Junior Chamber of Commerce to Follow Matter Up Further—Development of Athletic Field Urged—May Celebrate City's Silver Jubilee Next Year

The Junior Section of the Prince Rupert Chamber of Commerce, at its regular monthly meeting last night, received a report from the special committee of which T. N. LePage was chairman on a recent interview with R. Carter Guest of Vancouver, inspector of civil aviation for British Columbia with respect to development of an airport here. It was reported that Mr. Carter Guest had selected a site at Seal Cove as being adaptable for airport purposes. The matter will be further pursued by the Junior Chamber.

A number of other important matters were discussed at the meeting including the proposal that a radio broadcasting station be established here. A committee of the junior chamber will interview the senior chamber with a view to determining its views on this question. A suggestion was made that, when the trail at present being built up Mount Oldfield is completed, garbage and ashes should be used by the city as a foundation for a sports field in the Hays Creek area west of McClymont Park. This matter will be further followed up by the sports committee.

Another matter on which the junior chamber decided to work is in connection with a suggestion that some sort of special celebration be held here next year in observance of the twenty-fifth anniversary of the incorporation of the city. A committee is being named to take up this proposition with other organizations in the city which it is felt may be interested. The desirability of Prince Rupert receiving more publicity in the outside world was suggested and it was decided to have the publicity committee work on preparation of articles for submission to Vancouver newspapers.

An interim report on the recent Carnival celebration was held, showing that the undertaking had been quite a profitable one. Three new members were welcomed to the junior chamber—G. W. Laidler, D. G. Borland and William Elkins. S. J. Jabour, president, was in the chair.

