BOARD OF TRADE FAVORS TSIMPSEAN POWER OFFER

WILL ASK COMMISSION TO ALTER FREIGHT RATES

Question of Exorbitant Freight Rates to be Brought Before the Railway Commission by the Board of Trade—Want Charges to be Fixed by Freight

Maintaining that the freight rates between here and Vancouver are not on an equitable basis the Board of Trade last night empowered the council of the Board to acquire all the information on the matter possible with a view to laying it before the Railroad Commission when that body is here on August 11 and endeavor to get redress for what now seems to be wrong in the charges.

The assistance of the Boards of Trade of Vancouver, Victoria and other coast cities will be asked to aid the local Board to point out the necessity of an alteration in the rates and method of classification to the Commission.

The contention is that a rate fixed for the weight of goods, and a charge made by space would be a better system than the one now in vogue.

A letter from the Commission stated that the application of John Y. Rochester, Georgetown Lumber Company, Union Trans-Canada Company, Westenhaver Brothers, Westholme Lumber Company and W. H. Law of Prince Rupert, B. C., for an order under section 233 directing the Grand Trunk Pacific Railway Company

MEAT STRIKE THREATENED

Meat Laborers in London, Eng., Tying up Business.
(Canadian Press Despatch)
London, Aug. 3.—The meat trade of England is seriously threatened by a strike of 12000 dock laborers at the London docks today growing out of a wage dispute. At least twenty vessels with beef cargoes are unable to discharge.

MOVING PICTURE MAN TOOK PICTURES OF "RED DEVIL"

Mr. Harbeck Was on the Job Just as the Motor Fire Engine Was Called to a Fire—Got Good Pictures of the Harbor Too

Just as the fire alarm was rung yesterday afternoon when the Clinton rooms were ablaze Mr. H. Harbeck, the moving picture man who arrived here yesterday to take films of this district, happened to be on Borden street with his machine. He had a fine view of all that was going on down the hill. He quickly set his machine and photographed the approach of the motor fire engine, the running out of the hose, the smoke belching out of the roof of the house and all the interesting incidents of the fire.

TO ERECT HOTEL IN JASPER PARK

G. T. P. will Build Big Tourist Place near the Hot Springs in Fiddle Creek.
Edmonton, Aug. 3.—A site for a large palatial tourists' hotel in Jasper Park, in the vicinity of the hot springs up the valley of Fiddle Creek, has been selected by H. R. Charlton of Montreal, general advertising agent for the Grand Trunk Pacific and the Grand Trunk railway system. He reached Edmonton yesterday after a trip over the right of way through Jasper Park. The chief object of his trip was to select the hotel site.
Last summer Mr. Charlton spent some time in Jasper Park making investigations as to the most suitable location for a big tourists' hotel. On his return from the park he prepared a report on the different hotel sites there and on this trip made a selection of one of these.

THEY MADE HIM KEEP HIS WORD

Posse of Prisoners Chased and Beat a Prisoner Who Fleed

(Canadian Press Despatch)
Reno, Aug. 3.—When James Antone, embezzler, escaped from the road gang of convicts near Carson yesterday, three convicts, two murderers and the other a horse thief, headed a posse and captured him in the mountains. Antone, when captured, was soundly abused by murderers, horse thieves, and burglars for breaking his word of honor given to Warden Baker not to escape.
The convicts swore a month ago that they would capture the next man who escaped.

FLY 40 MILES IN 50 MINUTES

Two Aviators Fly from Toronto to Hamilton—One Flew Across Lake.

(Canadian Press Despatch)
Toronto, Aug. 3.—The first long distance aviation flight ever attempted in Canada took place today between Hamilton and Toronto when J. A. D. McCurdy and Charles Willard flew forty miles in fifteen minutes. Willard followed the line of the railway tracks while McCurdy flew across Lake Ontario. Both were welcomed by thousands of people.

MOTHER BETRAYS SON FOR OLD TIME MURDER

She Was the Only Witness When W. E. Lonsberry Killed His Wife near Tillsonburg—Confronted With Evidences of His Deed Man Makes Full Confession

(Canadian Press Despatch)
Detroit, Aug. 3.—After concealing the murder of his wife for six long years, W. E. Lonsberry, a Canadian from the village of Mabee near Tillsonburg, is in a cell here, betrayed by his own mother. Since his arrest the dead body of his wife has been unearthed from beneath the floor of his barn and Lonsberry has made a clean breast of the whole affair.

Story of the Crime
Mrs. Lonsberry, the wife, disappeared six years ago on January 5th, 1905, and her husband gave it out that they had quarreled and she had left home. Nothing more was thought about the matter until about two months ago, when Lonsberry's mother, who is eighty-three years old, and who was living with her son, went to her minister and told him that she had seen her son kill his wife six years ago. On the clergyman's advice she went recently to Sheriff Donovan and repeated the story to him.

