PRINCE RUPERT, B.C., TUESDAY, MARCH 14, 1933

PRICE: FIVE CENTS

GREAT RAILROAD MAN DIED TODAY

BRITISH SUBJECTS ARRESTED BY RUSSIAN SECRET POLICE

Sir Henry Thornton Died in New York This Afternoon Too Late to Receive Labor Leaders' Honors

LIVING COST IN RUPERT

Cheaper to Live Here Than in Victoria, According to Investigation Made by Mayor

The cost of living in Prince Rupert is less than in the city of Victoria but eight percent higher than in Vancouver, according to an investigation made by Mayor Stephens recently for the benefit of the relief committee at Victoria. The inquiry was based on the cost of standard articles of diet.

The Mayor reported this to the city council last night and also took up the question of the amount of relief in this regard he was told that the government did not know where the next relief payment was coming from.

In answer to Alderman Casey the Mayor said the payment for clothes made by the city last September had not yet been settled. The investigation had not been completed. Apparently the matter had been forgotten at Victoria. The amount was \$2,000 for which the city had provided the money and could not now collect.

Pattullo Backs Up Conservative Member in Legislature and Says If Elected He Will Reduce Interest

VICTORIA, March 14.—T. D. Pattullo, in the Legislature yesterday, declared that British Columbia was drifting into default or greatly curtailed public services and chaos. All governments were in the same position in that respect. But there was one alternative, Mr. Pattullo said and that was revision of the interest rate. If the federal government would not take the initiative in this connection the province must, and if elected he pledged his government to do so.

PLEADS FOR UNION GOVT.

R. W. Alward of Prince George Suggests This is Time of Crisis

VICTORIA, March 14.—R. W. Alward, Conservative member for Fort George, ended the debate on the address in reply to the Speech from the Throne, in an appeal for union government. The Fort George member said that union government was necessary at the time of Confederation and during the Great War, but never before had such an economic emergency arisen as now, and the time had come for another united effort on the part of all parties to overcome the depression.

Euremic Poisoning Followed Abdominal Operation of Last Week—Recently Was Called on For Advice by President of U. S. in Regard to Railways

NEW YORK, March 14.—Sir Henry Thornton, former president and general manager of the Canadian National Railways, died here early this afternoon following an abdominal operation, which was performed last Wednesday. He was unconscious for several hours prior to his death, suffering with pneumonia and euremic poisoning.

Since his retirement from the Canadian National Sir Henry had been much in the public eye and recently was sent for by President Roosevelt with whom he talked over railroad problems of the United States, particularly labor questions.

Sir Henry's illness came just as the leaders of the American Federation of Labor were joining with Canadian labor heads in the organization of a testimonial dinner at New York, a unique honor. He had just returned from Cuba when he had the operation necessary.

Major-General Sir Henry Worth Thornton, K.C.B.E., was appointed head of the Dominion Government's system of railways early in October, 1922. The announcement of his appointment as chief executive of the various units comprising the government-owned railways—the Grand Trunk, Grand Trunk Pacific

Canadian Northern, Transcontinental and Intercolonial—was made by Premier Mackenzie King at Ottawa on October 4, 1922.

"This country is exceedingly fortunate to get a man whose employees have worked for him with good will and efficiency," said Premier King on that occasion, "a man whose integrity and high standards of life cannot be surpassed, who enjoys the confidence of the labor leaders in England, and who deals in the open with his cards on the table."

At the time of his appointment to the important position in Canada Sir Henry Thornton was general manager of the Great Eastern Railway in England, which position he had occupied with distinguished success for more than eight years.

Sir Henry's first experience at railroading was gained on the Pennsylvania Railway.

In addressing the Canada Club of London at the club's farewell dinner in his honor Sir Henry said such an adventure as government ownership of railways, as a rule, had not been successful in other countries, but there was no reason why government ownership of railways should not be successful if the administration of the railways were handled on a businesslike basis and kept free from political interference. He intimated that in the case of the Canadian National Railways there was not going to be any political interference.

Sir Henry Thornton married in 1901, Miss Virginia Dike Blair, of Newcastle, Pa., daughter of George Blair. There are one son and one daughter. A few years ago he was divorced from his first wife and remarried.

APPEAL MADE IN COUNTY COURT

Assessment of Power Company Being Argued Before Judge Fisher This Afternoon

The case for the appeal of the Northern B. C. Power Company against the assessment of the city on their plant, came up this morning in county court before Judge Fisher, L. W. Patmore for the company and E. F. Jones for the city.

The company put in its evidence to show that the transformers were not city improvements according to the meaning of the Act and therefore could not be assessed.

Argument is taking place this afternoon. Further appeals will be up tomorrow on behalf of Max Hellbroner and the Capitol Theatre unless settled out of court previous to trial.

Died at New York Today

SIR HENRY WORTH THORNTON

Former president and general manager of the Canadian National Railways.

