### CANADIAN PARLIAMENT ENDS WORK; WHIRLWIND FINISH

#### Ottawa House Closes Lengthy Session By Adopting Seat Bill

Liberals Oppose Redistribution to End But Are Outvoted 45 to 15—Another Sitting in Fall is in Prospect As Members Leave For Homes

OTTAWA, May 29: (Canadian Press)—With prospects of another session in the fall, members of Parliament are now homeward bound after a session lasting nearly seven and a half months. With a whirlwind finish, Parliament passed the contentious Redistribution Bill late Saturday afternoon and was prorogued in the evening by the Governor General. Liberals maintained to the end their opposition to the bill which remaps 245 constituencies but were outvoted by the government 45 to 15. The Liberals based their opposition to the bill chiefly on the grounds that many seats, particularly on the prairies, had had their boundaries changed in a manner prejudicial to the interests of their party on the basis of returns of the last general election.

KANSAS CITY, May 29.—After having been held by kidnapers for ransom, Mary McElroy, 25-year old daughter of the city manager, was returned to her parents yesterday after \$30,000 had been paid over. The first demand of the abductors had been for \$60,000 but compromise was made at half that amount. News of the kidnapping had been withheld from the public pending the return of the young woman. It is believed that the police are close to rounding up the kidnapers.

**MAHATMA GANDHI FINISHES FAST**  
\*\*\*\*\*  
POONA, India, May 29.—Surprising his physicians at his survival in spite of emaciation and even further convincing his millions of native followers that none but a "holy man" could come through such an ordeal, Mahatma Gandhi, Hindu nationalist leader, this morning completed his latest three weeks' fast. The Mahatma was in excellent spirits and his physical condition seemed to be little more impaired, physicians being confident that he would recover strength when he resumes eating. The fast was as a protest against "untouchability."

#### Farmers Evolve "Barbed Wire" Phone Service

CONSUL, Sask., May 29: (CP)—A "barbed-wire" telephone service which functions without power or other overhead expenses has served people of this district in a fairly satisfactory manner for some time. The plentiful barbed-wire fences which stretch across the countryside are used for trunk lines. A lead wire to which earphones are attached runs from the house to the fence. Wherever there are gates long poles over the gates carry the wires so there is no cut off. The only disadvantage is that one must be expecting or listening for a call. It is customary to make appointments during conversations as to what time people will be "on the fence again."

#### BIG FAIR IS OPENED

#### Toc H Members Assist Salvation Army Relief

An old Salvation Army building, which has lately been used as a store room for second-hand goods but which was too small and in very bad shape, has been pulled down by members of the Toc H and rebuilt with a donation of lumber from the Big Bay Lumber Company. The building is much larger now and in first class condition but the supply of clothes on hand is low and the Salvation Army would appreciate it very much if this supply could be replenished. On Thursday, June 1, the Army will hold a "Clothes Day" and any one having old clothes they wish to give away could phone Black 269 or write Box 237 and the articles will be called for.

#### Portland May Buy Power of Tacoma

Alternative of Erecting New and Costly Plant at Oregon City Being Considered  
PORTLAND, Oregon, May 29.—A scheme is being considered by this city whereby additional power plants would be brought here at low cost from Tacoma instead of erecting a new plant at great expense locally.

#### GRAIN BOAT IS IN TODAY FROM ORIENT

Coming here from Shanghai, the steamer Sacramento Valley arrived in port at 1:45 this afternoon to load a full cargo of grain from the Alberta Wheat Pool's local elevator for delivery, it is understood, to the United Kingdom or the Continent. The vessel was piloted into the harbor by Capt. J. R. Elfert, who picked her up at Triple Island where she arrived at 11 a.m. It is understood a pilot is to be sent here from Vancouver to take her out. The Sacramento Valley will clean up what grain remains in the local elevator, the Alberta Wheat Pool lease on which expires shortly.

