Work of Bennett Administration Roundly Denounced by Mackenzie King in Addressing Parliament

OTTAWA, Jan. 30: (CP)—In the course of the debate on the address in reply to the Speech from the Throne in the House of Commons yesterday, Rt. Hon. W. L. Mackenzie King, Leader of the Opposition, scored the re-introduction of titles in Canada, labelled the unemployment relief record and trade and agricultural policies of the Bennett government as failures, criticized the government for not negotiating a reciprocity treaty with the United States while Washington was anxious to do so, branded the world wheat agreement a retrograde step and accused the administration of attempting to create an illusory state of prosperity based on manipulation of statistics.

CARSON IS PRESIDENT

Liberals Elect Brooksbank Secretary, Patmore, Treasurer and Hunt and Balagno Vice-Presidents

One of the largest political party meetings ever held in the city took place last night when the Liberals held their annual gathering to choose officers and directors for the coming year.

No time was lost when the meeting was called to order by President W. O. Fulton who announced the resignation as secretary of H. F. Glassey and the long job of nominating and balloting then commenced.

The amendment of the Liberal leader on the address in reply to the Speech from the Throne "respectfully submits to Your Excellency (the Governor General) that Your Excellency's present advisers do not possess the confidence of this House or of the country."

Mr. King, in the course of his speech, challenged the government to hold a general election at once, stating that the government had lost its moral authority to govern.

Provincial Government Not In Favor of Commissioners For Cities, Minister Says

VICTORIA, Jan. 30: (CP)—Hon. A. Wells Gray, minister of lands and municipalities, in addressing a convention of the Union of British Columbia Municipalities yesterday, said he was strongly opposed to the policy of appointing commissioners to take over the affairs of municipalities.

"It should be the very last thing that any government would do," he said, "to take away the franchise of a municipality." The present government would do all it could to prevent such a position, he said.

The creation of a public utilities commission to control light, power and telephone rates in the province would not be possible at the coming session of the Legislature, Mr. Gray said. The Union had passed a resolution requesting the government to appoint such a commission at as early a date as possible.

IS FASCISM THE ANSWER?

A book has come to the editorial desk recently for review. It is by S. Alfred Jones K.C., LL.B. and is entitled "Is Fascism the Answer?" The writer claims to have made a close study of Fascism in Italy and as a result he is certainly favorable to it.

The writer explains that the Fascist plan does not provide for a dictator but that it is a democracy of the brains of the nation. He describes it as a mass movement with the state supreme while at the same time respecting the life and work and property of the individual.

After describing the work of the Fascist government in detail and in a most illuminating manner and giving a very interesting sketch of the life and work of Mussolini, the writer compares the system with the New Deal of President Roosevelt. In this section of the book he says:

"The Roosevelt Revolution, as it has been termed, was a distinct revolt against the doctrine of 'Let well enough alone,' under which the nation had been drifting far too long. The old rule of government non-interference had long since been outlived. During good times it was difficult to get support for a policy of change and when the evil days came the tendency was to wait for the turn of the tide. The President's action seized the popular mind at a time when it was vitally necessary for the very life of the nation to capture the people's thoughts. The personal popularity of the President played no small part in securing the almost unanimous acclaim with which his proposals were received. One writer has in six words expressed the underlying basic principles upon which the N. R. A. is founded, and the great mass of the people have realized that selfishness must be forgotten in the duty of every loyal citizen to sincerely subscribe to those words namely, 'The public interest must be supreme.' Capital must give as well as take, labor must be reasonable and the consumer must expect to make sacrifices for the country's welfare."

From the Waterfront

One of the largest bird hunting parties to go out of Prince Rupert during the season now about to close was that which made a trip at the end of the week to Old Hartley Bay, Kildala Arm and Kitimaat aboard the Salvage Princess, leaving here Friday afternoon and returning yesterday morning. geese and some fifty ducks. Kildala Arm was found to be so blocked up with ice that nothing could be done in the way of hunting there. There was also much ice at Kitimaat with streams swollen on account of high water. Members of the party were Capt. W. P. Armour, J. H. Pillsbury, W. O. Fulton, J. A. Lindsay, A. R. Nichols, F. A. MacCallum, W. M. Blackstock, G. A. Bryant, J. A. Hinton, Johnny McKay and C. V. Eviit.

