## NEW PLAN FOR RELIEF DISTRIBUTION AMONG FARMERS

### Government To Make Allowance For Work Done On Their Land

Present Policy of Requiring Labor on Roads is Causing Land to be Neglected Instead of Providing Food, Minister of Labor Finds

VICTORIA, Dec. 4: (CP)—By contract with individual British Columbia farmers, the government plans to give them relief allowances in exchange for work done in clearing their own farms, Hon. George S. Pearson, minister of labor, announces. He explains that many farmers have not cleared enough land to grow crops to support them. They apply for relief and, being required to work on the roads, neglect their farms.

### BURGLARY IN STORE

Falls' Grocery Entered During Night and \$18 is Taken From Cash Register

Watts' Grocery was burglarized during the night and the cash register rifled for its contents of about \$18. The job being evidently amateur work, entry was made by piling a back window into the washroom, the door of which was broken open to gain entry into the warehouse and store. The drawer of the cash register was forced with considerable damage after the register had been locked by pressing down the "Paid Out" key without an amount key. The police are investigating.

### RESTORE PAY CUT

This Will be Done For Civil Service As Soon as Possible, Premier Bennett Promises

OTTAWA, Dec. 4: (CP)—Just as soon as the country is in a position to restore the ten percent cut to the civil service, it will be restored in full, Prime Minister R. B. Bennett said in an address yesterday before the Professional Institute of the Civil Service of Canada.

