### Treasury Stands to Make Huge Profit—Large Shipment Of Bullion Made by England to America Following Nationalization Decree

WASHINGTON, D.C., Aug. 11: (CP)—Moving quickly after President Franklin D. Roosevelt's order on Thursday for the nationalization of silver, the Treasury announced last night that it would print silver certificates on the basis of a statutory price of \$1.29 per ounce instead of the cost price of 50.01c as previously indicated. The opinion of observers is that nationalization will thus mean more than two and one-half times as many certificates as was previously expected but it is stated that they will not go into circulation.

The Treasury stands to make a profit of about \$600,000,000 on silver provided all stocks are used as a basis for issuance of paper money, at a rate of \$1.29 per ounce as has been desired by the congressional inflationary group.

### Shipping From England SOUTHAMPTON, Eng., Aug. 11:—The largest shipment of bullion in recent months, including 4000 bars of silver and 60 boxes of gold, was sent from here yesterday for delivery in New York as a result of the United States nationalization of silver.

NEW YORK, Aug. 11: (CP)—Bar silver was quoted at 49 1/2c per ounce on the local metal market today.

### NOTED MAN IS VISITOR

Major Allen Brooks, Artist and Naturalist, On Way to Port Simpson

Major Allen Brooks of Okanagan Landing, noted naturalist and artist, arrived in the city yesterday on his way to Port Simpson where he will spend two weeks checking up on the bird life of the district. There are a number of records connected with migration and breeding that do not seem very clear.

The Major has been doing a good deal of illustrative work of late for the National Geographic Magazine and other publications and the visit here is something of a holiday. It was his brush that made most of the illustrations for the birds in the nature book used in the public schools of the province.

While Major Brooks is a resident of the Okanagan, he also has a winter home on Vancouver Island and he travels a great deal in connection with his work. Speaking of this he says he finds a very marked difference everywhere between the amount of travel this year and last. The increase is very great.

Major Brooks arrived in the city on the Prince Rupert yesterday from the south and will sail for Port Simpson on the Catala tomorrow night.

A. H. Hill-Tout of the Court House staff will sail this evening on the Prince Rupert for a two weeks' vacation trip to Vancouver. On his return he will be accompanied by Mrs. Hill-Tout and family who have been visiting for several weeks in the south.

### OPPOSED TO ORIENTALS

Will Not Be Admitted as Student Nurses at Prince Rupert General Hospital

The board of directors of the Prince Rupert General Hospital last night went on record as not favoring the admission of Oriental students to the nurses' training school of the hospital. The question came up in connection with the application for admission to the training school of a local Japanese girl who is desirous of becoming a nurse so that she may take up missionary work in Japan.

President G. V. Wilkinson was inclined to think the hospital should not discriminate in the matter of nationality, particularly if, by admitting a Japanese student, it was not keeping a white girl out. G. P. Thker held views similar to Mr. Wilkinson. The Japanese were a highly cultured people and it must be remembered that this was not an ordinary employment but a professional training. He saw no particular objection to admitting a Japanese student.

W. M. Brown took an opposite view. He was in favor of confining the training school to white girls. He thought some of the patients might object to Oriental nurses.

S. D. Macdonald also thought of the attitude of the patients who, after all, were the ones who paid. He did not see any necessity for admitting Oriental students and was opposed to doing so at present.

Frank Dibb remarked that it might be different if there were an Oriental section in the hospital.

City Commissioner W. J. Alder said he would hesitate to employ Oriental teachers in the schools and he thought it would be ill-advised to introduce them as student nurses in this small hospital.

The resolution by which the board went on record as being opposed to Oriental student nurses was then passed without dissenting voice.

### 20,000 Witness Thrilling "Hendon" At Ottawa

A replica of the sensational Hendon air meet in England was the treat 20,000 people witnessed in Ottawa when a spectacular air display was put on at Rockliffe, at the Ottawa Air Station, Canadian fliers vied with the British "Furies" in thrilling the huge crowd with stunts, formation flying, parachute jumping and general military work. The layout shows at left, Wing Commander A. E. Godfrey, M.C. A.F.C., V.D., officer commanding the Ottawa air field who was in charge of the display, said to have been the first of its kind ever put on in Canada. A line of some of the planes is also shown. The British "Furies" are shown in the foreground. Upper right, two Canadian planes picking up messages from the ground while under "fire." These messages are hooked from between uprights by the planes.