Dug the Body Up
Mrs. Lonsberry, senior, insisted that her son had buried the body somewhere about the place. Officers dug up the cellar under the house and searched two old wells

Arbitration Triumphs
(Canadian Press Despatch)
Washington, D. C., Aug. 3.—The general arbitration treaties between the United States and Britain, and France constituting the most advanced step ever taken in family nations for the peaceful settlement of disputes will be signed tomorrow. Paris and Washington will be scenes of the conclusion of the negotiations of world-wide conventions.

AS BIG AS EGGS
Strawberries Grown in Lakelse
Beautiful luscious strawberries, as large, some of them, as a hen's egg with a flavor that cannot be beaten were on sale around the city yesterday. These berries came from the Lakelse Valley and some of the best are grown on the ranch of Arthur C. Little, the well known news agent, and Dan Stewart's ranch in the Lakelse Valley.

BOARD OF TRADE FAVORS TSIMPSEAN CO.'S OFFER

Thinks That the Terms Offered Are Very Fair, and That It Would Be to the Best Interests of the City to Make a Long Term Agreement--Suggest to Council to Get the Opinion of an Electrical Expert and a Franchise Lawyer Before Closing Agreements

By a unanimous vote the Board of Trade endorsed the Tentative Agreement of the Tsimpsean Light and Power Company at a meeting last night. Here is the resolution moved by H. F. McRae and seconded by W. P. Lynch:

"That inasmuch as the Tsimpsean Light and Power Company are asking for no exclusive rights in this agreement, thus leaving the city in a position to develop their own power at any time they wish, that the Board of Trade put itself on record in favor of this Tentative Agreement subject to the minor changes recommended by the committee and that a copy of this resolution be sent to the City Council."

Report was Read
The report of the special committee of the board was read by J. H. Pillsbury. It first commented on the prices and measurement suggested by the company: "There is no explanation in the company's proposals as to how the prices of power delivered are to be based," it said. A price of so much per horse power per year is set forth varying in accordance with the amount of power used within certain limits. It is the

custom when selling electrical power to base the measurements by what is known as the peak load. The Tsimpsean Company has nothing to say on this point.

Continuing the report explained methods of charging for power and compared the prices of the chief cities and towns of Canada.

Favor Long Agreement
Another clause read "We may be obliged to pay more for power in the future if a reasonable price is not fixed upon from the start with a reliable company for a fairly long term of years."
"We expect within the next five years to see numerous industries established here requiring power and if it is true, and it probably is, that the Tsimpsean Company have nearly all the water power in the vicinity corralled such concerns would be in a bad position if only a short agreement were made. They would probably prefer a guaranteed reasonable rate for a long term, for they would then know what to depend upon. The longer the agreement, the cheaper the rates that may be reasonably expected."

Suggestions to Council
Concluding the committee recommended a few other changes and suggested that the city council, in the event of adopting the

agreement with the company, employ an expert electrical engineer and an expert franchise lawyer.

Mr. R. Brutinel, who was present at the meeting was asked several questions, which he explained very satisfactorily. He stated that as at present negotiations were now being held with the city council he did not wish to disclose the plans of the company for fear that it might be construed he was trying to influence things in favor of the company.

Will Spend Money
"We are prepared to commence at once and spend two millions and a half of dollars," said Mr. Brutinel. "We have the money and I am not talking through my hat and when this amount is gone we have more. We will start work this week on the erection of a plant at Khtada Falls and if an agreement with the city is reached we shall be able to supply power here within a year."
Mr. Brutinel intimated that his company would bring other industries of their own here. The supplying of power and light was not the limit of what they would do.
President A. J. Morris was chairman of the meeting.

THE FIRST TWIN SCREW LAUNCH IN RUPERT

Handsome New Craft Built at Hays Creek by A. G. McLaren and H. Davidson—Is Double Engine, Lighted with Electric Light and Beautifully Modelled

Today the first twin-screw gasoline launch built in Prince Rupert lies at the Davis boat stage. The new launch is named the "Nimrod" and belongs to its builders Messrs. A. G. McLaren and H. Davidson.

In every respect this boat is fit to rank amongst the finest of Prince Rupert's growing fleet of smart launches. Thirty-two feet long, ten feet in the beam, and drawing four feet of water, the Nimrod is built according to the latest eastern model with overhanging stern. She is built throughout of fir, with white oak frame, and her power consists of

two 5 H. P. "Knox" engines brought specially from her builders' home city, Camden, Maine.

She will make about ten miles per hour.

Templeman's Denial
Vancouver, B.C., Aug. 3.—A telegram received in the city today from Hon. Wm. Templeman denies the report that he will not stand for re-election. He may stand in his old constituency of Victoria.

When complete the Nimrod will represent an outlay in cash and labor of about \$2000. She took two months to build, and three months more to finish the hull and house, etc. The arrangement of engines makes the boat very roomy inside. Her cabins are built in natural colored fir, and have 6 feet 6 inches headroom. Ample deck room is a feature and the whole appearance of the boat is yacht-like.

Many special features belong to her.
(Continued on page 6.)

