YOUR GROCER HAS THIS SUNNY WAY TO BETTER HEALTH

Check Common Constipation with a Delicious Cereal

Food has a lot to do with how you feel and how you look. For instance, you need plenty of "bulk" with your meals to avoid the risk of common constipation.

This ailment frequently causes headaches, loss of appetite and energy. Yet, in most cases, it can be overcome pleasantly and safely by eating a delicious cereal.

Kellogg's ALL-BEAN furnishes "bulk" in convenient and concentrated form. Laboratory tests show the "bulk" in ALL-BRAN is safe and effective. In fact, it is much like

that found in leafy vegetables. Within the body, the fiber of ALL-BRAN absorbs moisture, and forms a soft mass. Gently, this clears out the intestinal wastes.

In addition, ALL-BRAN provides vitamin B and iron.

Isn't this sunny way better than taking patent medicines - so often harmful? Two tablespoonfuls of ALL-BRAN daily are usually sufficient. Chronic cases, with each meal. If seriously ill, see your doctor. ALL-BRAN makes no claim to be a "cure-all."

Enjoy ALL-BRAN as a cereal, or cook into appetizing recipes. Be sure you get Kellogg's ALL-BRAN. It contains much more needed "bulk" than part-bran products. In the red-and-green package. Made by Kellogg in London, Ontario.