Six British Subjects Arrested in Russia by Secret Police Liberated Today But Cannot Leave Moscow

MOSCOW, March 14.—Six British subjects and 25 other employees of the British Metropolitan Vickers Electric Company, who were arrested by secret police, were released today but forbidden to leave Moscow.

The Telegraf Union News Agency said there was an investigation into charges that the Englishmen were participating in sabotage damaging to the interests of the state.

EDMONTON WINS FROM VANCOUVER

First of Two-Game Series Played Last Night For Right to Meet Calgary

VANCOUVER, March 14.—Edmonton Eskimos defeated Vancouver Maroons four to two last night in the first game of a home and home two-game series, the total number of goals to count. The winner of this series will play Calgary for the hockey championship of Western Canada.

MAYOR TOLD OF WORK AT CONVENTION

Recommendations Made to Government But No Information As to What Was Likely To Be Done

At the meeting of the city council last night Mayor Stephens outlined the work that had been done by the Union of B.C. Municipalities at their convention but he did not know what reception the delegation had been given by the Government in presenting the report to it.

The mayor had been a member of the resolutions committee of the convention and he explained that the resolutions sent in from various centres had in many cases combined. In many cases their desires were the same. They had asked for relief from social services and other taxation including hospital upkeep. The proposal for a referendum in regard to a one or two year term for aldermen was adopted.

It was asked that municipal elections take place around the first week in December so that the new councils could take charge at the beginning of the year.

It was also asked that a Dominion plebiscite be taken in regard to hospital sweepstakes.

It was asked that the rule of the road be changed to provide that where there is no sidewalk, pedestrians should walk on the left side instead of the right.

For this year it was asked that the Government cut in half the penalties on delinquent taxes where properties are about to go on the sale list.

Approval was given a request that school expenditures should come under control of city councils.

VANCOUVER WHEAT

VANCOUVER, March 14.—Wheat was quoted here today at 49½¢ a bushel.

Asked Mayor to Be Intermediary In Anyox Strike

At the meeting of the city council last night Alderman Casey asked the Mayor if he would undertake to approach the management at Anyox with a view to getting a settlement of the strike, not taking either side but just for the sake of preventing friction and giving other local men an opportunity to go to work at the mining camp. At present they could not do so at the risk of being branded by all workmen.

The Mayor promised to investigate the conditions under which the strike was called and he would base his decision on the report he received from both parties to the dispute.

The matter came up when Mr. Lindsay of Anyox reported that there was nothing to arbitrate as the mines were now working and the men who had left had been dismissed.

The local strikers reported that they were always willing to discuss the situation.

Killed When Auto Skidded

John J. Wilson and Alex Yeats Both Met Death in Accident

CALGARY, March 14.—John J. Wilson, 65 years of age, president of the Arctic Brotherhood, and Alex Yeats, a building contractor, 47 years of age, were both killed when the auto in which they were driving skidded on the bridge over the Arrow River, near High River, and dropped 15 feet to a frozen creek bed.

J. Wilson was the sergeant in charge of the first R. N. W. M. P. detachment at Dawson City when the post was first established in the early nineties. He served with this police force for twenty years.

CONFIDENCE IN BANKS

More Deposits Than Withdrawals At San Francisco Yesterday on Reopening Day

SAN FRANCISCO, March 14.—There were more deposits than withdrawals of money from the National banks which reopened yesterday morning. A large volume of business was transacted and a new spirit of confidence seems to have been inspired by the fact that the federal government is backing the banks.

A great deal of gold was deposited.

BEER BILL TAX HIGH

WASHINGTON, March 14.—The tax on beer as provided in the bill passed by Congress at the request of the president for a tax of \$5.00 a barrel on beer and \$1,000 license fee on brewers. This, it is expected, will amount to \$125,000,000 in the year.

Under the Volstead Act it is possible to sell beer containing 3 2-10 per cent. alcohol.

ECONOMY BILL

WASHINGTON, March 14.—The opposition of the veterans to the administration's economy bill was overcome yesterday and the measure passed.

The Cape Beale with 43,000 pounds of halibut and the Capella L, with 14,000, arrived in port this morning and are holding until tomorrow.

COMMITTED FOR MURDER

VICTORIA, March 14.—Mr. and Mrs. George Lovatt have been committed for trial on the charge of murdering Charles Coulson.

Five Boats Will Make Alaska Run During Summer

VICTORIA, March 14.—Five Canadian ships will operate to Alaska, but will sail direct from Vancouver for the north. They will be the Princess Norah, the Princess Alice and the Princess Louise on the Canadian Pacific fleet and the Prince Rupert and the Prince George of the Canadian National fleet. The ss. Prince Robert will remain tied up in Vancouver this season.

Canadian Pacific Railway Decides To Omit Dividends For Last Period 1932 Owing to Decreased Earnings

MONTREAL, March 14.—Directors of the Canadian Pacific Railway yesterday approved a preliminary financial statement for 1932 showing a surplus of \$1,007,887 after fixed charges had been paid but without providing for pension fund withdrawals and preferred dividend.