#### SIMON IS SKEPTICAL

Disarmament Agreement Has Not Been Reached by Any Means Yet, Says Foreign Secretary

LONDON, May 29.—While not denying that the disarmament conference at Geneva was making much real progress, Sir John Simon, British foreign secretary, declared before the House of Commons at the end of the week that it was folly for the world to believe that the great nations were actually on the eve of a permanent disarmament agreement. There would be no such agreement until all the major nations were prepared to accept such a plan for disarmament as that proposed by President Franklin D. Roosevelt of the United States, Sir John declared.

#### BOMBSTER ARRESTED

#### Paganism Still Grips Indians

Ancient Customs Still Adhered to in Hazelton Graveyard

HAZELTON, May 29: (CP)—Under the towering peak of "Falling Rocks" mountain range, the native graveyard is a blend of Paganism and the New Faith. Though many of the Indians have been Christianized, complete miniature houses have been built over many of the graves. Clothes and belongings of the departed are placed inside. In one skirts, shoes, corsets and mirror, brush and comb are hung on the walls. In another an enlarged portrait stands against a trunk filled with garments and toilet articles. Over chiefs' graves stone poems symbolical of their clan are carved. Food is placed in the houses almost daily. It is invariably carried away by wild animals such as squirrels and rabbits, but the Indians explain the spirits get the food through the wild life.

After having served in various parts of the world, he was Norwegian minister to the United States during the Great War and for some time after that conflict. He is survived by a widow in Montreal and a grown-up family.

GENERAL AVERAGE

It must not be thought that because there was strong movement in stocks at the week-end that there will be a steady uninterrupted forward movement. There will be setbacks but the general average of advance over a reasonable period is the gauge of new values being set.

As we have said before, the stock exchange is a good barometer of what is about to happen. Before there was any depression, the stock exchange prices broke and it was some time before conditions became really bad. So the rise in price of stocks is preceding a general improvement in conditions that is coming as surely as the sun rises after it sets.

BIG JOB AHEAD

If the Wheat Pool decides to abandon the Prince Rupert elevator there will be a big job ahead of the city in trying to interest some new concern to take it over. No stone must be left unturned as soon as it is definitely ascertained what the Pool is about to do.

As a last resort it is possible that a co-operative movement to handle grain here may have to be resorted to. Advances can usually be secured on wheat so that the sum required in handling is not as great as it might seem. There is a great opportunity for some new concern to establish an export business here that will develop with the years.

TITLES ONCE MORE

There are in Canada a lot of people who would like to have titles which distinguish them as being different from the common herd. Canadian people have declared against the custom but majorities are often easily handled. They cannot be depended upon to stay with any decision. That is one of the difficulties of democratic administration. Masses of people are unstable. Today they want one thing and tomorrow something else.

It is to be hoped that the people of the west at any rate will set themselves against any revival of a custom which is a survival of the feudal days.

WEDDING IS INTERESTING

Miss Edna Dyping, Recently From Norway, Bride of John Fenness At Pretty Ceremony

A pretty wedding of much interest, particularly to the local Norwegian community, took place at 6 o'clock Saturday evening in St. Paul's Lutheran Church, which had been beautifully decorated for the occasion with spring flowers and foliage, when Miss Edna Dyping, recently arrived from Norway, became the bride of John Fenness, well known member of the staff of the Imperial Oil Co. here. The marriage ceremony was performed by Rev. P. M. Fosse and the couple were attended by Mr. and Mrs. Harold Holkestad. The bride wore a charming wedding costume of white with conventional veil and carried a lovely bouquet. Peter Lien presided at the organ and played the Wedding March. Mrs. John Murvold sang a solo and the Varden choir was also in attendance.

Following the ceremony, a wedding breakfast was served to twenty guests at the home of the groom at 533 Seventh Avenue East. Rev. P. M. Fosse was toastmaster and, during the evening, all those present were heard in appropriate speeches.

Mr. and Mrs. Fenness, who will reside in the city, will have the hearty congratulations and best wishes of many friends.

ARMS FOR CITIZENS

Criminologist Gives His Ideas of Fighting Crime

CHICAGO, May 29: (Canadian Press) - Lieut.-Col. Calvin Goddard's idea of fighting crime is to arm every law-abiding citizen with a pistol he knows how to use. Fingerprints of all weapon carriers would help bar pistol sales to criminals.

