First ship to load grain from here in over a year, the Reardon-Smith freighter Bradburn arrived in port at noon today from Japan and immediately went on berth at the Alberta Wheat Pool's local elevator where loading will commence as soon as possible, probably by Wednesday.

The Bradburn was five miles off Langara Island yesterday afternoon but ran into a blizzard and was hoisted to there for several hours, finally arriving at Triple Island at 9 o'clock this morning where she picked up her pilot, Capt. C. W. Wearmouth, Capt. Wearmouth arrived in the city from Vancouver on the Catala last evening and was taken out to Triple Island aboard the Armour Salvage Co.'s power vessel Salvage Princess, Capt. The passengers and crew are said to be in no danger. Reports from the vessel this morning stated that she had thirty feet of water astern and fifteen feet forward. Two salvage ships, the Skookum No. 2, which is engaged in raising the cannery boat P. W., which was rammed and sunk at Namu recently by the steamer Cardena, and the Griffco, are standing by and another tug was ordered from Namu. The coastguard cutter Haida is steaming at top speed from Port Angeles. The Griffco tried to pull the Victoria off at high tide today but the effort was unsuccessful. Eight hundred tons of cargo is now being moved to the stern of the vessel in an effort to lift the bow.

Several passengers were killed in the wreck, and among the hostages were two American motion picture salesmen, rescued later by Japanese.

EARTHQUAKE WAS HEAVY

Heavy Damage May Have Been Done in Temblor Today Although Reports Not In

BERKELEY, Cal., Dec. 31. (CP)—One of the most severe earthquakes on record was felt in several sections of Southern California and Arizona at 10:40 this morning. It is believed to have centred in the Imperial Valley, Mexico, but no details are available as to damage. Prof. Perry Byerley, University of California seismologist, said today that the earthquake must have caused great damage unless the shock, which lasted for almost two minutes, was centred at sea. Pasadena, Anaheim and Phoenix were among points reporting the shock heavy. In Anaheim buildings swayed.

Local Construction In Year Ending Today In Excess of \$60,000

Principal Item on List Was Ice Making and Cold Storage Plant of Northern Fishermen's Cold Storage Ltd.

Building value in the city of Prince Rupert during the year ending today aggregated \$66,565 as compared with \$30,177 in 1933 and \$54,230 in 1932, according to official records at the office of the city building inspector. The principal building project in the city during the year was the new ice making and cold storage plant of the Northern Fishermen's Cold Storage Limited, permit for which was taken out in April. Building permit value for this year month by month was as follows, last year's figures also being given for comparison:

Table with 3 columns: Month, 1934, 1933. Rows: January (\$1,800 vs \$200), February (1,275 vs 1,530), March (172.00 vs 70.00), April (43,900 vs 500), May (1,375 vs 2,535), June (7,030 vs 225), July (525 vs 6,540), August (1,050 vs 2,267), September (1,775 vs 11,500), October (5,060 vs 990), November (1,925 vs 275), December (1,060 vs 1,060). Totals: \$66,565 vs \$30,177.

Cold Snap Ends But Streets In Bad Shape Today

The first cold snap of the winter ended in Prince Rupert with a veritable snow blizzard last evening followed by a southeast gale during the night with mild temperature and cloudy rain-presaging skies this morning. While householders faced relief after days of intensive coal-shovelling into furnaces and stoves, the hard glare ice on streets throughout the city brought difficulties for motorvehicle operators and pedestrians alike. Road conditions were, apparently, worst in Westview, where at least four automobiles met with mishaps, more or less damage being done to vehicles although, fortunately, none of the drivers sustained serious mishap. Among the car drivers who had trouble were Dr. J. T. Mandy, W. M. Watts, Alex Mitchell and H. F. Pullen.

DAILY EDITION Monday, December 31, 1934

THE YEAR 1934

The year 1934 is passing tonight. It has been an outstanding year in that it has seen improving conditions throughout Canada. Unfortunately, all Canadians have not yet felt the betterment but have had to subsist on sub-normal wages and a number have had but a bare subsistence.

Politically while there has been a decline in interest in what are generally known as freak organizations, there has been a decided movement toward legislation for the betterment of the masses. Not much has actually been done but leaders have been outspoken and, doubtless, legislation will follow. Conservatives are becoming more liberal and Liberals are becoming more radical. All of this is a movement in the direction of alleviation and equalization.

THE COMING YEAR

It is difficult to say what will happen in the coming year. Wars have been prophesied but it seems hardly likely that there will be any important outbreak during 1935. The anti-war tendency is daily becoming more pronounced while war preparations are increasing. This is a curious anomaly.

