### Commerce Chambers of United States Seeking Canadian Trade Pacts

Secretary of State Cordell Hull Asked to Open Negotiations With This Dominion at Earliest Possible Date

WASHINGTON, D.C., Sept. 27: (CP)—Secretary of State Cordell Hull was urged today by Henry I. Harriman, president of the Chambers of Commerce of the United States, to open reciprocal tariff negotiations with Canada at the earliest possible date. Mr. Harriman declared that a joint committee comprising members of the Canadian and American chambers had recommended such a course. Mr. Hull replied that the matter would likely be considered at an early date.

## BRITISHER DISGUSTED

Sopwith Found America's Cup Series Run as Big Business, For Which He Was Not Prepared

### May Re-Challenge

Takes Personal Responsibility For All Mistakes Made in Recent Racing

BRISTOL, R.I., Sept. 27: (CP)—As preparations proceeded today for equipping the British America's Cup challenger Endeavour for her homeward voyage across the Atlantic Ocean, Skipper T. O. M. Sopwith decided he would leave open the question of whether or not he would again challenge for the cup. Sopwith declared that he was "disgusted with the spirit in which international racing is conducted here."

"I found the races were run as a big business," the British skipper said, "something I was not prepared to contend with."

Sopwith said he would race the Endeavour in England. He took personal responsibility for all mistakes made during the America's Cup race series, absolving his amateur crew.

## Ocean Falls Man Was Accidentally Shot by Comrade

John Widsten of Ocean Falls is a patient in the Ocean Falls Hospital recovering satisfactorily from injuries sustained in a hunting accident near the paper town on Sunday of this week. He was struck in the right leg by a bullet which ricocheted off a rock.

Widsten was hunting mountain goat with another Ocean Falls man, Harold Sydney Clark. They sighted a goat and both fired and missed. Clark then fired a second time and the bullet ricocheted off a rock and struck Widsten. The injured man was assisted by his companion to the beach and Ocean Falls.

## New Scenic Roadway is Being Developed by City West From McClymont Park to Cemetery

As a result of work which has been in progress for the past six months with use of relief labor, almost half a mile of roadway has now been built by the city west from McBride Street along the banks of Hays Creek and can be travelled over by auto. The ultimate objective is to provide a driveway about two miles in length from McClymont Park to Fairview Cemetery.

## TOOK HIS OWN LIFE

Robert Ellis, Aged 26, Employee Of Premier Co., Administered Potassium Cyanide to Himself

STEWART, Sept. 27: (Special to Daily News)—Suicide by taking potassium cyanide was the verdict of an inquest conducted yesterday afternoon by Dr. J. W. Vosburgh, coroner, into the death of Robert Barton Ellis whose body was found on the dump of Camp Four yesterday morning.

Deceased, who was 26 years of age, arrived here from Yorkton, Sask., last February, having been employed since then at the Premier mine. He was single and his parents reside in Yorkton.

Interment will be held in Stewart Cemetery next Sunday.

## SETTLEMENT OF OLD COUNTRY COAL MINE STRIKE IS POSSIBLE

LONDON, Sept. 27: (CP)—Plans for settlement of a threatened walk-out of 140,000 Welsh coal miners on Saturday were laid before representatives of the miners and operators today with hopes of averting the walk-out.

## PASSING OF SCHOOL BOY

Albert Obata, Aged Seventeen, Passes Away Today

Albert Obata, seventeen-year old son of Mr. and Mrs. C. S. Obata, well known members of the local Japanese colony, died suddenly at 5 o'clock this morning at the family home on Third Avenue following a brief illness. The lad had had a cold but had been able to attend school yesterday. He took a sudden chill, however, which proved fatal.

Except for four years spent in Crippled Children's Hospital in Vancouver, Albert Obata had spent all his life in Prince Rupert. He received his education here and was attending King Edward High School prior to his death, having received his public school training at Borden Street School. Diligent in his studies, he was also highly popular with his fellow pupils. His passing has cast a gloom over the school he attended and his family will have general sympathy in their bereavement.