Arms and munitions expert, professor of political science at Northwestern University, director of the school's scientific crime detection laboratory and a crack marksman, Col. Goddard bases his theory on the assumption:

"Every hoodlum and gunman is afraid of running into the wrong end of a pistol. Arm the reputable citizen and you disarm the criminal. He still has the weapon, but he'll think twice about pulling the trigger."

One of the farmers of a bill pending in the Illinois general assembly designed to give respectable citizens licenses to carry pistols for protection purposes and at the same time making it difficult for known criminals to own them. Col. Goddard is actively supporting passage of the measure.

So many firearm laws in force throughout the United States, he declared, are based on the promise that every citizen who carries a revolver is a potential criminal just as every motorist might be a reckless driver.

It is not the instrument, but the person who is dangerous, he said. Col. Goddard expressed his view that the bill would be a model for other states.

Chief feature of the bill is the rigid qualifications all applicants for weapon privileges must furnish. And will be required to submit to fingerprinting, copies of which shall be sent to the Illinois State Bureau of Criminal Identification and the U. S. Bureau of Investigation.

Reputable citizens won't object to this, Col. Goddard said, but hoodlums will. Another provision of the bill excludes possession of pistols from persons who have been convicted for crimes of violence.

Hoop Champions Owe Success to Unknown Writer

VICTORIA, May 29: (CP) - How Victoria Blue Ribbons, crowned champions of Canadian senior basketball with their recent victory over Windsor-Walkerville Alumni, solved the Alumni's famous "screening play," chief factor in the Ribbons' win, now has been told.

An anonymous letter-writer, a "well-wisher," explained the play to "Chuck" Chapman, captain of the Victoria team, and gave an idea of how to combat it. The letter advised the team not to be drawn out from under the basket. Accordingly, the Ribbons' plans were changed and Chapman was appointed to remain under the hoop.

