And we may be at the bottom before we finish, too," reflected the other, indicating that the pair were not unrealizing of the fact that they would face some hardships and some risks.

G. A. Kym has already travelled extensively by sea. As a sailorman in merchant ships he has circled the globe three times. For the past six years he has been a caretaker at the Royal Vancouver Yacht Club.

J. W. Kym, the other brother, has not travelled so extensively by sea although he has seen a lot of the world too. He has been a resident of Canada for twenty-eight years and came recently from the Lesser Slave Lake country in the Northwest Territories where he has been engaged in prospecting and mining.

Their boat, while a rather unique craft to be seen in Prince Rupert, is compact and comfortable. It is the home of the intrepid pair and will be used as such for a long time. It has a 5 h.p. Vivian gasoline engine. Approximately enough, the boat is named "Pathfinder."

SOFTBALL IS PLAYED

Schedule Brought Up to Date—C. N. R. A. Leading With Elks In Second Place

The Empress City League softball team was defeated last night by the Canadian National Recreation Association to the tune of 19-5. Neither team was playing spectacular ball but the C. N. R. A. made fewer errors and was able to knock Dougherty to every corner of the lot. The Hotel boys started out well and, for the first two innings led the rail-roads 2-0 but, after that, the C. N. R. A. had everything its own way and held the Empress down to three more scattered runs while collecting a total of nineteen.

After the regular league fixture, the Kaiens tackled the Elks in a postponed game and came out on the wrong end of a 5-4 score after nine innings of snappy ball. The Kaiens had several chances to take the lead but were never quite able to manage it and the score stood four all at the end of the seventh inning. In the eighth, the Elks took the lead with one run and neither team scored after that. Both teams played good ball with few errors.

The schedule has now been brought up to date with the next fixture on Thursday night when the Grotto will tackle the Elks.

The league standing to date is as follows:

	W.	L.	Pct.
C. N. R. A.	6	1	.858
Elks	4	2	.667
Grotto	3	3	.500
Kaiens	2	4	.333
R. C. N. V. R.	2	4	.333
Empress	2	5	.286

M. P. McCaffery and C. H. Orme of this city are visitors to Lake Louise at the summer home of Geo. Little.

Special for ten days only, men's suits cleaned and pressed, \$1. Canadian and Pioneer Laundries Limited.

Mrs. H. W. Butler, wife of the Government Telegraph operator at Anyox, is paying a visit to the city, having arrived on the Catala yesterday afternoon from the Naas River.

G. E. Gulick, local manager of the Swift-Canadian Co., returned to the city on the Catala yesterday afternoon after making the round trip to Anyox and Stewart on company business.

Rev. and Mrs. S. V. H. Redman of Hazelton were in the city at the first of the week on their way back to the interior after attending the recent United Church Conference at Vancouver.

H. F. Kergin, M.L.A. for Atlin, who has been on a visit to his constituents at Stewart, arrived in the city on the Catala yesterday afternoon from there and will sail on the Prince George tonight for his home at Alice Arm.

Rev. Victor Sansum, for the past three years United Church clergyman at Port Simpson, has been transferred to one of the suburban churches in Vancouver. Members of his family were passengers aboard the Catala yesterday afternoon going through to Vancouver to take up residence.

C. N. R. steamer Prince John, Capt. Dan McKinnon, arrived in port at 7 o'clock this morning from Vancouver via the Queen Charlotte Islands with a fair-sized list of passengers as well as mail and freight cargo. The vessel will remain over here until Friday night when she will sail on her return south over the same route.

The Prince Rupert Gyro Club, at its regular monthly business luncheon yesterday, decided to send a cable of greeting to London on June 26 on the occasion of a new Gyro Club being instituted there. This cable will supplement a letter which has been sent by T. W. Brown, president of the local club, to Frank Bonnell, secretary of the London club, a personal friend of Mr. Brown's.

Newly arrived, white flannel sport skirts, Demers.

Silversides Bros. for Wallpaper, Glass, Paint and Mureco.

United Church Tea at Mrs. J. J. Payne's, 423 7th Ave. W., tomorrow from 3 to 6.

Anglican W. A. Tea at home of Mrs. Bryant, 4th Ave. West, Thursday, June 15, from 3 to 6. Home cooking. Everybody welcome.

A. J. Galland of the customs and excise department sailed on the Catala yesterday afternoon for a trip to Nanaimo on official duties.