It was announced that the result of the year's operations "preclude any further dividend distribution for the year 1932 to either preferred or ordinary stockholders."

BUYS A NEWSPAPER

The Vancouver morning newspaper has been purchased by H. B. Thompson, R. Rowe Holland and others and it is understood it will be opposed in policy to the present Tolmie government and will favor the return of the Bowser faction of that party with such Liberal following as it can induce.

According to the Victoria Times the paper will work in close co-operation with the Conservative party at Ottawa, which is also said to have given its blessing to the Bowserites in their effort to oust the Tolmieites and keep out the Liberals.

Mr. Thompson is a lifelong Conservative. He was years ago a member of the wholesale firm of Turner-Beeton of Victoria. Later he was closely associated with the Conservative government of Sir Richard McBride as member for Victoria. During the war he was food controller and until recently was at the head of the Liquor Board. He lives in Victoria and says he will continue to reside there and direct the policy of the newspaper from the capital. He is now connected with a brokerage firm in Victoria.

INFLATION OF DOLLAR

It is sometimes denied that there has been inflation of currency in Canada, yet "Canadian Business," the official organ of the Canadian Chamber of Commerce, objects to any further inflation. It says that the discounting of \$35,000,000 in treasury bills last November was an act of inflation. Government budgets not being balanced is equivalent to inflation. Heavy government borrowing is also a type of inflation.

Evidently Canada has already inflated its currency to some extent, thus accounting for the discount against this country in the United States. This makes it difficult for Canadian municipalities to pay their debts in New York. It is not the fault of the municipalities but of the government of Canada that there is a heavy discount on the Canadian dollar, therefore the government should protect the municipalities when they have to pay.

WHAT'S WRONG WITH DUGALD?

