General Hugh S. Johnson, Administrator of N. R. A., Is Very Hopeful—National Guards Assist in Re-opening Of Shipping From Portland

LOS ANGELES, July 21:—General Hugh S. Johnson, administrator of the National Recovery Act, arrived here yesterday by airplane from Washington to take personal charge of arbitration proceedings looking to a termination of the longshoremen's strike which has tied up shipping from United States Pacific Coast ports between San Diego and Seattle during the past two months. General Johnson, interviewed soon after his arrival, expressed confidence that a settlement of the dispute would be reached within hours. He paid tribute to union labor leaders for their wisdom in calling off the general strike and discounted the importance of the red element in having precipitated the walk-out. He predicted that the shipping trades would be brought under a N. R. A. code. From here General Johnson will proceed to San Francisco and later Portland.

There was little change in the strike situation generally yesterday following the calling off of the general strike with the longshoremen still remaining out.

National Guardsmen were reported to be encamped ten miles from Portland ready to advance on the waterfront with machine guns and light howitzers if maritime pickets interfere with the shippers' plans to open the strike-bound port.

Governor Merriam of California issued a statement that he would have the National Guards removed from the San Francisco area as soon as Mayor Angelo Rossi requests that this be done.

General Strike in Minneapolis and St. Paul Feared—Police Shoot On Pickets

MINNEAPOLIS, July 21:—Movement of trucks under heavily-armed convoys of police and preparations for a meeting of 25,000 union members gave an ominous turn yesterday to the four-day old strike of 6,000 truck drivers in the Twin Cities of St. Paul and Minneapolis.

One man was believed fatally shot in a clash yesterday between St. Paul police and pickets. Use of guns by the officers if necessary in dispersing pickets was ordered by Chief of Police Johannsen. It is feared that a general strike may be the next development.

### IMPORTANT GYRO EVENT

Local Service Club Has Prominent  
Visitors From Nanaimo and  
Columbus, Ohio

With two district lieutenant governors from far removed points in attendance to give inspiring addresses, the Prince Rupert Gyro Club had a special dinner meeting of unusual interest in the Boston Cafe last evening. The two lieutenant governors were Gerald P. Berry of Nanaimo and Joseph Hershberger of Columbus, Ohio. In addition to their speeches, the evening's program included enjoyable musical selections by the Strollers' entertainment party of Vancouver which is visiting the city, including accordion solos by George Holland. President W. H. Tobey was in the chair and there was a large attendance of gyro members with several guests.

District Governor Berry of Nanaimo, who was introduced by D. G. Borland, past Nanaimo president, brought greetings of the Nanaimo Club and of the district. He discussed some internal matters of the organization and told the local club that it might expect a visit in the near future from Charles Anstie of Vancouver, immediate past international president. At the conclusion of his address, Mr. Berry was presented with a proxy to represent the Prince Rupert Club in the forthcoming district convention in Tacoma.

One man was believed fatally shot in a clash yesterday between St. Paul police and pickets. Use of guns by the officers if necessary in dispersing pickets was ordered by Chief of Police Johannsen. It is feared that a general strike may be the next development.

KING'S PRIZE AT BISLEY GOES TO  
Capt. J. A. Barlow of West  
Yorkshire Regiment

BISLEY, Eng., July 21: (CP)—Capt. J. A. Barlow of the West Yorkshire Regiment today won the King's Prize, the Empire's classic of service rifle shooting. It was the fifth English victory in succession since Col. R. M. Blair of Vancouver won in 1929.

### Hamilton Douglas Funeral Held At Seattle Tuesday

Funeral service for the late Hamilton Douglas, former real estate broker and alderman of Prince Rupert and former mine superintendent and government telegraph operator at Dawson, whose death at the age of seventy-nine years took place last Saturday in Seattle, took

place at Seattle on Tuesday afternoon of this week under the auspices of Seattle Commandery No. 2, Knights Templar, burial being made in Evergreen Memorial Park.

Mr. Douglas was a native of Montreal but had lived for many years on the Pacific Coast. He is survived by his widow and two sons. Deceased was a member of various branches of the Masonic craft and a Shriner.