MOTOR FIRE ENGINE DID SPLENDID WORK YESTERDAY

It Extinguished a Bad Blaze at the Clinton Rooms Within Half an Hour, Travelling Over Rough Roads in Record Time—Good Work Done

Damage to the extent of \$500 was done by fire yesterday afternoon to the Clinton Rooms, boarding and rooming house on Fraser street near Eighth. The loss is covered by insurance. Nothing but the quick response to the alarm and splendid work of the fire department saved a more serious conflagration.
The alarm was rung in at 3.45. Crowds of people rushed to the burning house. Big tongues of flame were shooting through the roof and residents in neighboring houses made haste to clear everything out to the safety zone.
There was no lack of helpers. Every able bodied man helped run out the hose or lend a hand to get things out of the burning place.
Chief McInnes and his men worked splendidly and in less than half an hour got the fire out in spite of the fact that they were handicapped by lack of ladders, by poor water pressure and a rough and difficult road to get around. The advantage of having a motor fire reel was shown, for

within three minutes after it was known there was a fire Driver Gibson had his engine on the job at Fraser street despite the rough road.
Assistant Chief Macdonald had his eye slightly injured by being hit with the nozzle of a hose.
Mr. and Mrs. Anderson own the Clinton Rooms and the only explanation they can give as the cause is spontaneous combustion in a pile of mattresses in a top room of the house. The fire was confined to the top floor and roof.
The next fire in Prince Rupert may visit your home.
If you want to be protected from the disastrous consequences of a fire at your own home or place of business consult the Mack Realty Co. They are agents for all the leading reliable fire insurance companies. Prompt settlement of fire losses is a feature of their business. Do not defer this important matter. A few hours longer delay may be disastrous for you.

THE TRUTH ABOUT THE BILL

In their efforts to defeat the bill to mutually remove taxation from the exchanged food products of Canada and the United States, Mr. Borden and his followers have been guilty of worse crimes than robbing Western Canada and British Columbia of their fair share of representation at Ottawa. They have stooped to misrepresentation of facts.

When the Conservative party took up the cause of the interests who profit by keeping the taxes on food, they realised that some cry was necessary to stampede the public and frighten them from the subject, if reciprocity was to be defeated. They realised that reciprocity could not be defeated, save by misrepresentation. So they embarked upon a policy of misrepresentation.

The misrepresentation took the form that reciprocity was a subtle device to bring Canada to a point where she would desire to be annexed or would have to be annexed to the United States. It was a crazy and absurd cry to raise. More than that it was the most unpatriotic and loyalty-insulting cry that could possibly be raised in connection with the reciprocity agreement. But the opponents of reciprocity probably reasoned that they knew their own followers best. And it is painfully true that a large proportion of the electors are content to think about public questions through another man's brain.

The first piece of misrepresentation was that reciprocity was intended to lead towards annexation. It was the kind of appeal calculated to stampede a well meaning but ignorant electorate. And it was not easy to refute out of hand.

But an untruthful interpretation requires untruthful evidence to support it. The opponents of reciprocity had to find "facts" to support their piece of misrepresentation. It was here that they fell down. It is here that their misrepresentation swallows itself.

It was represented by the opponents of reciprocity that a treaty was to be made, binding Canada for a term of years in a hard and fast agreement to the changes in her tariff policy. It was represented that Canada was parting with her liberty to initiate and readjust her tariff policies, and would fall a helpless prey to the cuter brains,

which the Conservative party in Canada assumes is the special monopoly of United States politicians.

This was the evidence brought forward to substantiate the misrepresentation that a desire to annex Canada was in the minds of some of those who drew up the reciprocity proposals.

The truth of the matter is that the reciprocity proposals are not in the form of a treaty.

An exchange of letters has been made between the two governments, in which it is proposed that certain duties on natural products shall be mutually abolished, and on other articles mutually reduced.

There is nothing binding upon either party for a minute longer than it desires to remain a consenting party.

The agreement—it is not a treaty—can be broken a week after it is passed without impropriety, if it is not found to be working to mutual advantage.

One very significant thing in this connection occurred during the passage of the bill through Congress, when Senator Cummin's amendment (giving the President of the United States power to abrogate the agreement without consulting Congress if Canada abrogates her part in it) was rejected after the argument of Senator Lodge that "Canada's regard for the good faith of the agreement would prevent any such contingency."

This shows that the United States Congress fully realises the fact that the agreement is terminable at will, and that the only assurance of the permanence of the agreement is the goodwill of Canada, and the satisfactory working of the agreement.

Canada does not abate one jot or tittle of her freedom by the reciprocity agreement.

It will require something more than an absurd and untruthful cry to convince the people of Canada that it is a sensible thing for a man to tax himself on the food he eats.

A REMINISCENCE OF SHERLOCK HOLMES

THE ADVENTURE OF THE RED CIRCLE

BY ARTHUR CONAN DOYLE

Copyright, 1911, by the Century Syndicate

"Ah, yes, Watson—severely practical, as usual! What is at the root of it all? Mrs. Warren's whimsical problem enlarges somewhat and assumes a more sinister aspect as we proceed. This much we can say: that is no ordinary love escapade. You saw the woman's face at the sign of danger. We have heard, too, of the attack upon the landlord, which was undoubtedly meant for the lodger. These alarms, and the desperate need for secrecy, argue that the matter is one of life or death. The attack upon Mr. Warren further shows that the enemy, whoever they are, are themselves not aware of the substitution of the female lodger for the male. It is very curious and complex, Watson."