In addition to his parents, the youth is survived by an elder brother, Roger Obata, attending University of British Columbia. The father, who is secretary of the Canadian Japanese Association, had been in Port Essington on business and is returning to the city this afternoon.

Funeral arrangements will be announced later.

## Former Member Of Legislature Dies

Capt. Albert Huff Passes Away at Alberni at Age of 86 Years

## Soviet Lumber Is Being Disposed Of In Buenos Aires

BUENOS AIRES, Sept. 27:—A good market for lumber from Soviet Russia is being built up in the Argentine. During the last few days three million feet of Soviet spruce and pine has been unloaded here.

## BIG STEAMSHIP STRIKE IN JAPAN THREATENED

KOBE, Sept. 27: (CP)—A strike threatening to tie up Japan's largest steamship lines aggregating 250,000 tons and including trans-Pacific shipping was announced yesterday unless the companies agree to pay higher wages, furnish better rations and provide larger crews and special wage scales for engine room crews.

## Dominion Organizing For Polling Contest Will Soon Commence

Tories Considering Possibility of Dominion Convention With Alternative of Provincial Gatherings to Make Organization Plans

OTTAWA, Sept. 27: (CP)—Shortly after the return of Prime Minister R. B. Bennett from Geneva where he is attending the League of Nations assembly, the Conservative party will launch a systematic organization of the Dominion in preparation for the next general election, it is learned here. In some circles it is considered possible that a national convention of the party will be called or, perhaps, a series of provincial gatherings at which organization plans can be completed.

## DATE OF CLOSING NOW SET

Halibut Fishing in Area No. 3 to Cease October 27, Bringing Season to End

Area No. 3 will be closed to halibut fishing midnight October 27, it is announced by the International Fisheries Commission. By that time it is estimated that the quota for the season will have been exhausted and, possibly, passed. The closing of Area No. 3 will mark the ending of halibut fishing on the North Pacific for the 1934 season.

Since the nearer Area No. 2 was closed on August 19, the American fleet and up to a dozen of the larger Canadian boats have been operating in Area No. 3.

## HAUPTMANN INDICTMENT

Must Take Trial on Extortion Charge—More Ransom Money Found

NEW YORK, Sept. 27: (CP)—Bruno Richard Hauptmann was yesterday indicted by a New York grand jury on the charge of extortion as being the alleged receiver of the \$50,000 ransom money in the Lindbergh kidnapping case. He pleaded not guilty to the indictment and bail was fixed at \$100,000.

The police discovered an additional \$600 of the ransom money in Hauptmann's garage yesterday.

## STEWART IS BUSY

Portland Canal Mining Camp Due For Biggest Boom in History, Declares W. Goldbloom

The mining camp of Stewart is due for the biggest boom in its history, declares William Goldbloom, who is back from a business visit of a few days to that town.

"They have got the mines there and they have the backing," says Mr. Goldbloom. "There is not an idle man in the town. Money is free and the people are buying."

As the price of silver advances so will Stewart expand in mining activity, asserts Mr. Goldbloom.

## Gets One Year's Suspended Term, Leaves For East

Having been found guilty the day previous on a charge of obtaining relief fraudulently from the city, Fred Garner was given one year's suspended sentence yesterday afternoon by Judge W. E. Fisher in County Court. Garner made restitution for relief scrip he had received from the city and left on last evening's train for Sarnia, Ont.

**CARRYING CARS ON TRAIN**

The rates for carrying autos on mixed trains between Prince Rupert and interior points and between Terrace and either Hazelton and Prince Rupert are to be reduced next summer to see if such a reduction will result in increased business. That is a very important concession.

We do not think that \$25 each way is low enough yet to induce much travel. The rate should be down to \$15 on a small car from Prince Rupert to Hazelton but we do not suggest that the railway company should bear all that cost. Possibly the provincial government, which is responsible for the highways, might be induced to bonus the business to the extent of ten dollars a car, making it possible for Prince Rupert and other people to use the route. Not many people would be willing to pay \$50 return to take a car to the interior but some would undoubtedly pay \$30.