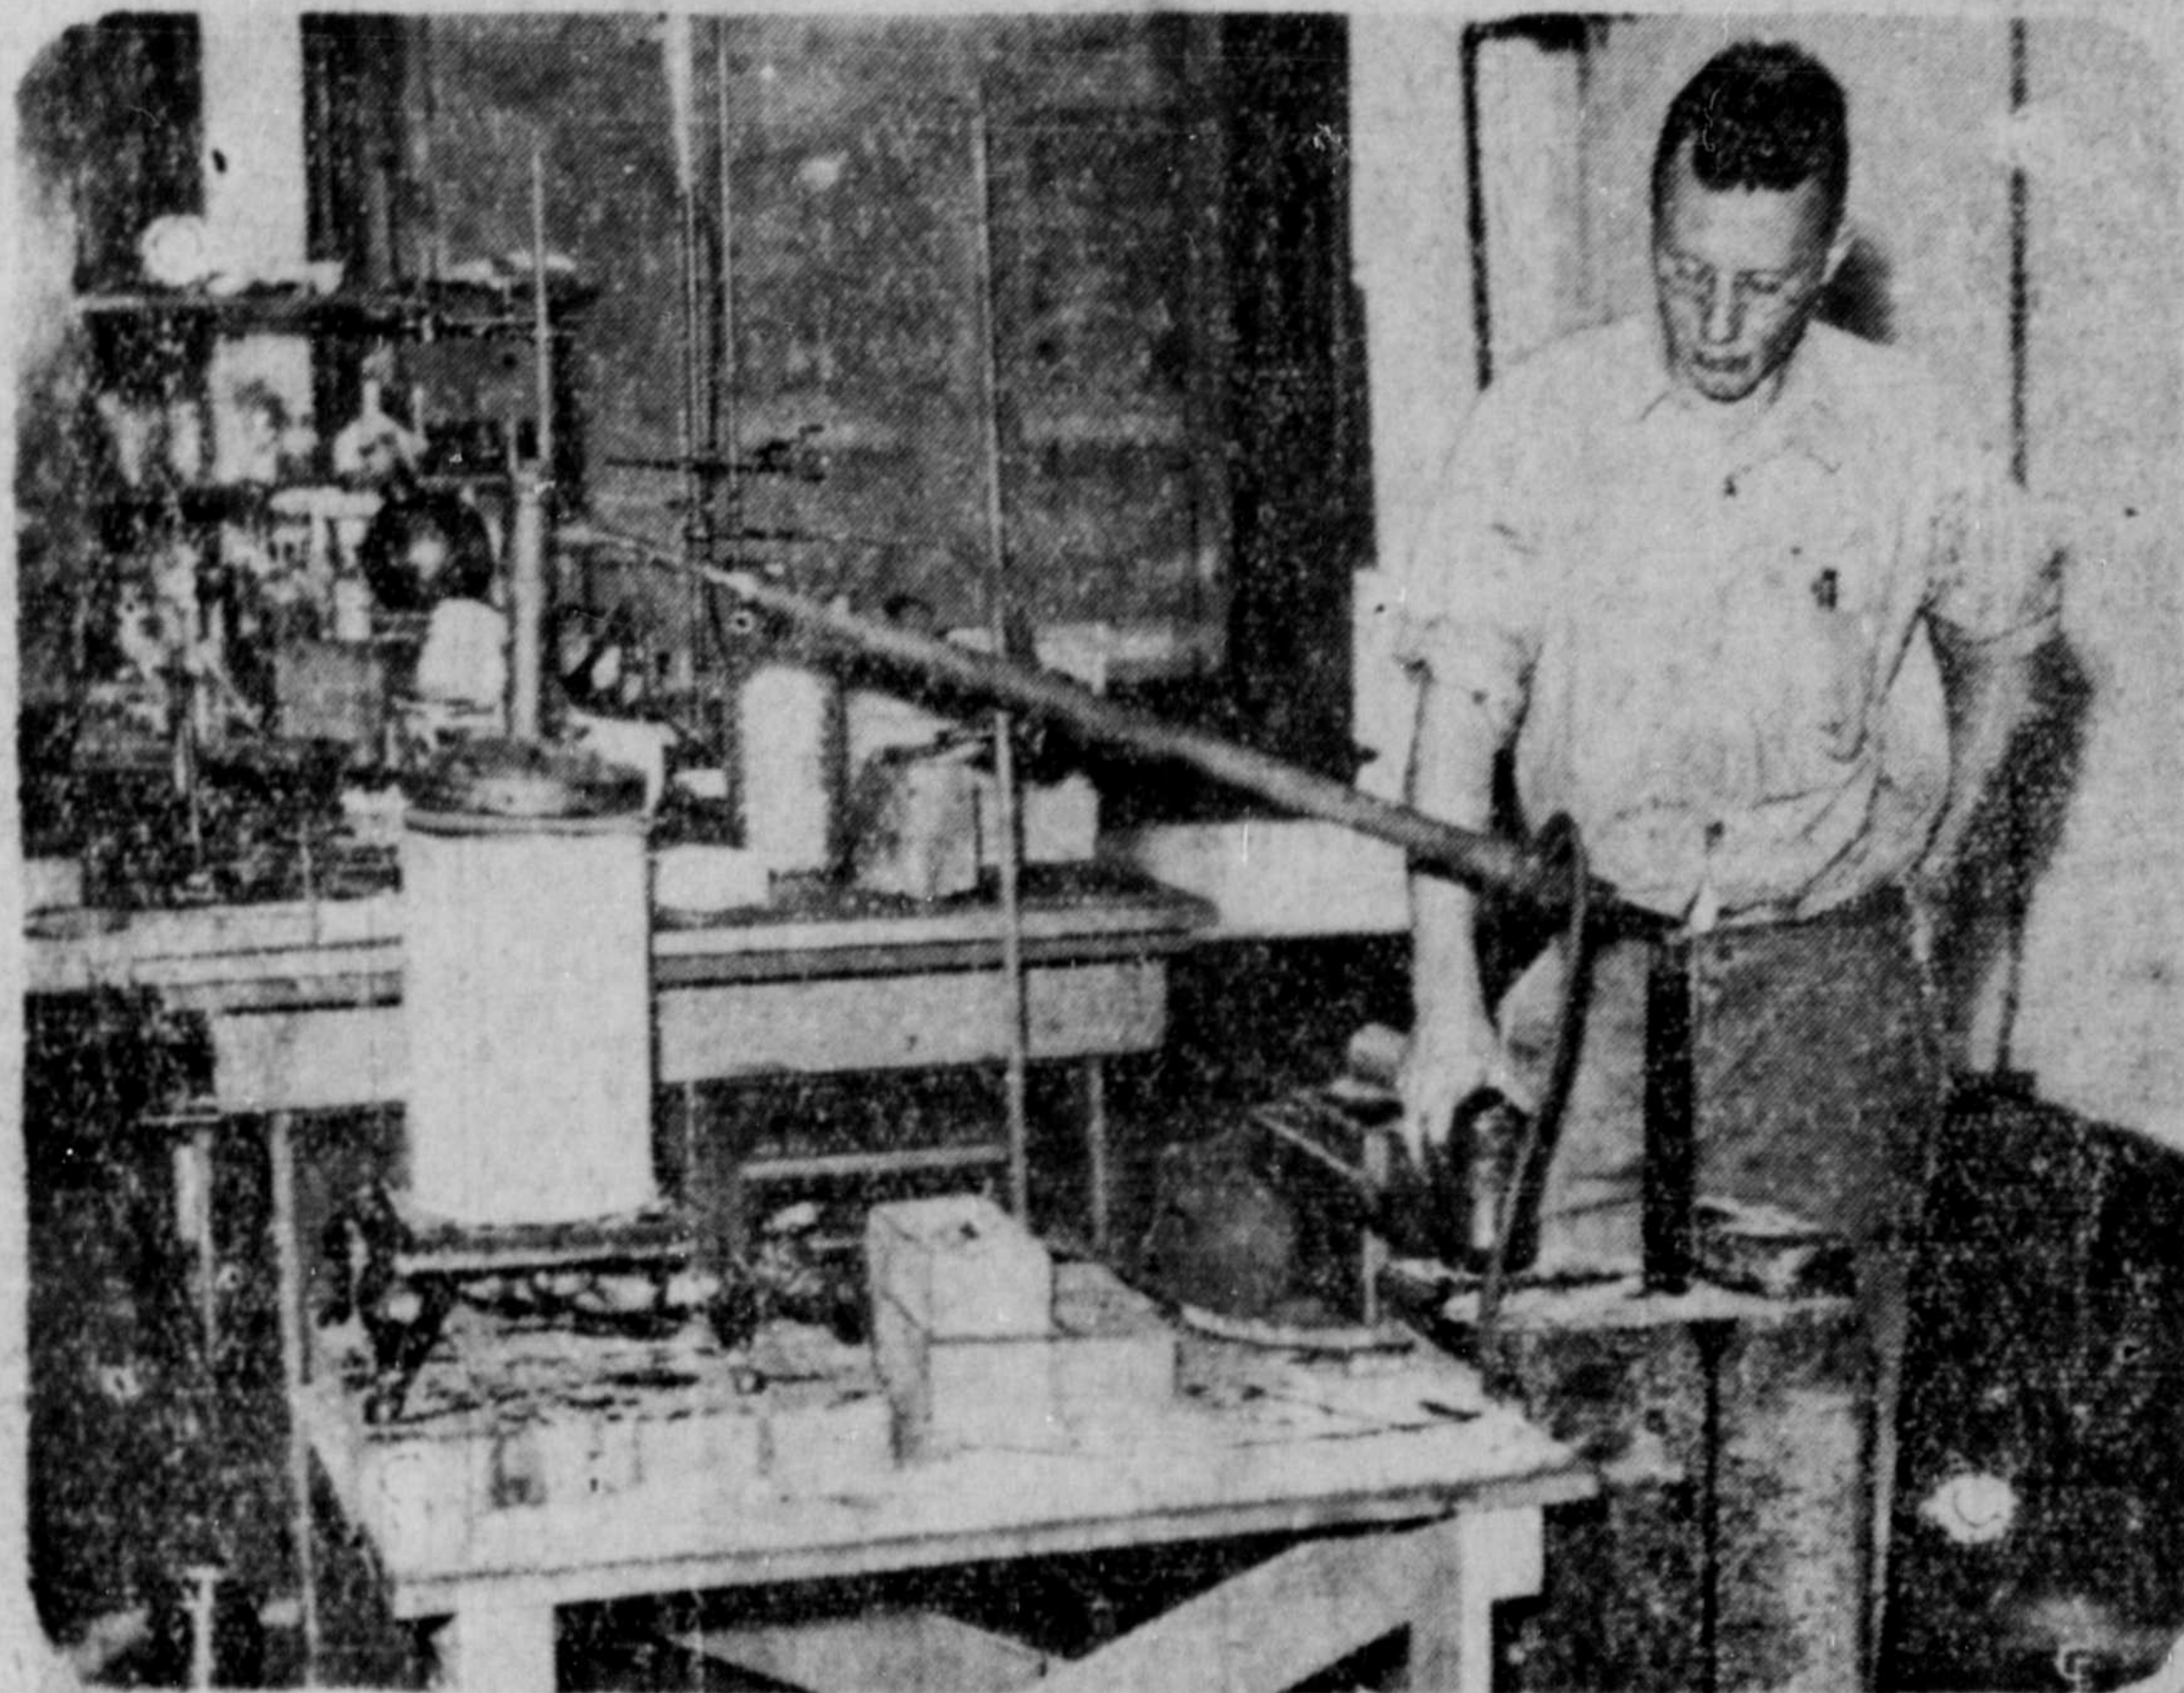

## Give The Daily News for Christmas

Most people are puzzled at Christmas time to know what to give as the most acceptable seasonal present. Here is a suggestion. Send them the Daily News for a year. On gift subscriptions we are making a special rate as follows: To out-of-town friends, if sent by someone who is already taking the paper