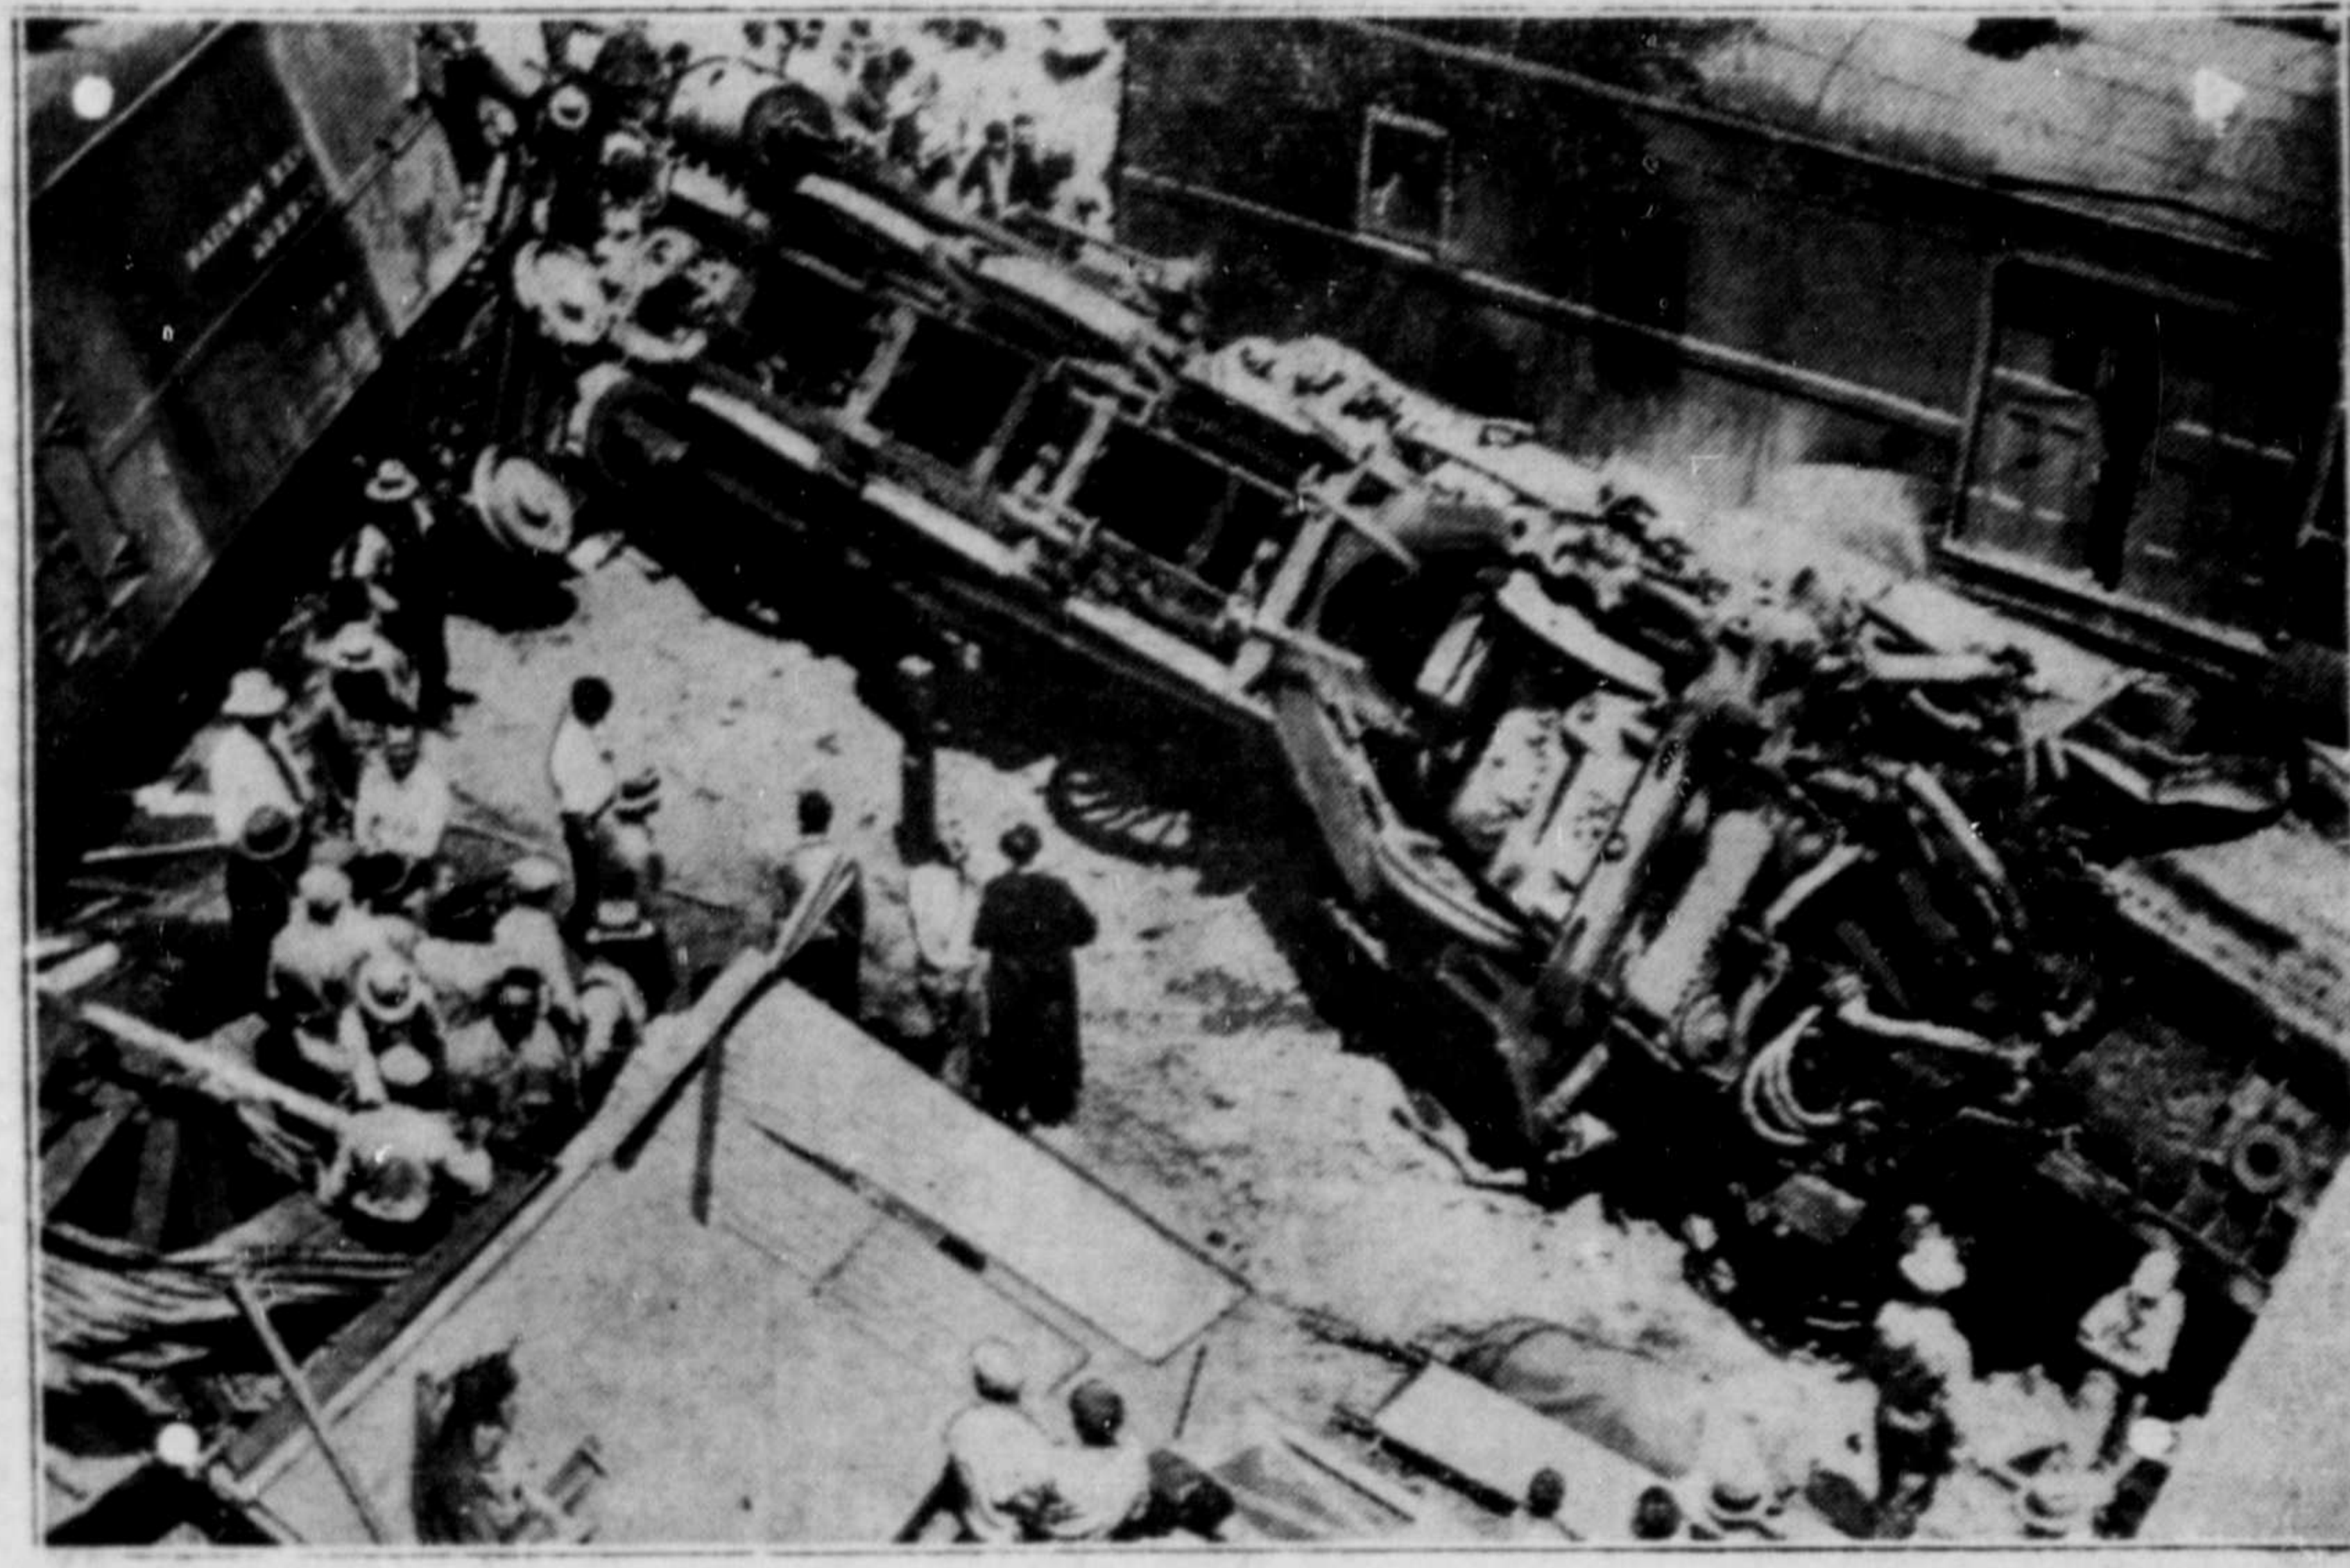

Next month there will be a special dinner meeting for the election and installation of officers.

Unification of Two Canadian Railway Lines is Advocated Strongly by C. P. R. Chieftain

E. W. Beatty K.C., president of the Canadian Pacific Railway. Under Mr. Beatty's proposed partnership agreement there would be no interference with the ownership of either company. Net earnings of the properties jointly operated would be divided in agreed proportions and both railways would apply these revenues to payment of interest charges and other obligations. Mr. Beatty declared that employees would find "regularity and security of employment which, under present conditions, is denied them."

VANCOUVER, Sept. 5:—Speaking at a dinner in his honor here last night, E. W. Beatty K.C., president of the Canadian Pacific Railway, who is on an inspection trip to the Pacific Coast, went on record as strongly recommending the unification of the two great Canadian railway systems. If such were done, an annual saving of from \$50,000,000 to \$75,000,000 could be effected for the taxpayers of Canada. Mr. Beatty gave assurance that his plan would not increase unemployment nor did he intend that the Canadian Pacific should absorb the Canadian National. It would be a simple partnership agreement in the interests of economy.

Anglican Clergyman, Well Known in West, Died in Toronto Yesterday