People in the south should remember that Prince Rupert has been a city for twenty-five years and during most of that time the provincial government did no roadwork whatever which would benefit it. This was largely the fault of the residents who were not a unit in asking for it. Now conditions are changing very rapidly and people today are clamoring for an outlet by highway. While the railway was asking an outrageous price for the service, it was useless to ask the government for any aid but, with the present reduction, the railway route is brought within the bounds of possibility.

**NORTH AND SOUTH ROAD**

Talking of roads, the people of the interior have suffered this year through the road south of Prince George being in very bad condition. Traffic has increased to such an extent that the road has been unable to stand it and reports of the condition of that part of the highway have kept visitors from outside points from visiting the Bulkley and Nechako Valleys. The Daily News has many times been asked to give publicity to the protest of the people who make a livelihood partly from visitors who come into the country in the summer.

**ADVANTAGE OF EMPIRE**

One of the advantages of Canada being a part of the British Empire is seen in the increase of trade with Empire points. In the last year there was a gain of over eleven million dollars of export business with Empire countries and a decline of half a million with other countries. Eight million of the increase was with United Kingdom but Ireland showed a decrease owing largely to the attitude of the president in regard to British privileges. Most of the decline in foreign trade was with United States.

The largest foreign export was with Japan which showed an increase of three-quarters of a million.

Because it doesn't pay to advertise poor products,  
 It does pay to buy those advertised.

American Big Game Hunters Coming Here in Plane—Newington Getting Annual Overhaul—Big Oil Tanker in Port.

A big game hunting party headed by Dr. George Waterworth of New York and Dr. Elias Parker of Philadelphia is expected to call here towards the end of this week enroute from Seattle to Kodiak Island in quest of the famous bear of that island. The party is coming north on a large tri-motored airplane. Original plans were for Dr. Zarelli of this city to join the party at Vancouver for the trip north while Harry Scott would go aboard here.

C. N. R. steamer Prince George, Capt. H. E. Nidden, arrived in port at one yesterday afternoon from Vancouver, Powell River and Ocean Falls and sailed at 10 o'clock last night for Anyox, whence she will return here this evening at 6:30 southbound.

Harry Scott's well known power boat Lella is now practically a new vessel as a result of an extensive overhaul and rebuilding job which is nearing completion at the McLean yard at Seal Cove and the owner is justly proud of her. Re-launching of the vessel took place Tuesday afternoon.

Mr. and Mrs. N. Mussallem and family were host to a number of friends on Sunday at a jolly fall picnic which marked the opening of their new suburban home on the Skeena River Highway beyond the Galloway Rapids Bridge. There was a softball game for the young folk and other forms of entertainment. The name of the new resort, it is understood, may be "Always Inn" in contrast to "Seldom Inn," the cognomen of the family rendezvous at the Salt Lake.

Lighthouse tender Newington entered the local dry dock this week for annual overhaul and inspection and was taken onto the pontoons yesterday. The vessel will be in the yard for some three weeks, it is expected. The annual inspection is now being made by Albert Farrow, steamboat inspector.

Imperial Oil Co.'s large tanker Albertolite arrived in port at 2:30 this morning from loco with a full cargo of fuel oil for the company's local tanks and, after discharging, will sail about 10 o'clock tonight for San Pedro, Cal. The Albertolite is now in command of Capt. A. A. Mosher who has transferred ships with Capt. T. J. Mountain who has gone to the Reginalite. Capt. Larry Thompson, formerly of this city, is aboard the Albertolite as pilot on the present voyage north.

After having delivered his last catch to Vancouver, Capt. Jud Thurber arrived in port Tuesday of this week from the south with his halibut boat Vera Beatrice to outfit for his next and final trip of the season to the banks of Area No. 3 on which he planned to leave today. He has contracted to deliver this catch to Vancouver after which he will return here with the Vera Beatrice to stow his gear and let the crew ashore at their homes in Prince Rupert, then returning himself to Vancouver for the winter.