The price is by mail \$2.00 for the year

In the city a subscriber may give a paid in advance subscription to a friend who is not now a subscriber at a special rate of \$4.00 a year or \$2.00 a half year. These prices are good any time between now and Christmas Day.

### Alberta Find May Make Canada Independent of Oil

The earth of northern Alberta, already famed for its gold, silver and radium, may soon become famous for another precious substance—oil. Tests are being made of tar sands found chiefly in the McMurray area, 300 miles north of Edmonton. These tests, conducted by Max Ball of Denver, in Toronto, show, it is claimed, a process for extracting the oil from the hydrocarbons in the bituminous sands. Above shows experiments being carried on by Dr. Doagan, honor graduate of University of Toronto. If tests are successful, it is claimed Canada will win complete independence from the empire for oil.

### Japanese Ambassador in London Indicates the Possibility of His Country Accepting Compromise

LONDON, Dec. 4: (CP)—The Japanese ambassador to London said at the week-end that Japan was considering the possibility of yet reaching a naval agreement with Great Britain and United States on the basis of the British compromise whereby Japan would be given parity in principle although it would be understood that she would not attempt in the meantime to reach an equality in tonnage with Great Britain and the United States. The ambassador, however, gave no indication of any intention on the part of Japan to relax its decision to denounce the Washington Naval Treaty.

TOKIO, Dec. 4: (CP)—Admiral Osumi, Japanese Minister of the Navy, warns the nations of the world against embarking upon programs of naval expansion following the denouncing of the Washington Treaty. He expresses the opinion that naval expansion by other nations would be most ill-advised in view of Japan's expressed favor for general disarmament. Admiral Osumi points out that, in any case, it will be two years before abrogation of the Washington Treaty would become effective and, by that time, it is quite probable that a definite basis of agreement upon general disarmament may be reached.

Admiral Osumi points out that, in any case, it will be two years before abrogation of the Washington Treaty would become effective and, by that time, it is quite probable that a definite basis of agreement upon general disarmament may be reached.

### LUCAS APPOINTED TO SUPREME COURT

OTTAWA, Dec. 4: (CP)—The appointment of F. G. T. Lucas, K.C. of Vancouver to be a judge of the Supreme Court of British Columbia, succeeding Mr. Justice W. A. Macdonald, who retired recently, was approved Monday.

### TINKER IS PRESIDENT

Chosen Head of Prince Rupert Conservative Association—Percy Cameron Secretary

There was a good turn-out and considerable enthusiasm was displayed last night at the annual meeting of the Prince Rupert Conservative Association. G. P. Tinker was elected as president in succession to C. H. Orme, who has completed his term of office. Mr. Orme presented his report for the year, other speakers being Mr. Tinker, George Hill, Percy Cameron, G. H. Munro, W. R. Love and C. V. Evitt. The complete list of officers for the ensuing year is as follows: Honorary President, Rt. Hon. R. B. Bennett. Honorary Vice-President, James H. Thompson. President, G. P. Tinker. First Vice-President, George Hill. Second Vice-President, Jack Prece. Secretary-Treasurer, Percy Cameron.

Executive—C. H. Orme, W. R. Love, C. V. Evitt, G. H. Munro, William Gilchrist, C. C. Ketchum, G. A. Kelsey, William Sherman jr. and J. H. Thompson.

### PRICE OF WHEAT

VANCOUVER, Dec. 4: (CP)—Wheat was quoted at 79 1/4c on the local exchange today.

### Germany Being Misunderstood

PARIS, Dec. 4: (CP)—Chancellor Adolph Hitler of Germany, through an emissary who met Foreign Minister Pierre Laval of France, stated that there was a general misunderstanding in Europe of Germany's intentions with regard to re-arming. Germany's desire, in demanding equality, was as a symbol of dignity and security and was not meant by any means as an offensive gesture. Conversations are continuing and it is possible may result in considerably clearing the general international atmosphere. There appears to be a tendency towards give and take both on the part of France and Germany.