"Why should you go further in it? What have you to gain from it?"

"What, indeed. It is Art for Art's sake, Watson. I suppose when you doctored you found yourself studying cases without thought of fee?"

"For my education, Holmes."

"Education never ends, Watson. It is a serious of lessons with the greatest for the last. This is an instructive case. There is neither money nor credit in it, and yet one would wish to tidy it up. When dusk comes we should find ourselves one stage advanced in our investigation."

When we returned to Mrs. Warren's rooms, the gloom of a London winter evening had thickened into one grey curtain, a dead monotone of colour, broken only by the sharp yellow squares of the windows and the blurred haloes of the gas-lamps. As we peered from the darkened sitting-room of the lodging house, one more dimlight glimmered high up through the obscurity.

"Someone is moving in that

room," said Holmes in a whisper, his gaunt and eager face thrust forward to the window-pane. "Yes, I can see his shadow. There he is again. He has a candle in his hand. Now he is peering across. He wants to be sure that she is on the lookout. Now he begins to flash. Take the message also, Watson, that we may check each other. A single flash—that is 'A' surely. Now, then. How many did you make it? Twenty. So did I. That should mean 'T.' AT—that's intelligible enough! Another 'T'. Surely this is the beginning of a second word. Now then, TENTA. Dead stop. That can't be all, Watson? 'ATTEN-TA' gives no sense. Nor is it any better as three words—'AT-TEN TA' unless 'T. A.' are a person's initials. There he goes again! What's that? ATTE—why, it is the same message over again. Curious, Watson, very curious! Now he is off once more! AT—why he is repeating it for the third time. 'ATTENTA' three times! How often will he repeat it? No, that seems to be the finish. He has withdrawn from the window. What do you make of it, Watson?"

"A cipher message, Holmes."

My companion gave a sudden chuckle of comprehension. "And not a very obscure cipher, Watson," said he. "Why of course, it is Italian! The 'A' means that it is addressed to a woman. 'Beware! Beware! Beware!' How's that, Watson?"

"I believe you have hit it."

newed. They came more rapidly than before—so rapid that it was hard to follow them.

"'PERICOLO'—'pericolo'—eh, what's that, Watson? Danger, isn't it? Yes, by Jove, it's a danger signal. There he goes again! 'PERI.' Halloa, what on earth—"

The light had suddenly gone out, the glimmering square of window had disappeared, and the third floor formed a dark band round the lofty building, with its tiers of shining casements. That last warning cry had been suddenly cut short. How, and by whom? The same thought occurred on the instant to us both. Holmes sprang up from where he crouched by the window.

"This is serious, Watson," he cried. "There is some devilry going forward! Why should such a message stop in such a way? I should put Scotland Yard in touch with this business—and yet it is too pressing for us to leave."

"Shall I go for the police?"

"We must define the situation a little more clearly. It may bear some more innocent interpretation. Come, Watson, let us go across ourselves and see what we can make of it."

WANT SEASON TO BE EXTENDED

Fraser River Salmon Fishers Complain of the Poorness of the Season's Catch.

(Canadian Press Despatch)
New Westminster, Aug. 2.—Asking that the close season for sockeye salmon be raised from August 25 to September 15, so that fishing may go on, a deputation of fishermen here have requested Reeve Weart to take up the question with Chief Inspector Cunningham and the Dominion government. It is necessary for an order in council to be passed so that the season may be extended, therefore immediate action is imperative.

The big run of sockeyes which has been expected still holds back. Favorable reports have come from the mouth of the river, a number of fish having been taken. Sockeyes are still priced at 35 cents each.

SOLD FOR \$3,000

Steamer Santa Rosa to be Dismantled and Salvaged

(Canadian Press Despatch)
Los Angeles, Aug. 3.—The wrecked steamship Santa Rosa has been purchased by R. W. Borbaley, of Los Angeles for the sum of \$3000 cash. The purchaser has undertaken to salvage the cargo on a thirty per cent basis. The payment of the \$3000, which is in reality for the hull only, is contingent upon the amount of salvage secured.

In order to facilitate the salvaging of the vessel, a trestle will be built out to the wreck, which lies in a position just off the shore line.

THINK PRICE TOO HIGH

Winnipeg Press Objections to the Street Railway Purchase Scheme.

Winnipeg, Aug. 3.—The proposition to buy the street railway company for \$24,000,000 is received in rather a hostile manner by all three of the Winnipeg daily papers.

They express the suspicion that rates on transportation, power, light, and heat cannot be reduced if such a large sum is paid for the allied plants. They want the company's books audited by a civic expert as a preliminary to any negotiations.

ISLAND AT STAKE

Claims that Anticosti Does not Belong to Henri Menier

Montreal, Aug. 2.—An action for the recovery of such an enormous sum as \$40,000,000 is but seldom heard of, but that is the amount that will shortly be the subject of a claim which is to be made in the Quebec courts. The action will be against Henri Menier, the chocolate manufacturer of Paris. Mr. Menier is the reputed owner of the island of Anticosti.

