BODY FOUND AT LINDUP

Upper Portion of Man Had Disappeared—Been Exposed For Year

The provincial police report the finding of the lower portion of a male body in the bush near Lindup. The body is believed to have been exposed to the elements for a year. The upper portion was missing but, after further search in the neighborhood, the skull was found. There was a small amount of money in the pockets of the clothes.

No person has been reported missing in that neighborhood.

With the thigh bones, pelvic and hip bones and skull now recovered, doctors are endeavoring to reconstruct the body with a view to establishing identity if possible.

The remains had evidently been mauled by animals. What appears to have been a note was found in a purse but it has been almost impossible to decipher it.

A knife had scratched on it the initials "M.P." or "W.D."

Clothing consisted of the remains of blue overalls, blue socks and grey sweater.

A tin also found nearby was labeled "gopherside," a strychnine poisoning.

Canada Due For Great Period Of Prosperity in Near Future, Col. Nicholls Tells Gyro Club

After describing how England, despite the handicaps of having no natural resources except that of coal which was of doubtful value, the necessity of importing three-quarters of the commodities which her people require to exist and huge national debt and large per capita taxation, was now seething with activity and enjoying an era of obvious prosperity which was showing itself in large building programs throughout the country, increasing of manufacturing plants, etc., Col. J. W. Nicholls, comptroller of the Canadian Fish & Cold Storage Co., in addressing the Prince Rupert Gyro Club at luncheon yesterday, declared that it appeared to be a certainty that Canada too was about to enter upon the greatest period of prosperity it had ever known. In spite of the extravagance in public affairs of the past few years and the foolish legislation that even yet was being written on the statute books by federal as well as provincial governments, it was perfectly logical that this era of prosperity was about to dawn for Canada and that it would probably come even sooner than many people might expect. Canada's great natural resources and her numerous products for export must prevail and it was inevitable that the rest of the world must pay tribute to her. Now, if ever, was the time to invest in Canada, to start new businesses here and to increase existing trading facilities.

### HOW THINGS HAPPEN

Those who fear that nothing will ever happen at Prince Rupert should open their eyes and look abroad and notice what is happening at other places and how quickly conditions respond. See what happened in old Cariboo when the gold fever struck them and turned the sleepy old villages into live towns again. Now follows an oil boom down in that district which promises to make things lively. Prince George is not in the Cariboo but it felt the impetus of the mining stir and it is already much agitated over the oil possibilities.

Take Stewart as an example. Two years ago the town was as dead as anything could be. A little mining boom and the announcement that the C. P. R. is about to spend \$30,000 on the railway immediately puts life into the dead bones and the village of Stewart sets out to become a town or city. Unemployment is a thing of the past and the future appears very bright.

Prince Rupert is as near the mines as is Prince George. Prince Rupert is experiencing a fishing boom as the result of what promises to be a pretty good salmon and halibut season. The city already has a new cold storage plant, erected through the energy of one of her citizens and already doing business. Very few changes would be necessary to influence a steady flow of grain through the port. With developments all around the city is bound to develop. A pulp mill is likely to come. The moment the first sod is turned in the building of the plant the city will begin to boom again, possibly more than we wish. We have every reason to be hopeful. Even if no pulp mill should be erected we can expect to make a steady growth. Prince Rupert is bound to become a big city, no matter whether we have political friends or enemies. Nothing can hold us back except perhaps our own pessimism.

## This Mascot Is Well Trained

This frolicsome dog, belonging to the groundkeeper, couldn't contain himself any longer when he saw the players of the Hunslet rugby team having all the fun, while he was supposed to sit and watch. Mascot Nigger jumped into the practice session himself, and here he is hitting the ball with his head as he works up to a high pass, while the other "ruggers" are running beside him. The Hunslet team, incidentally, is a finalist in the cup tie with Widnes.

## SOFTBALL IS PLAYED

Senior Elks Beat Juniors 8 to 7—Annette's Tigerettes Defeat Moose Girls

Taking an early lead, the second place Elks defeated a hard playing herd of their younger fraternal brothers, the Junior Elks, by a score of 8 to 7 in City League softball Monday night. Tallying most of their runs in the first four innings, the Senior had a margin of five runs at the end of the seventh. A costly error in the outfield with three Big Elks on board let in three of the runs in the fourth inning.

One of the thrills of the game was when the Juniors staged a three-run rally in the eighth. This fell short by two runs but it provided plenty of action and fun for the fans in the bleachers. Briefly it was this way: The Juniors were five runs behind when the last half of the eighth rolled around. By virtue of an error and a walk, two Junior Elks were safely ensconced on first and second when Veitch slammed a two-bagger into centre pasture and scored Morgan, putting Lindsay on third from where he scored on a fumble by the catcher. Veitch was the next man to cross home plate when he beat out a long throw-in from the leftfielder who had just caught Campbell's long looper. The next two men up were safely retired, thus putting down what looked like a dangerous uprising against the Senior Elks.

The Juniors made another vain attempt to win the game in the last inning, this being nipped in the bud after two men had won home, the final score being 8 to 7.

Both Johnson for the Seniors and Smith for the Juniors were credited with an unassisted double play apiece and, as they are the respective captains of the two teams, one can easily see what stuff captains are fashioned from.

Score, by innings:  
Junior Elks 1 0 0 1 0 0 3 2-7  
Senior Elks 2 0 1 4 0 0 0 1-8  
Batteries: Lindsay and Campbell; Stone and Budnich.

Umpires, Pitcher and J. Armstrong.

Lineups were as follows:  
Elks—Johnson 2b., Lambie ss., Joy rf., Budnich c., Ogg lb., Scott 3b., Stone p., Comadina cf., Pierce lf.