TORONTO, Sept. 5.—Canon McKim, formerly identified with the pastorate of the Anglican Church at Prince Albert, Edmonton, Vancouver and elsewhere in the west, passed away here yesterday after a lengthy illness.

Northland Transportation Co.'s motorship Northland, Capt. Len Williams, arrived in port at 7:35 this morning from Ketchikan and, after discharging two carloads of frozen fish for transshipment east over the Canadian National Railways, sailed at 10:40 a.m. for Seattle.

SCHOOLS RE-OPEN

Holidays Over, Pupils Are Back at Studies Again—Changes in Teaching Staffs

City schools reopened yesterday following the long summer vacation. Yesterday was devoted to the registration of pupils, including a large number of beginners in the public schools, and today the young students are getting down to routine work.

No less than 107 beginners were admitted yesterday, 68 at Booth Memorial School and 39 at Borden Street with more still coming. Enrollment at Booth School on opening day totalled 474. The school enrollment is much heavier than last year.

The re-opening of the schools sees few changes in the staffs except in the case of King Edward High School where three new teachers—Miss Dorothy Bruce of Victoria, Gordon Allan of Vancouver and Roth Gordon of this city—have taken up appointments.

Miss Jessie D. Moffatt has taken over duty as receiving class teacher at Borden Street School in succession to Miss Alice Pillsbury, who is on a year's leave of absence. Miss Margaret McLean having taken charge of Seal Cove School in place of Miss Moffatt.

Miss Dorothy Patmore has taken a permanent appointment on the staff of Booth Memorial School.

RECEPTION DISCUSSED

(Continued from page one)

this report, the department does not wish to ask the power company to carry out any extensive work on the transmission line until there is some assurance that definite improvement in radio reception would result therefrom. Meantime, the power company has already spent some \$2000 or \$3000 on the transmission line in such work as painting insulators, etc. with a view to eliminating some of the disturbance. The company is also giving every co-operation possible to the radio inspectors in their testing of the line.

This among other information came out last night at a meeting in the City Hall of a large number of local radio owners with Mr. Irvine when the whole matter of local radio reception was thoroughly canvassed, a number of interesting suggestions with a view to betterments being made. The meeting passed a resolution that a strongly worded communication be sent to the department setting out the difficulties besetting local radio set owners in the matter of reception, and urging that no time be lost in implementing any recommendations that may be submitted by Mr. Irvine with a view to improving reception.