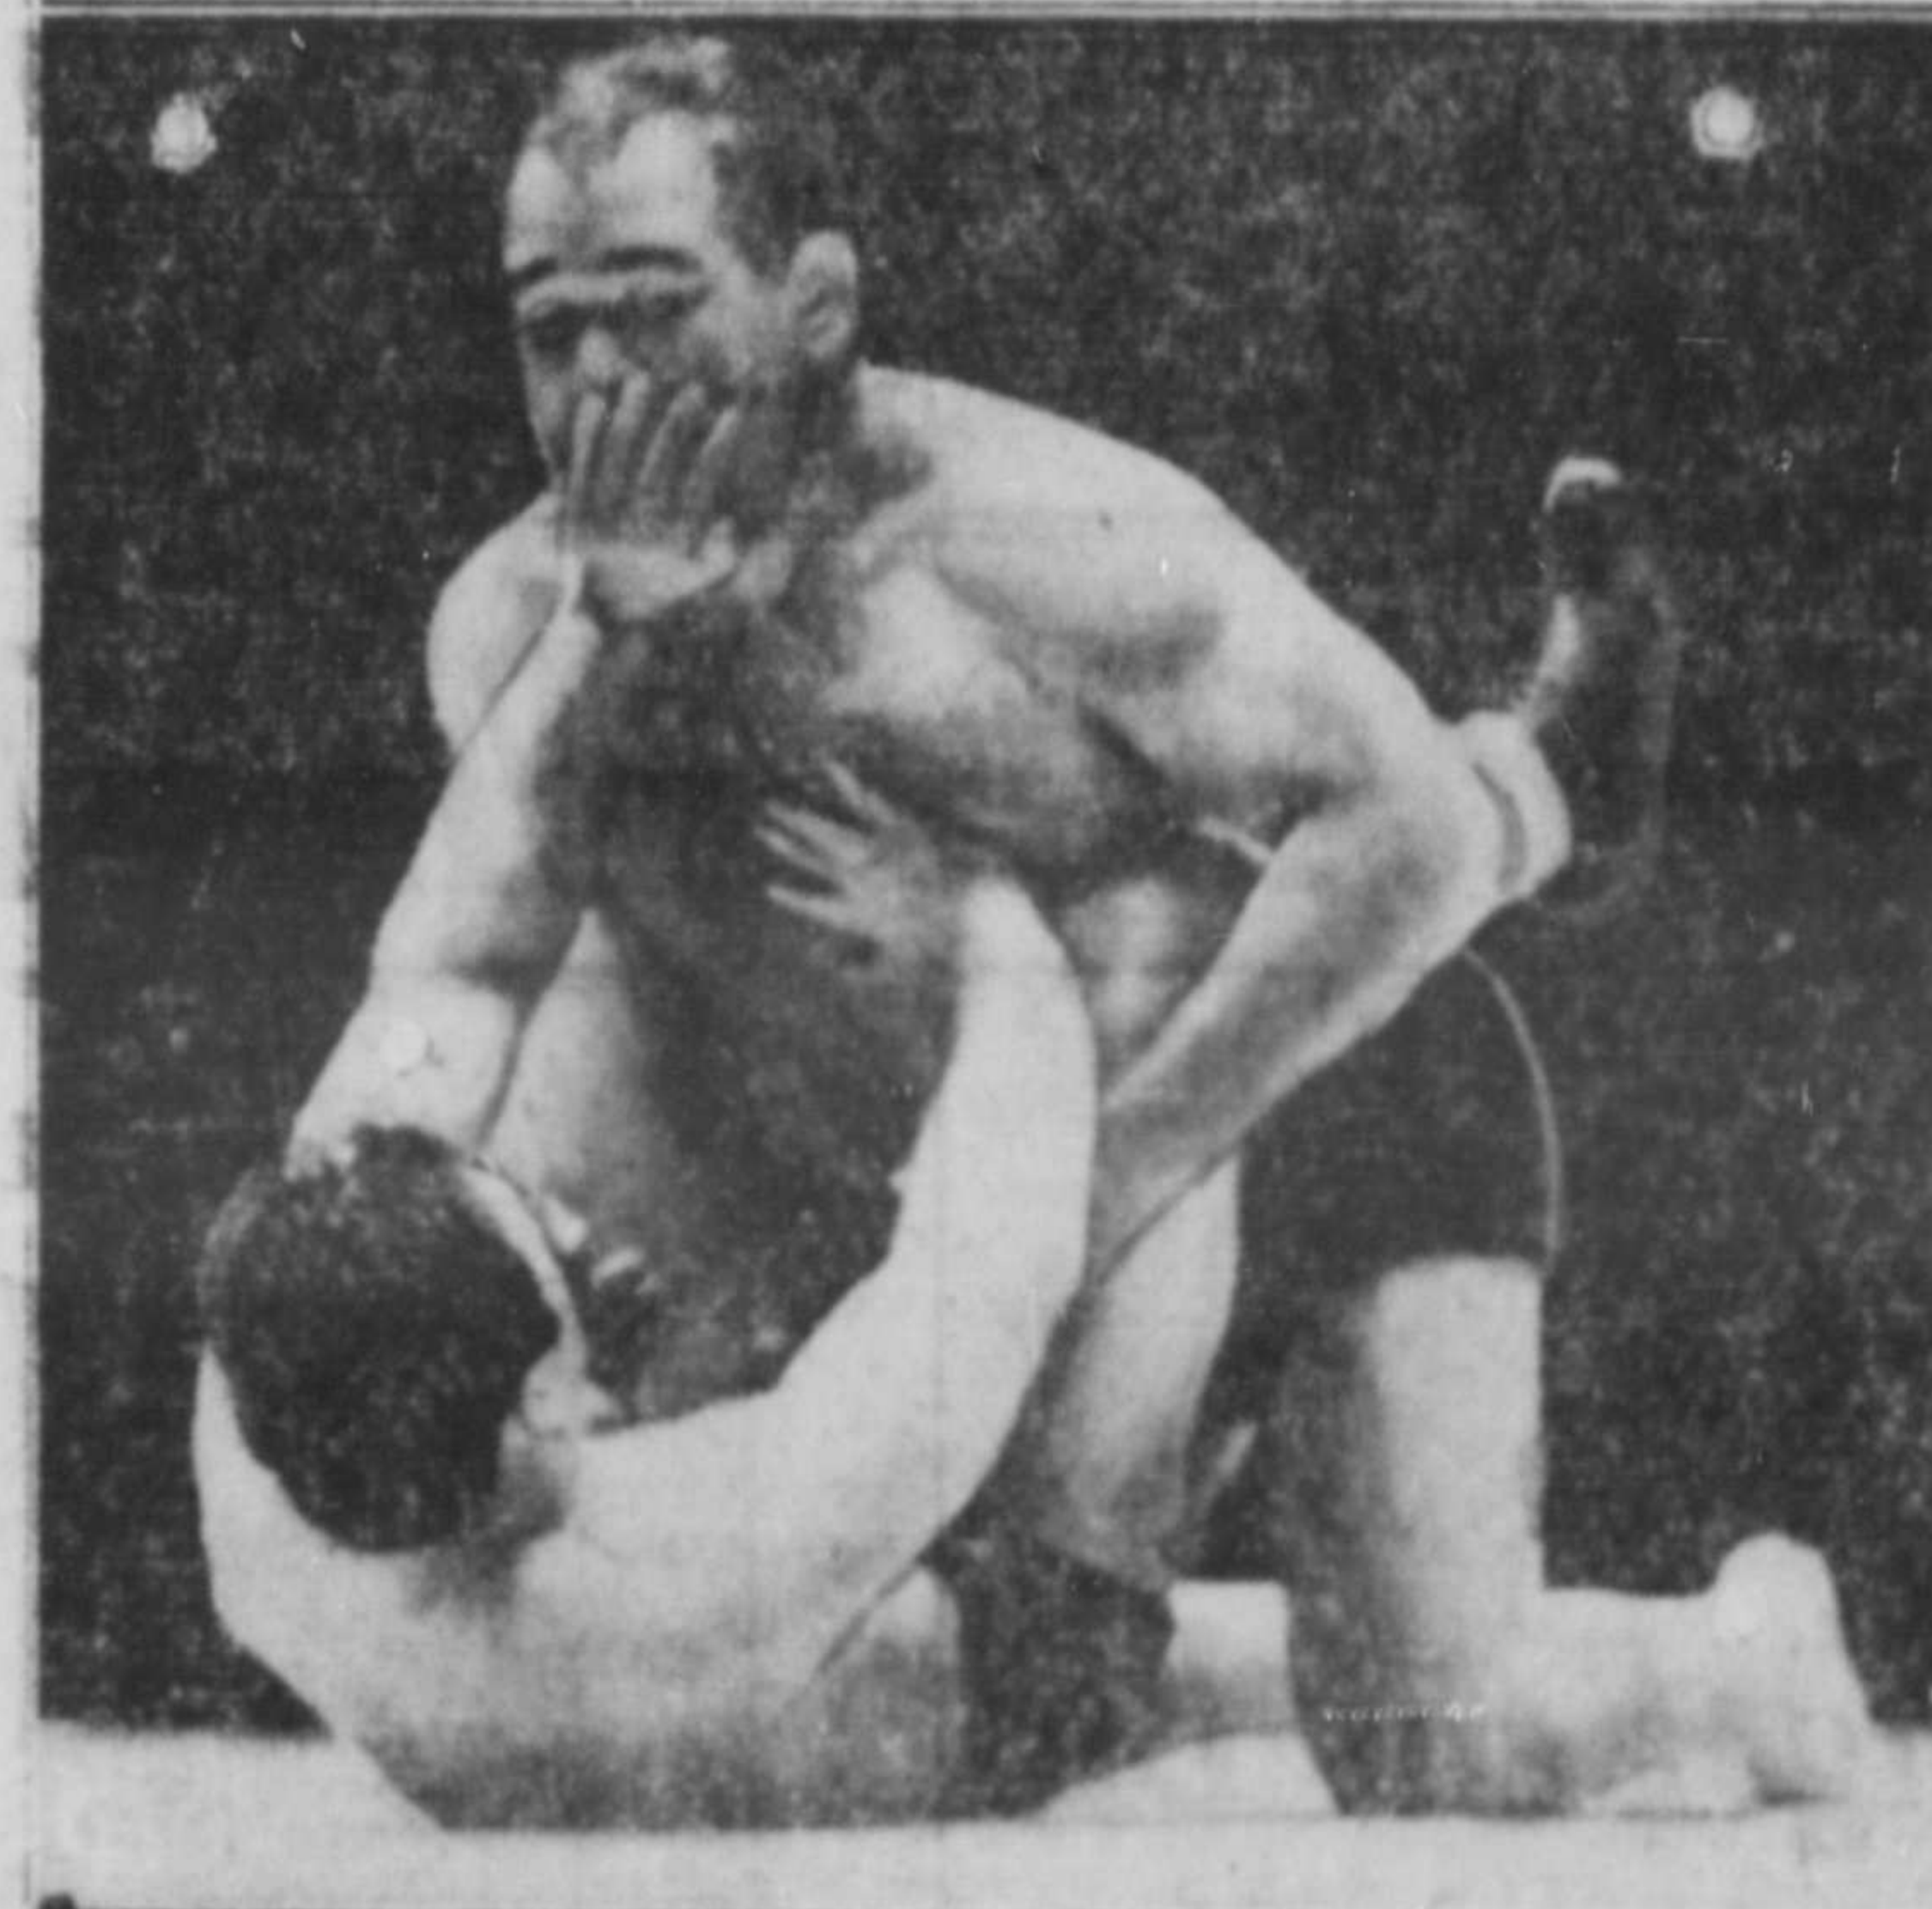

"Chuck" credits the Ribbons' success in the title series to the writer of the letter, who signed merely "a well-wisher." The letter was received after the first game, which the Ribbons lost to the Alumni.

The Strangler Gets a Hand-Out

"Jumping" Joe Savoldi, former Notre Dame football star and now a luminary of the wrestling game, is pictured as he repulsed the not-so-tender embrace of "Strangler" Lewis during their recent bout at Madison Square Garden, New York. Savoldi won the bout for the "Strangler" when he dived through the ropes of the ring, in good old Notre Dame tackle style, and knocked himself unconscious on the unsympathetic Garden concrete floor.

BOOTH IS VICTORIOUS

Defeated Borden Street School by Score of 3 to 1

Borden Street and Booth Memorial School teams met in a regular Junior Football League fixture on Saturday last and Booth won but only after overcoming a first half lead of one goal. The final score was three to one for Booth.

Borden had the better of the first half. O'Neill, Houston and Monkley playing well at half back with Veitch always a threat at centre forward. From a cross from Jones, Veitch gave Borden the lead with a shot that went in off the upright. Mah and Dybhavn repelled Booth attacks and, at half time, Borden was up one goal to nil.

Booth put on pressure right from the kickoff and Eby scored following a corner from McMeekin. It was from another corner taken by the same player that Grimble put Booth ahead. McGreish stopped Dave Houston and Jones to give McMeekin a good opening and, from the latter's centre, Grimble added a third. Borden attacked and Nelson managed to stop Veitch after Jones and Veitch had made headway. Postuk saved from McMeekin and, at the other end, Blake ran out to kick clear from Veitch. Grimble shot over and Cameron was nearly through but full time came with no further goals.

Teams

Borden - Postuk; Dybhavn, Mah; O'Neill, Mah, Veitch and the Iley; Jones, Dave Houston, Veitch, Currie, Irvine.

Booth - Blake; Bob Ritchie, Nelson; Kelsey, Eby, McGreish; Hale, Grimble, Cameron, McLeod, McMeekin.

Referee - Jack Campbell. Borden was well served by Bertie O'Neill, Mah, Veitch and the Houston brothers. Booth was well served by Eby, Nelson, McGreish, McMeekin and Grimble.