### MOTHER IS REPRIEVED

English Woman, Who Took Life of Imbecile Son as "Act of Mercy," Escapes Noose

LONDON, Dec. 4: (CP)—The Home Secretary's office yesterday informed George Lansbury, leader of the Parliamentary Labor Party, that Mrs. May Brownhill, sixty-two year old mother, who had been condemned to die for the "mercy slaying" of her imbecile son, will be reprieved.

### Captain Ulm Forced Down at Sea On His Flight To Honolulu

Australian Flier and Two Companions Became Lost and Ran Out of Fuel After Encountering Bad Weather—Search Operations Commenced

HONOLULU, Dec. 4: (CP)—Capt. Charles T. P. Ulm and two companions, who hopped off from Oakland Monday afternoon for a flight to Australia via Honolulu, were forced down in the sea at an estimated distance of five hundred miles from Honolulu this morning. They became lost and ran short of gasoline after reporting weather not very good. A coastguard cutter and three planes were dispatched from here to search for the fliers. Other vessels are standing by awaiting orders to proceed to their assistance.

### WILEY POST WENT HIGH

Uncertain as to Whether or Not Well Known American Flyer Made Stratosphere Record

MUSKOGEE, Okla., Dec. 4:—Wiley Post descended yesterday with his famous plane Winnie Mae after an ascent to the stratosphere, uncertain as to whether or not he had set up a new high altitude record. It will not be definitely known until his sealed barograph has been opened at Washington, D.C. Post's mechanic, however, declared that the plane had been up more than 42,000 feet, its previous high mark made at Chicago during the summer. The record, held by an Italian flyer, is 47,000 feet. Post was forced to come down after his oxygen generator had gone bad.

### CONTRACT IS GIVEN

Mitchell & Currie Get Job at Digby Island Marine Depot at Figure of \$6800

OTTAWA, Dec. 4: (CP)—Contract for the renewal of the superstructure of the Marine Department's wharf at Digby Island, Prince Rupert, has been awarded to Mitchell & Currie of Prince Rupert at a contract price of \$6800, it was announced today by Hon. H. A. Stewart, minister of public works.

### RUSSIA IS NOT SAYING

Failure to Comment on Military Agreement With France Regarded as Significant

BERLIN, Dec. 4:—While France has officially denied the existence of an agreement whereby Russia would make her army available for the assistance of France in the event of war, it is regarded as significant here that Russia has not denied the existence of such an agreement but has refused to comment upon it. "Such an accord would be most regrettable," it is stated by a high German official.

### EMPLOYEES TO RETIRE

Veteran Members of Vancouver Municipal Service Seeking Superannuation

VANCOUVER, Dec. 4:—Several long time employees of the city are applying for superannuation at the end of this year, making their applications sooner than might have been done were it not for new legislation in regard to superannuation which is planned at the next session of the Legislature which would not be so favorable to them. Among those seeking superannuation are Fire Chief C. W. Thompson, Assistant Fire Chief Moffatt, City Electrician Fletcher and District Fire Chief Fitzpatrick.

### Output of Primary Industries In British Columbia is Ahead By Twenty Million This Year

VICTORIA, Dec. 4: (CP)—Primary industries of British Columbia are expected to have a combined output of \$140,000,000 this year, according to provincial officials, or an increase of \$20,000,000 over last year. Of this total lumber products may reach \$45,000,000; minerals and metals, \$41,000,000; agricultural products, \$39,000,000, and fisheries, \$15,000,000. To this must be added returns from factories, transportation, public utilities and other forms of services.

Current reports indicate that some percentage gain has been made in almost every class of industry.

**PROVIDE OUR OWN FUEL**  
The statement made by James Dickson, chief inspector of mines, that British Columbia could produce all her own fuel by installing a modern hydrogeneration plant for the benefit of the coal mines, is a rather startling one and, doubtless, will receive consideration by the government or other interests. If gasoline and fuel oil can be produced cheaply from coal, think what industries may yet be developed at Telkwa, in the Ground Hog country and at other points in the north.

