### PURITY IN ELECTION

Mayor Huey Long And Mayor Walmley Of New Orleans Are At Least Agreed On Objective

NEW ORLEANS, September 11:—Senator Huey Long, who is rapidly assuming the role of a dictator in the State of Louisiana, mustered 200 National Guards to assure that the municipal primaries here today are "pure and peaceful." This is the same objective as has Mayor Walmley, Long's arch enemy politically, who has enlisted 1000 special police officers.

### CALL FOR UNIONISTS

Representatives Of Textile Workers Summoned To Appear Before Mediation Board

WASHINGTON, D. C., September 11:—Representatives of the Cotton Textile Workers' Union of America were called in yesterday to appear before the mediation board now endeavoring to reach a settlement of the general textile strike.

Fifty mills in South and North Carolina re-opened yesterday while several plants in New England closed.

William Green, president of the American Federation of Labor, announced at the week-end that the whole force of organized labor in this country would be thrown behind the general textile workers' strike and that a meeting of all national and international trades union leaders was being called for this week in order to make the strike one hundred percent effective. Mr. Green denied, however, that any general strike movement was planned.

Strike leaders have appealed to the federal government to muster federal troops to the protection of strikers in various areas. That any action would be taken on the request appeared doubtful.

No further violence was reported since the week-end from any of the strike areas.

### Premier Bennett is Marked As Kidnap Victim; Plotters Unable to Agree Upon Plan

OTTAWA, Sept. 11:—Ottawa office yesterday revealed that Prime Minister R. B. Bennett had been marked as the victim of a kidnaping plot hatched two weeks ago, only failure of the would-be abductors on details of the plan having prevented the "snatching" of the Premier.

The police were given their information by a man who, after being arrested with two others on a housebreaking charge, said that he had been invited to enter the conspiracy. Mr. Bennett, who always goes about unguarded in the capital, was to have been abducted from the hotel apartment where he resides.

The amount to be demanded for ransom is believed to have been one of the points of disagreement of the potential abductors whose identity is not revealed. Mr. Bennett, now in Geneva, was unaware of the plan.

### Widow of Department Store Founder Passes Away in South Today

Came to This Country Seventy-Two Years Ago From England—Long Prominent in Social and Philanthropic Work

VICTORIA, Sept. 11: (CP)—One of the outstanding pioneers of British Columbia, Mrs. David Spencer, died here this morning at the age of ninety-two years. The late Mrs. Spencer came here at the age of twenty from Bubwith, Yorkshire, England, by sailing ship, the journey occupying 114 days. She was married to David Spencer in 1867. Mr. Spencer died in 1928.

More than fifty years ago Mrs. Spencer was present at the organization of the first Women's Christian Temperance Union in Victoria. She was elected president at that time and has held the office ever since.

### Local Plan Favored

British Columbia Bondholders' Association Thinks Victoria Step is Foolish and Credit Will be Damaged

VICTORIA, Sept. 11: (CP)—In connection with his announcement yesterday that the city and district municipalities of North Vancouver and the district municipality of Burnaby, which are operating under commissionerships, had found it impossible to meet their bonded indebtedness on the basis of the present interest rates and that it had been decided to refund the debentures of these municipalities at lower rates of from one to four percent, Hon. A. Wells Gray, minister of municipalities, revealed that the government had adopted a new policy authorizing all municipalities to reduce their interest rates. Some \$10,000,000 of securities are involved in the reduction of the interest rates of North Vancouver and Burnaby.

In the event of dispute between the municipalities and bondholders in connection with refunding, the government will make the final decision on matters in dispute, Mr. Gray stated.

## CONVERTING MUNICIPAL BONDS

Press dispatches carry the announcement of the Minister of Municipalities that it is impossible for North Vancouver city and district and Burnaby district municipalities to meet their bonded indebtedness obligations on the basis of present interest rates and that it will be necessary for the debentures to be refunded with lower rates, one to four percent being mentioned. A new policy along this line is being adopted by the provincial government with a view to relieving the debt burden of all municipalities.

Some time ago City Commissioner W. J. Alder circularized the holders of Prince Rupert debentures that it had become necessary for the Corporation of the City of Prince Rupert to refund its bonded indebtedness on a four percent interest basis. A few days ago Mr. Alder announced that he had commenced receiving favorable replies from some of the holders of Prince Rupert bonds in regard to the proposition.