## Bearish Estimates of Crop and Weakness In Liverpool Cause Drop

Wild Selling in Windy City Pit, Where Five Cent Fall Is Recorded, Has Effect of Forcing Bids Down on Canadian Grain Market

WINNIPEG, Aug. 11: (CP)—Bearish estimates of the American wheat crop and weakness in Liverpool shot the props from under the wheat market here today and futures quotations tumbled six and a half to seven and a quarter cents a bushel. Wild selling at Chicago, where values dropped the full limit of five cents for a single day, also caused selling in Winnipeg.

### HOLD-UP IS FRUSTRATED

Bandit Decamps From Simcoe, Ont., Bank After Teller Ducks And Yells

SIMCOE, Ont., Aug. 11:—A bandit handed Joseph Regan, teller in the Canadian Bank of Commerce here, a note saying: "Be careful, hand over your money," but Regan ducked below the counter, yelled "hold-up" and the man almost as quickly dashed through a side entrance and escaped.

### TAKING SUMMARY TRIAL

Harold Crawford Dunn, charged with theft of \$60 from the person of George Selig, elected for summary trial in city police court this morning. After the evidence of Selig had been taken, the case was adjourned until next Tuesday afternoon. City Solicitor E. F. Jones is prosecuting and R. L. McLennan is defending.

Vancouver Price  
VANCOUVER, Aug. 11: (CP)—Wheat was quoted at 85 1/2c on the local exchange today as compared with 92c yesterday.

### POLICY UPON CHIROPRACTIC

Members of Local Hospital Board Disposed to Relax Regulations In Favor of Healers

The question of the status of chiropractors as far as practicing in the local hospital is concerned was discussed at some length at last night's meeting of the hospital board. The majority of the members of the board seemed disposed to permit chiropractors to carry out work in the hospital as far as they were authorized to do under statute but it was pointed out that the by-laws of the hospital, which as at present constituted restricted the admission of patients to the hospital to the order of duly qualified medical practitioners, could only be changed to meet the new legislation governing chiropractic practice by the Hospital Association. After some discussion, it was decided to refer the matter to the executive committee with a view to making a report to the board on the advisability of submitting constitutional amendments to the Hospital Association at its next annual general meeting.

The question was brought up in a communication from the British Columbia Hospitals Association urging hospitals to set out their policy in regard to the practice of chiropractors in hospitals.

**Sockeye Fishing Season to Close on Skeena at End Of Next Week—End of Season Near For Small Halibut Boats—Airplane For Stewart**

Haysport cannery on the Skeena River will be closing down next week with the ending of the sockeye fishing season which has given a pack this year exceeding expectations and comparing favorably with the heavy cycle year of four years ago. It is expected, however, that the most of district salmon canning plants will be remaining in operation for the packing of fall varieties for which there is a good demand this year. The coming week should tell the tale as to prospects for the pink run which has been somewhat slow in materializing this year. Early in the week, however, pinks were reported to be showing up in considerable numbers in various waters on the coast and it is expected the run will be assuming some volume in the seining areas of District No. 2 very soon now.

With the closing of Area No. 2 to fishing a week from tomorrow, smaller vessels of the Prince Rupert halibut fleet will be tying up for the winter. Many of these smaller boats are now on their final trips of the season. With no date yet fixed for the closing of fishing in Area No. 3, where the season's quota is still a considerable distance from being reached, some of the larger Canadian vessels as well as the big American boats will be continuing operations into the fall and it will be some time yet before the landing of halibut at this port for the year concludes.

Returning homewards after a tour of Northern British Columbia Alaska and the Yukon, thirty boys on the eleventh annual "On to Alaska with Buchanan" expedition are here this afternoon aboard the steamer Princess Charlotte bound from Skagway to Vancouver. The boys, led by George E. Buchanan, Detroit capitalist and sponsor of these annual tours which are financed partly by the earnings of the boys themselves, partly by their parents and partly by Mr. Buchanan himself, went through here a couple of weeks ago northbound and since then have visited Atlin for a few days as well as other points of interest in the north. The majority of the boys are from De-

## ADVANCE IN FEED

**Flour Prices Expected to Rise Soon Too—Butter Firm But Eggs Down**

Little change is shown in an August revision of the local retail market list. Peaches, pears and other fall preserving fruits will soon be in but the price is not quite right as yet for canning stocks.

Feed prices have advanced sharply but no change has yet been made in the retail price of flour which will, undoubtedly, be responding soon to the jump in wheat prices.

Butter prices are up slightly but egg prices are weak.

Retail prices current here are as follows:
