WELL AWAY NOW

Premier Pattullo has evidently found it a difficult matter converting Premier Bennett to his point of view in re-lick; Fitch, Mah, Smith; Monkley, gard to granting aid to British Columbia to help her meet Barton, O'Neill, Houston, Currie. her obligations and to provide work and wages for the un-Brown, McKay, Clausen; Eusoy, employed. Now that he has succeeded we can expect to see a general improvement in conditions before very long.

Although it seems a little belated, we congratulate Premier Bennett on having decided to do the right thing by the province. We congratulate Premier Pattullo on having secured that for which he campaigned and for which Postuk, Gulick, Mah, Fitch, Monkhe and his ministers went to Ottawa. They seem to have ley, Barton and O'Neill were outmade good there.

We realize that a few people will be disappointed at the outcome. They would have liked to see Premier Pattullo fail. We know that because of the gibes we have received from a number of people who thought he had lost out. There have to be those sort of people in the world. Happily, the great majority are more concerned about the progress of British Columbia than they are about party politics. They realize that the premier is working his hardest for the good of the province and his success at Ottawa will be heartily welcomed.

INDICATION OF NEW LIFE

An indication of the new life that is coming to Vancouver is seen in a special number of the Journal of Commerce just issued. It is of the regular large magazine size, profusely illustrated and contains a large lot of commercial advertising which is an indication of the movement toward recovery. The number deals particularly with shipping and mining although all industries are represented. While in some respects it is provincial in scope it is essentially a Vancouver number prepared for Vancouver people and dealing with the industries and prospects of Vancouver,

Defeated Borden Street Three to One in Junior Soccer on Saturday

In a well contested Junior Football League fixture on Saturday afternoon Booth Memorial School registered its first win of the spring series by beating Borden Street School three goals to one.

Play was evenly distributed for time and then Ritchie scored a nice goal for Booth. From a free kick Mah shot strongly but too high. O'Neill equalized for Borden from a penalty. Monkley and O'-Neill, for Borden, and Ritchie and Husoy, for Booth, were clever. Cameron's shot was deflected by Williscroft for a corner. Husoy's corner kick was saved as was a shot by Ritchie. Currie made a good run and Rice kicked into touch to save the situation. From a penalty Cameron gave Booth the lead. Monkley and Clausen engaged in a series of duels with honors fairly even. Fitch cleared well and fed his forwards nicely.

Monkley forced his way through till Eastman stopped him. Then Cameron shot past. Borden pressed, the inside men playing clever football but lacking the finish that gets goals. Holkestad was always a clever and dangerous winger. Postuk was lucky when a shot hit the bar and then the upright before cross drive. Krause saved well from D'Neill. Ritchie got away but Gulick stopped him. Borden staged desperate attack and Booth was very lucky to get the ball away. Smith showed up well as did Barton and O'Neill.

THE Greatest Advance IN TIRE CONSTRUCTION

SINCE THE BALLOON TIRE!

Built- In "SHOCK ABSORBERS"

Every Gutta Percha and Roaderaft Tire is built of the highest-quality cotton cords, every strand impregnated with and protected by rubber.

These protected cords are built into criss-cross layers for added strength, and are further protected at crucial points by broad pads of live gum rubber built-in between the plies to safeguard the cords from damage, as shown in the photograph at the left. See for yourself how blows on the tread or side-walls would be cushioned by these "shock-absorbers." There are 7 of them-the 5 you see in the photograph and 2 on the other side of the tire. Only Gutta Percha and Roadcraft Tires give you this safer construction at no extra cost.

From the Waterfront

Changes in Lighthouse Service-Another Camp for North Island-New Fish Shed Building.

Mr. and Mrs. W. F. Brydon, who have been stationed at Lucy Island lighthouse for the past six years, arrived in the city aboard the Newington at the end of the week and will be leaving on the Princess Adelaide Friday night for Victoria, Mr. being exhausted. Brydon having retired from the lighthouse service. They will probably decide to locate in the neighborhood of Victoria. Thomas White has gone out to Lucy Island temporarily to relieve as light keeper until Mr. and Mrs. Thomas Moran, who are to succeed Mr. and Mrs. Brydon, arrive from their present station at Egg Island when Mr. and Mrs. White will proceed to Boat Bluff to take the place of Mr. and Mrs. Webster who are to be moved to Egg Island in succession to Mr. and Mrs. Moran.

