Mass Buying and Price Spreads Commission Starts Investigation Into Textile Industry

Bennett's Promise

Action Necessary to Protect People Will be Taken, Premier Declares in Speech

OTTAWA, Dec. 20: (CP)—The royal commission on mass buying and price spreads has commenced its investigation into the textile industry with examination of witnesses in regard to the affairs of a number of firms. Quebec silk mills, according to evidence presented, were paying wages as low as \$2 and \$3 per week. Apparent infractions of the Quebec Minimum Wage by one of the largest silk mills in the country, the Associated Textiles of Canada Ltd., were reported to the commission. The company is American-owned, the commission was informed, and has been making 24 1/2% profit on its capital. Wages did not average more than \$12.28 per week for this company.

According to evidence, the silk mill of M. E. Binz Co. Ltd. of Montmargy, Que., paid the lowest wages, fifty percent of the employees receiving less than \$5 weekly with some as low as \$2 weekly.

Bennett Speaks

OTTAWA, Dec. 20:—"The day of the robber baron is gone," said Premier Bennett in a speech here. Mr. Bennett reiterated a previous promise that the government would take action necessary to protect the people when the report of the commission on mass buying and price spreads came before it.

WOMAN'S EXECUTION

The execution in England yesterday of Mrs. Major, convicted of poisoning her husband, is an incident that is attracting considerable attention. Many people are opposed to the idea of executing a woman and others are opposed to capital punishment in any case. What is sure is that most people would like to abolish execution of women if it is considered in the best interests of the state to do so.

It is argued by some that women are just as cruel as men, if not worse, that they are just as vindictive and that, if the law against capital punishment were abolished, there would be more crimes similar to that for which Mrs. Major was convicted.

It is quite possible that, in the English speaking countries, very few more women will be executed.

CARELESS OF LIFE

It is often charged that people are careless of human life in this country but it is as nothing to what takes place in other countries. Take Russia today, where we hear that 107 people were executed following the killing of Sergei Kiroff. In Germany there have been killings without any very pronounced opposition from the mass of the people. The Orientals, especially the Chinese, are notoriously careless of life. So in almost every country. So careful have we become that we save unfits when it might be the best thing for them and for their friends had they never lived.

WHIFFLETS
From the Waterfront

A deal was completed this morning whereby Capt. Sinclair (Red) Pierce, well known Prince Rupert halibut boat operator, becomes the new owner of the 36-foot halibut trawler Tern, the vendor being Mrs. David Rutten of Massett. The Tern, one of the best known vessels of the Prince Rupert halibut fishing fleet, was formerly owned and operated by the late Capt. Nels P. Pedersen. It is equipped with a 36 h.p. Gardner semi-diesel. The vessel was built in 1924 at Lewis Island. Capt. Pierce, the new owner, lost his former boat, the Eric Roy, by fire off the Queen Charlotte Islands early in the 1934 season. Capt. Halton Foroy had commanded the Tern for Mrs. Rutten during the past year.

C. P. R. steamer Princess Norah, Capt. William Palmer, is due back in port at 4 o'clock this afternoon from a regular voyage to Skagway and other Alaska points and will sail an hour later for Vancouver.

Well known "old timers" among the company's personnel of officers are to be found aboard the steamer Prince John at present on the Queen Charlotte Island run between Prince Rupert and Vancouver. Capt. Neil McLean is in command and has William Gleason as his chief officer. Alec Monroe is chief engineer, it being the first time in ten years that he has served on the John, while George Davidson is second engineer. Bert Robson and Jack Hartley have taken over duty this week as purser and chief steward respectively.

ELECTRICAL STORM HERE

Spectacular Display of Aerial Fireworks Last Night Was Vivid And Noisy—Radios Blown Out

One of the most severe electrical storms that has ever been recorded in Prince Rupert was experienced here about 9 o'clock last evening but, apart from the blowing out of a few radios, no serious damage was reported. The storm was of brief duration but the reports of the thunder were severe enough to rattle windows, almost shake houses and cause high consternation among some of the more nervous people. The lightning was close at hand and very vivid.

