as to the gravity of the Premier's

illness, it was thought advisable by

his physicians, Dr. W. T. Kergin and

Dr. J. H. Carson, to issue the fol-

from a severe septic infection of the

nose from which he was quite toxic.

For the first four days there were

fears that the infection might be-

proceed east by train. In every

other respect, the Premier is in ex-

treatment with this remedy. The first blood test showed

these patients-male and female -had a condition known as "low blood count." Their blood was deficient in haemoglobin and red blood corpuscles. These vital blood elements, and they alone, carry life-giving oxygen from your lungs and nourishment from your food to every part of the body. Naturally, if your blood is below normal in them, your health is below normal.

Many people have a low blood count without knowing it. If you are always tired, listless, exhausted and breathless on exertion, nervous, pale, lack appetite, the chances are your blood count

If these are your symptoms, start taking Dr. Williams' Pink Pills, as did these 40 "hospitaltested" patients. Because, when their blood was tested again, after a five weeks' treatment, almost without exception they showed splendid increases in their blood count, ranging as high as 22 per cent, and, with it, a return of energy, vigor and zest for living." Start the treatment at once. You are taking no chances. Dr.

Williams' Pink Pills are hospitaltested. Children and young people in many cases need this proven remedy as much as adults. Your drnogist can supply you-50c a package. *Individual reports on these 40

patients, certified by the hospital pathologist, are on file.
