FRENCH FOREIGN MINISTER IS ALSO SLAIN AT MARSEILLES

Jugo-Slav Monarch Shot To Death Today by Young Countryman While Visiting France to Talk Politics

ALEXANDER WAS MOTORING THROUGH CITY STREETS WITH LOUIS BARTHOU WHEN INCIDENT OCCURRED, NO LESS THAN TWENTY SHOTS BEING FIRED.

Affair Took Place Before Vast Crowds Who Went Wild

ONE OF ALLEGED KILLERS IS TAKEN BY POLICE WHILE OTHER WAS SLAIN BY INFURIATED MOB—TWO GENERALS ARE ALSO SHOT BUT NOT KILLED.

MARSEILLES, France, Oct. 9: (CP)—King Alexander of Jugo-Slavia was killed today by an assassin's bullet as he was motoring through the city shortly after arriving in France for a visit. Louis Barthou, French foreign minister, who was with the King, was wounded in the arm and internally, dying shortly afterwards from the wounds.

About twenty shots were fired at King Alexander, three of which took effect, death coming within a few minutes.

Vast crowds lined the streets and a riot followed as infuriated crowds seized the assassin, a young Jugo-Slavian, whose name has not been determined. He was badly beaten but was rescued by the police.

General Alphonse Georgius of the French Army was wounded as was also a Jugo-Slavian general attached to the King's retinue. A number of watchers were also struck by bullets.

It later developed that two men had been shooting, one being killed and the other captured after the rush by the crowd.

King Alexander was on a mission to Paris to discuss the political line-up.

Spanish Extremists to Fight Until Government Overthrown; Bloody Civil War Continuing

MADRID, Oct. 9: (CP)—With martial law having been declared throughout the country, bitter fighting between extremists and government forces continued in practically all parts of Spain over the week-end with swelling deaths and casualty lists, but last night federal troops were reported to be in control with monarchist influences offering to establish an anticipated military dictatorship.

As the government pressed all available troops into action in the effort to put down the revolution and reported the situation in hand with the general strike crushed, leaders of the socialist party declared that their forces were fully armed and that they would continue to fight until the government had been overthrown.

Premier Lerroux narrowly escaped assassination when he was fired at while dictating a letter in his office.

It is impossible to accurately estimate the number of dead and injured although hundreds are known to have been slain while the wounded run into the thousands. Ambulances have been roaring through the streets of the city during the last few days and Madrid has been

terrorized. Business has been completely suspended with all stores closed. Except those engaged in fighting, the populace has been keeping indoors. Many buildings have been fired and there has been widespread damage.

A separate state was declared by Catalonia on Saturday with heavy fighting reported in Barcelona where the government palace was seized by extremists and then recaptured by the government forces after much damage had been done and 500 arrests had been made.

L. McHarg and W. H. McCallum, from Namu, and C. H. Taylor, from Bella Bella, returned to the city on the Catala Sunday evening after having spent the summer down the coast engaged in fisheries patrol service.

HUNTINGDON, N.J., Oct. 9: (CP)—An indictment charging Bruno Richard Hauptmann with the murder of baby Charles Augustus Lindbergh jr., who was kidnapped from his home at Hopewell, N.J., two and a half years ago, was returned by a grand jury here last night after a score of witnesses had been heard. The jury had been instructed by the prosecution to consider the murder indictment separate from the kidnapping.

Meanwhile, Hauptmann is scheduled to go on trial at New York tomorrow on a charge of extortion in connection with the collection of \$50,000 ransom money.

DELPHINIUM TOTAL LOSS

Crew Escapes

Jedway, Another of Masett Cannery Boats, Reported in Trouble At North Island

The Royal Fish Co.'s service boat Delphinium, being used as a cannery tender in connection with the Masett Cannery cannery at Old Masett, sustained such extensive damage by being lashed by a storm after going ashore on a reef on White Sand Island at the inside end of Hudson Bay Passage between the Dundas Islands on Friday night last that the vessel has been declared a total loss. The Delphinium piled up in extremely dark and thick weather at 8 p.m. Capt. Andrew Aursøy and Engineer Gunnar Clavring remained aboard until 2 a.m. and then took to the boat and rowed to Green Island lighthouse which took them an hour. There they were picked up by an American trolling boat which rode them to Tugwell Island whence they rowed into Prince Rupert, arriving here late Saturday night. The Pacific Salvage Co. on Sunday dispatched the boat Signal to the scene and found the Delphinium had been so badly damaged that salvage was impossible.

