### KILLING IS PROTESTED

Germany Takes Slaying of Soldier Up Officially With Austrian Government

BERLIN, Nov. 27.—The government of Germany officially protested to the government of Austria yesterday following the shooting of an Austrian patrol of a German soldier while skiing near the border last week. The Germans claim that the soldier was on the German side of the frontier while the Austrians maintain he was on the Austrian side.

### RIVER IN ICE GRIP

Water Continues to Tighten Hold On Lower St. Lawrence

QUEBEC, Nov. 27. (CP)—Winter continued to tighten its grip on the lower St. Lawrence River at the end of the week. Ice breakers were finding it increasingly difficult to keep the channel open through the closely packed ice and eleven ships which were stranded on Saturday from Montreal were facing the prospect of being beached.

### Vancouver Wheat

VANCOUVER, Nov. 27. (CP)—Wheat was quoted at 61½¢ on the local exchange today.

### SIR ARTHUR CURRIE'S CONDITION VERY LOW; DEVELOPS PNEUMONIA

MONTREAL, Nov. 27. (CP)—Having developed pneumonia from a bronchial condition, Sir Arthur Currie, president of McGill University and commander-in-chief of the Canadian Army during the latter part of the Great War, was reported last night to be in a very low condition. The famous soldier, who has been in hospital for nearly three weeks after having been stricken with a blockage of a cerebral blood vessel, took a decided bad turn yesterday. Latest reports today were that Sir Arthur had rallied slightly under oxygen treatment and doctors were a little hopeful but conditions still remain grave.

SAN JOSE JAIL STORMED LAST NIGHT FOLLOWING DISCOVERY OF BODY IN BAY, OVERPOWERED GUARDS AND WREAKED SPEEDY JUSTICE DESPITE TEAR GAS BOMBS AND OTHER MEASURES.

SAN JOSE, Cal., Nov. 27. (CP)—Thomas H. Thurmond and John Holmes, confessed kidnapper-slayers of Brooke Hart, 22-year old San Jose youth, were lynched at 11:05 last night by a mob which broke into the jail after being repeatedly repulsed by tear gas bombs. The men were taken across the street and hanged from a tree while a crowd of six thousand persons jeered.

Hart, who was the son of Alexander J. Hart, wealthy San Jose business man, was kidnapped November 9 and, according to the confession of the abductors, was thrown into San Francisco Bay after which the kidnapers made a demand for \$40,000 ransom on the father. They said they killed Hart in order to get rid of him. Arrest of Thurmond and Holmes followed in interception of a telephone call to the Hart home in connection with the ransom demand.

#### Body Recovered Sunday

The body of Hart was recovered late yesterday in a shallow eddy of San Francisco Bay about a mile from the San Mateo-Hayward bridge over which Thurmond and Holmes, according to their confession, hurled it after they had bludgeoned the unfortunate youth into insensibility, trussed up his arms with wire and weighted his feet with concrete blocks. The body was discovered by two duck hunters Harold Stevens and Leonard Dowell who immediately reported their find to the police, the remains being positively identified within a few hours as being those of young Hart.

The conditions of the pitifully mutilated body bore out substantially the cold-blooded story of Thurmond and Holmes as to how they seized the youth and made him drive them off in his own car, later beating him over the head with the brick, tying him up and throwing him into the bay. There was a deep wound in the skull and cuts and abrasions about the arms and body although there were no weights on the feet. Sheriff's authorities declared that the finding of the body was the last link required in the chain of evidence necessary to convict Thurmond and Holmes on charges of murder and kidnapping with violence which were to have been immediately laid against the pair. Under the California state laws the charge of kidnapping with violence, as well as murder, carries with it the death penalty. It had been intimated on behalf of Thurmond that a defence of insanity would be offered while Holmes indicated that he might repudiate his confession. The pair had already been indicted on seven counts in connection with kidnapping following their confessions.

The mob of a thousand or more infuriated men were hovering all last evening about the jail in which Thurmond and Holmes were lodged, shouting vengeance from without as the prisoners cringed within, evidently fearful of what would happen should the mob be able to capture them. Armed with a baton and a club, the mob was able to get

so far as to break down the outer door of the jail about 9 o'clock but was then driven back by sheriff's officers using tear gas bombs. The guards, numbering about forty in all, were also armed with machine guns for use in case the crowd should get out of hand. However, these were not used even after the mob took full possession.

There was no intimation up to today as to what steps might be taken against the leaders of the mob which took the law into its own hands.