Junior Elks—Cross lb., Smith ss., Steffensrud 3b., Morgan cf., Lindsay p., Veitch lf., Campbell c., Comadina 2b., Palmer rf.

Ladies' League  
In a fast game marked by sur-

prisingly hard hitting on both sides the Annette Ladies' Wear softballers took a better than usual game of Moose Girls to the tune of 12 to 8. The Lodge ladies dodged their opponents' footsteps all the game, there never being more than a two-run lead until the sixth inning when, with the score tied, the Tigerettes managed to claw four runs out of their rivals.

Batteries: Moose, Hunt and Fritz; Annette's, Skattebol and Basso-Bert. Umpires, Comadina Brothers. Line-ups:

Annette's—Blain cf., Boddie ss., Welle 3b., Johnson lb., Yager 2b., Skattebol p., Basso-Bert c., Brooksbank rf., Green lf.

Moose—Fritz c., Hunt p., Nishikaze ss., Stromdahl lb., Blake 3b., Gomez cf., Turgeon lf., Ingils 2b., Dungate rf.

The league standings to date are as follows:

Ladies' League

Annette's	2	1	.667
Moose	0	4	.000

## CANADA DUE FOR GREAT PERIOD OF PROSPERITY IN NEAR FUTURE, COL. NICHOLLS TELLS GYRO CLUB.

(Continued from page one)

vast value and the tremendous work that had been done and was continuing of reclaiming land from the Zuider Zee. The Dutch were an industrious and a solid people. Reports of Communist disorders in Amsterdam he believed were much exaggerated. The Dutch, he predicted, would never adopt Communism, Fascism or any other 'ism.

Speaking of Germany, Col. Nicholls again expressed the belief that reports of uprisings there against the Hitler regime were much exaggerated. From what he had observed in visiting around Hamburg and from what he had heard from people of conditions in other parts of the country, the people had great confidence in Hitler. The speaker described how the German people were busying themselves on plots of land after their daily work and gave some interesting impressions of their customs and mode of living. In all the restaurants beautiful music—classical and not jazz—was heard. One of the principal sources of enjoyment for the Germans appeared to be eating.

On behalf of the club, a vote of thanks was tendered to Col. Nicholls by the president, W. H. Tohey, who was in the chair. Guests at the luncheon were W. D. Vance and Dr. W. T. Kergin of Prince Rupert and J. R. Drysdale of Premier.

### WHIFFLETS

From the Waterfront

A successful week-end angling party was one comprising Capt. W. P. Armour, Walter Hume, Eddie Clapp, W. M. Blackstock, Don Crear, Trevor Williams, Jack Iverson, J. L. Blain and R. G. Van der Sluys which visited Alvin Lake at Baker Inlet, Grenville Channel, a resort which is rapidly becoming popular with the devoted disciples of Izaak Walton. An excellent catch was made by the party which left Saturday afternoon and returned Sunday night.

Crowded with a capacity list of passengers, most of whom were round trip tourists, C. N. R. steamer Prince George, Capt. H. E. Nedden, arrived in port bright and early at 8:30 this morning from Vancouver, Powell River and Ocean Falls and sailed at 1 o'clock this afternoon for Skagway and other Alaska points whence she will return here next Monday southbound.

The "Amos" member of the famous "Amos 'n Andy" team of radio entertainers is at present on a visit to Lake Louise in the course of a western holiday tour and is expected in Prince Rupert shortly enroute to Alaska. It is understood he will make a northern cruise on the yacht Caroline. The "Andy" member of the team is in Europe. Possibly some radio listeners do not know that neither Amos or Andy in real life are colored gentlemen nor that, although quite a number of characters are sometimes represented in their dialogues of the air, it is the two men themselves who, by clever vocal manipulation, carry out all the roles.

### DRAMA IS POWERFUL

New Film at Capitol Theatre Handles Youth's Problems With Delicacy and Tact

Presenting a provocative social drama which is said to be handled with the utmost delicacy and tact, "What Price Innocence?" is the title of a screen story of present day, fast-living, supposedly-wise, sophisticated youth which is being offered this mid-week at the Capitol Theatre here. Both delicacy and tact are said to have been exercised in presenting the subject.

Jean Parker, popular little brunette actress, plays the part of the sweet ill-fated youngster of seventeen whose mother "took things for granted." Competent Minna Gombell is the self-deceived mother while Bryant Washburn gives an excellent performance as the father "who always leaves such things to the wife." Ben Alexander, once famed as a portrayer of little boy parts, plays the young roiter who turns the girl's innocence to his own advantage. Willard Mack, who wrote the story and directed the play, also gives an understanding performance as the family physician. The picture is a strong indictment of imperturbable, steadfast faith that certain parents have in the moral inflexibility of their children.

been visitors at the floats of the Prince Rupert Rowing & Yacht Club since the first of the week in the course of Alaska cruises. The 30-ton Marilyn, with Capt. F. Hardwick and party on board, arrived Monday afternoon from the south and proceeded yesterday to Ketchikan. Last night the Ulanah, 12 tons, with F. B. Farquharson, owner, and party on board, came in from Alaska and left today in continuation of its voyage southward returning to Seattle. Both were trim craft which were admired by local yachtsmen.

Imperial Oil Co.'s tanker Imperial, Capt. A. S. McGaw, arrived in port at 8 o'clock last night from Toco with a cargo of fuel for the company's local tanks. After discharging, the vessel sailed at noon today for Ocean Falls.

The freighter Border Prince, formerly well known as the Chilkoot of the Union Steamship Co.'s fleet and now belonging to Doddwell, Cotts Co., is due in port today from Vancouver with local freight. Capt. W. A. Gosse is the master of the vessel.

Routine business in preparation for a regular general meeting to be held this evening was taken up Monday night at an executive meeting of the local branch of the Canadian Legion, British Empire Service League.