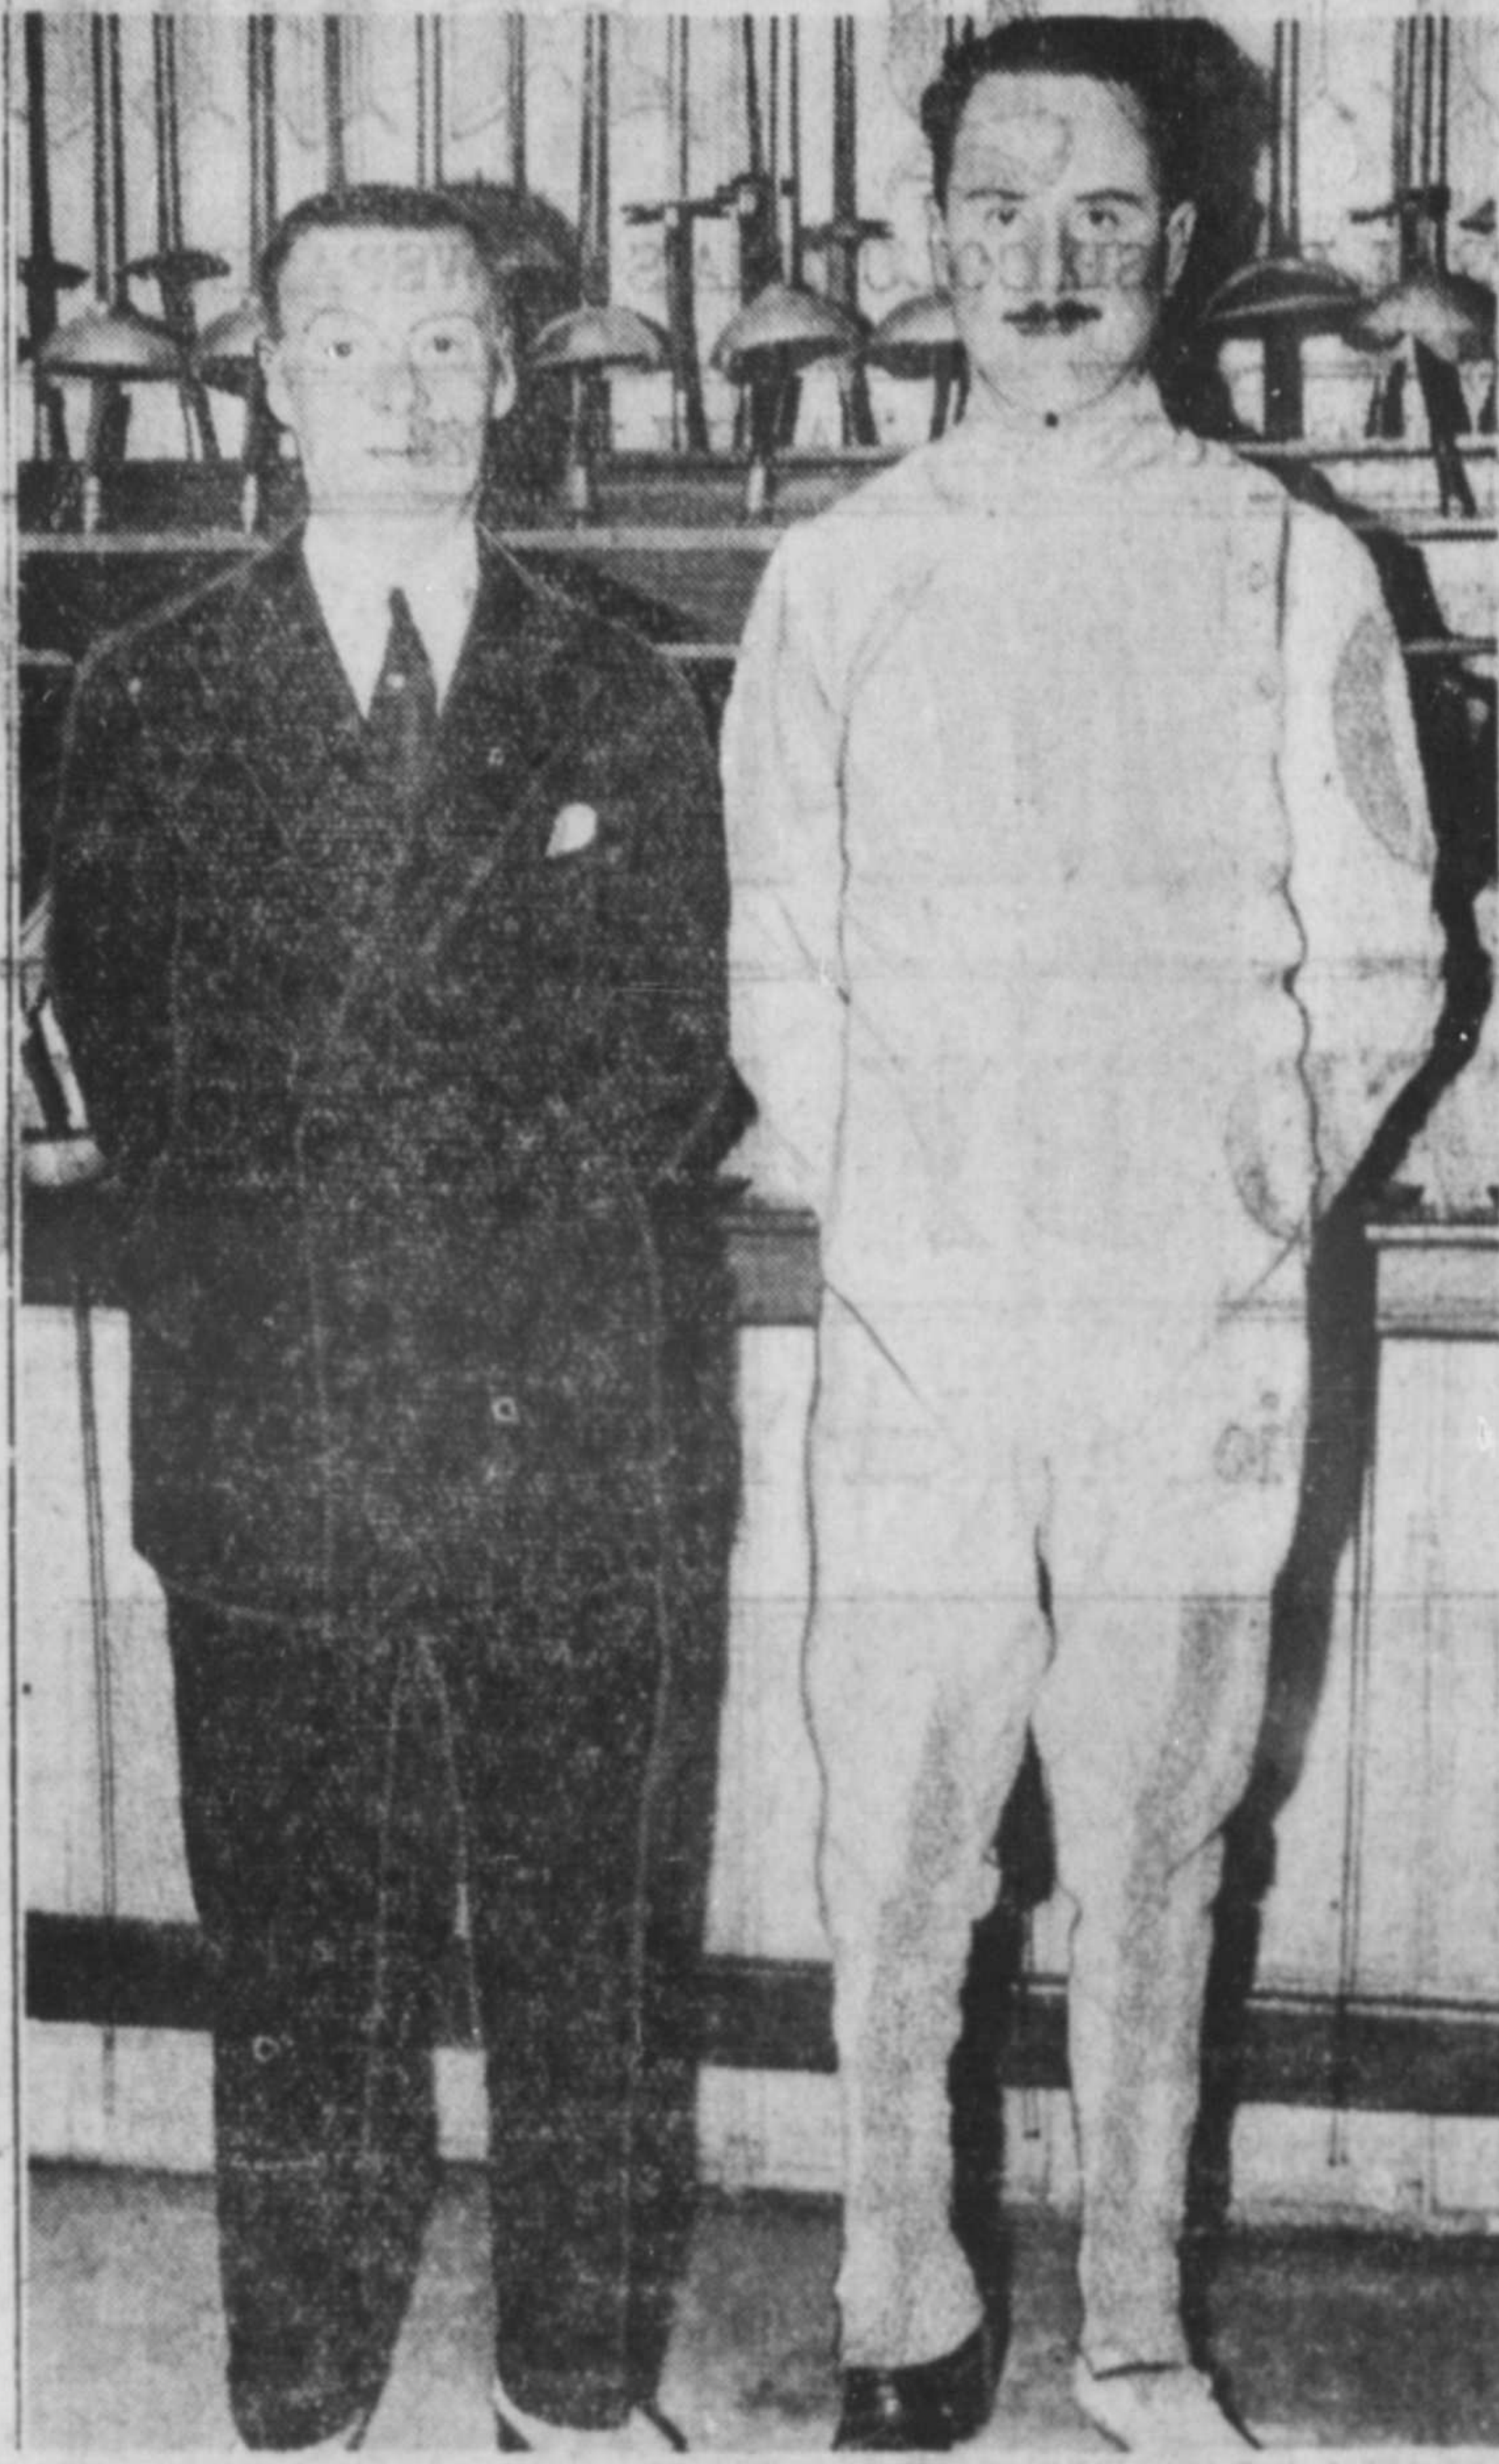

When it was announced that Dugald Donaghy was prepared to desert the Liberal party and throw in his lot with his old friend, W. J. Bowser, many people wondered what was wrong with him. They knew he had been on Mr. Bowser's patronage list years ago, the only Liberal on the list, but they could not quite understand his latest move. Then they heard he was to be married and that settled it. He had lost his mind.

Champion Texas Long Horn

You'll pardon Big Bill if he blows a bit you see he's the champion long horn. Monte Beyer says Bill comes from the wide-open spaces of Texas where a big horn means more than a little toot

Sia Oswald Mosley Is Fencer'

Sir Oswald Mosley, leader of Britain's "Fascist Black Shirts" (in white), took part during a fencing tournament at Paris, recently. He is shown here with Lucien Gaudin, the famous French fencing master

LAST SPEECH OF DR. WRINCH

Member for Skeena Will Not Again Take Part in Debate on Address in Legislature—Eulogium By Scribe

The parliamentary correspondent of the Victoria Times speaks highly of the retiring member for Skeena, Dr. Wrinch, in an article in that paper. He says:

Dr. Wrinch of Skeena used the first full hour in one of those thoughtful, unpretentious speeches which he has been making here for the last nine years, but will make no more. He has decided to go back to private life, even though he could be elected in his riding without raising a finger. The House, which has perhaps given him more general respect than it has accorded any member of late years, will be sorry to see him go. He will be one of many, but one of the few who will go of their own accord, without regret.