The meeting was presided over by F. W. Wesch who, after making brief introductory remarks, called upon Mr. Irvine. The latter told of tests that were being made of the power line. Other cities, he said, had just as noisy transmission lines. However, these cities were closer to the broadcasting stations and the signal strength was greater so the effect of the transmission line noise was not so serious. It was noted that on foggy nights here the transmission line noise was to a large extent eliminated.

Mr. Irvine agreed that, if the secondary wires were removed from the transmission line, it would probably help a great many receiving sets.

"Squealers" Troublesome

Horace Duhamel thought that "squealers" were possibly a source of as much trouble as the transmission line. He thought there should be a full time radio inspector here whose duty it would be to collect licences, test receivers for interference and be clothed with authority to outlaw "squealers."

Many of those in the meeting held the view that local owners of radio sets should refuse to pay their licences until such time as the department gave them some return or service in the way of removing interference.

Suggestions were made that the Canadian stations should step up their power so that they might be received more satisfactorily here. The statement was made that CRCV of Vancouver was about to increase its power from 500 to 5000 watts. W. R. Love offered the suggestion that Kamloops would be an advantageous point for a central broadcasting station for British Columbia to be located. Mr. Wesch stated that two Vancouver parties had made application for licences to establish a radio broadcasting station in Prince Rupert.

There was considerable general discussion at the meeting which lasted for over an hour.

ELABORATE MARRIAGE

Miss Hannah Douglas and Cecil Lewis of Kitkatla United Yesterday Afternoon

A colorful marriage ceremony was solemnized at 2 o'clock yesterday afternoon in St. Andrew's Anglican Cathedral when Miss Hannah Douglas, daughter of Mr. and Mrs. Phillip Douglas of Hartley Bay, was united in marriage to Cecil Lewis of Kitkatla. There was a large gathering of friends at the nuptials, the wedding party including fourteen bridesmaids and fourteen groomsmen.

The bride, who was dressed in white crepe satin with veil and orange blossoms, carried a beautiful bouquet of roses and sweet peas. The matron of honor was Mrs. Eddie Clifton who wore blue crepe back satin. Each of the fourteen bridesmaids carried bouquets of sweet peas.

The bride was given in marriage by her uncle, Henry Brown. James Ryan of Metlakatla was the chief groomsman.

Following the marriage ceremony, there was a wedding dinner in the Commodore Cafe with one hundred guests present. Speeches were made by William Goldbloom, Mr. Clifton of Hartley Bay, Joseph Offutt of Port Simpson and James Lewis of Kitkatla. There were vocal solos by Mrs. S. Pierce.

The post-nuptial festivities continued with a dance last night in the C. L. D. L. Hall.

Mr. and Mrs. Lewis will sail tomorrow night on the Prince George for a honeymoon trip to Vancouver and will later take up residence at Kitkatla.

TWO FILMS PRESENTED

"Miss Fane's Baby is Stolen" and "Come on Marines" at the Capitol Theatre

An impressive drama, "Miss Fane's Baby is Stolen," featuring Dorothy Wieck, Alice Brady and Baby LeRoy, and a fast-moving comedy love story of the navy "Come on, Marines!" with Richard Arlen and Ida Lupino in the leading roles, comprise another double picture bill being presented at the Capitol Theatre here this mid-week.

"Miss Fane's Baby is Stolen" is a kidnap picture, poignantly realistic and replete with emotion stirring values in a tensely charged atmosphere. The story is that of the mother love of a great picture star for her baby—the pride, joy and happiness that is hers while she is with him and the shivering terror that grips her when he is stolen. Alan Hale and Jack LaRue are among other prominent members of the cast.

"Come on, Marines" is the story of a bunch of marines who are sour on bandits but sweet on blondes. Lowered in rank and sent back to the tropical jungles after an evening ashore that ends in trouble, Richard Arlen goes back to fighting bandits with a vengeance. There is a novel denouement when word comes that a group of children shipwrecked on the jungle coast turn out to be grown-up young beauties.