During a concert at Booth Memorial School, a metal gutter pipe on the side of the building was said to have been struck. Contact is also said to have been made with the main transmission line on McBride Street but no damage was done.

The electrical storm was accompanied by a heavy fall of hail, the skies clearing later for a time to be followed later in the night by more heavy rain and wind.

SOURD ON THE WORLD?—THAT'S LIVER

Wake up your Liver Bile —No Calomel necessary

Many people who feel sour, sluggish and generally wretched make the mistake of taking salts, oil, mineral water, laxative candy or chewing gum, or roughage which only serve to irritate and ignore the liver.

What you need is to wake up your liver bile. Start your liver pouring the daily two pounds of liquid bile into your bowels. Get your stomach and intestine working as they should, quite soon.

Cartier's Little Liver Pills will soon fix you up. Purely vegetable. Safe. Sure. Quick. Ask for them by name. Before substitution. 50c. at all druggists.

How to TONE UP Your Stomach

Are you sick and tired of having a stomach that acts up—that doesn't take kindly to good, wholesome food? Then bring your stomach to tone. Don't take drugs. They are dangerous and habit-forming. Just follow the Andrews' Rules of Health. Eat moderately. Sleep plenty. Exercise regularly. Breathe all the fresh air you can. And keep yourself in healthy condition with a purifying, energizing glass of Andrews' Liver Salt taken about twice each week while it is still deliciously bubbling.

This last rule is quite as important as all the others. What Andrews does is to exert a definitely beneficial effect on the stomach lining. It soothes the digestive organs and strengthens the whole process of digestion and waste elimination. Don't let your stomach boss you. Learn to enjoy a sound digestive system and good, hearty meals by following the Andrews' Rules. You will feel better—much better and healthier. Get Andrews' Liver Salt from your druggist. In tins, 15c and 60c. New, large bottle, 75c. Sole Agents: John A. Huston Co., Ltd., Toronto.

Latest California Gold Strike Promises Big Pay

California's latest gold strike is declared by mining experts to be one of the most important gold discoveries made in recent years. However, the discovery is not a poor man's prospecting proposition as much costly equipment is needed to refine the gold from the ore. There are few, if any, nuggets being found. Photo shows Jess Knight, owner of the Elephant Eagle mine, holding pan with \$1,500 in gold amalgam. Workmen in background are N. W. and Chris Anderson.

Will Santa Claus Fail? To Come To Numbers Of Prince Rupert Children?

So far in the past the people of this city, through the Salvation Army and other organizations, have seen to it that all poor families and especially the children have had the means of enjoying the Christmas season. If this is to be done this year considerable money will be needed and so far not much has been subscribed. How could anyone enjoy Christmas knowing that many children were not enjoying it too?
Money may be sent to the Salvation Army or the Daily News. Goods or clothing should go direct to the Citadel.

If your paper does not arrive, telephone the office

Pupils of Booth Memorial School presented a delightful Christmas concert before a large gathering of parents last night in the Auditorium of the school. The program consisted of carols, choruses, action songs, drills, dances and playlets by the various classes and many children participated, all acquitting themselves with credit. Miss E. A. Mercer, principal of the school, presided and made the announcements. The choruses were under the direction of J. S. Wilson, vice-principal, and accompanists for the evening were Miss E. P. Grassie and Miss Maureen Kilpatrick. The dainty costuming of several of the numbers was a feature.

Children's Show Tomorrow Will Boost Xmas Cheer

All those going to tomorrow's food matinee for Christmas at the Capitol Theatre should observe two rules: bring a package of non-perishable food as an admission ticket, and be there early. The program includes a cartoon "Funny Face," "Bosco the Musketeer," Charlie Chaplin in "The Rink," and a grand exciting feature called "The Frontier Marshal" with George O'Brien.
