CONSERVING OF TIMBER

Resolution From Kamloops Endorsed by Chamber of Commerce

Weldon McAfee, chairman of the lumber committee of the Prince Rupert Chamber of Commerce, reported at the meeting of the chamber last night in regard to conservation of the forest assets of the province. The committee considered the resolution from Kamloops, favored it as essentially sound and recommended that it be endorsed.

Scant consideration had been given to forest protection of recent years and happily last year the hazard had been slight. It was suggested that the government might with advantage appropriate funds for the work in this district.

On motion of Thomas McClymont seconded by T. H. Johnson the report was adopted.

Japan's Suicide Submarine

This exclusive photo, banned in Japan, shows Japan's one-man submarine as it underwent a test before army and navy officials near Tokyo. The spartan idea behind the new craft is that it can be loaded with explosives, brought unseen to its target and blown up. It means certain death for the one-man crew.

SPORT CHAT

As usual, the Brother Bills have arranged an excellent program for the annual Elks' Flag Day for children in celebration of the King's Birthday on Monday next. It will be a gala day for the kiddies indeed. The proceedings will start immediately after lunch with a parade from Second Avenue in front of the old Westholme Theatre to the Acropolis Hill grounds, the procession to contain many novelties. There will be the flag raising ceremony immediately after arrival at the grounds followed by distribution of ice cream and peanuts after which there will be races, sports and junior football game. In the evening there will be another parade from the Elks' Home to the Exhibition Hall where the May Queen crowning ceremonies will take place with a specially arranged and very attractive program followed by a public dance.

Their heavier weight and riper experience stood the seasoned Merchant players in good stead in Thursday night's Gilhuly Cup football game, which they won 4 to 1, although the youthful Regiment boys gave a good account of themselves. They lacked finish which, undoubtedly, they will acquire as the season progresses. Half time score was one all, the Merchants adding three more in the second period when they had the grade and the breeze in their favor. Christison scored the lone goal for the Regiment. Albert Dickens made three for the Merchants and MacKay the fourth. Referee Brick Skinner made a questionable decision in the first half, disallowing what looked to many like a fair enough goal for the Regiment. C. Barker and F. Doherty were linesmen.

ANNUAL FLAG DAY

Monday is the King's Birthday and the local Elks are taking advantage of the occasion to put on their annual flag day for the children of the city. It is a patriotic move on the part of the organization for the purpose of interesting the children in what the flag stands for and building up a spirit of loyalty to Canada and the British Empire. The idea is very commendable and worthy of all support. The Elks are to be congratulated on their enthusiasm in the cause of educating and entertaining the children and helping in the unification of the nation. At a time like this the flag day event is more than ever desirable.

INTEREST IN LOCAL MINES

The group of mines owned by the Hydah Gold Mining Company at Kootenay Harbor is named the Prince Rupert group. In addition to that it is not very far from Prince Rupert and local people take a particular interest in its development, just as they would in the development of any mine on the Queen Charlotte Islands or at any other point within two or three hundred miles of the city.

Yesterday we published the news that the vein of gold-bearing ore at Kootenay Harbor which previously had been explored at the surface had been struck at depth. Naturally the people on the Islands were very pleased to be able to send out the news and we were pleased to get it. While this does not assure that the Haidah is a great mine, it is a very important step in its development and will give great encouragement to the men who are putting their money into it. Doubtless the development will be continued with renewed vigor and it is possible that before very long the mine will be listed among the producers of Northern B.C. and be the first producer on the Queen Charlotte Islands. We all hope it will.

YOUR LIVER'S MAKING YOU FEEL OUT OF SORTS

Wake up your Liver Bile —No Calomel needed

When you feel blue, depressed, sour on the world, that's your liver which isn't pouring its daily two pounds of liquid bile into your bowels. Digestion and elimination are being slowed up. Food is accumulating and decaying inside you and making you feel wretched. More bowel-movers like salts, oil, mineral water, laxative candy or chewing gum, or roughage, don't go far enough. You need a liver stimulant. Carter's Little Liver Pills is the best one. Safe. Purely vegetable. Sure. Ask for them by name. Refuse substitution. 25c. at all druggists. 53

Salmon Run Improved—Alaska Strike Continues—
Halibut Landings Light

Further improvement was reported in spring salmon trolling in waters contiguous to Prince Rupert during the last week in May, weather having been fine and favorable to fishing. Gill netting for springs was also better on both the Skeena and Naas Rivers. It will be the middle of June, however, before the spring salmon run will get fully under way.