C. N. R. steamer Prince Charles, Capt. Edward Mabbs, is expected in port late tonight or early tomorrow morning from Vancouver via the Queen Charlotte Islands, having arrived in Massett Inlet at 6 o'clock this morning from Skidegate Inlet. The Prince Charles is to be withdrawn from service following her arrival here and laid up at the local dry dock, the Prince John, which has been undergoing overhaul here, taking over the Queen Charlotte Islands service by sailing from here at 10 o'clock Saturday night.

Flying from Seattle to Juneau with two passengers, Pilot Verne C. Gorst, head of the Gorst Air Transport Co., arrived here at 12 noon today from Alert Bay and, after refuelling, hopped off an hour later in continuation of the trip to the Alaska Capital. The machine was a Boeing flying boat.

Capt. Dave Ritchie arrived in port this morning with the Unome, bringing in 500 pounds of flatfish which was sold to the Bacon Fisheries.

**The Dream That Built A Mighty Industry**

How One Man's Vision Gave The World Its Greatest Breakfast Cereal

Twenty-eight years ago, W. K. Kellogg, whose name is now a household word, originated Corn Flakes—the greatest discovery in manufactured breakfast foods the world has ever known. Today, more than twelve million people have breakfasted on Kellogg's Corn Flakes. Thus one man's dream became a reality and Kellogg's Corn Flakes are enjoyed in practically every civilized country by people of almost every race and tongue.

What is the secret of this world-wide popularity? It is because the Kellogg institution has always adhered to the ideals of its founder. Not only has it aimed to give the public the finest food product that human intelligence, research, and up-to-date equipment can possibly extract from the choicest grain, but to insist on business methods based on honesty and sincerity. Quality has always been the first essential.

Kellogg's Corn Flakes have continued to lead the world and to think of Corn Flakes is to think of Kellogg's. So fine is their quality, so indescribably delicious their crisp, tasty flavour, that demand is ever increasing. Today it takes the product of 675 acres of corn to supply the daily needs of the world-wide Kellogg family.

The splendid Kellogg plant in London, Ontario, is one of three large, modern Kellogg factories. There happy Canadian people work under pleasant and hygienic surroundings and under ideal conditions to supply these tasty, healthful Corn Flakes to Canada, other parts of the Empire and European countries.

## Urged to Invest In Human Life And Happiness

A strong appeal to the Rotary Club to invest in human life and happiness was made today by Major W. H. Watts, representing the blind people of Canada through the Canadian Institute for the Blind. The Major told of his appeal to the different sections of the people of Prince Rupert, particularly to the young folks, whom he urged to give only money they earned themselves. He told of the wonderful work being done on behalf of blind, many of whom had been restored to sight. He pictured what blindness meant and the disabilities under which the afflicted labored, particularly mentioning the long nights and blessings of the Braille system of reading. C. V. Eytch, who presided, thanked the speaker and assured him that all had been impressed by his address.

## NO "NEW DEAL" NEEDED FOR COUGHS OR COLDS with Buckley's Mixture around

BUCKLEY'S MIXTURE is still supreme when it comes to dealing a knockout blow to coughs, colds, flu or bronchitis. Every day brings unsolicited testimonials that no other remedy is so safe, so dependable, so lightning fast in action. Coughs and colds relieved with one dose—banned with two—bronchitis of many years standing miraculously relieved with one bottle, is the story they tell. If you have tried other remedies in vain, why not make sure of relief by taking BUCKLEY'S. It acts like a flash—A single sip proves it. Play safe—refuse substitutes—Buckley's is sold everywhere.

It seems difficult, sometimes, to stay on the Gold Standard, but the "rolled" standard — ah! that's something else again. Once a man has "rolled his own" with Ogden's Fine Cut he's on this "Rolled" standard of smoking enjoyment for life.

Ogden's is might easy to roll and it does give a smoother, cooler and more fragrant smoke... To try Ogden's is to like Ogden's — particularly if you use "Chanticleer" or "Vogue" Cigarette Papers. Ogden's Fine Cut and either of these makes of cigarette papers assure you a standard of satisfaction that's well worth staying on.