TENNIS PLAYERS FROM DOWN UNDER  
Defeat U. S. Opponents in Davis  
Cup Inter-Zone Play

WIMBLEDON, Eng., July 21: (CP)—Jack Crawford of Australia defeated Frank Shields, ranking United States player, in a brilliant three set match 6-1, 6-2, 12-10 in the opening singles match of inter-zone finals for the Davis Cup.

Vivian McGrath defeated Sydney Wood 7-5, 6-4, 1-6, 9-7, giving the Australians a commanding lead.

The doubles will be played on Monday.

### STANDS OUT FOR RIGHTS

CANADIAN NATIONAL DIRECTORS SHOULD  
NOT CURB PUBLIC ACTIVITIES OF  
EMPLOYEES, SAYS C.C.F.

WINNIPEG, July 21:—The Cooperative Commonwealth Federation second national convention here claimed that orders said to have been issued by the directors of the Canadian National Railways curbing public activities of its employees were an infringement on the rights of citizens.

All measures declared to be infringing on the rights of citizens as British subjects met with condemnation at the convention which closed yesterday.

#### MARKETING ACT

### Whole Region Between Appalachian Mountains and Rockies Swelters

Up to 114 Above Recorded in Kansas and Missouri—Thirteen Dead in Kansas City Alone—New York Is Also Suffering

NEW YORK, July 21:—At least seventy persons were reported dead last night as a result of the season's most severe heat wave under which the whole area of the United States between the Appalachians and the Rockies sweltered yesterday. The heat centred in the Middle West around the state of Missouri and Kansas, no less than thirteen being reported dead in Kansas City alone. A maximum temperature of 114 degrees was reported to have been reached with thermometer readings of 100 above and upwards very common. There was also widespread suffering in New York and the east. Topeka, Kansas, reported two deaths from the heat.

### DINNER FOR ASSELSTINE

M.L.A. and Other Speakers Heard  
At Stewart Gathering

STEWART, July 21:—William J. Asselstine, M.L.A. for Atlin, and Mrs. Asselstine were guests at a dinner held by the Stewart Board of Trade at the King Edward Hotel. About forty were present, including members of the Board of Trade and other local citizens and their wives.

The chairman announced that the purpose of the gathering was to enable Mr. Asselstine to give to his constituents here a report on the work of the last session of the Legislature.

Mr. Asselstine gave a very interesting address outlining the work of the session with particular reference to those matters of interest to this district. He also outlined briefly but forcefully the importance of mining to British Columbia and to the Dominion and the increasingly large part that British Columbia is playing in the mining industry of Canada.

Mrs. H. P. Gibson spoke on the growth of Stewart during the past twenty years and also on the increased part played by women in business and political affairs since the turn of the century. Mrs. Gibson closed with a stirring appeal to all present to take a vital interest in the children and urged that every effort be made to interest and instruct the children in sport and team games and to inculcate the spirit of "play the game" in all matters.

In a very pleasant address H. W. M. Rolston, speaking as a candidate in the recent provincial election, urged that everyone get behind Mr. Asselstine and assist him in his work for the development and improvement of the district. Mr. Rolston complimented Mr. Asselstine on his election and the district on its choice and promised his personal support to Mr. Asselstine in anything he might undertake for the good of the Atlin riding.

William R. Tooth, chairman of the municipal commissioners, spoke of the duties and responsibilities of public organizations and of the necessity of supporting such bodies in their efforts to have governments carry out the wishes of the people of a district. He also outlined the procedure of the local municipal council in dealing with requests for public works and other matters received from the people of Stewart.

### FRAUDULENT RELIEF

There is no doubt that the relief plans of the provincial government have been abused. People who were not entitled to it took money from the public funds, usually because they heard their neighbors were doing the same. It was something like this: "Jones is drawing down his twenty dollars a month and he doesn't need it as badly as I do," so application is made and the money is paid. It was public money anyway and the recipients did not feel that anybody was being robbed.

At present an investigator is in the interior in connection with reports of people securing relief fraudulently. Some prosecutions have already been launched and others are likely to follow. There is a possibility of the investigator also visiting Prince Rupert.