The entire fishing industry of Alaska has now become seriously affected as a result of the continued longshoremen's strike which has tied up northward shipping from Puget Sound ports. At Ketchikan trolling boats have been unable to sell their catches since the fish cannot be shipped south fresh and there are no trollers for use in mild curing. Preparations for the salmon canning season, which normally starts shortly after the opening of June, are paralyzed owing to the American steamers failing to come north with crews and supplies. The shipment of halibut from Ketchikan and other points to Seattle is impossible, some rotten fish, indeed, having had to be dumped overboard at Seattle during the past week following arrival there because longshoremen would not unload it. What halibut that is being landed now at Ketchikan is either going into cold storage or being transhipped to Prince Rupert for forwarding east by rail. On Thursday some 30,000 pounds of halibut was landed at Ketchikan at prices of 6 3/4c and 4 1/2c.

Masset Cannery tender Jedway, Capt. Johnny Hartlin, has now been assigned to duty for the season in connection with the company's cannery at Old Massett which is now being put in shape for operation this year. The Jedway arrived in port on Thursday night from Massett, bringing over J. J. Petrich, president of the Nootka Packing Co., who has been paying a visit of inspection to the company's cannery at New Massett and who sailed this morning by the Princess Adelaide on his return to Vancouver, and James Gillett, Indian Agent for the Queen Charlotte Islands, who returned to Massett with the Jedway when she left at midnight last night.

W. E. Walker, manager of the A. B. C. Packing Co.'s salmon cannery at Arrandale, was a brief visitor to town the latter part of this week on cannery business, arriving from the Naas River Thursday afternoon and returning north yesterday.

The Lutheran Church mission boat Beatrice will leave here tonight for Bellingham, having on board Rev. P. M. Fosse, who has been pastor of St. Paul's Lutheran Church here for the past two years and who

is to take up his future station at Bellingham out of where he will continue the marine mission work of the church with which he was identified before coming here. The Beatrice will stop over at Bella Bella, Vancouver and other coast points on the way south.

Union steamer Cardena, Capt. Ernest Georgeson, arrived in port at 10 o'clock last night from the south and sailed this morning at 1:30 on her return to Vancouver and waypoints.

William (Bill) Rogers arrived in Prince Rupert this week from Vancouver to take a position with the new cold storage plant of the Northern Fishermen's Co-operative Association. The plant is expected to open for business towards the end of this month. Mr. Rogers has been for several years with the Canadian Fishing Co. and New England Fish Co. in Vancouver and also in Alaska. He is a former Prince Rupert boy, having attended school here, and is being welcomed back by many friends.

Capt. Thomas Drake, who claims to be a direct descendant of Sir Francis Drake, the famous British Admiral, arrived this week in Vancouver from Hawaii in a thirty-seven foot schooner.

Back From McGill

Orville F. Denstedt, well known member of the scientific staff of the Prince Rupert Fisheries Experimental Station, returned to the city yesterday on the Princess Adelaide after having spent the past year at Montreal continuing his studies at McGill University. He will be again on duty at the Prince Rupert station until early fall when it is his intention to return to McGill.

Halibut landings at the port of Prince Rupert during the week ending yesterday were on the light side totalling only 275,000 pounds of which 152,000 pounds was from Canadian vessels and 123,000 pounds from American. The week's landings brought the total for the season up to 5,839,565 pounds including 2,841,565 pounds from Canadian vessels and 2,998,000 pounds from American. Landings for this year are maintaining the lead over 1933, the total at the corresponding date then having been 5,331,800

pounds of which 2,324,300 pounds was Canadian fish and 3,007,500 pounds American. Prices for the past week remained fairly steady. The top bid of the week for Canadian fish was 6.2c and 5c which the Morris H. received for 12,000 pounds and the low 5c and 4.5c which a number of boats received. For American fish the high price of the week was 8.4c and 5c which the Visitor and Baitie were paid for catches of 7,000 and 17,000 pounds respectively while the low was 7c and 5c which a number of boats received. Yesterday a total of 96,500 pounds was landed of which 18,000 pounds was from American boats and 78,500 pounds from Canadian. The American price was 7c and 5c and the Canadian from 5c and 4.5c to 5.4c and 4.6c.

Crowded with passengers for Alaska, many of whom would ordinarily have come north on American vessels which, however, are tied up by the Pacific Coast longshoremen's strike, C. P. R. steamer Princess Norah, Capt. William Palmer, arrived in port at 10 o'clock this morning from Vancouver and sailed a couple of hours later for Skagway and other northern points. The vessel is due back here southbound next Wednesday afternoon. She is also reported to have all passenger capacity booked up for the southbound voyage out of Skagway.

Having on board no less than 268 passengers for Ketchikan including 234 Filipino cannery workers, C. P. R. steamer Princess Adelaide, Capt. S. K. Gray, arrived in port at 4:45 yesterday afternoon from the south and sailed at 6:15 p.m. on the special trip to the Alaska port whence she returned here at 10 o'clock this morning on her way back to Vancouver and waypoints. Southbound, the Adelaide brought a party of some forty school teachers from the Ketchikan district bound through to Seattle among 142 Alaska passengers who had been prevented from getting south by American boats owing to the longshoremen's strike.