High and Borden meet next Wednesday evening while High and Booth tangle in a critical meeting next Saturday.

The league standing so far is as follows:

## HIGH SCHOOL TENNIS TEA

Very Successful Affair Held Saturday Afternoon in I. O. D. E. Hall

A very successful tea and sale of home cooking was held on Saturday afternoon by the Girls' Club of the High School. The tea was held in the I. O. D. E. Hall which was prettily decorated with the school colors, green and gold, and tennis rackets. It was in aid of the High School tennis court fund to which the Rotary and Gyo Clubs have already made generous contributions. Although the day was rainy and dismal many friends attended and there was a quick sale of the home cooking made by the home economics girls, and of the candy, some of which was made by the boys in the school. The executive of the Girls' Club, the Misses Jean Ritchie, Lucille Brooksbank, Maxine Hellbroner, Pat McAllister, Kay Watson and Credwin Morgan, organized and managed the tea in a very capable manner.

Miss Jean Ritchie, president of the club, and Miss Dimock, honorary president, received the guests, Dr. E. Lucas, principal, and Miss E. White, teacher of home economics, presided over the tea table. Miss Kay Watson acted as cashier. The serveurs, each assisted by three junior girls, were the Misses Beatrice Berner, Joyce Collison, Noreen Gibson, Elsie Davis, Helen McCaffery, Connie Morgan, Eva Morris, Ruthanna Wood, Audrey Parkin, Peggy Anderson, Betty Parlow, Thekla Fulton, Veima Walters and Edith Connelly.

The home cooking table was under the management of the Misses Mary Sargent, Tona Bourgon, Margaret McLeod and Mary Kate Sands. The candy stall was managed by the Misses Credwin Morgan and Pat McAllister.

There was a musical program during the afternoon. Miss Ruth Nelson contributed a piano solo. Miss Betty Cameron, accompanied by Miss Audrey Parkin, sang two songs. Miss Betty Ellison, accompanied by Miss Marybelle Stiles, gave two vocal solos. Miss Edith Johnstone and Miss Elsie Franks, accompanied by Miss Kay Watson, played a violin duet.

## TWO FINE PICTURES

"Vampire Bat" and "Rockabye" Being Presented at Capitol Theatre Here

"The Vampire Bat," a horror story featuring Lionel Atwill, Fay Wray, Melvyn Douglas and George E. Stone, and "Rockabye," a drama of mother love, with Constance Bennett, Paul Lukas and Joen MacCrea in the leading roles, are comprised in an excellent double picture bill at the Capitol Theatre here the first of this week.

The age-old belief in the vampire, the horrible undead human blood-sucker, which lives and seeks its prey by night and retires to the grave by day, is the background of the vampire bat. Interwoven with the scientific murder mystery is a love story which finally has a happy ending.

The story of "Rockabye" shows how a noted actress, frustrated by scandal in her desire to adopt a child, finds at last a great love and then is driven, by her very love for children, to make the supreme sacrifice. Miss Bennett is more gorgeously gowned than ever against a background of smartness and elegance.

## WHIFFLETS From the Waterfront

Capt. W. P. Armour of the Armour Salvage Co. was back in port this morning after having been out over Friday, Saturday and Sunday to Porpoise Harbor with the work boat Winnemac in connection with the bringing here of a donkey boiler and other machinery formerly belonging to the National Airplane Lumber Co which has been resold to Frank Dockrill for use at the Telkwa coal mine. The boiler is to be re-tubed by the Atlas Boiler Works here and the outfit will then be shipped by rail to Telkwa.

The local power boat Rhona, on board which a party of two local men and three Vancouver commercial travelers were stranded for two or three days last week on account of engine trouble which developed twenty miles south of Anyox which port they left for Prince Rupert last Wednesday afternoon, arrived safely in port this morning at 7 o'clock with the party on board. Following the breakdown, food supplies on the Rhona became rather short for a day or so but were eked out by clams and mussels and, eventually, temporary repairs were made which permitted the vessel to get back to Anyox Saturday afternoon. After permanent repairs were made at the smelter town, the Rhona came on here under her own power.
