BANK HEAD DIFFERS WITH BENNETT

PEACE RIVER HALF BREED TO HANG ON MURDER CHARGE

Death Penalty Imposed On John Ferguson for Killing Louis Jobin

Dramatic Trial Was Held in Theatre of Northern Alberta Town—Accused Said His Sweetheart Invited Him to Kill Her Father

PEACE RIVER, June 23: (CP)—Boyd Theatre, scene of melodramatic make-believe trials of the past, was the setting for a real life drama when John Ferguson, 25-year old halfbreed, was sentenced to hang on August 6 for the murder of Louis Jobin, father of his sweetheart in March last. The trial was held in the theatre as court house facilities here were not adequate.

Accused claimed that his sweetheart, Marcella Jobin, invited him to "come over any time and we will kill my mother and father." The parents had objected to their daughter marrying Ferguson.

The girl stoutly denied the allegation made by Ferguson.

The jury, in finding Ferguson guilty of murder, recommended mercy but the court had no alternative, in view of the verdict, but to pass sentence of death.

ODD CASE IS COMING

Shannon Van Alst Charged With Planting Weeds on Neighbor's Land

Divisional headquarters of the provincial police here are advised that in a Smithers case arising in the Evelyn district a farmer by the name of Shannon Van Alst has elected for jury trial at the next Assizes in Prince Rupert. He is charged with doing damage to wheat land of a neighboring farmer by walking over his field and dropping noxious weed seeds—stink weed.

Pending trial, Van Alst has been released on $5000 bail.

MILITARY DICTATORSHIP IN GERMANY THIS FALL PREDICTED BY WILHELM

LONDON, June 23:—Ex-Kaiser Wilhelm predicts that a military dictatorship will be set up in Germany by September, the Daily Herald correspondent at Doorn reports.

A Split Second Later and Death Claimed Its Victim

In one of the most spine-chilling photographs ever made, George Herzog and his racing car are shown clear of the ground and upside down after a skid on the 8th lap of the 25-lap feature Memorial Day race at Hohokus, N.J. In the merest fraction of a second later the pilot was on the ground and the car, hitting on top of him, had snapped his neck like a twig. The bright-eyed youth of 23 who had started the race, was a limp and mangled form. He died a few minutes later.

PAYS LODGE HERE VISIT

Special Proceedings Thursday of L. O. B. A.—Banquet and Dance Follow Meeting

Mrs. F. G. Finlay of Vancouver, Grand Mistress of the Ladies' Orange Benevolent Association of Canada paid an official visit to the local lodge Thursday night, the lodge proceedings being followed by a banquet and dance which events proved very enjoyable to all present. J. A. Teng was master of ceremonies for the dancing and music was furnished by Mrs. J. S. Black's Orchestra.

The committee in charge of the evening's proceedings consisted of Mrs. J. G. Viereck, convener, Mrs. H. B. Eastman, Mrs. R. T. Anderson, Mrs. Alex MacDonald, Mrs. Gladys Fowler and Miss Hilda Beale.

Yesterday afternoon Mrs. Finlay paid an official visit to the juvenile lodge here. She will sail by the Prince George tonight on her return to Vancouver.

Nine Months In Jail on False Pretence Charge

Edward Alvin Deiter, Smithers farmer, charged with obtaining relief under false pretences, has been sentenced to nine months' imprisonment, divisional headquarters of the provincial police here are advised. The evidence showed that Deiter had received relief orders for the sum of $39.20 when, during the past month, the earnings of himself and his son amounted to about $75.00.

Great interest was taken in the case at Smithers and it would appear to be a forerunner of several others the officials have in mind.

FORMER CALGARY MAN WINS BRITISH SEAT

OFFICERS TO LEAVE

Change in Salvation Army Corps—Captain Coxson Going to Vermilion

Captain Agnes Coxson and Lieutenant Hazel Milley, officers in charge of the local Salvation Army corps, have been appointed to other fields of labor.

The captain who has spent three years in Prince Rupert will take charge of the Salvation Army work in Vermilion, Alta. She will be leaving next Wednesday by train for her new post of duty.

Lieutenant Milley has been appointed to assist Captain E. Murrey at Banff, Alta. She will spend the summer there and will then enter one of the Salvation Army hospitals to train as a nurse. She will leave Prince Rupert next Tuesday by boat.

Adj. E. Laycock, an officer who has spent several years in the Salvation Army service in Canada West, will take charge of the local corps. She and her assistants will arrive some time during the week and will conduct their first services here next Sunday.

Big Monoplane From Interior Visiting Here

Flying a big Fokker monoplane which is being used in commercial operation out of Burns Lake, Pilot McConnachie put down here at 1:30 this afternoon from the interior and is tied up at the Imperial Oil Co. station. The machine will be here for the week-end.