Adolph Bremer Hopeful That His Son Will be Returned Safely By Kidnappers

ST. PAUL, Minn., Jan. 30.—Adolph Bremer, elderly brewing magnate, states that he is still clinging to the hope that his 38-year old son, Edward G. Bremer, is safe and that he will be returned alive and well following his kidnapping on January 17. Another appeal was broadcast to the abductors yesterday. The elder Bremer stated that, of twenty-five communications which had been received in regard to the payment of ransom, only one was believed to be genuine. It bore his son's signature and in it a demand was made for \$200,000. The money has been ready for some days for delivery. Contrary to her father-in-law, the kidnapped man's wife has openly given up hope of ever seeing her husband alive again. Police officials are also inclined to the belief that Bremer has been killed, it was intimated yesterday.

## THREE DOSES RELIEVE 33 YEAR OLD COUGH

It just looks as if BUCKLEY'S MIXTURE took a special pride in "knocking the stuffing" out of tough old coughs that have successfully defied other cough remedies for years and years.

For instance, take the case of Mrs. A. Wagner of Waterloo, Ontario.

"For 33 years I have had a chronic cough, and when I catch cold I cough something terrible. I always had to have a Doctor to break it up, but I was told to try BUCKLEY'S MIXTURE, and it sure does the trick. About three doses gives me relief."

No wonder millions of former sufferers say, "Buckley's acts like a flash." If you have a cough, cold, flu or bronchitis, get a bottle today. It clears the bronchial tubes, eases breathing and stops the cough before other remedies have begun to act. Play safe. Refuse substitutes. Buckley's is sold everywhere.

Commander C. J. Beard R.C.N. of Ottawa, director of naval reserves for Canada, was the speaker at the regular weekly luncheon of the Prince Rupert Gyro Club today. W. M. Brown, past president, occupied the chair in the absence of W. H. Tobey, president.

An enjoyable Scottish dance was held on Friday night in St. Peter's Parish Hall, the crowd making up in enthusiasm for what it may have lacked in numbers owing to disagreeable weather and counter-attractions. James Hadden was master of ceremonies and music was by John Bremner, James Watts and J. B. MacKay. With J. E. Boddie as general convener, the ladies' committee consisted of Mrs. James Simpson, Mrs. W. B. Skinner, Mrs. Kenneth McPhail and Mrs. D. Scott.

"That this association put itself on record in commending the prompt action of the provincial government in establishing the economic council and urge the study of ways and means to cope with the extraordinary situation confronting us."

Mr. Basso-Bert made a brief speech in which he urged Liberals to be active. He pointed as an example to what had been done in the United States by President Roosevelt whereas in this country nothing had been done.

The meeting also, by resolution, thanked the retiring officers and particularly Secretary H. F. Glassey, who had done such good work in the past on behalf of the party and who still continued as secretary of the district association.

Louis Gray, Well Known Villager And Church Worker, Passes Away

PORT SIMPSON, Jan. 30.—The death of Louis Gray, one of the leading men of Port Simpson, was mourned by the entire community. The late Mr. Gray was for many years a lay worker for the Methodist Mission and, as such, had been stationed at Skeena Crossing, Rivers Inlet and other points. He was an honorary member of the Y.P.E.A. here and was also a strong worker for the Epworth League of the United Church, being one of the men responsible for the building of the new hall for that organization. He was very widely known and was also a member of the Temperance Society.

Deceased leaves to mourn his loss, besides the widow, one son, Henry, and a daughter, Mrs. George Ryan. Other relatives reside at Metlakatla, Alaska.

The body lay in state in the Epworth League Hall before the funeral which was conducted by Rev. P. Love, assisted by the chaplain of the local Temperance Society, E. F. Dudoward, both at the church and at the graveside. The honorary pallbearers were the elders of the United Church and the active pallbearers were from the Y.P.E.A. and the P.S.A.C. Interment was made in the Finlayson Island Cemetery.
