Prominent Liberal Favors Joining Two Transportation Lines

Advocates, in Speech at Chatham, Ont., Their Being Taken Over by Holding Company With Capitalization Of Two Billion Dollars

CHATHAM, Ont., Dec. 11: (CP)-Unified ownership of Canada's two transcontinental railways by a holding company capitalized at \$2,000,000,000 was advocated last night by Hon. William D. Euler, former minister of national revenue in the Mackenzie King administration, in a speech before the Chatham Canadian Club. Mr. Euler has long taken a keen interest in Canada's railway affairs and is one of the most influential Liberals of the country despite his independent tendencies.

Camrose Farm Woman Takes Her Own Life As Child Lies Dying

Had Prepared Poisoned Candy and Given it to Her Children-Bitter Taste Prevented Most of Family From Taking Much

CAMROSE, Alta., Dec. 11: (CP)-Informed that one of her six children was dying from the effects of eating poisoned candy she had prepared and given the youngsters, Mrs. Isobel Brown, aged 37, shot and killed herself on her farm near here yesterday. The five remaining children are recovering. The bitter taste of the candy is believed to have saved their lives. Repeated crop failures are believed to have caused the woman's mind to become unhinged.

GENEVA, Dec. 11:-With Jugo-Slavia and Hungary agreeing, the League of Nations vesterday accepted the compromise plan of Great Britain in regard to the crisis following the assassination of King Alexander of Jugo-Slavia at Marseilles, threatened conflict in the Balkans being thus averted.

The compromise, accepted by the council of the League at a special session last night; calls for a complete investigation by Hungary of alleged terrorist activities in that country, an international treaty against terrorists and the setting up of an international criminal court.

The resolution, which was unanimously adopted by the League council, deplores the assassination of King Alexander. Action of the two opposing nations in accepting the resolution is viewed as a great League victory in the interests of peace, dissipating as it does present war threats in Central Europe.

Hungary is requested by the League to take "punitive action against any authorities whose culpabilities have been established" and to "communicate to the council measures which it has taken to this effect."

EXCELLENT PICTURES

The management of the Capitol Theatre is to be congratulated on the excellent pictures which it has been showing here of late and which it plans to show in the near Dorreen Settler future. Particularly outstanding was "One Night of Love" which was here the first three days of last week. This picture, it is declared by many, was the finest production ever seen in Prince Rupert. Miss Grace Moore was not well known until she starred in this picture but she is remembered by all who saw and heard her on that occasion. So much did Prince Rupert appreciate the picture that many went to see it a second time and others sat through both the first and second showings on the same evening.

VISITORS TONIGHT

Visitors from interior points are expected to arrive in the city tonight and will spend a few days in the city returning Friday night. People expecting friends to arrive will doubtless be there to meet them and others will like to go down to the station to extend a welcome to those who come in for the brief sojourn. During the visit local people will extend themselves a little. The Junior Chamber of Commerce has already done its bit in helping to decorate the city and others may well follow its example.