It is claimed on behalf of the Lemieux family that they are the real owners of the island of Anticosti. Mr. Menier purchased the island from a man named Parent, now dead, but it is stated that he did so at his own risk, and that no clear legal title was ever acquired by him. It is claimed by the attorney for the plaintiffs that they possess the titles, which are all in order and ready to be produced in court.

MILLENNIUM COMING

Will be Here About the Time the Line is Through

Four years hence, in 1815, the kingdoms of this world are to be shattered, according to Mr. A. I. Ritchie, who addressed a convention in Toronto recently. The speaker dealt with the significance of the "seventh day of rest," which is mentioned in Genesis, from the chronological viewpoint. "History," he said, "both Biblical and secular, tends to show that the actual length of the 'seventh day' referred to in the Bible is 7,000 years, and that of these close on 6,000 have passed. Thus the world is now rapidly approaching the millennium.

HELPLESS ABOVE NIAGARA FALLS

Terrible Plight of Motor Boat Party Whose Engine Broke Down in the Dark.

(Canadian Press Despatch)
Welland, Aug. 3.—A terrible tragedy was narrowly avoided last night. Two young men and two young women from Niagara Falls, N. Y., were in Niagara River above the falls in a motor boat when the engine refused to work. Unable to locate themselves, they paddled around in the darkness, finally getting into the forebay of the Ontario Power Company, but with no idea of their location. They had a wonderful escape from going over the falls.

Have You Any?

The United States Government has on several occasions in recent years issued commemoration coins celebrating notable events in the history of the country. These are offered for sale at a premium and the profits go to help the funds of the Exposition or celebration in connection with which they are issued. In connection with the Chicago World's Fair in 1892 there were issued Columbian half dollars and quarter dollars in silver. The former bears the portrait of Christopher Columbus and now sells for about 75 cents. The latter bears the portrait of Queen Isabella of Spain who befriended Columbus. This is the only United States coin which bears the portrait of a foreign monarch. These coins sold on the World's Fair Grounds for a dollar, but they may now be bought for 75 cents. In 1900 the Lafayette silver dollar was issued bearing the busts of Washington and Lafayette. On the reverse is an equestrian statue of Lafayette. This coin sells for about \$2.00 or over. The St. Louis World's Fair in 1904 is commemorated by a gold dollar bearing the busts of Jefferson and McKinley—it sells for about \$3.00. The Lewis and Clark centennial gold dollar was struck in 1905 in honor of the Portland Exposition in Oregon. It sells for about \$2.25.

MRS. JACK JOHNSON GIVES SOME HINTS TO HUSBANDS

Buy Her lots of Diamonds and Automobiles and Don't Crush Her to Death is the Advice of Little Arthur's Conqueror

(Colonial Press Despatch)
"Why did I marry Jim?" said Mrs. Jack Johnson, the wife of the heavyweight champion pugilist, when interviewed in the couples apartments in Shaftesbury avenue, London. "Well now, why does any woman marry?"

Mrs. Johnson probably without knowing it, looked down at her

and out of temper, like most white folk, and he's the most generous man living.

"If he sees any dandy little trifle in a shop window that he thinks I'd like, sure enough he goes and gets it. He doesn't regard me as so many men regard their wives—as cooks, housekeepers, nurses and wives all rolled into one. I do pretty much as I like, and in spite of the fact that he is one of the world's strongest men and could practically crush me if he wanted to, with one hand, I manage him quite successfully, and can generally succeed in bringing him round to my way of thinking when it's necessary."

Once more Johnson smiled his radiant golden smile, and uttered an amused "Sure thing, that."

JACK STEWART SAYS

Crops in West will be Bumper Ones

St. Paul, Minn., Aug. 2.—That bumper crops will be harvested in Canada and the northwest states, even though it is still too early to tell definitely, is the prediction of J. W. Stewart of the firm of Welch and Stewart, railroad contractors of Prince Rupert, B. C., who, with his wife and daughter Margaret, will leave today for their home after spending two days in St. Paul.

Mr. Stewart's firm recently was awarded one of the largest contracts for railroad construction that have been let in Canada in recent years, that for the Canadian Northern railway estimated to cost \$15,000,000.

"It is a little early yet to tell definitely about how the crops will come out," he said in response to a question, "but reports that I have received indicate that Canada will have a good harvest. I hear the same thing about the north west states."

MR. AND MRS. JACK JOHNSON

hands, where, gleamed quite a small fortune in magnificent jewels, and Jack's golden smile came across the table as he listened.

"I admit the step I took was one that requires thinking over," she continued in her quaint drawl, "but I am satisfied and I am happy. Jack's real good to me."

"I met him in quite a social way at the house of some friends of mine who were giving him a dinner, and I married him because he had such an awful good heart. There wasn't a thing he wouldn't do for me."

"People naturally imagined I married him for his money. But they are wrong. Sure. My people are wealthy, and long before I knew Jack I'd pretty much what I wanted."