### COST OF LIVING DOWN

According to the Bureau of Statistics at Ottawa the cost of living dropped in June, the recession being mostly in foodstuffs. Up to that time there had been a steady advance all along the line. The only advance in June was in men's wearing apparel which was slightly dearer due to the higher cost of yard goods. Possibly the drop is only seasonal.

### TRUMPETER SWANS

There seem to be some people who still doubt that the swans which visit Tlell each winter are trumpeter swans. As it is illegal to shoot swans of any kind, none of these have been killed but people who have seen and heard them say they are the real "trumpeters." Yesterday we published a report from Tlell that a couple of the birds had apparently taken up summer residence in the Tlell River. Scientists will be interested in this and doubtless will investigate.

## GOLF GAME BIG SPORT

Holds First Place in Recreational Activities at Hazelton

HAZELTON, July 21.—Golf still holds first place in the sporting activities of the people of Hazelton and, when the day's work is done, men and women can be seen with their golf bags hurrying to the links.

Every Wednesday afternoon is a special day for ladies and, during the afternoon, refreshments are served on the course.

The people are very enthusiastic about the game and a little later in the season, when the tournaments are held, there is very keen competition for the cups and other trophies that are put up.

tended an invitation from Indianapolis for attendance at the 1935 convention.

Rev. W. D. Grant Hollingworth, official delegate of the local club to the recent international convention in Calgary, was welcomed back. He will present his report on the convention later.

Guests at the dinner, in addition to Messrs. Berry and Hersberger, included Mr. Haines of the Strollers, J. Thompson of Stewart, J. J. Little, president of the local Rotary Club, Orville Denstedt, A. R. Nichols, W. M. Blackstock and Dr. Neal Carter of Prince Rupert.

H. N. Brocklesby was winner of the dinner raffle.

It was announced that August 1 had been set as the date for the Rotary-Gyro comic softball game.

Following the Gyro dinner, the Gyros and friends adjourned to the residence of William Cruckshank where there was informal entertainment for the remainder of the evening.

This afternoon Messrs. Berry and Hersberger are being taken for a harbor cruise by Gyro Charles E. Starr. The two district lieutenant governors, who have been here since yesterday, will sail this evening by the Prince George for Vancouver.

## Former Pastor Of Hazelton Is In England Now

Rev. T. H. Wright B.A., B.D., former pastor of the Hazelton United Church and secretary of the Presbytery of Prince Rupert, is at present holidaying in England and is supplying for a while at St. Ives Hunts, twelve miles from the university city of Cambridge. St. Ives vicinity is one of England's rural beauty spots.

At the official board sessions held recently at Over, Cambridge, Mr. Wright was the recipient of a complimentary resolution as follows:

"Resolved that we welcome Rev. T. H. Wright B.A., B.D. to our circuit to supply in place of Mr. Wiffen. We are delighted to share in his ministry and wish for him a happy and successful time with our people."

Rev. Dr. F. W. Dafoe acted as chairman and the proceedings opened with a worship service by the minors followed by primary exercises.

While in London recently Mr. Wright visited some of the chief places of interest and attended meetings which were addressed by distinguished speakers. He also conveyed greetings from the Mayor of Vancouver to the Lord Mayor of London and was received by Sir Charles Collatt, the Lord Mayor.

The evening's program included piano solos by Harry Daggett and Tommy Pierce, duets by Amy Armstrong and Isabel Hackett and by Joy and June Berg, dances by Tommy Krause and Jean McAfee, and choruses, the singing of "God Save the King" closing the proceedings. Ice cream cones were then provided for all the children.

Gordon Calderwood and Billy Hunter were ushers.

TERRACE, July 21.—The picturesque cluster of log cabins which now makes up most of Copper City, on the highway half way between Terrace and Ush will be no more in the near future because L. G. Skinner and H. Lind who form the bulk of the inhabitants are building fine new residences and intend to demolish the old buildings. Motorists traveling the road will know of the wonderful beauty of mountain and river that characterizes the journey. The bridge over the Copper River is a veritable beauty spot. These two citizens deserve to be congratulated on their enterprising spirit.

