FINANCING OF WORKS

Senator Pat Harrison Would Tax Stock Turnover and Increase Gasoline Impost

WASHINGTON, D.C., June 6-Senator Pat Harrison of Mississippi, chairman of the Senate finance committee, at the end of the week made public details of a plan by which he would finance the proposed \$3,300,000 national public works program by imposing a one-tenth of one percent tax on stock sales according to par value and increasing the gasoline tax by 1/2c. per gallon. It is estimated that, as a result, \$227,000,000 annually would be raised which would be adequate to finance the program. The plan eliminates necessity of increasing the income

JIM'S AND AMY'S BIG FLIGHT

Prince Rupert people will follow with more than usual interest the latest seemingly madcap adventure of Jim and Amy Mollison who are leaving England for a flight to New York, thence returning across the Atlantic Ocean, on Carl Andreas Strand, Elias L. Zadto Bagdad and home again. They are essaying to fly 12,000 jorzny, Nels Carlson, Anton Carlomiles with only two stops enroute. It is going to be a big vich and Welimir Misich. job and luck will have to smile on them again, as it has often done on both in the past, if they are to be successful and come safely through.

Incidentally, although each of them has a number of en- also from the Smithers registry, was viable individual long-distance flight records to their cre- set for hearing June 20. dit, this is the first spectacular air jaunt they have attempted together. They start out, at least, with the proven endurance and flying skill of both to help them along.

They announce that, if they make it this time, it is their intention to tempt fate no longer on such adventures but to settle down quietly like the rest of young married folk. And we would say that the accomplishment of such a feat as they are now essaying should be a fitting achievement with which to culminate their spectacular young aerial careers.

Good luck, Jim and Amy!

Of Butze Rapids Trail is Cleared

Led by T. Ross MacKay, a volunteer crew of six local citizens put in a good afternoon's work on Saturday starting clearing of right of way for a proposed trail from the Kaich Island Highway towards the scenic Butze Rapids. The total distance is about onehalf a mile, a wide swatte having been cut; out on Saturday for about half that distance. Another Canadian Legion Picnic, Digby crew of volunteers will continue the work on Saturday next. Following the cutting out of the Moose Picnic, Digby Island, July right of way, the plan is to build a good trail.

FUNERAL OF DAN FOSTER

Smithers Paid Tribute Last Thursday Afternoon to Popular

SMITHERS, June 6-On Thursday afternoon from the United Church here, the funeral of the late Daniel Lawrence Foster, son of Mr. and Mrs. Frank V. Foster, was held, Rev. D. Donaldson conducted the service at the church and also at the graveside. The pallbearers were Cecil Steele, Mike 'O'Neill, Harland Lewis, Alfred Bamford, Pat Carr and Melvin Raymond. The funeral was one of the largest ever seen in Smithers and the floral tributes were exceptionally numerous and beautiful. Tributes were sent from many in Smithers and from many outside points. There was also quite a large number of friends of the young man and of the parents from outside points.

Danny was stricken some two weeks ago with a malady which the doctors were unable to cope with, and the young man became weaker until Sunday evening when he passed away.

Dan was first prize baby at a Fall Fair show in Prince Rupert nearly seventeen years ago. He developed into a big and strong boy being over six feet in height and was quite an athlete. He was active in hockey as a defence player. played first base in baseball and excelled in basketball, track events and boxing. He went to Prince Rupert this spring with the Smithers High School basketball team.

He was a willing student, taking his matriculation in the Smithers High School and stood head of the class. An active worker in Church and Boy Scout affairs, he was, in fact, a model boy, very much above the present day run of boys.

Armour, head of the Armour Salvage Co., expects to leave on Friday of this week for Vancouver with the power tug Salvage Princess. There are prospects of disposing of the two donkeys and the engine in the southern city. One of the donkeys will be taken south aboard a scow while the other as well as the engine will be loaded on the deck of the Princess. The Win nemac was used last week in bringing the donkeys into town, one coming from Porpoise Harbor and the other from Falls River.

A large party of local sport fishermen, folled by high water at Red Bluff and Lowe Inlet in their plan to enjoy some trout fishing at the end of the week, were not to be robbed altogether of the fun of their outing so, having taken along a skate of halibut gear, used that to good advantage and got considerable kick out of pulling a load of nalibut out of Grenville Channel They took no less than 400 pounds during the outing including one 'whale" which weighed over 200 pounds and which was on exhibit in the window of the Sterling Market.