So many municipalities—and governments too—are finding it impossible to meet their obligations at the present interest rates that the bondholders appear to have no other reasonable choice than to agree to lower rates.

Undoubtedly, other municipal governments will take advantage of the new policy. Provincial governments are already moving along this line.

## DALE PITT LEAVES CANADA

Departure of Dale L. Pitt, general manager of the Premier Gold Mining Co. from Western Canada to Western Australia, where he is to take charge of more important operations of his company, will be regretted by many personal and business friends in Prince Rupert. Mr. Pitt has long been regarded as one of Canada's most capable mining executives and certainly he has been a most popular one. No doubt, much of the spectacular success that has attended Premier's operations has been due to his ability, both from a technical and an administrative standpoint.

Having made his headquarters at Premier for fifteen years during which time the camp there has changed from a cluster of shacks to one of the most important and modern mining communities in the country, Mr. Pitt has come to be regarded as a fixture in Northern British Columbia. From the personal as well as from the purely selfish standpoint, Mr. Pitt's many friends in this district will hope that it may not be long before the activities of his company become sufficiently extensive and important to justify the moving back of his headquarters from Australia to Northern British Columbia.

## SPORT CHAT

St. Louis Cardinals continued their eleventh-hour bid for the National League pennant on Saturday by taking both ends of a double-header from the Phillies while the leading New York Giants were losing a hectic one-run game to the Pittsburgh Pirates at the Polo Grounds. The lead of the Giants was then cut to five and a half games. The American League leading Tigers defeated the Boston Red Sox by the odd run in Detroit but had their margin of supremacy chopped by half a game to five full games as the New York Yankees were taking a double bill from the Browns at St. Louis. The Washington Senators split honors with the White Sox in a double-header at Chicago and moved into a tie with the Browns for leadership of the second division.

## New Fraser River Bridge Will Be Gov't Operated

VICTORIA, Sept. 11:—A new toll bridge to be built across the Fraser River will be owned and operated by the provincial government, it was stated yesterday by Premier T. D. Pattullo. The Premier explained that tolls were necessary as the government was not in a financial position to pay the cost of construction of the bridge out of current revenue.

In view of the fact that the Fraser River Bridge Co. had received a charter in 1927 and had incurred a number of preliminary expenses, the Premier said that the government intended to have this company build the bridge on a basis to be agreed upon.

The new bridge will be at New Westminster.

## POLICY ON INTEREST

(Continued from page one)

ciation, declared that a foolish step was being taken by the government in authorizing the reduction of interest rates on existing bonded indebtedness of all municipalities. The effect will be, he stated, to seriously damage the credit of the municipalities.

In expressing the opposition of the British Columbia Bond Dealers' Association to the government's refunding proposals, Mr. Fraser stated that the bondholders were willing to compromise but he claimed that arrangements should be made by direct negotiation between themselves and the municipalities and not through government intervention. The association has formally approved a compromise suggested for the City of Prince Rupert.

Mr. Fraser, president, and Hugh Allan, vice-president of the British Columbia Bond Dealers' Association, have been named a delegation to interview the minister of finance, Hon. John Hart, on the matter.

Ald. J. J. Miller, chairman of the civic finance committee of Vancouver, said that Vancouver would not repudiate its bonds. He was not in favor of a drastic reduction in interest rates except by mutual agreement of the bondholders.

## WHIFFLETS From the Waterfront

Following a fire late last week on the Union Oil Co.'s tank scow at North Island, Mrs. George Smith, whose husband was in charge of the station there, is a patient in the Prince Rupert General Hospital suffering from slight burns. A former member of the Prince Rupert General Hospital nursing staff, Mrs. Smith, who has spent the summers at North Island for several years, has become known as a ministering angel to the trollers in that field, having given first aid and nursing care to the fishermen in time of illness or accident. Her speedy recovery will be generally hoped for. The tank scow sustained some damage.

Union steamer Catala, Capt. A. E. Dickson, returned to port at 10 o'clock this morning from Anyox. Stewart and other northern points and sailed on schedule at 1:30 this afternoon for Vancouver and waypoints. After leaving here the vessel was to make a special call at Cassiar Cannery in the Skeena Slough to pick up R. H. Gurd, accountant, and members of the crew returning south for the winter now that the cannery is closed for the season. James Lamb, manager, left for Vancouver last week.
