STABILIZATION IS STILL DEADLOCKED POLICY IN CONNECTION WITH CITY RELIEF BEING CHANGED

No Work--No Pay Is Edict Issued Today On Municipal Relief

City Commissioner Putting All Able-Bodied Men on Trail Building and Wood Cutting in McClymont Park Effective at Once

An important change of policy in connection with dispensation of city relief came into effect at the order of City Commissioner W. J. Alder today when all able-bodied men, instead of drawing their relief in the usual way at the city treasurer's office, were required to report to the city engineer to work out the city portion of the relief. Starting on Monday, the men will be assigned to trail building and wood-cutting in McClymont Park off McBride Street. A gang will be put at work building a trail into where the wood will be cut. The wood will be used as fuel for city buildings and also possibly for relief purposes. It is understood that road work will be undertaken later. The commissioner explained that the basis of pay on which the city portion of relief disbursement will be worked out will be 45c per hour for a six-hour day. A meeting of the unemployed was called for this afternoon to consider the commissioner's "no work-no relief" edict.

COST OF SCHOOLS

Interesting Figures Covering Ten Year Period Are Made Public By City Commissioner

The net cost of operation of public and high schools in the city of Prince Rupert for the year 1932 was the lowest in years with but the single exception of 1924, according to a statement on school finances which has been issued by City Commissioner W. J. Alder. As a result of economies which have been and are being put into effect, it is expected that the net cost for 1933 will be the lowest in over ten years by a considerable margin. School debentures standing unpaid as at December 31, 1932, amounted to \$180,624.25, according to the city commissioner's figures. Following is the statement which shows salaries, maintenance, debenture interest, debenture principal, total expenditures, government grant and net cost covering the ten years ending 1932:

1923—Salaries, \$58,983.70; maintenance, \$19,081.33; debenture interest, \$10,867.54; debenture principal, \$3,466.63; total, \$92,399.20; school grant, \$17,813.00; net cost \$74,586.20.

1924—Salaries, \$57,817.85; maintenance, \$13,124.85; debenture interest, \$13,993.89; debenture principal, \$4,485.61; total, \$89,422.21; school grant, \$18,292.11; net cost, \$71,130.10.

1925—Salaries, \$54,643.23; maintenance, \$19,681.24; debenture interest, \$13,714.97; debenture principal, \$4,774.06; total, \$92,799.80; school grant, \$15,754.31; net cost, \$77,045.49.

1926—Salaries \$54,930.10; maintenance, \$16,366.39; debenture interest, \$13,422.04; debenture principal, \$5,104.64; total, \$89,823.17; school grant, \$16,534.83; net cost, \$73,288.34.

1927—Salaries, \$53,004.35; maintenance, \$20,137.88; debenture interest, \$12,911.60; debenture principal, \$4,602.90; total, \$90,656.73; school grant, \$16,759.20; net cost, \$73,897.53.

1928—Salaries, \$54,628.39; maintenance, \$19,376.48; debenture interest, \$12,439.27; debenture principal, \$4,774.06; total, \$91,218.20; school grant, \$18,148.40; net cost, \$73,069.80.

1929—Salaries, \$60,502.10; maintenance, \$26,552.87; debenture interest, \$12,152.81; debenture principal, \$5,055.52; total, \$104,263.30; school grant, \$19,114.80; net cost, \$85,148.50.

1930—Salaries, \$66,204.80; maintenance, \$19,190.28; debenture interest, \$11,849.50; debenture principal, \$5,055.52; total, \$102,299.90; school grant, \$19,114.80; net cost, \$83,185.10.