Mrs. W. P. Armour and daughter, June, left on last night's train for Drumheller and Calgary, Alta., where they will spend the summer.

Premier's Statement In House Resented by Commerce President

Sir John Aird Protests Bennett's Suggestion That No Canadian Suitable to Institute and Direct Central Bank to be Established in Canada

TORONTO, June 23:—Sir John Aird, president of the Canadian Bank of Commerce, has protested at Premier R. B. Bennett's statement in the House of Commons that "there is not a banker in Canada who has the training to institute and direct the proposed new central bank."

Sir John added that he certainly thought a Canadian banker who understood Canadian banking and Canadian institutions would be a far better choice than any one from England.

REASONS FOR CUT

Chamber of Commerce Committee Presents Strong Case For Reduction in Auto Rates To Interior

Requesting that in all fairness a rate be published between Prince Rupert and Terrace, also between Terrace and New Hazelton, similar to that published by the Canadian Pacific Railway between Revelstoke and Golden and that a rate be published between Prince Rupert and New Hazelton on a comparative basis, the highway committee of the Prince Rupert Chamber of Commerce this week presented to A. LeSage, inspector of railroad operation of the Board of Railway Commissioners from Calgary, a strong memorandum seeking a substantial reduction in freight rates for transportation of automobiles between Prince Rupert and Terrace and Hazelton. Present rates, the memorandum contended, are prohibitive and strangle any possibility of developing traffic. A reduced rate would, undoubtedly, stimulate tourist traffic greatly.

The rate between Golden and Revelstoke, a distance of 91 miles, it was pointed out, was from $12.50 to $17.50, according to wheelbase measurements, whereas the rate between Prince Rupert and Terrace, 95 miles, was $32.50 and $27; between Terrace and New Hazelton, 86 miles, $32.50 and $27; and between Prince Rupert and New Hazelton, 181 miles, $51 and $40.

The memorandum was a lengthy document and exhaustively sets out the case for a reduction in rates from all angles, particularly from the point of view of the possibility of developing new business for the railway both from tourists and from automobile owners of Prince Rupert and the interior.

The committee was in session with Mr. LeSage for more than two hours. The committee consisted of S. E. Parker, chairman, C. H. Orme, W. O. Fulton and V. S. Moore. Also present were Peter Lakie, district freight and passenger agent for the Canadian National Railways, and Arthur Brooksbank, secretary of the Prince Rupert Chamber of Commerce.

The first full passenger train to arrive here under the new summer time table, due at 2:15 this afternoon was this morning reported to be fifty-five minutes late which would bring it in at 3:10 p.m.

Tells of Visit To Honolulu At Rotary Lunch

Telling of a recent visit made with Mrs. Tinker to Honolulu, G. P. Tinker gave a rather poetic description of that place and the emotions called up by the visit in addressing the Prince Rupert Rotary Club Thursday afternoon. Nearly half the population consists of Japanese who are increasing very rapidly and will soon be in a majority.

While physically not quite fit for surf riding, Mr. Tinker, instead, went out with his wife in a canoe which was upset in the surf and he told of coming in on the crest of a wave at thirty miles an hour—an exhilirating and thoroughly enjoyable experience.

Visits were made to a beautiful Mormon temple sixty miles out of the city. He drove 130 miles around the island, looked in at the schools, visited a native cottage, and carried away some of the native lilies, saw the sugar plantations, the pineapple grounds and the naval and military headquarters. He attended a Rotary luncheon and watched a native Hula dance. Everything was attractive and the visitors were sorry to leave.

UNITED STATES CONDITION

Those who fear that the United States may go to the "demnition bow-wows" may take heart from the June report of the Royal Bank of Canada just to hand. It says:

"Despite the wave of pessimism which swept over New York in May and inundated the security market, the recovery in business and industry in the United States during the past year is an amazing spectacle to the outside world. With an increase of about 25 percent in commodity prices and 100 percent in security prices, the index of business activity in March 1934 was carried 44 percent above that of the previous March. Although these comparisons and those given below may seem to exaggerate the improvement, because they are contrasts between present conditions and those of March 1933 which was the absolute nadir of the depression, yet the figures for March 1933 were only a little below those of December 1932 or January and February 1933. It is these comparisons that account for the general state of quiet confidence which is characteristic of most parts of the United States at the present time, as compared with the panic and despair early in 1933."