The missionary doctor of old Hazelton, the man who has cared for the bodies and spirits of the pioneers and the Indians since the early days, is no practical politician, willing to trade and bargain for success. He takes party doctrines and principles seriously. Standing thus firm on his Liberal principles, he is opposed to any union with Conservatism. Quite honestly and without any hope of personal advantage, he believes in the party system, sees no hope of welding together the irreconcilable elements of Conservatism and Liberalism.

Economics

With plenty of time to think and read deeply on his bill at Hazelton, Dr. Wrinch has pondered the general economic situation and come to certain conclusions. Very fairly he refused to blame any government for our troubles. For the depression he excused the Tolmie government altogether, and the federal government also. But he could not excuse them if they didn't do something about curing it, for the cure obviously must come from governments. It wouldn't come from anyone else.

The remedy, as Dr. Wrinch conceived it, was not to take money away from people who had plenty and to distribute among the rest of the population. It would only accumulate in clever hands again. Work must be provided, instead, for idle hands, and, secondly, agriculture, the foundation of every nation, must be restored. So long as a man could take twenty sheep to town and get only one suit of clothes in return, said Dr. Wrinch, the country could never prosper.

He proposed—and apparently spoke for the Liberal party—a provincial board, representing producers, consumers and middlemen to fix prices of agricultural products, so as to guarantee the farmer a return for his labor. He admitted

when questioned by Mr. Bruhn that this was a difficult matter, since outside goods could come here, but this was a detail which a strong government could work out.

To start works for the unemployed Dr. Wrinch boldly proposed inflation of Canadian currency sufficient to provide the necessary funds. This he did not consider dangerous inflation, since there was less money in circulation in Canada now than twenty years ago, when business was a fraction of its present volume. Only such national action, he believed, could get the wheels of industry turning again.

Inhuman

Again speaking for the Liberal party, Dr. Wrinch called the incidence of one per cent tax "cruel and inhuman" as applied to small wage earners, like one of his nurses, who earns \$60 a month, supports a family of 11 and pays 85 cents to the treasury. Deputy Speaker Twigg ruled that it was out of order to call any law of this Legislature "cruel and inhuman" and said it had nothing to do with the debate on the Speech from the Throne anyway—a remarkable ruling since no one has talked on the Speech from the Throne for two weeks. If it were necessary to confine oneself to it, indeed, there could be no debate whatever. Mr. Pattullo said as much, but Mr. Twigg refused to argue and the debate went on, as usual, having no relation to the subject being debated.

Took Dig at City Council

Alderman Casey Inquired Who Got Reduction in Assessments at Court of Revision

Alderman Casey at the city council meeting last night could not pass up an opportunity to take a dig at members of the council at getting their assessments reduced at the recent court of revision. It came up in connection with applications for water privileges. Mr. Worsfold applied for a reduction in rate on his place at Seal Cove. He was not allowed to address the council but was told to first take the matter up with the chairman of the committee. Then came a recommendation for a minimum charge for water at the Canadian Steam Laundry during the time it was closed.

Alderman Casey at once suggested that here was a wonderful parallel and what would they do? The difference was pointed out but Mr. Casey insisted that an alderman could get consideration and asked who on the council got the reduction in their assessments?

The laundry was given the minimum of \$3.00 a month asked for and the Mayor said he objected to throwing personalities for the benefit of the crowd. Aldermen Pillsbury, Black and Rudderham all said they thought the proposed water charge a fair one.

E. G. Newnham at Campbell River

Former Indian Constable at Naas River Now at Alert Bay—Had War Record

CAMPBELL RIVER, March 14.—A recent visitor to Campbell River, who was the guest of J. McCarthy, president of the Campbell River Board of Trade, was E. G. Newnham, acting Indian Agent at Alert Bay, successor to W. M. Halliday who has retired and is now residing in Victoria.

Mr. Newnham, whose appointment is not yet confirmed, took up his duties at Alert Bay last fall, after lengthy service with the Department of Indian Affairs in the north. He first gained his experience of Indians, while serving in the Royal Northwest Mounted Police in Saskatchewan and Alberta and left his post in Northern Alberta to rejoin the Imperial Army, in which he had previously served in different parts of the Empire, before coming to

Children's Sweaters

BOYS' & GIRLS' PULLOVER SWEATERS—Veeneck or polo collar styles in a pleasing assortment of shades 98c

WALLACE'S

Phone 9 Third and Fulton Sts.