"I've known a good many men in my time, but I've never yet met a man like Johnson. He's always the same, never cranky

The Purchase of a Lot in HOUSTON is Positively a Safe INVESTMENT

Here are some of the reasons:

HOUSTON is situated in the centre of one of the most arable and productive farming countries along the main line of the GRAND TRUNK PACIFIC.

HOUSTON is in the BULKLEY VALLEY a fertile belt in the centre of a mining district that has already proved up rich.

HOUSTON is not a wild cat proposition. We invite you to come and let us convince you of the honesty of investing in HOUSTON lots.

We have prepared an illustrated folder which we shall be pleased to give you. This folder explains the honest facts of the district.

The price of HOUSTON lots is very low in view of the assured great future of the place. It will be a distributing point of what will be, in a short time, a thickly settled country.

HOUSTON is not a speculation—it is an investment that should appeal to anyone wanting to make money honestly. Call and see us or write and we will convince you of the genuineness of our proposition.

HAVE You Been Getting Poor on the Money You Have "Saved" by Using Cheap Printing?

The business man who seeks cheapness as the first consideration in buying his printing, never really pays much attention to other elements in the transaction—except, perhaps, the matter of getting it done quickly.

The money SAVED by buying CHEAP printing is money on which you have paid an absolutely ruinous premium!

It will make you poor if you persist in saving enough of it!

THE COSY CORNER

DEVOTED PRINCIPALLY TO THE INTERESTS OF WOMEN

This is a little section of the paper, which from day to day will be devoted to subjects of special interest to women. Any and all of the ladies of Prince Rupert are invited to contribute to its columns, and to take part in its discussions. Suggestions and criticisms are invited by the editor. The hope is expressed that "The Cosy Corner" will fill a social need.

SUGGESTION FOR FLOWERED MATERIAL

Just from Paris is a blouse made from flowered dimity, in which lace plays an important role. A yoke of allover lace is bordered with a band of insertion, below which are three deep lace points, front and back. The cuff on sleeve is a band of lace insertion topped with two lace points. The newest feature of this blouse, however, is the peplum, which has an inset band of insertion all around. The joining to blouse is made under a girdele of black satin.

DAILY COOKING RECIPE

Broiled Tomatoes

Slice, without peeling, large, fair tomatoes, roll in salted and peppered cracker dust and leave upon ice to get firm. Then broil upon a well-greased gridiron, turning with care when one side is done. Transfer to a heated platter when done.

They are a delightful accompaniment to fish.

Many dishes, all palatable and digestible, may be evolved from the prince of vegetables.

If I do not add recipes for canning, it is because careful computation of the cost of putting up the fruit in one's own kitchen, as compared with the price of the vegetables put up by a first class house and warranted good, convinces me that the woman whose time has any value would consult economy, as well as comfort, by buying the tomatoes already prepared for stews, soups and scallops when the season for the ripe tomato has gone by.

WHY DON'T YOU?

Some things there are you cannot do,
For which you weren't intended;
But there are paths you might pursue,
Up which you've never wended.

Why try to do what can't be done,
While that you can be waiting?
The little things, not yet begun,
Might prove so compensating.

A smile for some who find it hard
To face the world of sorrow.
Ah! Say, what is there to retard
That smile from you tomorrow?

A helping hand for one whose days
Are near the end and dreary,
Ah! Why not help him on his way,
And make the end more cheery?

If but a smile comes back to you,
You'll be the gainer, won't you?
So easy 'tis for you to do,
And, if you can, why don't you?

A Fashion Note

The great variety that is displayed in the fashions this season is really astonishing. Given precisely the same colors and materials, the dressmakers are constantly evolving new styles that are absolutely unlike anything that has gone before.

According to their present arrangements the Misses Barbeau will leave on the S.S. Princess Royal next Tuesday for a few weeks' holiday in Minneapolis.

ITEMS OF SPORT

OUT OF THE GLOVES

Billy Papke, the leading claimant for the middleweight crown, who recently returned from a long trip through Europe and Australia, will go to New York from his home in Kewanee, Ill., in a few days and start training for the bout with Sailor Burke at the Twentieth Century Athletic Club on August 8. Papke will establish training quarters at one of the nearby beaches and expects to make his trip to New York a protracted one, if matches can be arranged.

The bout with Burke will mark the second appearance of the "Illinois thunderbolt" in New York. Three years ago he boxed Burke and the latter managed to last out six rounds by hugging and running away.

Johnny Conlon, the Chicago boy who holds the bantamweight title by general concession, will take a trip to the other side soon for the purpose of arranging a bout with Digger Stanley, the holder of the English title. There will undoubtedly be a hitch when it comes time to arrange such a match because of the different bantam scales recognized in the United States and Great Britain. Stanley would surely stick out for 118 at 2 o'clock, while Conlon would want 115 ring side.

Johnny Kilbane of Cleveland, earned the right to meet Joe Rivers, the sensational California featherweight, by his victory over Patsy Kline of Newark, at Vernon, Cal., in a twenty-round fight. The Cleveland boy won all the way and he looks like a worthy man to swap punches with Rivers when they clash at the same place in a twenty-round contest on Labor Day.