Chief Engineer W. E. Baillie of the steamer Prince Rupert, which is having finishing touches put on her annual overhaul at the local dry dock prior to being recommissioned in service for the season, has received instructions to report to Montreal, presumably returning to the steamer Prince Henry which is at present tied up in Halifax. George Davidson, who has been acting as second engineer on the Prince Rupert, will take over the duties of chief on the departure of Mr. Baillie who expects to leave on the Prince George Thursday night for the east via Vancouver. Mrs. Baillie, who is at present visiting here, will accompany him south.

Bringing north a fair sized list of passengers, Union steamer Catala, Capt. A. E. Dickson, arrived in port at 5:30 yesterday afternoon from the south and sailed at 8 p.m. for Anyox, Stewart and other northern points whence she will resail at 1:30 p.m. on her return to Vancouver and waypoints.

Bellingham, which has had trouble tion on the government wharf. with her crew, the Ketchikan motorship Eskimo arrived in port this forenoon with one carload of fresh halibut which is being transshipped present the Canadian Legion from here by rail for delivery to the against the Merchants in tomorrow market in the eastern states.

with his fish packer Argent, had in C. Baptie.

Legs Trembled; Heart Throbbed

This "Hospital-Tested" Remedy Made Her Well and Strong

"I wish from my heart," writes Mrs. Louie Mitchell of Oak Point, Manitoba, "I could persuade every person who is run-down to give Dr. Williams' Pink Pills a trial. About a year ago I was suffering from a run-down system. Any little exertion would cause my legs to tremble and my heart to throb violently. I could not sweep a room or walk fifty feet without

"Then I began taking Dr. Williams' Pink Pills and after taking only six boxes I am as well and strong as ever."

You, too, can rebuild a weak, run-down, exhausted system with Dr. Williams' Pink Pills, This is the remedy that was scientifically tested at a leading hospital with a group of 40 run-down people. It proved a remarkably efficient builder of red blood cells and haemoglobin, cleansing and enriching the blood of these patients quickly, and revitalizing their systems with vigor, vitality and strength, making them feel like new people.

Get a package today from your druggist's. You'll begin to feel an improvement after a few doses 50c a package. Results guaranteed or money refunded.

ow a small fish camp which will be placed on the North Island trolling grounds in the service of Edmunds & Walker.

Pat Ratchford, well known elderin tearing down an old shed on the of Fred Humphrey. Albert & McCaffery waterfront lease to make way for new construction there, has been making good recovery at the Prince Rupert General Hospital where it was expected he would be able to be up today. Within a few days he will be able to leave the hospital.

Construction of the new fish handling shed for the Atlin Fisheries immediately adjoining the new cold storage plant of the Northern Fishermen's Cold Storage turn here tomorrow morning and Limited to the north is now well under way. When the new shed is ready for occupation, which will not be long. Atlin will move its es-Making the trip in place of the tablishment from the present loca-

"My Weakness," With Lilian Harvey And Lew Ayres, at Capitol Theatre

With the dainty and diminutive Lilian Harvey in the leading role, a delightful musical picture "My Weakness" comes to the Capitol Theatre here at the first of this week. It is Miss Harvey's first American film and, as her leading man, she has none other than the popular Lew Ayres. Other well known members of the cast include Charles Butterworth, Harry Langdon and Sid Silvers.

The film is said to reveal the latest of trends in smart motion picture plays that have music and feminine beauty among their principal elements. The music is said to be as brilliant as any that has been produced recently for the screen. Stunning gowns and unique and modern settings make of it also a real style show.

The story is that of a young ugly duckling who is made attractive on a wager and moves from conquest to conquest until she finally lands the man who made the wager that she could not be made attractive.

A brother at Carlisle Cannery on the Skeena River was advised by ly pioneer of the city, who was in- the Vancouver Province in its news jured last week when a partition broadcast last night of the death. fell on him while he was engaged in Vancouver yesterday afternoon