#### Governor Condone Lynching

SACRAMENTO, Nov. 27. (CP)—The lynching of Thomas Thurmond and Jack Holmes for the kidnapping and murder of Brooke Hart would result in fewer kidnappings throughout the country, Governor James Rolph Jr. said today. If any persons were arrested in connection with the lynching, the governor said he would pardon them.

Birch, managing secretary of the Prince Rupert General Hospital, informed the local hospital board at its meeting last Friday night in reporting on the recent convention in Vancouver of the British Columbia Hospitals Association:

Urging the provincial government to restore its hospital grant to the former basis pending the introduction of a system of state health insurance.

Reduction to one year of the period within which damage suits may be launched against hospitals in negligence cases.

Urging of the Indian Department to pay for such extras as x-ray and (Continued on Page Four)

### Gold Rushes Result of Price Rise

The recent rise in the price of gold, brought about by action on the part of President Roosevelt as part of the National Recovery Act of the United States, has spurred gold miners, prospectors and partners to redoubled efforts. Thousands of jobless in both the United States and Canada are feverishly resurrecting old mines in the hope that they will yield at least some small return for their work. The new gold program in the United States is in the hands of E. A. Goldenweiser of the U.S. treasury department, a foremost authority on gold, and Jesse H. Jones, head of the Reconstruction Finance Corporation.

## Six More Members of Legislature Will Be Chosen in Late Poll

How Two Cabinet Ministers Will Fare is Matter of Chief Concern in Voting Taking Place in Vancouver Centre and Victoria City

VANCOUVER, Nov. 27. (CP)—Polling was light in the deferred election in Vancouver Centre up to noon today. Wismer, although both are given a better than even chance to win.

### NEW GOV'T IS FORMED

Chautemps Chooses Radical Socialist Government in France

PARIS, Nov. 27. (CP)—Premier-Designate Camille Chautemps, radical Socialist leader, who accepted the invitation of President Lebrun on Saturday to form a new French cabinet in succession to Premier Albert Sarraut, who resigned on Thursday night, last night announced completion of the administrative forming task. The new Chautemps cabinet is dominated largely by radical socialists although the new Premier appealed for close co-operation of all parties in meeting the financial crisis.

Chautemps has the portfolio of interior in addition to the Premiership. Joseph Paul Boncour is foreign minister and former Premier Daladier minister of war. Chautemps was called upon by President Lebrun after former Premier Edouard Herriot had declined for the meantime the invitation to become premier. It is believed in some quarters, however, that Herriot will assume the premiership in about three weeks with a strong cabinet and that Chautemps' is merely a "stop-gap" administration.

### STATEMENT EXPECTED

Washington and New York Looking For Announcement on Roosevelt Fiscal Policy

NEW YORK, November 27.—Following a week-end conference at Warm Springs between President Franklin D. Roosevelt and his new Secretary of the Treasury, Henry Morgenthau, Jr., New York and Washington were expecting an important announcement today regarding the administration's fiscal policy, particularly in regard to gold buying and monetary matters. It is generally expected that the President will take no notice of the criticisms which have been voiced by former Governor Alfred E. Smith and James Warburg of Philadelphia.

The President and Mr. Morgenthau spent two hours together driving in Georgia yesterday.

The chief executive also conferred yesterday with General Hugh Johnson, director, and other National Recovery Act officials in regard to nation-wide re-employment plank.

### DROWNS IN VANCOUVER

C. F. Robinson, Victim of Accident In South, Lived Here in Early Days

Word received privately in the city Saturday announced the death by drowning in Vancouver that morning of Colbourne F. Robinson, who was a resident of Prince Rupert for about three years in the early days, having been engaged in the contracting business here. Deceased left here before the war and took up residence in New Westminster, leaving there later to make his home in Vancouver. A couple of years ago or so, his widow and daughter, Gladys, paid a visit here with friends. Mr. Robinson was a charter member of Tye Lodge A. F. & A. M. here. He was about sixty years of age and was born in Chertville, Ont.

Mr. Robinson, who was in the employ of the Consolidated Coal Co. Ltd. Granville Island, was drowned in the waters of False Creek shortly before 10 o'clock Saturday morning.

He was unloading a scowload of sawdust at the company's wharf near the north end of Granville Street bridge and is believed to have lost his balance and toppled into the water.

A party of pedestrians crossing the bridge noticed a man struggling in the water. They notified police, who, with officials of the coal company, commenced a search for Robinson.

Dragging operations were commenced immediately by police and the body was later recovered.