Canada, on the outbreak of war. His war service was long and he was wounded and decorated for bravery in the field.

After the war he returned to Canada rejoining the Royal Northwest Mounted Police, and sustained injuries during the riots at Winnipeg in 1919. Subsequently exchanging to the Indian Department he served as Dominion constable in the Naas River area for over ten years where he was active in adjusting land troubles between white settlers and Indians. Since coming to the south he has created a favorable impression and the many friends of both Mr. and Mrs. Newnham throughout the province are hoping that the appointment will be made permanent.

Superintendent Massie's report on the telephone department read at the city-council meeting last night showed a surplus of \$716.43 for the month of February.

BYLAW TO REGULATE PARADING

Permission Will Have to be Asked Once the New Regulation is Passed by Council

At the meeting of the city council a bylaw was introduced and passed through its early stages providing for the regulating of street traffic, particularly dealing with the regulation of crowds or parades.

Alderman Casey complained that the council was ever ready to pass repressive measures. He drew attention to the fact that the recent parades had been quite orderly. None had led to any disturbance. The men were compelled to bring attention to their grievances in some manner.

Alderman Rudderham asked who was responsible. He would like to know why the bylaw had been introduced.

Alderman Rochester said he was one of those responsible for the measure. He admitted that the men had been orderly so far in this city but pointed to a case in Vancouver where one ended in a riot. This city should be on the same footing as others in the matter of regulations. He could not see that anybody would be injured by the bylaw.

Alderman Rudderham took it from Alderman Rochester's remarks that parades would not be permitted after the bylaw was passed. He advised them not to curb the rights of the people. They were not interfering with anyone in parading and he did not think they intimidated anyone. He understood that good results came from the last parade.

Alderman Pillsbury said if he thought it the intention to prohibit parades he would be against the bylaw. However, the men should have to get permission from the proper authorities.

In answer to Alderman Casey, the Mayor said permission for a parade would have to be secured from the Chief of Police.

Alderman Casey moved an amendment that permission would have to be asked from the city council but got no seconder to his motion.

Rev. Father Hammond arrived from Anyox on the ss. Catala this afternoon.

PETITION

TO THE HONORABLE THE HOUSE OF COMMONS OF CANADA, IN PARLIAMENT ASSEMBLED:

WE, THE UNDERSIGNED CITIZENS of the Great Dominion of Canada, being a free and independent people, in whom resides the right of self determination, do hereby vigorously protest against the action of the Radio Commission of Canada in censoring or attempting to censor and exclude from public broadcast radio lectures on matters pertaining to the Bible and of public interest, and particularly the lectures of J. F. Rutherford, pertaining to divine prophecy. We, have faith in the Bible as the Word of God, and that it was written for the instruction of man. Many sincere persons claim that the Bible prophecies apply particularly to our day and bear direct relationship to the present world distress, and disclose God's remedy for relief. We are entitled to hear these questions publicly discussed free from all censor, otherwise our freedom is taken away. Those who object, or who may be offended by such lectures, may turn their radio dials and decline to hear.

We, therefore, demand that the Dominion Parliament take immediate action, removing from the Radio Commission the power to censor, hinder or prevent such lectures by radio and that the people be left free to determine what they may or may not hear. Men of world-wide repute and eminently qualified to explain the Bible, such as we believe Rutherford is, can be helpful to the people and we demand that our radio stations be permitted to publicly broadcast his lectures. The question is: Shall the people continue to enjoy freedom or shall a few men deprive them of their God-given rights?

City Council Regrets Death Of S. M. Newton

Mayor Stephens Attended Funeral and Saw That Flowers Were Sent on Behalf of City

At the meeting of the city council last night a resolution of regret at the death of the late S. M. Newton was passed. Mayor Stephens said he was in Vancouver at the time of the funeral and he attended and saw that flowers were sent on behalf of the city. There was a large turnout of Prince Rupert and the son and daughter of Mr. Newton who were present appreciated the interest taken.

Close Shave for Max

They took Max Baer like a sheep to a shearing recently in San Francisco, when the Livermore heavyweight was led into a room, blindfolded strapped to a chair and his mustache removed by a barber, none other than Jack Dempsey, former heavyweight champion.

British Games In England Are Planned In 1934

LONDON, March 14.—The second British Empire Games, originally awarded to South Africa will be held here in 1934 it was announced by Sir James Leigh Wood, chairman of the games committee. The first games were held in Hamilton in 1930.
Both South Africa and Australia, Sir James said were unwilling to go ahead with the organization of the event in 1934, and though Canadian officials had offered to stage the games again, they had acceded to England's wish to have them here.