Some insurance was carried on the Delphinium which was 47 feet, five inches long, 12-foot beam and four feet deep, being equipped with a 50 h.p. Frisco-Standard gasoline engine.

The Delphinium was inbound from Masett to Prince Rupert when she stranded.

Jedway in Trouble

It was also reported this morning that the Jedway, another of the Masett Cannery tenders, was in trouble at Perry Passage, Langara Island, assistance having been sent from Masett. No details of the Jedway's trouble have yet been received here.

Attempt Made Monday To Blind Inspector Vance of Vancouver

Another Incident Against Noted Southern Criminologist; Escaped Serious Injuries When Acid is Thrown At His Face

VANCOUVER, Oct. 9: (CP)—An unknown person on Monday afternoon threw acid at Inspector J. F. C. B. Vance of the Vancouver police bureau of science as he was about to leave his home to go to Nanaimo. Vance had entered his garage and went to close the window which had been opened when a man believed to be about forty-four years of age threw acid at his face.

The noted criminologist instinctively raised his hands to protect himself and only a spatter went through to burn his cheek below the eye. His hands, however, were severely burned and the acid dropped down on to his trousers, burning through the cloth to burn his left leg above the knee and also his left thigh.

Vance is receiving treatment in hospital.

The inspector was to have left for Nanaimo to testify at the trial of George Hannay, former Nanaimo police officer, charged with burglary.

On the inside of the garage was found a note with a roughly drawn picture of a man's head with the word "blindness" below it. It was signed: "Hannah. Hannah's pals." The police are holding one man for investigation.

St. Louis Takes World Series With Four Games to Three, Winning Today With 'Dizzy' Dean as Hero

Tigers Were Hit All Over the Lot by Boys From Missouri; Medwick Ordered Out of Game

DETROIT, Oct. 9: (CP)—Backed up by terrific batting avalanches against four Detroit twirlers in the third inning, Jerome ("Dizzy") Dean pitched his St. Louis teammates into the World Series title in the seventh and deciding game here today. He allowed only six hits to hold the Tigers scoreless, while the Cardinals piled up 11 runs.

Dean also made two hits. The game was on ice for St. Louis in the third when they scored seven runs on seven hits and two bases on balls. Auker was sent to the show-ers, relieved by "School Boy" Rowe, who lasted only a few minutes, Hogsett taking up the pitching burden. Tommy Bridges was then called in to stop the rout, fourteen Cardinals batting in this frame. In the sixth St. Louis scored two more runs and in the seventh another two runs came across. Marberry and Crowder finished the pitching for Detroit. Of the Cardinals' 17 hits, six were for extra bases.

A small riot developed in the sixth inning when fans, charging Medwick with bumping Owen, the Detroit third baseman, hurled everything loose at the St. Louis players. Commissioner Landis, in order to get the game started again, ordered Medwick out of the game. Fullis replacing him.

A MOMENTOUS MOVE

According to despatches received here, the Conservative party of Great Britain by a large majority vote approved the establishment of a state lottery to offset the drain upon British finances caused by the sale of foreign lottery tickets in that country.

While it is true that a resolution passed by the Conservative convention does not bind the National government which is largely Conservative, it indicates the probability of a law being passed at some time in the near future legalizing state lotteries.

Britain has always been looked upon as a country with a more or less model government and it will shock a great many friends on this side of the ocean to find one of the major governmental parties favoring state gambling.

In Canada many people favor the establishment of state lotteries to counteract the drain on the country from the sale of Irish and other sweepstake tickets. Attempts have been made, without success so far, to stop the sale of these tickets. Huge sums of money are being sent out of the country and very little comes back. It is claimed that the legalizing of lotteries or the establishment of a state lottery would help finance the country and would effectually stop the drain of the Irish lotteries.

While very many people will object to the legalizing of gambling in any form, there are also many people who say that gambling is inherent in human nature, that people will gamble anyway and that if they are to do so it is better to allow it under restrictions. While we do not like the idea of legalizing gambling we recognize the logic of those who advocate it.

SPAIN AGAIN IN TROUBLE

There is trouble in Spain once more. That little European country is once more in the throes of a revolutionary movement. People are being killed in order to try to establish a new form of government.

Spain has been for many years a country of extremes. Both in religion and government it was conservative and this extreme conservatism developed an extreme opposition, extreme radicalism.

Like most rebellions, this one started with a strike, the most powerful weapon of the disaffected in any country. In the meantime the country suffers. Criminals take advantage of the troublous times to plunder and there is intense suffering and fear among the populace.

HIGH WINS IN SOCCER

Defeated Borden Street School 3 to 1 on Saturday

In a well contested Junior League football game on Saturday afternoon King Edward High School beat Borden Street School by a score of three to one.

At the start Borden attacked but Eastman and Brown were safe. Soon the High School forwards dashed towards the Borden goal and Monkley score. Following the kick-off, High School again attacked and O'Neill, securing Husoy's pass, beat the Borden goalie with a well directed shot. A nice display of combination by the Borden forwards enabled Bob Williscroft, after receiving a fine pass from A. Smith, to test the High School goalie but Clausen saved cleverly. Currie sent in several strong shots but all were too high. Barton and Williscroft centred well but the Borden forwards lacked force and, although well-supported by their half-backs, Mah, Fitch and Smith, they could not score. At half-time Borden was pressing and fighting hard to reduce the High School lead of two goals to nil.

The second half opened with a fine run by the High School forwards. Perpich stopped Monkley and Cameron drove behind. Fitch and Smith cleared the situation and Mah sent the ball well up. Currie and Houston both sent in shots but Clausen saved. Gullick and F. Williscroft sent their forwards away but Mah stopped Monkley and Cameron. O'Neill secured the ball and, with a high shot, put his team three goals in the lead. Borden now attacked and at last Currie was rewarded by beating Clausen with a hard drive. No further scoring took place and a hard fought game ended with High School having three goals and Borden Street one goal.

Borden Street - Albert Mah; Brown, Perpich; Fitch, Alex Mah, R. Smith; Barton, A. Smith, Currie, Houston, B. Williscroft.

High School - Clausen; Brown, Eastman; Kanaya, Williscroft, Gullick; Monkley, Cameron, O'Neill, Croxford, Husoy.

Referee, J. Carroll; linesmen, B. Houston and T. Fortune.

SPORT CHAT

The first basketball practices of the season were held at the Moose Hall on Sunday and Monday, talent which will be used in the various leagues during the forthcoming winter season exhibiting its wares and displaying considerable promise. Some of the teams have not, as yet, been definitely made up but the allotment of players will be completed this week. The season, it is expected, will open on Monday night of next week.

Possibly "Dizzy" Dean, following Sunday's game when the veteran Tommy Bridges got at his expense sweet revenge for the defeat he had suffered the preceding Friday at the hands of "Dizzy's" baby brother, "Daffy," is not so sure now that the World Series might have been such a cinch for St. Louis Cardinals if he and Paul had been allowed to pitch the whole show. Local radio fans earlier last week were interested to hear this young man with the southern accent and no inferiority complex at all tell the world, including Admiral Byrd at the South Pole, that, given the chance, he could hurl the Cardinals to four straight victories. Of course, it now seems that he must have merely been suffering from a little youthful exuberance when he intimated that his work in winning the first game was not nearly as good a job as he was capable of and that he was confident that he would be able to pitch a shut-out over the Tigers. Despite "Dizzy's" confidence that he was the best pitcher in the world and that brother Paul was next best, we are now just a little doubtful. Probably the elder Dean has found that the Tigers were just a little better an outfit than he had counted upon.

St. Louis Takes World Series Four Games to Three, Winning Today

(Continued from Page 1)

as he had done in the second game of the series, timely hitting by the Cardinals, led by Johnny Rothrock, their hard clouting rightfielder, who hit safely twice and sacrificed once out of four times at bat, and Shortstop Durocher, who hit two singles and a double, accounting for the St. Louis victory. With both clubs having pitching aces on the mound, the Cards won out, in spite of making two errors, one by Frisch and the other by Dean, to the Tigers' one, because they outhit their opponents ten to seven.

In the first inning St. Louis scored its initial run. Martin popped out to third, Rothrock doubled to right, Frisch was out on a liner to third, Metzwick hit safely and scored Rothrock, Collins fled out to centre.

Detroit scored one in the third. Fox popped out to short, Rowe fanned, White walked and got third when Frisch dropped a throw as he stole second. Cochrane, after a series of fouls, singled with a grounder, scoring White. Cochrane twisted his knee in sliding but, after some delay, stayed in. Gehringer fled out to right.

St. Louis scored twice in the fifth. Durocher singled to right, Paul Dean sacrificed, Durocher going to second, Martin singled to left, scoring Durocher, Martin getting third on a wild throw by Goslin, Rothrock sacrificed and scored Martin. Frisch was put out.

For Detroit in the sixth White walked, Cochrane singled with a grounder to short, White going to third, Gehringer was safe when Dean let through a grounder, White scoring, Goslin fled out, Rogell fled out to deep centre, Greenberg singled to left, scoring Cochrane, Owen was out, short to first.