**TREATMENT OF VISITORS**  
One of the outstanding features of visiting in France is the trouble people will take to show you little courtesies. They will leave their businesses in order to point out something you should see. They will go out of their way to help or serve you. Their whole attitude is an invitation to you to return and meet them again.  
In Canada we are not always willing to give our time and effort to making visitors feel that their visits are appreciated. Some do but others do not. Prime Minister Bennett is asking us to be honest with our visitors and to show them courtesy. Hon. Dr. R. J. Manion, minister of railways, who is also head of the Canadian Travel Bureau, is broadcasting an advertisement through the newspapers of the country asking people to create a spirit of neighborliness. It is a timely request and, doubtless, will evoke a hearty response.

**November Relief Is Nearly \$50000**

Total of \$4981.35 Administered During Month, City Commissioner States  
During the month of November a total of \$4981.35 in relief distribution was administered by the city. It was announced this morning by City Commissioner W. J. Ailber. The total was divided as follows: Families, \$2,097.65; single women, \$423.65; single men, \$1,280.05.

**ULM AND COMPANIONS OVER PACIFIC OCEAN**

OAKLAND, Dec. 4.—Capt. Charles T. P. Ulm and his copilot, George Littlejohn, and navigator, Jack Skilling, were last night winging their way across the Pacific Ocean toward Hawaii on the first leg of their projected trans-Pacific flight to Australia. They hopped off from here at 3:45 yesterday afternoon in their British-built ship "Star of Australia" and about half an hour later passed the Farallone Islands, sixty miles out. Their plan was to make the hop to Australia with two stops en route, one at Honolulu and the other at the Fiji Islands. The distance to Honolulu is 2400 miles. They carried 825 gallons of gasoline.

**Winter Starting In Interior Now**

Season Has So Far Been Exceptionally Open, Says District Agriculturalist  
Don Sutherland, district agriculturalist from Smithers, arrived in the city from the interior on Saturday night's train and called this afternoon on the Cattle for a trip to Vancouver where he will attend the Provincial Seed Fair, expecting to be in the north about a week.  
As elsewhere, winter has been exceptionally late in setting in in the central interior. Mr. Sutherland reports, Smithers had its first real snowfall, about eight inches, last Thursday and at the week-end it was getting quite cold.

## SWEARS TO TRUTH BEFORE NOTARY

Suffering from severe abdominal pains and biliousness, Mrs. Elizabeth Dudson, 523 Simcoe St., London, Ont. at last got permanent relief. To help others she tells of her experience in a statement made under oath before a notary in order to convince you of its absolute truth. She states:—"I had a bad case of biliousness and headaches and became so ill I had to go to a hospital. Nothing I tried would help until I started taking Fruit-a-tives. Now I have no more headaches and can do my housework without help from anyone. Fruit-a-tives did me a world of good."

## THREE-WAY HOOP DRAW

Canadian National Recreation Association Defeat Home 10 To 13 Senior Basketball

The Canadian National Recreation Association continued its winning streak by leading on the floor by three points, 13-10, to make a three-way tie for Senior Basketball League leadership. The C. N. R. had a nine-point lead at half-time but the visitors then threw a score into them at half-time. The referee, coach, nearly gave the game to the home team by putting in the new "Indian" rule in the second half. The home team played a good game for the home, intentionally scoring thirteen points.

## All Are Trying

Apparently all the players in this picture have the same object in mind. This bit of action took place during the early game between Lumber, Welsh and Richmond at Richmond, England.

Both teams scored the rest of some of the crowd by the handling of some questionable decisions.

In the Ladies League, High School dropped a tough game to Amateurs, 14-10. High School was upset at half-time 4-0. The Davis girls turned in a nice game for the students while the home girls were surprised the home for the night.

The High School Intermediate beat the Canadian Legion 23-21 and Campbell's team beat High School 14-10. The second half the Legion put up a good fight for the game. The Legion played better basketball for the night.

In the opening Junior League game the Boy Scouts vanquished the High School 14-4. Denny was outstanding for the Scouts.

## SPORT CHAT

The record breaking winning streak of the Toronto Maple Leaf was ended in Detroit Sunday night when they were defeated by the Detroit Red Wings by a score of three to nil. It was the first defeat for the Toronto since the opening of the National Hockey League season. They had won eight straight games. Chicago Black Hawks lost to the New York Americans at Chicago and remained in a tie with Boston Bruins for leadership of the American Division.