H. F. Pullen, who has been on a two-weeks trip to various interior points between here and Prince George, returned to the city on last night's train.

Mr. and Mrs. B. C. Perkins and family, who are moving from Anyox to Boise, Idaho, were passengers going south aboard the Catala yesterday afternoon.

A. Sutherland of Vancouver, provincial boiler inspector, who is on a tour of this district on official duties, arrived in the city on the Catala yesterday afternoon from Anyox.

C. M. Rose and S. D. Rose of the Rose Fuel Co., Victoria, were passengers yesterday afternoon aboard the Catala returning to the Capital after having made the round trip north on the vessel.

Corp. E. H. Clarke R.C.M.P. is on a trip to Anyox on official duties. He left for the smelter town on the Catala Sunday night and will be returning to the city on the ss. Prince George tomorrow evening.

C. N. R. steamer Prince George, Capt. H. E. Nedden, arrived in port on time at 10:30 this morning from Vancouver, Powell River and Ocean Falls and will sail this evening for Anyox whence she will return here tomorrow night on her return south.

Mrs. F. G. Stevens of Koostata, Manitoba, who has been paying a visit at Port Simpson where she has a daughter on the hospital nursing staff, was a passenger on board the Catala yesterday afternoon going through to Vancouver enroute Lome. She was being accompanied by another daughter, Miss Dorothy Stevens of the Bella Bella hospital staff, who has been with her at Port Simpson.

Sale of Mineral Claims is Held Over by Sheriff

Owing to the defendant company having gone into liquidation, sheriff's sale of mineral property of the Premier Extension Gold Mining Co. in the Portland Canal district to satisfy a judgment given in favor of the plaintiff, Theodore Carlson, was postponed from yesterday until June 29. The judgment in favor of the plaintiff amounts to \$12,828 plus interest.

Palpitation of the Heart Nerves Bad - Could Not Sleep

Mrs. Fred Bingham, Swift Current, Sask., writes: "I was bothered with palpitation of the heart, and my nerves were so bad I could not sleep."

I was getting desperate and confided my trouble to a friend who recommended me to use Milburn's Heart and Nerve Pills. I purchased a box and got such relief I would gladly recommend them to all who are troubled as I was."

For sale at all drug and general stores; put up only by The T. Milburn Co., Ltd., Toronto, Ont.

PAID VISIT TO STEWART

Head of Canadian Legion For B.C. At Northern Town

STEWART, June 14:—Thomas A. Barnard of Nanaimo, provincial president of the Canadian Legion, accompanied by A. S. Coburn, past president of the Nanaimo branch of the same organization, arrived in Stewart on Saturday morning to pay an official visit to the Stewart branch. During their stay here they were entertained by various members of the local organization and trips up the Bear and Salmon River Valleys were arranged to show the visitors the scenery and mining activity of the district.

On Saturday evening, provincial President Barnard addressed a meeting of veterans under the auspices of the Canadian Legion. The meeting was well attended and a splendid address was given. While devoting himself in the main to activities of the Canadian Legion, recent pensions legislation and other matters of interest primarily to veterans, the speaker also made some very interesting observations upon the present economic condition of Canada and the whole world. Throughout, Mr. Barnard's speech was enlivened with anecdotes and stories.

Mr. Coburn also addressed the meeting briefly.

On Sunday morning the visitors went into conference with the local Legion executive and, on Monday morning, President Barnard interviewed veterans at his hotel.

The visitors left by the Catala on Monday evening for Prince Rupert, whence they will proceed to Anyox.

CLOSE CALL FROM FIRE

What Might Have Been a Serious Blaze Averted—Electric Iron Had Been Left On in Federal Block Store

Good fortune early this morning averted what might easily have proven to be a very disastrous conflagration in the business section of this city. As it was, more or less minor damage was done to the stock and interior of Mrs. Anna Johnson's Capitol Baby Shoppe in the Federal Block. The fire department was called out at 2:15 a.m. in the nick of time and soon had the incipient blaze extinguished by the use of chemicals. Had the alarm been turned in a few minutes later, the results might easily have been much more serious.

The fire is believed to have been started as a result of an electric iron having been left on in Mrs. Johnson's store. The iron, apparently, becoming red hot, had burned the cord through and set the covering and ironing board on fire. Nearby dresses and coats had taken fire and a wooden partition had become ignited by the time the firemen arrived.