# NEWSPAPERS CARRY THE FIRST WORD OF IT TO THE CONSUMER

## A Parade of Ceaseless Work

... a sign of triumphant industry marching ahead; truly a thought to make us ponder, but our constantly fulfilled expectations have helped us grow callous to that upon which our daily bread depends! There is life behind it—the unending struggle for existence. An epic in which the whole range of human effort is loosed every day. Allied with it, we have the record of perseverance, high ideals, and a system of co-ordination which have taken generations of progress to perfect.

We have FIRST—the group who force the earth itself to give up its goods. SECONDLY—those who take this material and make, mould or pack it into the form which civilization demands. THIRDLY—the men who transport this merchandise to the widely-located distributing points...

AND FINALLY, the one basic medium which carries the news of all these many necessities into the home of the consumer—THE DAILY NEWSPAPER

## M'BRIDE IS UP TO DATE

Railway Town Has All Modern Conveniences Except Street Lighting

(By H. F. Pullen)  
McBride is a divisional point on the Canadian National Railway about half way between Prince George and Jasper but the residents pin their faith chiefly on the agricultural possibilities of the fertile valley of which it is the centre. Being near the national parks there is an overflow of the protected game bred in the parks and as a result it should be a good big game hunting centre.

The place was incorporated as a village in 1932 and the residents say they have had more work done on the streets since that time than they had done in all time previously. Most of the streets are gravelled but roads leading out east and west are still dirt roads, almost impassable in bad weather.

The village is administered by a board of commissioners consisting of Samuel Birkenhead (chairman), H. E. Edgar and Charles McNab with Geo. Gettle, village clerk. There is also a board of trade presided over by W. A. E. Wall and with G. T. Holdway, secretary and W. J. Payne, treasurer. There is no debt, and the commissioners have something like \$1500 in the bank at the time of writing.

#### Local Utilities

The village owns its own water system and the electric light is supplied by a local company in co-operation with the railway company. All that is needed is street lights to bring it right up to date.

McBride is well served by a two-roomed public school and by three churches—Anglican in charge of Rev. E. Reader, United, Rev. W. M. Cameron, and Catholic, visited by Rev. Father P. J. McGrath O. M. I. On October 28 the newly consecrated Bishop of Cariboo is to visit the Anglican Church and administer the rite of confirmation.

Two miles east of town is a Dominion Government Illustration station conducted by J. T. Oakley. He has a fine farm and has done good work in testing the various kinds of grain and produce and deciding which are best for use in the district. He is very enthusiastic over the possibilities of farming in the valley.

## SHIPPING MUCH GOLD

Mines North of Vanderhoof Sending Out Steady Stream of Precious Metal

VANDERHOOF, Sept. 27:—Gold has been moving out through this point steadily this summer from the Omineca mining country as the result chiefly of the operations of the Germanson Mines Limited and the Consolidated Mining and Smelting Company both of which are conducting operations several hundred miles to the north. Shipments of bullion have also been made from Vital Creek and Tom Creek while Two Brothers, financed by Calgary interests, are installing an outfit and are using three airplanes from Takla Landing carrying in a sawmill plant and other machinery and supplies. In all some 350 men have been employed during the summer on all the mining operations, large and small, in that part of the country.

The Consolidated is developing a lode mine at Aiken Lake and using airplanes for transportation.

R. C. McCorkell came out last week from Germanson Creek. He says his outfit and most of the others are operating night and day. His concern had to put in a flume nine miles long to get water for the hydraulic plant. They are not using airplanes but go in and out by the water route and by the use of tote teams and pack trains. The plant is to continue operations until the freeze-up in November.

The Consolidated invested something like a million dollars in plant and development before they could begin to get any returns.

There are three or four radio broadcasting stations operating in the country, one of which is at Takla Landing.

The country around Vanderhoof is looking well. Crops have been good and the price of grain being better, farmers will be better off this year than for several seasons.