Another sensational last minute feat was the great Charlie Conacher scoring an amazing thirteen seconds before the end of the final period gave the Toronto Maple Leaf a 4 to 3 victory over the St. Louis Blues in the Maple Leaf Gardens in Toronto Saturday. For the Maple Leaf it was the eighth straight victory. The provincial champion had played a wonderful game and as attack and defense it was a heart-breaking defeat for them. They seemed entitled to a least a draw for the Maple Leaf, particularly in the earlier stages, were not paying their usual penalty noticeably late in action. It was the eighth straight victory for the Maple Leaf whose only victory of the season in this way took first place. They were 9-0-1 and admission, Conacher and Harvey Johnson scored for the Maple Leaf and How, assisted by Elliot, for the Blues in the first period. However, Elliot, scored again for St. Louis in the second period and four minutes from the end of the period, Red Hesterton put the Leafs ahead 2-1 on a pass from Camp. With twelve minutes to go in the third period, St. Louis got on a power play which bewildered the Leafs, resulting in a goal for Worthy assisted by Ed Smith. The closing stages were tense and rough with a number of penalties being called out for shoving, tripping, etc. The rough four star drive resulted in Conacher scoring an amazing thirteen seconds before time to break the tie.

## 'Rainbow Woman' Is Recovering

Medical Fraternity Staffed in Case of Kansas City Woman

KANSAS CITY, Dec. 4.—The medical world continues to follow with interest the case of Mrs. Betty Perry, who has been nicknamed "The Rainbow Woman" suffering from some strange neurological ailment. She has already changed color from blue to purple, then to red and back brown. She does not appear to be seriously ill and doctors are presently that they expect a complete recovery. She says that when she still changes color, it has the feeling of numbness. The medical fraternity is baffled in the matter of diagnosis.

## BANK SHOWS WELL TODAY

Quarter of Million Pounds of Health Landed Last Month

Prize of Liquid Assets to Meet All Emergencies in Bank of Montreal Statement

Strong in all departments, the Bank of Montreal is forwarding to shareholders an annual statement that reveals a reassuring picture. The statement shows total assets of \$70,000,000 included among these are quality available resources of \$40,000,000 equal to 57 per cent of liabilities to the public. Strength is lent to the liquid assets by total cash holdings in the Bank and in Central Gold Reserves of \$12,000,000, equal to 17 per cent of liabilities.

The principal holdings in liquid assets are government and other bonds and securities of \$17,000,000. In line with the Bank's policy, the greater portion of these consists of gilt-edged securities which mature at early dates.

Notwithstanding general evidence of more active manufacturing conditions, current loans are slightly down at \$24,000,000 as compared with \$25,000,000 at the end of the previous year. This would indicate that a number of Canadian companies still find it possible to finance business in the present winter.

Without question, the year 1936 was the best year since the depression, with a police court yesterday a charge against thousands of the day's action.

Without leaving behind banking accommodations, deposits are well maintained.

## Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism.

Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication. Letter should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.

# TURKEY 25c PER POUND

This Will be Price This Year, it is Expected—Local Retail List Shows Few Changes

With the Yuletide season approaching, turkey will soon be on the local market. The price this year will be 25c per pound, it is expected. As little in the way of new lines is arriving, few changes are to be noted in a revision of the local retail price list. Eggs are down while butter, flour and sugar are steady. Feed prices are on the weak side.

# BOARD IS APPOINTED

New Pensions Plan on Canadian National Railways to Become Operative Shortly

MONTREAL, Dec. 4.—Announcement of the personnel of the new pensions board of the Canadian National Railways is made. The board is appointed under the provisions of the new pensions fund regulations which become effective on the Canadian National system in Canada on January 1 next. It comprises four representatives of the company under the chairmanship of D. C. Grant, vice-president of finance, and three representatives of employee organizations who were elected at a recent meeting of the General Chairmen's Association held in Montreal. The company representatives, in addition to Mr. Grant, are A. J. Hills, chief of personnel, S. W. Fairweather, director of the bureau of economics, and T. H. Cooper. Representing the employees are R. J. Tallon, president of Railway Employees Division No. 4, B. L. Daly, chairman, Order of Railway Conductors, and W. G. Graham, general chairman Brotherhood of Locomotive Firemen and Engineers. Mr. Tallon resides in Montreal, Mr. Daly in Winnipeg and Mr. Graham at Lindsay, Ont. The superintendent of pensions will act as secretary of the board. The new board will hold its inaugural meeting in Montreal early in December. The new plan covers all employees of the Canadian National system in Canada except those under the I. C. R. and P. E. I. Employees' provident fund and the Grand Trunk Superannuation and Provident Fund. The plan provides service pensions for employees who have earned such pensions under the old rules and a minimum basic subsistence pension of \$300 per annum to be granted solely at the company's expense to qualified employees on reaching retiring age. The normal retiring age is 65 years.