Attention is drawn in the report to the autumn decline last year and says that country has only recovered to the position attained last July and there is now another reaction which has not so far proved serious. The report goes on to say:

"As to the time for the next major upward movement which will carry the United States to a new plateau on the upward course, there is no clear basis for forecast, yet the omens are favorable and it seems improbable that this next major upward movement can be long delayed."

The writer of the report sees a movement coming in the building trades due to the shortage in buildings and the plentiful supply of cheap money. Over-expansion in credit is feared as the major danger ahead.

GAMES OF SOFTBALL

Junior Elks Victorious in 18 to 10 Hit and Error Fiesta—Grotto Beats Annette's

Amid a veritable shower of hits and errors, the very erratic Junior Elks tamed the also temperamental Moose City League softballers with an 18 to 10 score in an exceedingly jumpy gaint. There was more quantity to the game than quality. Scoring three runs in as many innings the Junior Elks took the field in the last half of the third, little expecting the rout that followed when their shortstop, Steffensrud, got an error complex, dropping every ball that came his way. His fumbling combined with Rightfielder Davis' faulty treatment of a high fly gave the Moose a four-run lead over the Young Herd, their runners crossing the plate seven times in this inning. But it didn't remain this way long for the Junior Lodgmen, led by Moxley's two-bagger to the right field hill, clouted in five runs. This put them one up for just as long as it took the Moose to smash in four more runs in their turn at bat in the fifth. But that was nothing. The Juniors came back in the sixth stanza and, to the tune of six hits, piled up eight more markers and, from then on, found it easy coasting to an eighteen to ten win.

Girls' Game

In a hard fought seven-inning contest, the fighting Grotto Ladies defeated the equally hard-fighting Annette Girls to the tune of 7 to 4. Both teams displayed better teamwork than in their former matches. The Grottoesses out-clouted the lighter and more timorous Annetites and managed to turn several glaring errors on the part of their opponents to their advantage. Their own fielding was practically one hundred percent. This is their second win of the season in the two games played.

Umpires were Comadina and Gurvich.

Fish Scarce on Trolling Grounds—Donkeys From Buckley Bay to Crescent Inlet—Halibut Landings Light

Due undoubtedly in large measure to unfavorable weather conditions, there has been a considerable falling off lately in the run of spring salmon on the trolling grounds in Prince Rupert district. Cohoes have also commenced putting in an appearance but they too are scarce. Owing to the weather and also possibly discouraged somewhat because a drop in price from 10c to 8c per pound for red springs on the grounds, some boats temporarily suspended operations. Packers are also laid up for the time being until more fish become available. It is expected, however, that a return to more favorable weather conditions will see most of the boats back at work again in the hope that the drop in price may be compensated for by a more abundant run both of springs and cohoes.

The packers Charmine C., Capt. Billy Crowell, and Bruce I, Capt. Brandy Newell, have been in port most of the week. They have been carrying fish from North Island to Butedale. It is expected they will be back on the run again within the next few days.

Capt. Henry Edenshaw of Massett, also packing from the Queen Charlotte Islands to Butedale, is another packer that has been in all week. He has been having some alterations made to his big boat Edenshaw at the Pacific Machine Works with a view to making it possible to burn diesel oil as well as gasoline in his motor.

The packer Ogden, Capt. Sam Simpson, returned to port on Thursday afternoon after having made a trip to Vancouver with a load of halibut from here for Edmunds & Walker.

The Surf Point mine service boat Qualis arrived in port on Wednesday afternoon from Porcher Island and left yesterday morning on its return there. It brought in R. E. Legg, superintendent of the Surf Point mine, who spent a couple of days in town on business.

Armour Salvage Co's power tug Salvage Princess left Monday afternoon for Buckley Bay where it was to pick up four donkey engines from the plant of the Los Angeles Lumber Products Co. for delivery to the J. R. Morgan Logging Co.'s camp at Crescent Inlet for which they have been purchased. Capt. Paul Armour went to Buckley Bay with the Princess and returned to the city on the Prince John Thursday morning. The Princess is expected back in a few days.

Making her first voyage on summer schedule, C. N. R. steamer Prince George, Capt. H. E. Nedden, arrived in port at 9:45 yesterday morning from Vancouver, Powell River and Ocean Falls and sailed at 3 p.m. for Anyox and Stewart whence she is due to return here at 6:45 this evening and sail soon after for the south. The Prince George will be here next Wednesday northbound on her first voyage of the season to Alaska.

Halibut Landings Light

Halibut landings at the port of Prince Rupert during the week ending yesterday were light, totalling only 286,000 pounds of which 106,500 pounds was from Canadian vessels and 179,500 pounds from American, bringing the total landings at the port for the present season up to 6,901,065 pounds, made up of 3,257,565 pounds from Canadian boats and 3,643,500 pounds from American, as against 6,609,500 pounds last year at the corresponding date including 2,874,800 pounds from Canadian boats and 3,724,700 pounds from American.

Prices during the week were on the low side. The top bid of the week for Canadian fish was 6c and 5c which the Tramp was paid for 15,000 pounds and the low 5c straight received by the Gony and Pair of Jacks for catches of 13,000 and 16,500 pounds. For American fish the high price was 9c and 5.5c paid the Brothers and Onah for 15,500 and 16,000 pounds respectively while the low bid was 7c and 5c paid the Spray for 27,000 pounds.

C. P. R. steamer Princess Adelaide, Capt. S. K. Gray, arrived in port at 6:45 last evening from the south and sailed at 10 p.m. on her return to Vancouver and waypoints.

Having on board a party of 25 Eagle and Sea Scouts from Seattle, Portland and Spokane, the power cruiser Tyee Scout of Seattle was here last night northbound in the course of a cruise to Alaska waters. Leading the party were Stuart P. Walsh of Seattle, scout executive, in charge and T. C. Lewis, field executive and skipper of the Tyee Scout as well as second in command. The Tyee Scout left Seattle at noon on Monday and arrived here at 5 o'clock yesterday afternoon, leaving last night in continuation of the northern trip with Ketchikan the next scheduled port. The party will go as far north as Juneau, is due back in Seattle on July 6 and may call here southbound. The Tyee Scout is a well known marine visitor to this port, having been here on several occasions in the past with parties of Sea Scouts on board.

Union steamer Cardena, Capt. Ernest Georgeson, arrived in port at 11:40 last night from the south and sailed at 1:10 a.m. on her return to Vancouver and waypoints.

Southbound on her first voyage of the season to Alaska on summer tourist schedule, C. P. R. steamer Princess Louise, Capt. Thomas Cliff, is due in port at 4 o'clock this afternoon from Skagway and will sail at 5:30 p.m. for Vancouver. The passenger list consists principally of round trip tourists.

Good Sockeye Catches

Various areas in Prince Rupert Fisheries District report exceptionally high average catches of sockeye for gill net boats on opening days of the 1934 season and, if weather continues favorable, the outlook appears to be for a real good pack.

The average per boat on the Skeena and Naas Rivers for the opening day, Wednesday, was eight fish. Yesterday the Skeena average was eighteen fish and the Naas, twenty, the latter stream having yielded thirty-five fish per boat on Thursday.

Fitzhugh Sound and Dean Channel reported twelve fish per boat on the opening day and Burke Channel, twenty-two.

There are nine canneries operating on the Skeena River this year as compared with ten last year. The Naas River has three canneries operating, the same number as last year.

Shower For Bride-Elect Last Night

Miss Mae Schubert Honored at Affair Held at Home of Mrs. Robert Strachan

The home of Mr. and Mrs. Robert Strachan, Atlin Avenue, Westview, was the scene of a pretty shower last night in honor of Miss Mae Schubert, whose marriage to Alex Strachan of this city will take place next Friday evening. The rooms were tastefully decorated and, during the evening, little Mary Strachan wheeled in an attractively arranged wagon which bore many useful gifts for the bride-elect. Refreshments were served and a happy evening was spent by all.

Those present were Mrs. William Strachan, Mrs. D. C. Schubert, Miss Mae Schubert, Mrs. W. J. Fidler, Miss Isabel Fidler, Mrs. O. Strand, Mrs. W. Grimsson, Mrs. Richard Long, Mrs. J. Clark, Mrs. J. Munro, Mrs. A. McLean, Mrs. J. Durran, Mrs. M. Mitchell, Mrs. D. Orchard McLeod and Mrs. F. W. Hart.

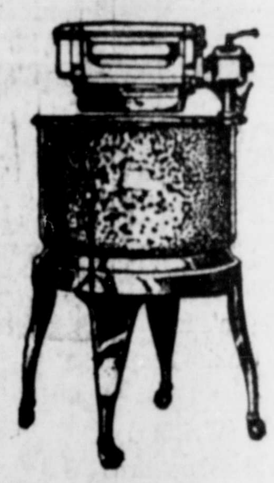
Why an Easy?

Scores of different washers are on the market. Scores of others have come and gone. Not one employs the same principle they used ten years ago—Easy excepted. Cylinder, Oscillator, Dolly, Agitator are all obsolete today. The Easy Co. has used and developed the vacuum cup principle for 57 years. All others force the clothes through the water.



Easy forces the water through the clothes. There's a difference.

A factory representative will be with us during the week. Easy Washers and Easy Ironers will be demonstrated. Call for demonstration. Your presence will be appreciated.