Crisis In Economic Conference Is Still In Existence Today

Next Move on Problem up to United States, it is Indicated, Following Series of Unsuccessful Conferences

LONDON, June 30: (Canadian Press)—The deadlock over currency stabilization remained unbroken tonight after a series of conferences attended by leaders of the world economic conference. The next move was said to be up to the United States government and, as far as that country was concerned, it was said in official quarters

FINN TALKS ON SCIENCE

Director of Experimental Station Tells of Work of Recent Pacific Congress

In opening an address on the recent Fifth Pacific Science Congress, held at Victoria and Vancouver, D. B. Finn, director of the Prince Rupert Fisheries Experimental Station, at yesterday's Rotary Club luncheon, mentioned that, while at most of the big conferences the delegates were there to try to secure advantages, the science congress was an effort in co-operation in matters that influenced the lives of the people.

That there was no intention of agreeing to any action at the conference that would interfere with President Franklin D. Roosevelt's domestic economic recovery program. Raymond Moley, assistant secretary of the treasury for the United States, arrived here yesterday to join the United States delegation at the conference. A statement was made last night that some progress had been made towards currency stabilization but, apparently, not much success was attained today.

DROWNING OF PRIEST

Rev. Father P. J. McGuire Loses Life While Fishing Near Cranbrook

CRANBROOK, June 30: (Canadian Press)—Rev. Father P. J. McGuire O.M.I., aged 57, well known Roman Catholic priest in British Columbia for the past eighteen years, was drowned Wednesday while fishing on Smith Lake, four miles from here, when his canoe overturned.

RAIL HEAD MENTIONED

MORE RAIN IS NEEDED

Crops in Northern Prairies Are Making Excellent Progress

WINNIPEG, June 30:—Southern and central portions of the prairie provinces need more rain but the northerly sections are making excellent progress, according to the weekly crop report of the department of agriculture, Canadian National Railways. In Manitoba the grasshoppers are doing some damage and crops at some points are showing signs of damage from drought. The Dauphin and Swan River areas report weather warm with numerous local showers and moisture is abundant. Fifty percent of the wheat is in shot blade and coarse grains are making satisfactory progress. The hay crop is expected to be exceedingly good and cutting should commence in a week's time. Along the Portage and Brandon divisions weather has continued warm with local showers. Grasshopper damage is reported at certain points but more rain would assist in combatting this pest as well as being most beneficial to the growing crops. The Lampman, Central Butte and Qu'Appelle subdivisions in Saskatchewan report weather warm with a few local showers and one heavy rain. Grasshoppers are becoming thick in some districts and doing considerable damage to the growing crops, especially on lighter land or stubble fields. In Central Saskatchewan varying amounts of damage from heat and lack of moisture are reported. Crops have suffered through forced growth and precipitation at this time would greatly improve the outlook.

The economic value of all scientific work was kept to the fore particularly in relation to industry. There was a greater effort to make scientific information available to the public and great stress was laid on the work in connection with metals.

At the conclusion, Mr. Finn was thanked by President Woodland for his very interesting address.

DOMINION'S BIRTHDAY

Tomorrow we all celebrate the birthday of our country. It is a public holiday but as we set out to enjoy it only a few remember what is the significance of the annual event.

In Canada we have a huge country only partly populated. We have greater individual freedom than in most countries and probably greater than in any country in the world. With all its defects few systems of government have in the past worked better than ours, although we have to admit that it can yet be greatly improved.

As a member of the British Commonwealth of nations we find ourselves associated with a group of free countries with institutions and people very similar to our own and mostly coming from the same British parent stock.

In Canada a number of our people are not of British origin but most of the younger generation are educated and brought up to respect British ideals, to speak the English language and to live as British citizens. When they came to Canada they knew they were coming to a British country and had to expect that they must be British if they came here. The majority are doing this.

When the Dominion of Canada was formed, British Columbia was not a part of it. She joined the confederation a few years later and since that time has become thoroughly Canadianized. Today we are all Canadians together, whether of British, American, Scandinavian, Italian or of whatever extraction we may be. We are building a new nation in which it is hoped we shall take the best from each country. Our country is already the fifth commercial nation in the world and there is no good reason why we may not before long lead in trade and commerce, in world influence and most important of all, in good citizenship.