Johnny Daly, who is one of the claimants of the bantamweight title of America, is anxious to become champion of Ireland, and Sam Lewis, his manager, is just as anxious to manage an Irish champion. Mr. Lewis is not Irish, by any means. Far from it, but he comes of a race which knows a good thing when they see it. Lewis has matched Daly with Young Curran of Ireland, the fight to take place in Dublin.

OFF THE WAGON TONGUE

President Hayden of the Burlington Club of the Central Association, has announced that he has sold Pitchers Brown and Hawk to the St. Louis Americans for \$5000.

Manager Kelley of the St. Paul Baseball Club says he has sold Catcher Edward Spencer to the Philadelphia Nationals for \$2500.

Dick Breen, the former Beaver third sacker, has been turned over to the Milwaukee club of the American Association. Last fall Cincinnati secured Breen from Vancouver and it was thought he had a fair chance of making good until Grant was secured from Philadelphia.

Dell Paddock, who commenced his professional baseball career as a pitcher for the Beavers, has been "sold" by Dugdale to the Chicago White Sox. He is now classed as a third baseman.

FIRST TWIN SCREW LAUNCH

CONTINUED FROM PAGE 1

to this launch. Amongst them is her electric lighting system from storage batteries. Another interesting point is her all brass windlass which is just being fitted now. This windlass is worth \$50 and is especially interesting because it comes from Prince Rupert's first working brass foundry, that run by Mr. A. Rees near Hays Creek. Water tanks to hold 80 gallons will be fitted, and also a compressed air siren. The Nimrod will carry two anchors a 100 lb. one as a storm standby or "Best Bower," and a 50 lb. one. A mast and about 75 yards of canvas go with her.

Class of Work

As a carrying boat the Nimrod will excel. She could carry forty passengers if need be, but for a cruise can accommodate eleven comfortably. Inside her house will be partitioned conveniently, and her galley is fitted with a good stove. Lockers, etc., for stores are cleverly contrived by Messrs. McLaren and Davidson the builders. Mr. McLaren is an experienced boat builder from Rock port and Camden, Maine. He has built many power boats. The design of the Nimrod makes her convenient inside, and easy to handle. From the wheel forward both engines can be easily managed easily. The Nimrod was launched from the old slaughter house at Hays Creek and will soon be available for pleasure or business parties in charge of her builders who are preparing to lay down other boats later.

WILL BUILD FOUR COTTAGES

Mr. Everard Coats, Visitor from Calcutta Invests Some of His Money Here.

At an expense of \$6,000, Mr. E. Coats of Calcutta, India, will build four cottages on the corner of Third avenue and First street.

Work will commence immediately as the plans have been prepared by Mr. W. L. Barker and the contract let by him to George Denton.

Two of the cottages will be ready for occupation by October first and the other two will be built later. They will be modern in every respect and pretty in design.

Mr. Coats expresses himself as having every confidence in the future of Prince Rupert hence his investments.

He leaves the city tomorrow for the south.

CELEBRATING BIRTHDAY

Wallace & Co.'s Great Bargain in Dry Goods, etc.

To commemorate the first anniversary of their being in business in Prince Rupert, Wallace and Company commenced one of the most honest sales of dry goods, ladies' and children's wear, white wear of all kinds, etc.

Some surprising bargains are offered in all these lines. In some cases ladies' and children's goods are cut in price below the manufacturer's cost. All of the goods offered are practically new and are positively up-to-date.

A careful study of Wallace's full page ad in this issue would prove profitable.

BIG PASSENGER LIST

Steamer Inlander in From the Skeena River with Many on Board.

The steamer Inlander got in yesterday afternoon from the Skeena with one of the biggest passenger lists of the season. Among those who travelled by the boat were:

From Kitselas—Charles Miller, Don. Gray, F. Hartel, M. Carter, Ang. Porcher, R. Dillon, F. Paul, Mr. Tange, Mr. Flemming, W. Smith, Mr. Oscar.

From Kitsumkalum—Mr. Henry, J. Burgenan, O. Hansen, Mr. Coiley, Mr. Coiley, Jr., Mick Robin, M. Martin.

ALBERT'S NEW CAPTAIN

Captain Wearmouth to Take Charge of the S.S. Prince John.

Under Captain Mackenzie who now has charge of her, the G. T. P. S.S. Prince Albert sailed on his usual trips this week. Captain Mackenzie was formerly skipper of the Rupert City, and knows this coast well. He is a brother of Mr. Simon Mackenzie. Captain Wearmouth leaves the Albert to take command of the new G. T. P. S.S. Prince John which is due to arrive here in about a week. Those who have seen the new boat at Victoria say that she is most beautifully fitted up, in fact, she is a miniature Prince George.

WILL BOOST CITY ACROSS PRAIRIE

Mr. C. D. Newton Leaves for the East Tomorrow on Business—Will be Away Six Weeks.