Dr. Wood's A Severe Cold Turned To Bronchitis

Mr. G. M. Kunger, R.R. No. 4, Winnipeg, Man., writes:—"Last winter I was bothered with a severe cold which turned to bronchitis. A neighbor, who had been troubled with bronchitis, advised me to use Dr. Wood's Norway Pine Syrup, and I had only taken two bottles when I found my trouble had left me. Now when any of the family get a cold we just take 'Dr. Wood's' and avoid further trouble."
Price 35c. a bottle; large family size 65c; at all drug and general stores; put up only by The T. Milburn Co., Ltd., Toronto, Ont.

SPORT CHAT

Babe Ruth, who is as left-handed as any baseball player can be, writes chiefly with his right hand. But he does just as well writing with his left.

Mere bulk and weight are not sufficient to reach top heavyweight boxing honors, as witness the case of Ed Dunkhorst, the "Human Freight Car." Ed Weight 285 pounds, but he was flattened by Bob Fitzsimmons in two rounds. Other men of great size and weight, some of them pretty good fighters, who have failed to scale the heights are Vittorio Campolo, Pat Lester, Carl Morris, George Godfrey and Primo Carnera.

For 13 years George Blake has been manager of the scrappy boxer, Fidel La Barba, but in all that time Fidel has never addressed Blake as other than "Mr. Blake."

Hockey seems to be a left-handed game—that is, more than half of the 131 players on the rosters of the National Hockey League clubs are southpaw shots. In fact, 89 of them shoot left-handed. Only one goalie—"Chuck" Gardiner, of the Hawks, is a right-handed player.

From baseball to billiards, according to season, seems to be a hobby with many of the noted ball players. Max Carey, Tris Speaker, Waite Hoyt, Frank Hogan, Herb Pennock, Andy Cohen—and not forgetting Babe Ruth—are all keen billiard enthusiasts. Maybe it helps their eyes.

Given a fair amount of natural

VANCOUVER TEAM
LIKELY TO COME
MIDDLE NEXT WEEK
It is expected that the Vancouver C. N. R. A. basketball team will play the local team in the Exhibition Hall on March 22 and 23. The C.N.R. A. here expects to have definite word from Vancouver tomorrow confirming this date.

Just as good as ever, Travis Jackson, flashy shortstop for the New York Giants, had both knees operated on this winter to remove injured cartilages—now he spears 'em as well as ever

Says That They Heard Aurora

OTTAWA, March 14.—The question as to whether or not sound accompanies the aurora has been in dispute among scientists for many years and the Dominion Astrophysical Observatory of the Department of the Interior, at Victoria, British Columbia, has recently carried out an extended analysis of observations made by persons resident in Northern Canada, for the purpose of definitely ascertaining whether the sound has a real existence. Reports of auroral observations have been obtained from many officials in Government departments, including the Royal Canadian Mounted Police, the Department of the Interior, and the Department of National Defence, as well as from numerous other persons who have had unusual opportunities of witnessing auroral displays.

In all 141 communications have been received and 144 persons have reported as hearing auroral sounds. Most of the accounts are from persons whose intelligence and reliability are beyond question and while the evidence which they present indicates the sounds are heard rarely in comparison with the frequency of the displays themselves the actual existence of a sound accompanying displays of unusual intensity seems to be placed beyond reasonable doubt. The majority of observers describe the sounds as of a swishing, rustling or crackling nature.

In addition to reports on audibility a number of reliable observers report that on rare occasions they have seen auroral curtains or streamers close to the earth's surface. In a number of such cases the auroral light was seen against some background object, such as a tree, cliff or building, which would make possible an estimate of minimum height.

American Paper Tells About Mill At Powell River

The Minneapolis Tribune recently published a feature story about Powell River, a town that is owned very largely by Minneapolis interests. It tells of the activities of the late Dr. D. F. Brookes, of the Brooks Scanlon Company who took a leading part in forming the company. Dr. Brookes was the owner of the Gates Mansion on Lake of the Isles Boulevard in Minneapolis, which has recently been demolished to make way for a number of new residences. Three members of the family are still among the owners and directors of the company which owns the townsite and the big Powell River paper mill from which the Prince Rupert Daily News buys its paper.

"TILLIE THE TOILER"

A 'Return' Engagement

—By Westover.

LISTEN, MAC—I OVERHEARD WHAT THAT MAN SAID WHEN I CAME INTO THE OFFICE—WHAT DID HE MEAN BY ENGAGEMENT INSURANCE?
WHY—ER—ENGAGEMENT INSURANCE—THAT'S ALL.
I GET IT—YOU'VE TAKEN OUT INSURANCE ON OUR ENGAGEMENT—THAT'S WHY YOU AREN'T WORRIED—IF I BREAK IT OFF YOU'LL COLLECT SOME MONEY.
DON'T GET EXCITED!
YOU'RE NOT WORRIED ABOUT LOSING ME—IT'S THE MONEY YOU PAID FOR THE RING, BECAUSE YOU THOUGHT I'D KEEP THE RING IF I BROKE OFF OUR ENGAGEMENT.
WAIT
WELL, YOU WON'T LOSE A THING ON ME—THERE'S YOUR OLD RING.