UNEQUALLED PROSPERITY

Colonel J. W. Nicholls, addressing the Gyro Club this week, prophesied that, within a short time, there would be a period of prosperity unequalled in the history of the world. Doubtless he is safe in the prediction. We are all looking forward to that period.

A visitor from Toronto this week said he expected to see a considerable improvement in the fall. He probably is also correct. With the price of wheat at a fairly good figure, farmers will need lumber and this will tend to keep our mills busy in Northern British Columbia. The mining revival is well under way. Fish prices are good and there seems to be everything necessary to make good business in Prince Rupert in the fall.

There will be much less unemployment during the coming winter than in the last and it is possible there may be very little except as a result of the usual seasonal occupations.

Carnera New World's Heavyweight Champion

Italian Wins Title From Boston Gob by Knock-out in Sixth

Jack Sharkey Meets With Disaster as Result of Two-Fisted Attack With Devastating Right Upper-Cut After Having Built Up Margin of Points

NEW YORK, June 30: (Canadian Press)—Primo Carnera, gigantic Italian heavyweight, knocked out Jack Sharkey of Boston, the title-holder, in the sixth round of their scheduled fifteen round battle here last night to win the world's heavyweight boxing championship. The knock-out occurred after two minutes and fifty-seven seconds of fighting in the sixth round when Sharkey, after having been forced to his knees with a fierce barrage of right and left swings, was caught off his balance and sent to the canvas with a devastating right uppercut to the chin for the count of ten.

The champion, who had forced the fighting up to that time in spite of a sixty pound disadvantage in weight, had the better of the going until late in the sixth and seemed fairly on the way to a victory on points. Carnera had been holding Sharkey off with his long left. After Sharkey had slipped to his knees and got up again, Carnera ripped four ponderous rights to the body followed by the right uppercut.

Following his victory, Carnera received a personal message of congratulation from Premier Benito Mussolini of Italy.

TWO GAMES LAST NIGHT

Playing two City League softball games last night the Kalens beat the Royal Canadian Naval Volunteer Reserve 5 to 3 and the Empress 13 to 5. In the first game both teams played good ball. In the second game there were many errors. The Empress tried out three pitchers, Dominato, Yager and Stinach but the eight runs the Kalens got in the third inning probably disheartened the Empress players.

The standing for the first half of the season:

	W.	L.	Pct.
Elks	7	3	.700
C. N. R. A.	6	4	.600

LEGION IN CUP FINAL

Defeated C. L. D. L. Last Night, Qualifying to Meet Regiment For Dominion Day Trophy

Canadian Legion defeating Canadian Labor Defence League by a score of three to nil last night qualified to meet Regiment at the Dominion Day celebration tomorrow in the final for the Dominion Day football cup. It was a well-contested game but the best team won.

Score at half time was two to nil for the Legion. Goal scorers were "Sonny" Dickens, two, one on a penalty, and Smith.

Chief Petty Officer Instructor Anslow R. C. N. V. R. made his debut as referee and gave satisfaction. Linesmen were James Kelly and Bill Vance.

REGIMENT LINE-UP

The Regiment line-up for Dominion Day Football game is announced as follows:

Smith; Blake and Davies; Wingham, Thurber and Hill; Norrington, Colussi, Christison, De Jong and Edgcombe.
 Reserves—Greer and Veitch.

Mrs. C. H. Orme and two children are leaving on tonight's train to spend a holiday camping at Lakelse Lake.

W. G. McMorris, general manager of the Southeastern mine at Skidegate, which is under development by the Kitsault Eagle Mills Ltd., arrived in the city on the Prince George this morning after a trip to Vancouver on business in connection with the financial affairs of the mine and will proceed to the islands on the Prince John tonight.