St. Louis scored the winning run in the seventh. Orsatti fled out to left, Durocher doubled to centre, Dean singled to right, scoring Durocher, Martin fled out to right, Rothrock out, third to first.

With the score standing four to three against them, the Tigers missed a good chance to tie it up in the eighth when, with Gehringer on third and Durocher on first with but one down, Rogell and Greenberg were felled.

It was a clear, warm day and Navin Park was crowded to its capacity of 42,500.

Sunday's Game

ST. LOUIS, Oct. 9: (CP)—Masterful pitching by "Curve Ball" Tommy Bridges, who had seven strikeouts to his credit and errorless support by his teammates humbled the St. Louis Cardinals and the great "Dizzy" Dean, who lacked his usual speed and unerring judgment in Sunday's World Series baseball game, the Detroit Tigers winning by a score of 3 to 1 and taking a commanding lead of three to two in the game count with the scene then shifting to Navin Park at Detroit for the conclusion of the diamond classic.

It was a lovely fall day with the thermometer registering 70 above and 38,000 fans filed into Sportsman's Field to see the game.

Two home runs, with none on bases on either occasion, featured the play. One circuit clout was made by Charlie Gehringer, first batter up for Detroit in the sixth. The other was by Delancey for St. Louis in the seventh, saving the Cardinals from a shut out. Both homers landed on the roof of the right field stands.

Greenberg walked in the second and scored when Fullis, substituting in centre field for Orsatti, let Fox's double go through him. Gehringer's home run in the sixth was followed by Rogell, who had singled and advanced to third when Fullis let the ball go through him again, scoring on Greenberg's sacrifice fly.

Dean was relieved for a pinch-

Proved best for CHILDREN'S COLDS

Two generations of mothers have proved Vicks VapoRub, the safe, dependable way to relieve colds. It is best for children and for grown-ups, too. Its poultice-vapor action ends colds sooner. No "dosing" to upset delicate digestions and lower resistance.

Ole Rollog and Jules Seguin Saw No Other Humans For Nine Months

Ole Rollog and Jules Seguin left the Nahanni country, where they had been prospecting for two and a half years for a local syndicate, on August 16 for Prince Rupert and had an arduous trip coming out before arriving here last week. High water in the rivers and streams was the cause of considerable delay. They had to travel well over 2000 miles by practically all descriptions of transportation.

From the field in which they were prospecting they came down the South Nahanni River and the Liard to Fort Simpson, these little traversed streams being, of course, the most difficult part of the trip which was not without considerable hazard. From Fort Simpson they travelled up the Mackenzie River via Great Slave Lake, Slave River, Fort, Chipewyan, Athabasca Lake and River to Waterways and Fort McMurray. From there it was railway transportation south to Edmonton and thence home.

Rollog and Seguin had many an interesting story to tell of their experiences while in that far north country. A whole nine months lapsed during which they saw not a single other human besides themselves. Last winter the thermometer descended to fifty-five below and they could not tell how much colder it became for the mercury then froze.

TANKER IS REFLOATED

(Continued from Page 1)

The Standard Service stranded at the high tide while enroute from Seattle to Alaska with a cargo of fuel oil.

It was reported by the steamer Catala, arriving here Sunday night, that the bow of the Standard Service appeared to be fast ashore with stern afloat. As far as could be ascertained, she was in no immediate danger.

The Standard Service, although believed to be quite badly damaged, proceeded under her own power to Ketchikan where she will be surveyed. She has on board a cargo of fuel for various Alaska ports.

After the stranded tanker had refloated, the Salvage King turned back to Vancouver.

LOCAL MAN PASSES ON

Death Occurred Yesterday of Henry Elliott of Emmanuel Street—Funeral Tomorrow

The death occurred yesterday at the Prince Rupert General Hospital of Henry Elliott, Seventh Avenue East and Emanuel Street, aged 61. He had been ill a little over a week and entered the hospital a week ago Sunday.

Mr. Elliott was born in Dorsetshire England, but he raised his family in Glamorganshire, Wales, where he was a coal miner. Coming to Prince Rupert in 1923, he worked in the C. N. R. shops as blacksmith's helper, and when taken ill was employed at the dry dock. He leaves a widow, two sons, Thomas and Ernest in Prince Rupert, a son Rhuuben in Vancouver, a daughter, Mrs. Grimwood of Langley Prairie and two daughters in Leicester, England. There are also seven grandchildren.

Mr. Elliott was fond of gardening and his place on Emmanuel Street was one of the prettiest in the city during the past summer. The funeral will take place tomorrow from the B. C. Undertakers' chapel.