## MUSTARD'S the thing for that COUGH or COLD!

It does not pay to take any chances with so-called "simple" coughs and colds. Fill the bathtub with *tepid* hot water and add three tablespoonsful of Colman's Mustard mixed first to a thin paste. The old saying is "Leave your cold in a mustard bath." Soak and relax; perspire and singe. Then a good rub-down, jump into bed and *rest* at the joints. A grand old remedy! If most convenient, wrap yourself up warm and soak your feet for 15 minutes in a pail of *teeming* hot water with 1 tablespoonful of Colman's—and get to bed. And you can rely on the old-fashioned mustard plaster for quick relief for chest colds.

### Week of Prayer To Be Observed

Will be Principal Matter of Discussion at Ministerial Association—President in Charge

Protestant churches of the city have again decided to unite in conducting the annual Week of Prayer in Prince Rupert from January 4 to 10. It was decided yesterday at the regular monthly meeting of the Prince Rupert Ministerial Association. There was a lengthy discussion on the subject and it was finally decided to leave the completion of arrangements for messengers, etc. in the hands of the chairman, Rev. C. D. Clarke.

There was a full attendance of members of the association at the meeting with Mr. Clarke in the chair. Among those present were Rev. E. J. North, pastor of the Pentecostal Assembly, a new member, and Rev. A. O. Assen of Vancouver, visiting pastor of St. Paul's Lutheran Church.

### WHIFFLETS From the Waterfront

Capt. Albert Eppon, formerly well known as a skipper of vessels of the British Columbia Coast Steamship Service of the Canadian Pacific Railway on the northern coast, and Capt. Alex Cameron, formerly with the Coastwise Steamship & Sarge Co., have assumed duty with the coast pilotage service to which they were recently appointed. Capt. Ernest Georginson, master of the Union steamer *Cadonia*, Capt. Robert Hunter, for years on the Triangle Run steamers of the Canadian Pacific; Capt. James Flood, also well known in northern waters on C. P. R. boats, and Capt. C. R. Brewster, another Coastwise skipper, are reported to have succeeded in examinations for the pilotage and will receive appointments later. It is understood.

Capt. Peter Byrne arrived in port yesterday afternoon with a catch of 1500 pounds of flatfish for the local fresh fish market. Capt. Byrne plans to go out again for another load later in the week.

C. N. R. steamer *Prince John*, Capt. Edward Mabbs, coming north from Vancouver via the Queen Charlotte Islands on a regularly scheduled voyage, is expected to arrive here early tomorrow morning. The vessel left Skidegate Inlet at 11 o'clock last night for Muskeet Inlet where she is making her call today before coming on here.

Having been delayed by loading canned salmon in the Naas River, Union steamer *Catala*, Capt. James Findlay, arrived in port at 2:45 this afternoon from Anson, Stewart and other northern points and sailed about an hour later for Vancouver and waypoints.

### Number of Port Essington Men Busy at Logging

R. G. Cunningham, of Port Essington, who was a week-end visitor in the city, reports considerable activity in logging along the lower Skeena River and up the Establin. Many Port Simpson men are engaged in the work. The logs are being taken by James A. Brown, Port Essington sawmill operator.

### SAYS 'TIS NO SHARK

Capt. Pete Wolf of Hailbut Boat Tootle Another in Disagreement With Dr. Clemens' Identity

Capt. Pete Wolf of the local hailbut boat *Tootle* is another who is inclined to take issue with Dr. W. A. Clemens, director of the Nanaimo Biological Station, in identifying Prince Rupert's sea monster as a hankling shark. A hankling shark's tail, Capt. Wolf says, is hard and, if the skeleton found on Henry Island were such, there should have been some remains of the tail. Further, the hankling shark has a shell-like head and there should have been some remains of that as well.

Capt. Wolf says that hankling sharks are very common in Bechoe Straits and Cape St. James waters in the summer during the fishing season. Ploching on the surface like scud-like logs, he has often run into them with his boat. It would be quite an easy matter to catch one, he thinks.