Canada is becoming more conscious of the fact that the country is made up of a number of different factors and that each of these must be satisfied with any policy that is adopted making for the success of the whole. If Ontario and Quebec adhere to the idea that they are the whole of Canada and that the rest of the country is but an adjunct tacked on for their particular benefit, there is bound to be a breaking up. But there is every sign that a change is taking place and that the wishes of the east and west will be considered more than ever before in the 1935 policies.

IN THE LAP OF THE GODS

The future of Prince Rupert is very much in the lap of the gods. Business this year was better than last although not very much better. Some merchants reported five, ten, twenty-five and even fifty percent better, while one or two said business was not as good. On the whole, the average was decidedly up it seems.

There is talk of pulp mill activities early in the New Year but it is not at all a certainty. There is a possibility of fishing commencing earlier this year. Grain is moving through the elevator and there is work lined up for the shipyard. Logging camps will be busier and mining is in better shape than for years past. Also more work will be done on the highway. We predict a more active season for 1935 than for 1934.

In view of the situation and the fact that an election is to take place this year, we suggest that local people do not allow politics to take precedence over local interests. While we may be divided in our choice for representation at Ottawa, we can unite wholeheartedly for all things that will advance the interests of Prince Rupert.

The Letter Box

REAL MARCH FORWARD

Editor, Daily News:—

The placid waters of mere partyism are somewhat disconcerted. The average mentality of grab, of serving the party at the expense of the country is out of date. The grim reality imposes on politics a stern duty to the nation, and demands service to the masses. Today every one realizes that economic freedom spells all kinds of abuses as dramatically based in the Stevens' investigation. In this crucial hour, the philosophy of action has won over inertia.

Events are fast moving with legs of giants. On the right, there is the leg of Premier Bennett in his leftward movement but burdened with the dead weight of the banker's bank, sponsoring a controlled economy, consequently, a control of prices, wages, profits and marketing. On the left, there is the leg of the social creditors with the people's bank and consequent extension of credit and a policy of distribution of purchasing power through public works championed by Mackenzie King. In other words, the issue is "Controlled Economy" versus "Distribution of Credit."

Premier Pattullo has advocated the mobilization of national credit to provide work and wages. Parallel with that he has enacted the Economic Council, the Wage Board and the Marketing Act. One can readily see that Pattullo is for a real march, for he is moving with both legs, namely the one of state control of economy and the other of distribution of purchasing power with work and wages which will provide a real New Deal.

Bennett and Mackenzie King are for a limpy march whose combined action would constitute a real march of attack against the common enemy who is to be found within everyone of ourselves, namely, selfishness and greed.

Mr. Editor, in reading your worthy editorial, "Political Purgings," I realized that a real march is to be in Canada. The die is cast. Shortly the rubicon of "laissez-faire" is to be crossed. The march for a real New Deal as advocated by B. C. will be resumed.

Some time ago, we were saying: the modern state must conscientiously become the centre of national economy in order to dominate all the forces of the market and establish the equilibrium between prices, production and distribution, so as to utilize the immense resources possessed by humanity and the natural forces and exercise them in the interest of the nation.

The bride and groom are seen here leaving the church after the ceremony which was performed by Bishop Renison.

WHIFFLETS From the Waterfront

Palmer, arrived in port at 9 o'clock yesterday morning from Vancouver and sailed an hour later for Skagway and other northern points whence she is due to call here again Thursday afternoon southbound. NEW YEAR PROGRAMS

"Girl of the Limberlost" Feature Picture at Capitol—Midnight Frolic Tonight

Gene Stratton-Porter's famous story "A Girl of the Limberlost" comes to the screen of the Capitol Theatre here as the New Year's Eve and Day feature offering. The story, as many who have read it will know, deals with the conscientious efforts of Elvira Comstock to gain an education. Denied every privilege at home and refusing any aid from her friends, she catches moths in the swamps of the limberlost and sells them for money with which to go to school. Marian March has the title role while Louise Dresser and Ralph Morgan play the parts of the parents. Helen Jerome Eddy, Henry B. Walthall, Betty Blythe and Eddie Nugent are other well known members of the cast.

Following the regular picture program tonight, there will be a special midnight frolic which will include variety stage and screen entertainment. There will be novelty dance presentations such as tap dancing on roller skates and Japanese costume dances. Musical and comedy acts are also on the bill and a novel prologue has been arranged for presentation sharp at the midnight hour. The Prince Rupert Boys' Band will also be featured on the program. Favors will be distributed and there will be a drawing for cash prizes. "Melody in Spring," with Lanny Ross, well known radio singer, Charlie Ruggles and Mary Borland will be the screen feature.