Good Salmon Pack Already Assured—Canning Alaska Fish in Skeena—Ocean Drift on Islands

"We have already made such a good pack to date this season of the sockeye variety that, no matter what happens now, it is bound to be a more successful year any way you look at it," declared a well known Skeena River cannery operator in Prince Rupert this week in commenting upon 1934 cannery operations. Although, except for the first week or so following the opening of sockeye fishing operations on June 20, weather was anything but auspicious, good catches are still being made by the gill-netters generally as July progresses and, from all hands, come reports of vastly improved results in the industry. The benefit that this improved state of affairs will be to business generally in the district may become more evident a little later in the year. At present, the fishermen are all busy and, consequently, general business is a little quiet. Troll fishermen are also reported to be meeting with better success although the improvement may not be quite so considerable as in the gill-netting.

Owing to the extremely bad weather, sockeye fishing throughout Prince Rupert district was poor during the past week in comparison with what it had been earlier in the season. Fishermen were unable to operate outside and the average per boat for the whole district is placed at about twenty fish. Spring salmon are running strong in the Skeena River now but there are no signs of pinks to any extent as yet although there are a few seines out in the Naas River area. The pack, of course, is still far ahead of last year. Owing to the large number of fishermen operating in the Rivers Inlet area, the weekly close season there has been extended to 72 hours by the fisheries department. In Smith's Inlet, the weekly close season has been reduced again to 48 hours after having been extended to 72. In the rest of the district, the weekly close season is still 48 hours.

Having on board a good sized list of passengers including 29 round-trippers, Union steamer Cardena, Capt. Ernest Georgeson, arrived in port at 11:30 last night from the south and sailed an hour later on her return to Vancouver and waypoints.

The power yacht Infanta, having on board Mr. and Mrs. John Barrymore and family, after having spent the day in port, sailed last evening in continuation of its southward voyage following a cruise in Alaskan waters.

During the past week it has been reported that the temperature of the water in Prince Rupert harbor has been anywhere from two to four degrees lower than it ordin-

and 5¢ the low while the highest price for American fish was 8.1¢ and 6.2¢ and the low 6.9¢ and 4¢.

A yachting visitor of more than usual note who is a visitor in port today is Freeman F. Gosden of Chicago, "Amos" member of the famous radio entertainment team of "Amos 'n Andy," who with Mrs. Gosden and Mr. and Mrs. William M. Dewey Jr., arrived by train from the east this afternoon and is boarding the Seattle charter yacht Caroline. Capt. K. C. (Casey) Moran, for a cruise of Alaskan waters. Soon after Mr. Gosden goes aboard, the Caroline will leave for the north. She came here from Seattle to pick the party up.

Making a special tourist sailing to Alaska with an overflow of passengers from other regularly scheduled boats, C. P. R. steamer Princess Alice, Capt. James Flood, arrived in port at 9 o'clock this morning from Vancouver and sailed a couple of hours later for Skagway and other northern points whence she will return here next Thursday afternoon southbound. On board the Alice were 174 passengers, 151 of whom were round trip tourists.

The Armour Salvage Co.'s local power tugs Salvage Princess, Capt. Joe Desnulles, and Pachena, Capt. Jack Walls, have been chartered by the Nootka Packing Co. for packing service out of New Massett cannery. The Salvage Princess is leaving today for the Queen Charlotte Islands and it is expected the Pachena will get away tomorrow.

Gable and Colbert Score Hit In  
"It Happened One Night"

"It Happened One Night," the week-end attraction at the Capitol Theatre, co-starring Clark Gable and Claudette Colbert, is said to be one of the ten best pictures of the year.

"It Happened One Night" has that sparkling, entertaining, realistic yet romantic quality that no one between the ages of eight and 80 can resist.

Gable is cast as an adventurous newspaperman who insuits his women first and loves them afterwards. Miss Colbert is a run-away society heiress accustomed to riding roughshod over the rest of the world. Just what happens when these two are forced to spend a week together forms the story.

Other northern points, C. P. R. steamer Princess Louise, Capt. Thomas Cliff, is due in port at 4 o'clock this afternoon and will sail at 5:30 p.m. for Vancouver.