Primo Takes A Tip

Primo Carnera, the Italian giant who won the world's heavyweight title from Jack Sharkey, the Boston gob in New York last night, is seen here taking a few pointers from Jack Dempsey (right), who is in the promoting game in a big way.

Sockeye Salmon Run is Fair and Normal—Halibut Landings Still Ahead of Last Year—Local Boats On Pilchard Packing Charters

In view of cool and cloudy weather conditions which were not favorable to fishing and for this time of year, the run of sockeye salmon on the Skeena and Naas Rivers is fair and normal, it is stated in official quarters. Particularly if weather improves it is expected that there will be a considerable improvement by mid-July. Meantime the gillnetters are catching from one to twenty-five fish per day with the boats averaging nine or ten fish. Latest reports from the southern portion of No. 2 fishing district are to the effect that the boats are averaging four or five fish.

With some boats having moved out and some licences being cancelled, the total number of fishing licences on the Skeena River now is just under 1100, the limit before imposition of an additional twelve hours of weekly close season. The weekly close season is now from 6 p.m. Friday until 6 p.m. Sunday.

Our redoubtable friend, Capt. Paul Armour, head of the Armour Salvage Co., returned to town on Tuesday night's train after seeing

can fish and 5c and 3c for Canadian.

With the vessel not required for the owners' New Massett salmon cannery which is not in operation this season, the Massett Cannery Ltd. has secured a salmon packing charter for its cannery tender Jew-way on the West Coast of Vancouver Island and the vessel left Prince Rupert yesterday to take up the work. Capt. Johnny Hartlin was in command with Fred Brooks-bank shipping as engineer.

There is still a good demand for red spring salmon and the wiser of the trollers on the principal grounds are making the most of the good prices while they last. Some of the boats are cleaning up nicely although that does not mean that they are not all working hard for everything they get. Up to 8c is reported to have been paid during the past week at North Island. Nelson Bros. Ltd., packing into Seattle, Edmund & Walker, to New Westminster; the New England Fish Co. to Butedale, and the Canadian Fish & Cold Storage Co., to Prince Rupert, are still the principal purchasers.

Latest reports from the Queen Charlotte Islands are to the effect that the most of the vessels of the Skidegate fleet, which had been operating on the Hippo Island grounds, have now moved to North Island where there is a better run.

Spectacular Film Here for Week-End

Huge Ape Featured in "King Kong" at Capitol Theatre—Story is Thrilling

"King Kong" a thrilling, ima- ginative story of how a prehistoric ape is discovered, taken captive and brought to New York where it es- capes its captors, throws the metro- polis into a panic and creates tre- mendous devastation, the tale be- ing a pigment of the imagination of the late Edgar Wallace, famous English novelist, is the week-end feature on the screen of the Capitol Theatre here.

Fay Wray plays the part of a girl whose frail, golden beauty so en- trances the great beast that his heart for the first time in his mil- lions of years of existence knows an emotion of tenderness and love. It is on the girl's behalf that he fights prehistoric 'dinosaurs and panics the great city. Robert Armstrong and Bruce Cabot, as two adventurers, have the principal supporting roles.

Hazel Hill, Howard Robertson, Ri- chard Fong.

Halibut landings at the port of Prince Rupert for the 1933 season up to and including yesterday totalled 6,940,000 pounds as compared with 5,208,350 pounds up to a corresponding date last year. This year's landings from Canadian boats has reached a total of 3,860,300 pounds in comparison with 2,105,750 pounds last year while American landings this year have aggregated 3,850,700 pounds as against 2,959,900 pounds last year. For the week ending yesterday landings amounted to 331,500 pounds of which 215,500 pounds was from Canadian vessels and 126,000 pounds from American. Prices remained steady during the week with the best bid for American fish 7.3c and 4c which the Midway received for 14,000 pounds and the top price for Canadian fish 5.5c and 3c which the Margaret I and R. W. received for catches of 19,000 and 13,500 pounds respectively. Low prices of the week were 6c and 4c for Ameri-