On a tour east as far as Montreal with stops made en route at fifteen prairie cities at which Prince Rupert will be honestly and well advertised, Mr. C. D. Newton, the well known local real estate agent, will leave on the S.S. Princess May tomorrow morning.

He is going east on important business and will be away about six weeks. Accompanying him is Mrs. Newton who will stay in the East for a few months. During Mr. Newton's absence his business will be attended to by Mr. Thomas Dunn.

On the return journey Mr. Newton will make stops in the principal cities to do some boosting.

Prince Rupert Indoor Baseball League.

ANOTHER WEDDING

Young Couple Married in G. T. P. Inn Last Night

A very quiet wedding was solemnized in the G. T. P. Inn last evening by Rev. C. Sing when Miss Bertha Davies of Jackson, Iowa, was married to Mr. Bert Ranch of Heidelberg, Germany.

A very few friends were present. Miss Piercy acted as bridesmaid.

The young couple were friends of Mr. Harry Smith of Stewart.

"BUD" CORLEY BACK

Had Fine Trip with Father to Interior

Mr. S. Corley of the Royal Hotel, and his father returned yesterday after a week's trip into the interior from Copper City. They have some land in from Copper City and both gentlemen say they are very pleased with it. Beyond being annoyed and chewed up a little by mosquitoes they had a fine time.

Corley, Jr., will be at the baseball game tonight when the Royal Blue Ribbons meet Ben Self's Maple Leafs in the roller rink.

KILLED HER HUSBAND

Young Wife Said She Couldn't Make a Man of Him

(Canadian Press Despatch)
San Francisco, Aug. 3.—Unable so she said to make a man of her husband Anna Langley a fragile young woman nineteen years old, shot and killed him today. The couple had been married for fifteen months.

LAND PURCHASE NOTICE

Skeena Land District—District of Coast Range 5
Take notice that I, Frank Hicks of Port Eastington, occupation merchant, intend to apply for permission to purchase the following described lands:

Commencing at a post planted on the south bank of the Echemunka River and about four miles from its confluence with the Skeena River, thence 80 chains east, thence 80 chains north, thence south 80 chains to point of commencement, containing 640 acres more or less.
Dated April 21, 1911. **FRANK HICKS**
Pub. April 25.

IN THE SUPREME COURT OF BRITISH COLUMBIA.

Between John Young Rochester, plaintiff and Tom G. Sutton, defendant.

Before His Honor Judge Young in chambers Friday the 28th day of July, 1911.
Upon the application of the plaintiff, upon being read the affidavit of Charles Vincent Bennett, filed, and upon hearing what was alleged by C. T. Bennett, counsel for the plaintiff,
It is ordered that service upon the defendant of the writ of summons and statement of claim in this action by publishing this order, together with the notice hereon endorsed, once a week for four weeks, preceding the 1st day of September, 1911, in the "Daily News," a newspaper published at Prince Rupert, B. C., be deemed good and valid.

It is further ordered that the said defendant do enter an appearance to the said writ of summons and file his statement of defence in the office of this Court at Prince Rupert, B. C., on or before the 15th day of September, 1911.
And it is further ordered that the costs of this application be costs in the cause.
F. M. B. YOUNG, J. L. C.

NOTICE

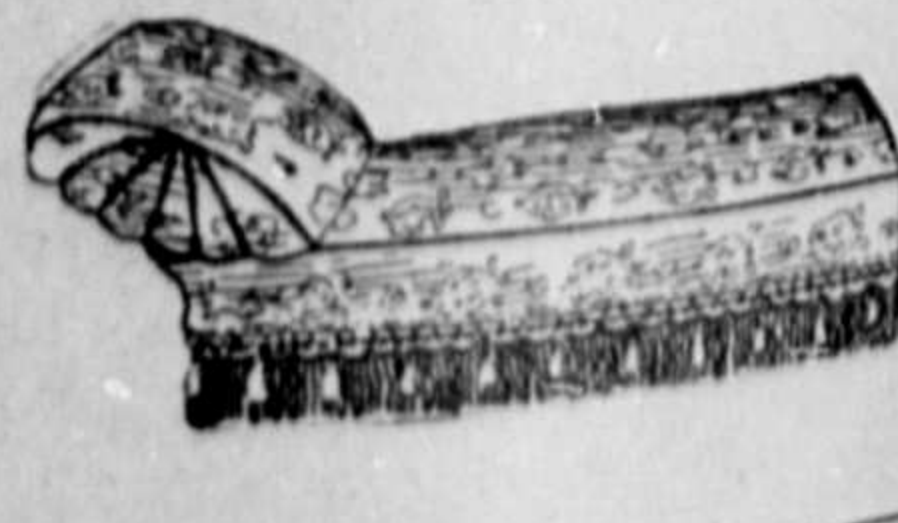

This action is brought to recover \$1000.00, the amount due on a promissory note made by the defendant, dated 20th December, 1906, to the order of the plaintiff, payable 24 months starting with interest at 6 per cent per annum.
Principal \$1000.00
Interest 145.86
Total \$1145.86

We beg to announce to the Public that we are going to remain at the same old stand corner 6th Street and 2nd Avenue