The alarm was turned in by W. Atherton who happened to be working late on the repairing of a radio in Parkin & Ward's electric shop across the street. He heard crackling as of fire and, looking outside, saw fire in the darkened store. He immediately pulled a nearby alarm box and the fire department promptly responded to the call. Two chemical extinguishers were used in putting the fire out without having to resort to water.

There were many sleeping people in the apartments of the upper two floors of the building.

It is believed that eight to ten dresses and coats were burned. There was also other damage, mainly from smoke, to other stock of the store as well as to the interior. The loss is understood to be covered by insurance.

FOOTBALL WAS DRAW

Best Game of Season Turned in by Canadian Legion and C. L. D. L. Last Night

Canadian Legion and Canadian Labor Defence League played to the first football draw of the Senior League season in the city last night when the regular Stuart Benefit Shield fixture ended in a score of two all. It was probably the best and most keenly contested soccer engagement that has been seen here so far this year. The Canadian Labor Defence League is proving itself to be a stout eleven now and will, undoubtedly, be a strong contender in all remaining trophy competition.

Half time score was one to nil in favor of the Defence League. Albert Dickens and Gilker were goal scorers for the Legion and Nick Chenoski and Bye for the Defence League.

James Johnston was referee and Jimmy Walker and Alex Harvey were linesmen.

C.N.R. TRAINS
or the East—
Mondays' Wednesdays and Fridays 9:30 p.m.
from the East—
Tuesdays, Thursdays and Saturdays 10:15 p.m.

E. A. Goddard arrived in the city in the Prince George this morning from Ocean Falls, where he teaches school, and will proceed on tonight's train to his home at Hazelton.

LOCAL NEWS

Game Warden Ed. Martin, who has been spending a holiday in Vancouver and elsewhere in the south, returned to the city on the Prince George this morning.

D. McBride arrived in the city on the Prince George this morning from Nanaimo, having come north to take the position of assayer at the Surf Point mine. Following a recent accident, Mr. McBride is still forced to use crutches in getting around.

Cambrai Chapter, Imperial Order, Daughters of the Empire, held its final meeting before the summer vacation last night at the home of the regent, Mrs. G. W. Laidler. During the next two months, the chapter is suspending regular meetings.

William Vance, who has completed his first year's studies at the University of Alberta in Edmonton, returned to the city on the Prince George this morning to spend the summer vacation here with his parents, Mr. and Mrs. W. D. Vance, Fourth Avenue East. He travelled home via Vancouver.

Women's Labor League Whist Party is Held

A very enjoyable whist drive was held last night by the Women's Labor League in the Canadian Labor Defence League Hall. Prize winners were Mrs. Benson and V. E. Petersen. Following cards, delicious refreshments were served.

The committee in charge consisted of Mrs. O. White, Mrs. W. H. Montgomery, Mrs. E. Gomez, Mrs. W. Field and Mrs. C. Scherk.

BURNS LAKE LOOKS GOOD

Hay Crop Assured—Potatoes Pushing Up and Crops Growing

Land Activity

(By H. F. Pullen)
BURNS LAKE, June 14:—This wonderful little town looks very beautiful today with the poplars all in leaf, the grass and field crops green and the lake glimmering in the foreground while, beyond, are the rolling, heavily wooded hills. The air is more invigorating than anywhere else between here and the coast. A hay crop is assured and everything else is looking well. Potatoes are pushing their way through the ground and, with warm weather in prospect, crops will grow very fast.

As everyone knows, Burns Lake is the jumping off place for the region to the south. A sign of the times is that Barney Mulvaney is once more in the land business. He is engaged in picking out suitable locations for American settlers, a number of whom are investigating or inquiring. Big sheep ranchers, cattle men and people who would like to go into mixed farming are turning their eyes to this much favored region. Everywhere there are lakes, some huge like Francois and some but tiny ponds with all the various sizes between. It is a most entrancing country and one that should be much more thickly settled than it is today.

The people in and around Burns Lake have been hard hit because in the past they have cut quantities of railway ties while this year there were almost none. The railway has been cutting costs and Burns Lake has been one of the victims of the economy campaign. Yet this economy has had its useful side for it is teaching the ranchers to depend upon production on their own places rather than look to the

outside for help. Ties must be cut soon and this part of the country will, doubtless, get a share of the work. In the meantime Burns Lake is carrying on and doing what it can to meet the situation.
